POLICE DETAILED ON SPECIAL DUTY

Director Battle Affords Public Additional Service

State police officers in this section will have more time for traffic patrol duty with the appointment of special examiners to issue drivers' licenses, Colonel Marion S. Battle, director of the division of motor vehicles, said today.

"So often," he said, "persons will wait for an officer to examine them for a permit because that officer is in court and cannot fill his appointments. We do not want to make the public wait and these new examining officers will have charge of the issuing of permits and give the officers more time for their regular police and traffic duties."

One of these officers will be at Manassas for 1 day every month to take care of requests for permits. The days of the month on which he will be present be announced next week.

This will give the state police officers in this section more time for their traffic and police work and will provide an examining representative at the above place so that those applying for operators' licenses will not be delayed.

This same officer, whose headquarters will be at Fredericksburg, where he will be available 4 days every month to issue permits, has the following places to visit and the number of days he will be at these places every month: Quantico, 2; Stafford, 1; Orange, 2; Louisa, 1; Bowling Green, 1; King George, 1 and Goodland, 1.

The money which provides ten new men for this work was appropriated at the last session of the general assembly and was in direct step with the Governor's inaugural address in which he said that "perhaps the best service that can be rendered is to educate our people to the situation and make an earnest effort to make them accident-conscious." This new plan will give the state police officer more time to devote to this work.

KIWANIS ENTERTAINED

The Kiwanis Club received a treat last Friday night. It was at Hoff's program, and somehow he had induced the Bill Leachmans to be present and put on the program. Bill's part was to sit quiet and try to conceal a smile of pleasure. The others were more active.

Miss Molly played three violin solos beautifully. She was accompanied on the piano by her mother. Then Molly and Nancy sang duets: "The Home Town," "Lady Make Believe," "Who Are We To Say?" and concluded with "Suld Auld Acquaintance be Forgot". They all received the individual congratulations of the members on their performances.

Arthur Boatwright was a guest. Vice-President Edward Conner presided in the absence of President Bill Lloyd. For the first time in eight years, Roger Wharton was absent, but he no doubt will make up this absence.

A committee, Frank Sigman and Fred Hynson, was appointed to draw up suitable resolutions on the death of County Clerk Geo. Tyler. Mr. Tyler was not a Kiwanian but it was thought appropriate to draw up such resolutions in his honor.

RESOLUTION OF YOUNG DEMOCRATIC CLUB

WHEREAS the Young Democratic Club of Prince William County has suffered an irreparable loss in the death of Mr. George Tyler, be it

RESOLVED: That this Club does hereby extend to his family this expression of deepest sympathy in their loss, and that this resolution be spread upon the minutes of the Young Democratic Club of Prince William County, and a copy thereof be transmitted to the family of the deceased.

AQUA SERVICES WELL ATTENDED

Several hundred persons attended the Homecoming Day ceremonies at Aquia Episcopal Church, in Stafford County Sunday. Services were held in the morning and afternoon and luncheon was served on the church lawn. Sermons at both of the services were delivered by the Rev. A. T. Molegen, of the Virginia Theological Seminary.

The Aquia Association, organized to preserve the historic building, also met Sunday.

JUDGE McCARTHY MAKES APPOINTMENTS

While holding court yesterday, Judge McCarthy made two official appointments to replace recent sad losses to the personnel at the Court House.

Leamon Ledman, who has been deputy for the past 22 years, and who was previously associated with Mr. Tyler in school work, was named as his successor.

Mr. Ledman, who hails from Occoquan originally, has served so long as Court Clerk Deputy that his appointment is certain to give uniform satisfaction as is usually the case with an appointment made by Judge McCarthy.

At the same time Judge McCarthy named V. S. Abel, a business man of Triangle, as Supervisor of Dumfries District to succeed Mrs. Janie C. Abel. Mr. Abel has been a lifelong resident of Dumfries District and a member of family politically well known.

WOMANS CLUB TO RESUME MEETINGS

State Secretary Will Visit Club Next Week

The Woman's Club of Manassas will resume its regular monthly meetings on Wednesday, September the fourteenth, at 2:30 p.m. in the new club room in the Masonic Temple, Mrs. C. Wade-Dalton, newly elected chairman, will preside.

While the club has not been in session during the summer months, nevertheless considerable committee work has been in progress. A brief resume of the very attractive year look, which was placed in the hands of members recently, indicates a most interesting and active year of club work for this outstanding and progressive organization.

The program committee for the club, Mrs. A. A. Hooff, Mrs. E. H. Marsteller, Mrs. C. R. C. Johnson has been most active. Monthly programs for the regular meetings have been planned on current topics of the day, with outstanding speakers of national prominence discussing the subjects chosen.

In addition to the regular club programs, the section also have a very definite and well planned program of activities and speakers.

The Music and Literature Section has obtained several artists and soloists of note, as well as informed speakers on art, literature and poetry. Garden problems and garden lore will be discussed and studied by the garden lovers group.

The principal speaker and guest of honor at the meeting on Wednesday, September 14th, will be Mrs. Sadie Orr Dunbar, newly elected chairman of the General Federation of Women's Clubs.

"Adjusting Democracy for Human Welfare" is the keynote chosen by Mrs. Dunbar, around which the gigantic program of the Federation and Federation clubs, will be built.

Earnestness and sincerity are dominant qualities in Mrs. Dunbar. She is a truly inspirational speaker, never lacking thoughts or words. She is compelling and magnetic and holds the undivided attention of her audiences. She is a lover of music, poetry and sculpture, all of which she has studied.

In recognition of her humanitarian accomplishments, the honorary degree of doctor of humane Letters was conferred upon her by the Oregon Linfield College in June, 1937. Mrs. Dunbar is the first woman to receive an honorary degree in the college in the eighty years of its existence.

It is with a great deal of pride and pleasure that the club presents Mrs. Dunbar.

An invitation is extended to all club women in the county to come and hear this outstanding speaker and leader of women.

The Executive Board meeting will be Monday, September 12, at 7:30 p.m. at the home of the President, Mrs. C. Wade-Dalton.

Hostesses for the social hour are Mrs. T. J. Broadbuss, Mrs. Dennis Baker, Mrs. John Barrett, Mrs. Robert Bisson, Mrs. J. T. Broadbuss, Mrs. Margaret Lewis.

The Ladies Aid Society of Grace M. E. Church, South, will hold a covered dish supper Wednesday, September 14th, at 6:00 p.m., in the church basement.

Mr. and Mrs. H. Layton Laws are the proud parents of an 8 1-2-lb. boy, Harry Layton, Jr., born Wednesday morning, September 7th. Both mother and son are getting along fine.

"CATCHING UP WITH THE PAST"

Three quarters of a century ago a President of the United States invaded the constitutional rights of the Free State of Maryland and threw their State legislators into prison to prevent their taking action in accordance with the wishes of those who placed them in office.

It does indeed take a long time for the past to catch up with the present, as stated by President Roosevelt at Denton, Maryland, on Labor Day. After a life-time span the State of Maryland has before it a request from another President for an expression at the polls on what they think of his interference with their local legislative affairs.

The issue is plainly stated. A "liberal" is one who votes according to dictation from the White House and a "conservative" exercises his personal judgment as to what will best serve the interests of his native State as well as the Nation at large. The President seeks to "purge" all conservatives from Congress, and has gone further in Maryland than heretofore in staking his prestige upon the outcome.

However, unless all signs fail, Senator Tydings will win the Maryland Primary, just as Howard Smith won in Virginia, and Senator Smith in South Carolina. Maryland is essentially a Southern State. Her interests lie with her sister States south of the Potomac and she is not likely to take kindly to a "purge" which is aimed to destroy the economic security of the South by removing from Congress all statesmen who are loyal to the welfare of their home constituency.

COUNTY OFFICERS TO DISCUSS ALLOWANCES

County officers in this section will be given an opportunity on October 4 to appear before the state compensation board if they desire to discuss their expense allowances with the board.

On that date the board will meet at Fredericksburg and all court clerks, sheriffs and other city and county officers coming under the jurisdiction of the board in the counties of Alexandria, Arlington, Culpeper, Fairfax, Fauquier, Loudoun, Orange, and Prince William will be given a hearing.

Attendance is not compulsory and those officers who desire to file their requests in writing, may use this way of approaching the board in connection with their expense allowances. Final action will not be taken at the hearings anyway, it is understood.

EXHIBIT AT FAIR PLANNED

Col. William Bullitt Fitzhugh, of Northampton County, sergeant-at-arms of the Virginia House of Delegates, has been appointed chairman of a committee to arrange a fisheries exhibit for the Virginia State Fair under auspices of the State Commission of Fisheries. The appointment was announced by G. Walter Mapp of Accomac, Chairman of the Commission. The fisheries exhibit will be shown at other state fairs upon the conclusion of the exposition in Richmond and will be retained as a permanent educational feature. A joint committee of Maryland and Virginia seafood men will meet not later than September 16 to discuss plans for the seafood exhibit of the two states at the New York World's Fair next year.

INTERESTING FAMILY GATHERINGS

KLINE-CLINE REUNION

The Kline-Cline reunion announced in last week Journal, held at Midland, Fauquier County, Virginia, was considered by all in attendance, a complete success. It was estimated that at least two hundred and fifty persons were present. Folks continued to come in until late in afternoon.

In addition to those from immediate community, there were many from Palmyra, Pa., Washington, D. C., Alexandria, Harrisonburg, Winchester, Fredericksburg and Manassas, Virginia.

The oldest person in attendance was Mr. David B. Kline, of Midland, in his ninety-first year. Mr. Kline is the father of John W. Kline of Manassas who moved to Midland fifty-six years ago from Broadway, Va., and purchased the farm on which the reunion was held, and now owned by his daughter, Mrs. W. S. Cabbage.

A sumptuous feast prepared and brought in baskets, and spread out on long tables every one seem to unite in doing the same thing until all appetites were satisfied.

There was a general good time throughout day meeting and greeting old friends, many of whom had not met for forty years or more.

At two o'clock the program was begun by singing "Home Sweet Home," led by Miss Agnes Thomason, of Manassas, and prayer by Bro. N. J. Miller, of Nokesville. Wilmer M. Kline, of Manassas, made the address of welcome. The Summers string quartet of Palmyra, Penna., and the Kline Brothers of Manassas gave several very beautiful numbers. Mr. Saylor Cabbage, of Washington, D. C., gave a very interesting talk.

Mr. Elmer P. Kline of Palmyra, Penna., gave a very interesting talk on the history of the Klines who first came to America from Holland in 1632. Mr. Kline also had very extensive charts, he showed of the Klines of America.

The Kline reunion is destined to be an annual affair. A full set of officers was selected for next year. Wilmer M. Kline, of Manassas, was elected as president; Saylor Cabbage, of Washington, D. C., Secretary.

About 4 o'clock we dismissed and all thought it was a day well spent.

COUNTY MOURNS DEATH OF VETERAN PUBLIC OFFICIAL

George G. Tyler Dies At Haymarket Home

GEORGE G. TYLER

(Editorial)

This unostentatious gentleman of the Old South has passed from our midst as quietly as he lived. Always considerate, unselfish and generous, all classes mourn him.

Mere words cannot describe nor measure his worth. Sorrow stricken, we can only stand in silence and mark his passing with tears. "Uncle" George is with us no more.

DEMOCRAT CLUB TO GIVE PARTY

Miss Bisson Reports on State Convention

The Young Democratic Club of Prince William held its regular meeting Tuesday, September 6, in the Town Hall at Manassas, with its President, Elizabeth Pope Taylor presiding.

As this was primarily a business meeting and the subject of discussion was mainly some form of entertainment, which the Club should give for its members, it was decided that a committee composed of Walser Conner, Irma Hall, Marion Lynn, and Nancy Lynn plan and prepare a party for the Club. So far as is known at present, the date will be September 21, and the place the gymnasium at Manassas. All members will be invited—their membership cards being their ticket of admission.

Two resolutions of sympathy were drawn up and the Secretary asked to send copies to the families of Mrs. Abel and Mr. Tyler, whose recent deaths have meant a great loss to the Club.

Miss Ellen Bisson gave a splendid account of her impression of the State Convention held in Richmond recently, making special note of the honors heaped upon our President when she was elected both State Secretary and Eighth District Secretary, the latter position which she has since given up in order that she may give more time to our Club. Miss Bisson was also elected Chairman of the Contact Committee, which office was filled by Mrs. Abel up until the time of her death.

As the Club has not met in that section for some time, it was agreed that the October meeting be held in Nokesville.

MANASSAS A.C. PLAYS BOLDING CUBS

The first game of a three game series will be played Sunday, September 11 between the Manassas Macs and the Bolding Cubs to decide the town championship.

The Cubs have been playing excellent ball up to-date and a very interesting game is expected.

Jimmy Breen will be on the mound for the Cubs while Crabill will probably be the choice for the Mac.

PLEASANT CALLERS

During the past few weeks our pleasant callers have included the following people: J. M. Fulmer, M. J. Robinson, Frank P. Moncure, William Adamson, A. J. Powell, J. M. Bell, Mrs. Halpenny, W. T. Thomason, Mrs. John B. Oleyar, Mrs. Kenneth Uglov, Mrs. Tracie Whetzel, Mrs. Fitzwater, Frank Rollins, Amos Winslow, Mr. and Mrs. Frank Howell, Layton Laws, and Mrs. M. J. Shepherd.

After several years of poor health and a recent severe attack which was the occasion of intense suffering, George Grayson Tyler, one of the most beloved citizens of Prince William County and a member of its official force for nearly 30 years, passed away at his home, "The Highlands" on Friday last.

"Uncle George" as he was familiarly known, was in his seventieth year. He was the son of Robert Horner and Sally Chinn Tyler. A lifelong resident of the county, he had, by virtue of birth and training, absorbed all of the old gentile ideals of a well-born Virginia gentleman. To these traits he remained sincerely faithful.

Mr. Tyler had been a member of St. Paul's Episcopal Church at Haymarket for nearly 50 years and it was from this edifice that the funeral was held last Saturday afternoon when a great throng of his sorrowing friends gathered to do him final honors. Not merely a member of the church, he had been its Sunday School Superintendent for a long time and, the possessor of a splendid base voice, was quite a valued member of the choir. He was Diocesan delegate on a number of occasions, a member of the Vestry and, in short, of so great assistance that this church will have cause to mourn his loss in the highest degree.

In 1909 Mr. Tyler was named to a position as County Superintendent of Schools, succeeding his lifelong friend, Dr. Clarkson. He resigned that position in 1916 to accept appointment as Clerk of the Court at the death of the late Capt. Herrell. In this capacity he was also Clerk of the Draft Board during the World War. His presence at the Court House for so many years and his gentlemanly and courteous treatment of all who called at this office will live in the mind and memory of many.

MRS. LAURA FLETCHER DIES IN MANATEE; FUNERAL AUG. 31st.

Mrs. Laura Fletcher, 83, mother of W. H. Fletcher, deputy clerk of the board of county commissioners, died at her home, 1518 Fourth avenue, Manatee, Monday, August 29, at 10 a.m. o'clock. She had been ill for two weeks, but had been in failing health for nearly two years.

Mrs. Fletcher was the widow of Westwood Fletcher, a native Virginian, who died at Haymarket, Prince William county, Virginia, 36 years ago. She has been a resident of Manatee county for 27 years. She was the granddaughter of the Rev. John Trone, in his time a leading Methodist minister of Virginia. The family home was at Sudley, around which two battles of the Civil war were fought. The home was destroyed in the second battle and in recent years Mrs. Fletcher had written her recollections of those string days for her grandson, Westwood Fletcher.

Mrs. Fletcher is survived by her son, W. H. Fletcher, and three daughters, Mrs. George Blacketter and Mrs. Perry R. Curry, of Manatee county, and Mrs. Boude F. Thompson, of Washington, D. C., and nine grandchildren and one great-grandchild. For nearly three-quarters of a century she had been an active member of the Methodist church.

Funeral services were held at Turner chapel Wednesday morning at 10 o'clock, conducted by the Rev. W. C. Rogers, pastor of Manatee Methodist church, assisted by the Rev. E. J. Gates, of Manatee, and the Rev. T. W. Carlton, of Ellenton. Burial was in Fogartyville cemetery.

Sunday the Manassas A.C. defeated the Vienna A.C. 4-3 behind the pitching of Crabill, although he allowed 10 hits he came through in the pinches to hold the hard hitting Vienna nine to three runs.

In the Labor Day tilt the Moses A.C. defeated the Macs 5-4 in a fast and very interesting game with both teams using two pitchers.

Manufacturing and Industrial Building at Virginia State Fair, Richmond.

VA. STATE FAIR TO FEATURE EXPOSITION OF FARM PRODUCTS LIVESTOCK, POULTRY, AND MACHINERY, SEPT. 26 to OCT. 1

The Virginia State Fair for 1938 is out to surpass all past records for helpfulness to the farmers and farmers' wives of the state. This is to be accomplished by a most complete exposition of agricultural products resulting from one of the most favorable crop years in history, together with the most comprehensive exhibition and demonstration of modern farm machinery ever witnessed at the State Fair.

Visiting farmers, who are out to make the most of the improved outlook for agriculture, will see evidence that farming methods are now keeping pace with other branches of industry, both from the fine exhibits of the 1938 crops and the new, improved tools for mechanized operation.

All visitors are due for a startling surprise in the variety of farm products of high quality standard as displayed in the fine single farm displays and the diversity of crops that can be successfully grown on a single farm, where scientific crop rotation and tillage are employed.

Virginia's prize cattle, hogs, sheep and poultry are to turn out in force and blue ribbon stock from many distant states will be after the substantial cash awards.

The Department of Women's Work, always a special feature, is filled to capacity with more entries than ever before and fascinating U. S. Government exhibits are booked on an even more elaborate scale than formerly.

Gigantic Manufacturing and Industrial Hall is to be filled to overflowing with displays by the state's outstanding manufacturers and merchants. A great opportunity to compare the state's fine practical products.

A stupendous amusement program is booked with automobile races, fireworks and fourteen headline vaudeville and circus acts, including Roxettes' Revue, Lucky Teters and his Auto Hall Drivers before the grandstand. The Midway will be occupied by the elaborate "World of Mirth" Consolidated Shows. Without a doubt the 1938 Virginia State Fair is due to be long remembered for the number and splendor of its entertainment features, both instructive and amusing.

MOSES TAKES MANASSAS LOSES TO WARRENTON

Moses A.C. played two good games of ball, Sunday and Monday, even if they did lose one and win one.

In Sunday's game Spain pitched for Moses and Shields for Warrenton. Both pitchers pitched eleven innings. Neither team scored until the seventh inning and then in the eleventh inning. The final score was 3 to 2 in favor of Warrenton.

Monday's game was interesting then each team found a few faults about each other and landed with several arguments. Neither team showed any too good sportsmanship. Hall began for Moses and was later replaced by Spain. Worley started for Manassas and was later replaced by Conner.

The final score was 5 to 4 in favor of Moses. This looks like Moses must be the champion team of Prince William County.

This Sunday they travel to Upper-ville for a game. Moses and Upper-ville have split even in their games.

GARDEN SECTION MEETS

The Garden Section of the Woman's Club of Manassas will hold its September meeting at the home of Mrs. Margaret Lewis on Monday, September 12, at 2:30 p.m., Mrs. Maurice Lynch Delaney, assistant hostess and Mrs. T. J. Broadbudd, newly elected chairman, presiding.

Mrs. Susan Morton will speak on "Herbs from Grandmother's Garden." All garden lovers are cordially invited to attend.

CATHARPIN

Believe it or not, but Labor Day seems to have come to the relief of this community and broke the sterility of news which has pervaded this neighborhood during the past several weeks when now we find activity bubbling over itself and trying to find a place in the columns of the Manassas Journal. In speaking of holidays, do you know that we are fast becoming the creatures of Holidays? Perhaps not so much so in the country as in the cities. While Holidays afford the city worker a breathing spell from his daily labors, they also afford their "country cousins" an opportunity to see them once in while and test the appetites of the said city dwellers for spring chicken. Since the advent of electricity out in the country places and the housewife's ability to make ice cream without musing up everything on the plantation with salt water, broken ice, etc., she is enabled to serve her fried chicken and gravy with its auxiliary accompaniments such as mashed potatoes, apple sauce, etcetera and cap the climax with ice cream and cake with a minimum of trouble. The menu may not be engraved on beveled edge cards but it will reach the spot and you will not have to pay extra for another helping. So there my friends, you have the secret for much of this letter.

Mrs. W. Holmes Robertson of Lawn Vale, started the week off with a fine pair mumps, if that is the proper way to tell you that she has them on both sides. For a few days she suffered greatly but is now much better and well out on the way to recovery. Her mother, Mrs. Dorsey, of Richmond, was with her during her illness.

Mrs. R. H. Willis and sons of Roanoke, Virginia, spent most of last week with Mrs. Willis' parents, Dr. and Mrs. C. F. Brower of Lone Oak.

Mrs. Ethel P. Watts and Mrs. A. L. Webb, of the Capital City, spent last week-end plus Labor Day as guests of Mrs. Etta P. Lynn of this city. Other guests at the Lynn home during the week were Mr. and Mrs. Earl Polen and children, Marjorie and Dick, of Ingram, Pa., and Mr. Frank Greathead, of Buchanan, Va.

Mrs. Katie White and daughter, Frances, of Wytheville, Virginia, and Miss May Lynn, of Manassas, Va., were calling on friends in the neighborhood on Friday of last week.

Mrs. Lelia C. Akers, of Rock Hill, who has been suffering from blood poisoning for several weeks, is now much improved and the danger line passed. An infected finger was the cause and for a time was very serious and caused much suffering.

Mr. and Mrs. L. J. Pattie and Mrs. George Davis, attended the funeral of Mrs. Cornelia Ish of Ish's Tanyard on Thursday of last week. Mrs. Ish was widely known in this community, where she has many relatives.

Another Labor Dayite was Miss Ann Robertson now, of Richmond, who spent Saturday, Sunday and Monday with her parents, Mr. and Mrs. W. Holmes Robertson of Lawn Vale.

Gordon Pattie of this city, spent last week end at Plum Point on Chesapeake Bay as the guest of Mr. Charles J. Stearn, of Washington, who with his family, are vacationing along the shores of this tributary to the great Atlantic.

Mr. and Mrs. R. A. Collins, of Marble Hill, are now sojourning among friends in Indiana, where they have been for several weeks. It will be remembered that while on a visit several years ago to the same locality, Mr. Collins suffered a broken leg as the result of a collision on the highway

in that state. It is hoped he may now return safely home after an enjoyable trip.

Mrs. Judson Hoffman, of Deserette, who has been visiting friends in Culpeper, Va., during the past several weeks, is now in Washington visiting her daughters, who are residents of the Capital City.

Mr. Charles Hunt, of Washington, with his mother, daughter and son, were Belle Farm visitors on Wednesday of last week.

Mr. Ernest Riley, of Washington, who has been spending the summer with his aunt, Mrs. Bertie Caton, of Twin Oaks, has returned home.

Mr. and Mrs. Gilbert Merchant, of Fairfax county, are spending some time at Marble Hill during the absence of Mr. and Mrs. Collins on their western trip.

The Rev. and Mrs. C. L. Beard, of Hamilton, Virginia, accompanied by Mr. Clyde Randolph and son, of Dickerson, Pa., and Mrs. Frank Rust and son of Connellsville, Pa., were callers at Oakwood on Sunday last. Part of these Pennsylvanians were relatives of the Beards and part were relatives of the Oakwoodites, hence the combined interest in these Labor Day travelers.

Any one traveling through the community this week is very apt to hear the music of the ensilage cutter as it emits its crooning tones as it piles up provender for the kine and cattle during the coming winter. Last year's experience with the silo however, was rather disastrous since the usual income from this source was a little like Faith—the substance of things hoped for and the evidence of things not seen. The corn crop is good and it is hoped we may have better luck this time. The outlook for wheat however, certainly requires a goodly portion of our faith. You know it is said that "All things come to him who waits," so wait it is, I guess, even though one may starve while doing it.

Home-Coming Day was observed at Sudley last Sunday but not so largely attended as usual. It being in the midst of the summer vacation time, many people of both clerical and lay are "out of the city" for the time being. The usual good dinner was served in the dining room after the morning service conducted by the pastor, on the noon hour until 2 p.m. was greatly enjoyed by all present. At 2 o'clock, services were resumed when the outstanding address of the day was delivered by the Hon. C. J. Meetze, of Manassas. Mr. Meetze is always eloquent and sincere and his address was very helpful and well received.

Miss Bertha Pattie returned home on Saturday after a week's visit with her brother John and family at Triangle, Virginia.

Mr. and Mrs. Ambrose Petellet and their sons, Howard, Charlie and Roy, and daughter, Mary, are spending several days visiting in Pennsylvania and Delaware.

Mr. and Mrs. Robert Schaffer and family of New York City spent Wednesday night with Mr. and Mrs. Jack Alexander in Occoquan while enroute from Georgia to their home.

The Corinthian Yacht Club of Washington, D. C., held their annual get together at Occoquan on Saturday, September 3rd. There were some 25 yachts and about 100 members, families and friends. They were tied up at Mrs. Hall's wharf and some anchored in the harbor. They had dancing, singing, and a couple of good skits were enacted by two sail boats of Sea Scouts, who were in our Harbour at the same time. This Power Squadron are very well organized, and take great pride in the fact that they believe they would be a great asset in National Defense in case our country had the misfortune to have to fight another country. Refreshments were served on the wharf on tables set up by Mr. Hall, who also furnished the refreshments. We are sure those visitors had a very enjoyable stay among us and we hope they will come often. Our citizens are glad to have them come at any time and stay as long they can and enjoy the beautiful scenery and the good fishing in and about Occoquan.

We are glad to report that Mr. Kavaljean, of Occoquan, who was in an

automobile accident near Richmond and who spent a few days in a Richmond Hospital is home now and well on the road to full recovery.

The Occoquan Song Bird entertained the community a few times during the past week, but we did not enjoy the kind of music furnished, and we wish someone would prevail on the songster to refrain from disturbing the community. If such a nuisance continues something will have to be done to stop it, either by sending the howler away or something to that effect.

ELECTRIC SERVICE WITH SAFETY

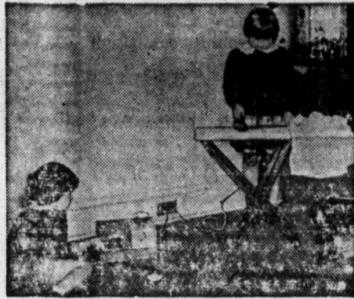

Care of Electrical Appliances

This is one of a series of articles prepared by the International Association of Electrical Inspectors to encourage safety in the use of electricity in homes.

Electric heating pads are very helpful appliances, and can be used with safety if a few rules are observed. Some pads have safety rules permanently attached to them and careful attention should be given to these suggestions so that fire and accident hazards may be avoided.

To assure a long life for heating pads, avoid so far as practicable, sharp folds. Pads should not be pulled from place to place by means of the supply cord lest the wire connections be broken. Do not hang the pad on a hook in a closet by means of the cord. Keep the original container to protect the pad when it is not in use. The practice of sticking safety pins through a pad to hold it in place should be avoided because pins are likely to make contact with the heating element. This would make the pin "alive" which might constitute a shock hazard. It is important to see that fabric covered pads are always kept dry. Infants, invalids or sleeping persons using heating pads should be attended.

The precaution regarding keeping heating pads dry applies to all appliances so far as the heating elements are concerned. When the electric insulation of an appliance becomes wet, its effectiveness is greatly reduced because water is a conductor of electricity. It is evident that appliances should not be immersed in water so that their electrical parts become soaked. When it is necessary to wash appliances, make sure that they are dis-

Parents should inspect electrical toys for insulation weaknesses.

connected from the circuit, and take care to keep the electrical parts dry.

Electrical toys, like all other electrical devices, are safe if they are well made and kept in good condition but it is evident that the same careful treatment must be exercised with these devices intended for connection to the house circuit as with the regular household appliances. Parents should subject electrical toys to a careful inspection from time to time to see that they are in good order. Attention should be given to the condition of the cords, particularly if these are of a sub-standard variety and do not carry the Underwriters' label.

There is one precaution to be observed in lighting Christmas trees with electric lamps, if the molded insulating material, of which the small lamp sockets are made, does not extend far enough beyond the end of the metal

screw-shells, the screw-shells themselves or the metal bases of the lamps may be exposed. If metallic tinsel or other metallic decorations come into contact with these exposed "live" parts of two sockets at the same time, a short circuit may result. This kind of an accident cannot happen with a lighting set having sockets properly designed. Before buying a Christmas tree set, screw a lamp into one socket and observe whether hanging tinsel could make contact with live parts of the socket or lamp. If metal reflectors are used see that the metal foil of the reflectors is well insulated from the metal of the socket and lamp base.

Electric lamps for Christmas trees have largely eliminated a very serious fire hazard, that of decorating trees with lighted candles. For this reason their use should be encouraged.

If Christmas tree lamps do not fit well in sockets it may be possible for tinsel or other metal decorations to make contact between two sockets and cause a short circuit.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

Be glad in the Lord, and rejoice, ye righteous; and shout for joy, all ye that are upright in heart.—Psalms 32:11.

THE ROOSEVELT DEPRESSION

Perhaps the most surprising fact about the present depression in American trade is that it should have taken so many people by surprise.

The power to create a state of uncertainty in which no business men or investors will incur risks is vested in the President of the United States.

Of Mr. Roosevelt it may be said that he means well but acts erratically. In a dark hour of his country's history his leadership was splendid, his brave spirit was infectious.

CHRISTIAN SCIENCE

"Substance" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, September 11.

The Golden Text will be "Blessed are they which do hunger and thirst after righteousness: for they shall be filled" (Matthew 5:6).

Among the citations which comprise or comprised the Lesson-Sermon (is, or was) the following from the Bible: "Now faith is the substance of things hoped for, the evidence of things not seen. Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear" (Hebrews 11:1, 3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Substance is that which is eternal and incapable of discord and decay. Truth, Life, and Love are substance, as the Scriptures use this word in Hebrews: 'The substance of things hoped for, the evidence of things not seen.' Spirit, the synonym of Mind, Soul, or God, is the only real substance. The spiritual universe, including individual man, is a compound idea, reflecting the divine substance of Spirit" (p. 468).

MY FLOWER BED
By Algia A. Martin

While I am waiting my flowers to bloom
To look at the Dears it won't be soon,
The sky is all dark cast over head
But not a rain drop on my flower bed.

Brave Tiger Lily with her head hung
Saying a little please, to wet my tongue.
Sweet Williams are dry, the Golden rods too
And Larksuprs say, a little will do.

But oh, in the morning all are fresh
as dew
Larksuprs are squaring their
soulders
Goldenrod smile as they look at you.
As if they are saying, see what God can do.

Brave Tiger Lily is showing her rank
By trying to tell us how much she
drank.
And we they are trying to enlight
How grand is rain, God sends at night.

I LOVE THE SOUTH

I love the South,
Though Northerner am I.
I love the trueness of the blueness
Of the Southern sky;
She has her faults,
But faults have I:
I love the South.

I love the South,
Though Northerner am I.
I love the fairness and the squareness
Of the Southern eye;
It has its clouds,
When clouds are in the sky:
I love the South.

I love the South,
Though Northerner am I.
I love the nearness and the dearness
Of the Southern tie;
It may be wrong,
But so may I:
I love the South.

I love the South,
Though Northerner am I.
I love the tearless and the fearless
Way her people die;
Her soil holds noble men,
With noble men I hope to lie:
I love the South.

AMERICAN YOUTH HOSTELS

Thousands of America's young people have spent their vacations this summer traveling all over the United States and stopping for a trivial cost at the 200 American Youth Hostels operated under the supervision of the National Park Service.

A story appearing in The Star next Sunday describes this rapidly growing service. Begun in 1935, passes were issued to 1,750 boys and girls. This year the number is more than 8,000. Under field workers in charge of various districts the backing of community leaders is secured. They find couples who will donate their homes as hostels and act as "hostel parents." In some cases wealthy folk turn over country homes for use as hostels.

THE WORLD AROUND US

By
O. J. Schuster

A MOTOR TRIP of nearly 12,000 miles thru 27 states, in addition to a brief jaunt into British Columbia and a day in Mexico, necessarily expands one's outlook over the world around us. Such inspiring physical features as the Bad Lands and Black Hills, Yellowstone Park, Glacier National Park, Grand Coulee, Mt. Rainer, the Redwood Forest, Boulder Dam, Zion and Bryce canyons, Grand Canyon, Carlsbad Caverns, and scores of other impressive scenes, stretch to near infinity one's horizon in both time and space. And the human contacts the inquiring mind makes on such a trip bring the realization that human nature varies quite as much as do the physical forms so extended a journey bring into view. "Man is not MAN, as yet." But there is some evidence that he is on the way.

WE ARE ALL QUEER—just because we differ so much from each other. It is equally true that we are all very much alike. It happens that I am more interested in finding and understanding the ways in which men think and act alike than in emphasizing the ways in which they differ from each other. Having contacted hundreds of worth while persons in many states to get their views on vital current social and economic problems, a few general trends of current thought seem to me firmly established and may confidently be expected to become more confirmed from year to year.

MEN AND WOMEN EVERYWHERE seem agreed that material wealth has been greatly over emphasized, that this profit motive represents ignorance rather than intelligence, and that this insane chase for money and power needs to be put in a straight jacket. Even the bitterest foes of the New Deal freely subscribe to a program that puts human rights and human betterment first.

There is also quite general agreement that our vast army of unemployed is proof of the inefficiency and the stupidity of past political, industrial, and financial leadership. The right to a job at good wages by every able and willing man is universally conceded, as is also the fact that there is so much work that needs to be done in this country that every mature person could and should be profitably employed. Planning for classes and groups instead of for the community as a whole, and narrowness in management, are quite generally conceded as the chief causes of our vast unemployment. But when one asks for a prescription to remedy the illness one usually is handed a bottle of quack ideas of the conventional brand that are about as conducive to social and economic health as Crazy Water Crystals are to personal physical health.

OUR CAR LICENSE PLATES proclaimed us Virginians and on several occasions while in the West we were asked why Virginia, the most progressive and even the most radical state in the days of Washington, Jefferson, and Patrick Henry, now ranked as about the most reactionary among the 48 in its political leadership. Being firm believers in genuine democracy we did not resent such free and frank expression of viewpoints. They at least show an effort to think, a comparison of one state with another, and the arrival at personal convictions. Democracy is functioning, imperfectly tho it may be, in all parts of the country. In no state does it function more actively than in California. There a vigorous war of ideas between reactionaries and radicals seems well supplied with guns and explosives on both sides. Fortunately it appears to be limited to a conflict of ideas and not of physical force.

SEEK END OF CHINA CONFLICT: Yusuke Tsurumi, senior member of Japanese Diet, has just arrived in this country to meet old friends after conferring with members of cabinet and other leaders in Japan. Tsurumi, a leader of Minseito, major political party, and an outstanding author and lecturer, predicted that the war between Japan and China will be over by end of the year. He bases his prophecy on assertion that "a very strong cabinet will bring all social forces into line and there will be no financial or economic breakdown in Japan."

Conducted under the auspices of the New York Public Library, the book bar operates on the "cafeteria" system, and welcomes casual readers who are urged to choose books for park bench reading. Mary Margaret broadcasts Mondays, Wednesdays and Fridays.

Lincoln-Zephyr at Horse Show

The new convertible Lincoln-Zephyr motor cars, created for people who dislike a roof above them and want the wind and sun in their faces and the blue sky above them, are much in evidence around horse shows and hunt clubs. This photo was taken at the Horse Show at the Bloomfield Hills Open Hunt Club near Detroit while three debs were watching polo pony entries being judged in the ring. The convertible coupe is shown, its top lowered and tucked away. This jaunty type boasts a front seat wide enough for three, with a second seat in the rear for occasional passengers. Upholstery is in leather, with whipcord optional for seat cushions and backs. The rear deck allows plenty of room for storage of luggage or sports equipment. Power plant is a 12-cylinder V-type 110 horse power engine, capable of plenty of speed on the road or a crawl in traffic.
