CHURCH SCHOOL TO OBSERVE HOME-COMING DAY

The Trinity Episcopal Church School is extending an invitation to all of its past and present members to attend a Homecoming Day on Sunday, June 19th. Two services will be held, at 11 a.m. and at 2 p.m., at which past rectors of the Episcopal Church will speak. At 12:30 p.m. the ladies of the Guild will serve lunch to those present.

Early responses to invitations mailed to out-of-town members of the Sunday School indicate that there will be a large attendance even by those who live at a considerable distance.

TO BEGIN CLINIC JUNE 9th

On Thursday, June 9th, a Well Baby Clinic, sponsored by the Manassas Junior Woman's Club and the Prince William County Health Unit, will be held in the clinic rooms which are located in the second floor of the Hibbs and Giddings building.

The clinics are to be held on the second and fourth Thursdays of each month at 2:00 p.m. with white patients on the second and colored on the fourth. The purpose of these clinics is to promote infant health which will in turn promote general public health. Similar clinics are now operating in many counties, there being four in Fairfax. They are well attended and are doing a great deal in the prevention of children's diseases.

Dr. Stewart McBryde will be in charge of the first clinic. Any further information about these clinics may be obtained by calling the Health Department.

REUNION AT GETTYSBURG

Confederate and Union Veterans
To Attend

Although Flags of Confederate and Union veterans attending the joint reunion of the Blue and Gray at Gettysburg from June 29 to July 6 will fly side by side, according to announcement by the Gettysburg Battlefield commission, it appears doubtful that any Virginia units would be represented. The idea of men over 90 sleeping in tents continues to strike General William McK. Evans, commander of Virginia Confederate veterans, as "insane," and he reiterated his intention to stay at home. Mrs. Daisy Lester Avery, adjutant of the Virginia unit, has said she would follow his example.

Observing his 90th birthday in Petersburg last week, General Homer Atkinson, twice commander of the United Confederate Veterans, said he had dropped his opposition to the Gettysburg celebration and was advising Southern veterans to attend. However, he remarked: "I shall not go because I don't want to go. I am not planning on going anywhere except to the Confederate reunion." The latter reunion will be held at Columbia, S. C., Aug. 30-Sept. 2.

"All I feel today is peace and love and charity to everybody and I think the Gettysburg celebration is all right now," General Atkinson said on his birthday as he studied an official invitation to attend the Gettysburg event. "There is not a word in any of it about a reunion of the Blue and Gray. It makes perfectly clear, now that the government has taken a hand, it will be a celebration in commemoration of the battle of Gettysburg and that the veterans who will go so as former soldiers. I have been advising some of the veterans to stay away from Gettysburg, but, with the way things are being done now, I am not advising that any longer."

CAPITOL DISTRICT OFFICIALS VISIT LOCAL CLUB

The Kiwanis Club received a double load of inspection on Friday evening when Lieut. Governor Andy Bell, of Winchester, and District Governor Irvin Diener, of Alexandria, were both present. Such an occurrence has never before taken place in the local club and possibly nowhere in the Capitol District.

Irvin gracefully retired from the speaker's stand with just a few words of encouragement. O. D. Waters, chairman of the Kiwanis education committee, then put on his speaker, Andy Bell.

Andy took a negative method of wrong angles from which to proceed. This unique plan proved quite entertaining, especially as Andy thrust so much personality into his words.

Special mention was made of the International Convention that will be held this month in San Francisco.

COMMENCEMENT EXERCISES AT MANASSAS

BENEFITS OF C. M. T. C. ARE NOTED

YOUNG MEN OF VIRGINIA:

Before it is too late you are reminded of the opportunity afforded you by the Civilian Military Training Camps. If you are fortunate enough to gain admittance to a camp this summer some of the benefits you will receive are the following:

1. Four weeks free vacation at Fort Meyer or at Fort Monroe. Free transportation and all expenses paid. Part of the day devoted to military training; the rest to sports and entertainments.
2. Scholarships are annually awarded by 25 schools, colleges, and Universities to outstanding young men in these camps. Among Virginia institutions are:
Washington and Lee Danville Military Academy
V. M. I. Randolph-Macon
William and Mary Hampden-Sidney
3. The War Department administers these camps under the supervision of officers of the regular Army and reserve.
4. Free medical attention and care. These camps are great builders of health, character and civic thought.
5. The various courses are for men between 17 and 25 years of age.

Virginia's quota is 997 young men. My last report from headquarters states that applications so far received amount to 814. Admission of 183 additional young men is possible. If Virginia's quota is not completed the benefit will go to other states; (as an example, Western Pennsylvania's quota is 1788; applications received to date in this case amount to 3522).

Every county in Virginia has a C. M. T. C. Chairman. It is recommended that you consult him immediately. The time for receiving applications expires shortly.

Civilian Aide to the
Secretary of War, for
The State of Virginia.

CLUB MAKES GOOD IN CAMPAIGN

The Prince William Young Democrats fulfilled all expectations of having one of the largest clubs in the State by enlisting 600 members before midnight Tuesday, the final hour of the campaign contest. This is three times the number of members the Young Democrats boasted last year.

Only three persons entered the contest. Each of these three will be awarded prizes at the July meeting in Manassas. Mrs. Janie Abel is the winner of the Dumfries District and county prize. Mr. Bonham Ayres is the Manassas District winner and Mrs. Grant Lyons is the Haymarket District winner.

The club president, Mrs. Elizabeth Taylor, and the respective officers take this means of thanking the three contestants for their untiring work during the period of the contest, and also of thanking the loyal supporters of the club who have helped enlarge the membership. The 400 new members are most graciously welcomed as Young Democrats and it is hoped that the club will do outstanding work as the result of its expansion.

The members are reminded that the next meeting will be held at Quantico, at the school house, on Thursday, June 7 at 8:00 o'clock.

W.C.T.U. OBSERVES MOTHER'S DAY

Mrs. Walter Sadd Entertains
May Meeting

Mrs. Walter Sadd entertained the W.C.T.U. in May with 25 members present. A beautiful "Mother's Day" program was given by Mrs. Harrell and Mrs. Sadd, in which a number took part honoring mothers and motherhood. Mrs. Sadd's two little daughters, Roberta and June, paying tribute to their mothers in verse. A very beautiful feature of the meeting was "A Mother's Parable" given by Mrs. Gue, and "Songs My Mother Sang" by Miss Jessie Connor, accompanied by Miss Agnes Thomason on piano. Mrs. Bywaters read "words of Jesus addressed to his mother" also quotations from Moody, Lincoln, Carnegie and others honoring their mothers. Mrs. Hersch read "The Price of a Home".

A sadder strain was the resignation of Mrs. Embrey as president of the W.C.T.U. after 16 years of service. Mrs. Gorrell in behalf of the W.C.T.U. expressed appreciation for these years of service and the hope that our retiring president would find a place in her beloved work in the new home to which she is going, and assuring her that our interest in her and our prayers would follow her. Little Miss Marian Sadd presented Mrs. Embrey with beautiful flowers to which was attached an envelope which farther expressed the esteem and appreciation of the W.C.T.U. The meeting closed with song, "Blest be the tie that binds" and the Aaronic Benediction.

Vice-president, Mrs. Henry Sealey, succeeds Mrs. Embrey as president; Mrs. D. R. Lewis, vice-president.

The Woman's Christian Temperance Union met in April with Mrs. L. B. Williams with 17 members present. After the devotional period a number of projects were considered from the standpoint of temperance.

Petitions were reported sent to our legislators protesting against advertising of alcoholic drinks by radio and the press.

The W. C. T. U. want to express their high appreciation of the stand the "Manassas Journal" has taken in refusing requests for such advertising and also for the unfailing courtesy extended the W.C.T.U. in giving space for their reports through the years. Arrangements were made for State president and Dr. Hoge to hold an Institute in one of our churches in Manassas at an early date.

Mrs. Flory, the guest speaker gave an interesting and instructive talk on her wide experience both in her native land and in China where she and Mr. Flory served as missionaries for 16 years. Her observation was that the Chinese were a much more temperate people than are our own race. Their use of intoxicating liquor being in such small quantities is seldom resulted in drunkenness.

The meeting closed with the Aaronic Benediction.

W.C.T.U. OFFERS PRIZE

The Woman's Christian Temperance Union of Manassas, Virginia, offers as a prize, five dollars, to anyone sending in the best recipe for a new drink by September 1st, to take the place of the now popular cocktails. These recipes to be sent to the president of the Manassas W. C. T. U.

On Monday evening, June 6, Mrs. Lewis T. Carper will present her piano pupils in a Recital at 8:00 in the Parish Hall.

Graduation Attracts Record Crowd of Interested Spectators

The Manassas High School graduation exercises of twenty-eight Seniors and eight Post Graduates took place Tuesday night, May 31, in the high school auditorium.

Dr. J. L. Blair Buck, Director of Instruction in the State Department of Education, was the guest speaker of the evening who addressed the graduates. He attempted to show the Seniors the superiority of a democracy over other forms of government existing at the present time. "Although a dictatorship could easily cure unemployment problems in our country," Dr. Buck stated, "it would mean the downfall of all personal freedom of speech and action among the citizens." He impressed upon the Seniors the work they should accomplish in overcoming present-day problems of government and expressed the wish that each graduate would take an active interest in the economic world of today.

Following Dr. Buck's talk, Mr. Peters announced the Seventh Grade graduates from Miss Grace Metz and Miss Alrich's rooms. COTTAGE PRAYER MEETINGS ASSIST REVIVAL SERVICES

Once ever so often a community faces a golden opportunity to make real progress along various lines. Such an hour is striking for Manassas now. Preparations have been under way for weeks for the greatest evangelistic effort that our community has seen. Cottage Prayer Meetings have been held for the past two weeks. The preachers cooperating in the campaign have been meeting and praying together and a new earnestness has been born in their hearts and a new love moves them as they face this wonderful opportunity to manifest unity in their effort to reach the unsaved and wandering of the community and to build up the people in the most holy faith. Everything is being done that is humanly possible to make this effort a wonderful success.

There will be on the streets each day, evening and at other hours a specially equipped automobile advertising the services and urging the people to attend. Arrangements have been completed and a public address system will be installed in the church to take care of the overflow crowds in the lower room of the church and the Sunday School room in the rear of the auditorium, and if necessary in the Presbyterian Church across the street. This equipment is the contribution of friends of Jesus in Washington and is placed at our service without price.

The Co-operating Preachers in a business session have made certain appointments for the different features of the meeting. Rev. John DeChant has been at work gathering the chorus choir for the campaign. Mr. Johnson of Washington, an evangelistic singer of much experience, will direct the chorus. Mr. and Mrs. Louis Carper will play the organ and piano during the campaign. Every person who will assist with the singing is cordially invited to be present evenings at 7:30 o'clock. Rev. John M. DeChant has been placed in charge of the Ushers and has secured Mr. Jack Staub to be chief usher and together they will select assistants. Rev. Orin R. Kesner has been in charge of the Cottage Prayer Meetings and has done a splendid job of it, with the assistance of good helpers. Rev. Howard Salter has worked faithfully in the publicity end along with the General Chairman. Rev. Byron M. Flory and Rev. E. E. Blough have been assisting along all lines. The Laymen's Co-operative Committee and the Women's Committee have been at work.

There was no intention of announcing the affiliation of the evangelist but as current talk seem to place him where he isn't, we now announce that Dan McNally is an accredited minister of the Methodist Church in good standing and is backed by that great denomination. He is no sectarian but conducts services in all churches. He comes to us from Cumberland with the backing of the leading churches and citizens of that Western Maryland City. We could publish many long and glowing testimonials from preachers and laymen as to his dependability, his deep consecration, his burning love for the lost, his tenderness and gentleness in preaching the old gospel of a crucified and risen Lord. He rides no hobbies, practices no exercises, runs into no extravagances, and is a real heart reaching preacher. Manassas has nothing to fear nor to dread in his coming.

It is not going to be a question of getting the people to attend—the problem is going to be taking care of those who want to attend. No where that Brother Dan has held a meeting has there been room enough for the crowds that throng the church. It

will be a case of those coming first being taken care of.

Your preachers are asking the Christian people to pray as they never have; to work hard to get their friends and loved ones to the meetings; to cooperate in every way possible in making the meeting a great success. We pledge you our honor that the purpose of this meeting is not to break up any church, to divide any people, to build up our churches as the result—not at all—the one dominating purpose in our hearts is to save people. No effort will be made to get any person to join any special church—each convert will be asked to designate the church of his choice.

We would be recreant to our duty were we not to express our appreciation of the splendid support given us by the Manassas Journal, that splendid body of fine laymen and women who are cooperating, the readiness and willingness of those who are contributing to the expense of our publicity campaign, and to all who have helped in the cottage meetings, and even to those who have criticised us for bringing to this town this man of God.

The hour is here. Let us go into the harvest field and reap the ripened grain for the garner in the sky. God bless Manassas and Prince William County.

JANE WITHERS UPHOLDS POLL BY GRAND ROLE IN "CHECKERS"

It's "Checkers" Jane Withers now! The girl who has just been voted one of the six most popular stars of today wears the proudest racing silks on the track in "Checkers," her latest Twentieth Century-Fox picture, opening on Saturday, June 4, at the Pitts Theatre. Jane's at her uproarious best, and what a thoroughbred she is, even when Lady Luck forgets to act like a lady.

Stuart Erwin and Una Merkel are featured in romantic roles in the film, and Marvin Stephens, the bad boy of "Borrowing Trouble," plays Jane's first screen "crush."

As the slickest horse-trader who ever got stung, Stuart has been courting Una for seven years. She disapproves of Stu's motto: "Love me, love my horse," for Una is a girl who refuses to fill her hope chest with horse blankets.

The horse that stands in the way of Stu's romance in the recent days of his sit-down courtship is "Blue Skies," a racing filly whose flashing hoofs at the end of the film give the girl a new light on the Erwin motto. Jane, Stu and "Blue Skies" wander around to the track at the opening of the story. The horse, with Jane riding, beats the star of another owner's stable. Enraged, this sportsman fires Marvin Stephens, his jockey, who joins forces with Jane and Co.

The quartet then descends upon Una's farm. When "Blue Skies" breaks a leg in a race, Una is forced to put the horse up in her barn, even though she dislikes racehorses. Stu

gets a job on the farm, and Jane and Marvin start school.

Soon Stu's romantic rival appears—Andrew Tombes, the local banker. Then Marvin, through his part-time job in Tombes' bank, develops a great interest in the banker's daughter.

Determined to set things right, Stu employs a ruse which reveals the ulterior motives of the banker's courtship and results in Marvin's being fired. But the ruse boomerangs on Jane and Stu, and they find they will have to race "Blue Skies," now recovered, if they are to save Una's farm from foreclosure. They have promised Una never to go near a race-track.

They enter the horse secretly in the big race, but the news leaks out. A stormy conclusion is neatly turned into a romantic idyll as "Blue Skies" thunders to a great finish.

OUR PASTURES—THEY DESERVE BETTER CARE

Too many of us have considered pasture as something that would take care of itself. We have neglected many of our pastures, eaten the grass off early and late until the sods have become thin—weeds have come in and we say the pastures have "run out". They really have starved out! These pastures must be fed, that is, fertilized and limed, to put back the plant food taken off by livestock.

Pasture is a crop that the animals eat right where it grows. There is no labor cost for harvesting. But, as with the part of the farm on which fertilized and limed tilled crops are grown, pasture land is purchased, taxed and fenced and must also be handled on a business basis if it contributes its share toward the total farm income. The right kind of fertilization, liming and management will make many pastures produce two, three and even four or five times as much feed as they do now. Too many unfertilized and unlimed pastures provide good exercise grounds but little livestock feed.

LEGUME AND GRASS SILAGE

The practice of ensiling legumes and grasses with molasses is rapidly increasing. A bulletin "Legume and Grass Silage" containing a report on a survey of methods of ensiling and results on 380 Northeastern farms has been completed and may be obtained upon request to the New Jersey Agricultural Experiment Station, New Brunswick, N. J.

It was found that the addition of molasses to legumes and grasses as they were being ensiled produced the desirable acidity for preservation. The ensiling of early succulent hays and grasses for summer use when the corn silage has given out and pastures are short and dry may prove to be a desirable practice in Prince William County. Good results have been obtained on the Rogers farm near Herndon.

BREED THE BEST TO THE BEST

Whatever an animal is, as far as its inheritance is concerned, it gets from its parents—they get theirs from their parents, and so on back to the beginning. Unless males are better individuals than the females with which they are mated, improvement in the milk, meat or egg producing ability of the offspring can not be expected. In breeding up cattle, sheep, horses or hogs—just as with poultry—males of the same breed should be used cross after cross; otherwise the stock will become mongrelized instead of improved. In most cases, particularly with dairy cattle, when two breeds are crossed, the weaker instead of the stronger characteristics of each breed appear in the offspring.

ORDER STATE GROUND LIMESTONE EARLY

Mr. G. W. Koerner, State Commissioner of Agriculture, advises that orders placed now for State ground limestone can be filled in a short time. However, to be certain of obtaining delivery during the late summer and early fall orders should be placed now since many orders are going in for September delivery. Orders will be accepted and booked for later delivery and check for same need not be sent until two weeks before time of delivery. Unless orders are placed many farmers will be disappointed again this year in not getting fall delivery.

JUNIOR NEWS

State President J. Julian Davis visited Manassas on Sunday at which time a group meeting was held with some of the representatives of local councils. George A. Wood, of Greenwich, was recommended as the district deputy for District No. 5, and appointment has since been made.

A District meeting will be held with Bull Run Council on the evening of June 14th, after the regular meeting of the local council. State and District officers will be present to offer Prince William as much encouragement as possible. It is stated that a distinct effort will be made during the coming year to revive the old Council at Warrenton and to install a new one at Remington.

It is probable that the meeting on June 14th will be open to the public as soon as the new officers of the district have been installed. An invitation to the Daughters of America to come in at that time and take part has already been extended.

Bradshaw on first had everything that came his way.

Godfrey held down second base and scored the winning run.

Pyron caught some very fast ground skipper's and beat out several bunts.

Snoddy did his part on third base covering it with care.

Ellison was the star player of the day in the field. Running every direction catching fly balls and not making any errors. He also had a fine day at bat.

In the eighth inning Godfrey took third base and Swartz took second while in the ninth. "Dick" Godfrey took short stop in Pyron's place. Hanback and Polen covered their part of the field.

CHRIST FOR ALL—ALL FOR CHRIST

The Bible Thought and Prayer

BIBLE THOUGHT AND PRAYER

MAKE INTELLIGENT USE OF THE LAW OF LIFE—The law of the Lord is perfect, converting the soul: the testimony of the Lord is sure, making wise the simple.—Psalms 19:7.

TO OUR GRADUATES

We extend to the High School Graduates of Manassas, and of Prince William County, our heartiest congratulations upon completion this week of the difficult courses of study proscribed by the State Board of Education of Virginia.

It is unnecessary to add a lot of advice on how they should live in the years to come. They already know how to live and have given ample proof of this in their present accomplishments. In the future they need only to further develop the habits of study and qualities of leadership so ably put forth in their High School activities.

We are very proud of our local school system and of our efficient Superintendent and his capable staff of teachers. The public schools of this county rank very high in the State. We are especially proud of our graduates. We wish for them the fullest measure of success as they go forth to uphold the fine traditions and forthright ideals of Prince William County in old Virginia.

ATTEND LUTHERAN CONFERENCE

Rev. and Mrs. A. W. Ballentine and their son, Luther, and Mr. and Mrs. J. H. Mr. Rexrode has been president of this Sunday School Association for fifteen years.

A Lecture

on
Christian Science

Entitled
Christian Science: Its Healing Ministry
by
Dr. Walton Hubbard, C. S. B.
of Los Angeles, California
Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston Massachusetts.

Were it possible to call upon the students of Christian Science who form a large portion of this audience to explain the reason for their presence here and their allegiance to Christian Science, it would be found that most of them had been healed by Christian Science of sicknesses which had defied other methods of treatment. And the range of these sicknesses which had been healed would be found to be so wide and so varied as to indicate with certainty that the law of God, as taught and applied in Christian Science, heals all manner of sickness and sin.

It is my intention not only to discuss the teachings of Christian Science, but to tell you something of my own observations in connection with my problem of growing out of the practice of medicine and into the practice of Christian Science. Perhaps these observations may be helpful to some of you.

A discussion of Christian Science may quite properly begin with its Discoverer and Founder, Mary Baker Eddy. Whatever I may say of her in the limited time at our disposal must of necessity be brief. I would earnestly recommend a study of her life. Several biographies are available at Christian Science Reading Rooms, and she has written something of herself in her book "Retrospection and Introspection." To understand how Christian Science unfolded in her consciousness will make it easier for it to unfold in yours.

Mary Baker Eddy was a woman of unusual spirituality and deep religious sense. She was a consistent and tireless student, an analytical student, and through years marked by sickness and trials her profound religious sense led her always to strive to see and to understand the infinite Principle in every blessing which she received. This persistent search for Truth was finally rewarded by the discovery of the divine laws of God, which she named Christian Science.

The usual reason for people turning to spiritual means of healing is that the use of material means for the alleviation of their sicknesses have been so disappointing. The history of medicine over the past hundreds of years has been one of constant change. New remedies and new measures are constantly brought forth and marvelous things are claimed for them, only to be discarded later on for never remedies or never measures, in which, for the

moment, there is greater faith. They are effective only to the degree in which they are believed.

Christian Science declares itself to be the law of God. It further declares that this law is demonstrably true; that we may understand it, that we may apply it, and that the results will prove its truth.

The various healings which Jesus, the master Christian, brought about are of especial interest to those who are endeavoring to follow his command to heal the sick, for he instructed his disciples to go into all the world and teach all nations to do whatsoever he had commanded them to do, and he certainly commanded his disciples to heal the sick.

Jesus said a great many things about healing and the requisites for healing. He insisted that to see the kingdom of God it is necessary to be born of the Spirit, and our experience in Christian Science demonstrates that to perceive the power of Truth, it is necessary for one's consciousness to be spiritualized. Jesus described the human qualities which we must be rid of, and the spiritual qualities which must be cultivated. He declared that by following his teaching we would demonstrate an abundance of every good thing, and would be able to withstand storms of error. He taught that prayer must be deep and heartfelt communion with God. Read the chapter on Prayer in the Christian Science textbook and compare it with Jesus' teaching on this subject in his Sermon on the Mount.

So to each one who studies Christian Science, there comes some consciousness of the Christ. This divine anointing results in healing now as inevitably as it did in Jesus' time, and it brings a definite reward in peace, and healing, and blessing.

CENTREVILLE

Mrs. Fannie Harrison was a recent visitor in Manassas. She has about recovered her health much to the delight of her many friends.

Mr. Louis Montagu is in New York on business.

Mrs. William Powers entertained a large family party over the holidays when four birthdays were celebrated. Mrs. Rena Darr and Merle spent the week-end here.

Centreville is much saddened by the loss of two members of the local graded school faculty, the principal, Miss Anne Sanford, who goes to Fairfax, and Miss Lucy LeGallais, who has been our primary teacher since 1930. Miss LeGallais has identified herself with church and civic work during that period in a way that will make her a real loss to the community. Groveton will be her teaching home next session. We hope that after that she will come back to us.

Miss Mary Wharton celebrated her birthday on the 30th with a family party. The lovely cake was presented to her by Mrs. William Powers.

Mr. and Mrs. Jack Breeden are the proud parents of a baby son, born last Saturday morning.

Mrs. James Payne was taken to a hospital this week. We all hope that she is much better.

CITIZENSHIP IS
GRADUATION THEME

Before an enthusiastic throng of several hundred parents, friends and former students, three graduates were given diplomas at the Manassas Industrial School, also known as the Northern Virginia Regional High School, on Monday afternoon.

The glee club and students marched in to the strains of a processional played by Robertetta Berry. Professor Barnes, principal of the school, who was presiding official then called on Rev. Frank White for the invocation. The pastor gave a very sweet and timely prayer for the students and those gathered.

Three numbers were rendered by the glee club under the direction of Professor Barnes, which were "Let Us Cheer The Weary Traveler," "Recessional" and "Lead Me." Ruth Ellen Bell was the soprano-soloist for the club.

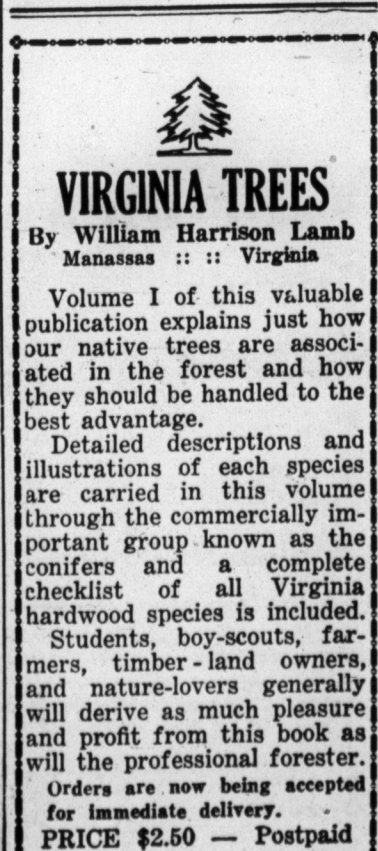

The next speaker on the program was Dr. John Williams, the president of the Board of Trustees and a member of the class of 1902. After he had made some very effective remarks a collection of over \$200.00 was taken up.

Professor Barnes then introduced Division Superintendent R. D. Haydon, who gave some very encouraging remarks as to the future of the school. Professor Haydon then introduced Dr. Arthur Wright, President of the Southern Education Foundation in Washington, D. C.

Dr. Wright made citizenship the key note of his address. It was an appreciative speech and one with great depths of wisdom. The diplomas were then presented to Beulah Catherine Carter, Augustus Thomas Gaskins and Moses Theodore Poles.

Awards were made as follows: Honor Student Award, Moses Theodore Poles; General Scholarship Award, Dora Elsie Johnson; Outstanding achievement in Home Economics, Resse Mae Brown; Agriculture, Norman McKinley Dove; Building Construction, Mark Elphonza Thomas; Printing, David Neverdon; Science, Dora Elsie Johnson, and Music, Ruth Ellen Bell.

MERRY COMEDY AT PITTS'

Miss Bennett appears as the spoiled and spirited daughter of the Kilbourne household, as curious, eccentric and lovable a group of characters ever to lodge under one roof. Her bright and pointed delineation of a modern girl is both amusing and appealing. Dignity is cast to the four winds if the occasion demands and Miss Bennett enters into the mad capers demanded by the script with an infectious gaiety.

Aherne's role is much broader in comedy values than any he has heretofore portrayed. His entrance as a tramp with tattered clothes and a two-day growth of beard forecasts a mix-up in identities and around this feature is built a series of events that stamp the young British actor as a

BOATING SEASON

No better example of the development of yachting in the past few years can be found than on the Potomac and nearby Chesapeake Bay, according to a story appearing next Sunday in The Star.

It reviews the growth of pleasure craft activities in this area, where many folk are deserting crowded highways for the quiet of the river, and describes water front improvements now being made which will give Washington one of the finest marinas on this coast.

CATHARPIN

You know the farmer is "seasonal" in his general activities and thinking but of all the seasons of the year the "Graduating Season" is perhaps the most interesting. As the planting and reaping seasons are nation wide, so also are the Graduating seasons. At this time in the lives of high school students the real meaning of "Commencement" is beginning to be understood. For about ten or twelve years the graduate had known of no other life than that of school boy or girl with about 90 days in summer thrown in for vacation; but after reaching the high school stage, adolescence begins to appear and the awakening to realities such as he had never before known. Thus the old, old but ever new story is being repeated each year and a new recruit of graduates is launched upon life's horizon ready to really begin something. And so the Department of Education, the costliest of all material" for the benefit of the individual, the State and the Nation. These graduating classes are increasing in number each year and a larger percentage of future citizens is thus receiving the necessary ground-work for the life that lies ahead.

This community, as usual, was much interested in the Commencement exercises at the Haymarket high school on Monday night when the auditorium was filled to capacity with proud and interested relatives from parents on down the line to 42nd cousins, all interested in some phase of the occasion either as a "finished product" or a "failure contingency" for those who aspire to higher accomplishments. Jack Alvey, Jr., son of Mr. and Mrs. J. W. Alvey of this city, was Catharpin's representative in the '38 class who was assigned the duty of presenting the Class Gift—a speaker's stand—to the school. This as per the usual custom of the departing class to leave something behind as a memorial of other days.

Commencements are always a good time and place to announce results in various activities. The County W.C.T.U. had announced that various prizes would be given for the essay on "The Effect of Alcohol on the Human Body." This to be open to the high school students of the county. The Haymarket high school was proud to announce that the first prize of \$10.00 had been awarded to Miss Betty Brower and that a \$2.00 prize had been awarded Mr. Jack Alvey. Announcement was also made that Frances Brower had been awarded a medal for the best average in her grade during the year. Of course, many other students received medals and honorable mentions, but we are speaking only of the Catharpin contingent which goes to show that this community is interested just as every other community in Upper Prince William is interested in the good work done by their children and the honors bestowed upon them in this great field of education.

A number of people from this neighborhood attended the funeral of Mr. John T. Patton who died at his late residence in Colesville, Md., on Thursday, May 26th, 1938, and was buried in the Colesville cemetery on Sunday, the 29th. Mr. Patton was for years a resident of the Catharpin community having inherited the Putnam farm on Bull Run where he resided until moving to Maryland. He was well known and had many friends in Upper Prince William and Loudoun county. He leaves a large family to mourn his loss.

Miss Ann Robertson and her cousin, Eliza Moore Lynn of Richmond, were week-end visitors at the Robertson home, Lawn Vale last week and returning were accompanied by Rita Robertson for a two-weeks sojourn in Virginia's Capital City.

Mr. and Mrs. E. S. Clary of Lawrenceville, Va., are visiting the great metropolitan city of Catharpin where Mrs. Clary will remain for a two-week's visit with her sister, Mrs. J. W. Alvey. While gathering flowers, Mrs. Clary was injured in one eye by a thorn and is now under the care of a Washington specialist for treatment requiring daily visits to that city. This was a rather rude reception to accord guests upon their arrival, but we are glad to learn that the injury is improving and may soon be well again.

Mrs. James Riley and her grandson, James, of Washington, were guests of Mrs. Bertie Caton on Sunday last.

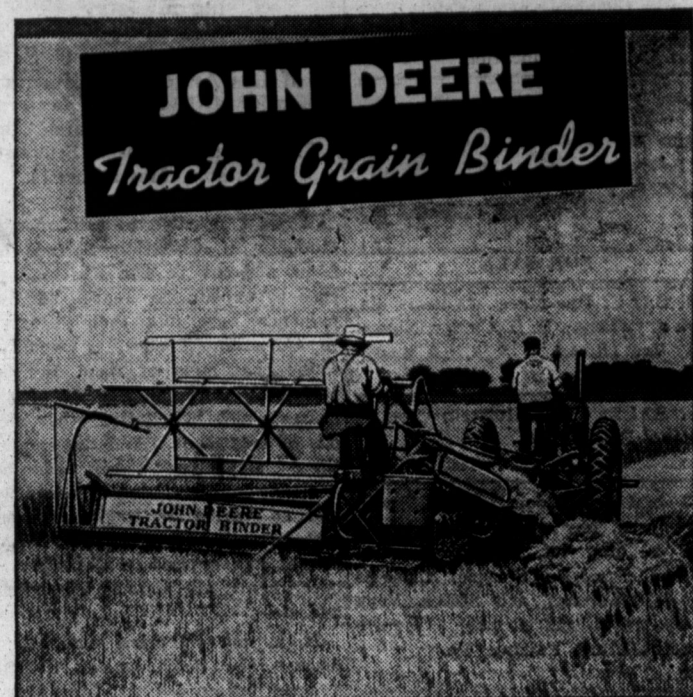

The Catharpin Good Housekeeping Club held its regular monthly meeting at the home of Mrs. W. Holmes Robertson at Lawn Vale with all members present and the usual good things to eat. The usual program was supplemented by the presentation of a silver spoon to its youngest member, Miss Viola Lynn Latham, young daughter of Mr. and Mrs. Hamilton Latham of Snow Hill. This young lady while not very old, was the attractive feature of the day's progress.

The Third Quarterly Conference of the Sudley circuit will be held immediately after services next Sunday morning at Sudley when the elder will preach. Dr. Beery has been confined to his room in Sibley hospital, Washington, for several weeks but hopes to be on duty for that day. If not, some other preacher will take his place. Don't forget just what is badly needed upon this occasion.

The class resulting from the recent protracted meetings was received into full membership at the regular services last Sunday morning at Sudley. These meetings were interesting throughout and the preaching by the Rev. Harry P. Baker, of Manassas much enjoyed by all. These

meetings were planned to lead up to the two-hundredth anniversary of the Aldersgate experience of John Wesley on May 24th with a communion

service at night. Much has been learned during the past few months anent this important event to the religious life of the world.

INCREASED INDEMNITY PROVIDED FOR BANG'S DISEASE REACTORS

The 1938 Virginia legislature provided \$80,000 for Bang's disease indemnification payments. It also voted to authorize the State Veterinarian to apply the eradication program to all counties, whereas previously counties were required to participate only upon action of local boards of supervisors.

The increased State indemnity, available after July 1, will with the Federal allowance provide a very liberal payment for reactors. State Veterinarian Givens estimates that at the present rate of eradication, the state will be free of Bang's disease within four or five years.
