U. D. C. GUESTS AT OAKSHADE

8th Virginia Chapter Delightfully Entertained.

Once more the 8th Virginia Regiment Chapter had its July meeting at Waterfall, on the first Thursday in the month, at 3:00 P. M.

Hostesses for the occasion were Miss Margaret Shirley, Mrs. R. B. Gossom, Mrs. Randolph Smith, Miss Flora Smith, and Mrs. Nimrod Lightner.

The meeting was at Oakshade, attractive home of Miss Margaret Shirley. It took place on the lawn beneath the fine old oak trees which give a name to the place.

In the absence of the President, Mrs. Alice Hutchinson, Mrs. R. B. Gossom, First Vice President, opened the meeting with prayer. The flag salute, which was next on the program, was very pretty, as the flag was held by Master Phillip Thornhill, great grandson of a Confederate soldier, Mr. Phillip Smith, of Waterfall.

An interesting article was read by Mrs. Jane Lyon, entitled "The Part Our Mothers took in the War Between the States". There were passed around "Historical Questions" of events during that period. The answers given with promptness showed that the 8th Virginia Regiment Chapter was well up on Confederate History.

The next paper read was one which appeared in the Manassas Journal of June 3rd, namely the letter written by Adjutant William Lindsey Carney, of Lee Camp, Alexandria, Va. It was discussed and all present agreed with the writer that the flag of the Stars and Bars should be the one flown in a Confederate cemetery. It is indeed no place for any other flag.

Refreshments were served in the dining room, where the tables with flowers, candles, and small Confederate flags presented a lovely appearance, and where the daughters sat down to delicious cake and ice cream. Fruit punch was served later on the lawn. After the social hour we bade goodbye to our hospitable hostesses, all agreeing that this had been one of our most delightful meetings. The next one will be at Memorial Hall, Hickory Grove on the first Thursday in August.

ATTEND INSTITUTE OF PUBLIC AFFAIRS

Mrs. W. L. Lloyd and Mrs. T. J. Broadus have returned to Manassas, after a very pleasant trip to the University of Virginia, where they attended some of the sessions of the Institute of Public Affairs being held there the past two weeks. Mrs. Lloyd was appointed a delegate from Prince William County by Gov. George E. Perry.

While in Charlottesville, Mrs. Lloyd and Mrs. Broadus were joined by Mrs. C. C. Lynn and Miss Nancy Lynn and attended a luncheon and board meeting of the Virginia Federation of Women's Clubs at the Monticello Hotel. They had the pleasure of hearing Dr. Anna Lane Lingleback, professor of history at Temple University, make a most interesting address on World Peace.

POOL O. K'D, BY HEALTH DEPARTMENT

Reports from the Sanitary Engineers in Richmond last week indicate from samples submitted at that time of water taken from Lake Jackson swimming pool that no contamination existed of bacterial organisms of the coli-aerogenes group.

HANNAH C. CRUMP

Mrs. Hannah C. Crump, of Aden was buried yesterday afternoon at the Bridwell cemetery near her home.

Mrs. Crump, who was the daughter of Harrison Holmes, of Catlett and Mary Carter, of Stafford County, was born here June 27, 1850. Her husband, Nathaniel Crump, and a number of children and grand children survive.

The funeral was held from the home. Rev. Mr. Wine, of Independent Hill officiated.

The Ladies Aid of the Buckhall U. B. Church will hold an ice cream social at the Buckhall School House Tuesday evening, July 22nd beginning at 8 o'clock. The public is cordially invited.

POLITICAL TRENDS (Editorial)

As the primary approaches interest is increasing in State and local politics. That Price has the nomination is generally conceded. The indignation felt by Mr. Holt's friends when it was supposed that Mr. Price had become outspoken for Mr. Daniel has about subsided as it is more apparent that the Lieutenant - Governor merely meant to compliment Mr. Daniel in the latter's home community. Lately, he gave the same praises to Mr. Holt.

Mr. Holt has rapidly gained ground, it is generally felt, and the same attitude is taken by many of the voters of Prince William in regard to the genial and much liked candidate from Woodbridge, Mr. Herring.

We hope next week that we can give our readers the definite platforms of the men who are seeking office.

CONVENTION OF SUNDAY SCHOOLS

Council of Religious Education Meets August 3.

Plans are under way for the annual convention of the Prince William County Council of Religious Education, to which most of the Sunday Schools of the County belong. It is planned to have two sessions on the 3rd of August in Manassas. Rev. Minor C. Miller, State Secretary, will present plans for the coming year.

The big piece of work done the past year was the employment of Miss Emma Perkins to teach religion to the children of the fourth, fifth and sixth grades of the public schools of the county. She is to be continued in the work and may have a part time assistant. Funds for her work were given by subscriptions of individuals, organizations. Sunday Schools, and churches of the county. Reports of this work will be presented by Rev. John M. DeChant. He will also outline plans for the future.

Conferences of Church School teachers will be held under leading religious education at these meetings. Inspirational talks by Rev. Minor C. Miller, Rev. John M. DeChant and other pastors, and laymen will make the meeting valuable. Important committee reports on daily vacation bible schools, religious education, and other religious ideas will be part of the convention. All Schools throughout the county should send delegates and make reports of their activities. Further announcements will be made in this paper each week until the convention.

CLERKS HONOR

COURT OFFICIAL

Hon. George G. Tyler, clerk of the Prince William Circuit Court, was the recipient of a cooling little party at the close of the day's business.

Mr. Tyler has been away for a week or two and the occasion was to honor his return. It was a very pleasant little affair and the honor guest was very appreciative of being so remembered.

COUNTY AGENT ADVISES FARMERS

Better Pastures

The following article concerning the value of pastures is taken from the July issue of the State Department of Agriculture Bulletin:

"It is much cheaper to put fat on livestock from pasture than from grain. It pays the farmer to have good pasturage. Good pasturage appears to be a perfect feed for all herbivorous animals except those doing hard work, giving very large quantities of milk, or being fattened rapidly. A good pasture not only provides natural conditions but it reduces the labor of caring for stock, also the range of mineral and vitamin deficiencies. Immature pasture, including both grasses and legumes, has feeding properties similar to those of high-protein concentrates. It is richer in protein and more digestible than the best mature hay.

Thus the farmer should improve the soil of his pasture. Applications of superphosphate are usually the most profitable. Good pastures cannot be expected year after year without fertilizing from time to time, and a liberal application of lime."

State Farmers' Institute

Farmers attending the State Farmers' Institute at Blacksburg on July 27, 28 and 29 will have an opportunity to see the results obtained from fertilizing and liming permanent pastures on the Experiment Farm.

Talks on the subject of liming and fertilizing pastures by T. B. Hutcheson and R. E. Hunt are scheduled. Among other subjects on the program are: The Value of Soil Tests, by H. L. Dunton; Value of Sires in Livestock improvement, by K. E. Litton; Grading as a Means of Lamb Improvement, by G. C. Herring; Proposed New Farm Legislation, by Chester Gray; Insects Attacking Vegetable Crops, by Harry Walker; Poultry Disease Clinic, by Dr. E. P. Johnson; Molasses Silage Demonstration with Legumes and Grasses, by A. D. Pratt; Improving Dairy Herds through Breeding, by R. G.

SEEKING DATA ON OLD FAMILIES

Judge Redmond Cole, whose address is Box 92, Tulsa, Oklahoma, was in Manassas Monday searching for old records of the Davis, Simpson and Sealeman families. As family historian of the Sealeman family of Occoquan, Judge Cole believes these three families to be the oldest in the counties of Fairfax and Prince William and will appreciate communications from anyone interested in the collection and preservation of the records of these families.

Judge Cole was born in Missouri and lives in Oklahoma, but is by inheritance and personality a gentleman of the old Virginia school and his visit, with his charming wife, was much enjoyed by those who were fortunate enough to make their acquaintance.

CRITICALLY INJURED

Mr. Harold Hampton, resident of the Hoadly neighborhood, who was critically injured in a gasoline explosion in Washington several weeks

ago, has shown very little improvement and is still in the hospital.

HOT WEATHER HINTS

Sunstroke can be avoided by keeping out of the hot sun and by not overdoing in physical exercise. An attack frequently begins with nausea, giddiness and mental excitement, following a long exposure to the sun. The face is flushed, the pulse full and rapid.

The first thing to do is remove the patient to a cool spot and then send for a doctor immediately. Reduce the body temperature by placing the patient in a cold bath, sponging the surface of the body with cold water or rubbing the body with ice.

Keep up the treatment for ten or fifteen minutes and then place the patient between blankets without drying the body. If there is no improvement within fifteen minutes, repeat the cold applications as before and keep repeating them every fifteen minutes until consciousness is well established.

Sometimes after apparent recovery, the patient becomes drowsy again and the head becomes hot. The treatment must then be repeated as

before.

"Those who are forced to work in the open sunlight," Dr. Fraser explained "should see to it that they wear a hat that protects the back of the neck as well as the top of the head and their clothing should not be close fitting or bind the body. Furthermore, they should take great care to drink large amounts of cool water or cool, weak tea to make up for the excessive amounts of moisture lost by the body through perspiration."

Heatstroke differs from sunstroke in that it does not depend on exposure to the sun, but may attack a person during extremely hot, humid weather. It is characterized by sudden fainting attacks, the body is cold and clammy, the face pale, the pulse weak and slightly, and a gasping or sighing respiration.

First send for the doctor. Then apply heat to the patient's feet and around the body. If the patient is conscious and can swallow, give quantities of hot, weak tea.

Connelly. These and many other subjects will be discussed. Since the program is divided into several sections (Agronomy, Animal Husbandry, Poultry, Vegetable Crops, Dairy, Horticulture, etc.), each individual will be able to choose the talks and tours in which he is particularly interested and to avoid being bored by listening to something in which he has no interest.

These programs, with the evening social hours, special music, the tours of the Experiment Farm, the opportunity to talk with and meet farmers from every county of Virginia, a visit to nearby Mountain Lake and going and returning by different routes (including the southern end of Skyline Drive) should provide an enjoyable and profitable short vacation. Checking Of Conservation Program Performance To Start Soon

The work of checking performance of farmers taking part in the 1937 Agricultural Conservation Program will get under way soon. Performance will be checked by local supervisors who will visit each participating farm to obtain information about what actually has been done toward meeting the conditions of payment provided by the program. Each farmer will be asked to assist the supervisor who visits his farm in preparing a report of the 1937 farming operations. The report will include a sketch of the farm showing the fields, the acreage of crops grown in the fields, the soil-building practices carried out and the names of persons sharing in the crops and practices. Much time can be saved by making a sketch of the farm and listing this information for each field prior to the supervisor's visit. Measurements will be made where necessary.

In connection with soil-building practices carried out, such as the seeding of specified legumes and grasses, application of lime or the use of fertilizer in connection with certain legumes and grasses, farmers will be asked to supply records and receipts or to show otherwise that they have carried out the practices.

CELEBRATION OF FIRST MANASSAS

The annual celebration of the First Battle of Manassas will be held on the Manassas Battlefield Confederate Park land known as the "Henry Farm" beginning at 11 o'clock, a. m., on July 21, 1937, at which time the address will be made by Mr. Fred Myers, of Washington, D. C., a lawyer and Son of Confederate Veteran. In the afternoon at 2 o'clock, the principal address will be made by Congressman J. R. Mitchell of the Fourth District of Tennessee. Music will be rendered by members of the Washington Opera Guild, Evangeline Tully, Dorothea Cutting, Ida Wood and Thelma Hardy singing under the direction of Marie Morris.

The celebration will take place upon the "Henry Farm," upon which land terminated both the First and Second Battles of Bull Run and upon which spot "Stonewall" Jackson received his immortal name.

The public is cordially invited to attend and to have a picnic lunch on the grounds.

ago, has shown very little improvement and is still in the hospital.

County-Wide Drive for Members Meeting with Success

The Young Democrats have continued their series of rallies during the month and the same will see another on the evening of July 23 at Occoquan. Mr. Fred Lynn and Mr. Harvey Janney are arranging for the dance to follow the business meeting at the high school.

At the meeting held at Dumfries the audience was favored with a delightful program which concluded with a dance number by the Misses Kathleen Cato and Audrey Kline. Mrs. Beulah Brawner and her daughter, Miss Eloise Brawner, sang several delightful numbers.

The feature of the meeting at Nokesville last week were the political addresses by Messrs. Herring and Moncreur.

These meetings are being held in conjunction with the membership drive staged by the Young Democratic Club of Prince William County.

The Prince William County Chamber of Commerce met Wednesday night in the Town Hall at Manassas. Mr. Harry P. Davis, vice-president from Manassas Magistral District, presided in the absence of Mr. Cloe, president, who was prevented from being present by illness.

A meeting of the Board of Directors followed the general session and much of the evening was devoted to discussion of the probability of a new industry being located at Manassas. The concern exhibiting interest in locating here is said to employ 350 to 400 people and to have an annual payroll of around \$250,000.

The Board of Directors adopted a resolution instructing the secretary, Mr. Stanley A. Owens, to offer the concern a donated site and to suggest the possibility of securing a five year exemption from local taxation and to offer full co-operation of the Chamber of Commerce.

WATERFALL

Hello, Everybody! Have you missed us? We hope so.

Congratulations Catharin on your timely topic in last week's Journal. Just what we had in mind, but lacked the courage to speak out. Just why is it so many seem to forget the faith of their fathers, and our Lords command to forsake not the assembling of ourselves together. But every church has its faithful few without which no church could survive. What a wonderful thing it would be, if we could have Sunday School buses, as well as for the public schools; to bring in the children who would gladly come if they had anyway. A check up on vital statistics show that few criminals ever attended Sunday School which forcefully reminds us of the wisdom of King Solomon.

The tick fever excitement has somewhat abated. But daily searches still are made for the pesky insects, and our hills and vales seem to be as popular as ever with summer boarders and week enders, who delight in tickling their toes in our cooling stream and wallowing in the old swimming hole there hot sweltering days.

The Fourth passed pleasantly for all. Everybody enjoyed fried chicken and fireworks without any casualties. Many returned to their old homes for the week end and some fared forth to other places. Mrs. Pauline Thornhill visited her brother, R. B. Gosson, Jr., in Danville, Va., who took her to supper and an inspection trip to his S. C. S. Camp near that city, also for an auto ride far into North Carolina.

Mr. Frank Rawlinson-Hunt and wife of Los Angeles, Cal., who spent a part of the past two weeks visiting his brother, Jack Hunt and other relatives and friends in this community left on Monday homeward bound, via Portsmouth, Richmond, and other southern points of interest, including some of the Florida resorts. Frank was one of our popular his fortune in the glamorous land of eternal sunshine and from all reports and appearances has made good. He is president of the Burbank Optimistic Club, whose slogan is "Friend of the Boy" and was a delegate to the international convention at Cincinnati, Ohio, June 20th to 24th. The occasion of his visit here at this time was to attend the Scout Jamboree in Washington, being president of the Boy Scouts of Burbank, of the Verdugo

Council, of which he was sent as a delegate. This is his second visit back to the home of his childhood. He and several other brothers are prominent business men of Southern California.

Antioch Baptist Church will celebrate her one hundredth anniversary on Sunday, August 8th. This being the regular annual home coming day services will be an all day affair and several special features have been arranged. Everyone is invited, and will be graciously welcomed also to attend the nightly services the following week.

REMINGTON A. C.

Moses A. C. defeated Sunday on the Remington diamond.

Due to the absence of the pitcher, Harry Mayhugh pitched the game allowing only three hits. Harry makes a good record, winning the first game he pitches for Moses A. C. The score was 5-3 in favor of Moses A. C.

Sunday, July 18, Moses A. C. will play Annandale. This game will be played on the Haymarket diamond. Everybody come out and enjoy the game. We hope this be an interesting game. All the public is invited.

THE WATER OF LIFE: And he said unto me, It is done. I am Alpha and Omega, the beginning and the end. I will give unto him that is athirst of the fountain of the water of life freely.—Revelation 21: 6.

SENATOR ROBINSON

The death Wednesday of this week of Senator Joseph Robinson has shocked the entire nation. None other than President himself is so essential to the welfare of the Democratic Party, and his death at a time when there is such a critical struggle being waged in the United States Senate is bound to have far-reaching effects upon the accomplishments of the Roosevelt Administration.

The majority leader in the Senate always occupies a very responsible position, but Senator Robinson's place was indispensable. He was the President's right hand man in the great fight which is being waged upon the Supreme Court Reform measure. In fact, his death is attributed to the strenuous effort which he has been making in behalf of the Roosevelt recommendations.

Regardless of political affiliations, all Americans will regret the passing of this able public servant. He has served his country long and well.

VACATIONS FOR HORSES

Vacations for horses have been ordered by Mayor S. Davis Wilson of Philadelphia. He decided that if the mounted policemen were entitled to vacations, so were their mounts, "And that goes for the ashcart horses, too," he said.

Wait until the privately owned horses hear about the good luck of the city equines. They'll prick up their ears and start collective bargaining with draymen for vacations, too—and who can say them neigh? If some cranky private owner refuses his horse a vacation, will Dobbin start a sit-down strike?

Jealous persons will envy the ease with which horses decide to go on vacation. No worrying about choosing between the mountains and the seashore—just a picnic, in clover, most anywhere, will do.

But vacations for horses are

not new. On many farms of yesterday the horses were turned out in the newly-cropped meadow for a vacation of a week or two in the slack spell between haying and harvesting. One old Betsey, a roan mare, developed the week end habit, too. She seemed to know when Saturday night came, and as soon as she was unharnessed trotted, not to her stall, but to the bars of the pasture fence, ready for a week end in the open. And if the bars were not opened soon enough to suit her, she vaulted the fence and disappeared down the lane to the willow-shaded brook.

Vacations for horses may well be recommended in both the city and country. Two weeks' vacation with pay—in oats and clover—ought to revive even the weariest horse and fit him better to pull his load the rest of the year.

DO YOU REMEMBER?

Two weeks ago the announcement
of the big game of baseball to be
played between Manassas and Nokes-
ville.

This game was played on July 4,
but for some reason it did not reach
the press as we thought it might be
well to give you a short review of
this game before the game played on
July 11 reached the press early
Monday morning.

There had been considerable talk
about which was the better of the
two teams.

On Sunday, July 4, a goodly num-
ber of fans witnessed the battle and
before the game had gotten under
way very far, they began to see a
winner.

The game was played well from
start to finish but the heavy hitting
of Smith, Hedrick, Hash and a few
others chipping in, the snappy and
air tight fielding and last but not
least the masterful pitching of he
ace right-hander Joyce Garman put
Manassas at the short end of a 6-3
score.

THE DOLLAR AND THE CENT

A big silver dollar, and a little brown
cent.

Rolling along together they went
Rolling along the smooth sidewalk,
When the dollar remarked—for the
dollar can talk:

"A poor little cent, you cheap little
mite,
I'm bigger and more than twice as
bright,
I'm worth more than you a hundred-
fold."

And written on me in letters bold,
Is the motto drawn from the pious
creed,

"In God we trust," which all can
read.

Yes, I know; said the cent,
I'm a cheap little mite, and I know
I'm not big, nor good, nor bright.

And yet, said the cent, with a meek
little sigh—
You don't go to church as often as I.
