BICENTENNIAL DRAWS THOUSANDS

Midnight Ceremony to Close Colorful Fete.

"Cavalcade of the Cavaliers," the mighty drama built around Richmond and her notable history during the past 200 years, will come to a conclusion in a blaze of glory September 25. This mammoth spectacle has drawn thousands of visitors to the city and has received unqualified praise from all sides.

The fore than 1,000 trained actors on the huge water screened stage represent the men and women of Richmond's glorious past who have played such important roles in the world's history since the founding of Richmond. Authentically costumed, these actors present a vivid picture as they move through the spectacle.

Records on the Richmond Bicentennial celebration will be sealed at midnight September 24. These records will not be opened until the 300th anniversary of the city. The largest candle in the world, which has burned steadily since the opening of "Cavalcade" on September 13, will be set aside for civic celebrations of the future, and it is hoped that some of it will be available for use on the 300th anniversary.

A football game between the University of Richmond and Randolph Macon College will be played at 3:30 o'clock Saturday as one of the closing features on the Bicentennial program. The Virginia Kennel Club will give an exhibition of thoroughbred dogs at 3:30 o'clock the same afternoon at Monroe Park. The grand finale to "Cavalcade" will be presented at the Stadium at 8:15 o'clock on September 25.

MAC'S VS. NOKESVILLE SUNDAY 3 P.M. FINAL GAME

Manassas A. C. and the Nokesville A. D. will cross bats on Swavely Field Sunday at 3 P.M.

This is the final game of a five game series. Each team having won two games. Each one of the games have been decided in extra innings.

"Cannon Ball" or "Plumber" Conner will start on the mound for the Macs. He has a record of nine victories and two defeats, both of the defeats came at the hands of the Quantico Indians. He has been trained especially hard for the game this week, tossing bolts, pipes and nuts around. He promises to be "ready". Gorman will probably be on the mound for the visitors. The writer does not know his average but know he has beaten the Mac's twice. This should be a pitcher's battle.

The baseball club treated the boys to a big league baseball game last Sunday in appreciation of the boy's interest in their team this year. Every one of them seemed to enjoy it.

Sunday will be the last game of the year so come out and help the boys. They promise a good game. Don't forget, time: 2:30 p.m., place: Swavely Field, Date: Sunday, Sept. 26th. Be there and see a good ball game.

STATE HOLSTEIN BREEDERS TO HOLD SALE

Virginia Holstein breeders have consigned 77 high quality registered cows for the sale at Orange, Va., at 10:30 a.m. on Wednesday, October 6.

The Holsteins to be offered are mostly fresh cows and heavy springers and are 100 per cent negative to both the Bangs and T. B. tests. All consignments are from Virginia's best production tested herds and are well supported by high production records and high pedigrees. This sale offers an opportunity to select foundation Holsteins of excellent quality.

FACTORY AGENT HERE

Mr. Rosenstein, representative of a woolen products factory which has been investigating this area for several months past, was in town today to personally contact some of the business men.

He was introduced by Mr. Owens, secretary of the county Chamber. He received detailed information from Town Manager Cocks as to various utility costs, water analyses, etc.

Mr. Rosenstein expressed himself very favorably and it is very possible that the plant will come here within the next twelve months.

TWO MEN DIE OF INJURIES

Baxter Blevins and John Burgess Struck by Locomotive.

A shocking accident took place in the early evening on Monday, Sept. 20, when two employees of the Manassas Mills met death suddenly near the Coal Bin.

Shortly after leaving work John Dawson Burgess, age 50, and Baxter Blevins, age 52, were struck by train No. 31, Burgess, being killed outright and Blevins living a short while thereafter.

It is reported that the engineer saw the men and sounded his whistle but that neither of them cleared the path of the oncoming train. Blevins was rushed to the Alexandria Hospital, in a vain effort, but died to death before any substantial aid could be given.

Mr. Burgess, who was a native of Fauquier County, has been living here since his employment by the Milling Company last spring.

Funeral services were conducted in Baker's Chapel at 2:00 P.M. on Thursday by Rev. DeChant and he was buried at Little Georgetown.

He is survived by his wife and several children.

Mr. Blevin, who was a native of Southwest Virginia, located in Fairfax County near Clifton Station for some 15 or 20 years, where he farmed until his removal to Manassas in 1929. He has been constantly employed by the Manassas Mills since that time.

Funeral services were conducted by Rev. Graham at the Baptist Church at 2:00 P.M. on Thursday. Interment followed at Fairfax Station.

He is survived by his wife and a large family of children, most of whom are very small.

RED CROSS DRIVE OPENS ON ARMISTICE DAY

The annual Red Cross Roll Call drive open formally on Armistice Day, November 11. But the District of Columbia and nearby counties like Fairfax and Arlington have already begun their drive.

Will you government workers and other Prince William people who work in the city please tell the canvassers that you will enroll in your home county? Or, if you must enroll in the city at your place of business, be sure to give your home address so that our county will receive credit for your enrollment.

Residents of Occoquan and Dumfries districts have the privilege of joining the Red Cross now. The local Chapter has thought it wise to begin the Roll Call in these districts at this time. Canvassers have their new 1938 supplies and are already at work.

After the magnificent work of the Red Cross in the floods of last spring, no one needs to be urged to join. Everyone will be wearing the membership button for 1938.

PRISONER ESCAPES

Willie Brown, a colored prisoner at the local jail, escaped Wednesday morning while working at Thornton School. Mr. Robert Vetter, who was in charge of the prisoners, had left them and returned to Manassas. Upon returning he found that Brown had disappeared from the group.

Brown was taken in Sunday on a gambling charge and was sentenced six months by Judge Wm. Hill Brown.

FOREIGN MISSIONS PROGRAM

A Stereopticon lecture depicting scenes in 16 foreign countries and describing work on the mission field, will be given in the Presbyterian Church on Wednesday night Sept. 29 at 8 o'clock. This lecture was specially prepared to commemorate 100 years of Foreign Mission in the Presbyterian Church. All the pictures are new. The public is cordially invited.

To the Taxpayers of Prince William County

In discussing the proposition of an addition to the courthouse, it would seem that one should use the same reasoning for the county's business as he would for his own.

It has always been my policy, after suffering a set-back in business, and when things began to prosper again and money became easy, to liquidate any debts contracted during the bad period and spend only when it was impossible to do otherwise.

This does not mean that one should refuse to take advantage of any new project that promises fair returns, but it does mean that to spread out and spend for new equipment that is not going to increase one's income while the old equipment is giving fair and adequate service, is very bad business.

Continuing to pay interest on a person's debts while he discards his old car, which is giving him good service, because family pride has outgrown it, and buys a new car with funds that should have been used to pay debts leaves him open to criticism.

This should apply to the county as well as the individual. There are many reasons why, at this time, we should be very careful as to how we spend.

A great deal of land in the county has been bought by the Federal Government. I understand that we receive no taxes on government-owned land. This means that the remaining land-owners pay the difference.

It also means that a reassessment may be necessary. There are some that will tell you that this land was assessed very low and did not mean a great deal in taxes. That may be true, but the loss of that tax may mean a deficit in our county funds where today there is a small surplus.

With much trouble in the world and a spirit of uncertainty everywhere, it would seem that if we have any surplus funds they would go to liquidate debts and in so doing would re-

duce the interest we are paying. This would help us to offset the loss of taxes noted above.

Overlooking our obligations we are about to spend from \$20,000 to \$24,000; on an addition to the Court House which is giving us good service at the present time. There is need for more room, and of this there is no question, but there is a large question whether at this time we should spend this amount of money or use it to reduce our obligations or possibly to return it to the taxpayer in a reduced levy.

A public discussion of this subject now would be of much value to the Board of Supervisors in determining how to handle it. I cannot at this time support a measure that may lead to an increase in the county levy unless there is public demand for the same.

We have become in the last few years conscious of many social disorders that need adjusting. I am very glad to report that the Board realizes that something is to be done along this line and are going forward in a conservative manner.

At our last meeting a committee of two doctors, namely Payne and McBryde, from the Medical Fraternity of the County, reported some serious conditions that threatened the very base of our social institutions and asked aid in remedying them.

We have sufficient funds coming in that will enable us to take care of the doctors' suggestions, and also to have the school children taken care of in a way to avoid the spread of many diseases that in the past have often cost young lives in the community.

If funds are used to build an addition to the Court House it looks very much as if we would have to drop this very important work or raise the 1938 levy.

Supervisor, Gainesville District

Prince William Academy Opens

The first semester of the new Prince William Military Academy was opened yesterday. Inspiring addresses were made by Rev. Graham, pastor of the Baptist Church of Manassas and Rev. DeChant of the Presbyterian Church. There was a fairly good attendance for the opening, considering the circumstances, namely that there was so short a time to get ready, Colonel Hulvey said. He remarked that he feels very much encouraged, and expects a good increase now that the school is under way. Colonel Hulvey reports that he has a very satisfactory faculty consisting of six men, including himself. Two of these are substituting for regular members of the faculty who could not be present yesterday.

Boys present represented three states and Washington City, Prince William and Fairfax Counties.

Colonel Hulvey reports other good prospects from Washington and other places, including far-away Tucson, Arizona. Among his former students from Arizona, was Robert Neal, son of Dr. A. O. Neal, Dean of the University of Arizona, Tucson, Arizona.

CAN REGISTER UNTIL OCTOBER 2

October 2 is the last day in which voters eligible to vote in the general election on November 2 may register. On account of the larger interest in the Democratic primary which is held in August, most who will cast their ballot in the general election have already complied with the necessary registration. It is pointed out, however, that Party affiliation is based upon what was done in the "last general election", and for this reason all qualified voters should properly register and vote in the November election.

NOTICE TO FARMERS

J. Gray Beverly, Field Supervisor will be at the office of Mr. Frank Cox, County Agent, Post Office Building, Manassas, Virginia, Wednesday, September 29, from 9:00 a.m. until noon, for the purpose of taking applications for loans under the Emergency Crop Loan Act.

Farmers desiring these loans should apply on that date.

Gold Star Mothers In Pilgrimage

The second annual pilgrimage of Gold Star Mothers to the birthplace of Woodrow Wilson at Staunton, Va., is being sponsored by people of Augusta County beginning Sunday and continuing through Wednesday. Most of the features of the affair are gratis and no one will be called on to spend more than about \$6.00 on the entire trip.

The Pilgrimage will start at headquarters in Washington at 2:30 on Sunday and will pass through Falls Church and on up the highway to Front Royal and thence down the Skyline Drive to Panorama and from that point direct to Staunton. There will be a state police escort over the entire route.

An elaborate program has been worked up containing many features of interest and entertainment of the ladies. Some of the high spots will be the parade on Monday afternoon, the fashion review on Monday evening, the banquet Tuesday evening, and old fashioned jousting tournament on Wednesday afternoon, an old fashioned street dance in front of the City Hall on Wednesday evening.

There will also be a number of tours, musical entertainment and speakers of note.

WELBIE REDMON KILLED IN AUTO ACCIDENT

Mr. Welbie Redmon, aged 56, was killed instantly on Sunday night, Sept. 19, when struck by a car driven by Edward Mercer of Washington, D. C., while walking down Route No. 211, just below Gainesville. An oncoming car blinded Mercer and he failed to notice Mr. Redmon until within just a few feet of him.

State officer, E. H. Howe, who was the investigating officer, stated that the driver would be exonerated of all blame. No charges were placed against him at the trial held next day.

The body was removed to Hall and Cross Funeral Home at the order of the coroner. Funeral services were held at the Buckland Church at 1:00 on Wednesday, Sept. 22.

He is survived by 5 children and a brother and sister.

CLUB TO HOLD LADIES NIGHT.

The Manassas Kiwanis Club celebrated the exact 150th anniversary of the Constitution on Friday last with an address to the Club by one of its prominent speakers, O. D. Waters.

"O. D." dwelt on the phases of the era, the sentiment surrounding much of the debate, etc. He developed very neatly the economic status of the several colonies, coupled with their immediate origin.

Tomorrow evening is the semi-annual family night, and the usual profusion of youth and beauty is looked forward to. The last one was given along with the entertainment of the 1397 graduating class at Manassas, and was eminently successful.

P. T. A. RECEPTION TO NEW TEACHERS

A very nice reception was given the Manassas teachers on Tuesday night by the Parent-Teacher Association. The program opened with a prayer by Pres. DeChant, who then turned the meeting over to Mrs. L. L. Lonas.

Supt. Haydon made the address of welcome and Mr. Peters responded. He then introduced both the new and old teachers who arose when their names were called.

Mr. Lewis Carper rendered two delightful violin solos and Rev. Graham sang. Both were accompanied by Mrs. Carper.

The teachers then formed a reception line and the patrons were given an opportunity to greet them. Delicious refreshments, consisting of punch, sandwiches and cakes, were served.

Of particular interest was the fact that many men were present. The P. T. A. hopes to have many fathers join the Association this year.

VIRGINIA BOY LEAVES HAWAII

When the USAT "Republic" leaves Honolulu, September 10, on it will be one of the finest young men ever to soldier in Hawaii. Thomas H. Cornette, who hails from Prince William County, Virginia, is returning to his home here.

Cornette is considered one of the best athletes ever to perform here. Starring in five major sports, he has a good record in all of them. He has had two offers to play baseball in California, but can not accept them as he is under contract to the Honolulu Braves, '37 champions of the Senior League.

Once again Hawaii loses a fine young man but it's only for a short while, though we hope he will return soon to make his home here permanently. So Hawaii says "Aloha" and the best of luck to you, Cornette, on your well-earned trip to the mainland.

GARDEN CLUB WILL MEET WITH MRS. E. H. MARSTELLAR

The Manassas Garden Club will meet at the home of Mrs. Marstellar on Monday, September 27th at 2:30 o'clock, instead of Tuesday, the 28th, the regular meeting date. Mr. William Harrison Lamb will speak to the club on "Virginia Trees" and the members of the Garden Section of the Woman's club and others interested are cordially invited to attend and hear Mr. Lamb's interesting talk on our native trees.

Where a NUMBER appears following a name, it is to indicate the PARTICULAR farm upon which the higher score was attained.

REMARKS: The hot summer months are over, and in a few days we will enjoy the autumn season—Mid-Summer is really a trying period, and we fully appreciate the problems confronting our producers—many however have stood the test remarkably well and we have been particularly pleased to note that a great many of those who were able to make records for low bacteria counts during the early months of the year—when the cool weather and other conditions were favorable, have continued to do so throughout the hot months of summer—showing that by exercising the proper precautions, the situation can be mastered.

Seeing our old friend John B. Armfield of Fairfax, Virginia, up in first place for August, will, we are sure, meet with popular acclaim, as he has justly earned the honor. He has a prize winning record for the year of seven out of eight months—June being the only month he failed to put in appearance—First place in April and never below third place at other times.

M. C. Graybeal of Bel Air—John R. Clemens of Leesburg—Clinton Ballenger of Hamilton, Virginia—S. H. R. Fred of Middleburg, Virginia and Clarence Case of Hamilton, Virginia—also have excellent records.

We have five new faces this month, who come out with real determination and may be seen frequently throughout the balance of the year.—Mahlon A. Ankers, of Sterling,

Virginia—Carl and Gordon Reedy of Bel Air, Maryland—A. J. Cox of Fairfax, Virginia—G. A. Harlow of Culpeper, Virginia and Percy Ballantine of Bel Air, Maryland.

Winners of Our Mid-Summer Special Prizes

For the months of July and August only we offered to the ten producers showing the lowest bacteria count (yet not low enough to entitle them to a cash prize) a very desirable floor brush. Winners for August were as follows:

TRAINS HELP EDUCATION

Ask your School Board

Every twenty-four hours the railroads of the United States pay nearly a million dollars in taxes. Almost half of this amount is allocated to educational purposes.

Chesapeake and Ohio annually contributes about two and a half million dollars towards the maintenance of schools in the communities served by this railroad. A part of Chesapeake and Ohio's taxes are used in your own schools—ask your School Board!

Chesapeake and Ohio is not in the school business, but it is estimated that its school taxes pay for the education of fifty thousand children each year.

Chesapeake and Ohio is glad to be a good citizen, sharing in the life and responsibilities of your community.

PROTECT THE CHILD

Lloyd Griffin, secretary of the State School Commission, has issued a timely plea this week to the motoring public to cooperate fully in the effort to prevent bus accidents or other mishaps on the road involving school children.

The plea is especially timely, since it comes at the moment when the children are returning to school for the new term. Now is the time for motorists to form the habit of stopping upon sighting buses in the act of loading or unloading pupil passengers. Now is the time for them to form the habit of driving slowly and carefully through school zones and other areas where school children congregate on the highways.

Just a little more time in going where we have started. Just a little more care, just a little less selfishness. Just a little more thought. And every school child will be safe on the road.—Winston-Salem Journal.

CATHARPIN
 (Additional Catharpin notes on page 2)
 Every one in this part of the neighborhood is about as busy as the law allows, or should we say, as busy as wants to be? What with corn cutting, silo filling, the approaching seed time together with some belated hay making and a dozen other things which a prolific crop season has vouchsafed unto it, the community is in happy mood. The corn crop is one of the best the neighborhood has enjoyed for many a season, but as is usually the case, the corn cutters will tell you, it is mighty hard to keep one's equilibrium when toting an armful of fodder to the shock when a dozen large ears of corn are dangling over head. However, progress is being made and the clean fields where the crop had been cut off would indicate mighty good cultivation since weeds and grass were a minus quantity. But to show that things are not always unanimous, one man remarked that because the corn was rank and heavy, that the weeds and grass had no chance to grow. However this may be, the crop is good and the cropper it patting himself on the back and thinking "What a mighty man am I." So, all up and down the valleys, and on the hills and through the vales of this fine, wellwatered agricultural section, one may find activity personified and cattle grazing on the meadows and prosperity, seemingly, has cleared that "Old corner" and stands ready for the taking.

The "big talk" just now up this way is Electricity. The pole line has been erected which is a good sign that it is on the way, and, on, or before, or after the snow flies, it is hoped that this community shall be endowed with "power" from the Bull Run Power Co., which will serve to light our paths through the darkness of our habitats—a service devoutly to be wished. While it may seem like a tedious and unnecessarily long wait from the time it was promoted until it is actually in use, it must be remembered that dealing with the Government is sometimes one of the most tedious and exasperating things ever undertaken by man, especially if the company is small and has no one of political influence "at court" to push the thing along. If the Bull Run Power Co. had wanted a billion instead of a thousand, no doubt it could have been accomplished long ago, for in that case Jim Farley could have found enough political influence to have pushed it over the top; but being small, it had to wait the convenience of those in charge who never seem to have time to bother with it. So we must all be as patient as the Bull Run Power Co. is compelled to be, remembering that it is said that "All things come to those who wait."

Well, isn't it funny just how things turn out sometimes. You all, no doubt, have heard tell of the Supreme Court things sometimes by 9-0 vote, or a 6-3, or a much maligned 5-4 decision which some of our critics seem to think is a terrible decision. But of late these apparently close decisions stand as mighty decisive in comparison with some of the small majorities with which we are becoming familiar with today in some of the important walks of every day life; when high officials can be elected in the U. S. Senate by a "one majority," or a House Delegate may be nominated by a single vote out of many hundreds, then and not until then do we realize just what a close decision means.

WATERFALL

This section lost one of its oldest inhabitants in the death of Mrs. Mary Pickett, wife of the late George S. Pickett, at the home of her son, Walter O. Pickett, Fort Myer Heights.

She was nearing her 98th birthday and had always enjoyed excellent health until a few months ago when she suffered a broken hip, the result of a fall. She spent most of life in the Haymarket community, at her home Springfield and with her daughters. She was laid to rest beside her husband in Antioch cemetery, Rev. Barnett Grimsley conducting the funeral service. Her was a lovely christian character and will ever be remembered for her many deeds of kindness during her long and useful life.

School days, school days, and how reluctantly some of the young fellows started in again, saying it was seemingly the shortest vacation they ever had. One attraction, they like the teacher, which means a lot.

Mr. R. R. Smith spent last week visiting friends and relatives in and around the city.

Mr. G. A. Gossom is building an addition to his stone house and Mr. Carroll Wright is having his cottage at Antioch made over and completely modernized. His wife and sons are expecting to move in as soon as the building is completed.

Mrs. R. B. Gossom, Jr., and young son spent several days visiting at Mt. Atlas and with her parents in Washington, while R. B. Jr. was studying the routine of the S. C. S. camp near South Hill. He came to Washington for the week-end of the 11th and they returned to Danville Sunday evening.

Remember Folks, Services at Antioch 1st Sunday morning at eleven o'clock. By our pastor Rev. Barnett Grimsley Sunday School every Sunday 10 a.m. Everyone is invited to join us in the work. The adult class is taught by Miss Margaret Shirley which she so ably and beautifully does, one cannot attend these classes without feeling they have received a benefit for spiritual needs, and guidance.

New York Expert On Eyesight

M. MILTON TALKIN, M.D.

Whose method on improving vision has proven such a boon to weak eyed person.

To do one thing and do it well is Dr. Talkin's paramount object and basis of his success in optics. For, he realized that no man may engage in a wider field of activity and make a mere dent. Optics is his limited field and in that field he built his reputation. Doing the same thing over again—a thousand times—leads to a high order of efficiency. The goal he has set in optical work will keep those who would emulate him busy trying to reach for a long time to come. It must not be overlooked by those requiring optical aid that a matter of importance to them is Dr. Talkin's technical training, wide experience and research work.

Many persons come afar to consult him: And why not? Is not vision important? Who would not go to the ends of the earth—or spend the last dollar—to stay the inroads of threatened blindness? Is it any wonder that the late Charles Broadway Rouse of New York and Virginia offered a million dollars to any one who could restore his sight after he became blind? Sight easily ranks first among our organs of special sense. And yet, precious as it is, it is frequently treated with utter indifference, being strained and its energy expended as it there were an unlimited supply. What a pang it must be to find one's self slipping into perpetual night.

M. Milton Talkin will be in Manassas again on Tuesday, Sept. 28, at Prince William Hotel to meet those who may choose to consult him. His charges are moderate and terms may be arranged.

County Agent's Column

VIRGINIA STATE FAIR, SEPTEMBER 27 TO OCTOBER 2

The Virginia State Fair at Richmond next week will continue from Monday through Saturday. This event offers much of interest in the way of outstanding exhibits of livestock, poultry, crops and other farm products.

Tuesday has been designated as 4-H Club Day and all club members attending in a group will be admitted to the grounds free. A judging team will represent the county in the State dairy cattle judging contest.

Agricultural Conservation Program.

It is hoped that the enlarged aerial photographs may be obtained and the work of checking performance of farms completed as early as possible. In the meantime, it will be to the advantage of all farmers participating in the program to check up at the county office on their allotments and try to use their full allowances for carrying out approved soil building practices before October 31.

Seed Wheat.

Because of the unfavorable season, much of the home grown wheat will be unfit for seed or will need heavy cleaning, testing for germination and treatment for disease if used. Instructions for treating and obtaining germination tests have been sent all farmers on the mailing list. When necessary to purchase, Certified seed wheat is well worth the additional cost.

Tankage for Hogs.

Corn fed alone to hogs will require about eleven bushels to make 100 pounds of pork. With tankage and corn, it takes only about seven bushels of corn and 40 pounds of tankage to make 100 pounds of pork.

Purebred Sires.

The scrub is an inefficient, inexcusable hold over from olden times. The scrub or grade sire has no more the stage coach, the grain cradle or excuse for existence today than does the one-shovel cultivator. He has outlived his day of usefulness if that day ever existed.

Not only are there too many scrub sires in Prince William County but there is too much crossing of breeds where purebred sires are used. Often mature purebred sires of excellent breeding may be purchased at meat animal prices. Young purebred bull calves may be obtained for approximately veal prices from some sources. Most of our purebred breeders are very cooperative in furnishing young purebred sires at reasonable prices. The cost of such a sire is small compared with the results.
