## YOUNG DEMOCRATS AT NOKESVILLE

Judge Duncan Will Address Club on March 11.

Plans are under way for a very interesting meeting of the Young Democratic Club of Prince William County, which will be held at Nokesville on Wednesday, March 11, at 8 o'clock. It was voted at the last meeting that the club would meet regularly the second Wednesday evening of each month. It was also decided to rotate the meetings so that one meeting or more a year would be held in each of the various precincts of the county.

Hon. J. Reece Duncan, judge of the Civil and Police Courts of Alexandria City, and chairman of the Young Democrats Clubs of the 8th district, has accepted an invitation to address the Nokesville meeting. Mr. Duncan has been very active in Democratic club activities, and deserves a great deal of the credit for the selection of Alexandria as the convention city this year.

Arrangements are being made for several other speakers, also an entertainment program and refreshments, details of which will be announced in a later issue of the Journal.

It is hoped that all the Democrats in the county will keep this date in mind, and plan to be present. The club is appreciative of the moral support of the older Democrats, and would like to see more of them attend these meetings.

### MULFORD-COMPTON

A very beautiful wedding was solemnized in the Manassas Methodist Episcopal Church, South, Friday, February 14, at 4:30 P. M., Miss Virginia Compton, the only daughter of Rev. and Mrs. W. M. Compton, and Mr. John Mulford, the only son of Dr. and Mrs. J. Rowland Mulford of Princeton, N. J., were united in marriage.

The officiating clergymen were Rev. W. M. Compton, father of the bride, and Dr. J. R. Mulford, father of the groom.

The church was plainly but beautifully decorated. Ferns and white candles forming back-ground, being banked in appropriate manner with vases of pink snap dragons and white lilies.

The bride's costume was Ivory Satin with Queen Anne collar wearing the conventional bridal veil, carrying calla lilies. She was given in marriage by Mr. A. P. Compton of Fairfax, an older brother. The matron of honor was Mrs. Dr. Wm. F. Nickel, Jr., of New York, wearing green chiffon dress with hat and shoes to match, carrying pink roses. Other attendants were: Mrs. Robert Washburn of New York; Mrs. A. P. Compton of Fairfax, Va.; Miss Eugenia White of Scottsville, Va.; Miss Louise Shattuck of Baltimore; and Miss Alice Early of Lynchburg, Va. The attendants costumes were of a delicate shade of blue chiffon of the same style as the matron of honor carrying pink roses.

Mr. George N. Winlock, Jr., was best man. The ushers were Mr. Wm. Mulford of Philadelphia, Mr. Brantz Mayor of New York, Mr. Wm. Broad and Rev. Henry H. Hadley of Syracuse, N. Y., Mr. John Denny Compton and Mr. Wm. Milton Compton, Jr., of Manassas, Va.

Out of town guests were: Mr. H. S. Drinker, Jr., of the law firm of Drinker, Biddle & Reeth; Mrs. Charles Newhall; Mrs. J. R. Mulford and Mr. Hamilton Cottier of Princeton, N. J.; Miss Margaret Proctor and Mr. Tyler Swetman of Fairfax; Miss Evelyn Hunter, Mr. and Mrs. Gerrard Swope of Washington, D. C.; Miss Devine, Dr. Rachael Winlock, Mr. and Mrs. Joe Winlock and Mr. Wm. Molette of Philadelphia; and Mrs. Caroline Morris of Montrose, Pa., and Mrs. George L. Winlock of Camp Chocanut, Pa.

The bride and groom were the recipients of some two hundred valuable and useful wedding presents among them a beautiful hand-made bed spread by the bride's mother and an antique silver service from relatives of the groom.

After a reception at the home of the bride's parents the happy young couple left for New York where on Saturday at 3 p. m. they sailed on the Monarch for Bermuda where they will spend their honeymoon. The American Consul in Bermuda is a brother to a member of the Law firm with which the groom is associated and word has come that Mr. and Mrs. John Mulford will receive an invitation from the consul to a great State

## HEAVY TRUCKS RESTRICTED

Highway Department Limits Trucks to 5 Tons on Certain Roads.

Throughout Virginia, including Fairfax, Arlington, and Prince William Counties, the State Highway Department has restricted the operation of motor vehicles in excess of five tons weight. The signs restricting traffic will be kept in place during the present period of intermittent and rapid thaws, it is stated, but permits will be granted in special cases to milk trucks. It is stated, however, that milk trucks in excess of 5 tons should not attempt to operate on the protected roads without the required authorization.

The roads subjected to this restriction include Route 237, Clarendon to Falls Church, Route 28, Centreville to Manassas; Route 233, Morrisville to Catlett; Route 55, Gainesville to Paris, the road from Route 1 to Cherry Hill, and the road from Occoquan to Bethel, Route 17, Deep Run to Opal; Route 3, Charlottesville to Culpeper; Route 6, Columbia to Scottsville; Route 15, Brems Bluff to Brandy; Route 4, Boswell Tavern to Gordonsville, and Route 250 Richmond to Shadwell.

### WOMAN'S 8-HOUR BILL PASSES HOUSE

After adopting several liberalizing amendments, the House Friday passed the bill providing an eight hour working day for women and engrossed Speaker Ashton Dovell's bill for a mandatory state-wide probation system with the localities sharing the cost equally with the State.

The Senate worked entirely thru its calendar but passed over two major controversial bills while disposing of a mass of local and minor legislation.

The House passed the Caudill bill imposing a special license for hunting big game. As approved by a 58 to 30 vote, the eight-hour day bill exempts the tobacco handling industry during the tobacco season and permits a ten-hour day for the peanut cleaning industry during twelve weeks in the year. No female employe in the latter industry, however, may work more than 50 hours in any one week.

### WILLARD MEMORIAL DAY

The Woman's Christian Temperance Union will observe "Francis Willard Memorial Day" by holding a public meeting in the lecture room of the Presbyterian Church on Wednesday, Feb. 26, at 3 p.m.

The program will include speakers who will honor the memory of this gifted and consecrated woman.

The offering will be for the Willard memorial fund.

All women of the community are invited to attend.

### MARRIAGE RECORD

February 14: Clarence Potet of Joplin and Hazel Kincheloe of Dumfries.

The bride and groom expect to be at home to their friends in Philadelphia February 28.

This was the first wedding ever to take place in Grace Methodist church of Manassas and the excellent music of the new Pipe Organ with Mrs. Dennis Baker presiding was highly appreciated by every one.

"Ah, Wilderness"

### IMPORTANT MEETING OF AMERICAN LEGION POST

Due to very inclement weather the monthly meeting of the American Legion was postponed from last Thursday, Feb. 13, to Thursday evening, Feb. 20, in the Town Hall.

This is a very important meeting as Mr. Paul Scott Williams, commander of the Post, will deliver an address to the members on how and when they may procure their bonus. It is hoped that application blanks will be available that evening for distribution to the veterans at which time Commander Williams will explain in detail how they are to be filled out.

Every veteran whether a member of the Legion or not is cordially invited to be present at this meeting.

### GEORGE WASHINGTON TEA

The home economics department of Manassas High School will give a George Washington tea in honor of the Bennett and High School Leagues and the faculty of the Bennett school on Thursday, February 20, from 5 to 6 p.m. in the home economics department.

### MAINE GOVERNOR FINDS WEATHER LIKE HOME STATE

Governor Louis J. Brann of Maine, "on his way to Florida to escape some of the winter weather" of New England, addressed both Houses of the General Assembly yesterday in separate sessions.

Responding to his introduction by Governor Peery, the Maine chief executive, who reached the Virginia capital over roads bounded by snow and ice, said that although he had started out "to escape the rigors of a New England winter, there seems to be a great similarity during the winter months between the State of Virginia and the State of Maine."

### FINAL ARRANGEMENTS FOR CARD PARTY

Final arrangements have been made for the annual card party which will be given by the Eastern Star on the evening of February 25 in the Masonic Hall.

In addition to the lovely table prizes, there will be several quite attractive door prizes.

Tickets may be secured through the ticket committee which consists of Mesdames J. H. Burke, R. J. Davis, John Broadus, C. Wade Dalton and Frank Browning.

### MISS FLEEMAN TALKS TO T.B. ASSOCIATION

The Prince William County Tuberculosis Association held a meeting on Feb. 13 with nine people present. Miss Sula Fleeman from the Virginia State Tuberculosis Association was present.

Prince William County had a very successful seal sale this year. A full report will be published later of the seal sale.

### PREPARING FOR SPECIAL SERVICE

A joint committee from all of the missionary societies of the local churches is arranging a union service to observe the World Day of Prayer Feb. 28.

### "DE BES' PART OB DE HAWG" (This from "Uncle" George Tyler)

A new minister was being introduced to the congregation. One ancient mother in Israel was very deaf. Said the deacon to her, "Dis am brudder Ham."

"Brudder who?" She kept asking. Finally the deacon shouted "De bes' part de hawg, sister, de bes' part ob de hawg." "Oh," she said beamingly, "how is yuh, brudder Chitlin's?"

## M.F.D.'s Win from Guards in Spirited Encounter

The invincible basketball aggregation of the Manassas Fire Department continued their winning ways by downing the Company F quintet 37-23 in the Hyattsville armory last Sunday afternoon. It was the firemen's sixth straight victory and their second win over the National Guards.

Edging the Marylanders by a single point margin in the first set-to, the fire lads expected much keener competition on the visitors' spacious floor.

Cogar, Company F guard, started the scoring in the initial quarter with a field goal. The locals retaliated with a flurry of markers which netted them twelve points before the Guards were able to find the basket again. At the end of the quarter the hosts had found the basket for six more tallies, making the score 12-8. The second quarter found the two teams battling for the lead. The M. F. D.'s, however, were able to maintain their four-point margin. The half ended 19-15.

During the second half both teams were penalized heavily for rough tactics. There was no stopping the locals whose offensive began clicking. Lynn and Griswold contributed several long field tosses, which allowed the locals to win going away.

Lynn was easily the most outstanding player. Besides being high-point man with five field goals his floor work was responsible in a large measure for his team's success.

The Manassas Fire Department team plays the Warrenton A. C. at the Manassas High School gymnasium tonight at 8 p.m. The locals were victorious by several points in a previous game at Warrenton and the visitors hope to avenge that defeat.

### NOTICE

Due to the weight of our fire apparatus and the condition of all county roads, it will be a matter of impossibility for the Manassas Vol. Fire Dept. to answer any and all calls coming in from outside of the Town of Manassas proper.

All friends and parties interested in an apparatus for county fire fighting, should interview his or her supervisor, asking for the purchase of such equipment, immediately.

## PATRIOTIC HOUR AT KIWANIS CLUB

Members to Bring Young People as Guests.

The Kiwanis Club had a much divided program last Friday evening.

Upon introduction by Worth Peters, Miss Bozarth played two violin solos (Annie Rooney and Susannah) with Miss Waters at the piano. After that Miss Jessie Mae Conner gave two very sweet renditions (songs, My Mother Taught Me and Foolish Questions). Miss Bozarth accompanied her.

A unique reading from Mark Twain followed (even it was a year late). Miss Virginia Hurst, in the part, told of the troubles of a substitute editor of an agricultural magazine. It was highly humorous and presented quite effectively.

Sentiments were expressed at the meeting that the 75th anniversary of the Second Battle of Bull Run be celebrated August, 1937. The matter was referred to a committee.

Next Friday evening, the eve of George Washington's birthday, will be given over to an Americanization program. All club members are urged to bring some youngsters of high school age as the program is chiefly for their benefit.

### HOMEMAKER'S PLAN WORK

The program committee for the County Homemaker's Association met in the Home Demonstration Agent's office Friday, February 14, at 2 o'clock. Those present were: Mrs. C. C. Lynn, president of the County Homemakers Association; Mrs. W. L. Lloyd; Mrs. M. J. Shepherd, Mrs. Benjamin Brown, Mrs. E. H. Hibbs, and Miss Sarah Pitts, county home demonstration agent.

After considering the goals of the State Federation of Home Demonstration Clubs and the County Home Demonstration program it was decided that the year's work be devoted to home grounds improvement and roadside beautification, health, and citizenship.

The April meeting will be devoted to landscape work, the June meeting to health and citizenship, and the August meeting to recreation. The November meeting is to be held in connection with the home demonstration achievement program.

The Conference of Associated Country Women of the World which is to be held in Washington the first week of June was discussed and it was decided that the assistance of the county association be offered. Miss Pitts was asked to write to Miss Grace E. Frysinger who is in charge of that program to that effect.

The nominating committee appointed by Mrs. C. C. Lynn is: Chairman, Mrs. E. W. Thompson, Mrs. Ernest Spitzer, and Mrs. C. B. Roland.

A drive on membership is to be made with the following committee in charge: Manassas, Mrs. E. H. Hibbs and Mrs. W. L. Lloyd; Nokesville, Mrs. M. J. Shepherd; Greenwich, Mrs. John Ellis; Aden, Mrs. Benjamin Brown; Dumfries, Mrs. McGruder Keys; Bethel, Mrs. M. M. deNicola; Haymarket, Mrs. Jack Piercy.

### MAUDE JENKINS

Mrs. Maude Jenkins died in Alexandria Hospital last Sunday morning with pneumonia.

Funeral services were held from All Saints' Catholic Church Tuesday. Interment was in the Manassas cemetery.

Mrs. Jenkins is survived by her two small children who are now living with Mrs. Jenkins' brother, Mr. Robert Keys, in Aberdeen, Md.

Messrs. Edgar and Curtis Parrish are in Richmond tonight attending the Coal Dealers' banquet.

## LATEST LAWS AT RICHMOND

General Assembly Passes Important Legislation.

Some of the last minute news from the Legislature as we go to press seems to indicate that the Dovell Mandatory Probation Bill will be enacted into law.

This act will divide half of the cost of the probation system in the state of about \$175,000 on the localities. This is what caused considerable of the opposition.

Other measures which have passed the House this week have been the bill board advertising which has been liberally amended, the bill prohibiting a candidate from certifying the ballot of an absent voter; and the act sponsored by Delegate Medley of Arlington, permitting county school boards to issue bonds for purchase of school sites, improvements and construction of school buildings.

Bills which have passed both houses are those prohibiting medicine shows; act authorizing board of supervisors to provide funds for handicraft and domestic arts in the public schools and a bill permitting the highway department to acquire points of scenic interest along the Shenandoah Park and convey the same to the Federal Government.

Legislation aimed to strengthen A.B.C. law enforcement has produced sharp word battles in the Senate committees and promises fireworks on the open floors.

One of these is to allow mayors of towns to try liquor cases. Another bill was introduced by Senator Vivian Page of Norfolk to permit the sale of small bottled hard liquor on trains. Thus far the A.B.C. Board has handled all hard liquor sales itself.

It is explained by Senator Robinette of Lee County that whiskey is being handled very loosely by restaurant license holders and Mr. McCall Frazier is said to be in favor of the law if it specifically refers to those holding restaurant licenses. The looseness here is claimed to be that whiskey is kept so close to the actual point of consumption that it may be handled very easily and yet the place where it is actually kept is classed by the license holder as his home.

### BATTLEFIELD AREA LIKE WATERLOO FOR RICHMOND SECTOR

The establishment of an American battlefield area comparable to the Waterloo area in Europe is contemplated in a bill prepared for introduction in the House of Delegates by Delegate Leon M. Bazile, of Hanover, who is a student of military history.

Such a park, he declared, would attract more tourists to the state than any one thing, including Sky-line Drive.

The bill would make it easy for motorists to follow the paths of military units in the War Between the States, as they fought about Richmond.

It provides that all the history battle roads be included in the state's primary system. No appropriations are asked for in the measure, but Mr. Bazile said its sponsors "are hopeful" funds may be found to improve all routes used by General J. E. B. Stuart in his ride around Union troops and the principal routes over which the northern army converged for the fighting around Richmond in 1862 and 1864.

**WATERFALL**

The remains of Mrs. Charles W. Guilford, who died at her home in McLean, Fairfax County, on Tuesday last, were interred in the cemetery at Antioch Friday afternoon beside those of her husband, who passed away some years ago.  
Mrs. Guilford was formerly Miss Elizabeth Dodd of Washington, D.C. She was well known and greatly loved in this community where she has many relatives and friends. Much of her young life was spent at Hagley, the home of her grandfather, James Smith. She made frequent visits to relatives here and many were the pilgrimages to the churchyard where she was laid to rest.  
She is survived by her five children: Arthur Guilford of New York City, Elmer, Carlton, Miss Elizabeth and Mrs. William Dodge, all of McLean; also three grandchildren. We regret the weather was such that day so few could attend the last rites of this dear friend of ours.  
There are many old weather signs that generally hold true, but we never had much faith in Mr. Groundhog. There is seldom any protracted cold after this late in the winter; anyway we know spring is just around the corner, and how we dread those first warm days that fill our very being with that fatigue, known as spring fever. When we have to snap out of it and get busy on the thousand jobs, to be prepared to keep the wolf at a safe distance when the snows come again.  
We regret that so many nice trees were seemingly ruined by the recent sleet, which reminds us of the old saying, "It's an ill wind that blows no good to any one." Look at the nice firewood everywhere just for the picking. From the wreckage of an old apple tree, one of our residents picked a bucket of nice wild honey, and if some one doesn't get busy and pick up the telephone poles and connect us with our neighbors again, we will feel as isolated as the prairie farmers. There is nothing like the old party line, where we can discuss our aches and pains, what we had for dinner, how many eggs today, and everything that helps make up our day.  
Thanks to the radio, we are still in touch with the outside world, and we do get our daily papers. In a review of the news of the week, what impressed us most was Secretary Ickes' speech at Springfield, at the celebration of Lincoln's birthday, in which he stole the Republican thunder, and appropriated Lincoln for the Democrats. Some oratorical genius. We hope everybody read it.  
"Feed the birds." This slogan we hear and read it each day, but where are the birds? True we have snow buntings in plenty, who leave these parts the first warm days. Only a few cardinals and sparrows come to gather the feed we scatter. But the starlings, shall we do anything to keep them alive? To us they have increased in numbers and become so numerous we regard them as pests, while our beautiful Bob White, who have always come to our yard in winter in flocks to feed, even eat with the chickens, for some reason have failed to appear. All winter we have looked for them in vain, and have come to the conclusion that this is due to skunks that have infested this region in great numbers for several years. They search out all nesting places for birds' eggs. Trappers have been busy this season. A neighbor tells us he has taken at least a hundred skunks from his traps. We wish they could all be chased to where they could never return. The harm they do outweighs the good.

**A CROWN UPON VICE**  
(Contributed)

What has become of our honest-to-goodness common sense? This thought comes to me over and over, as I read the published accounts of crime and criminals. The answer seems to come ringing down the ages, that we have departed from the clear-thinking, sober judgment of our sturdy forefathers, and unthinkingly we are placing a crown upon vice. Sometimes ashamed and sometimes sorry it is so, but I cannot in any way shy the fact that criminals are being too much lionized in our country. I am not finding fault with anyone, but let he who reads this, pause and think, not twice but many times. Let a man commit a crime, the blacker the crime, the more interesting, the evil doer to the unthinking masses who search the news columns for the latest, the newspapers play up to the morbid interest of such news-mongers—publish pictures in many poses, until the whole world is familiar with the culprit, they tell of his idiosyncracies—how he talks, walks, how he combs his hair, the kind of cigarettes he likes, etc. etc. Imagine so-called ladies paying 25 cents for a square inch of the Delinger handkerchief found after he was shot. The morbid public reads and ponders—oh how interesting! Column after column is devoted to this new-found object of interest. Professors and psychologists begin to discuss, write and publish psychological laws, causes of crime, gland effects, defects, etc.  
What do honest people care about the glands of a criminal?  
Good American honesty should not listen to theorists, raising a smoke screen to protect criminals.  
Murderers, gunmen and kidnapers are a form of human mad-dog, if a dog is mad, we quickly put him where he will do no more of his kind of harm. We haven't time to consider why he is mad.  
The common sense thing to do is to stop the evil. "The two greatest evils in the execution of our criminal laws are sentimentality and technicality," said ex-President Theodore Roosevelt in his seventh annual message Dec. 3, 1907.  
Oh ye sob sisters and crime-forgiving men! Why will you insist on making heroes of criminals?  
In my heart I pity any who have gone astray.  
Honest Americans are sick of crime in all its horrible forms. Murderers gangsters and kidnapers must of necessity be stopped from preying upon innocent people—men, women, children and babies. Today there is in our midst thieves, not only of worldly goods, but thieves of men and women thieves of life itself, thieves of little children and babies vultures ready to bury their talons deep in the tender hearts of honest humanity, ready to wreck homes and lives. Our clean beautiful country is blotted, stained, blackened by these lawless marauders, these vampires seeking to draw the life blood of the honest American homemakers.  
Have we lost the spirit of our pioneer forefathers, who laid the foundation of this great nation? What did they do, with just a horse thief? Let us get back to the good old American common sense of our forefathers and stop lionizing criminals by so much publicity, so many excuses, so much pardoning of dastardly crime.  
Let the clear light of common sense dispel the black cloud which threatens American homes and happiness; shatter this crown which lately has been placed upon vice.  
Every honest man and woman in America should feel it a sacred duty to throw the weight of his intelligence against this stigma.

## CHEVROLET SALES BREAK RECORD

Figures Released This Week Show New Gains.

Sales by Chevrolet dealers continued throughout January at a rate which broke all January records in the history of the company, besides rounding out the greatest 90 days after announcement that Chevrolet has ever known.

This fact is revealed by figures released by W. E. Holler, vice-president and general sales manager. New records were established both for new cars and trucks and for used cars, Mr. Holler said. An important contributing factor, he added, was the used car disposal program, under which thousands of old cars were destroyed and forever removed from the streets and highways of America. January sales of new cars and trucks totaled 75,412 units, an increase of 103 per cent over January, 1935. New unit sales for the period since the 1936 model announcement totaled 247,666, as compared with 130,867 for the best corresponding period in the past, in 1929-30. This is an increase of 89 per cent.

Used car sales for January were 166,966 units, the second-highest used car month in Chevrolet's entire history. Sales of used cars for the 90-day period since introduction of the 1936 models totaled 400,717 units, 247,003 in 1934-5 being the highest previous total for a corresponding period.

"We regard it as significant that the combined sale of new and used cars by Chevrolet dealers in January totaled 242,378 units and, further, that the combined sale by Chevrolet dealers of new and used cars during the three months' period reached the tremendous total of 648,383 units.

"The fact that record sales in Jan-

uary were not confined to any one section of the country, but on the contrary were general throughout the United States, is a splendid business indication," said Mr. Holler. "It supports our belief that the Spring buying season will be the best the country has seen for a number of years."

Extension of the used car junking program through February was announced last week. This program, in which Chevrolet is recompensing its dealers for scrapping unsafe cars, is meeting with the unanimous approval of safety authorities in all parts of the country.

"Weather report!—Cloudy, rain or snow," announces the old foreteller. How long will this last? Wait and see.

The girls basketball team sincerely regret the inability of one of their best players on the team, Letha Foster, who has the "flu."

The girls team rushed off to Alexandria Feb. 18 to play the George Washington basketball girls. The score was 23-22 in favor of Nokesville.

The girls will go to Fredericksburg Friday evening, Feb. 21, to oppose the girls there.

The boys may go to Warrenton Feb. 21 to play against the boys there.

Every student of the Brentsville District High School offers his deepest sympathy to the victims of winter colds and hope that the weather report will soon read:

"Fair and warmer, today and tomorrow."

## SUNDAY BEER BILL FAILS IN SENATE

By a vote of 13 to 18, the Senate declined to advance to its third reading the Parker bill prohibiting the sale of wine and beer on Sunday.

Failure of proponents to muster enough strength to engross the measure, when several members known to oppose it were absent, convinced observers there is little likelihood the bill would pass the Senate. An identical bill is in the House.

By close votes, an amendment to include 3.2 beer in the proposed Sunday prohibition and another eliminating a section that would apply the prohibition to sales between midnight and 6 a. m. on weekdays were accepted. The first change was accepted 18 to 15 and the latter 20 to 13.

The votes came after opponents' eration until absent senators were tried unsuccessfully to delay consideration at later sessions, but Senator R. R. Parker, the patron, insisted the bill, on the calendar for more than a week, be taken up.

**AN EFFORT TO COMMEMORATE CONFEDERATE VICTORY**

The battlefields north of Manassas are one of the greatest assets of the county and certainly this is more than true for the town itself.

What the future will hold in the way of development for this historic shrine is not entirely certain. The fact that the National Park Service has gone right ahead on land purchased adjacent to the Henry Farm indicates a more or less definite purpose concerning its ultimate purchase.

Recently certain of the business men have started a movement to commemorate the second battle of Bull Run, the 75th anniversary of which will fall on Aug. 30, 1937. Mr. E. R. Conner has taken the lead as a temporary chairman and has in the past week solicited aid through our representatives in the General Assembly of Virginia and in Congress at Washington and from our former representative, Hon. R. Walton Moore, now such a figure at the State Department in Washington.

As a fitting preliminary to the great celebration in Pennsylvania, nothing could bring this county more vividly before the nation than a well-planned exposition of this sort. It has been said that there would be a great many more spectators than actually took part in the great fight in 1862.

The time is a bit too brief to stage a celebration of the 75th anniversary of the first battle and the area in which the second battle took part will permit of a decidedly greater display for the public.

The county will do well to get behind Mr. Conner and his committee and assist them in bringing Prince William into national prominence.

GEORGE WASHINGTON

We honor our first President not alone for the high position which he held in public life but also because of his great qualities of mind and heart.

One of Washington's outstanding personal traits was his habit of thrift. He handled his funds in accordance with the best banking practices of his day.

We cannot attain his fame, but we can practice the same kind of thrift with as much relative advantage to us as his methods accomplished for him.

When you carry your financial transactions through this friendly and safe bank you can feel assured that you are acting in accordance with the finest and most secure banking ideals of the present day.

**The Peoples National Bank of Manassas**

**A POOR NET FOR NEPOTISM**

The net result of the so-called probe of nepotism in Virginia was barely worth the space it took in the newspapers and there was nothing to which anyone could point with alarm. Out of five thousand state employees only fifty-five were related to the state department heads, among whom are several chief counselors of the Democratic party organization. As a newspaper story, the whole affair just made the grade because the curiosity about public jobs is unbounded and because of the eye of any reader will be held to a paragraph in which the Chief Justice of the Supreme Court explains under what circumstances he found it necessary to employ his wife as a stenographer. There was nothing in the expose of which the powers that be in Virginia government need be ashamed.

Two justices of the Supreme Court employ members of their families as stenographers and this may be cited as an example of how what the political opposition always calls "nepotism" may actually serve the public interest. Mrs. Campbell is Chief Justice Campbell's stenographer. "As to the extent of quality of Mrs. Campbell's work, the Chief Justice says with modest pride, 'I refer the members of the General Assembly to Mr. M. B. Watts, whose duty it is to check the draft of the original and seven manifold copies of opinions.'"

There are other values in this family relation to the opinions of the Supreme Court. As Justice Campbell points out, it assures the secrecy of the opinions of the Supreme Court and it makes it possible for the justice to suit the rendering of the judicial opinion to the judicial mood, which is sometimes important. It is undoubtedly more desirable for members of the Supreme Court to have their wives and daughters as their stenographers than to depend on political chance to serve them well.—Danville Register.

The "Danville Register," a safe and sound friend of the people, seems to have this "nepotism" publicity very neatly summed up. The public interest in many instances would be decidedly best served by men in public office employing members of their own families where such are qualified. Mrs. Campbell certainly is. There is no earthly reason to bar a voting citizen a position in this state merely because one of his or her relatives does the appointing. It would seem to us the only reason for rejecting such a person should be on the grounds of inability to fill the job.

**"BILLY" MITCHELL**

The death in New York of Brigadier General William Mitchell, of Middleburg, Va., on February 19 was the occasion of much regret in Virginia and throughout the nation. Carrying into civil life those characteristics which had distinguished the "bad boy of aviation" on the field of battle, General Mit-

chell incurred displeasure of his superior officers who had him cashiered for telling them and the country too much that they did not wish to hear.

Billy Mitchell was the first American officer to fly over the German lines in the World War and held decorations from six countries for distinguished service. He commanded the U. S. Air Force in France and was the son of United States Senator John Lebrun Mitchell of Wisconsin.

The bitterness of Mitchell's attacks are cited as the cause of his failure to accomplish the reforms which he sought. Had he been able to focus the attention of the nation upon situations and facts without destroying his own official contact, there is no doubt that the nation would entertain a higher appreciation of his services to the national defense. There is no doubt, however, that he did continue to exert a powerful influence on air-minded citizens.

**MRS. VIRGINIA LAWS FLETCHER**

On the morning of Monday, February 10, Mrs. Virginia Laws Fletcher, aged 83 years, passed peacefully away at the home of her nephew and niece, Mr. and Mrs. Clifton Osbourn Polen, near Hickory Grove, Prince William County, Va.

The deceased was the last of the family of the late John and Harriet Polen, who, with many other relatives, went west in the days of the Covered Wagon Train. While the rest of the clan settled in the states of Ohio, West Virginia and Indiana, John Polen brought his wife back to Virginia because of her love for her native state.

They made their home near Hickory Grove where the family of the late Peter Polen now reside. Because of their industry and frugality, they acquired much land. They reared a large family, Virginia being the youngest. In early life, she became the bride of Dr. Thomas Laws, who died some fifty years ago during the terrible epidemic of diphtheria which he tried to combat in many homes which were saddened by the deaths of many victims of this dread disease.

After her second marriage to Mr. Fletcher, she spent much of her time in Fairfax where she had many relatives among the Buckley families.

Her health had been failing for years and since a paralytic stroke which she suffered nearly two years

**A HOME MANAGED BANK FOR HOME PEOPLE**

(QUESTIONS THAT ARE ASKED ABOUT BANKING)

**"Why do Banks make charges on some checking accounts?"**

Banks make service charges on checking accounts when the balances are not sufficient to enable them "to pay their own way." This is done to prevent such accounts being handled at an operating loss. Banks seek to earn their operating expenses by loaning and investing the funds entrusted with them. When a service charge is made it is usually dependent on the balance and relative activity of the account.

In other words if an adequate balance is kept in proportion to the number of checks written or deposits made its earnings may cover the cost of servicing the account. The money which your account earns for the bank is applied on the cost of check books, signature cards, deposit slips, other supplies and necessary time and expense of handling your account. If your balance does not earn enough to pay the actual cost of handling, a moderate service charge may be required.

IT'S LUCK, SAYS STAR

Success and failure are matters of luck—one good, the other bad. That is a lesson which experience has taught him, Ronald Colman says. He backs up the statement with the evidence that has grown out of one of the most outstanding Hollywood successes. His story, a dramatic saga, is recounted in its wealth of interesting detail in "This Week" in The Star next Sunday, February 23.

**The Man Nobody REALLY Knows**

Few people realize that the funeral director must be much more than a merchant and director of details. He undergoes intensive technical training before he is allowed to practice his profession. He must qualify, under rigid laws, to prove his professional fitness. He must know and abide by numerous legal restrictions. He must give the competent, sympathetic counsel that is expected from a trusted friend. His is a calling that deserves your respect and confidence. And although he lightens the burdens of those in sorrow, he is "A Man Nobody really knows."

**WILD LIFE DELEGATES FOR VIRGINIA**

Justus Cline of Waynesboro and Dr. W. S. Whitmore of Staunton have been appointed members of a Virginia committee to co-operate with groups from other States in effecting a permanent organization for the protection of wild life in North America, it was announced in Waynesboro this week.

Appointment of the committee is an outgrowth of the recent North American Wild Life Conference held in Washington at the invitation of President Roosevelt.

Other members of the Virginia committee are "Buck" Langhorne of Albemarle, Beverley Stras of Tazewell and Mac Hart of Richmond. Five men from each State compose the committees in whose hands will be the formation of the permanent American Federation.

Asked concerning the probable effect of the Washington conference upon game conservation movements in Virginia, Mr. Cline said, "It is now their urpose of interested wild life lovers in Virginia to create State federations similar to the one being created for the North American continent under the sponsorship of the President."

Among game associations throughout the State there is growing sentiment for some central organization to direct conservation work in this area, he pointed out.

To keep the record straight all we need here now is for some one to cut the telephone wires or an icy rain to break them down. In all other ways we have been almost isolated for the past two weeks.

The above observation was written on Thursday, the 13th, when all were jubilant with hope that relief was in sight and more comfortable temperatures were just around the corner, when lo, and behold, that night that very thing happened. On Friday morning we awoke to find ice covering everything from the tops of the trees down and trees of every description stripped of their limbs in ways too devious to mention; telephone wires down and even the radio aerial gone, so that isolation is so complete that we imagined we were on Tangier Island with the solitary exception that we were not quite out of food; the hens are still laying so as long as they produce, we can have eggs scrambled, fried, poached or omelet fashion until rescued from our "exclusiveness."

But the biggest thing of it all is the amount of limbs piled up under the trees and the task of getting things back to normal gency once more. If perchance, such a thing is possible. Poplars and other ornamental trees are so badly mutilated that they remind one of an old "Domineck" rooster with but one or two feathers left in his tail and they not in happy, harmonious co-ordination. At any rate, it seems to be the worst "ice storm" this community had had within the memory of man.

Mr. and Mrs. W. Holmes Robertson and daughters, Ann and Rita, attended the 95th birthday celebration of Mrs. Robertson's grandfather, Mr. Nicholas Moore of Berryville, Va., which was held in that city on Saturday, February 8, and attended by many friends and relatives from all parts of the country. Mr. Moore is the last surviving Confederate veteran in Clarke County.

A bridge over Lick branch at the foot of Brower hill is at last an accomplished fact. This open crossing has been the distress of many a traveler from that section for years, in fact ever since the old model "T" and its posterity have tried to negotiate passage after a rain when carburetors would be flooded calling forth many expletives and verbal explosions before the old thing could get its breath sufficiently to continue its

**Time Lost is Money Lost**

It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants results—not excuses.

How many times do Gas on Stomach, Headache, Sour Stomach, "That Tired Feeling," That "Morning After" Feeling, Neuralgic, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?

All these troubles are caused or made worse by too much acid in your body. To correct this condition take

**ALKA-SELTZER**

The New Pain Relieving, Alkalinizing, Effervescent Tablet.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, harmless, non-laxative.

**BILL BOARD LEGISLATION**

**General Assembly May Restrict Outdoor Advertising.**

The House general laws committee has reported a bill, amended in many important particulars, designed to regulate and drastically restrict advertising signs along Virginia highways.

Delegate B. E. Chapman of Salem, who voted aye with reservations, expressed doubt that the amended bill would accomplish the purpose for which it was intended. Its sponsors, including prominent women's organizations, said it was aimed at discouraging the use of small "snipe" signs of tin and other materials that "clutter up the highways."

Important amendments provide that persons or firms advertising their own business can erect 15 signs off their own property, with consent of owners of the sites used, without paying the license fee or the permit fee; that persons or firms erecting more than 25 signs must pay a license fee of \$100 instead of \$25 as originally required of every person or firm erecting more than one sign; that the highway department, which is to administer the law, must obtain the consent of owners before removing unlawful signs from their property; and that merchants and other operators of private businesses may erect signs on adjacent grounds, as well as on their own buildings.

The amendment permitting 15 signs without payment of fees was inserted to protect hotels, scenic attractions and other small businesses advertising by road signs, it was said.

**AGRICULTURAL OUTLOOK**

The number of fall pigs in the Corn Belt is said to be about forty per cent more than a year ago. The reports as to intention for spring farrowing indicate a twenty-four per cent increase above last spring. While this would still leave next spring's pig crop somewhat below the 1932-33 average it indicates the response of hog producers to the stronger market and easier feed situation.

There are reported to be about forty-one per cent more cattle on feed in the Corn Belt than last year, although this would not bring the number quite up to average. In the West, however, there are said to be around 78 per cent more cattle on feed, which is about one-third more than average.

Number of lambs on feed in January was estimated at about five per cent fewer than a year ago. The actual number (about 5,260,000 head) however, is still large enough to furnish a fairly good market supply of lambs.

Milk production is still rather low in most parts of the country. Dairy herds are being rather closely culled and appear to include less than the usual proportion of heifers. The price of butter has now risen to a point where it is said that dairymen are again feeding nearly the usual quantity of grain.

A triple birthday celebration was held at the home of Mr. and Mrs. E. H. Krehbiel on Sunday. Mrs. Krehbiel's father celebrated his 73rd birthday anniversary on Friday, his grandson, Joe Mellender, had a first birthday on Thursday, and a granddaughter, Helen Rector, had a sixteenth birthday on Saturday, so the three combined their celebrations into one and a big dinner was held on Sunday in their honor, seventeen guests participating.

The health committee of the Fairview School League is planning to entertain the members of the league with a social evening in the near future, the exact date waiting on a little more favorable weather. This party is being given to celebrate the closing of a most successful dental clinic, the success of which in a large part was due to the co-operation of the parents.

Quite a variety of birds winter here and can be made friends of if one will feed them when their feed gets scarce.

**MILES STANDISH**

A strong and mighty man was he, And the very best warrior you ever did see.

Often he fought both day and night, Doing his best for what was right.

His first wife was dead, Yet he went ahead, And sent John Alden To gain him a bride.

John went forth to see Priscilla, Who probably was cooking dinner. Never an evil thought was born, But she said, "Why don't you speak for yourself, John?" —Luther Turner, age 12.
