LEGISLATURE ENDS SESSION

Resume of Important Laws Enacted

More than 200 pieces of legislation were approved by the Virginia General Assembly at the 1938 regular session which ended recently.

"I am very much pleased with the constructive work accomplished by the session of the General Assembly," Governor Price declared. "The restoration of the original provisions for the compensation board is in line with my suggestions to the General Assembly, and, I believe, has the approval of the people of the State.

"The passage of the program for old-age assistance and other forms of relief is a great accomplishment, and the treatment by the General Assembly of the various recommendations made in any inaugural address, I think, marks a distinct step forward. I am indebted to the General Assembly for its generous cooperation."

The "three-point unified program" for the State's public schools, sponsored by the Virginia Education Association, failed to make much headway at the session, although some school legislation was adopted. The legislature approved a measure to establish a nine-month school term throughout Virginia and to provide an average salary for teachers in each school division of not less than \$500 from State funds. Another measure approved requires the furnishing of school textbooks to public school pupils at a price not to exceed the wholesale cost by more than five per cent.

The budget bill for the next biennium carried appropriations approximating \$165,000,000 for the State's governmental agencies. As sent to the chief executive, the bill appropriates approximately \$115,000,000 in special funds (highway, motor vehicle division funds and so on) and about \$50,000,000 in the general fund for the operations of State agencies and institutions for the two years beginning July 1, 1938. As estimated \$2,500,000 surplus would be left in the treasury the first year of the biennium, which would more than offset an estimated deficit of \$1,460,000 the second year. If none of the conditional appropriations for capital outlays, aggregating \$2,173,000, is spent, it is estimated the State treasury will have a net surplus of \$1,009,000 at the end of the biennium.

The old-age assistance and blind relief legislation provides \$3,300,000 in State funds for the next biennium, with the maximum income for the aged fixed at \$20 a month from all sources. The Federal government will match State-local funds and the localities are required to pay 37 1-2 per cent of the State-local contribution. As passed, the Virginia commission for the blind is made administrator of funds for the needy blind and the public welfare department the administrator for the old-age, dependent childrens' and general relief funds. It provides that the local welfare boards be appointed by the circuit or corporation judges, that they serve without pay, and that one discretion of the appointing judge, be member of the board might, in the a member of the county board of supervisors or the city council.

A measure was approved, providing for licensing outdoor advertisers and issuance of permits by the State highway commissioner for each sign erected along public highways outside cities and town, with certain exceptions, at a fee of 50 cents for those of 50 square feet or less and \$2 for those of more than 50 square feet.

Legislation was adopted to prescribe absolute speed limits, ranging from 35 miles an hour for school busses to 55 miles an hour for passenger automobile, on the public highways, require the dimming of headlights by vehicles meeting at night, the setting out of flares by disabled vehicles and other safety precautions.

A soil erosion bill was passed, which provides for setting up necessary machinery for putting into operation practices aimed at preventing soil erosion. Another measure approved makes Bang's disease tests on cattle compulsory in all counties of the State and prescribes \$100 as the minimum fine for violation of an eradication control program.

A measure adopted permits local governments to prohibit the sale of wine and beer in their localities on Sundays; town not to be governed by prohibition in surrounding counties. Included in the measures adopted

URGES AID IN FINANCING RELIGIOUS EDUCATION

At a recent meeting of the Willmette Myers' Sunday School Class, the question of Week Day Religious Education in the schools of Prince William County was discussed, and the class decided that this was one of the most worth while means of bringing Christian Education to the boys girls of today.

It was learned that 25 per cent of the boys and girls enrolled in Week Day classes attended no church or Sunday School.

The opportunity which the children of our county have brings with it a responsibility. This work is carried on entirely by subscriptions from individuals, churches, and interested organizations.

After the question was carefully discussed and the responsibility of financing the work so clearly brought out at the meeting, the class responded 100 per cent with contributions, and felt that others should share in financing this most worth while enterprise.

SEWING MACHINE SCHOOL

The home of Mrs. Mamie Sisson on Thursday last was the scene of a Sewing Machine School conducted by Mr. G. D. Kite, Assistant Agricultural Engineer, Blacksburg. Women of the community gathered and learned thru working on their machines or by watching a neighbor, how to take the machine apart, clean it thoroughly, put it back together and how to adjust it. This meant an actual saving of from \$5.00 to \$7.50 to each woman present plus the gain in knowledge of how to care for and adjust her machine in the future.

A lovely buffet lunch added much to the social hour and made the day a most enjoyable one. The only regret is that more of the women did not take advantage of such an opportunity.

KIWANIANS HAVE

IRISH EVENING

With that charming little player, Mrs. Kitty Baker, at the piano, and Mrs. Slaybaugh to lead the Kiwanians just could not help doing justice to all the Irish songs available, and the further they went the better they got.

Parson Graham capped the evening with a vocal selection that made the Irish of them all of feel better.

Earlier in the program, the soloist had given a brief resume of St. Pat's doings at home and abroad, and as usual rang in a good Irish joke or two.

President Bill announced that attendance of committee chairmen had been bum.

H. D. CLUBS MEET APRIL 7

Northern Virginia Divided into Two Sections

Home Demonstration Club members of the county are now making plans to attend the Federation District meeting to be held at Fredericksburg on April 7. According to Miss Lucy Blake, Home Agent, it is expected that every club in the county will be represented and that a larger number will attend this year than ever before. Arrangements are being made for the transportation of all who are able to go.

Because the Northern Virginia District meetings have become too large to be conveniently entertained in one place. Miss R. Belle Burke, District Agent of Charlottesville, has announced that this year a new plan is being tried out for two meetings, one at Fredericksburg in which the Fairfax County clubs and those of nearby counties will participate and one at Harrisonburg on the following day for the other counties in Northern Virginia.

Mrs. W. H. Harris of Louisa Federation President, will preside at the sessions which will open at 10 A.M. and adjourn at 3 P.M. Luncheon will be served for a small fee by the Spotsylvania County Advisory Council.

Special music selections will be given by the Fredericksburg Glee Club.

Among the clubs which have already outlined plans to attend is the Dunn Loring Club organized this week.

WANT HOME ECONOMIC DEPARTMENT

The county school board met in regular session on March 9, with all members present.

The most important item of the day's business was the appearance of a large delegation from Gainesville District in the interest of the establishment of a home economics department in the Haymarket High School.

The Board temporarily approved the request, and instructed Mr. Haydon to write to the State Superintendent to ascertain whether any teacher could be made available for another session.

The Board also elected the following principals in service; Manassas, R. Worth Peters; Nokesville, C. O. Bittle; Haymarket, W. E. Moore; Occoquan, Miss Elizabeth Vaughn; rural supervisor, Miss Sue F. Ayres; Jeans Worker, Margaret Townes.

THOS. H. LION DIES SUDDENLY

Commonwealth's Attorney Buried With Masonic Honors

Hon. Thomas Harlan Lion, Commonwealth's Attorney of Prince William County, died suddenly at his home in Manassas last Saturday night. He had just returned from a trip to Florida and had been active with his professional duties on the day of his decease. He had seemingly made a fair recovery from his serious illness of two years ago, but when stricken with a heart attack soon after retiring, he passed away within a few minutes.

Mr. Lion had occupied the office of Commonwealth's Attorney for 27 years, and had served his county as Delegate to the General Assembly for eight years. His popularity, especially with the masses of the people, was attested to by his repeated reelection.

Mr. Lion was born July 21, 1867 in Prince William County. His father, Major Thomas W. Lion, was an officer of the Union army in the War between the States, and his mother, a Southern lady, was Miss Sarah Sommerville Williams. He had lived his entire life in Prince William County.

On June 19, 1888 Mr. Lion married Miss Ethel Adamson, and their children are Thomas W., Comfort and Douglas, of Manassas; Mrs. William Hall, of Charlottesville, West Va., and Mrs. Samuel Polen, of Haymarket. He is also survived by a sister, Miss Flora Lion, and by sixteen grandchildren.

His second wife was Miss Mary A. Gallagher, of New York.

Funeral services were conducted at the home by Rev. A. Stuart Gibson, Rector of Trinity Episcopal Church, who participated at the grave in the Masonic ceremonies conducted by Dr. George B. Cocke, Master of Manassah Lodge, No. 187, A.F.&A.M.

The funeral was one of the largest Masonic burials occurring in the county in recent years. The deceased was the oldest member of the local lodge, having been raised to the sublime degree of Master Mason in 1891. Mr. Lion had been advanced far in the order, being a 32nd degree member, and belonging to the Scottish Rite, the Shrine, and the Commandery.

The large attendance of men, the beautiful day, the great mound of lovely flowers and the kneeling Masons at the grave presented an impressive spectacle to the throng witnessing this solemn and last tribute to one of Prince William County's most distinguished and popular citizens.

The active pallbearers were Congressman Howard W. Smith; Hon. C. A. Sinclair, Hon. C. J. Meetez, Prof. Chas. R. McDonald, C. C. Cloe and John H. Burke.

Honorary pallbearers included a distinguished assembly of professional, political and social friends of the deceased. The judiciary was represented by George W. Browning, of the State Supreme Court, Judge Walter McCarthy, Judge William P. Woods, Judge William Hill Brown, Jr., and Judge Paul Brown.

The bar was represented locally by T. E. Dillake, Col. Robert Hutchison, H. Thornton Davies, J. Jenkyn Davies, Stanley A. Owens, Lacey Compton and Paul S. Williams. From without the county were Gardner Boothe, R. A. McIntyre, Albert Bryant, John W. Rust, Wilson Farr, Raymond Hudson, W. H. Robertson, Frank P. Moncure, J. Donald Richards and Lawrence Douglas.

Officers of the county included Hon. George G. Tyler, Clerk of the Court, Professor R. C. Haydon, L. Ledman and R. M. Weir, and the entire Board of Supervisors.

Other honorary pallbearers included Hon. Melvin C. Hazen, Chairman of the Board of Commissioners of the District of Columbia, Hon. George W. Herring, former member of the House of Delegates and Messrs. D. J. Arrington, M. Bruce Whitmore, E. R. Conner, Will Hale, C. E. Fisher, Dr. E. H. Pickeral, Dr. Lannahan, W. H. Leachman, A. E. McInteer, A. S. Robertson, J. A. Hooker, Raymond Ellis, John Ellis, D. E. Earhart, W. L. Compton, George D. Baker, E. G. Parrish and George Bryant.

The Catharpin Good Housekeeping Club celebrated its 26th birthday at the home of Mrs. J. W. Alvey of this city on Friday, March 18, 1938, with a very elaborate program dealing mostly with historic events as they related to the club's activities since its organization in March, 1912, it being the oldest Good Housekeeping Club in the county. The dining room was elaborately decorated with flowers and ever-greens all in the club colors—green and white—with a large and beautiful birthday cake containing 26 candles as the great, central attraction of the well loaded table. There yet remains but two of the original charter members, Mrs. Charles Ford Brower and Mrs. Charles R. McDonald who are yet active in the affairs of the club. These two members very kindly remembered and each presented with a beautiful vase.

The most interesting feature on the program was the "harking back" and living over again the "deeds done in the club" which were both surprising, amusing and sad. All in all it was one of the best meetings and most enjoyed of any recently held. One of the first of the original members was the late Mrs. Mollie Holmes

THEN CAME THE RAILS

A CENTURY ago the Railroad Era was born. The young giant, America, began to stir in earnest, dimly foreseeing its future. Men of vision demanded "More canals. More turnpikes. And railroads—if practical." By 1838 great plans of internal improvement were afoot in what is now Virginia, West Virginia, Kentucky, Ohio, and Indiana. A then small part of this activity was the building of "The Louisa Railroad," later to become the Chesapeake and Ohio.

Q Conceived originally as a spur line to serve a small territory northwest of Richmond, Virginia, that road ran its first "brigade of cars" in December of 1838. It had not quite twenty-three miles of track—a distance it then could cover in somewhat less than three hours!

Q Those were the days when die-hards resisted railroad improvement, and even friends of progress expressed such opinions as, "Nothing can do more harm to the adoption of railroads than the promulgation of such nonsense as that we shall see locomotives travelling at the rate of twelve miles per hour."

Q A hundred years ago this railroad helped to raise the curtain of the future on the territory it now serves. With pioneering days long past, the mountains tunneled and the rivers bridged, the day of Service is here. And it is on this key-note of service that the Chesapeake and Ohio continues the work it began a century ago.

Mr. and Mrs. John Morrison of Richmond, Va., were Occoquan visitors during the week; visiting their parents, Rev. and Mrs. Morrison and Capt. Tom Seelman and family.

We are glad to report that Mrs. Ambrose Petelett of Occoquan is able to be out and enjoying the nice spring weather. Mrs. Petelett had quite a siege of quietness after her operation.

Mr. and Mrs. Thomas Pierce of Castleton, Va., are visiting Mr. Pierce's parents, Mr. and Mrs. C. S. Pierce in Occoquan.

Mr. Wilson Welch of Lorton, Va., has returned from a vacation in Florida; says he had a grand time.

Congratulations to Mr. and Mrs. Billy Winfield of Richmond, Va., on their recent marriage. Mr. Winfield is well known in Occoquan, his mother being the former Eunice Lynn daughter of Mr. and Mrs. W. S. Lynn a leading merchant of Occoquan.

We are glad to report that the Barn or Square Dance held at Occoquan High School last Friday evening was a grand success. Mrs. John Powell of Occoquan and her assistants who worked so faithfully to get everything hitting just right are to be congratulated. Also, the large attendance YOUNG and OLD are to be congratulated on their excellent spirit and behaviour. Many have asked to another such dance be held again soon.

We are certainly sorry to learn of the death of our good friend, Mr. Tom Lion, of Manassas. He was a friend who could be depended on to give a good advice when asked for

advice. Most lawyers except compensation for the least advice, not so Tom Lion. He was willing all times and glad to be of service regardless of the expectation of compensation. Our sincerest sympathy goes to his loved ones at this their time of bereavement.

The Ladies of Pohick Branch of the Women's Auxiliary and their friends are having study classes every Tuesday afternoon during Lent at Pohick Church Vestery House. Their principal studies are on Rural Virginia in Religious Education and other matters of interest in connection therewith. The Ladies would welcome all who care to join in this study. Study hours are between Two and Four p.m.

SPECIAL NOTICE TO RESIDENTS OF OCCOQUAN

At the last meeting of your town council, they designated the week of April 11th to 16th as clean up week in Occoquan. All trash, rubbish, etc., whether on vacant property or otherwise must be cleaned up during this week. Some of our good merchants in town have offered the use of their Trucks to haul rubbish away.

NOTE: After this clean up, any one dumping rubbish or other trash within the town limits will be prosecuted.

We Want to and Must Keep Our Town Clean. Use a little whitewash on your old buildings, if you are unable to paint them. A little whitewash will make your old and shabby buildings look like new.

We hope to have a sanitary inspector in our town in the near future.

AN ACKNOWLEDGMENT

The beautiful wildlife poster in the window of the Journal office was sent to us by Commander P. T. Wright, of Livingstone Heights, Arlington County.

Thank you, Commander. It is a lovely reminder of Wild Life Week.

WATERFALL

Mrs. Snowden McGuinn, who died very suddenly at her home near Waverly Mill, recently was buried at Upperville. Services were conducted at her home by her pastor, the Rev. Barnett Grimsley. Mrs. McGuinn was a devoted mother and leaves a large family of children.

Mr. and Mrs. Charles Barnes and Judy and Mr. Herman Smith were weekend guests at Hagley.

Mr. Howard Bell attended the funeral services in Alexandria Tuesday of Mr. Warren Peake, who died in that city on Sunday last. Mr. Peake was in his 85th year, and is the last member of a large family of brothers and sisters, all of whom are buried at the family burying ground near Hopewell. Mr. Peake, however, was interred in the Alexandria cemetery by the side of his wife who died many years ago. Mr. Peake is survived by one daughter, Mrs. Ethel Peake Cox.

Philip Thornhill has returned to Mt. Atlas much improved in health and we hope he will soon be able to resume his studies at school.

Edward Wright, another of our boys, who has been on the sick list, is still much complaining and not able to attend school.

Miss Marie Goodrell, who is spending some time at Oak Shade, was a Manassas visitor on Tuesday.

The W. P. A. Sewing room continues to be quite an interesting center of activity. Miss Grace McDonough who is in charge of the work and who has been very much handicapped by a fractured arm, has not been absent "nor tardy" a day this winter, and presides over the work in a capable,

efficient manner. Mrs. Brown our pleasant and attractive supervisor, visits the room weekly and collects a goodly amount of comfortable clothing which is, in turn, presented to the needy.

Albert Lansdown, one of our highly respected and worthy colored friends, died very suddenly at his home near here on Sunday last. His funeral services were conducted at his church "Olive Branch" on Wednesday afternoon and he was laid to rest in the cemetery there.

Well, George Baker gently breezed back into Manassas last Thursday evening, carrying evidences of his Florida trip.

CHRIST FOR ALL—ALL FOR CHRIST
The Word of God

It is a holy duty for every man, woman and child to read the Bible daily.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in later years.

I am come that they might have life, and that they might have it more abundantly.—John 10:10.

THOMAS H. LION

It is with the utmost regret that we record the passing last Saturday night of one of Prince William County's most distinguished officials and most popular citizens, Hon. Thomas Harlan Lion, Commonwealth's Attorney of Prince William County.

Serving the county for eight years in the General Assembly of Virginia, and for twenty-seven years as Commonwealth's Attorney, the deceased, with his affable personality and legal and political acumen, had made for himself a name which will long be remembered in Prince William County.

The remarkable demonstration of affectionate esteem, evidenced at the impressive funeral on Tuesday by so great a gathering from all sections of the County, and from more remote localities, testified to the personal popularity of the veteran attorney and politician.

In his passing the County loses an esteemed public servant; the Democratic Party is deprived of one of its most trusted local councillors, and the Town of Manassas, of a respected, and valued citizen.

HENRY HOUSE PASSES TO THE GOVERNMENT

Announcement has been made that the United States has finally acquired title to the Henry House tract on the Manassas Battlefield. For some time there has waged a battle over the proposal to transfer this historic ground to the federal government, the main objection being that the Confederate interests will not be properly protected, and the Confederate flag not properly displayed.

Under terms of the deed transferring this area from the Manassas Battlefield Confederate Park, Inc., it is provided that

PROGRESS

Progress is not accidental. It is the result of carefully matured plans and financial competence.

To get ahead in business or in social life it is necessary to have material means.

There is no better assurance of progress than the habit of depositing regularly and of conducting your financial affairs through a safe and friendly bank like ours.

The Peoples National Bank of Manassas

all States of the Union shall be protected in their right to place markers in the area, subject to approval of the Fine Arts Commission of Washington and the National Park Service, but the Confederate character of the area is said to be lost in the present arrangement.

YOUR FLOWER GARDEN

There is perfume in the flowers. No one doubts their worth. But a gardener can smell perfume. In the freshly spaded earth.

An inquiry reaches our desk concerning pruning, the proper time, etc. There is an old adage that "the best time to prune is when your knife is sharp". While this not literally true, there is some fact here as most any time of the year you may find something to prune to advantage. And the sharp knife is surely necessary, for any ragged edge left after removing a branch is apt to cause injury to a tree or shrub. An agriculture bulletin tells us that to prune in the summer for flower and fruit production, and in the winter for leaf and branch production. As our question concerned shrubs we shall give this table from the bulletin.

Abelias, Althea, Barberry, Butterfly bush, Bush honeysuckle, cary canthus, Deutsia, Hydrangea, mock orange, flowering almond, snowball, weigela, elder and roses should be pruned in late winter or early spring. Syringa, lilacs, forsythia, rambling roses, Jasmine and Pussywillow should be pruned just after the flowering season.

Evergreens should not be pruned extensively unless you wish to train them in some particular position. This should be done in early spring. They may be topped and sheared about the outside, but remove only dead wood as the idea is to keep the trunk covered. It is yet early to prune roses and if you are interested, let me know and I will write on pruning roses in an early issue.

The Garden Editor.

MOSES A. C. REVIVES

Moses A. C. of Haymarket will have its first practice game Sunday, March 27th, at 1:30 p.m.

Any one wishing to try out for the Club can come on the above date.

All games will be handled by a umpire belonging to the Association, from Washington, D. C.

We are also ready to book games for the coming season. Those interested should communicate with Edward Hansborough, Nokesville, Va.; phone Walnut 7636 from 8:00 a.m. to 4:00 p.m.

THE MOSES A. C.'S

Again we find the Moses A. C.'s back on the Haymarket ball diamond this year, and bar any team because they have a real team this time, with some very strict rules to every player. As you know, Edward Hansborough, the manager, understands baseball, having good results last year and planning a much better organized team this year. We hope every one will follow them and be on their side.

ROZIER B. PAYNE

Rozier B. Payne, age 77, died at his home near Manassas on March 16, after a long illness. He was the son of the late Jackson and Martha Arnold Payne. He was born March 4, 1861, and had lived all his life in Prince William County. His wife, who is also a native of this county, was Miss Eva Mae Payne.

Funeral services were held on Friday, March 18, at the Independent Hill Church, where services were conducted by Elder Smoot. The pallbearers were L. G. Tolson, Robert Cornwell, Arthur Cornwell, E. E. Cornwell, Robert Beavers and Will Vaughan. Interment was in the Independent Hill Church cemetery.

LIME AND FERTILIZE PERMANENT PASTURES

Credit toward soil building payments for fertilizing and liming permanent pastures is again provided by the 1938 Agricultural Conservation Program. Fertilizing and liming will cause pasture growth to start earlier in the spring, to hold up better thru the hot summer months and to continue later in the fall. An improvement in the quality, particularly in the protein and mineral content, may also be expected.

CLUB MEETING AT NOKEVILLE

An account of the March meeting of the Nokesville Home Demonstration Club will be published next week.

CARD OF THANKS

We wish to thank our many friends for their loving kindness in the illness and death of Rosier B. Payne, who passed away at his home on March 16.

WHAT HAS BEEN GAINED IN 20 YEARS

Address by Mayor Davis at recent Legion Dinner

SOME TWENTY YEARS AGO you Veterans were called to arms; many of you served on foreign soil, many experienced the horrors of war, and many of your Buddies made the supreme sacrifice.

SOME TWENTY YEARS it was said that our Nation entered the World War in hopes of helping to make the world a decent and safe place to live; in hopes of helping to save Democracy, and in hopes of helping to end all wars, when we hoped that swords would be beaten into plow shares and spears into pruning hooks, yet twenty years later it appears that all of these things have not been accomplished.

SOME TWENTY YEARS AGO before going to war, Nations first declared war, yet twenty years later they war on one another without declaring war.

SOME TWENTY YEARS AGO we were told that the implements of war then used were the worst in the history of the world, and no doubt they were, yet twenty years later, we are told that the implements of war are many times more destructive than they were twenty years ago.

TWENTY YEARS AFTER THE WORLD WAR we are told that many Nations not already at war, are sitting on powder kegs and that a mere spark will plunge them into war.

TWENTY YEARS AFTER THE WORLD WAR we are told that the world is now engaged in a re-armament race, still more cannon.

THE FOREIGN CRISIS and the secrecy of other nations naval matters by no means tell the whole story of the why and wherefore of the expanding armament race.

THESE DEVELOPMENTS merely emphasize the truth of the fact, that a nation like a man, when faced by mounting dangers in a setting of complete anarchy and lawlessness, will arm to the teeth at whatever cost.

THE PRESENT GHASTLY situation provides our Nation and other peace-loving nations with an extremely expensive lesson in the costs of isolation.

THE VERY CIRCUMSTANCES that our Nation, geographically the most isolated of the great powers, finds itself caught up in a race, not of our making, is proof that from the viewpoint of our reality, we are not, never have been and under no conceivable circumstances, isolated, no matter how hard we strive to avoid foreign alliances and foreign entanglements.

FOR BETTER OR FOR WORSE we are part and parcel of the world. The spreading international chaos has obviously not left us untouched. On the contrary, it has contributed to our uneasiness as it has contributed to the uneasiness of every other nation that believes in peace and a decent world order.

WILL RE-ARMAMENT EASE our fears?

Possibly, but not likely. We or any other nation may, momentarily, achieve a superiority in armaments to a degree necessary to insure absolute security, but rearmament is not an isolated phenomenon but a universal one. Because others have begun to pile up armaments we find it necessary to do likewise, and as we rearm that gives a further impetus to the rearmament efforts of others.

THUS THE RACE GETS FASTER and more furious with bankruptcy staring every nation—even the richest—in the face, and no nation dares to cease unless the others do likewise.

SO IN THE LONG RUN we will be back to the starting point, but with our nerves more ragged, with our resources more depleted, with bankruptcy much nearer. And then, as now, whether or not we shall be able to stop piling up armaments will depend, primarily, not on our wishes but on the world conditions which we insist we have nothing to do with.

IT MAY BE A QUESTION as to whether liberty is to be stifled, humanity outraged, the hand of providence of the universe, and a perpetual thralldom fastened upon all future generations.

IF THESE THINGS BE TRUE I often wonder how the Veterans look upon these conditions.

If it appears to them that all of the horrors experienced by those who served over seas, and the sacrifices made by those who did not return, were more or less in vain.

I DARE SAY THERE ARE NOT many Veterans who experienced the horrors of the World War who would want to repeat those experienced and least of all, would they want their sons to face them nor be made cannon fodder.

AMID ALL THESE WORLD CONDITIONS, our Nation is at peace with all the world, at least we hope it is, however these jittery times call for clear-cool headed thinking lest we be drawn into one of the kegs explosions.

STATESMEN OF PEACE LOVING NATIONS have been and are still holding one conference after another in an attempt to avoid future wars. Trying to remove the underlying causes of these terrible conflicts. But it appears that it will take something more than conferences and treaties to settle this ancient tendency of nations to war against each other.

IT IS COMMONLY SAID that the underlying cause of war the materialism of the world; its intense selfishness and disposition to grab for commercial success.

A COUNTRY THAT HAS AMBITIONS for advancement, must necessarily strive for efficiency, which involves the spirit of commercial rivalry and competition, but along with that spirit of emulation, there needs to be a very keen sense of justice.

NATIONS SHOULD BE LIKE MEN. The man who has a high sense of honor is just as anxious in his daily life to avoid doing injustice to others, as he is to secure justice for himself. He will frequently give up some disputed point with good grace in order to keep other people satisfied. A man who takes that point of view rarely has any bitter controversies with other people. They recognize his fairness and they get along with him.

THE SCRUPULOUS POINT is mostly absent in international affairs. Too many have felt they must grab for all they can get for their own country with little regard to the rights or viewpoints of other nations.

THE WASHINGTON CONFERENCE achieved success at least for a time being, because the American people took a higher position and were willing to sacrifice themselves to reconcile the interests of other nations.

WHEN THAT SPIRIT CAN PREVAIL generally there will be no cause for armed conflicts.

IT SHOULD BE EASY to realize that it is far cheaper to settle disputed questions by negotiation and arbitration, than resort to the terribly destructive course of war.

DURING THE WORLD WAR our Nation proved herself to be a big brother to well-nigh the whole world and let us hope that she still yields that prestige, that prestige and motto, if you please, "All things whatsoever ye would that men should do unto you, do ye even so to them."

THE PASSION OF THOSE who have experienced the horrors of war and of the common people of the world, is for peace.

The despairing cry that is going up to the Throne on High, from bleeding and war-torn hearts, is "send us peace."

AMONG THE VARIOUS ORGANIZATIONS in our country, there are perhaps but few that are worthy of the gratitude of the American people to such an extent as the American Legion.

IT IS THE VETERANS of the American Legion who have experienced the horrors of war, above all others. It is they who, above all others, know the price of peace, and it is they who know that the freedom we enjoy in our country, cost a very great sum.

TOO MANY OF OUR CITIZENS may be so accustomed to our free institutions as to quite forget the distance between our liberties and the thralldom of the past, and to be unmindful of the sacrifices that have secured for us these blessings.

IF WE CONSIDER SERIOUSLY the beneficent institutions under which we live, we will find that they have been purchased at a very great cost.

TO SEE AND APPRECIATE the meaning of this freedom, we need to lay beside it, the history of the world, where man was and still is a victim and a vassal, where man had and still has no rights that his oppressor was and still is bound to observe, where right did not and does not make might, but where might made and still makes right, where liberty of action, speech or thought was and still is denied and where lips were and still are padlocked.

DWELLERS AMIDST THE sublimity of nature's scenery may become inured to its splendors till it ceases to stir an emotion of the sublimity of its grandeur.

THE AMERICAN LEGION is to be congratulated on its organizations, its wonderful growth and development and my best wishes are extended for its continuous prosperity and usefulness throughout the world.

AS AN ORGANIZATION of men who taught for the best and noblest that is in men, the Legion still finds ample opportunities to promote a genuine patriotism among our people; to aid in the purification of our political, social and national life, and to uphold the true American spirit and its lofty ideals.

FEDERAL BUILDING PLANS

Congress, which has expended some \$75,000,000 in the construction of public buildings in the Federal triangle in Washington, will have to lift the ban before the old Post Office Building, which sticks up like a giraffe's neck above its new companions, can be torn down, according to a story appearing next Sunday in The Star.

The need for more Government office space has become acute since the New Deal, the story states, and proposed new structures and likely locations are discussed.
