## FREDERICKSBURG HOST TO LADIES

### Demonstration Clubs Have Delightful Session

425 women representing Prince William, Fairfax, Greene, Loudoun, Louisa, Madison, Orange, Stafford, Caroline, King George and Fauquier counties attended the annual meeting of the first section of the Northern Virginia District of the State Federation of Home Demonstration Clubs held in the Mary Washington College Auditorium at Fredericksburg Thursday.

Dr. Morgan Combs, president of Mary Washington College in his welcome address brought out the point that the best teaching is often accomplished outside of the classroom.

Mrs. C. T. Marshall, president of the Bethel H. D. C., Prince William County in a most interesting manner gave the response address.

**Program Work Outlined**  
Miss Maude E. Wallace, Assistant Director in Charge of Home Demonstration Work, spoke on "The Part of the Rural Woman in Program Planning". In outlining the new program planning schedule for H. D. C. she stated that it is the most important part in club work. The aim in program planning for next year will be to meet the needs of the individual home demonstration club women as nearly as possible.

After the Advisory Board committee has studied the background of conditions in its county, the president of each club will present these facts to her club and ask her members to name the things with which they want help. These will be compiled at the County Advisory Board meeting to represent the county at the annual meeting in Blacksburg. These delegates will remain an extra day at Blacksburg to meet with the specialist to work out a program in each department for the year. In turn each specialist will work out State-wide programs that can be adapted to each county's needs.

This method of program planning is being used in hope that the women will express their ideas more freely and give them a part in agricultural and economics planning.

**Health and Library Programs**  
Mrs. Hardin Massie of Amherst County, health chairman for the state federation, reported that 13 counties are putting on health programs this year. Last year only 4 counties in the state had such programs. Her program is putting on a preventative campaign for the advancement of better health conditions in the state.

Mrs. Florence Jodzies of Fairfax, state Federation Library chairman, stated that rural women are becoming more cultured than in previous years. 11 counties, 7 being in Northern Virginia, are putting on extensive library programs. As the result of this, magazine and book exchanges have been started in clubs and several counties have organized county libraries.

Group singing was led by Mrs. Margaret Crutchfield of Richmond.

A lovely luncheon was served by the Spottsylvania Advisory Board in the gymnasium. During lunch hour string music was furnished through the courtesy of Mr. R. W. Faulconer.

Following the luncheon hour the Mary Washington Glee Club sang three lovely numbers.

A panel discussion on "How Can the Home Demonstration Club Contribute to Our Present Day Community Living" was led by Mrs. Florence Jodzies of Fairfax. Participants in the panel included club women from Loudoun, Spottsylvania, Stafford, Madison, Louisa, Fairfax and Orange counties. Some of the things that clubs are now doing included establishment of community houses, community recreation and community libraries.

**Mrs. Wailes Speaks**  
Mrs. Ben Wailes of Sweet Briar, president of the Virginia Federation of Home Demonstration Clubs spoke on the Home Demonstration Club Women and Her Federation. The purpose of the federation is to foster higher ideals of home life and to encourage all forces for community building. Its seven goals are for the betterment of health, libraries, homes, highways, electrification public relations, citizenship, legislation and youth.

There are two \$3,000 scholarship loans which since their establishment have educated 14 girls for home

### Kiwanians also Entertain State Veterinarian

Augmented by the presence of C. W. Alpaugh who was reinstated and attended for the first time in several years, the Kiwanis Club staged its annual Farmers' Night by entertaining Dr. H. C. Givens, State veterinarian. Jimmy Lyles, of the Alexandria Club, presented Irvin Diener's regrets at not being able to be present.

The guest speaker had an interested audience and gave them a timely subject, namely Bangs Disease and current legislation affecting the same.

Dr. Givens touted Virginia as being well out in front in the elimination of the cattle disease, both in number of counties actually immunized and also in state wide legislation. He gave a thorough history of the fight.

One subject which he brought in as a side issue was the need of a State College of Veterinary Medicine, there being none at the present time.

## HISTORY ITEMS ARE REVIEWED

### U. D. C. Chapter is Urging Sale of Davis' Book

The Manassas Chapter U. D. C. was entertained April 6th in the home of Mrs. C. E. Spitzer at Nokesville, Mrs. Alvin Compton assisting hostess. The President, Mrs. R. L. Byrd, opened the meeting with prayer led by Mrs. Lucy Washington, followed by the salute to the flags, and the singing of Dixie, led by Mrs. Newman, Mrs. Spitzer at the piano. Mrs. G. A. Hutchison and Mrs. Robert Gulick, members from a distance, were welcomed by the President.

Mrs. Newman, historian, gave a summary of the McCormick reaper, or harvester, invented by Cyrus McCormick of Rockbridge Co., Va., in 1831. In 1915 100,000 reapers a year were being made in Chicago. Mrs. Newman read one of Lamar's most noted poems "Song of the Chattahoochee". Mrs. Hutchison read a letter from Mrs. Starke, Division historian, praising the Chapter for their public commemoration of Lamar's birthday, and replying to a question, said he was of the Presbyterian faith.

Mrs. Hutchison gave some interesting facts about Sam Houston, American soldier and statesman, born near Lexington, Va., in 1793. He was instrumental in gaining the independence of Texas, and having it admitted into the Union—he died in Texas in 1863.

Mrs. Knox presented the Chapter with a load of stone for the Memorial Hall, matching that donated by Mrs. William Hill Brown. Mesdames Lonas, Newman and Carper were appointed a committee to work with the committee from the Memorial Society, Mesdames Compton and Allen, in arranging a program for June 3rd. Mrs. Weedon, President of the Memorial Society, announced that Hon. Frank P. Moncure had accepted the invitation to be speaker on that occasion.

An article from the Sunday Star of March 20th was read, saying the Battlefield Park seemed an assured fact, and had been approved by the general organization of the Sons of Confederate Veterans. Mrs. Knox read an article from a Kentucky paper with the accompanying picture of a Confederate Drill Squad, Company C. Pershing Rifles, in Confederate uniforms, at the University of Kentucky. The members of the squad were drawn from the Junior Class of Pershing Rifles crack drill unit, exhibitions will be given a parades, and at the Pershing Rifles Drill this spring.

A letter from Mrs. Slonaker, District Chairman, was read, announcing the District meeting would be held in Culpeper May 19, at 10:30 a.m. in the Methodist Church. A photograph of Ewell Camp, taken years ago in front of the National Bank, was presented to the Chapter by Mrs. Robert Gulick.

Prospectus of a Memorial edition of "The Rise and Fall of the Confederate Government" by Jefferson Davis was exhibited—it will be in two volumes beautifully and appropriately bound, pre-publication price four dollars. After June first price will be six dollars. Mrs. Byrd designated ten members to solicit subscriptions.

Mrs. Carper, Publicity Chairman of the Va. Division, is offering a prize supplemented by an amount from the Manassas Chapter, to the Chapter in the Division sending her the most clippings of Chapter work, between the first of April, and the first of October.

The Chapter learned with regret of the recent fall of Mr. Weedon, a Confederate Veteran.

The Chapter being in need of funds, a food sale was decided upon, to be held in Dr. Dowell's Drug store Friday afternoon, April 29, from 1 to 5 p.m.

A delicious salad course was served by the hostesses, assisted by Mrs. Spitzer, Jr., and Mrs. Martin, after which the guests departed feeling a most profitable and enjoyable afternoon had been spent.

## POSTER CONTEST AIR MAIL WEEK

### Local Postmasters Will Assist Entrants

Somewhere in the United States are two school children who will attain nation-wide fame as artists for their assistance in promoting National Air Mail Week, which will begin May 15.

The National Air Mail Week Committee arranged a poster contest for the boys and girls in the high schools and grammar schools and institutions having similar courses of study, according to an announcement here today by Clyde W. Saunders, chairman of the central committee directing Air Mail Week preparations in this State. This contest will close the last day of this month and a few days thereafter the winner in each of the 48 states will be announced.

The State Chairman announced that any pupil in grammar or high school classes may complete. He explained that the poster, to be eligible, must relate to the Country's air mail service of the present and future and its adaptability to the needs of the Nation. That allows the contestants a broad opportunity to use their imagination and to demonstrate their artistic talents. Posters will be judged 50 percent on originality of the idea; 25 percent for neatness and 25 percent for adaptability to promotion of the air mail service's further development. The poster should be on cardboard twenty by twenty-five inches.

A committee of three judges will be named by the Air Mail Week Chairman in each state. The posters to be entered in the contest must be mailed, with postage fully prepaid to the State Chairman, National Air Mail Week, Poster Contest, in care of your local postmaster, and the postmark must be prior to midnight, May 1.

The winning poster in each state will be forwarded before May 9 to Major Paul R. Younts, general chairman, Air Mail Week, at Charlotte, N. C., and from these 48 posters will be chosen the first and second place winners in the National Contest. The first prize winner will receive a fine trophy, and the second prize winner will receive a handsome trophy from the State Committee.

The State Chairman also said it is important that each entrant in the poster contest have the school principal certify that the boy, or girl, is eligible under the contest rules. Any postmaster will provide the aspiring young artists with any desired information concerning these rules, which are simple.

National Chairman Younts said, in a letter received by the State Chairman, that the children who participate in the poster contest will render "a valuable patriotic service to the United States, because their posters may be expected to prove of great value in further developing the nation's consciousness and appreciation of the air mail service. This service, though relatively young in years, already has attained a place of vital necessity to the people in their business and social correspondence.

"However, vast possibilities remain for further expansion of the Air Mail and we are confident that our young friends in the art classes of the schools throughout our Nation, already enthusiastic advocates of aviation, will be more than delighted to contribute a poster to assist this great nation-wide movement. And, through this contest we hope to discover for the Nation artistic talent that will be revealed in the work of the State and National prize winners," the National Chairman said.

## GUEST OF HONOR

Mr. and Mrs. John Powell were guests in whose honor an informal reception was held on the Wednesday evening preceding the concert, at the home of Mr. and Mrs. Lewis Carper. Mr. and Mrs. Frederick R. ## AIRPORT DISCUSSION

We have received several interesting communications on the Manassas Airport which we shall print next week.

## POWELL CONCERT A DECIDED SUCCESS

In spite of the stormy weather which prevailed on Thursday evening of last week a large and appreciative audience was present at Manassas High School to hear John Powell, famous Virginia pianist and composer in his first concert appearance here. As a pianist, Powell, today takes his place among the few masters of that instrument. As a composer his works have been played by orchestras and soloists the world over. Most of them are based on American folk themes.

John Powell belongs with those few highly gifted musicians who, beginning with Edward McDowell, have endeavored to develop an American idiom in music which is worthy of hearing with the best European music.

The program was divided into four groups, the first being Beethoven's Sonata, Opus 109 in three movements, and the second, Etudes Symphoniques by Schumann. The third group consisted of three Etudes by Chopin followed by a Chopin Nocturne as an encore.

Before playing the final group of his program which was composed chiefly of his own compositions, Mr. Powell gave a delightful and instructive talk on Folk Music, its early origin and some distinctive qualities of the different types, with brief sketches of the numbers which were to follow.

Among the encores at the conclusion of the program were more of Powell's own compositions, and he delighted his audience by playing his famous and popular "Banjo Picker."

The concert, which was sponsored by the Music-Literature Section of the Woman's Club of Manassas, was a decided success in every way and to those who heard it will always remain a delightful memory.

## CATHARPIN

The big excitement just now is the receipt of our first bills for electric light and power from the Bull Run Power Co., which began arriving last week and which has changed the trend of conversation from the "weather" to "kilowatts." When two or more people meet the first question is—"How kilowatts did you use last month?" Some call them "watts" some "kilowatts" and some go the whole distance and call them "kilowatt hours." But the big question to most of us is—"What is a kilowatt anyway?" Well, the whole thing is yet so new to most of us that those "in the know" must be patient with our ignorance until we become as wise as they. One thing, however, we do know, and that is that both the lights and the frigidaires are mighty fine additions to the household.

Considerable sickness is reported throughout the community, mostly from colds, grip and flu as well as other ailments. The list this week includes Mr. Morris Polen, Jr., of Catharpin who was off duty for several days fifth flu; Misses Bessie and Lucy Kidwell of near Sudley, Mr. and Mrs. W. K. Caldwell of Six Acres, Mrs. Fredrica Spencer of the Henry House, all under the Doctor's care for the time being.

Master Paul Bieber of Alexandria was the guest of his cousins, the W. S. Brower children at Lone Oak last week.

Mr. and Mrs. W. S. McCarthy of Delaplane dined with Mr. and Mrs. W. Holmes Robertson of Lawn Vale last Sunday.

The many friends of Mrs. Sara Cation were sorry to learn of the death of her sister, Mrs. Lydia Skillman which occurred recently at her home in Fairfax, Va.

Mrs. R. H. Willis, of Roanoke, Va., is visiting her parents, Dr. and Mrs. C. F. Brower of Lone Oak this week.

Mrs. J. W. Alvey and Mrs. L. L. Lynn of this city were Washington shoppers on Monday last.

A clipping from the Washington Post reporting the baseball activities at Hargrave Military Academy, Chatham, Va., stated that Charles Hall, a student in that institution from Catharpin, had pitched his team to an 11-1 victory over the George Washington high school. Charles seems to be going true to form in upholding the prestige of his native community set years ago by Dr. Brower and the Sanders boys when they used to make baseball history around these parts.

Easter will be observed next Sunday morning at Sudley when the three Sunday schools, Fairview, Gainesville and Sudley will join to celebrate this great Christian festival with a combined program for the occasion. Much time has been devoted to both the musical and pageant features and all friends are cordially invited to join in the service. Envelopes have been distributed for a free-will offering the proceeds of which are to be applied to the general conference claims. This program is a departure from the usual order since it embraces the three schools of the circuit in one general get-together program; the idea being to centralize thought as one unit instead of three. Various plans are under consideration for a general young people's movement with a single organization for the circuit and meeting alternately at the different churches. Much enthusiasm is felt concerning the coming summer's work.

## BRENTSVILLE

# Do you want to SAVE MONEY?

The Standard Coupe

The Standard Ford V-8, with 60-horsepower engine, gives you a lot of car for a little money.

300,000 new owners acclaimed the "thrifty 60" last year. Hundreds a day are buying it in 1938. Why?

Because it is priced low—includes essential equipment without extra charge—and goes farther between filling stations than any Ford car

ever built. Owners all over the country report averages of 22 to 27 miles on a single gallon of gasoline.

But economy isn't all the story by any means. The Standard "60" is built with the same precision as the De Luxe "85," and has the same 112-inch wheelbase chassis. It is easy to look at and ride in

—as well as easy to buy and run.

There's a Ford dealer near you.

## THE ROOSEVELT DILEMMA

Last week the House by the close vote of 204 to 196 killed the President's Reorganization Bill. The issues had become so warm, and the Administration's insistence upon limiting debate so positive, that public interest became more centered upon whether the President would be sustained or repudiated, than upon the features of the bill itself.

The fight finally became a contest between the power of the Chief Executive to continue his absolute control of Congress and the determination of Congress to recover its independence as one of the three branches of the Government.

In the closing moments of debate the Majority Leader and the Speaker of the House joined in a dramatic appeal on the ground that defeat of the bill would mean that Mr. Roosevelt was no longer leader of his Party.

Without question there has occurred a definite split in the Democratic Party into an unnamed conservative group called New Dealers, whose prestige has been steadily waning as various measures of planned economy have failed to assure recovery from the present "business recession".

The "Solid South", irritated by the Administration's indirect insistence upon enacting the "Anti-Lynching Bill", and by the President's Georgia speech denouncing the economic and social structure of the South, failed to rally to the Administration's frantic call for help. In Virginia, where Democracy is regarded as conservative, only one Congressman, Flannagan, supported Roosevelt. Drewry did not vote at all, and Smith, Bland, Burch, Hamilton, Robertson and Woodrum voted against the President. Both Virginia Senators are outstanding critics of the Administration, although

Progress is not accidental. It is the result of carefully matured plans and financial competence.

To get ahead in business or in social life it is necessary to have material means.

There is no better assurance of progress than the habit of depositing regularly and of conducting your financial affairs through a safe and friendly bank like ours.

**The Peoples National Bank  
of Manassas**

their loyalty to the Democratic Party is not questioned.

The President now faces a situation not unlike that which confronted Taft in 1910 and Hoover in 1932. His policies have failed to accomplish their avowed purposes. As long as recovery proceeded he could point with pride to his accomplishments and promise an ultimate balanced budget. Now he begins to share the waning prestige attendant on a renewed depression, known officially as a "recession" but only distinguishable from the Hoover depression, because of the improved banking laws.

In his dilemma the President turns again to heavy spending. Notwithstanding the apparent failure of the such a remedy, he seems unable to distinguish between a dangerous pain deadener and a permanent cure. He hopes yet to outspend the depression. Will Congress fall in line, or is a new leadership within the Democracy of America about to emerge?

## LAND IS GIVEN TO COMMISSION

### 400 Acres Donated for Forest Tract

The Virginia Conservation Commission has announced the acceptance in fee simple of a 400-acre tract of land located on the Lee Highway, about one-half a mile northeast of Gainesville, in Prince William County, which was conveyed as a gift to the State for administration as a State Forest.

Conveyance was made by the Conway Robinson Park Memorial Association to perpetuate the memory of the late Conway Robinson, distinguished Virginia attorney, who was born in Richmond, lived here for a number of years and finally buried here. The association was formed at the instance of Miss Agnes Conway Robinson, of Washington, only surviving child of the noted lawyer, who desired that her father's memory should be perpetuated through this unique forest project which she owned in toto.

Transformation of the area into a state forest will be accomplished under the direction of the Virginia Forest Service of the Commission, working with the association and other agencies. When completed, it will be known as the "Conway Robinson Memorial State Forest".

About 300 acres of the area are woodland, which, according to present plans, will be preserved insofar as practicable in its natural state.

About 100 acres have been cultivated for farm crops in the past, but due to the poor character of the soil, a large portion of this open land will eventually be planted with forest seedlings of desirable species, such as sugarloaf, loblolly, red and Austrian pines and yellow poplar and locust.

Wilbur C. Hall, chairman of the Commission, stated that "if authorization can be secured for the use of Conservation Commission Corps personnel, the State Forester will plan to remove only those trees from the wooded acreage as may be desirable for the purpose of reducing existing fire hazards and the trees which should be cut to improve both the growth and quality of the remaining stand."

Tentative plans have also been

### MANASSAS HIGH TROUNCES HAYMARKET

Manassas won its second straight game of the season defeating Haymarket 8-1 behind the 4-hit pitching of Worley. This is Worley's second brilliant pitching performance this season.

Manassas scored four times in the first inning. Bowers opened with a single and went to second when Piercy fumbled Fogle's grounder, consecutive hits by Wells, Vetter, and Roseberry, and a walk to Kline scored four runs.

Manassas scored twice in the fourth on hits by Payne and Vetter, a walk to Bowers, and Alvey's miff of Fogle's fly ball.

The last two runs were scored in the sixth on walks to Fogle and Vetter, an error on Ellison and a hit-batter. Haymarket's only run came in the seventh on hits by Payne and Piercy, and two Manassas errors.

The big hitters for the game were Vetter with 3 out of 4, Bowers with 2 out of 4 and S. Payne with 2 out of 4. W. Payne was the big hitter for Haymarket with 2 out of 4.

Worley pitched a nice game allowing only four scrtach ingles, striking out 9 batters and walking none.

Coach Litwin is quite satisfied with the team and will make only a few minor corrections. The next game will be played at Culpeper on April 22.
