At these examinations for era number one which were given in Warrenton on April twenty-third, the schools of Prince William County made a remarkable showing. One hundred and thirty-seven took this examination. Fifty-eight of these contestants were from Prince William County Schools. The scholarship was won by Miss Julia Anne Beane of Manassas High School. The second place went to John Page Turner of Marshall, third and fourth to Eloise Frederick and J. Robert Beahen of Brentsville, Margaret Rison of Warrenton was fifth and Thelma Ward of Manassas sixth.

Prince William County contestants, won nine places in the first twelve, and had twenty-three to place in the first thirty-six.

## Bethlehem Club Hears Mrs. Morton Speak

Mrs. R. A. Hutchison and Mrs. R. L. Byrd were hostesses to the Bethlehem Good Housekeeper's Club on Wednesday afternoon, May 18th, at the former's home.

In spite of the inclement weather there was a good attendance, including several guests, Mrs. A. O. Weeden, Miss Nollie Nelson, Mrs. L. L. Lomas and Mrs. Susan Morton, of Haymarket, Va.

After the usual committee reports, the president, Mrs. Byrd, welcomed the guests and a new club member, Mrs. Charles Compton.

Several new projects were discussed, after which the meeting was turned over to the program committee, Mrs. W. S. Athey and Mrs. D. J. Martin. Mrs. L. L. Lomas gave a beautiful descriptive reading "The Jungle Garden," after which Mrs. C. R. C. Johnson introduced the guest speaker, Mrs. Susan Morton, who charmed the assemblage with her vivid descriptions of old homes, old grave yards, and so forth, which she had practically rediscovered in her work throughout Prince William County. Among the interesting things so discovered were an old unmarked Confederate grave yard near Dumfries, the old Bailey Place, also near Dumfries, which dates back to the year 1747, when it was known as the "Calvert Place". The grave of a Revolutionary War soldier, Peter Hedges, was also found near Ocoquan.

Mrs. Morton asked that the club consider sponsoring a movement to have all of this most interesting and historically valuable data preserved in the form of a book, which could be published at a price reasonable enough to make it available to school children and the general public.

At the close of her talk, delicious refreshments were served by the hostesses, assisted by Mrs. Elizabeth Wine and her charming little son and daughter.

## FLAG RAISING AT HENRY HOUSE

WREATHS PLACED WHERE  
BEE AND BARTOW FELL

Confederate Flag Accepted for  
Park Service by Branch  
Spaulding

(Reprinted by Request.)

An important event took place on May 9th, 1938, at the historic Henry House Farm when a flag raising and memorial service was held under the auspices of the Manassas Chapter, United Daughters of Confederacy, directed by the president, Mrs. Robert LeRoy Byrd and her committee, Mrs. Lewis J. Carper and Mrs. E. B. Giddings.

City manager William F. Cocke was master of ceremonies and Mrs. Carper directed the music.

The program opened by reading of the U. D. C. ritual, led by Rev. A. S. Gibson, of the Episcopal Church, followed by singing of hymn "How Firm a Foundation". A large Texas flag was then unfurled by Miss Isabelle Hutchison and in the name of the Barnard E. Bee Chapter of San Antonio, Texas, was planted on the spot where General Bee fell. As the flag of the Lone Star State rippled to the breeze, Miss Hutchison in a few well chosen remarks, impressively spoken, paid tribute to Bee and read Dr. H. M. Clarkson's poem, "The Battle of Manassas".

Master Bo Williams, the handsome young son of Mrs. Daisy Brown Williams and a collateral descendant of Gen. A. P. Hill, assisted Miss Hutchison in the flag ceremony and tenderly placed a floral collection as a memorial tribute. Miss Elizabeth Davies, great-granddaughter of Major William Willis Thornton of the Prince William Cavalry, C. S. A., president of the Manassas Chapter, Children of Conderacy and a charter member, placed a spray of cut flowers at the foot of the monument recently erected by the Georgia Division U.D.C. to the memory of Gen. Francis S. Bartow who fell at Manassas. Miss Davies, Mrs. E. H. Hibbs and Mr. Wallace Johnson of the Battlefield Park Association assisted Mrs. Frank Dennis, of Georgia then president of the Division, in the historical research and proper location of the monument.

The crowd then assembled on the velvety green lawn of the Henry House over looking the magnificent mountain view of the Blue Ridge, where, beneath sunny skies, the voices in concert sang "Dixie" and the battle flag of the Confederacy was raised by Bobbie Byrd, son of Mr. and Mrs. R. L. Byrd, great-grandson of Robert James Byrd of the Confederate Army and a Charter member of the Manassas Chapter, Children of Confederacy.

Mr. Branch Spaulding in accepting the flag for the National Park Service, paid a glowing tribute to the Southern Army and spoke with deep feeling of the noble heritage left to succeeding generations.

Mrs. Robert A. Hutchison led the salute to the flag and the program was concluded by a most inspiring and beautiful talk by Rev. R. M. Graham of the Manassas Baptist Church.

Mr. A. J. Powell, care taker at the Henry House was most helpful in making special preparations for the occasion and the Daughters are very grateful to him for the courtesy accorded them and to Mr. Branch Spaulding for his splendid cooperation and for his part in making the affair a success.

She is by a son of Blonde's Bright Sultan, out of a daughter of Regal Mixture.

Becker Farms stood second in number of animals bought, with seven head, at the Fortland Farm Jersey auction near Nashville, Tennessee, on April 15. Their top was for Dreaming Samuella 2d, a daughter of Dreaming Sam. She has a good Register of Merit record and has also won in the show ring.

## COUNTY AGENTS COLUMN

### LIME

Lime when applied to the soil corrects acidity, supplies the plant foods calcium and magnesium, granulates the soil and promotes decay of crop residues and formation of nitrates. This in turn brings about an increase in yields, a decrease in the chance of crop failures, an increased growth of valuable legumes, a lessened possibility of winter killing, hastened maturity and control of some plant diseases.

Many other benefits resulting from liming might be listed but the strong argument for its use is that it increases the crop yield per acre and as a result lowers the cost of producing each ton of hay, bushel of grain and grazing feed unit.

### PASTURE IMPROVEMENT

The use of the proper fertilizer and lime in the required amounts is the first essential to pasture improvement. In most cases, either lime or fertilizer will result in some improvement, but when both materials are used the results are far better. This is not difficult to understand.

Practically all permanent pasture land has gone without attention so long that the supply of plant food has become nearly exhausted. The plants do not get enough plant food to make thrifty growth. So the needed elements must be supplied. Likewise, the lime content of the soil has been leached out or been removed by the grass to the extent that most pasture soils are acid and lime-poor.

### GRADING UP

The process of improving stock by breeding females to purebred males is termed grading up. The first cross is usually a very noticeable improvement over the grade or scurb female parent. Continued use of males of the same breed results, in time, in animals which are practically purebreds.

In grading up, males of the same breed should be used, cross after cross; otherwise the stock will be mongrelized instead of improved. Males should be better individuals in all respects than the females with which they are mated in order that each successive cross may be an improvement over the ones which went before it.

## Cows on Pasture NEED LARRO DAIRY FEED

## Grass is Good ...if

Grass is good if cows can get enough of it. But when it's old and tough they don't eat it readily and when pasture dries up, it's impossible for cows to get enough grass to fill their requirements for body maintenance and milk production. Don't take chances. Feed a regular ration of Larro and good hay along with your pasture. You'll have healthier cows and get the steady daily milk yields that mean bigger profits.

## OCCOQUAN (AND VICINITY)

We are glad to report that Bobby Hammill, son of Mr. and Mrs. Robert Hammill of Occoquan, is getting along nicely after his operation for appendicitis in Alexandria Hospital.

We are sorry to report that Mr. B. W. Brunt of Occoquan is very ill at his home in Occoquan, but latest reports are that he is somewhat better. We surely hope he will soon be entirely well.

They spent Monday with Mr. Morrison's mother who is convalescing in Alexandria Hospital after an operation. We are glad to report Mrs. Morrison is expected to be home the latter part of this week.

Miss Georgie Pierce, of Washington, spent Monday with her parents, Mr. and Mrs. C. S. Pierce in Occoquan.

Mr. and Mrs. Richard Carter, of Woodbridge, have taken a house in Occoquan. They have moved into a house of Mrs. Haywood Davis. We welcome the Carters to our town and hope they will like the old place.

Miss Hester Wilson, Mrs. Wooten Cockrell and Mrs. Pauline Wilson, all of Washington, D. C., were Sunday guests of Captain and Mrs. Thos. F. Joyce in Occoquan.

Parents and Patriotic Citizens: Do you know we have here in Prince William County in the home of Patriots "Old Virginia", public schools where the United States Flag "Old Glory" never has waved. Thanks to your Patriotic School Board? The members of the American Legion are now making preparations to erect a Flag Pole and present an American Flag to the public school at JOPLIN, Va., after having found they never had a pole or flag. The teacher there on being interviewed stated she tried several times to get a pole and flag, but she did not appeal to the right party "The American Legion." A Flag Pole and a United States Flag should be mandatory as part of the equipment of all Public Schools, and it is hoped Our State Legislature will pass an act to this effect. If any other schools have not been furnished with a Flag Pole and U. S. Flag, please notify the American Legion nearest you and you will get them. Your School Board should see to it that you were furnished with them, and that they be kept in good condition, but unfortunately we are not all as patriotic as we should be.

### INCREASING INTEREST IN THE EVANGELISTIC CAMPAIGN

Since the preliminary announcement last week of the proposed evangelistic campaign to open June 5th in the Methodist Church, under the leadership of Dan McNally, (Joe Kenney, his prison name), Manassas has witnessed the awakening of deep interest in this work that is being sponsored by a group of ministers of our community. On every hand people are talking about it. The kindest and most sympathetic expressions are pouring in. Inquiries as to what can be done to make the greatest success possible. The preachers are happy and encouraged. The spirit of expectancy is in the hearts of the people. God is busy preparing the way for the coming of the great evangelist.

Beginning Tuesday evening of this coming week, there will be held cottage prayer meeting to which all who are interested are invited. The community has been districted into six sections, with a chairman over each section. A prayer meeting to which all who are interested are invited. The community has been districted into six sections, with a chairman over each section. A prayer meeting will be held in each section on Tuesday and Friday evenings of this week and next. Announcements of the places for the meetings will be made in the churches Sunday, and published in this week's Journal if possible. Rev. O. R. Kesner and his committee is hard at work arranging for these meetings and leaders. It is planned that there shall be a large chorus during the meeting. Every one who is willing to assist in the music of

the meeting will please tell your pastor Sunday or phone Rev. John M. DeChant who is chairman of the Music Committee. The leader of the chorus choir will be announced next week. Singing will contribute greatly to the success of the meeting and everyone who will help is invited to do so.

Word has just come in that many of the churches throughout our county are arranging to participate in the meeting. The pastors are interested and are going to bring their people in. Special invitation is extended to these people that are within reach.

Everything points to great crowds and arrangements are being made for public address system to care for all who come. There have never been available buildings large enough to hold the great throngs that press to the meetings that Dan McNally conducts, and Manassas will prove no exception to the rule.

The organization of the Laymen's Cooperative Committee is going forward nicely. Announcement of this committee will be made next week. The Women's Cooperative Committee will be announced at the same time. Any interested person who desires may be a member of these committees and help make the campaign a success.

Special advertising matter will be out within a few days and will be distributed throughout the entire county. Surely this is the time for all good citizens to stand with the preachers in the effort to promote righteousness and honor and the kingdom of God's dear Son among the children of men. All such are urged to cooperate in this campaign.

### YOUR FLOWER GARDEN

A garden is a guarded spot. Where we can find a place To rest, and dream, and plan our lives That we may grow in grace. Not every plot of flowers is a garden.

If you have a tree, a shrub, a vine, a plant, a bench, and a bird, even though. Your space is only 10 feet square, it can be a garden. Then on the other hand an acre of horticultural beauty with blossoms by the thousand, is only a plot of ground or a nursery, and doesn't invite you plot of ground or a nursery, and doesn't invite you to sit down and rest awhile.

Water is not a necessity though it

adds much to your garden, whether it is a stream rippling over stone, or a large old fashioned bathtub sunk deep in the ground, as I recently admired. The edges were covered with clipped ivy and the one end banked high with wood ferns growing in all,

their splendor and, of course, godfish by the score.

You see, a garden need not be expensive, but how much it can add to your life cannot be counted in dollars and cents.

—The Garden Editor.

## NATIONAL AIR MAIL WEEK

This week we are celebrating the twentieth anniversary of the inauguration of air mail service on May 15, 1918.

From a mere stunt in aviation the transportation of mail by airplane has steadily grown until today it is an important and essential branch of the postal service. For the mere expense of an additional three cents a letter may now be dispatched with incredible speed to far distant points throughout the United States.

Today, for the first time, mail has been officially dispatched by airplane from the Manassas Airport. In the years to come this may develop into a daily or even hourly occurrence.

Everyone may participate in the observance of National Air Mail Week by posting an airmail letter. It is a great privilege to be able to do this, and the cost is almost negligible.

We should do this in a spirit of appreciation of the enterprises of those who have had the vision and the energy to build up our great air mail system, with its great fleet of airplanes and landing fields all the way from the great air stations to our own Manassas Airport.

We should also take this occasion to express our appreciation of the postal service generally, and last, but not least, of the courtesy and efficiency of our own Manassas Postmaster and his efficient staff.

We congratulate them all upon this great observance of National Air Mail Week.

## "VIRGINIA TREES"

Ye Editor of The Manassas Journal in the sovereign State of Virginia has something better to think about than the political state of the nation, or even of Virginia. He is that rare avian among the journalistic profession, a man of culture and a

hobby. His hobby is trees, and he has begun a most laudable departure in journalism, by writing a taxonomy of the trees of his State. This first volume is devoted to the conifers. The preliminary chapter on Forest Types is very informative. So also is the author's laudable attempt to eliminate as far as possible the technical terminology of the professional which is only serving as a bar and blockade to an intelligent public interest in conservation problems.—The Biologist (University of Colorado).

## PRESCHOOL PARTIES HELD

As the present school term draws to a close, many students are looking forward to graduation while others are thinking about summer vacation and the "ole swimming hole". But to prepare for the next school semester, parents are bringing their children, who will enter school in the fall for the first time, together for registration.

These preschool parties, or "summer roundups" are sponsored by the school leagues and the Health Unit.

The Manassas Bennett preschool party was held at the school house on Friday, May 13. Approximately forty six-year old children and their parents were present. The children were weighed and tested for sight and hearing by Miss Sabina Neel, Public Health Nurse, while the parents listened to a short talk given by Dr. Garrett of the Health Unit who advised them to have their children examined by their family physician. The children were also given the Schick test by the Health Officer.

The summer roundup is a comparatively new affair, but already it is showing its influence in the improved health of the young child who enters school.

It is hoped that all parents who have children entering school for the first time in the fall will secure a complete medical and dental examination, including smallpox and diphtheria immunization, for their children and that all physical defects will be corrected during the summer months.

## UNEMPLOYMENT INCREASES

Unemployment has increased in Virginia within recent months, but State authorities believe that increase has not been as great in the Old Dominion as elsewhere.

## WORK FOR SOME GOOD

Work for some good, be it ever so slowly;

Cherish some flower, be it ever so lowly;

Labor! All labor is noble and holy;  
Let thy toil, and good deeds;  
Be a prayer to God!

Hand in hand with Angels,

Through the world we go;

Brighten eyes are on us,

Thou we know;

Tenderer voices cheer us,

Than we can ever know;

Walking Heavenward!

Do we walk alone!

God never forsook one who is making an earnest, honest effort, And He will not begin on you, Struggle on, and all shall be well, your effort a Success!

Just where you stood in the Conflict, There is your place!  
Just where you think you are useless God placed you there  
Whate'er it be;  
Think He has chosen you—Work loyally.

## BAPTISTS OPPOSE CONSOLIDATION

Report Decidedly Downs Any Such Proposal

In Richmond more than 5,000 representatives of 5,000,000 Baptists, assembled Wednesday afternoon at the Southern Baptist Convention, unanimously adopted a report rigorously opposing consolidation of all denominations into one "man-made fellowship."

The report was made by the committee on interdenominational relations, to which last year's conference referred the matter of reaffirmation of the Southern Baptists' position on projected consolidation of all churches into a single denomination. So far as is known, no official proposal of uniting with other denominations has been made to the Southern Baptist Church. Fully 10,000 are attending the meeting here, many being members of the Woman's Missionary Union which concluded a three-day session Wednesday.

"Any fellowship founded on compromise and spurious appeals is a sham union," stated the interdenominational relations report presented by W. R. White of Oklahoma City, "and will debilitate and retard the progress of Christianity the world over."

"... It would constitute a powerful monopoly fraught with many possible perils for the world. It would be too carnal to be safe. Such an advantage and such power would be too much for human nature. We can conceive of it as a great temptation to some would-be world dictator in the event of some unusual crisis in the future. Only a union dominated by spiritual believers, perfected by spiritual motives responsive to the Lordship of Christ would be safe for the world."

The only possible road to organic fellowship, the report set out, is "to the Scripture, fairly interpreted." It is said that this is, in our present state, impracticable and impossible with Baptists, for we are unalterably bound to the Scriptures as our law and guide.

Dr. White said the report reaffirmed the "historic position" of Southern Baptists, and that the doctrine had been formulated by the late Dr. J. B. Gambrell, former president of the convention.

Earlier on the program, a lively controversy arose when Dr. Ryland Knight of Atlanta offered the recommendation of the Committee on Negro Ministerial Education that the scope of that body be broadened.

Dr. E. P. Alldredge of Nashville, acting executive secretary of the American Baptist Theological Seminary, protested that to widen the activities of the Negro ministerial body would be to duplicate work in the field covered by the Nashville seminary and also by the Home Mission Board.

After John D. Freeman, State secretary for Tennessee, also voiced the opinion that adoption of the recommendation would set up an unnecessary commission, the convention voted to instruct the same committee to continue its studies and report next year.

Recommendations of the Committee on Study of Organizations with View of Co-ordination and Correlation, presented by M. E. Dodd of Shreveport, La., were adopted. They called establishment of a church council of all organizations to survey and plan a program of integration to eliminate duplications found in membership, materials of study, leadership and activities.

Suggestions of the Rev. J. W. Storer of Tulsa, Okla., former pastor of the Grove Avenue Baptist Church here, speaking for the Committee on Study of Conditions and Needs of Church Music, were also approved by the convention. The committee urged that the Sunday School Board project a survey of church music.

At the opening morning session, Dr. E. V. Pierce of Minneapolis, president of the Northern Baptist Convention, and the Rev. E. P. J. Garrot of Conway, Ark., pleaded for a more extended program of foreign missions and an intensified evangelistic campaign of soul-winning at home.

The S.C.A. of Haymarket High School held its last meeting of the current year on the second Wednesday of the month. At this time the various organizations made a consolidated report. The organization has carried out its objectives for the year and has a balance in the treasury.

At this meeting the officers for next year were elected. Rolfe Robertson, Jr., was elected president; Andrew Smith, Secretary; Rolfe Ellison, treasurer; Robert Carter, general reporter; and Evelyn Smith and Richard Hayford, athletic reporters.

On Wednesday, May 11, the board and the superintendent visited the school of Gainesville District. They were entertained for lunch by the Community League. # SONJA'S CHARM AND GRACE WIN THOUSANDS OF FANS

A Sonja radiant beyond imagining, reunited in romance with her "One In A Million" sweetheart, rules Hollywood as queen!

In "Happy Landings," Hit-Creator Darryl F. Zanuck's newest musical of superlative spender, this smiling blonde Norse beauty scores her third straight triumph on the screen—exactly as she thrice took the Olympics figure skating championships by storm.

To American motion picture audiences she represents all the fresh, vibrant life of the glittering open spaces of her home country. The Norwegian lass who has taken all hearts and championships in her stride has won the populace of her adopted country by taking out her first citizenship papers.

When she appears in "Happy Landings" with Don Ameche at the Pitts Theatre on Thursday and Friday, May 26 & 27, fans will find her breathlessly in love, breath-taking on the ice, and radiant queen of a world of dreams come true.

But her homeland, where she won her first laurels and took her first bumps on the ice, still holds her in high esteem.

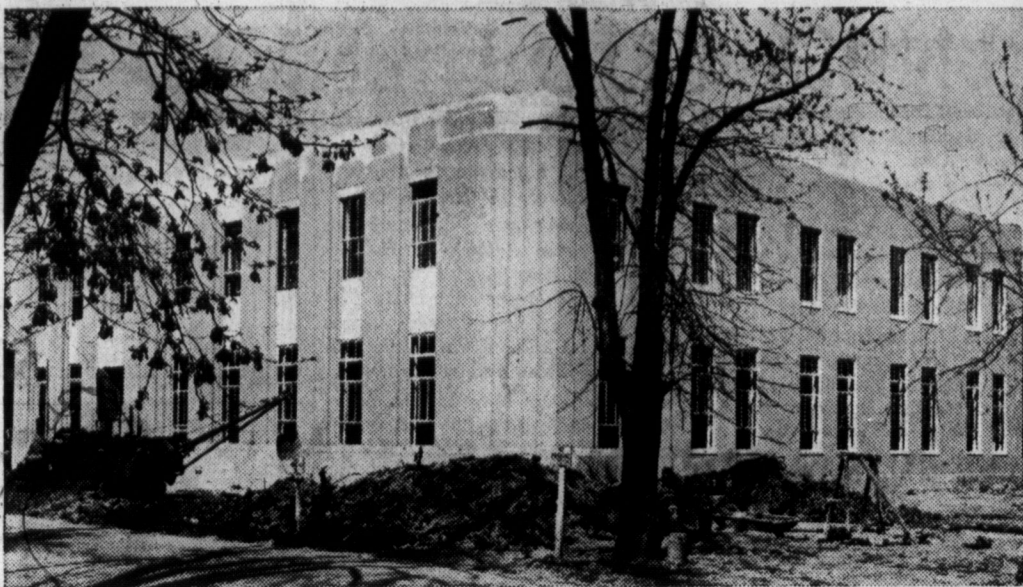

Norway considers Sonja Henie its greatest living citizen, according to a poll recently conducted by the "Aftenposten," leading newspaper of Oslo, Norway. The poll was taken in connection with a projected Hall of Fame for a Scandinavian exposition to be held in New York, and which will include all of the Norwegians who have brought fame to that country.

When Sonja received the results of the poll while working in "Happy Landings," she found that only four famous figures of the past preceded her on the list and that she received only six votes less than Henrik Ibsen, the famed playwright.

All of the great figures of Norway's history who spread the fame of that country abroad were considered in the vote, and the first four on the list are men who have passed on.

The list was headed by Fridtjof Nansen, the North Pole explorer, who led with 563 votes. Next came Roald Amundsen the explorer, with 560 votes. Bjornstjerne Bjornson the novelist, was third with 556 votes, followed by Henrik Ibsen, 547 votes. With 541 votes, Sonja Henie came fifth as the first living notable on

# C. & P. PHONE COMPANY SOON TO OCCUPY NEW QUARTERS IN ARLINGTON COUNTY

The new telephone building, at 1025 North Irving street, is rapidly nearing completion and installation of the dial telephone equipment for the conversion in December of the Walnut exchange to dial service has begun, according to an announcement made today by John A. Cummins, local manager of the Chesapeake and Potomac Telephone Company of Virginia.

In addition to the dial equipment

for the Walnut exchange and associated apparatus, this modern new building will also house the telephone business office now located at 3156 Wilson Boulevard. Present plans call for the removal of the business office to its new home in July, stated Mr. Cummins.

The new building, a two-story structure of gray brick trimmed with limestone, is one of the most modern in the state and provides approximate-

ly 22,750 square feet of floor space with a frontage of 103 feet. It is designed to permit additions when needed. Mr. Cummins said that the new building has been constructed and the additions to facilities are being made only after careful studies by telephone engineers showed that these plans would best care for the present and future needs of the county, which is fast becoming one large metropolitan area.

the list, and by virtue of her Olympic skating championships and her status as a popular film star.

Kaut Hamsun, who follows her as sixth, rated 475 votes, and Edvard Grieg, the composer, came seventh with 10 less. Following them are Ole Bull, famed violinist of the last century, Sigrid Undset, novelist, and Kirsten Flagstad, the opera singer. Leif Erikson, claimed as the first discoverer of America, rated fifteenth.

## TO ENLARGE STATE PRISON

Plans for the modernization and enlargement of the State penitentiary are being prepared by a firm of Richmond architects. Col. Walker C. Cottrell, chairman of the State prison board, said that "under a \$400,000 appropriation provided for the purpose by the General Assembly we are preparing a two-year building program, which, among other things will include

a new power house, an additional cell block for 350 prisoners and extension of rison walls eastward."

A cotton crop, the first ever grown on a state prison farm in Virginia, will be planted this spring on 200 acres of the State prison farm near

Cape Run in Southampton county. The county will be used in making convict uniforms and fabrics at the textile plant in the State penitentiary, about 600 acres of the 1,800 acre farm will be used for foods, feed-stuff and soil improvement crops.

## WHAT OTHERS THINK OF "VIRGINIA TREES"

"Written by one who knows the Virginia forests intimately, this pioneer book on Virginia trees may be expected to have considerable usefulness within its range, which, of course, extends beyond the borders of the state. Presumably other volumes are to follow, describing Virginia's great wealth of deciduous trees."—Science News Letter.

"Permit me to compliment you on this fine contribution to the botany of Virginia. Indeed it is more than a contribution to botany, since you not only have a great wealth of botanical detail here, but also a mass of historical, economic, ecological and agricultural data that is of great value for reference and also makes very interesting and profitable reading. I shall anticipate the appearance of further volumes in this series with eagerness."—William A. Dayton, Ecologist, U. S. Forest Service, Washington.

"I think you have done remarkably well and have produced a little volume which is a distinct contribution to our knowledge of the tree flora of Virginia. I note with pleasure that Volume II is in preparation, and I have no doubt that it will maintain the same high standard that you have set in Volume I."—Dr. H. Gleason, Acting Director, New York Botanical Garden.

"Congratulations on your book. It is an admirable piece of work and will bring Virginia where she should be, at the head of the list. I know that it will be my bible on any forest type mapping projects in that State."—Frank H. Miller, Assistant Forester in Charge of Type Mapping, Region One, National Park Service.

"Your book is extremely interesting"—Dr. J. Shelton Horsley, Past President, Virginia Academy of Science.

"I have had an opportunity to look through the book very carefully, so I am writing to let you know that I was greatly interested in it, and think that it is a book of real value. It certainly taught me a great deal that I did not know about Virginia trees. One thing I like is that, although it is technically accurate, the information is given in a way that can be understood by anyone who is interested in trees."—Bishop Harry St. George Tucker.

"I congratulate you on your splendid book." Senator Harry Flood Byrd.

"I have looked over your book with a great deal of interest and I think it should serve a very valuable aid in extending better knowledge of Virginia trees. I hope that you will be able to complete the proposed series without delay."—Dr. Raymond J. Pool, Chairman of the Department of Botany, University of Nebraska.

Virginia Trees, Volume 1, by William Harrison Lamb, Manassas, Va., is published by the Manassas Journal Manassas, Virginia. Price \$2.50, postpaid.
