CLUB INFLUENCE THEME OF TALK

State President Addresses Ma

Mrs. Fred Alexander, president of the Virginia Federation of Woman's Clubs in Virginia, was the guest speaker at the meeting of the Wom-an's Club held in the high school auditorium Wednesday afternoon, April

Mrs. Alexander's theme comprised "Is this a woman's world or a man's This subject was clearly outlined, drawing many helpful points for both sides and finally bringing out the enormous influence of woman club activities in broadening the field for women and making them better helpmates now than any time in history.

The committee awomen gave their annual reports which shows excellent work in the club. Many charities were benefited, civic interest extensively taken, music and literary study made and garden club activities re-

The nominating committee presented the slate of officers selected for the new year. These were unanimously endorsed by the club. They are as follows: Mrs. William Lloyd, president; Mrs. C. C. Lynn, first vicepresident; Mrs. William Trusler, second vice-president; Mrs. Wade-Dalton, recording secretary; Mrs. R. C. Haydon,, corresponding secretary; Mrs. Harvey Steele, treasurer; delegates for the state conference to be held at Fredericksburg, May 13 and 14 and 15: Mrs. W. L. Lloyd; alternate, Mrs. C. C. Lynn.

Delightful refreshments served by the hostesses, Mrs. Alfred Mylander, Mrs. H. E. Pickeral, Mrs. Edgar Parrish, Mrs. G. R. Ratcliffe and Miss Virginia Speiden.

SHOOTING AT DUMFRIES

Shortly after 8 o'clock Tuesday morning shots were heard to issue from buildings on the land of Mr. John Clark, of Dumfries.

Those preparing to leave for work in Quantico are said to have credited the reports as arising from backfire of a starting automobile.

Almost immediately, however, one of the tenants in the building is said to have called for someone to come in at once, saying that some kind of Hill Farm," May 10, 1880, where he shooting had been done.

BOARD RESTORES TEACHERS PAY

1937 Wage Level Wipes Out "Depression" Cuts.

The County School Board met yesterday with all members present. A large volume of routine business was transacted, most prominent of which was the election of teachers in service.

The Board made a dynamic decision in creating a ten per cent restoration in the salary for all teachers which will bring the wage level to approximately what it was before

The general repair program for the vacation period was adopted.

The board contemplates another extremely important step in calling a special meeting for April 20 at which time they will consider proposals for refunding all school bonds at a lower rate of interest.

Mrs. Floy McInteer, Mr. F. M. Lynn and Mr. Alvin Barnes were named a committee to act in the acquisition of land adjacent to the Occoquan High School for the purpose of enlarging the school grounds. This act is proposed in co-operation with the school leagues of Occoquan and Quantico.

The board also created the offic f principal of the Manages school of principal of the Manages school, appointing Prof. R. Worth Peters for that position. In this co-ordination of the two schools, Mr. Peters will allumni association of Occoquan High have an assistant at Bennett who will

REELS ON WILD LIFE CONSERVATION SOIL PROGRAM

County Agent Announces Substitute for AAA Payments.

Soil Conservation Program

Goal-The object of the 1936 Soil Conservation Program is to sonserve and improve soil fertility, halt wasteful exploitation of soil resources, and establish a balanced agriculture.

Organization—The program is to be conducted by farmers through Community, County and State Com-mittees, with the help of the Extension Service and the Agricultural Ad-

justment Administration.

Bases—A base of all soil depleting established from the 1935 crop hiscrops for each farm in 1936 will be tory with such adjustments as may be necessary to make bases fair and equitable between growers.

Forms-The first step for farmers who want to participate, will be to fill out, with the help of a committeeman, a work sheet on 1935 crop history of the farm. To make this easier, it is recommended that a sketch be made of the farm indicating acreage and use of each field in 1935. Later, applications for grants and statements of performance will be executed. There will be no contracts.

Payments-Two classes of payments will be made: (1) a SOIL CONSERVING payment for devoting a part of the base acreage of soil depleting crops to soil conserving or soil building crops or practices of an average of approximately \$9.00 an acre in Virginia, varying according to the productivity of land by counties and individual farms: (2) a SOIL BUILDING payment for the planting of such soil building crops and the use of such soil building practices as may be recommended by the State Committee and approved by

the Secretary of Agriculture.

Maximum Soil Conserving Payment—Payment for diverting land from soil depleting to soil conserving or building crops will be made on up to 15 per cent of the land in soil depleting crops in 1935.

Maximum Soil Building Payment-The maximum for this payment shall not exceed an amount equal to \$1.00 for each acre in soil conserving and soil building crops on the farm in 1936, except that in no case will such maximum be less than \$10 on any

Minimum Performances-No payment will be made unless the total acreage in soil building and soil depleting crop base, with one exception which will be explained at the community meetings late.

Time of Payments-One payment as soon as possible after actual performance has been determined.

The new program gives the farmer much leeway in his farming practices. Only certain minimum and maximum conditions are set forth. The farmer is free to plan his farming operations in line with these conditions, if he so desires, and receive grants for the soil improvement he carries out.

The 1936 Soil Conservation Program should enable the individual farmer to maintain or improve the fertility and productiveness of his soil which he has long desired but could not afford to do because of the necessity of making both ends meet.

UNUSUAL WILL PLACES SHAFT AT MANASSAS

By the terms of a will of the most nusual nature a Fauquier citizen has stipulated that a substantial granite monument ten feet in height be erected in the cemetery at Manassas "to the memory of those who have been disappointed and suffered in this life."

Under terms of this will which has just been filed with the Clerk of the Court at Warrenton, it is stated that must be set aside for the erection of such a monument at Manassas where he is buried. The widow and son of HOLD SESSION the deceased will inherit the residue of the estate.

Mr. Jeffries was a graduate of the Virginia Military Institute and owned property in upper Fauquier County and in Manassas, according to press reports.

PARENT-TEACHERS WILL NOT MEET

The Parent-Teacher Association of Manassas High School will not meet April 16 as ascheduled. Date of the next meeting will be announced later.

For Good Friday and Easter services, please church columns. read your
