RETURNS FROM CONTINENTAL TOUR

Mr. L. S. Rohr, of Front Royal, who returned ten days ago from a trans-continental motor trip to a meeting of Rotary International in San Francisco, entertained the Front Royal Retail Merchants Association last night with a narrative of his journey to the Pacific Coast and return to Front Royal.

Mr. Rohr told of the courteous treatment received at gasoline service stations, in restaurants, and from citizens on streets and highways; of good meals at reasonable prices; of attractive advertising folders at western towns, and well-marked highways. Among the places visited which impressed the traveler most were the Blacks Hills, Carter Lake, Portland Rose Festival, and the Redwood forests of California. Other places of unusual interest were Cody, Wyo., Butte, Montana, and an oil well near Bakersfield, Calif., of a 15,000-foot depth.

Mr. Rohr said that the highest price paid for gasoline was 27 cents per gallon in Utah and the lowest 17 cents per gallon in Kansas.

U.D.C. GROUP HEARS OF GETTYSBURG

Mrs. Gulick Attended Recent Historic Celebration

The Manassas Chapter U. D. C. was entertained July 6 at the home of Mrs. Nannie K. Middlethorn, at Greenwich, Mrs. Lucy Washington assistant hostess.

A goodly number of members were present, visitors present were Mrs. Daisy Hutchison, and Mrs. Mary A. Johnson, of Lenah.

Mrs. Byrd, president, opened the meeting with prayer—salutes to the flags, and the singing of "Dixie". Mrs. Newman in the historical period, read extracts from an old war-time Journal, kept by a woman born in Maine—Dolly Sumner Lunt, who married a plantation owner in Georgia—a Mr. Burge—and was living on the plantation during Sherman's invasion.

Mrs. Robert Gulick told of visiting Gettysburg at the recent reunion.

Mrs. Byrd thanked the committees who helped to make the Memorial exercises on June 3rd such a success. Mrs. Byrd read the report of the Chapter's activities that she took to the District meeting at Culpeper. The Chapter had cause to be proud of accomplishing so much in the past six months. Mrs. Gulick and Mrs. Hutchison had sent in orders for two sets of "The Rise and Fall of The Confederate Government," since the June meeting.

No special business needing attention at this time, the social hour and the delicious refreshments were much enjoyed.

CARL SMITH

Our neighborhood was shocked on Sunday morning to hear of the sudden and tragic death of Carl Smith, son of Mr. and Mrs. Thomas G. Smith, which occurred in an automobile accident on the Lee Highway near New Baltimore at an early hour Saturday evening.

Carl was in his 24th year, and it seems but yesterday that he was a small boy trudging to and from school at Waterfall and later on, at Haymarket High School.

Lately he has had a position in Washington and has been living in that city. He is survived by his parents and one brother, Marvin Smith, who resides at his home near here.

The funeral services were conducted at Antioch Church on Monday afternoon at 3:30 p.m. by his pastor, the Rev. Barnett Grimsley.

The pallbearers were the messrs. Robert Smith, Fowler Ashby, Horace Foley, James Gossom, Billy Dogan and Nelson Thomas.

The large crowd that filled the church to overflowing and the beautiful flowers attested to the popularity of the young man. He was laid to rest in the cemetery adjoining the church, by the side of his maternal grandparents, Mr. and Mrs. J. T. McDonald.

A POLITICAL TRAVESTY

(Editorial)

We have had many vigorous campaigns in northern Virginia. In most instances, however, the contestants have been gentlemen of the Southern school, and they have confined themselves to issues presented, leaving the electorate to choose between personalities and their respective abilities to perform the duties of the offices to which they have aspired.

In contrast, the present campaign in the Eighth Congressional District of Virginia is presenting a foreign aspect, very unfamiliar to Virginians, and favoring of the methods used by Hitler in his campaigns of lies and deceptions to hoodwink God-fearing people in Germany. Northern Virginia is now being flooded with propaganda emanating from outside the State and full of cunning intermingling of deliberate misrepresentations, and mis-interpretations of facts.

The news-columns of Washington newspapers, are being almost daily directed in an apparent effort to change the minds of voting Democrats as to the fitness of Hon. Howard W. Smith to be returned to Congress, where he has been representing us satisfactorily for the past four consecutive terms.

An outstanding and foreign feature of this propaganda against Judge Smith is the unethical use of news-columns of these papers to color the political happenings in the Eighth Congressional District of Virginia to suit the exigencies of a candidate who was absolutely unknown among Democrats of distinction here until his announcement for the highest political office in the gift of the Democratic Party of our Eighth District.

We are unaccustomed to the mud-slinging tactics now being used ineffectively against Judge Smith. We read of such methods being popular in the North and in Europe, but here in Virginia we fight like gentlemen, win or lose, and we do not like such statements as made by this candidate, published in a Washington paper this week, referring to our distinguished Representative in Congress as a "black-jacking expert".

In a few weeks this kind of a campaign will pass into the political oblivion from which it sprang so suddenly. The unethical use of news-columns of the metropolitan dailies circulating in this area will cease so far as we are concerned, or be

directed toward other objectives, but the scars of enmity will be more difficult to obliterate. We will not so soon forget the indecent methods now being used to force an objectionable candidate upon the Democracy of Northern Virginia.

We doubt if the electorate of the Eighth Congressional District will ever voluntarily replace their present Congressman. He is universally respected and esteemed as a valuable friend, a capable legislator, a patriotic statesman, and a Virginia gentleman. It is true that he has not backed every experimental and seemingly unwise proposal propagated by the Brain Trust. It is also true that he has backed too many New Deal measures to suit some of us. But throughout he has fought courageously, often against overwhelming odds, to protect the interests of the Eighth Virginia District in particular, and the special welfare of Virginia and the South, in general.

He voted for the Banking Bills, Social Security Bill, the Security Exchange Bill, the Economy Act, the Neutrality Act, the Farm Tenancy Bill, the Home Owners Loan Act, the Federal Housing Bill, the Tariff Trade Agreement bills, and all of the other New Deal measures which he deemed sound and wise; and throughout his district he is honored for his courage in steadfastly opposing those measures which tend to undermine the security of private property, to destroy the credit of the United States, or to meet the Northern demand for curtailment and destruction of the industrial prosperity of Virginia and of the South.

It is unlikely that we shall ever become forgetful of the patriotism and the devotion to our particular welfare that has been so steadfastly manifested by Hon. Howard W. Smith; but if he should be called to higher office, and we should be forced by this circumstance to change our representation in the Congress of the United States, we certainly will not ask the Washington newspapers to select a Congressman for us. We will choose for ourselves a man of life-long residence in our midst, who, like Judge Smith, is beloved and trusted, and who knows our needs and who has the courage to fight for the welfare of the people who place him in office, regardless of vilification and insult poured across the Potomac from Washington.

NO. BATTLEFIELD PICNIC?

As we go to press, no definite word has been received from any member of the U. D. C. or from any of the Battlefield Park Association as to whether there will be a picnic this year. It may be assumed, from the fact that the property has been turned over to the Federal government, that the picnic will be abandoned. However, the one given last year was not gotten up until the last minute and advertised through handbills.

LOCAL EXHIBIT REVEALS TALENT

Presbyterian Ladies Display Work of Local Artists

While it was almost wholly in the nature of an experiment, there were at least two surprising results of the first annual Exhibit of Art Objects in the Presbyterian Sunday School room Wednesday and Thursday of this week. The extent and variety of the exhibit and, second, the interest shown by the visitors.

Two general classes of objects were shown. Those of the practical and those of the esthetic arts. Of the latter the most notable were the paintings and drawings. Rugs, coverlets, spreads, china showed the skill of the makers in the former class.

Mrs. Dorothy Sigman Allen had the largest exhibit in still life and scenery. The most notable one was "The Old Fruit Market in Panama" which had been sent in 1937 for exhibit in New York City, and on which she received a gold medal. "Panama City and the Entrance of the Canal" and "Street Scene in Panama" were others.

Mrs. Elaine Hartley Levine, whose summer home is near Lake Jackson, had three portraits, of her father and her two daughters, all splendid examples of her skill and artistic ability. Mrs. Levine received first prize in portraits at the Corcoran Art Gallery in 1935.

Hardly less remarkable were the pictures of Joe Lonas, of the seventh grade, Manassas schools. Perhaps his best was "Flying Cloud"—a marine. Pictures of the late Mrs. Charles Adams were there. A Head of Christ likely her best.

R. Jackson Ratcliffe's pen and ink drawings drew much attention as he did his wife's two coats-of-arms of the Gibsons and Ratcliffes.

Mrs. Amelia Brown McBryde's portraits and landscapes occupied prominent places. A small "oil" of a house was very carefully done.

Other exhibitors were Mrs. Katherine Baker and Mrs. Mildred McBryde. A remarkable exhibit was a crayon of Rene Belbeniot, whose work "Dry Guillotine" was recently published. The June Readers Digest had an abbreviated account of this book. Belbeniot is a French convict to Devils Island, who succeeded on his fourth attempt to escape. While in Panama, he posed for his portrait, and Mrs. Allens portrait has that additional human value. He is now in New York and may have to be returned to France if he is not pardoned.

Pen and ink sketches and scientific drawings by Mr. W. H. Lamb also included a drawing for his second volume of "Virginia Trees and photographic studies of lunar landscapes from his illustrated lecture on the "Mountains of the Moon". There is such great variety in practical arts that it will be impossible to do more than mention the exhibitors. Mrs. C. H. Seeley, quilt; Mrs. Lewis Carper, spread and rug; Miss Margaret Lynch, French filet boudoir set; Mrs. M. Bruce Whitmore, lace counterpane and silk braided rug; Mrs. O. E. Weedon, coverlet, crazy quilt, table cloth; grandmother of Mrs. Virginia Carper, spread; the late Mrs. M. J. Bushong, bed spread; Mrs. G. R. Ratcliffe, braided rug; Miss Maggie Bushong, knit bed spread and articles of bracket work; Mrs. F. G. Sigman, crocheted lunch set and hooked rug; Mrs. T. E. Didlake, decorated after dinner cups; Rev. J. M. DeChant, table; Mrs. J. H. Stauff, crocheted spread and doilies, embroidered table cloth; Nancy Didlake, baskets; Miss Julia Arnold, braided rug; Mrs. J. J. Murphey, hooked rug.

Miss Madeline McCoy presented the various views of her home which had been submitted in a contest in House Beautiful. The views were of both interiors and exteriors.

WINDOW EXHIBIT

An unusual mechanical man is performing in the window of Hibbie's Electric Store, next door to Pitts Theatre. He is worth seeing.

OCCOQUAN AND VICINITY

Mrs. Hobart Wicker of Occoquan has returned from several weeks' visit to her home in Sanford, N. C.

We are glad to report that Miss Georgia Pierce who has been on the sick list for the past few days, is out and well again.

Mrs. Edgar Shanklin and her daughter, and Mrs. Hubert Mooney and her children, all of Occoquan, have returned from several weeks' vacation visiting their former homes in North Carolina and South Carolina.

Miss Scottie Payne of Washington, D. C., was a midweek visitor at the home of Mrs. Harold Wilcher in Occoquan.

We are glad to report that we saw our good friend, Mr. B. W. Brunt, the Occoquan Banker, who has been sick for some time, out automobile riding this week.

A party of the Pohick Branch of the Woman's Auxiliary visited the Episcopal Mission at Pine Grove Hollow near Stanley, Va., on Wednesday, July 6th. The party were: Rev. and Mrs. C. A. Langston of Pohick; Capt. and Mrs. T. F. Joyce, Mrs. F. W. Hornbaker, Mrs. C. L. Starkweather, Mrs. B. W. Brunt, Mrs. Theresa Davis, Mrs. Fred A. Barnes, and Mrs. R. S. Hall and Mrs. Warthen Hall, all of Occoquan; Miss Nellie Nevitt, Mrs. M. M. Barnard and Mrs. H. S. Claggett, all of Lorton; Miss Leila Milstead of Accotink, and Mrs. J. V. McClaskey of New Alexandria, and Mrs. Sharp of Lorton. The party left home at 9:15 a.m., and arrived at the Mission Home in the forenoon, where all had a picnic dinner provided by each person taking something. After dinner, services were held in the beautiful church, constructed from native

stone and by native labor. At that time a box containing layettes and other articles of clothing was turned over the Mission by the party. All the mission buildings are of native stone and constructed by native masons.

The party enjoyed a very pleasant and most interesting day. They left for their homes at about 3:30 p.m. Those in the party said they would not miss it for anything, and would like to make the visit again.

No doubt some Journal Readers have read in the Washington Star a few days ago where the Spanish American War Veterans at their convention passed a resolution that the American Flag be on display in all public schools in Virginia during all school meetings, and the answer by Dr. Hall, State Superintendent of schools to the effect that the American Flag was displayed in all schools in the state during all meetings and class hours.

In connection with Dr. Hall's statement, we know he was mistaken at least as regards one school, for that school did not possess an American Flag nor a flag pole until a few weeks prior to the closing of the last school term, and the American Flag was given the school then by the American Legion who were appraised of the fact that that school did not have an American Flag. We know of another high school in which no American Flag was on display on Graduation Evening, and that school has an American Flag. The school would in all probability like to display a RED FLAG but were afraid to do so.

Our country is fortunate in having such Patriotic organizations as the S.A.W.V., the American Legion, the Kiwanis, and other organizations who are always on the alert to root out Communistic and Pacifistic elements from our Public Schools; and even

with those forces trying to keep our schools. Patriotic American Schools, subversive activities get in and try to undermine the young Americans who are too young to realize that those elements are for the destruction of homes, morals, Democratic Governments and all that is good in this blessed land of ours.

Be it remembered that at the last elections in this State, there were several Communist and Socialist votes cast, so it behoves all, young and old to demand patriotism as the first requirement from all connected in any manner with the operation and teachings in the Public Schools. We the taxpayers are always for better paid school teachers. The Teachers should gladly reciprocate by being Patriotic.

At the regular meeting of the Town Council of Occoquan, Va., on July 11, 1938, a motion was made and adopted that the Corporation Taxes for the year 1938-1939, shall be FIFTY CENTS per hundred dollars of the assessed valuation of all Real Estate and Personal Property; signed by all members of the Council. This is the same as the taxes levied for the year 1938-1939.

CHRISTIAN SCIENCE

"Life" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, July 17.

The Golden Text will be "As the Father hath life in himself; so hath he given to the Son to have life in himself" (John 5:26).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And now, what doth the Lord thy God require of thee, but to fear the Lord thy God, to walk in all his ways, and to love him, and to serve the Lord thy God with all thy heart and with all thy soul, To keep the commandments of the Lord, and his statutes, which I command thee this day for thy good?" (Deut. 10:12-13).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Because Life is God, Life must be eternal, self-existent. Life is the everlasting I AM, the Being who was and is and shall be, whoso nothing can erase" (p. 289).

SERVICE SCHOOLS

Quietly, without fanfare, America's military services, the Army, Navy, Marine Corps and Coast Guard, have been building up a remarkable system of training in the arts of peace as well as war, for both enlisted men and officers.

A story appearing in The Star next Sunday describes these schools, many located in and around Washington, which include instruction in such subjects as cooking, blacksmithing, pharmacy, X-ray and foreign languages. adv.

MEETS WITH SUPPORTERS

Mr. Wm. E. Dodd, Jr., who is seeking the nomination for congress in opposition to Hon. Howard Smith, met quite a group of friends at the residence of Mr. Jas Fling near Occoquan on the evening of July 7th. He states that his canvass is progressing splendidly, notwithstanding many misrepresentations.

CATHARPIN

Mrs. Bertie Caton of near this city is suffering from a sprained ankle, the result of a fall, and is now confined to her room since last week.

Miss Rita, young daughter of Mr. and Mrs. W. Holmes Robertson, has returned home after several weeks' visit with her aunt and cousins, Mrs. Harry Lynn and family of Richmond. She was accompanied by her cousin, Caroline Lynn who will spend the summer's vacation at Lawn Vale.

Floyd Dorsey, Jr., of Berryville, Va., 11-year-old nephew of Mrs. W. Holmes Robertson of Lawn Vale, while playing with other children around the big metal truck, accidentally tripped the latch allowing the truck body to swing to the ground catching the boy and injuring his spine and hips so badly that he is now confined in the Winchester hospital where he may have to remain for several months for treatment. The injuries are very serious.

The many friends of Mr. W. K. Caldwell of Six Acres will be sorry to learn of his serious illness due to his long-time stomach trouble. After an illness of some weeks at home he was taken to the Naval hospital, Washington on Tuesday, July 5th, where he is being treated for his ailment. Very little if any, improvement has been noted during the first week. His condition is regarded as serious.

Mrs. J. D. Wheeler who has been confined to her room for some time suffering an attack of dysentery, is now improving and it is hoped will soon be out again. Mr. Wheeler, himself, has just about recuperated from the same disease. It seems that whatever has has, Mrs. Wheeler is sure to follow suit as was the case with their experience with pneumonia. "Double-teaming" sometimes work very well but we doubt if it is so good in this case.

Mr. George Matthews, wife and son were visitors in the home of Mrs. B. F. Matthews of near Stone House last week and including a trip to Washington among other places to see relatives in that. These brothers have not seen each other for some time.

On Friday evening, July 22nd, 1938, the Young Peoples organization of Sudley will give an entertainment and plate supper in the dining room of the church beginning at 5:30 p.m. The general plan as now projected is to give one entertainment at 5:30 after which an intermission will be had during

ing which time the refreshments will be served. After the refreshments period, the entertainment will be repeated for those arriving at a later hour. A small admission fee will be charged at the door.

The Rev. Chas. F. Phillips, wife and daughter, Barbara Lee, were Oakwood callers on Sunday afternoon. Mr. Phillips is now the pastor of St. Paul's Methodist church, Washington and is much pleased to be back among old friends in this part of the Baltimore Conference.

Farmers are now busy threshing and counting up what they are NOT going to receive for their wheat crops. You know wheat is his staple expectancy and he loves to look over his acreage in the fall and tell you just how nice it looks and begins then and there to estimate the next seasons bushelage. This is the crop nearest his heart since no matter how little he can do during the cold, wintry balsts, he has the satisfaction of knowing that his wheat is either growing under the snow or else is standing by ready to spring up and make good the moment Nature gives it an opportunity. If he, then, could think of his crop in terms of one dollar bills for his bushels, he could hazard a pretty good guess as to where he could get his tax and fertilizer money to meet these inevitable visitations from which no one may escape. But if he has to think of

them in terms of fifty-cent pieces, then and then truly you have him on the go; and the more especially is this true when everything he has to buy is going "North" while his income is going "South." Then again, a new situation seems just around that fatal old corner we have heard so much about. How about higher wages, an 8-hour day and a 5-day week? Eh! you say? Yes, that's what we said. This reminds us of James Whitcomb Riley's verse wherein he says: "The goblins 'll git you if you don't watch out." This may be paraphrased to read: "The C.I.O. 'll git you if you don't watch out." But, if any chance, you should escape either the goblins or the C.I.O. there is something else which is mounting higher and higher—that 40-billion public debt and its interest, and from which there is no escape and which

must come from the taxpayer. While this may not be a very encouraging picture, yet, bad as it may be, it is not as bad as the Western dust storms nor yet, bad as it may be, it is not as bad as the Western dust storms nor as the "Rape of China" or her floods. We all, it seems, have our troubles.

STATE GROUND LIMESTONE

It will be risky to wait longer to place orders for State ground limestone desired for fall delivery. There will be a rush to get the lime in time for it to quality for payments under should now, payment need not be sent until about two weeks before time that delivery is booked. The smallest car that can be ordered is 30 tons and the maximum car is 40 tons. It is ordered through G. W. Koiner, State Commissioner of Agriculture, State Office Building, Richmond.

AN ANNUAL ART EXHIBIT

Those who were fortunate enough to have visited the art exhibit conducted by the ladies of the Presbyterian Church of Manassas this week were delightfully surprised at the quality and the number of exhibits.

A great deal of talent lies concealed in every progressive community, and Manassas is no exception, as demonstrated by this excellent exhibit. Not only were fine specimens of art in oil and water color included, but there were also most creditable exhibits in line and crayon. Interesting items of handicraft, needlework and china painting, were also included.

The exhibit reflected much credit upon the artistic ability existing in our community, and gives rise to the suggestion that it should become an annual exhibit, where all, old and young, may display their artistic talent and skill in handicraft.

With appreciation and all good wishes, I am,

MOVING CLOCK FOUND TO RUN SLOWER THAN STATIONARY ONE

Bell Laboratories Scientist Confirms 40-Year Old Theory

A famous theory of science, announced forty years ago, has at last been confirmed by experiments in the Bell Telephone Laboratories, according to a paper presented by Dr. Herbert E. Ives before a meeting of the National Academy of Sciences in Washington recently. Dr. Ives has shown that a moving clock actually does run slower than one at rest. So slight is the slowing-down that no speeds available to experimenters

Dr. Herbert E. Ives of the Bell Telephone Laboratories, who has just confirmed a famous scientific theory which proves that a moving clock actually runs more slowly than one at rest.

when the theory was announced were adequate for a crucial test. But by using as a "clock" the light-giving oscillation of a hydrogen ion, which can be shot down a vacuum tube at a thousand miles a second, it is possible to measure a definite change in the color of the light. That, of course, means a change in the rate of vibration of the atom.

Dr. Ives' apparatus uses a vacuum tube in which there is a small amount of hydrogen. An electric arc breaks down the hydrogen molecules into charged ions. These are picked up by a high-voltage electric field and brought up to speeds of the order of a thousand miles a second. Looking into the end of the tube, the observer sees these ions approaching him, and by means of a mirror he also sees them apparently receding from him.

If his eyes were sufficiently sensitive to color, he would notice that the receding ones were redder than the approaching ones; this is the Doppler effect, which also makes the horn of an approaching car sound higher pitched than that of a receding car. But as compared with the color of stationary ions, those moving in either direction are redder; that is, they vibrate more slowly. And that is what Fitzgerald, Larmor and Lorentz proposed nearly 40 years ago—at "atomic clocks" oscillating more slowly as they move through a stationary medium called "the ether."

ATTENTION! HAVE PURCHASE SLIPS READY

The work of checking performance of farms in the 1938 Agricultural Conservation Program is now under way. Participating farmers are asked to go over every field carefully with the performance check-up Supervisor who calls at their farms and to have their purchase receipts for seed, fertilizer and lime ready to turn over to him. Earlier notices were sent farmers taking part in the program to obtain and hold purchase receipts for seed, fertilizer and lime for which credit for payment was desired under this year's program.

STATE FARM MEETING

The Institute of Rural Affairs (formerly State Farmers Institute) will be held on the V.P.I. campus at Blacksburg on July 26, 27 and 28. Of particular interest will be the open forum on fertilizers, the tours of the permanent pasture, supplementary pasture and other experimental plots, the evening social get-togethers, talks by agricultural leaders of National prominence and a molasses silage demonstration. Results of dairy, beef poultry and other experiments will be demonstrated. The program will be of interest to both farm men and women.

INFLUENCE OF AGRICULTURAL CONSERVATION PROGRAM

Five hundred and twenty-four of the 1937 Agricultural Conservation Program checks, totaling \$34,694.72 have been received. Many of these checks would have been considerably larger had enough soil-building practices been carried out in 1937 to earn the maximum soil-building allowances. By getting an early start this year on the check-up of performance, we should be in a better position to advise farmers how they may earn their full allowances. The Triple Superphosphate arrangement should also help. While the checks that are received are of temporary help, the real permanent benefits of the farm program, from a soil conservation standpoint, will have to come through its influence in causing farmers to realize the importance of better practices by actually carrying them out. The most outstanding results to date have been the increase in the use of lime and the fertilizing of pastures.
