

## W. C. T. U. HEARS OF CONVENTION

### July Meeting Features Discussion of Prohibition Era.

The Women's Christian Temperance Union met at the home of Mrs. Embrey. The devotional was in charge of the Evangelistic leader, Mrs. Harrell. Very interesting parts of the talks of the speakers at the National Convention in Tulsa, Oklahoma, were given by several of the members. One paper told of North Dakota having a majority of more than 25,000 dry votes in the primary of June 24 when the wets tried to gain this state where in its forty-seven years of Statehood liquor has never been legalized.

Thousands of children wore buttons saying "Please vote dry for me." Stickers were used saying "For Youth's sake, please vote against liquor."

Mrs. Chitamber of India said of her first visit to America in 1924 during the Prohibition era. Such prosperity, such happiness, such kindly care of the poor, sick, and aged and the wonderful freedom from evidence of the liquor traffic, seemed almost impossible to be true. So impressed by the blessings America was enjoying through prohibition. She went back home and with her associates sent petitions and resolutions to the government of India that the country adopt the same standard. She said "Our argument was if a great country like America can be dry, we can be dry, too."

In 1932 when she and her husband Bishop Chitamber came again to the United States to the General Conference it seemed America had lost her idealism and much of her Christianity for she said "All we heard was lack of money and fear of repeal, but little evidence of vigorous Church fight against it."

She is here again in 1936 and says the General Conference was a great inspiration, everywhere in the churches she was finding a renewed spiritual outlook and reinvigorated program for opposition to the liquor traffic. She said "I believe America is turning back to God and will win out, for it has always been true that 'Righteousness exalteth a nation.'"

The speaker on Sunday afternoon, Miss Amelia Earhart, is a most notable example of the successful career built on the total abstinence principle. The great auditorium filled to overflowing with young men and women and older people, who were fascinated by her charm and enthusiasm.

As she told her story of her flight over the Atlantic and other flights. "You may be interested to know" she said in this connection "that I have never used stimulants of any kind, I would be afraid to." "The commercial airlines you no doubt know," she continued "have a standard rule that no pilot may take a drink (of any alcoholic beverage) within twenty-four hours of a scheduled flight. To violate this rule means instant dismissal."

Pictures and advertising are made so attractive the inference to be drawn from them is that people who drink get along in business, make money, etc.

Literally millions of young men and women have come to the conclusion to succeed in business they must drink, if they are to get on socially they must not only attend cocktail parties but also give them. They need publicity to correct their false impressions.

In this machine age, with its speed in automobiles, airplanes, and elsewhere, men and women must have quick, clear minds, prompt judgments, and decisive character.

The youth must understand that the repeated use of liquor tends to destroy all these.

### T. B. X-RAY CLINIC

At the tuberculin X-ray clinic for the detection of early cases of tuberculosis held during the week of July 13 at Manassas. 24 children were tested. From the tests made 11 new cases. Children were found to have been infected at some time with the germ that causes tuberculosis. 28 children were X-rayed, and the parents informed that a report would be sent to their family physician who would advise them as to what they should do to maintain the health of their child.

9 new cases of adults were examined, and 23 new and old cases of adults were X-rayed. Reports of these examinations were sent to the respective physicians.

Over 50 cases of tuberculosis out of 100 in adults are contracted during childhood. If the cases are found early, it is easy to fortify the body

### FIELD DAY AT HAYMARKET

Bull Run Grange will stage the annual Field Day at Haymarket on August 14, beginning at 10 a. m. The committee has made every effort to make this event the most successful of any and promise a good program of sports and entertainment.

The sports begin at 10 a. m. At 10:30 a baseball game will be featured between married and single men and the horse show goes on at 11 o'clock.

At 2 p. m. a baseball game between Bethel and Haymarket promises much in the way of entertainment and at 3:30 the tournament will be held.

Tournaments have come down to the present time from the middle ages and the manner in which this ancient sport is carried on in Virginia never fails to interest the spectators.

Dancing in the evening from 10 to 2, with special music will conclude the day events. Throughout the day refreshments will be sold on the ground.

The Haymarket event is an annual institution in Prince William County and will attract a large gathering.

## WARREN COUNTY CENTENNIAL

### Notable Celebration Will Be Held August 7 to 9.

The Founding of Warren County, Virginia, will be celebrated on August 7, 8 and 9 at Front Royal. These dates will mark the hundredth anniversary of the founding of the county.

Mr. Q. D. Gasque of Front Royal is chairman of the celebration and every effort has been made to make the occasion one of the most notable of events in northern Virginia. By pageantry and other means the history of this interesting county will be presented, with reenactments of stirring events from frontier days, through the War Between the States and up to its present progress and prosperity.

The Governor of Virginia and many other distinguished officials of State and Nation have been invited and over 500 descendants of the pioneer residents of the county will participate in colorful pageantry. The churches of the county will hold centennial services on Sunday, August 9, and a most cordial invitation has been extended to everybody to visit Warren County, a famous community for natural beauty and historical interest.

### LAWN PARTY TO FEATURE SPEAKING

Approximately 100 out of the county visitors, besides the guest speakers, are expected at the booster rally of District Five, O. F. A., which will be held on Saturday evening on the court house green.

As advertised, a lawn party will proceed the speaking and food and refreshments will be served to the visitors at a low cost.

The date was set before it was generally known that this was the final evening of the Fireman's Carnival at Manassas and it was much too late to consider recalling the many invitations which had been mailed to outsiders to come.

On account of the nearness to the carnival grounds it is possible that the speaking may be transferred to the high school building, especially if the weather is inclement. Announcement of that fact will be made on the evening itself.

Due to conditions stated, the speaking will begin promptly at eight o'clock when State President Shade will address the audience. Other speakers will include Col. J. H. Trimmer, State Treasurer of the organization; O. B. Hopkins, past State President; Mrs. Viola Dale, past State officer, Daughters of America, and George D. Baker, past District Deputy. J. M. Bell will preside over the exercises.

The hour set for the lawn party is a little indefinite, having been generally scheduled as six p. m. The period will continue until 8 o'clock when the speaking will begin on scheduled time.

The public generally is cordially invited to attend and learn something about these two fraternal groups.

against the inroads of the disease.

Children showing a positive tuberculin reaction to the test are rarely, if ever, spreaders of the disease, and so in most instances it is not necessary to take the infected child from school, but it is necessary to see that the habits of the child as to eating, sleeping, and exercises are properly regulated.

### Where We Stand

Landon's speech of acceptance was delivered in due form and brought into the open the attacks on the Democratic party that have been going on under cover and with steady force since March 4, 1933.

The people of the United States are used to bombast on political years and within the memory of man, have had experience with both parties along these lines. The Republicans are great on whispered campaigns and greater still on oratorical outbursts regarding the other fellow's short comings. The history of all their party planks is largely a history of what the other fellow has not done.

The American people have passed through a tornado in the last three years. Coolidge saw it coming and he "did not choose to run."

In the late winter of 1932 the storm was at the high point of intensity. Daily headlines carried increasing news of business failures, shrinking values, and closing banks. Hordes of hungry men were mobilizing and women were fighting for bread for their children.

Republican leaders saw the storm, but drunk with greed and carried on by the swollen tide of Wall Street margins, they played too long for a safety retreat.

Hoover plead with Roosevelt to take the government over before the Fourth of March. Such a thing never happened before in this country. On the fifth day of March 1933 Roosevelt closed

the banks. This saved the day. He moved at once to mobilize business and restore confidence. When an earthquake has demoralized a community it takes time to rebuild. An earthquake shook America and it has taken time to rebuild.

That mistakes have been made since 1932 is certain, but the American people have seen and weathered mistakes in government before. What we are going to vote for this fall is continued certainty in business and not allow ourselves to be confused by shouts of a defeated foe.

In 1865, the darkest hour of Southern history, Abraham Lincoln had made the Constitution of the United States a "scrap of paper" and the South was under mob rule with gaunt starvation stalking the land.

Today we stand on the pinnacle of success and progress. Does any native born Southerner think that the Republican party helped this?

Next November we shall not vote for or against the New Deal. We are not voting for destroyers of Jeffersonian Democracy or enemies of the Constitution, for most of these went out of business with the Lincoln regime, the strongest advocates of such destruction, and the parent of all such as hate the South.

We will not allow ourselves to become confused with strange states as we did in 1928.

OUR PARTY CALLS US TO THE COLORS, AND OUR ANSWER IS "HERE"

### HOMEMAKERS CHANGE DATE OF MEETING

Due to disappointment in plans for the program the August meeting of the County Homemakers' Association has been postponed. The time and place of meeting will be announced later.

### KIWANIS WELCOMES OLD RESIDENT

The Kiwanis met Friday evening in an aftermath of the battle celebration, but all in happiness and good cheer at the great success for which the entire community contributed its share mutually.

Not at a loss for a program, Ted Didlake flashed another in the shape of the club's third greatest orator, Arthur Boatwright. This was the second time in one month that Arthur had contributed directly or indirectly to an entertaining program.

Reference was made to the origin of the battlefield celebration in the Kiwanis Club, and Ed Conner spoke of how the first steering committee got into action, this committee consisting of himself, Arthur Boatwright and Bill Cocks.

It was a genuine pleasure to welcome Dr. Joseph Hornbaker, native of the town and now residing at St. Petersburg, Fla., where he joined the Kiwanis International.

### LOCAL STUDENT PILOT MAKES SOLO FLIGHT

Samuel Hottle, sixteen year old aviation enthusiast of Manassas, made his solo flight early this week from the local airport after completing a course of instruction given by Beacon Field, Inc., Alexandria, Virginia. Mr. Hottle has shown unusual aptitude in flying airplanes and his instructor has predicted a bright future for the youthful aviator.

The Journal Office takes pardonable pride in having, at one time or other, employed the services of both Mr. Hottle and Mr. Compton, who are at present the only pilots residing in Manassas, the latter now representing Beacon Field's flying service at the local airport.

### MOTORCADE STARTS AT MANASSAS

Mayor Davis, of Manassas, may be seen at left of line; fourth from him to the right is A. S. Boatwright, also of Manassas.

### ANENT THE BATTLE FIELD COMMITTEES

In stating the names of committee chairmen in last week's Journal, a request to publish the full names of the original "steering" committee of the Kiwanis Club on the battlefield celebration was not complied with.

Assisting Mr. Conner on this committee were Messrs. Boatwright and Cocks. A full account of the activities of this and other committees was given in detail in this issue of March 12.

All of the names of the committee chairmen have been published at least twice in many publications and the public given every opportunity to ascertain who the workers were.

## RETURN FROM SHORT COURSE

### Prince William Was Well Represented at Blacksburg.

The 17th Annual 4-H State Short Course was concluded on the Virginia Tech drill field at Blacksburg, Friday night, July 24, with impressive ceremonies wherein eighty-four Virginia farm boys and girls were made members of the All-Stars, a 4-H Honorary Organization.

The Prince William Club members, Margaret Burdette, Occoquan; Billy Hale, Nokesville; and Billy Harpine, Nokesville, were among those elected to membership from throughout the State in the organization.

The County Delegation composed of Margaret Blakemore, Margaret Burdette, Charlotte Thompson, Mary Carter, Esther Muddiman, Anna Lee Brown, Lucy Johnson, Anne Cebula, and Miss Flora Bullock; John C. Russell, Billy Hale, Billy Harpine, Edward Russell, Francis Tracy, John Slovenski, and Alan Staples, returned home Saturday afternoon from the State Short Course which was held at Blacksburg from July 20 to 25.

### TYSON JANNEY

Tyson Janney, prominent layman in the Methodist Episcopal Church, South, and representative from the House of Delegates from Prince William and Stafford for the term beginning 1908, died late Tuesday night at a Washington hospital after a rather brief illness.

Mr. Janney was born in Occoquan very shortly after the close of the War Between the States, his parents being Joseph and Edith Hunter Janney. He spent a good deal of his life in that community and where his son, Harvey, is now in business.

He was always intensely interested in the civic betterment of his community as well as in promoting church leadership. Instruction of religious workers was quite a hobby with him and he was very capable in this field.

For many years before his death he was head of the Janney-Marshall Grocery Company and more lately president of the Independent Mutual Fire Insurance Company of Fairfax County.

He is survived by his wife, Helen Meta Janney, and the following children: Mrs. George Taylor, and Douglas, Joseph and John Janney. One son, Harvey Janney, is a resident of Occoquan. He also leaves several brothers and sisters.

Funeral services are being conducted tomorrow afternoon and interment will follow in the old Presbyterian Cemetery in Alexandria.

### CHARLES B. WEATHERHOLTZ

Word was received here this week of the death of Charles B. Weatherholtz, a former resident of Manassas and who was living at Womelsdorf, Pa., at the time of his death.

Mr. Weatherholtz, for many years, lived in the Nokesville vicinity, later moving into Manassas, where he operated the ice factory.

Funeral services were held from his residence Wednesday and the body laid to rest in Sinking Spring Cemetery there.

Mr. Weatherholtz had many friends in this community.

### GARDEN CLUB HOLDS MEETING

The Manassas Garden Club held its regular meeting on the spacious porch of Mrs. R. A. Hutchison Tuesday morning, July 28 at 10:00 a. m.

Many very beautiful flower exhibits were brought. Concluding the meeting was a round table discussion.

### MARRIAGE RECORD

July 30—Norvelle Franklin Herring and Garnette Marie Davis, both of Woodbridge.

### LEGION NAMES

## JAMISON HEAD

### Prince William Post Has Had Excellent Commanders.

American Legion Post 158 held its regular meeting last Thursday evening in the town hall, at which time officers for the incoming year were elected.

Captain Howard Jamison was named to succeed Mr. Paul Scott Williams as Commander. Mr. Williams has served the Post quite efficiently and under his able leadership, the Post has accomplished some very fine work.

Other officers elected were Dr. H. E. Pickeral, senior vice-commander; Mr. Moss Jacobs of Haymarket, junior vice-commander; Miss Margaret Lynch, adjutant; Rev. John DeChant, chaplain, and Mr. Eugene Davis, sergeant-at-arms.

At the next meeting, which will be held the second Tuesday in August, these new officers will be installed and Commander Jamison will have a list of committee and their assigned duties.

The large crowd, which was present, was much appreciated and it is hoped that as many will be in attendance at the next meeting. All members are requested to note that previously all meetings were held the second Thursday in each month. Effective immediately all meetings will be held the second Tuesday in each month.

### 4-H CLUB CAMP AT JAMESTOWN

Prince William 4-H Club boys and girls, along with boys and girls from other Northern Virginia Counties will again participate in the annual Northern Virginia 4-H Short Course at Jamestown from August 10 to 15.

The Jamestown 4-H Camp, originally made possible through the assistance of the Norfolk and Western Railroad, is ideally located just across the inlet from Jamestown Island. The buildings, consisting of a large recreation and dining hall with county cottages for girls on one side and for boys on the other, form a semi-circle facing a safe and gently sloping beach on the James River. There are ample grounds for baseball, tennis, volley ball and other games.

The usual courses in farm and home subjects will be offered. The State Capitol will be visited en route to Jamestown and points of historical interest at Yorktown and Williamsburg will be visited during the week.

Adult women and men 4-H leaders from the County will accompany the youngsters and instruction will be given by members of the V. P. I. faculty.

Since 4-H camping facilities are being provided by the National Park Service in Chopawamsic Park, future county and district short courses will likely be held there, and this may be the last opportunity that Prince William Club members will have to attend the Jamestown Camp as a group.

The attendance from the County since 1930, our first year there, has increased each year and in 1934 two buses were necessary to take care of the County delegation. The Camp was not held in 1935 because of the general infantile paralysis quarantine.

### V. P. I. ALUMNI TO MEET

H. B. Redd, secretary of the general Alumni Association, Virginia Polytechnic Institute, announces that there will be a banquet meeting of all Virginia Tech alumni residing in Prince William, Orange, Rappahannock, Madison, Culpeper and Fauquier counties, Friday, August 7, at 7:00 p. m. at William Tea Room, United States Route 15 (three miles south of Culpeper) for the purpose of forming a chapter of the general Alumni Association. No funds for any purposes will be solicited at this meeting and all Tech men, whether graduates of the college or not, are urgently asked to be present.

Mr. Redd and a member of the college faculty will be present to assist in organizing the chapter and to tell about some of the ways in which such an organization can help build a bigger and better Virginia Tech. Some form of local entertainment will be arranged by a special committee. As far as their addresses are known, Mr. Redd has notified alumni of the college living in the territory as to this meeting, but no doubt there are many who are not on the alumni rolls. He asks that those who do know of the meeting notify any alumni whose names may not be on the list and urge them to attend the banquet.
