COUNTY TEACHERS HOLD SESSION

Prominent Educators Address Meeting.

The mid-winter meeting of the county school faculty and the teachers association of Prince William County was held last Saturday, Mar. 14, after having been postponed several weeks on account of the extremely bad weather.

Prof. R. C. Haydon, division superintendent, presided at the morning session. Dr. Jarvie of George Washington University gave an enlightening talk on guidance in school life and Miss Eunice Hall, supervisor at William and Mary, spoke on the "Evaluation in Terms of New Technique." Both talks were more or less built up around the idea of teaching the scholar to live in school so that he would be better fitted to live in life after his school days are over.

A series of group meetings was held at this time. Miss Vaughan of Occoquan took the discussion on Mathematics; Prof. Peters, Social Science; Prof. Lynn of Haymarket, Language and Arts, and Prof. Bittle, Nokesville, Natural Science. All of the discussions were very interesting.

At the same time the grades held group meetings. Miss Eunice Hall presiding over the seventh grade; Miss Virginia Speiden over the music group and Miss Sue Ayres over the group that discussed the Elementary Record Sheets. Miss Hutchins, representative of the commercial printing firm, presided over the primary group.

At the noon hour the home economics department, under the direction of Miss Veta Draper, served a delightful luncheon. The principals' conference was also held during the noon hour with Prof. Haydon, presiding.

The afternoon was turned over to the county teachers' association, with Prof. R. W. Peters presiding. The minutes and the treasurer's reports were given by Miss Edith Mae Thomasson, who is secretary and treasurer.

A number of standing committees made splendid reports, especially the educational committee on which Miss Sue Ayres reported. Her discussion was on the revised cumulative record and report cards.

Miss Abbye Lutes gave a talk on the growth of the national educational association in the county.

There were series of special reports on doings at Richmond. The meeting in the educational association was reported on by Prof. Lynn of the high school unit; Miss Bozarth of the grammar grade section; Miss Massey of the primary section.

The work of the legislature was reviewed by Prof. Peters showing that the reestablishment of the full benefits of the teachers' pension fund was about the only direct legislation secured.

Prof. Bittle gave a talk on benefits resulting from teachers' insurance.

The Junior League rally was reported on by Miss Ayres.

After the sessions were over, Prof. Carl G. Griswold, athletic advisor, called a meeting of the interested members of the special committee and arranged a schedule for 1936 which will be released next week.

MANASSAS CHAPTER U.D.C. SPONSORS SILVER TEA

Members of the Manassas Chapter, United Daughters of the Confederacy, were hostesses at a beautifully appointed silver tea, at the hospitable home of Mrs. T. E. Didlake yesterday afternoon. Guests were received by Mrs. T. J. Ashford, a past president, and Miss Virginia N. Speiden, the present president of the chapter. Mrs. Margaret Lewis and Miss Nolie Nelson presided at the tea table which was beautifully decorated with red and white roses and candles. Mrs. Dennis Baker rendered a delightful program of piano music during the afternoon.

LEGIONNAIRES TO AID BATTLE CELEBRATION

Prince William Post, 158, will hold their regular monthly meeting in the town hall, Thursday evening, March 27.

Several issues regarding the 75th memorial celebration to be held this year will be brought before the meeting at this time, and which are expected to be highly indorsed by the local Post.

Commander Paul Scott Williams requests that all members be present.

RED CROSS SEEKS AID

President Roosevelt has issued a proclamation asking for donations to the Red Cross for the relief of flood sufferers in eastern part of the United States.

Anyone who cares to make donations to this cause will please do so, leaving the same with Mrs. W. L. Lloyd, president of the local chapter, or Mr. O. D. Waters, treasurer of same.

PARK BUREAU HOLDS SESSION

Will Map Plans for Shenandoah Dedication and Tours.

The State Conservation and Development Commission held a three-day session in Richmond this week with details concerning the opening and operation of Virginia's six State parks as the chief business for consideration. Plans for the dedication of the Shenandoah National Park will also be discussed, although the Federal Government has not fixed a date for the ceremony.

The recent General Assembly appropriated \$5,000 for use by the commission in connection with the National Park dedication.

Meanwhile, commission officials said plans are being made to take some of the leading travel agency executives on a tour of the State from April 12 to 17 to give them a first-hand acquaintance with a number of the notable historic and scenic attractions of the Commonwealth. This tour, it was said, will be the first of a series to be given travel organizations that have much to do with routing tourists through the country.

The move is backed by and will have the full co-operation of the State Chamber of Commerce, local Chamber of Commerce, city and resort hotels. The itinerary of the first tour will include mountain and seashore stops and several of the more famous historic shrines.

Cities and towns on the schedule include Richmond, Williamsburg, Alexandria, Luray, Staunton, Harrisonburg, Hot Springs, Charlottesville, Natural Bridge, Lynchburg, Fredericksburg and Petersburg.

SENATOR RUST EX- PLAINS LEGISLATION

State Senator John W. Rust was the honor guest and speaker at the Kiwanis Club last Friday evening, coming as the guest of Arthur Boatwright.

John made a lengthy explanation of the legislative setup in the last Assembly, stating that the main objective to maintain a balanced budget had been virtually obtained.

He also explained a number of bills which were passed and the cause of failure of others. All in all, his talk was quite instructive and very much appreciated by the club.

Charlie Dowd and Bill Smith, of the Washington club, were unexpected but welcome visitors.

Prior to Senator Rust's speech, mountain music was furnished by Bobby and Thomas Lion, Garland Boatwright.

Announcement was made that Fred was winding up his final arrangements for the ladies' night celebration on the 27th.

SPECIAL MEETING OF COMMERCE GROUP

President C. C. Cloe of the Prince William Chamber of Commerce has sent out a notice to his members this week to attend a special meeting next Wednesday afternoon at the town hall for the express purpose of making a close study of the proposed county budget for 1937. President Cloe has indicated that anyone would be welcome.

BACK FROM FLORIDA

Mr. and Mrs. George D. Baker, who have been in Florida since early in January, returned last Friday. The warm Spring breezes were colder to George than anything he had felt for the previous several weeks. George brought back several lemons and grapefruit most as big as himself. One of the exhibits is still at the Journal office where it may be viewed for a few days. This lemon is 16 1-2 inches in diameter and weighs 2 3-4 pounds. George had the time of his life and he certainly looks well.

Messrs. E. R. Conner, C. C. Cloe, W. F. Coker and A. S. Boatwright are in Richmond today in the interest of the Bull Run Battle celebration.

That Settles It! The Big "Boom" Will Be Here Any Day, Now!

BENNETT LEAGUE RE- PORT MANY ACTIVITIES

The Bennett School Patrons League held its regular meeting Monday afternoon at the school with Mrs. R. L. Sudd, president, presiding.

All committees made good reports especially the education, health, and ways and means.

The education committee reported having bought and placed in the library twenty new books; a parent study group organized which will hold its meeting at 2:15 the same day of the league meeting each month. All parents are requested to take advantage of this meeting.

The ways and means committee jointly with the same committee of the high school reported having bought china to equip our dining room.

The health committee in co-operation with the Kiwanis Club is working hard and fast to get as many dental corrections completed as possible between now and the time school closes. All parents are urged to co-operate in this project as we are anxious to have 100 per cent for our school this year.

These meetings are most helpful to parents and the teachers appreciate our interest. It is hoped that a larger group will be present at those for April and May.

Mrs. Hite urged parents to pay strict attention to report cards for the past six weeks and make appointments with teachers promptly in case explanations are necessary.

Regular meeting day, third Monday at 3 p.m.

Mr. Robert Hutchison, worthy patron, and Mrs. Margaret Broadbuss, worthy matron, entertained their officers of Wimodausis Chapter, O.E.S., and the past matrons and patrons at a St. Patrick's party on Monday night in the recreation room of the Masonic Temple.

YOUNG DEMOCRATS TO GO TO OCCOQUAN

In line with its policy of rotating meetings about the county, the Young Democratic Club of Prince William expects to be the guests of Occoquan at their next regular meeting, which is to be held on Wednesday, April 8. Tentative plans call for the high school as a meeting place, but this will be announced definitely later.

The members of the club met with such splendid response when recent meetings were held at Haymarket and Nokesville that they are looking forward with eagerness to the Occoquan meeting.

Plans are under way to have several nationally prominent speakers on the program, and also some entertainment features.

The club wants to call attention to the fact that poll taxes must be paid within the next seven weeks; otherwise the taxpayer will be ineligible to vote in the general election this fall.

The co-operation of all the Democrats in the county is earnestly solicited in having voters check up on their poll taxes and also to encourage eligible non-voters to pay their taxes and register before it is too late.

REORGANIZATION OF A A A BEGINS

To Be Divided into 5 Regional Sections, Says Wallace.

Reorganization of the invalidated AAA into five regional sections for all 48 states to administer the new \$500,000,000 soil conservation program was announced this week by Secretary of Agriculture Henry A. Wallace.

Each of the five areas will be under a regional director, the same men who were in charge of the commodity programs under the old AAA. Supervising the work of the directors will be acting AAA Administrator Howard R. Trolley, Wallace said.

The five divisions:

Southern—including South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Texas and Oklahoma. Regional director, Cully A. Cobb, director of the cotton program under AAA.

East central—including Tennessee, Kentucky, North Carolina, Virginia, West Virginia, Maryland and Delaware. John B. Hutson, director of the AAA division of miscellaneous crops, is regional director.

Northeast—including Pennsylvania, New Jersey, New York, Connecticut, Massachusetts, Maine, Vermont, New Hampshire, and Rhode Island. Hutson also will serve as director for this region.

FRANK W. GUE

Frank W. Gue, Jr., who has been a resident of Manassas for the past fifteen years, died very suddenly at his late residence on Center street Sunday afternoon. While the deceased had been ailing somewhat, there was no intimation of the seriousness of his affliction.

Mr. Gue was born, August 29, 1877, at York, Minn. In 1897 he married Miss Lois A. Chandler, of Iowa, from which union 2 sons were born, F. J. and Ferris W. Gue. He affiliated with the Presbyterian church at an early age and had been a member for many years. He was also a Mason of many years' standing.

Shortly after Mr. Gue came to Manassas and engaged in plumbing business here, his ability was recognized to such an extent that he was given control of the town plant and virtually acted as town manager for several years. After the new form of town government was taken over, Mr. Gue entered the employ of the Virginia Public Service and represented it in Prince William County.

His bright and cheerful personality won many friends for him and his quiet adaptability to his new surroundings in Manassas gave him a circle of friends who genuinely regret his untimely departure. His conduct in business and his relations in public and private life marked a degree of integrity and love for all that indicated both an honorable and a very sweet tempered nature.

The funeral services were held from the residence Tuesday morning, Rev. John M. DeChant officiating, with interment in Valley View cemetery. It was generally attended by many of the prominent citizens of Manassas.

The pall bearers were Messrs. Goldthorpe, of Warrenton; Mr. Howard, of Alexandria; George D. Baker, J. L. Bushong, Joe Hale and Dr. Geo. B. Cooke, all of Manassas.

Besides his wife, Mrs. Lois A. Gue, two sons, Ferris W. and Fred J. Gue and little grandson, Billy, Mr. Gue leaves an aged mother and father, Mr. and Mrs. Frank W. Gue, sr., of Riceville, Iowa, and two brothers, Guy Gue of Riceville, and Howard Gue of Washington State.

To these as well as to his immediate family, the Journal extends its sincerest condolences.

SMITH BILL IS REPORTED

Act to Control Lobbyists Reaches Floor.

The House Judiciary committee Wednesday reported favorably the Smith anti-lobbying bill, after disclosures by the Senate lobby committee revealed congressmen attended social functions given by railroad and utility lobbyists.

The bill was drafted by Howard W. Smith, after the sensational House investigation of utility lobbying by the rules committee last year.

The Smith bill provides for quarterly registration of all persons employed to influence Federal legislation under which lobbyists must disclose their names, addresses, affiliations and payments including expense accounts to the clerk of the House.

Penalties for violation include a maximum \$1,000 fine or one year's imprisonment or both.

SOCIAL SERVICE WORK EXPLAINED

The March meeting of the Bethlehem Club was held at the home of Mrs. William Pierson, with Mrs. Wheatley Johnson assistant hostess, on the afternoon of March 18. The attendance was small, due to a rainy afternoon.

Half of the amount voted last month to the library fund was reported paid.

The sick committee was requested to send baskets to the members that are sick.

Mrs. Broadbuss brought before the club a request from Miss Pitts for sewing machines to be sent to the sewing machine clinic. There were six machines to be sent in through members of the club.

Mrs. Viola Proffitt was welcomed as a new member.

Mrs. Marion Lewis outlined the relief given in the county since 1933 and explained the setup of a Board of Public Welfare. A motion was passed requesting this to be published in the account of the meeting, which was as follows:

"When conditions in 1933 became critical and the need for aid of some kind was found necessary, R. F. C. funds were made available and were used by local interested citizens in granting public employment to those out of work.

"Then CWA or Civil Works which made possible work on a larger scale was introduced and many were employed, this did not prove entirely satisfactory as many men were put to work and in some instances 3 and 4 were found to be working from the same family. A plan whereby a complete investigation by a social service worker was established and out of this grew the Emergency Relief which lasted two years. Under this plan:

"1. One member of a family only was granted employment;

"2. The amount of work granted was limited to the budgetary needs of the family according to their standard of living.

"If the wage rate was below their needs the family was granted surplus food, which was sent to the localities from Richmond after having been bought from farmers to help them in their time of need.

"Later in 1935 when all of the employables had been classified and were working on the roads, schools, women's sewing rooms, etc., the relief office was closed and the work absorbed into the WPA which provides work projects for those made eligible by proper investigation.

(To be continued)

CHRISTIAN SCIENCE

"Substance" was the subject of the
Lesson-Sermon in all churches and
societies of Christ, Scientist, on Sun-
day, March 15.

The Golden Text was "Honour the
Lord with thy substance, and with
the first fruits of all thine increase"
(Proverbs 3:9).

Among the citations which com-
prised the Lesson-Sermon was the
following from the Bible: "Doth not
wisdom cry? and understanding put
forth her voice? Riches and honour
are with me; durable riches and
righteousness. I lead in the way of
righteousness, in the midst of the
paths of judgement: that I may
cause those that love me to inherit
substance; and I will fill their trea-
sures" (Proverbs 8: 1-18-20-21).

The Lesson-Sermon also included
the following passages from the
Christian Science textbook, "Science
and Health with Key to the Scrip-
tures" by Mary Baker Eddy: "All
substance, intelligence, wisdom, be-
ing, immortality, cause, and effect
belong to God. These are His at-
tributes, the eternal manifestations
of the infinite divine Principle, Love.
No wisdom is wise but His wisdom;
No truth is true, no love is lovely, no
life is Life but the divine; no good is,
but the good God bestows" (p. 275).

CHRIST FOR ALL—ALL FOR CHRIST

The Word of God

It is a living word, and it is a light to our path.—Psalm 119:105

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a precious heritage to them in after years.

FINDING LIFE: He that followeth after righteousness and mercy findeth life, righteousness, and honour.—Proverbs 21.

A GREAT FLOOD

After a winter of almost unparalleled severity the spring is ushered in with a flood which seems to have reached an all-time record for severity and extent.

Freah storms over the whole eastern United States have placed a burden upon our drainage system greater than can be carried under the artificial restrictions imposed by man in his building program and thousands of acres of dwellings, commercial establishments of all kinds are swept by the waters into a maelstrom of debris rushing seaward. West of the Appalachians the flood waters are roaring into the mighty Mississippi to give further trouble in the days to come.

We may be thankful here that Piedmont Virginia is one of the most favorable spots in the world in its freedom from natural disasters. While millions are afflicted by these great floods over the entire Atlantic Seaboard, we are enjoying merely a slight inconvenience.

It is also a matter of gratification that modern methods of communication have become so effective that the loss of life, which was so marked in years past, is greatly minimized. The radio and other rapid dispersal of information affords splendid opportunity for all to escape who have the intelligence and ability to act promptly.

If, as it seems, flood control methods have failed completely, it becomes increasingly evident that we need more intelligent regulation of man's building program within flood zones. If we cannot keep out the flood waters, we certainly can restrict residence and business improvements in such danger zones.

A sample of national negligence along these lines may be cited the fact that the United States has built a permanent archives building for the protection of priceless records within the flood danger zone of Washington.

BANK CLEARING HOUSE MEETING AT LEESBURG

Regular meeting of the Loudoun, Fauquier and Prince William Counties Clearing House Association will be held at Leesburg, Tuesday, March 24, at 6:30 p.m., at the Leesburg Inn.

"I consider my banking connection a real business asset."

The safety of bank deposits is not brought into question by such calamities as floods.

Neither is there any doubt of the security of funds deposited in a bank where its funds are protected by government guarantee of deposits and where sound banking policies through the years testifies to the integrity of the institution.

Maintain a substantial balance at this friendly bank and note the confidence with which you meet and solve your life problems.

Why Some Folks Turn The Grindstone

Abe Lincoln used to say, "When you find people over-ready to turn the grindstone it is well to find out whose axe is being ground." We sincerely appreciate the courtesy when people whom we have served recommend our services to their friends. However, we do not encourage anyone to praise our services and facilities, at the expense of others. (QUESTIONS THAT ARE ASKED ABOUT BANKING)

"What do bankers consider a good Bank loan?"

Most bankers consider a loan good if it possesses the following qualifications:

1. A borrower who has a good business reputation and credit standing.
2. A sound purpose for which the loan is to be used other than a fixed investment in a business, for this type of loan is not a proper field for a commercial bank.
3. A reasonably short term until repayment for commercial loans; adequate security in the case of collateral or real estate loans.
4. Reasonable proof of dependable income for repaying the loan when due, or a definite schedule for repayment.

This bank has many good loans on its books. We are making new ones constantly. In every loan our first consideration is to safeguard the deposits entrusted to our care.

AUBREY BREEDEN KILLED
IN AUTO ACCIDENT

A very sad accident happened late Sunday night when a car driven by Mr. Aubrey Breeden collided with another car driven by Mr. J. F. Noel of Washington, almost instantly killing Mr. Breeden, of Brentsville.

The occupants of the car which Mr. Breeden was driving were Messrs. Ralph, Kenneth and Emory Cornwell, all of Brentsville.

Mr. Aubrey Breeden, age 20, was a son of Mr. and Mrs. Harry Breeden of Brentsville. For the past eighteen months he had been a member of a CCC Camp near Washington and is believed to have been returning home for the week-end at the time the accident occurred. His companions are recovering in a Washington hospital.

The pallbearers included six of Mr. Breeden's CCC Camp comrades. Funeral services were held at Woodbine Baptist Church last Tuesday afternoon with Rev. J. Murray Taylor officiating. Interment was in Woodbine cemetery.

CATHARPIN

The regular schedule of services may be expected at Sudley from now on through the summer. Communion services will be held next Sunday morning, the 22nd. Sunday school will open on first Sunday in April as per former announcement.

Miss Ann Robertson of Lawn Vale has been confined to her room recently suffering an attack of flu. She is the last one of the family to join the ranks of the afflicted during the past few weeks. The health situation seems to be about on a balance throughout the community; some are convalescing while others are just "entering the service." Oakwood had a little experience during the past two weeks but the "whole family" is now on the mend.

Mr. and Mrs. L. J. Pettie, Mrs. Walter Allison, Mrs. Lester Anderson and Mr. Edward Allison attended a St. Patrick's party in Manassas last week.

Mr. and Mrs. J. S. Triple and children of Tecumseh were Oakwood callers on Sunday last.

The whole community is distressed to learn that Mr. J. D. Wheeler who has had such a constant vigilance during the past fortnight with Mrs. Wheeler, has himself contracted pneumonia and is now confined to his sickbed. Mrs. Wheeler, as we write this Tuesday morning, is still in a very critical condition and the hopes, sympathies and fears of the people are with them constantly.

The second quarterly conference of the Sudley circuit will be held at the parsonage, Gainesville, on Saturday, March 28, at 10 a.m. Preaching on Sunday morning at Sudley by the elder. It will be observed that this conference is being held one week earlier than the announcement in the Baltimore Southern Methodist. The past quarter has been a lean one in both activity, finance and everything except "Keeping the Home Fires Burning" which we trust all were able to do. May we now be able to bring forth a new spirit and an accelerated ambition to make up for lost time. The first thing just now is to see your steward. This does not mean next month but right now if you would best serve the situation to best advantage. Won't you do that?

Mrs. Wade Akers and daughter, Elaine, of Washington, are spending this week with Mr. and Mrs. J. H. Akers of Rock Hill.

Mrs. Etta P. Lynn, who has been confined to her room for several days suffering the usual community ailment, is now convalescing and able to be about again.

Mr. G. G. Hughes of Herndon, Va., is now a citizen of Oakwood where he has taken up the burden laid down by Mr. Luther Griffith who recently moved to his newly purchased home near Centreville, Va.

The past week has been an active one all along the line. Farmers busy as nailers getting ready to plow—a belated activity this year. Sawing wood, contrary to general practice, has been on the industrial list recently as well as "Sowing the Seed by the Wayside Fair," or rather on the wheat fields. All in all, this has been a season out of the ordinary and farmers have been kept mighty busy trying to keep ahead of the game. He has had so many rainy days to mend single trees, fix harness and all and sundry the things that rainy days are made for, that he now has everything in shipshape ready to go as soon as old "Dame Nature" gives the word. "So mote it be."

Beatitudes

by Dr. James T. Marshall

LOVE AS A LAW

"Blessed are the merciful for they shall obtain mercy." (Matt. 5:7) In one of His parables our Lord tells the story of a king who forgave one of his servants a debt amounting to about fifteen million dollars in our money. This servant, disregarding the mercy which he had just received, went out and acted without mercy toward one of his fellow servants who owed him the rather trifling sum of one hundred dollars. For this base ingratitude he was taken to task, rebuked and punished.

This parable furnishes an accurate picture of human nature. It was a hard and cruel world into which the Son of God came nineteen hundred years ago. Human rights and human life were held in light regard and mercy was almost unknown. Thoughts of exact justice and retaliation drove out all feeling of kindness. Even the Old Testament laws prescribed "an eye for an eye and a tooth for a tooth."

Over against this Jesus placed His higher law of love which was to be applied to enemies as well as friends. This is expressed in His "golden rule," "Whatsoever ye would have that men should do unto you, do ye also unto them."

The divine spirit of mercy toward our fellow men should be carried into every relationship of life. We must confess that it is conspicuously lacking from present-day business practices. You will recall David Harum's version of the golden rule as practiced today, "Do to the other fellow what he would like to do to you, only do it first." We still hear much of the adage "business is business," by which we mean that business recognizes no obligations to the law of love.

Many things which are considered right in law are wrong when judged by the moral standard. The law allows you to foreclose a mortgage and turn a widow and her children out on the street. I am sure, however, that if the Master were to appear on the

scene He would have some interesting comments to make.

The spirit of mercy should be carried into our social relationships also. Renan said that "Jesus was the first true gentleman who ever breathed" and Cardinal Newman defined a gentleman as "a man who never inflicts pain."

Above all things be merciful to the reputation of others. A slanderer is on assassin of character. A sly innuendo or caustic remark may damage another's name beyond repair. It is kinder to stick a knife into a man's ribs than into his reputation.

In the spirit of universal kindness lies the true test of christian sonship. If we are children of God we will try to be like Him and will

not forget that

"There's a wideness in God's Mercy
Like the wideness of the sea."
St. John says "He that loveth not knoweth not God, for God is Love."

New Filling Station Opening Scheduled for Saturday, March 21

TEXACO SELECTS
POPULAR ATTENDANT

When the Texaco Company and the operators of the new service station in Manassas were seeking an up-to-date attendant for the new business, they unanimously decided on one of the local boys who has been living in this community all of his life.

This young man happens to be Louis M. W. Carter, son of Mr. and Mrs. O. L. Carter, of near Manassas, who has had considerable experience in service station work. He has already been busily engaged in work preparatory to the opening Saturday.

His selection in this capacity will undoubtedly draw a considerable volume of business, not only because of his ability in this work, but because he is so well known and has so many friends over a wide area.

The Journal wishes Mr. Carter and

LOUIS CARTER

his employers much success in this business venture.

FORD AGENCY IN NEW HOME

Prince William Motors Has
Made Good Record.

For nearly four months past workmen have been attempting to bring to completion the sales rooms and service station located adjacent to the town hall on E. Center street.

The project was originally conceived by Mr. Walter C. Sadd, prominent local business man, and the condition was brought about by the fact that there was no sales room in Manassas which Mr. Hughes could use for the Ford agency which he established in February of 1935.

Under the most backward condition Mr. Hughes has conducted a flourishing business in the past fourteen months and has established an enviable record for the sales of Ford

products.

Mr. Hughes, who is a native of Charlottesville, previously conducted a business near Lynchburg, coming here largely at the instance of the Ford Company. His activities here have been progressive, and both he and Mrs. Hughes have become well liked by the local people.

The new show rooms which are opening in conjunction with a new Texaco Service station are ideally located both for sales and service.

Mr. Hughes has the congratulations of the Journal on his success in Manassas and every wish goes with him in his latest move.

Advertisements in other columns call attention to special offers and other information of interest to car owners and drivers.
