LEGISLATURE OPENS SESSION

Peery Recommends \$1,000,000 for State Relief.

On Wednesday of this week the General Assembly opened its biennial session. This body is regarded as the oldest legislative authority in America and the present prospect is for a program characteristically conservative.

Ashton Dovell, of Williamsburg, was elected Speaker of the House, without opposition. He has been floor leader for many years.

The Virginia Senate was opened by a prayer by Rabbi Edward N. Calisch, of Richmond. Saxon Holt, of Newport News, was elected president pro tem of the Senate. A. B. Davies, of Clifton Forge, was designated as sergeant at arms. Maitland Bustard, of Danville, was made chairman of the House Caucus and Henry T. Wickham, of Hanover County, chairman of the Senate Caucus. O. V. Hanger, of Amherst, was renominated as Senate clerk and E. Griffith Dodson, of Norfolk, as House clerk. Complete organization of the General Assembly is expected to be completed this week.

The Governor, in his budget message, called for strict adherence to the pay-as-you-go plan, inaugurated by Harry Flood Byrd, and which has kept Virginia on an even keel through the depression. Governor Peery warned the General Assembly against making any appropriations for which no money was in sight.

The prospect of increased state revenue, however, assures larger appropriations and also a general restoration of salaries of state employees which were reduced during the depression.

The Governor proposed a million dollars for direct relief, but advocated no legislation for old age pensions at this session, proposing that a commission be authorized to study and propose suitable legislation at the next session. An appropriation for unemployment insurance was proposed to meet the federal provisions, as otherwise the federal tax would have to be paid without any benefits.

The appropriation of money for direct relief was suggested on the basis of being matched dollar for dollar by the localities and would be allocated according to population.

The request of the State Board of Education for \$4,800,000 for the public school system was not recommended, but an increase was allowed of \$345,735 over the present appropriation.

The Governor endorsed the proposition of distributing highway funds according to construction districts based upon the cost of completing the primary system. The State would continue the present policy of not diverting highway funds. Attention was called to the importance of the highway work in affording relief employment to more than 7000 men.

A feature of the opening session of the legislature was a visit from United States Senator Harry Flood Byrd, who as former Governor of Virginia initiated the budget system under which the State operates so successfully. He was given an ovation by his colleagues in the Senate and House.

CHANGE OF DATE OF CHAMBER OF COMMERCE

A meeting of the Brentsville District of the Manassas - Prince William County Chamber of Commerce will be held in the Nokesville High School building, Monday evening, January 13, at 8 p.m.

V. W. Zirkle, vice-president, stated that this meeting was scheduled for January 14 but due to the fact that Ray E. Hall, secretary, will leave for Fredericksburg on that date, the change was made.

A number of matters of interest to the people of Brentsville district will be discussed and it is hoped that the meeting will be well attended.

MARRIAGE RECORD

Jan. 8: Marquis Boswell, of Quantico, and Margaret Keys, of Dumfries.

CIRCUIT COURT PROCEEDINGS

W. E. Lloyd, of Quantico, was appointed a justice for Dumfries district.

MRS. HUBBARD IS BETTER

Mrs. E. D. Hubbard, who has been quite ill with pneumonia, is slightly improved. Mrs. Hubbard has become quite popular in Manassas during her brief residence with us and much concern has been felt for her condition.

REUNION PARTY IN HONOR OF CLASSMATES

The class of 1926, Manassas High School, were delightfully entertained at a reunion party at the home of Miss Virginia N. Speiden on the evening of Dec. 28.

Although the entire class was not present, there were messages from many of the absent ones and all members were accounted for before the evening was over. The unavoidable absence of Mrs. Audrey Steele Smith was especially regretted since she was to have been one of the hostesses.

Refreshments were served "school-style" in brown paper sacks and the evening spent in reminiscing and renewing old friendships was declared most enjoyable.

WOMAN'S CLUB HOLDS MEETING

Mrs. Fred Hynson Discusses Legislative Program.

The Manassas Woman's Club held its monthly meeting yesterday with Mrs. Paul Cooksey, president of the club, presiding.

Many new laws that will come before the General Assembly at its next session were brought before the club by Mrs. Fred Hynson, legislative chairman, and the club showed a great deal of interest in a discussion of these problems.

The returns of the Christmas Assembly Ball were given by Miss Margaret Lynch. The club feels that the dance was an outstanding success. This is one of the largest enterprises of the Woman's Club and is always a delightful social event.

Following the business session, the meeting was turned over to an art program which was introduced by Mrs. Cooksey who gave a very interesting talk on the six schools of art and also a brief biography and a short description of the work of several of the great artists.

Mrs. C. R. C. Johnson, who has long been associated with librarian work, gave a resume of the steps in literature in 1935 and the books which were the best sellers during that year. She also read excerpts from one of the popular books at this time.

Mrs. Paul Arrington brought before the club how women had come to the front in music and the prominent part they were assuming at this particular time that had never been known before in the history of music. Miss Bozarth, upon the request of Mrs. Arrington, played several beautiful selections.

Delightful refreshments were served by the hostesses, Mesdames Margaret Lewis, C. C. Lynn and C. B. Linton.

LOAN GROUP RE-ELECTS PRESENT OFFICERS

The stockholders of the Federal Savings and Loan Association of Prince William County met Monday, January 6, in the town hall and elected the following directors: C. C. Cloe, G. C. Russell, Mrs. Janie Abel, Col. R. A. Hutchison, W. E. Trusler, A. A. Hooff, O. O. Holler, M. J. Hottle, C. B. Linton, E. R. Conner and W. H. Brown, Jr.

The directors met immediately thereafter and elected the following officers: C. C. Cloe, president; A. A. Hooff and W. E. Trusler, vice-presidents; W. Hill Brown, Jr., secretary and treasurer.

The directors also declared a 4% annual dividend, 2% payable semi-annually on stock owned as of July 1 preceding.

SCHOOL BOARD ACCEPTS NEW HAYMARKET SCHOOL

The County School Board met yesterday with all members present. Very little was done besides a transaction of routine business.

The committee on construction of the Haymarket High School reported tentative acceptance of the building subject to minor corrections. Classes were started in the new school on January 2.

Rosenwald libraries were ordered for the following colored schools which have already disposed their portion of the expenses: Hickory Ridge, Antioch, and Cabin Branch. State aid libraries were ordered for the schools at Dumfries and Occoquan.

Miscellaneous supplies were ordered for the agriculture departments for Nokesville and Manassas.

The Board adjourned to meet on February 5.

Governor Peery has recommended that there be no increase in State taxes.

CRIME EXAGGERATION

A Washington newspaper has just printed a sensational story about a prisoner being saved from lynching at Manassas. The folks who live here did not know anything about such a circumstance and a careful check upon the circumstances which formed the basis of the story reveal no facts that would justify such a statement.

It is unfortunate that so many metropolitan papers will go to such lengths in their pursuit of sensational reading matter, and those who know the actual facts cannot but wonder how much of the remainder of the text of such publications can be relied upon. The sensational press has a heavy responsibility in promoting crime as has just been evidenced in the sad Lindbergh kidnapping case.

The truth is that a man named O. L. Crews, a transient, was arrested by Deputy Sheriff Woodard near Bristow on Tuesday for a serious crime. With his accustomed vigor Sheriff Kerlin had a posse out after the man in a few minutes. The posse missed him but he ran into the arms of Deputy Sheriff Woodard and surrendered without resistance. He was promptly locked up and held for action of the Grand Jury. There was no mob action or cries of "shoot him" and "tar and feather" him, and no threat of lynching as published, and newspapers that besmirch the reputation of outlying communities, which they pretend to serve, deserve no support in their circulation.

STATE REVENUE TO INCREASE

Recovery Expected to Bring Many Millions.

Although no official estimates were available, Virginia greeted the new year with hopes high for a substantial increase in revenues amounting to millions of dollars. Some independent estimates ranged upward to \$10,000,000 per year.

Barring a slump in business, the general fund—money used for general government—was expected to increase from \$3,500,000 to \$4,000,000. A rapid recovery of revenue during the first six months of the current fiscal year cheered state officials.

During the fiscal year which ended June 30, 1935, \$59,495,779.65 went into the state treasury from all sources, including the alcoholic beverage monopoly, and the federal government. Expenditures totaled \$56,956,368.84, leaving a surplus from all funds combined of \$2,539,410.81.

However, the general fund, in which there was a deficit of \$2,272,142.99 at the beginning of the fiscal year, still was short about \$1,726,806.40 on July 1, last, and this will constitute a first lien on the anticipated extra money from general fund sources. The deficit was caused by overestimates during the depression of general fund revenue.

KIWANIS TO STUDY FINANCES

As a reaction to the "New Deal," Dick Haydon made his first official act a consultation with the "public" as they "sat around the fireside." In other words Dick submitted his new "budget" to the club with the suggestion that they tell him how to amend it in any item they disapprove of.

Fred Hynson suggested that the entire official and individual personnel of the group be released to the county for general information and the same will be published as soon as the new "scrutatory" gives it to the Journal.

The return to the old method of club allotment for entertainment features will be in vogue this week and results are expected.

ACCIDENT AT WOODBRIDGE

Mrs. Margaret Hales, of Woodbridge, was struck by an automobile yesterday while walking along the Jefferson Davis Highway near her home. She suffered a fractured leg and possible internal injuries. She was taken to the Alexandria hospital by Charles W. Bowles, of Washington, who stated to authorities that he was the driver of the truck which struck her.

JUDGE WOOLLS RENOMINATED

Judge William P. Woolls, who presides over the Corporation Court in Alexandria, was renominated by the Democratic caucus of the General Assembly yesterday. The action was unanimous and reflects the high esteem in which Judge Woolls is held.

ABC STORE FOR FAIRFAX

T. McCall Frazier, of the Alcoholic Beverage Control Board, this week said the board had decided to open a liquor store in Fairfax, Va., provided that a suitable site could be obtained.

MR. CONNER SPEAKS ON A.A.A. DECISION

"Since the Supreme Court's ruling on the A.A.A. the livestock market has advanced somewhat. There has been a great improvement in the last fifteen months when hogs could be bought for 2 and 3 cents per pound and cattle for three and four cents.

"Could farmers live under these conditions?"

"The A.A.A. or some other great power raised the prices on hogs to 12 and 13 cents and on cattle to 10 or 11 cents. I think it best to strike a happy medium. We can raise cattle and hogs for 6 and 8 cents and make a living profit and consider the consumer also.

"The farmer has been lifted to his feet and I think he can stand alone now without the A.A.A."

NEW COLLEGE AT MANASSAS

Christian Institution Moves Here From Kentucky.

Rev. A. E. Wachtel, who will head the new educational institution which is coming to Manassas, has arrived with the advanced group which is being transferred from Kingswood, Ky., to occupy the Swavely School property.

The new college, with its student body from various points along the Atlantic seaboard, has found its western location not central enough and believes Manassas to be an ideal geographical location.

The new school will be non-sectarian, but religious in character and will emphasize Bible instruction. About a hundred enrollment is the immediate expectation.

The faculty will number about a dozen highly qualified teachers and will include Rev. Gill, of the Swavely School, who has made a great many friends who will be pleased to know that the departure of the Swavely School will not take him from the community.

It is reported that the present student body of Swavely will become identified with a school at Chevy Chase, Md.

AUTO TAGS ARE ORANGE AND BLUE

1936 Licenses Will Go on Sale March 15.

Virginia's 1936 automobile license plates will be orange and blue because Maryland authorities this year chose black and white, the usual Virginia colors, without consulting Virginia officials, John Q. Rhodes, Jr., director of the Division of Motor Vehicles, said this week.

Mr. Rhodes said the misunderstanding was due to the fact that Maryland had a new motor vehicle administration which was not familiar with the custom of consultation between neighboring States to avoid duplications in license plate color schemes.

When Virginia sent out the usual query on license plates last spring, it was discovered that Maryland had switched from white and blue, its usual combination, to white and black. Mr. Rhodes then chose orange and blue for Virginia.

"However, it is not a bad idea to change to a new color scheme occasionally," Mr. Rhodes said. "I think the orange and blue combination will give us a change, and anyway we will get our regular black-and-white colors back in 1937."

Meanwhile, license plate difficulties worried a good many motorists from other States who were caught in Virginia as the year changed.

All motorists from States where the license year ended Tuesday midnight were held up by State police, but those who were delayed by bad weather on their way home were permitted on Wednesday to go on. This week, however, no such leniency was exercised and many out-of-State motorists were stranded here until they could write home for new plates.

The Virginia license year runs from April 1 to March 31. Licenses for 1936 will not go on sale until March 15.

ANNUAL CARD PARTY OF CATHOLIC CLUB

The Catholic Woman's Club of Prince William County will hold its annual card party at the home of Mrs. Mary E. Pope on January 29. Tickets will be placed on sale at a later date.

JUDGE SMITH TO FIGHT FOR STATE

Virginia's Viewpoint Upheld in Boundary Dispute.

Representative Howard W. Smith, fighting for the rights of his native State in the Boundary dispute with the District of Columbia, will introduce legislation in the coming session of Congress to enforce the findings of the Commission which has recently reported favorably to Virginia's interests and which is opposed by the National Capital Planning and Parking Commission.

Judge Smith is author of the legislation which threw this dispute into the hands of an unbiased Commission and now that the commission appointed to investigate the various claims concerning the boundary between Virginia and the District of Columbia has upheld Virginia's viewpoint, he will push a settlement of the controversy.

More than a million dollars worth of property is involved in the matter and the District authorities seek a boundary which will throw their recent improvements made along the Virginia shore above the traditional Virginia boundary into the District of Columbia. Judge Smith has contended that this property is under jurisdiction of Virginia and now that the Commission has upheld his viewpoint, he is said to be determined that his state shall have the property to which it is entitled.

Although Judge Smith plans to introduce his bill a few days after Congress meets, the next development in the boundary battle will not come for a week or 10 days, when the House Judiciary Committee gets the commission report.

The Boundary Commission revealed its findings about a month ago. It adopted as the boundary of the District the west bank of the Potomac River running at the low-water mark from headland to headland, across creeks and other indentations of the waterway.

The National Capital Park and Planning Commission took the position that the decision is detrimental to Virginia as well as to the Federal Government and instructed its chairman, Frederic A. Delano, and its executive officer, Arno B. Cammerer, to oppose the conclusions of the report. They were directed to co-operate with the Department of Justice and the District Commissioners in the fight.

According to Thomas S. Settle, secretary of the planning commission, the Boundary Commission's recommendations would give Virginia "a great deal of land the Supreme Court has awarded the Federal Government." On the basis of the Supreme Court rulings, he said, the Federal Government has expended millions of dollars on the Mount Vernon Memorial Highway and other improvements which would inure to the benefit of Virginia under the Boundary Commission's findings.

FRIGIDAIRE CORPORATION HONORS MR. FRED HYNSON

Mr. Fred Hynson, of Manassas, has been advised from Dayton, Ohio, by the Frigidaire Corporation that his achievement in completing his Frigidaire quota has qualified him as a member of their honorary sales organization known as the B.T.U. Quota Club. The honor qualifies Mr. Hynson as a national leader, not only in Frigidaire salesmanship but in the entire selling profession.

CHANGE IN RE-EMPLOYMENT SET-UP

With the new set-up for the year of the Re-employment Service of this county Mr. Thomas B. Lynch wishes to advise that he will not be stationed in Manassas three days a week as he formerly was, but only on Saturdays and the other five days at Quantico where the bulk of the work is being done.

Anyone wishing to make application for employment can either do so on Saturdays at the re-employment office in Manassas, or see Mr. Lynch in Quantico any other day in the week except Sunday.

MEETING OF GARDEN CLUB

The Manassas Garden Club will be entertained at the home of Mrs. W. Fred Dowell on Tuesday, January 21, at 2:30 p.m. Mrs. E. H. Hibbs and Mrs. Dowell will be the hostesses for the meeting.

The program committee feels very fortunate in having secured as the guest speaker Mrs. John S. Barbour, president of the Fairfax Garden Club, and it is hoped all the members of the club will be present to meet her.

A TRIBUTE

A tribute to the memory of our beloved pastor, Rev. V. H. Council, who died at his home in Clifton, Va., on the morning of Dec. 5, 1935.

At the time of his death he was pastor of Calverton, Antioch, Haymarket and Woodbine churches. During his illness feeling his health would not permit him to continue his duties as pastor he offered his resignation.

So strong were the ties of Christian fellowship and love that his resignation was not accepted. As a preacher he had the spirit of the Apostle Paul preaching only Christ and Him crucified.

Having a passion for the people whom he served and to preach the gospel was his greatest joy.

In the death of this good man the church and community has lost one of its ablest and thoroughly consecrated ministers of the gospel.

As pastor his spirit of gentleness, his words of exhortation and inspiration and his deeds of kindness and helpfulness will ever live and grow in our memory.

Our hearts are lifted in gratitude and we shall ever be grateful for having had such a pastor.

In the ranks of the Christian ministry a valiant and faithful soldier has fallen.

How ripe he was for the great change and how radiantly happy his ransomed soul must be in the presence of Him whom having not seen he had loved and served so long.

Thus closed the life of God's noble servant, the many redeemed souls of those led to Christ through his ministry are an everlasting monument to his service for his Lord and Master.

The scripture used by Bro. Murray Taylor at his funeral seem so very appropriate that we add it here:

"Or ever the silver cord be loosened or the golden bowl be broken or the pitcher be broken at the fountain or the wheel be broken at the cistern;

"Then shall the dust return to the earth as it was, and the spirit shall return unto God who gave it."

In token of our love and friendship, we extend our sympathy to the bereaved ones.

The Haymarket Baptist Church.

WATERFALL

The many friends of Rev. Charles Herndon, pastor of Warrenton Baptist Church, were distressed to learn of his sudden death at his home in Warrenton last week.

While we feel unqualified to give a biography of this great, courageous minister of God's word, we mourn his passing, yet rejoice in the bond of love that existed between him and the people of our church Antioch.

Ninety-eight years have passed since his grandfather, Rev. John C. Herndon, with nineteen members of Long Branch, who had moved to this neighborhood, established Antioch. Rev. Herndon only remained pastor one year, having decided to move west.

The church then called his son, Rev. Thaddeus Herndon. He was our pastor for forty years, until his death in 1878. Charles Herndon was his youngest son, who often visited us on special occasions, always voicing his affection for the church of his fathers.

In June he conducted the funeral service for our Bro. G. W. Shirley, and offered to come back in August for our annual all-day service, to serve for our pastor who was ill; unfortunately this meeting, owing to unavoidable circumstances, was not held.

In 1893 he attended the memorial service to his father when the life size portrait that hangs over the pulpit was unveiled. How well we recall the great crowd, the many Baptist preachers and laymen present, and the beautiful address by this son whose heart was touched by this tribute of love in memory of his father. Truly a great man has left us.

His death has made an irreparable break in the ranks of Southern Baptists.

News has been received from Panama announcing the safe arrival there on Christmas day of Mr. Herman Shirley and his sister, Margaret, who proved such an excellent sailor. She enjoyed every minute of the long voyage and was ready to enjoy the sumptuous Christmas dinner awaiting them. She also tells us that Mr. C. E. Jordan, whose recent illness has so distressed us, was at the pier to greet them, with the rest of the family.

greet them, with the rest of the family.

Mr. and Mrs. Henry Thomas and family of Fort Myer Heights spent the past week-end at Oak Shade, and report finding everything as it should be, of course, excepting the flowers.

We hope everybody heard the President's speech last week. As for us, our blood pressure went up several points, after listening in on ex-President Hoover last month. We feel much improved since Friday night.

MANASSAS AND FREDERICKSBURG SPLIT DOUBLEHEADER

On Tuesday, January 8, Manassas and Fredericksburg split a basketball doubleheader. In the first game, the Fredericksburg girls romped to a 45-8 victory. In the second game the Manassas boys came from behind to win, 31-27.

In the first game, Manassas was hopelessly outclassed from the start. The Fredericksburg girls were scoring at will, and at the end of the first quarter, had run up a 21-0 score. After the first quarter, Manassas showed more fight and played better. The score at the half was 32-2. After that, Manassas managed to stick fairly close to them. Manassas, despite its defeat, showed a great improvement over its first game. Outstanding were Orrock and Smith, the Fredericksburg forwards, and Althea Hooff, the Manassas side center.

The boys' game was a different story. Fredericksburg found the Manassas defense weak in the first half the half. Manassas came back fight-and pulled away to a 17 to 8 lead at the end of the second half. Changing their style of play, they stole the tip-off, played their men to a standstill defensively and closed up the gap in the score. Coming within one point of a tie at the end of the third quarter, Manassas crept ahead in the 4th quarter and held their lead to emerge the victors, 31 to 27.

The team showed a world of fight, pep and ability. By their victory over Fredericksburg they have thrown their hat in the basketball ring of the Virginia Literary and Athletic League. Their chances in the county championship look very good too.

Hoskins scoring 12 points in the first half stood out for Fredericksburg although he failed to score in the second half. Compton led Manassas with 11 points.

AN AUTHORITY EXPLAINS WHY MONKEYS SCRATCH

Wallace Beery is a never-failing source of circus lore.

His amazingly intimate knowledge of animals and circus technique, acquired when he traveled as a boy with the Forepaugh-Sells and Ringling Bros. circuses, was demonstrated many times during the filming of "O'Shaughnessy's Boy," which co-stars him with Jackie Cooper and is coming to the Dixie Theatre in Manassas next Monday.

On numerous occasions Director Richard Boleslawski took Beery as the final authority on questions of proper procedure, which arose in filming the picture against a background of circus life.

An amusing incident occurred on the set, indicating Wally's abundant fund of information.

A remark was passed within his hearing to the effect that monkeys are "flea-bitten, dirty animals."

"That's not so," declared Beery, quick to defend his animal friends.

"It's just the monkey's hard luck that he can't read advertisements."

"Can't read advertisements?" questioned the castigator of the monkey family.

"Exactly," grinned Wally. "Monkeys are among the cleanest of animals. They are never bothered with fleas. Dandruff is their problem—it's

the scourge of monkeydom. That's why you see monkeys forever trying to rid themselves of the pest—dandruff, not fleas."

SILVER TEA

The Ladies Aid Society of the Methodist Church at Nokesville will have a "Silver Tea" at the Parsonage on Wednesday night, January 15, at 8 o'clock p.m.

All who attend is asked to give a silver offering. Refreshments will be served free to everyone who attends. Everyone is invited, so come, bring your offering and your friends.

YOUR MONEY BACK

Fire, flood, insects and rodents may seemingly attack and destroy your paper money, but so long as any charred or tattered fragments of it remain the chances are that the Treasury Department will pay off, dollar for dollar.

Its Redemption Division is one of the most interesting agencies of the Government, engaged in one of the most human types of seemingly detached official activity. Its operations are informatively and entertainingly described in an appealing article in the feature section of The Star, Sunday, January 12.

STATE LIQUOR LAW APPROVED

Recommendations that Virginia's Alcoholic Beverage Control Act be continued in virtually the same form as passed by the 1934 General Assembly, except for minor amendments strengthening enforcement provisions, were made to Governor Peery by his advisory council in a report made public this week.

The council rejected a proposal by a subcommittee that the method of distributing State liquor profits be altered to exclude dry territory from the division.

Another proposal that found favor during the subcommittee's early considerations—the banning of wine-beer sales on Sundays—was not mentioned in the council's report. It was understood the subcommittee failed to suggest this change to the council. The report was signed by all members of the council, but Ashton Dovell of Williamsburg, floor leader of the House last session, added an objection to a recommendation that the ABC Board be authorized to make rules and regulations having the force of law.

"I did not concur in the provision of this report, which gives to the board the right to promulgate rules and regulations to have the force and effect of law, and requiring the courts to take judicial notice thereof," he wrote. "I am opposed to this method of legislation on principle."

Others signing the full report were Senator John S. Battle of Charlottesville, chairman; Senator H. B. Apperson of Roanoke, Senator George W. Layman of Newcastle, Tax Commissioner C. H. Morrisett and G. A. Massenbush, member of the House from Hampton.

Another development related to the ABC law this week was appearance of a Virginia Anti-Saloon League pamphlet in which the Rev. Ed. J. Richardson, league superintendent, advocated the prohibition of liquor advertising in the State, adoption of a requirement that the ABC Board annually publish figures on the effects of drinking upon the people as a whole and changes in the law which bars local option elections in years when certain local officials are elected.

The question of advertising was also discussed by the Governor's council, which recommended that Congress be memorialized "to regulate the interstate advertising of distilled spirits." The ABC Board has power to regulate liquor advertising in Virginia, the council pointed out, but cannot cope with interstate advertising being circulated in this State.

SPORTS FANS FOLLOW THE AMERICAN BOY

Boys and young men of this county who wish to improve their tennis service, their basket-shooting eyes, their forward passing talent, or their crawl stroke, can enlist the aid of the nation's foremost coaches and players by subscribing to THE AMERICAN BOY magazine and following the sports interviews and fiction stories that appear each month.

"When I was in high school," says a famous decathlon champion, "I read a track article in THE AMERICAN BOY that gave me my first clear-cut idea of the western style of high jumping. At practice I laid the open magazine on the grass and studied it as I worked out. That afternoon I increased the height of my jump three inches."

That was a long time ago, but today thousands of future champions just as eagerly follow THE AMERICAN BOY.

"This year," states Griffith Ogden Ellis, editor, "our staff writers have gone to the two greatest football teams of the country — Minnesota and Pittsburgh — for first-hand tips on strategy, blocking, tackling, passing, and the fine points of play. They have interviewed Jack Medica, the world's fastest swimmer, and his coach, Ray Daughters. Gone to Eastern High School of Washington, D. C., Eastern Interscholastic basketball champions. In the past they have followed the Grapefruit Circuit of the major leagues in Florida, sat on the bench at the Rose Bowl, sought out the famous runners, divers, All-America ends, tackles and backfield men, to bring their story of how to play the game to the young men of America."

"In addition to our fiction, adventure, exploration, hobby counsel, and vocational help, we shall continue to encourage young men to improve their game in every line of sport."

Send your subscription to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. Enclose with your name and address \$1 for a year's subscription, \$2 for three years, and add 50 cents a year if you want the subscription to go to a foreign address. On newsstands, 10c a copy.

"I will pay my subscription," is a good New Year Resolution.

MR. AND MRS. ENNIS ENTERTAIN AT DINNER

Among those present were Mrs. J. T. Steele and son, John, Mrs. L. G. Breeden and family of Morrisville, Va., Mr. and Mrs. G. W. Cornwell of Manassas, Mr. Charles Ennis, Mr. Nathan Ennis, Mr. Pat Ennis of the U. S. N. T. S., Norfolk, Va., Mr. Mike Ennis, Washington, D. C.; Miss Roxie Ennis, Washington, and Mr. Ernest Reed, Jr., Washington.

"RIDING WILD," THRILLING WESTERN, COMING TO DIXIE

Heralded as the finest and the most pretentious film Tim McCoy has ever appeared in, "Riding Wild" opens tomorrow at the Dixie Theatre in Manassas.

This Columbia drama is based on the range wars of the old West, when wealthy ranchers and the poorer ones—nesters, they were called—contested fiercely for property and grazing rights and fought bitter battles that often saw men dying with the bullets of rivals lodged in their bodies.

Ethics were not always closely adhered to; plenty of ambushing and

assassination went on, despite the feeble attempts of law and order to keep homicide on a sporting basis.

McCoy is in the thick of the trouble, as he is in every one of his thrilling pictures. But "Riding Wild," having an unusually fresh plot, gives the cowboy star a greater opportunity to display his prowess.

He is one screen cowpuncher who knows just what he is doing and why he's doing it. Ever since the end of his school days he has lived on the range. For years he supervised the Indian reservations of Wyoming. Thus he is no stranger to the ways of the wild West.

With McCoy in "Riding Wild" is the lovely Billie Seward, who has graced so many other productions with the western star. She has been

in pictures just a short while, but she has already garnered for herself a large following.

Also in the cast are Niles Welch, Richard Alexander, Edward LeSaint, and others. David Selman directed from the story and screen play by Ford Beebe.

There's No Guesswork About It —

"MILLIONS OF PROPERTY OWNERS SAVE MONEY
THAT WAY"

The property owner is no forgotten man. In fact, he is so well remembered that an increasing part of the tax load has been put on him in recent years.

With taxes up, and income down, every sane and sensible way of reducing costs is a matter of real interest to property owners.

Over six million owners of property are finding the saving offered by Mutual Insurance one way of reducing cost. Mutual policyholders year after year have saved a substantial part of their premiums, with a satisfaction that always goes with reducing a non-productive cost.

Time has tested the Mutual plan of fire insurance longer than any other type of insurance; in fact, since the days of Benjamin Franklin, the father of Mutual Insurance in America, no other type of insurance has proved so satisfactory to the policyholder.

The Mutual Fire Insurance Company of Loudoun County has operated in the state of Virginia since 1849, and feels that it is better qualified today to pay its losses promptly than ever before in its whole history, having emerged from every depression in the last 87 years stronger and with a greater satisfaction of having served its policyholders in the times of greater need.

Our agents know the proper amount of insurance you should carry and are qualified to give you a policy that will protect, in the MUTUAL FIRE INSURANCE COMPANY OF LOUDOUN COUNTY, whose home office is in Waterford, Va.

Your local agent, D. E. Earhart, Nokesville, Va., will be glad to outline this great plan to you.

BIBLE THOUGHT AND PRAYER

THE MIGHTY TONGUE: Even so the tongue is a little member, and boasteth great things. Behold, how great a matter a little fire kindleth!—James 3:5.

THE A.A.A. DECISION

On January 6 the Supreme Court by a vote of 6 to 3 declared the Agricultural Adjustment Act unconstitutional and completely shattered the Roosevelt Farm Recovery Program.

Republican politicians are already making great capital out of this circumstance and predict that when the Supreme Court gets through with the New Deal the Democratic Party will be crippled beyond repair.

Southern Democrats are not so likely to fall into such a trap as their Northern brethren. If the Supreme Court finds any measure of their Party unconstitutional they want no more of it, regardless of temporary benefits. The followers of Robert Edward Lee and Stonewall Jackson bled and died to forever establish Constitutional protection of State Rights and Sanctity of the Contract. Certainly their sons and grandsons are not going to be greatly outdone if their Party receives admonition from their highest tribunal that a measure of a temporary nature is not to be continued.

There is a growing feeling, moreover, that the A. A. A. and some other recovery measures have now filled their mission and ought to give way to activities which dovetail more perfectly into the American system of Democratic Government.

It may be recalled that the father of the Republican Party, Abraham Lincoln, reviled the Constitution and, figuratively speaking, shredded the mighty document of American independence. When the South asked for Constitutional rights he answered with the roar of cannon.

Senator Byrd warned the President that certain of his projects were unconstitutional and the Senator voted against them for that reason. We felt that the Senator was right and at the time defended his action.

The South always has and, we believe, always will stand by the Constitution of the United States. We sincerely hope that our honored President, who has done so much to restore the business confidence which twelve years of Republicanism had about smashed, will disband his army of socialistic college professors with wild foreign names and faces and call on all

practical hundred per cent, old school Democrats to rally to his aid.

THE GOVERNOR'S MESSAGE

The Governor's message delivered yesterday at high noon to the members of the General Assembly contained little information of a startling nature. It was arranged in a scholarly fashion and given in a quiet manner quite characteristic of the tall Southwesterner.

There are some things to note, however.

First, in regard to distribution of funds derived from benefits of the sale of alcoholic beverages. Nothing was said or implied to indicate any revision of the present set-up. In other words those counties hoping to get more benefit will not receive this unless the Legislature puts up an unexpected struggle.

Second, Social Security Legislation was passed over without a word as to old age pensions—BUT a fund of \$1,330,000 was asked for out of current funds for emergency relief, the same to be augmented by Federal grants.

The second item was a controlled restoration of the salary pay-cut of 1932-1933. Part of this will be discretionary with the Governor.

The message as a whole carried a tone of dominant confidence in the financial status of Virginia. Its finances were shown to be in sound condition and nothing in the budget seemed calculated to upset this very satisfactory state of affairs.

GEN. ROBERT E. LEE

January 19th marks the anniversary of the birth of that great American, General Robert Edward Lee. He was born in Virginia, lived most of his life in Virginia, and died in Virginia. He sleeps in her hills as do Washington, Jefferson, Madison, Monroe and the great majority of those distinguished sons that "the Old Dominion" gave to the nation.

The dusts of fleeting years have gathered in the chambers of memory. The bitterness, the hatred, the strife that marked the Civil War is forgotten. The wise years have decided, and Robert E. Lee stands as one of America's greatest, if not the very greatest, of her generals and one of God's noblemen. No longer do thinking Americans regard the North as wholly right and the South wholly wrong.

Washington and his little army of ragged and half-starved followers waged a war against the armies of the mother country and her hirelings and achieved victory. Thus they became heroes and patriots. Lee and his gallant followers waged a war against the forces of the Union and lost and thus became rebels and traitors. One fought for liberty and the independence of the colonies, the other for liberty and the independence of his beloved Southland. Washington and his followers, after victory had been achieved, had the tremendous struggle of binding the weak and scattered colonies into a nation. Lee and his followers had a much greater task. They had fought and had been defeated by the overwhelming number of their countrymen of the North and they had then to fight the carpetbaggers, the despoilers of their homes and the real ravishers of the Southland. We cannot but admire the courage, the fortitude and the high ideals with which those gallant men in

Grey met this attack and re-built their ruined civilization. All honor to the heroes of the "lost cause." All honor to their great leader who in both war and peace was one of America's greatest!—Boston Transcript.

The first vestry of this church met
November 7, 1732, with the following
vestrymen present: Charles Broad-
water, Richard Osborn, John Lewis,
Gabriel Adams, Edward Emms, Den-
is McCarty, John Heryford, and Ed-
ward Barry.

At the next meeting of the vestry
on March 26, 1733, the following
members were added to the vestry:
John Sturman, Giles Tillett, Francis
Aubry and William Godfrey, filling
the vestry its capacity of twelve
members, which number it has retained
to date. George Washington be-
came a vestryman of this church Oc-
tober 25, 1762, and was retained on
the vestry until February 23, 1784,
when he submitted his resignation in
a letter to Daniel McCarty, Gent.

The present vestry deems it a
great honour to be selected by their
co-church workers to oversee the
business of the church for the year,
1936, and our greatest hope is that
we will work as faithfully and as
diligently as did the members of
early vestries of the church.

CATHARPIN

Miss M. Elma Latham of Charlotte, N. C., who has been sojourning among friends in the Catharpin and Hickory Grove neighborhoods during the holiday season, returned to her duties in that city on Sunday.

Mr. E. S. Clary of Lawrenceville, Va., spent the week-end in Catharpin with Mr. and Mrs. J. W. Alvey, returning home Monday accompanied by his wife who had preceded him for a two weeks' visit with her sister, Mrs. Alvey.

Miss Ann Robertson of Lawn Vale, accompanied by her friend, Miss Anne Piercy of Gainesville, were Delaplane visitors during the holidays.

Mr. and Mrs. W. S. Brower and children motored to Purcellville one day last week for a short visit with Mr. and Mrs. Chas. F. Brower, Jr., of that city. Dr. and Mrs. Brower, who had been visiting among their "Laws and In-laws" in Clarendon, Washington and Purcellville, returned home with them.

The holiday season being over, Miss Marguerite Latham of Snow Hill returned to her studies at Mary Baldwin, Staunton; Miss Frances Robertson of Lawn Vale, and Miss Virginia Piercy of Gainesville returned to State Teachers College, Harrisonburg, and Miss Mary Currell Pattie of Catharpin is back at Strayer in Washington, all having spent a delightful season at home resting up for plenty of good work to come.

Mrs. C. F. Caton of Pageland Lane has taken rooms in Haymarket for the rest of the winter in order to place her daughter, Mildred, in school thus saving long morning and evening trips during bad weather and muddy roads.

All Christmases are delightful, of course, but the one just gliding into its place in history seems, by common consent, to be one of the best. All think they were unusually favored this year in both number and character of the gifts bestowed upon them, so the New Year certainly starts off with a happy clientele of satisfied citizens, full of good resolutions, good promises and good intentions. If they all could be kept as easily as they were promised, this old world would certainly be a grand abiding place. Come to think of it, however, even with some broken resolutions, it is a pretty good place after all. It all depends upon the individual. If the individual errs, he is bound to pay the penalty; but his is the opportunity of going straight. If he succeeds in this, he will find but few penalties to pay and the world will look very bright and happy. Its the penalties we have to pay that leads to gloomy thoughts and forebodings and an unrighteous condemnation of a world that had nothing to do with it. If we could but realize that, primarily, we are the "architects of our own fortune" it would enable us the more to realize that we, ourselves, and not some one else, are responsible in great measure for the proceeds of life, whether they shall

consist of joy, happiness, comfort and blessings or unhappiness, shame, sorrows and a wasted life. Christmas is a splendid time to check up on ourselves by taking stock and finding out the net results of our past year's lives so that, like the careful merchant, we may know wherein we were weak so that mistakes may be corrected and the New Year made a blessing.

UNRULY BOVINE

CHASES POWELL

William Powell had an impetuous urge to go rural, but reverted to ultra-cosmopolite, all within the space of half an hour.

An unappreciative and unfriendly cow was the cause of it.

Powell was on a country location for Metro-Goldwyn-Mayer's spy drama, "Rendezvous," opening next Wednesday at the Dixie Theatre in Manassas. In a neighboring field he saw a grazing cow. Rosalind Russell and Director William K. Howard voiced a desire for fresh milk for their lunch.

Powell volunteered to obtain it from the cow.

He climbed the fence, armed with a milk bottle, and approached the grazing bovine. He succeeded in reaching the proper milking posture when the cow turned on him.

Powell was pushed off his feet. Regaining them, he found himself sprinting across the field, pursued by the cow, but in the opposite direction from the company.

The infuriated animal took its

stand between Powell and the camera and it took three electricians and two property men to drive off the beast so Powell could resume his cinematic duties.

Produced by Lawrence Weingarten, the "Rendezvous" cast also included Binnie Barnes, Cesar Romero, Lionel Atwill and Samuel S. Hinds.

OCCOQUAN

Miss Mary Joyce and Mr. Thomas Joyce entertained many friends at a delightful dinner and dance at their home in Occoquan New Year's Eve.

Mr. Sidney Wiley is spending the winter in Florida.

Miss Frances Brunt spent part of the holidays in Cleveland, Ohio, visiting friends.

Mr. Warthen Hall has returned from a trip to Canada.

Mr. Thomas Joyce has returned to Citadel College, S. C., after spending the holidays at home.

Miss Evelyn Herring, daughter of Hon. Geo. W. Herring of Woodbridge, has returned to State Teachers College, Fredericksburg, after spending the holidays with her parents and friends.

The Solace of Music

Mindful of the value of appropriate music as a means of lending solace and dignity to the last rites, we have made every provision for this impressive feature of our service. Requests for favorite hymns and suggestions from relatives and friends are welcomed and carried out implicitly. We always make a special effort to assure that the musical part of each funeral service we direct is as beautiful and fitting as possible.

Beware The Cough
From a common cold
That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

tated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

No Need for Old Eyes to Suffer While Youth Is Served

A single lamp placed at the end of a divan represents improper lighting as well as unbalanced furniture arrangement. Note how well both parties are served when the right lamps are placed on end tables at each side.

By Jean Prentice

"YOUTH will be served," says a well-known adage. But most fair-minded people will agree that old eyes need not be sacrificed in the process. For with a little common sense in the arrangement of lamps and furniture, proper provision may be made for old eyes as well as young.

Watch Eye-Comfort Zones

In the upper left illustration, the tell-tale line of light shows the end of the eye-comfort zone as clearly as a river bank shows where the water ends. It reveals that while little Betty has ample illumination, poor old "Granny" has very little; not nearly enough for eyes that have become dulled by age and abuse. Of course,

Granny knows that she isn't getting enough light, but then, age is tolerant of youth's demands, isn't it?

Too often we go on the basis that just enough light to see by is enough for our needs. That is one reason why eye defects are so prevalent today. We sometimes overlook the fact that our eyes, in order to see clearly, need an abundance of glareless light; far more than we usually give them.

Two Lamps Give Balanced Arrangement

It is unreasonable to expect one lone lamp to provide enough light for two people seated on a divan, unless that piece of furniture is placed away from the wall—alongside a fireplace, for example—in which case it should be placed at the rear center. Any other position, besides being wrong

from a lighting standpoint, makes for unbalanced arrangement.

Light Shades Help

A really "sensible" way to light a divan situated against a wall is shown in the upper right illustration. Here we have two end tables with lamps of proper height, each equipped with two 60-watt bulbs. (Smaller bulbs cannot be expected to give the required amount of light.) These lamps are not of the "dinky" decorative type, but really do a good job of providing illumination. Note, too, that the shades are quite light in color, permitting the light to come through, and are open at the top, letting some of the light escape to the ceiling, where it helps to illuminate the entire room, and provides a soft, "smooth-ing" effect, appreciated by all.

THE WRY MOUTH

Renard, a physician of Parish, piqued himself on his extraordinary sharp-sightedness. One day on calling to visit a patient he found an old abbe playing a sober game at piquet with him. "What are you doing here, monsieur L'Abbe?" exclaimed Renard: "go home and get bed immediately. You have not a moment to lose." The abbe was so terrified by this address, that he was unable to stir; he was therefore conveyed home and put to bed. Renard followed him, directed that he should be bled three or four times; he then prescribed an emetic, and every time he called, he found the abbe worse and worse. On the third day, the patient's brother was dying. Renard was in his chamber when he entered. "For God's sake," said he, "What's the matter with my brother?" "He had a violent attack of apoplexy, without being aware of it," replied Renard. "Fortunately I met with him at a patient's where I called, and discovered it by his mouth, which was drawn awry." "Good heavens!" rejoined the brother of the supposed dying abbe, "my brother has had a wry mouth these sixty years. Why was I not told so before!" exclaimed Renard. "It would have saved me much trouble and him much unnecessary expense. 'Tis no fault of mine."

THE FOUNT

The following lines by Bernard Barton, on the death of a youth of great promise, will remind the admirers of Cowper of some of that author's smaller pieces:

We had hopes, it was pleasure to nourish,
(Then how shall our sorrows be mute?)
That those bright buds of genius would flourish,
And burst into blossoms and fruit.

But our hopes and our prospects hath shaded:
For the plant that inspir'd them are shed,
Its foliage all green and unfaded,
Ere the beauty of summertime hath fled.

Like dew drops exhal'd as they glisten;
Like perfume, which dies soon as shed;
Like melody, bush'd while we listen—
Is memory's dream of the dead.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tabs at the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal eliminators, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. Thus Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical: only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

LOCAL CO-OP MAKES SPLENDID RECORD

Recognized Nationally as a Model Farm Loan Association.

January 2, 1936

The Fairfax Virginia National Farm Loan Association stockholders hereby call a meeting at regular time and place, Fairfax C. H., Tuesday, Jan. 14, 1936, to elect Directors and transact other business.

Whereas, the Baltimore Land Bank in seeking to take away the rest of our rights, namely, to call meetings, levy assessments, retain our 1/4th of 1%, our capital stock, and the advance payments—made thereon for twenty years—has riled us so that organized opposition develops in Iowa, Nebraska, Missouri, Texas, Tennessee, Pennsylvania and Ohio.

This Land Bank owns no stock, hence has no inherent rights in the system, yet has taken \$150,000 (minus six so-called dividends—3 to 5%) from Fairfax County farmer members. Our Association has only spent \$3600.00 (\$200 per year) and has been allowed just \$1,000, (about one tenth of its rightful reserve fund), has never lost a stockholder, bondholder, or Land Bank a single dollar in lending a million (\$1,000,000.00). Our reserves are being wiped out by arbitrary, extortionate and illegal exactions and bad loans barred by statute—Joint Stocks, corporation farms and Puerto Rico—in plain contravention of the Federal Farm Loan Act and Constitution of the United States.

Under the guise of a new set of by-laws the twelve Federal Land Banks expect 5000 National Farm Loan Associations to give them our capital stock (over \$100,000,000), to keep on making them advance payments on this sum for forty years—that is, the 5% they took out of our mortgage money—and to pay all losses on foreclosures of farms, which we refused to authorize, and to assume the double liability on all losses they cause.

Therefore, to offset thousands of millions of dollars loaned to foreigners, to banks, to railroads, corporations, towns and cities, and the bonus and the farmers' due-bill for more than two billion dollars (\$2,000,000,000) against the Wilson-Hoover Food Administration and Price Fixing, we insist:

1st. That extension fund and Commissioner loans to farmers be cancelled;

2nd. That this \$36,000,000 double reserve, undivided surplus and profits now in the hands of the Land Banks be distributed among our stockholders;

3rd. That farm mortgage rates be reduced to three (3%) per cent;

4th. That Land Banks be reorganized—"six directors shall be elected by and be representative of National Farm Loan Associations." (See the Federal Farm Loan Act);

5th. That the present management of the Federal Land Bank of Baltimore be required to render a statement of income and out-go for more than a million dollars wrung out of mortgaged farmers every year, not counting usury paid bondholders. P. S.

These figures are not claimed to be either exact or complete, but will be found true enough to warrant the charges we make. We have been unable to learn the real facts and figures, but we propose to find out.

P. S. Farmer members in other counties are invited.

THE WELL

For thirty years I've had something to tell
About the merits of a good drilled well,

My wells are made good and tight,
Cased with the best of standard pipe,
No surface water can enter there,
That gathers filth from everywhere;
Secure from rats, toads and snakes,
Which often cause pains and aches.
Don't be afraid a few dollars to spend—

The best is the cheapest in the end.
My terms are easy and my prices are low,
So don't hesitate, I can please you, I know.

When once it's done it always will last,
And you will be happier than you were in the past.

Stock well watered will do with less feed.

Let me drill your well and you'll have more 'n you need.

You may say what you will, but this I do think,

Your health will be better if pure water you drink,

So take my advice of a very good plan,

And come and see me as soon as you can.

CHRISTIAN SCIENCE

"God" was the subject of the lesson-sermon in all churches and societies of Christ, Scientist, on Sunday, January 5.

The golden text was "Among the gods there is none like unto thee, O Lord; . . . For thou art great, and doest wondrous things: thou art God alone" (Psalms 86:8-10).

Among the citations which comprised the lesson-sermon was the following from the Bible: "And when he was demanded of the Pharisees, when the kingdom of God should come, he answered them and said, The Kingdom of God cometh not with observation: neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you" (Luke 17:20-21).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus beheld in Science the perfect man, who appeared to him where sinning mortal man appears to mortals. In this perfect man the Saviour saw God's own likeness, and this correct view of man healed the sick. Thus Jesus taught that the kingdom of God is intact, universal, and that man is pure and holy" (p. 476).
