

ROAD LEAGUE TO CONTINUE FIGHT

Director Cloe Quotes Remarks
by Chief Engineer

The second annual convention of the Citizens Road League of Virginia at Roanoke October 27-28 was notably successful, in that it attracted not only Statewide attention to a most important topic, but also attracted a Statewide group of prominent citizens and provided excellent speakers, it was stated by Charles C. Cloe, Trinagle, and president of the Prince William County Chamber of Commerce, who was re-elected a member of the Road League's board of Directors.

Speakers included C. S. Mullen, chief engineer of the State Highway Department; Paul B. Reinhold, Pittsburgh, first vice-president of the American Road Builders Association; State Senator Aubrey G. Weaver, chairman, State Legislative Highway Study Commission; Col. Marion S. Battle, Director of the State Division of Motor Vehicles, and Col. W. M. Kemper, Executive Assistant to Governor Price, and first president of the Citizens Road League. Senator Harry F. Byrd, unavoidably detained, sent a telegram stating he was in hearty accord with the Road League's objectives, Mr. Cloe said, who added "Without dissenting vote, the membership present urged submission by the Legislative of an amendment to the State Constitution prohibiting diversion of road funds, a position previously taken by various farm and dairy groups, the rural letter carriers, horticultural society, three large automobile clubs, the Association of County Officials and other representative and influential organizations.

Friends of the highway have reason to bestir themselves and rally to maintain the integrity of the road fund. Just so long as the car owners' special road taxes go into the State's general fund and must actually be appropriated for roads, the danger of diversions is ever present.

Because Virginia has had relatively few diversions, we want to keep Virginia in that position, and a constitutional amendment would remove the threat of future diversions.

In the nation last year over \$700,000,000 of road taxes was diverted to other than road purposes. As Senator Aubrey G. Weaver aptly remarked, this has happened in other States and can happen in Virginia unless motorists act collectively to protect their huge road investment."

Mr. Cloe quoted from Mr. Mullen's remarks as follows:

"In 1918 there were registered in Virginia 72,228 motor vehicles which included so few trucks they were not even registered as such. In 1937 the total registration was 459,411, of which 76,616 were trucks, buses and trailers.

Our primary system of highways, comprising 9,400 miles or only 20 per cent of the total rural mileage, carries approximately 81 per cent of the total rural traffic.

It is estimated that by 1950 Virginia will require 1,425 miles of four-lane highways and extensions through cities and towns. By 1950 we will require approximately 1,510 miles of three-lane highways.

There are in Virginia 1,857 grade-crossings on public roads in rural areas alone. There are also 5,900 bridges over twenty feet in length, 1,789 on primary system and 4,111 on the secondary system. Hundreds of the bridges are antiquated and are obsolete for today's traffic, either in width or capacity or both, and for tomorrow's traffic many more will become so unless they are replaced or rebuilt.

Last but not least are extraordinary improvements such as large bridges and free ferries, which will be necessary as we are to provide adequate transportation to all people in all parts of the State.

If we are to build safety into our highways, it will be necessary to relocate and reconstruct many hundreds of miles on roads on which restricted sights are numerous, although these same roads may be fully adequate otherwise.

The cost of such a system will be enormous, much more than available revenue anticipated by 1950. But if it takes 15 years or 20 years, our Highway System of today must be modernized to meet the traffic demands of tomorrow if we are to effect the safe, economical and comfortable

POST OFFICE HOURS

On Armistice Day, November 11, the windows at the Post Office will be open during the following hours: 9:00 a.m. to 11:00 a.m. The Money Order and Registry will not be open.

operation of Automotive vehicles and the economic maintenance of the Highway System itself."

VOTE FOR HOWARD SMITH!

On Tuesday, November 8, we have the unique opportunity of casting a ballot carrying but a single name—a most unusual experience for any voter and one to which we may take pleasure in recollecting in the years to come.

In recognition of the fine statesmanship and forceful representation which we have had in Congress—a type of service to the counties of northern Virginia and to the nation which transcends party lines, Hon. Howard W. Smith has no opposition for re-election next Tuesday. In consequence there is no local political fight going on, either among Democrats or between Parties, and voters are likely, therefore, to neglect the very important matter of voting on November 8.

Next Tuesday every qualified voter of the Eighth Virginia District should vote if that lady or gentleman believes in true Americanism, conservatism in governmental undertakings, efficiency and economy in federal departments, reduction of national debt and lower taxation, staunch resistance to dictation in Washington and faithful and efficient attention to the wishes and welfare of the folks at home.

RUFFNER-CARNEGIE

LIBRARY NOTES

The Library will present its Book Week program before the Parent-Teacher Association and the Friends of the Library on Thursday night, November 17th. The speaker for the evening will be Mr. Willard Webb of the Congressional Library of Washington, D. C. In addition to the program, a book exhibit will also be held that night, one of the special features of which will be a collection of books, pictures and other material illustrative of the history of Prince William County. A library program sponsored by the School Library Club will also be given Book Week at the school assembly on Tuesday morning.

The Library has just received a new loan of 100 books from the State Library in Richmond. This collection will be here till March 1. Some very interesting books as gifts have also recently been received as follows: Manassas Woman's Club: Hertzler—"The Horse and Buggy Doctor"; Armstrong—"Fannie Kemble, A Passionate Victorian"; Lee—"A Handbook of Early American Pressed Glass." Bethlehem Club: Krey—"And Tell of Time."

Mr. Edgar Parrish: Daniels—"A Southerner Discovers the South"; Thomas Mann—"The Coming Victory of Democracy."

GARDEN SECTION TO

MEET MONDAY

The Garden Section of the Woman's Club of Manassas will meet at the home of Mrs. Paul Cooksey on Monday afternoon, November 7, at 2:30. Mrs. Harvey Steele will be assistant hostess.

JUNIOR WOMAN'S

CLUB MEETING

The regular monthly meeting of the Junior Woman's Club will be held Thursday, November 10, at the home of Mrs. A. A. Hooff.

WOMAN'S CLUB WILL HEAR

TALK ON OLD HOMES & GARDENS

The Woman's Club of Manassas will meet on Wednesday, November 9, in the Eastern Star recreation room, in the Masonic Temple.

The guest speaker will be Mrs. Tucker Brown of Alexandria. Mrs. Brown, who is a lecturer of note, will give an illustrated lecture, on "Old Homes and Gardens in Virginia." This lecture has been given in many parts of the United States as well as in Virginia, and has received much favorable comment. The club is most fortunate in having Mrs. Brown come to Manassas.

This speaker is being sponsored by the Garden Section of the Woman's Club of Manassas. A special invitation is being extended to all garden lovers and to the Garden Club of Manassas, to be guests of the club, and hear this splendid lecture.

Hostesses will be Mrs. William Cooke, Mrs. Mamie Delaney, Mrs. T. L. Diddle, Miss Sara Donahoe, Mrs. Daniel Ferguson and Mrs. Benjamin Johnson.

BIBLE CLASS IS ENTERTAINED

The Young Women's Bible Class of the Manassas Baptist Church held a Halloween Party at the home of Rev. and Mrs. Graham, Halcyon Farm, on Monday evening.

The decorations of skeletons, witches and black cats soon put everyone in a real Halloween mood. Bobbing for apples and other simple games made the time pass quickly, but before leaving the guests gathered around the open fire and indulged in a few shivery ghost stories.

Those present were: Dr. and Mrs. V. V. Gillum, Mr. and Mrs. Stanley Owens, Mr. and Mrs. Lewis J. Carper, Mr. James Ritter, Misses Hilda Moser, Amelia Vance Patton, Isabelle Patton, Alice Elam, Catherine Luck and Mrs. Charles M. Gettys.

MARGARET BARBOUR

IMPORTANT NOTICE

All Veterans and members of Prince William Post 158, American Legion are cordially invited to attend church in a body on Armistice Sunday, Nov. 6, in the Manassas Presbyterian Church. The Post has accepted this invitation. We will meet at the Town Hall at 9:50 a.m. and walk to the Church together. Church begins at 10:00 a.m. Turn out now! Let's make a good showing.

Sincerely,

(Signed) E. G. PARRISH,
Commander.

YOUNG AUTHOR DELIGHTS CLUB

Everette Jones Presents His
Own Play at Ladies Night

The young folks of Bennett had a splendid opportunity of entertaining the Kiwanians and their ladies after the older group of students had completed serving a sumptuous banquet. Playwright director and actor, Everette Jones, put on a series of blackface skits, entitled "Station Life" with a most unusual line of continuity. His cast is listed herewith in order of their appearance.

Corkey, Everette Jones; Greasy, Glenn Slusher; Emily, Lenora Marshall; Flora Bonds, Roberta Hooe; "Bandit Bill", Franklin Monroe; "Bandit Bill's Ghost", Franklin Monroe; Policeman, Oden Breeden; Western Union Girl, Allene Miller; Bridesmaids: Dorothy Stinette, Betty Parrish and Roberta Hooe; Announcer, Douglas Merchant.

Not only was the acting good but the singing of Allene Miller and the duet by Buddy and Walter Merchant in which they accompanied themselves on the piano was executed in a very pleasing way.

Mr. Conner officiated in the continued absence of President Bill.

Kiwanians and their guests are listed herewith.

The annual oyster and turkey supper staged by the Greenwich Council, O.F.A., will be held next Wednesday evening, November 9, in the first floor of the Junior Hall. A cordial welcome has been issued by J. D. Russell, chairman in charge of arrangements.

OYSTER SUPPER AT

BRISTOW SCHOOL

The Kensington Club is sponsoring an oyster supper at Bristow School house Wednesday, November 9, 1938, beginning at 6 o'clock p.m.

Everybody welcome, come eat with us and help a good cause.

BIG POTATOES

Mr. G. C. Bleight, of Haymarket, writes us that he planted some Green Mountain potatoes under straw and that he has one weighing 1 lb. 9 oz.; six weighed 8 lbs. 14 oz., and 13 weighed 17 lbs. 8 oz.

TOTS ENTERTAIN DEMOCRAT CLUB

Quantico Youngsters Give Surprise Performance

Quantico was host to the Young Democratic Club of Prince William County this month, the meeting having been held Tuesday night at the civilian school there. Quite a few Manassas people attended and Quantico was well represented.

After the minutes of the October meeting had been read, Mrs. Taylor, the president, read the monthly letter to the club from the state president, Robert Lane Anderson. Following this there was quite a lively discussion as to whether a private dance should be given for the club members or whether a "Victory Ball" should be held following the general election for the purpose of raising funds, but the latter idea was voted against because it was thought there would not be enough time to advertise a making dance.

Mr. George Purvis, of Quantico was elected chairman of the club dance, which will be held at Occoquan within the next few weeks. Mr. Purvis is negotiating for a popular orchestra and invitations will soon be sent out. Admittance to the dance for club members will be by membership card only, and non-members and guests will be charged a reasonable price.

Mr. Alvin Fitzhugh, of Arlington, chairman of the Eighth District Young Democrats, was present with his wife, and gave a short but interesting talk explaining the program of the state club for the year, including the plan for a speakers' bureau.

The "surprise" planned by the Quantico members for the meeting turned out to be a clever program put on by a group of talented children who ranged from "tots" to "teens." Some of the youngsters, who performed, were only a few years old but executed many difficult steps, and sang surprisingly well. The costumes were unusually attractive, and the performances brought loud applause from the delighted audience.

ARMISTICE DANCE

AT HAYMARKET

Don't forget the dance at Haymarket on November 11 from 10:00 p.m. till 2:00 a.m., which is being sponsored by the Haymarket Community League and is being held in the usual place, the school auditorium. This is your chance to help the Home Economics department get on its feet and it is hoped that you will not fail the children this time. We hope that you will not miss this opportunity to do a good turn as well as to thoroughly enjoy yourself. An excellent orchestra has been engaged for your benefit.

INDEPENDENT HILL JUNIORS

TO ENTERTAIN DISTRICT

At the special request of State Secretary Babcock, the district meeting of District No. 5, (Prince William County) of the Order Fraternal Americans, will be postponed to Thursday evening, November 17, at Independent Hill.

The meeting on November 12th will be largely devoted to a social evening, at which time, Independent Hill will act as host to the rest of the District and its friends at an oyster roast.

The hour of assembly has been set at 7:30 p.m.

PLEASANT CALLERS

Pleasant callers at the Journal Office during the past few weeks included: H. O. Russell, J. W. Garrett, Mrs. Selina T. Wilson, H. Y. Meetez, W. H. Richards, David Arrington, Mrs. Katie Buckley, Mrs. Ida Smith and J. Robert Hooe.

FORMER RESIDENT DIES

IN BALTIMORE

Mrs. Morris Lipscomb died Tuesday at her home in Baltimore, Md. Funeral Services will be conducted in Baker's Chapel, Manassas, at 2:00 p.m. Friday. Interment will follow in Manassas Cemetery.

PLANS COMPLETE FOR

METHODIST SUPPER

Plans are practically complete for the annual turkey and oyster supper, to be given on Armistice Day, November 11, by the ladies of the Gainesville Methodist Church. This will begin at 5:00 p.m. instead of 5:30 as previously announced, and will be in the Creamery Building. Don't miss this chance to get a good supper, help the ladies, and see your friends.

OCCOQUAN AND VICINITY

Mr. and Mrs. Sidney Manson, of Alexandria, were week-end guests of Mrs. Manson's parents, Mr. and Mrs. John Leary in Occoquan.

Mr. Robert Wayland, of Occoquan, has opened his new store in Woodbridge, in the place formerly operated by Mr. T. Powell Davis. Mr. Wayland has fixed the place up and it is now a very modern store. This new store is in addition to his store in Occoquan, where all kinds of good things may be purchased.

Mrs. Holton and family of Woodbridge, have moved into one of Mr. Guy Fling's bungalows near Occoquan. We welcome those friends too our neighborhood and hope they will like this place. Mrs. Bolton and her sister, Flossie, are sisters to Mrs. F. W. Hornbaker who lives in Occoquan.

Mr. and Mrs. Austin Barbee and family have moved into the house next to Edson Lynn in Occoquan. Mrs. Barbee, who spent a few days in Alexandria Hospital, is now home and getting along nicely.

Mr. and Mrs. Cornell and family, of Occoquan, have moved to Woodbridge. Mr. Cornell is taking over the management of Mr. Robert Wayland's store in Woodbridge. He has worked in Mr. Wayland's store in Occoquan for a long time.

Mrs. M. M. Barnard, of Lorton, with her daughters, Mrs. Allen Green and Mrs. Thurman, have gone to Indiana, where Mrs. Barnard expects to spend some time with her sister and other relatives. They drove there. Mrs. Green and Thurman will drive back after a short visit.

Mr. and Mrs. George Garrison, of Alexandria, were week-end guests of Mr. and Mrs. Jack Alexander in Woodbridge.

Announcement is made of the marriage of Miss Margaret Kincheloe and Mr. Carlton Burdette, both of Woodbridge. This happy occasion happened on Saturday, October 29th. They have moved into their own new home on right of the road leading from Occoquan to Woodbridge. We wish them the best of luck and happiness.

Mrs. Thomas F. Joyce, of Occoquan, entertained at luncheon at her home some of the ladies of the town. The guests being: Mrs. Fred A. Barnes, Mrs. Harvey M. Janney, Mrs. F. W. Hornbaker, Mrs. J. T. Haslett, all of Occoquan and Mrs. Joseph V. McClasky, of New Alexandria.

Mr. and Mrs. Joseph V. McClasky, of New Alexandria, entertained at a Halloween dinner at her home on Monday evening, October 31. The guests being: Mr. and Mrs. B. W. Brunt, Mr. and Mrs. Fred A. Barnes, Mr. and Mrs. Harvey M. Janney, Mr. and Mrs. J. T. Haslett, Capt. and Mrs. T. F. Joyce and Mrs. F. W. Hornbaker, all of Occoquan. After the dinner several different games were played, for which prizes were awarded to the winners in each class of games, as well as special Halloween prizes given all the guests. All had a very pleasant evening.

Now that Halloween is over, we are glad to report that although the young folks in Occoquan and vicinity had their pranks and fun, they did not do any damage to any property. We are glad our young folks are not of the destructive kind we hear of in other communities.

NOKESVILLE "WORRYING WILLIE"

A play will be given by the Home Economics Girls and Agriculture Boys at Brentsville District High School on November 10, 1938, at 8:00 p.m.

The Nokesville B.Y.P.D. thoroughly enjoyed a Halloween Social on Saturday night, October 29.

On Halloween night, October 31, some of the young people of the Methodist Church and a few friends met at the home of Mr. and Mrs. J. B. Manuel and from there to numerous homes in a masked group.

Mr. Ernest Spittler, Jr., improving after an attack of appendicitis. We are glad to state that Mrs. McLearn and Mrs. E. E. Hale are rapidly improving at their homes.

The seventh grade soccer team went to Manassas on Thursday. Neither side scored. The B.D.H.S. soccer team played M.H.S. soccer team on Wednesday evening and the result was a scoreless tie.

ARMISTICE DAY

On the 20th anniversary of the Armistice, November 11, the United States is pushing with speed and energy the largest rearmament program in its history, covering every branch of the service—on land, on sea and in the air.

In a story appearing in The Star next Sunday the significance of Armistice Day in our national life is described, as well as the events which brought military expansion with the wholehearted approval of almost every citizen.

The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

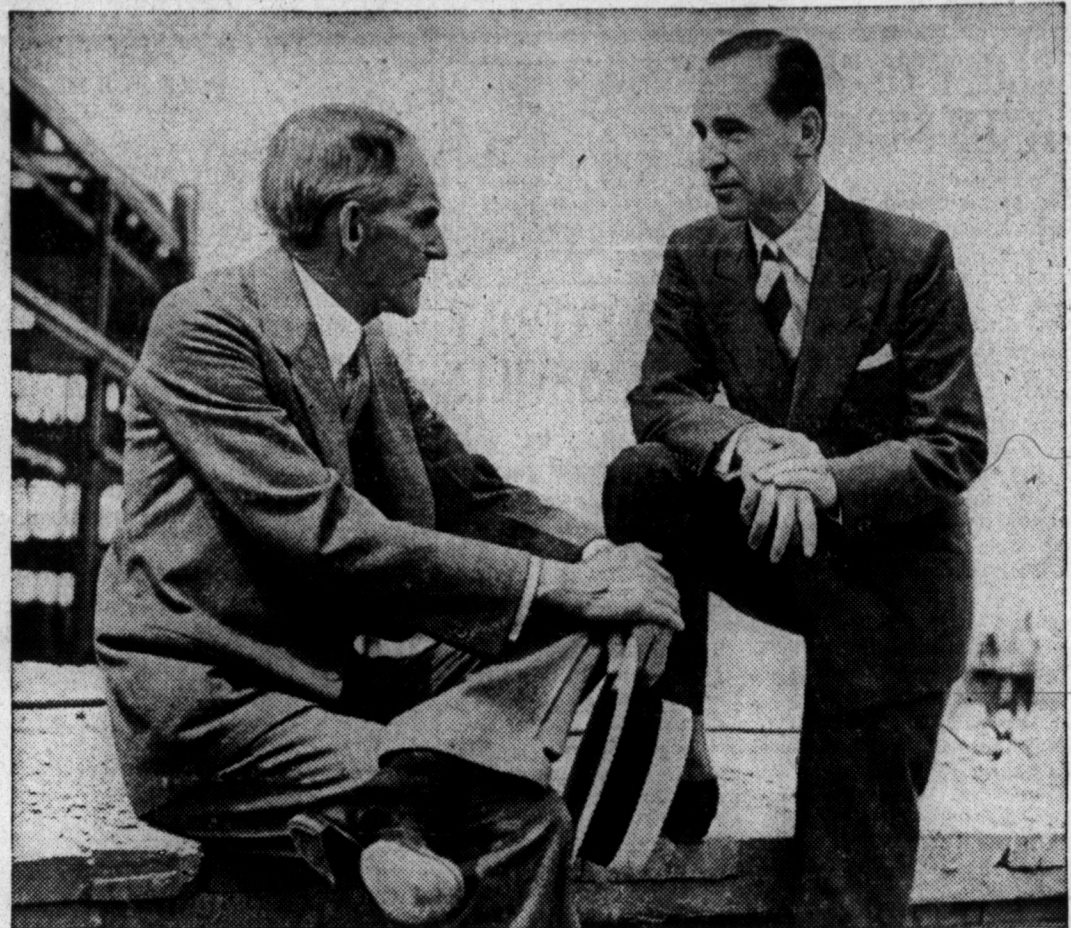

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements . . . a new tool and die plant that will help us cut the cost of dies . . . and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.

We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

FORD MOTOR COMPANY, Dearborn, Michigan

DUMFRIES

HICKORY GROVE

Instead of the regular Achievement Day Program, the Hickory Grove H. D. C. held a "White Elephant" Sale and Exchange on Tuesday, October 25, at the U.D.C. Hall.

The following home products were for sale or exchange:

Flower bulbs, potted plants, flower seeds, vegetable seed, bread, cake, cookies, honey jelly, pickle, English walnuts and some beautiful handwork, chiefly crochet work, also canned fruit.

In connection with the exchange a flower exhibit was held. Many beautiful potted plants and cut flowers were exhibited. Blue, red and white ribbons were given for the best plants, the best garden collection and best flower arrangement.

Those whose exhibits were especially noteworthy were Mrs. W. R. Gosom with a beautiful collection of chrysanthemums and some potted plants, Mrs. J. D. Cox with floral pieces and potted plants, Mrs. W. L. Gardner with potted plants, and the Misses Ewell with choice dahlias and roses.

Misses Ewell exhibited two beautiful bedspreads, one with candlewicking and the other with crocheted work, both made from bleached feed sacks.

Two homemade kitchen tool boxes, the work of little John Elwood Cox, were on exhibit, well stocked with tools.

Mrs. Francis Turner from Loudoun brought baskets of fruit and vegetables, also long streamers of beautiful ivy, to be grown in water.

There were other household articles, and some beautiful dresses on display.

Some of the club members served a cool drink during the evening which was appreciated.

We wish to thank those who came from outside and helped to make over day a success.

We were very sorry that our club leader, Mrs. Rolfe Robertson, was not present, owing to illness. She has been such an efficient and unselfish leader and was much missed.

Miss Webb was present and gave us a word of encouragement which helped a great deal.

Miss Mildred Ewell and Mrs. Francis Turner who were judges of the yard improvement project, reported that the first prize for yard improvement would be awarded to Mrs. C. O. Polen, who had done a most outstanding piece of work on her yard.

Her prize was a collection of bulbs given by Miss Mildred Ewell.

Second prize, two box bushels, was given to Mrs. J. D. Cox, whose yard and premises showed great improvement.

SMITHFIELD

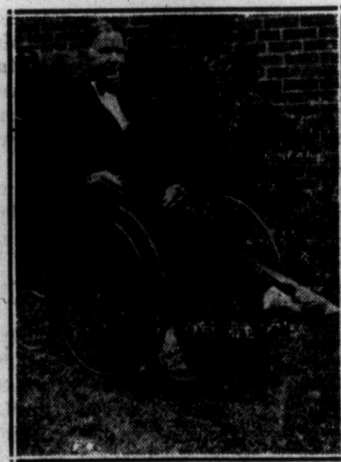

Mrs. Ida Smith has returned to her home in Fredericksburg after spending a week with Mrs. C. A. Barbee and other friends and relatives.

HESCO RURAL GAS SERVICE

Means clean, workless, instant gas—right there in your kitchen . . . ready at the turn of your hand regardless where you may live.

Don't envy your city friends the convenience and care free comfort of gas for cooking, water heating, and refrigeration. Have it right in your own kitchen—no matter how many miles you are from the gas mains.

Forget that there was such a thing as coal to carry wood to chop ashes, to empty and smelly liquid fuels, to slosh around. No soot, dust or dirt. With HESCO RURAL GAS Service and an up to the minute Gas range, you can make your kitchen and cooking all pleasure and no drudgery.

There is nothing "TRICKY" about HESCO RURAL GAS installation either. A simple placing of two bottles or tanks outside the house and piped in to your range or water heater, exactly as if you lived on the Main St. in a city. The only difference is, that HESCO RURAL GAS is brought to your home in tanks or bottles and the city folks have their gas piped in from the main. HESCO GAS is not a mysterious substitute for natural gas. It is a natural gas, in compressed form, which makes it easy to transport and handle. It is not gasoline or kerosene or carbide. It is not merely "just as good" as city gas, but actually better.

NATURE'S PERFECT FUEL—NATURAL GAS. From wells natural gas is taken and processed to secure only the hottest elements. After all impurities have been removed, the remaining gas is compressed into steel cylinders, ready for use.

The hot blue flame is odorless, sootless and clean. No sooty pots or pans to clean. HESCO GAS lights instantly and gives full abundant heat without delay.

HESCO RURAL GAS is economical, efficient and the most practical way to cook. It costs very little more than kerosene, and it is worth the difference.

We will be pleased to tell about it without obligation on your part to buy.

Write or phone us.

CENTREVILLE SCHOOL NEWS

The members of the seventh grade have been busy the past week forming a constitution for the Student Government Association. Their aim has been to keep the constitution simple by setting up only what is necessary to meet the present needs. It provides for a legislative body to form new laws and amendments as the growing local program of activities increase. This constitution is modeled after our present national constitution, since a unit on government has been in progress in the seventh grade for a few weeks.

Mr. Smith, principal of the Fairfax High School, and Dr. Sweet, prominent in the field of education, are to be the speakers at the League meeting Wednesday, November 9, at 8:00 p.m. Those parents, who are interested in the welfare of their own children and want to know how they can obtain better school facilities, are urged to attend.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in after years.

Owe no man any thing, but to love one another: for he that loveth another hath fulfilled the law.—Romans 13:8.

ECONOMICAL PROBLEM NO. 2

The latest report of the National Consumers' Tax Commission, which has been engaged in studying hidden taxes, discloses that the expenditure of the average low-income family in New York City apparently is greater than its income. The report says that the average income is \$1,473.25, the outgo \$1,589, the deficit \$115.75. If New York, that amazing metropolis, were peopled entirely by giants and wizards, it could not do business with a large majority of its people spending 8 per cent, more than they receive.

If these figures are correct—which may be doubted—New York soon may be the nation's Economic Problem No. 2.—Richmond News-Leader.

EXTEND THANKS TO HIGHWAY COMMISSION

A large and happy delegation from Prince William attended the road hearings at Fredericksburg yesterday. Previous to the meeting which took in at 1 p.m., a banquet was served by the Battlefield Trail Association at which nearly all of the delegation were present.

So far as the local delegation was concerned the order of the day was to thank the State Highway Commission for the generous allotment already made on the lower portion of Route 234. Addresses were made by Hon. John W. Rust, State Senator; Hon. F. P. Moncure, delegate to the General Assembly from Prince William and Stafford, by Mr. C. W. Alpaugh, and by Lake Tripplett, of Fauquier, who went with the Prince William group, which included the fo-

lowing:

Commonwealth's Attorney W. Hill Brown, Jr., Mayor Harry P. Davis, Town Manager W. F. Cocke, Councilmen Conner, Trusler Burke and Hibbs, Supervisors Rev. J. Murray Taylor, C. B. Roland, Cleve Russell Wheatley Johnson and V. S. Abel, Trial Justice C. Lacey Compton, T. E. Didlake, Stanley Owens, O. O. Holler, G. R. Ratcliffe, G. W. Alpaugh (and guest, Mr. Paul O. Peters), F. R. Hynson, Hinton Tiffany, Rev. J. M. DeChant, J. L. Herring, C. C. Cloe, Dr. Wade Payne, George W. Gossom, J. W. Ivey, W. A. Wine, Cecil Garrison and John Oleyar.

WOODLAWN

Mr. and Mrs. G. C. Gillingham have returned from Marion, Va., where they attended State Grange from October 26 through October 29. Mr. Gillingham, who represented Mt. Vernon Grange, was re-elected a State Grange Officer.

Miss Sara E. Cox and Miss Betty Jane Pogreba attended the Va. King's Daughters' Convention in Richmond, Va., from October 25 through October 27. Miss Cox was the representative of the Woodlawn King's Daughters' Circle and Miss Pogreba represented the Nellie Custis, Junior King's Daughter's Circle.

Last week the Woodlawn P-T. A. sponsored a Halloween Party at the Woodlawn Community House. Admission prices were fixed so that all children could attend. From all angles the party was a grand success.

Mr. and Mrs. Edward Kaiser, Jr., have returned their wedding trip and will reside at the home of the bride's mother, Mrs. B. H. Gillingham. They had a lovely motor trip joining thru many of the closer Southern State.

The Woodlawn Circle of the King's Daughter will hold their next meeting on November 3 at home of Mr. and Mrs. H. W. Walker.

The clinic day for the Woodlawn Well Baby and Pre-natal Clinic has been changed. The clinics are held at the old Woodlawn School building. The Well Baby clinic will be held on the second and fourth Thursdays at 12:15 p.m., and the Pre-natal Clinic on the first and third Thursday at 12:15 p.m.

The Woodlawn P-T. A. will hold its regular monthly meeting at the school on November 7 at 8:00 p.m. This will be a very important business meeting as plans will be made for the Bingo Party to be held on November 18, and preparatory plans for the Christmas Party.

Mrs. Florence Jodzieg and Mrs. E. D. Bosley will attend this meeting and will be guest speakers.

The Woodlawn Gavel Club will meet at I.O.O.F. Hall in Accotink on November 2, 1938.

WILLIAM COUNTY, VIRGINIA,
ON THE 12th DAY OF OCTOBER,
1938:

LOLA B. GIBSON
v. IN CHANCERY
GEORGE G. GIBSON

The object of the above styled suit is to obtain from George G. Gibson, defendant named above, a divorce from the bonds of matrimony on the grounds of desertion for the Statutory period. And it appearing by affidavit filed according to law that George G. Gibson, the above named defendant, is not resident of this state, it is therefore ordered that the said George G. Gibson do appear within ten days after due publication of this order, in the Clerk's Office of our said Circuit Court, and do what is necessary to protect his interest. And it is further ordered that this order be published once a week for four successive weeks in The Manassas Journal, a newspaper printed in the county of Prince William, Virginia. And it is further ordered that a copy of this order be posted at the front door of the courthouse of Prince William, Virginia, on or before the next succeeding rule day.

THE 1938 CHEVROLET COMBINES
FLEETNESS, LUXURY AND PERFECTION

Arrival of Master DeLuxe and Master 85 Models Make News
In Automobile World

Sleek new aero-stream bodies suggesting fleetness and luxury combine with numerous mechanical advancements, at least two of which are major in character, to assure keen public interest in the new 1938 Chevrolet, which makes its formal bow today in 10,000 dealers' showrooms from coast to coast.

The two new Chevrolet series, designated as the Master DeLuxe and the Master 85, are offered as embodying not only distinctive style but an even finer aggregate of performance, safety and comfort characteristics than that which made their predecessors sales leaders in 1937. Two new models... a Master DeLuxe four passenger coupe with many distinctive features, and a Master 85 business coupe available on both chassis... are added for 1938, the sport coupe and cabriolet being discontinued.

The major mechanical improvements for 1938 are the new vacuum gearshift with steering column control, optional on both series at nominal extra cost, and the new perfected Knee-Action riding system on the Master DeLuxe. This improvement includes an entirely new Knee-Action Mechanism, triple-tested, precision-built, and tailored as a unit to the car, to assure maximum riding comfort over all roads.

The power plant in both series is the time-proven Chevrolet 85-horsepower high-compression six-cylinder valve-in-head engine, in which refinements introduced in 1937 are continued, and additional refinements resulting in greater economy, durability, and ease of servicing, incorporated for 1938. Improvements have been made in the ignition and oiling systems, the carburetor, the intake manifold, thermostatic control, the harmonic balancer, which is now floated in rubber, and the cooling system, which now has a self-adjusting permanently lubricated ball-bearing water pump. The diaphragm-type Tiptoe-matic Clutch introduced for 1938 is continued with improvements, chief of which is new provision for ventilation.

Outwardly, the new Chevrolet is longer and lower in appearance. This is accomplished by the new design of fenders, wheels, running boards, and hood, as well as by a new window treatment. The lower corners of the latter appear practically square, thus effecting a continuous straight-line appearance at the bottom of the side windows.

The hood extends forward from the cowl in a smooth, unbroken surface, curving down gracefully at the front to meet the new radiator grille. The new construction of the top and side panels, from a single piece of sheet steel without hinged or riveted joint, accentuates its clean-cut sleekness.

New and large headlamps are cradled in the valleys between fender crowns and hood, being mounted directly to low pads embossed in the fenders themselves. The lamps are longer, larger in diameter, farther apart and closer to the ground than in 1937, and their new lenses light more of the road. The new mounting makes them less vulnerable to

damage, and reduce service costs in the event of excessive damage to fenders. Horizontal and vertical adjustment of the beam is simple and positive, being accomplished from outside, above the fender.

The 1938 wheels are new. They have four wide spokes instead of eight narrower ones, as in 1937, and their design is flatter. There is 5-8 inch less distance between the tire wall and the hub cap crown, a feature which not only accentuates the flatness of the wheel but protects the hub caps from flying gravel and from marring against high curbs. The cap is easier to remove, too, its lock springs being more flexible.

Changes in the body proper add much to the appearance of fleetness, unity and length. Elimination of the speedline permits carrying the side panels straight up, giving slightly more width through the cowl. In sport sedans and town sedans, the rear side panels carry back through the trunk in a smooth plane.

A new combination tail-and-stop lamp is part of all models except the sedan, coach and station wagon. Of streamlined, teardrop shape, to harmonize with the headlamps, this lamp has one bulb of twin-filament type—one filament of three candle-power, for tail light, and one of 21 candle-power for stop light—instead of two three-candle-power bulbs as in 1937. Lenses of these lamps are of the dioptric type, which means that they concentrate a majority of the available light rays besides functioning as reflectors to approaching headlights, should the bulb turn out. The lamps are located higher than heretofore, and in their new position enhance the car's appearance, besides being more readily visible to other drivers, and less vulnerable to damage.

Front seat frames are lightened and strengthened by a new reinforced steel tubular construction, the tube being enclosed beneath the upholstery. The soft-rolled safety edge of front seat backs is continued, and all two-door models have the split-back type of front seat, the cushion being continuous from one side of the car to the other.

The driver's compartment is greatly improved, not only from the standpoint of operating ease but from that of comfort as well. Where advantage is taken of the vacuum gearshift option, the floor is entirely cleared, and three can ride with ease in the front seat. The handbrake lever is removed from its old location at the right of the driver, and placed under the cowl at his left. Instruments are regrouped, with controls almost at the driver's fingertips. There is a flush-type lock on the glove compartment, and the hand control knobs are recessed below in the center panel of the dash. Colors of the instrument panel, of various knobs and control handles, and all interior trim, harmonize with that of the upholstery, making the interior a restful ensemble with maximum eye appeal.

CHANGES IN A&P ORGANIZATION

Oliver C. Adams, Chairman of the Board, announced today that due to

the wide territorial expanse of the original Southern Division of The Great Atlantic & Pacific Tea Company, and to permit of closer contact between its member Units and organization personnel, he had decided to create two new and separate Divisions to be known as the Atlantic and Southern districts.

The new Atlantic Division which will comprise parts of the States of New York, New Jersey, Pennsylvania, all of Delaware, Maryland, the District of Columbia, Virginia, and portions of West Virginia and Tennessee will have as its President W. F. Leach, formerly Purchasing Director of the original Southern Division, whereas the new Southern Division which will have jurisdiction over the States of North and South Carolina, Georgia, Louisiana, Mississippi, Alabama, parts of Oklahoma and Arkansas, and all of Florida and Texas will be headed by R. M. Smith, formerly Vice-President in charge of Company operations in the State of Florida.

In his announcement Chairman Adams stated that the formation of the new Division had been actuated with the principal view of effecting closer relations with the personnel.

Headquarters of the newly formed Atlantic and Southern Divisions will be in Philadelphia, Pa., and Jacksonville, Fla., respectively.

"MISS BROWN SCHOOL"

IS CROWNED

Little Margaret Jones, winner of the popularity contest, Brown School, received much hearty applause as she was escorted to her throne. Dressed in a pretty white costume, Miss Brown School rode in a beautiful orange and blue float.

All participants in the contest took part in the parade. The banner was carried by little Llena Roy and Alma Brown. The traffic cops were "Bobby" Barnes and Oscar Gaskins, policemen, Freddie and Donald Belle; flower girl, little Althea Murphy.

The crown was presented by the president of the Junior League, Nancy Newman.

Prizes were donated to "Miss Brown School" by the following business establishments; Cocke Pharmacy, Corner and Kincheloe, Sanitary Store, 5 & 10c Store, Steele's Clothing Store, Beachley's Restaurant. The teachers donated other prizes to the pupil from each room who received

the highest number of votes. These winners were: Susie Pickett, Christine Randell, Dorothy Lansdown, Melba Chloe.

The total amount received from the contest was \$33.05. This amount is being used to purchase library and playground equipment.

The officers of the Junior League and teachers wish to express their very deep appreciation and thanks to everyone who in any way contributed to the success of the contest.

DEBATE AT BROWN SCHOOL

The Senior League of the Brown School, colored, of Manassas, will enjoy a debate on the evening of November 8 on the entertaining subject: Resolved that opium and Sweet Taters are better than Watermelon and Chicken." A nominal charge for admission will be made for benefit of the League.

KENSINGTON CLUB MEETS AT BRISTOW

The Kensington Club met on October 27 at the residence of Miss Minnie Smith at Bristow. The meeting was very well attended and plans were made for an oyster supper to be given at the School House at Bristow.

Following a short program delicious refreshments served by the hostess, the meeting adjourned to meet again in November with Mrs. I. W. Liskey.

FAMILY NIGHT AT CANNON BRANCH

On Sunday, October 30 Rev. Flory gave a thought provoking discourse on "Prayer" to a large and appreciative audience at the Cannon Branch Church of the Brethren.

On Sunday night, October 30, an excellent Missionary Program was given by the Women's Group. The main address of the evening was given by Mrs. Byron Flory on "Women of the New Testament." We regret that every member of the Church and Community was not present to hear this most interesting and uplifting message.

Next Sunday night, November 6, is Family Nite at the B.Y.P.D. hour. We cordially invite each family and each member of the family to be present. Try out this motto by Henry C. Link, "Church Going Families Are Happier Families."

On Sunday night, November 13, the younger group of the church will give a pageant entitled, "The Church Builder". Be sure to come and encourage these young folks in their noble work.

MRS. LARKIN ENTERTAINS FOR EPISCOPAL YOUNG PEOPLE

A most delightful party was given on Halloween to the young people of the Episcopal Church by Mrs. Marie Larkin. The guests numbering more than 60 arrived dressed in costumes many of which caused a great deal of merriment.

The house was lavishly decorated in black cats, Jack O'Lanterns, ears of corn and presented a very gala appearance. Games were played and a fortune teller rendered a great deal of pleasure in foretelling many good things to come for the guests who presented themselves to her booth.

Miss Rose Ratcliffe and Mr. James Shu were awarded prizes for the best costumes. Miss Ratcliffe wore the fringed dress and beaded slippers of an Indian Maiden and Mr. Shu was resplendent in a magnificent Chinese outfit.

A great deal of merriment was caused by bobbing for apples in a huge tub and Miss Ann Bradford won the prize for that event.

A learned oration was delivered by Mr. Jack Merchant on the subject, "The Sex Life of the Oyster."

Delicious refreshments were served buffet style by the hostess, assisted by her daughter, Mrs. Muriel Dessler, with Mrs. Margaret Lewis presiding at the punch table.

CHRISTMAS ASSEMBLY ON DECEMBER 27th

Plans for the Christmas Assembly to be held on December 27th are being completed by the committee of the Woman's Club headed by Mrs. T. J. Broadus, general chairman.

TO OBSERVE WEEK OF PRAYER

The week of Prayer will be observed at Dumfries this coming week. There will be special missionary sermons and programs on Sunday and Tuesday nights at 7:30.

MRS. F. R. SAUNDERS TO HEAD W. C. T. U.

A very interesting meeting of the W.C.T.U. was held at the home of the new president, Mrs. F. R. Saunders, on October 26, with 15 members and several "White Ribbon Recruits" present.

Mrs. Harrell read the 103rd Psalm and Mrs. Walter Sadd led in prayer. After reading of the minutes by the secretary, the treasurer gave a very satisfactory report of the finances of the year. October being the month for payment of dues for the new year, the treasurer reported \$32.00 paid at this meeting. Five new members were also reported.

The officers for the year as far as appointed are for: president, Mrs. F. R. Saunders; vice-president, Mrs. Walter Sadd; corresponding-secretary and devotional leader, Mrs. Harrell; recording secretary and publicity, Mrs. Gorrell; treasurer, Mrs. M. J. Hottle.

Mrs. Sadd and Mrs. Flory gave a report of the 50th convention of the Virginia W. C. T. U. held at purcellville October 11th. Mrs. Howard Hoge, state president four 40 years, resigned from this office and was succeeded by Mrs. Amy Weech of Washington, D. C.

A duet by Mrs. Baker and Mrs. Lewis, followed by the Aaronic Benediction, closed the meeting. The social hour and delicious refreshments were thoroughly enjoyed by all.

CHRISTIAN SCIENCE

"Adam and Fallen Man" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, November 6.

The Golden Text will be "He that is of the earth is earthly, and speaketh of the earth: he that cometh from heaven is above all" (John 3:31).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after flesh, do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. But ye are not in the flesh but in the Spirit; if so be that the Spirit of God dwell in you. Now if any man have not the Spirit of Christ is none of his" (Romans 8:1, 5, 9).

The Lesson-Sermon also includes the following passage from the Christian Science textbooks, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Son of the Virgin-mother unfolded the remedy for Adam, or error; and the Apostle Paul explains this war-

CHURCH CLASS HAS HALLOWE'EN PARTY

The Locomo Class of the Grace M. E. Church held its regular meeting at the home of Mrs. Muriel Gaines on Thursday, October 27, 1938.

The business meeting was presided over by the president, Mrs. Ruth Bauserman. All committees responded with splendid reports.

The class had a pleasant surprise when their ex-teacher, Mrs. E. A. Wood, joined them for the evening. Mrs. Wood, who had been a faithful teacher and a splendid worker in this class for years, now resides at Rector-town.

The decorations were carried out in Halloween style. The hostess served delicious refreshments consisting of chicken salad, sandwiches and coffee followed with mints.

Thirteen members including the present teacher, Mrs. Groves Evans, composed the guest list.

THE 1939 CHEVROLET

(Continued from page 6)

Specific refinements in the instrument panel include a much larger speedometer dial, with figures more than twice as high as last year; new combination headlamp beam indicator and safe driving reminder, located speedometer dial, and lighting only when the upper headlamp beam is on; continuation of the illuminated ignition lock; and re-location of the light switch immediately in front of the driver, for greater ease of manipulation and better accessibility of fuses. The latter, incidentally, are increased in capacity from 20 amperes to 30, to take care the larger load imposed by the new lamps.

The vacuum shift, optional on all models at slight extra cost, is presented as a distinct contribution to the cause of safe driving, since it greatly extends the driver's control over his car. Its control handle is mounted on the steering column mast jacket just below the steering wheel. Two features of the new system combine to make "fingertip" control an actuality. In the first place, the control lever is mounted so close to the wheel as to be within finger-reach. In the second place, 80 per cent of the operating effort is provided by the vacuum mechanism, so that it becomes an easy matter to shift with the fingertips alone.

With an ample reserve of vacuum power, such as exists, it would have been possible, to place the entire burden of effort on the mechanism alone. However, a sufficient amount of it was intentionally left to the operator, so that he may "feel" his way thru the gear-train when shifting gears, timing the movements of the shift to keep pace with the action of the synchronizing cones in the Chevrolet synchro-mesh transmission.

Because of this provision, and the fact that the gear-change pattern is the conventional H-type with which all drivers are familiar, mastery of the new mechanism involves no effort at all. A distinct advantage of Chevrolet's new vacuum gearshift mechanism is the fact that it can be operated manually when the engine is not running, should a run down battery or other emergency situation necessitate a "push start."

Sharing the spotlight with the new vacuum gearshift is the new scientifically-balanced ride, which reaches its highest development in the Master

DeLuxe Knee-action series. The new Chevrolet ride is "flatter" on any road and at any speed, engineers assert. Spring action, on both series, is controlled to a greater degree, the front and rear springs, shock absorbers, and ride stabilizer being scientifically combined to function in proper relation with each other, producing exceptional riding qualities.

The new front suspension system includes the frame front cross-member, to which are attached the Knee-Action units on either side, the steering knuckle and spindle, the wheel bearings, hub and brake, in conjunction with the steering linkage made up of tie rods and pitman arm. It weighs 43 pounds less than the unit it supplants.

The new double-acting hydraulic shock absorbers are of the end-to-end discharge type, their compression and re-bound cylinders being parallel, one above the other. Their positive action and high, full-stroke efficiency make them a major factor in the new Chevrolet's smooth ride. Another factor is the ride stabilizer, a rubber-insulated round steel bar which functions like a torsion bar. If one side of the car tends to rise farther than the other, as when rounding a sharp turn, for instance, the tendency is neutralized by the bar's twisting resistance, minimizing the roll.

GAINESVILLE

Misses Julia Clarke and Kathryn Sinclair entertained a number of their friends at a Halloween party on Monday night.

We are glad to hear that Mr. Ernest McCuen is resting comfortably in Alexandria Hospital after an appendix operation on Wednesday night.

Mrs. C. F. Sinclair has her mother, Mrs. Charlie Meadows, and her sister, Mrs. Marty Reeves, visiting her for a couple weeks.

Mr. John Wood is representing Haymarket High School at the Student Co-operative Association meeting in Williamsburg, Va., on Friday and Saturday of this week.

USE OF TRIPLE SUPERPHOSPHATE

Farmers who used triple superphosphate on hay or pasture land should report on what fields the material was used at the time of reporting their late summer and fall soil-building practices.

COUNTY AGENTS COLUMN

REPORT ALL LATE SOIL BUILDING PRACTICES FOR 1938 PAYMENT NOW

In order that they may receive credit for fall seeding and fertilizing, as well as other soil building practices carried out between the time of the visit of the check-up supervisor to the farm and October 31, farmers are asked to bring receipts for seed, fertilizer and lime used during this period to the county office and show on the photographs on what fields the materials were used. This should be done by every farmer at the very earliest opportunity since the 1938 program closed on October 31 and applications for 1938 payments are now being made up. Unless this is done, credit can not be given for the late summer and fall practices carried out after the visit of the supervisor.

Several have mailed in their receipts without calling at the office but this is confusing as it is impossible to know on what fields or part of fields practices were carried out without the assistance of the farmer in locating the fields on the photographs.

1938 AGRICULTURAL CONSERVATION PROGRAM RECEIPTS

Although notified by letter several times and cautioned by the performance check-up supervisors to furnish receipts for seed, lime and fertilizer for which credit for payment under the 1938 program is desired, many have not yet done so. These, for spring and early summer practices as well as for those carried out between the time of the visit of the supervisors to the farm and October 31, should be turned in now by those who have not already done so.

CONSERVATION COMMITTEE-MEN ELECTIONS SCHEDULED

Community and County Committeesmen to administer the 1939 Agricultural Conservation Program must be selected before November 20. Notice of the time and place of these important community elections will be mailed all farmers participating in the program within the next few days. Since a great deal of responsibility will be placed on these committeesmen, it is urgent that all participating farmers take part in these elections.

Kiwanis Club, of Manassas, will present "The Womanless Wedding" at Manassas High School Auditorium on Tuesday evening, November 15th. More details will be published next week.

MINNIEVILLE

Miss Viola Posey was a week-end guest of Mrs. A. J. Stanley.

Mr. and Mrs. Edwin Bland and son were Sunday guests of Mrs. A. J. Stanley.

Mr. and Mrs. Paul Clarke and family from Washington called on Mr. and Mrs. C. E. Clarke Sunday evening.

We are glad to hear that Mrs. Fannie Shackelford is getting along fine with her son in Middleburg.

Mr. Wilson Stanley and Miss Viola Posey and Mrs. Edwin Bland and son went out riding Sunday afternoon.

We all hope every body had a nice time this Halloween.

Mr. and Mrs. C. E. Clarke were in Manassas Friday evening.

We are glad to hear that every body is getting their wheat sown.

VIRGINIA TREES

By William Harrison Lamb
Manassas :: Virginia

Volume I of this valuable publication explains just how our native trees are associated in the forest and how they should be handled to the best advantage.

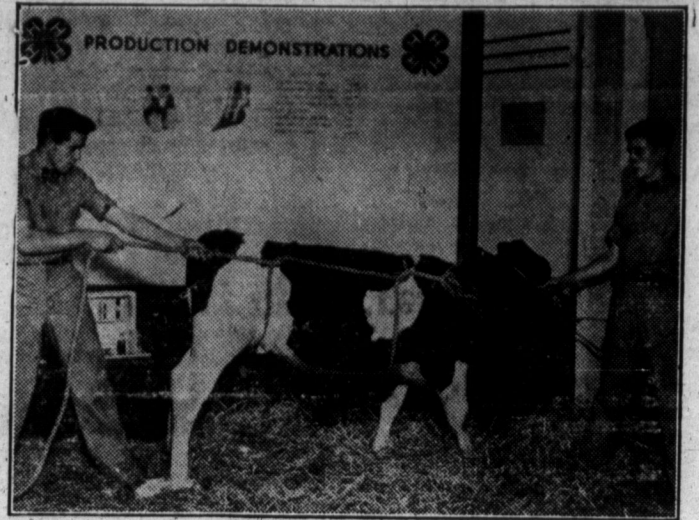

Detailed descriptions and illustrations of each species are carried in this volume through the commercially important group known as the conifers and a complete checklist of all Virginia hardwood species is included.

Students, boy-scouts, farmers, timber-land owners, and nature-lovers generally will derive as much pleasure and profit from this book as will the professional forester.

Orders are now being accepted for immediate delivery.

VIRGINIA 4-H TEAM IN NATIONAL MEET

ROBERT APPERSON, 19, Culpeper, and James Marsh, 18, Mitchell, Culpeper County, represented the state in the National 4-H Dairy Production Demonstration Contest at the recent National Dairy Show in Columbus, Ohio. The contest, designed to promote 4-H work and improve methods on dairy farms, was conducted by the Extension Service throughout the nation this summer for the second consecutive year. The boys were named winners in the state contest by State Boys' Club Agent Gordon A. Elcan, and were coached in their demonstration on the

treatment for foul foot in dairy animals by Keith Oliver, Assistant County Agent. They are shown preparing to throw a heifer. The boys won all-expense trips to Columbus through the Kraft-Phenix Cheese Corporation of Chicago, where they were given first rank in the Southern Section and each was awarded a \$250 college scholarship. Team members from Mississippi ranked second and won \$100 scholarships. Last year Elvin Caldwell and Merwyn Williamson of Appomattox County, represented the state at the Dairy Show.

MELCHIOR TO SING AT NATIONAL SYMPHONY

Following the triumphantly successful opening of its eighth season last Sunday, October 30, the National Symphony Orchestra of Washington, D. C., under the baton of Dr. Hans Kindler, will this week open its mid-week series of concerts and play its first out-of-town engagement with Lauritz Melchior, leading tenor of the Metropolitan Opera Company, as guest artist on both programs.

On Tuesday, November 8, the National Symphony will play at the Lyric Theater in Baltimore, Md., in the opening concert of its seventh Baltimore series, which will include seven programs. On the following evening, Wednesday, November 9, the orchestra and Mr. Melchior will appear in Constitution Hall in Washington.

On both programs Mr. Melchior will sing two famous songs of Richard Strauss, "Traum durch die Dammung" and "Cacilie" and the Forging Songs from Richard Wagner's "Sieg-

fried," the latter two excerpts from one of the roles most closely identified with the great Danish interpreter of the heroic tenor roles of Wagnerian opera.

Another feature of both programs will be the presentation of the vivacious Symphony No. 1 in C Major of Georges Bizet, celebrating the 100th anniversary of the distinguished French composer's birth. This symphony, an early work of the composer of "Carmen," was rediscovered in 1935. Both programs will also include the world premiere performances of Dr. Kindler's arrangement for orchestra of the Prelude and Fugue from Handel's Concerto Grosso (Opus 3, No. 5).

The Washington program will be completed by Wagner's "Rhine Journey" from "Götterdämmerung" and "Ride of the Valkyries" from "Die Walküre," and the Baltimore program will feature instead of the two Wagnerian works the Second Suite from Ravel's ballet, "Daphnis and Chloe."
