## RED CROSS DRIVE STARTS NOV. 11

Local Committees Will Be Announced Next Week

Steady progress in the development of water safety, first aid, accident prevention, health activities, and continued relief to those in distress, mark the highlights of Red Cross accomplishments in Virginia during the past year.

In addition to these achievements and one of the principal reasons for them, Virginia's Red Cross membership increased by more than 22,000 during the last Roll Call. This places the state's total enrollment at 140,569, higher than it has ever been since the world war.

In comparison with Red Cross services all over the United States, Virginia Chapters are not only holding their own but in many activities are actually leading the way.

In the past year Chapters in the state taught over 5,000 persons the simple principles of first aid, the means of saving lives of those injured in accidents. This same training was given employees of the 45 filling stations, tourists' camps, and similar places which have been designated as Red Cross highway emergency first aid stations for the purpose of giving immediate care to those hurt on our state roads.

In the protection of lives at swimming places, these same Chapters gave life saving and water safety instructions to 1,546 men, women and children, placing the total number of those thus trained to date in Virginia at 14,072. In the past twelve months, Chapter Home and Farm Accident prevention Committees, through educational campaigns directed toward removal of the hazards which have made the accident death rate in homes and on farms even greater than that of the highway, have reached into thousands of Virginia homes with the Red Cross safety message.

During this same period Red Cross public health nurses made over 26,000 visits to or in behalf of the sick, and in cooperation with physicians examined thousands of school and pre-school children and arranged medical assistance for those who were found in need of it. Other health activities included teaching the Red Cross Course in Home Hygiene and Care of the Sick to hundreds of women and girls.

In addition to these activities the Red Cross in Virginia continued to fulfill its obligations to disabled ex-service men, their dependents and men in active military service, giving assistance in 3,914 cases. In like manner, similar aid was extended to thousands of needy civilian families. State enrollment in the Junior Red Cross, one of the greatest movements in the world this week, increased to 174,785 members.

Volunteer workers in Chapters throughout the state made thousands of surgical dressings and garments for the needy, arranged motor trips, picnics, and other entertainment for men in government hospitals and patients in other hospitals and institutions.

This humanitarian work is made possible by you who are members of the Red Cross. Your membership makes the Red Cross your agent in relieving suffering and distress wherever it may be. It enables the Red Cross to meet ever-increasing needs for relief. It permits fulfilling greater demands for training in health, safety and character education. We ask that you remember these facts during the Prince William Chapter's annual Roll Call—November 11-24. At Occoquan the Roll Call is already in progress. For the rest of the county, it will begin officially on November 11.

## BOOK WEEK AT LOCAL LIBRARY

Public Invited To Special Observance on Thursday

The Ruffner-Carnegie Library and the High School will celebrate Book Week, November 13-19 with assembly and class exercises and a special program on Thursday night, November 17. When Book Week celebration began twenty years ago, books for children were few and far between. In the twenty years intervening, 12,500 new books have been published for young people of all ages, not to speak of the many thousands worth while books in every field of interest that have been written for adults.

As reading forms one of the pleasantest and most enduring of recreational interests, we can all afford to join in this new nation-wide celebration when children and grown-ups honor all the authors and illustrators who have led us into these "realms of gold."

The Library and the Parent-Teacher Association will join in the program presented Thursday night, November 17, which is also a reunion of the "Friends of the Library" organized last June. The speaker for the evening will be Mr. Willard Webb of the Library of Congress. The program is to be followed by a social hour and a library exhibit (The library exhibit will also be open early in the evening at 7:30 o'clock.) A display of books, pictures and other material relating to the history of Prince William will be one of the special features of this exhibit.

On Thursday morning, a library play, "Bringing Up Nine" will be presented by the School Library Club at the School Assembly at 11:45. Book week programs will also be given in the English and Social Science classes. Patrons and friends are especially invited to these exercises as well as to the Thursday night program.

### SPECIAL SERVICES

The Rev. Nelson P. Dame will begin a series of special services at St. Paul's Church, Haymarket, on Sunday, November 13th at 11 a.m.

During the week-day's following services will be at 8 p.m. The public is cordially invited. Those who heard Mr. Dame, recently know that they will miss much if they fail to attend these services.

### CLUB PREPARES FOR BENEFIT

Kiwanis Club went theatrical at its regular meeting on Friday evening and except for plans and discussions of the Womanless Wedding, very little went over the board.

The entire cast, with extras, met Tuesday night at the high school and is due to meet there again after regular meeting of the Club tomorrow evening. A final practice is tentatively scheduled for Monday evening.

### WANTS HIS DOGGIE BACK

### POULTRY PAYS SAYS AGRICULTURAL STUDENT

Paul Kline, a member of the Agricultural class of the Manassas High School, finds he can make money from poultry. Paul gives the following to prove his statement.

"I purchased 120 baby chicks to be used as one of my projects in my first year of Vocational Agriculture and out of the 115 I raised, I had 60 well matured pullets by the first of September, 1937, which I valued at \$1.00 per bird. These were placed in a good laying house and by September 31 I had culled out five pullets, leaving me 55 laying hens for my second year project.

On August 31, 1938, I had 55 old hens valued at 75c per bird. The feed cost for September \$7.54, October \$3.50, November \$6.80, December \$7.02, January \$6.95, February \$6.42, March \$4.77, April \$4.33, May \$4.04, June \$3.19, July \$4.26, August \$4.25 and rent \$4.00, making a grand total of \$67.07.

During this period of time I fed the hens 1,200 lbs. of Alfalfa laying mash, 564 lbs. of shelled corn, 1,510 lbs. of wheat and 114 gal of milk.

In September the hens laid 16 dozens of eggs, October 27 dozens, November 48 dozens, December 88 dozens, January 96 dozens, February 90 dozens, March 105 dozens, April 94 dozens, May 78 dozens, June 77 dozens, July 82 dozens and August 84 dozens making a total 885 dozen.

My total credits were \$288.69, total charge \$142.37, net profit \$146.32, paid self for labor \$14.10, labor income \$160.42. My actual income was \$196.28, this being due to not having to pay for the rent, the corn and the wheat fed to the hens.

## LEGION TO OFFER SCHOOL AWARDS

Patriotic Group Also To Assist Religious Work

At a regular meeting of Prince William Post 158, American Legion, held in the Town Hall on Tuesday night, it was decided to offer awards for high attainment in the sixth grade at Bennett School. The awards will be given to a boy and a girl who measure up to certain standards. The award is a solid bronze medal bearing the words "American Legion School Award, Honor, Courage, Leadership, Service, Scholarship." The medals will be awarded at the close of the school year.

The Legion appropriated the sum of \$10.00 to the cause of Week Day Religious Education. This work is carried on in the public schools of the county by the County Council of Religious Education, and it merits the support of all the Civic and Charitable organizations in the county.

A committee of the Legion is trying to locate the graves of all deceased veterans who are buried in the county. As such graves are located, they will be suitably marked with a Legion emblem. If anyone knows of such graves, they will confer a favor by reporting the same to the committee chairman, comrade J. H. Stauff.

## STONE MOUNTAIN IS DESCRIBED

U. D. C. Chapter Adds to Its Membership

The Manassas Chapter U.D.C. held its November meeting at the home of Mrs. John Broadus, Mrs. R. L. Byrd and Mrs. Dennis Baker, assisting hostesses: Mrs. Byrd, president, was in the chair.

Mrs. W. A. Newman, chapter historian, called attention to the fact that Mr. John Cook Wyllie, curator of the Virginia collection at the University of Virginia, was anxious for old letters dairies, etc., to be placed there.

Mrs. Lewis Carper exhibited some pictures of Stone Mt., located eleven miles east of Atlanta, and read some interesting excerpts from a booklet—descriptive of the mountain, which is the largest block of granite in the world. It is the most profound geologic phenomenon in the U. S. east of the Rockies and surpasses anything of its kind yet known in grandeur, measuring more than seven miles in circumference at its base, with nearly twenty-five million square feet of exposed granite. It is a bare mass of flawless stone, jutting nearly two thousand feet in the air, weight six hundred and twenty-eight million tons; its steep side a sheer precipice, bulges forward near the center and faces north upward, and on it is being carved the greatest memorial to the Confederacy. The central group consists of President Davis, General Lee, and Stonewall Jackson. Granite is the most difficult of all stones to cut, and also the most durable—the figures being carved are gigantic in size. Augustus Lukeman is the sculptor in charge of this stupendous undertaking.

Miss Florence Lion read several extracts from a book by John Estlin Cooke on "The Commonwealth of Virginia," published in 1892.

Mrs. Knox, chapter registrar, reported having recently sent several application papers to the Division registrar, Mrs. Gwinn, who in her acknowledgment, highly complimented them.

Mrs. Guy Allen, recorder of Crosses, had received the papers to be filled out by Mr. Morton, husband of Mrs. Susan Morton of Haymarket, for a Cross of Honor.

Mrs. Byrd reported the Junior Chapter had a successful dance in October, and had sent in one set of papers, and that another set is being filled out.

Hospitality committee announced the December meeting would be at the home of Mrs. Lewis Carper, Mrs. Frank Peters, Mrs. Warren Coleman, and Miss Senie Cockrell, hostesses. The names of Mrs. Jane Elliott Roseberry and Mrs. Frederick Carper, were presented for membership. Mrs. Carper's father helped to load the last gun fired at Appamattox.

Mrs. Annie Rector was welcomed as a prospective member.

Mrs. Virginia Carper, division publicity director, announced that Halifax county chapter had won the prize given jointly by her and the Manassas chapter, and the chapter voted to cooperate with Mrs. Carper in the same way next year.

An invitation from Miss Osborn was read with appreciation, inviting the chapter to the high school Thursday, November 17, at 8 p.m.

After adjournment, refreshments and the social hour were much enjoyed by the many present at this meeting.

PLAN DANCE AT OCCOQUAN

The Young Democratic Club of Prince William County will entertain its members at a dance to be given at the Occoquan High School on the night of November 17. The most popular orchestra in this section has been obtained to furnish the music, and refreshments will be served at intermission.

Admittance will be by membership cards only to be displayed at the door. Non-members and guests of the members will be charged the small fee. If members have misplaced or lost their 1938 membership cards, they may subscribe for their 1938 membership cards, and use them for admittance instead. Miss Nancy Lynn, of Manassas, secretary of the club, has the new membership cards ready for issuance.

Mr. George Purvis, of Quantico, chairman of the dance, will obtain cards through Miss Lynn for those in the Quantico section who wish to become members for 1939.

## COUNTY AGENTS COLUMN

## DEMAND FOR GOOD MILK COWS

The following is taken from the November issue of the State Agricultural Bulletin and applies to Prince William County: "More Virginia dairy cattle to sell to dairymen in farmers should be encouraged to raise Virginia and other nearby states who are buying dairy cattle in Virginia every week of the year. There is nearly always a scarcity of good fresh cows and heifers in the fall. The right kinds properly grown out can be sold at prices which return a good price for farmers. With the abundant pastures we have in most sections of Virginia, long growing season and the excellent supply of legume hays and other forage which is grown on many farms, and can be grown on many farms not now growing it, this is a farm enterprise which should be encouraged by all those interested in Virginia agriculture. Virginia has been a pioneer in Bang's control work and we should now be getting ready to cash in on sales from disease free, well grown and high producing dairy cattle."

The first and most important step, if we follow this advice, is to breed cows now on hand to high quality purebred bulls.

## TANKAGE FOR HOGS

Hogs grow faster and larger and make more economical gains when fed tankage, fish meal or dried blood in addition to grain. When tankage, the most commonly used, is fed, about one-tenth of the total grain ration by weight should be added. Experiments by the Virginia and other state experiment stations have repeatedly shown the need for providing a protein supplement for hogs.

Their quality comes from fine materials, precision workmanship, and from the fact that back of these cars is the only automobile plant

of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.

Things are happening in the automotive world this year! Nowhere is the advance more marked than in the Ford Quality Group. See our dealers before you buy any car at any price.

#### HEALTH DEPARTMENT ADVISES PROTECTION AGAINST DIPHTHERIA

The number of cases of Diphtheria have increased greatly in many sections of the state, approaching epidemic proportions in places, during the past month, and it becomes more imperative at this time that parents have their children protected against this crippling and destructive foe of little children.

Nothing has been more definitely proven than the use of toxoid to prevent Diphtheria; however, it is important to know that full protection or immunization by toxoid is not produced until at least six weeks after the injection; therefore, one shall not wait to give the injection of toxoid until Diphtheria occurs in a community.

Children should receive this preventative treatment between the ages of six to nine months. The necessity for immunization at this early age may be fully recognized when it is known that two-thirds of deaths from this disease for last year, as well as for previous years, were in the age group under six years.

While the spotlight of Uncle Sam's community housing program has been focused consistently on the Federal city of Greenbelt, Md., near the Nation's Capital, an even more extensive Government-financed experiment is well under way in Southern Ohio, 4½ miles north of Cincinnati.

The story of this new community, named Greenhills, a project sponsored by the New Deal's Farm Security Administration to furnish better houses for the masses of low-income citizens, is told in an illustrated feature article in The Sunday tar, in Washington, next Sunday.

#### SUCCESSFUL DINNER

The Juniors at Greenwich staged their annual oyster and turkey dinner last night with considerable success. Between seventy-five and a hundred plates were served with the most rounteous helpings of deliciously cooked goodies. The pretty little waitresses added much to the attractiveness of the affair.

#### ATTENTION, JUNIORS

Due to postponements, so much confusion has been caused that the District Deputy, after conference with members of Independent Hill Council has decided to call off any district meeting of any nature until Independent Hill has a chance to set a new date at its regular meeting on Saturday evening.

It is through now that such a new will likely fall after Thanksgiving Day, and an effort will be made to announce it so that no interference with other scheduled events is likely to occur.

For what glory is it, when ye be buffeted for your faults, ye shall take it patiently? but if, when ye do well, and suffer for it, ye take it patiently, this is acceptable with God.—1 Peter 2:20.

## THE ELECTION RESULTS

Tuesday's election evidenced an unmistakable trend toward conservatism. Shocking as the results from many states may be to the President, he may take consolation in the fact that it is the New Deal tactics, rather than its strategy that is being so definitely rebuked.

In other words, the country apparently approves of what the Roosevelt Administration is trying to do, but there is ever-growing disapproval of the methods by which it has sought to attain his objectives.

Winning by a slender margin in New York, the New Deal suffered smashing defeats in Pennsylvania, Ohio, Michigan, Wisconsin, Iowa, Kansas, Connecticut, Massachusetts, Minnesota, Oregon, Rhode Island, Wyoming and New Jersey. The C.I.O. and its mouthpiece, John L. Lewis, received an especially severe drubbing in the industrialized states of Pennsylvania, Ohio and Michigan.

It is evident from Tuesday's poll that from now on Conservative Democrats and Republicans may now block unwise New Deal experiments whenever they choose to cooperate and that we have seen the end of "rubber stamp" legislation in Congress. It is especially gratifying here in Virginia to note that the trend of political thought throughout the nation recognizes the conservative and basic principles of democracy so stoutly and successfully maintained by our own beloved Congressman, who was returned to office Tuesday without opposition.

Judge Smith begins his ninth term in Congress with greatly increased prestige at home and throughout the nation and we add our congratulations to the thousands of united Democrats

Dear Mrs. Lamb,

I've enjoyed the Journal so much! You must know how it is to be away from home. No one ever writes the right kind of news and, therefore, I depend on your paper. It's so much fun to read all about what's going on at home.

I miss everything and everyone very much, but I really love it down here. Everyone is so friendly and the atmosphere of the school is very inspiring. The work is harder than it's ever been for me, but I don't mind it so much.

What I really miss is working on the paper. You and Mr. Lamb were such a help and made it so much easier.

Thank you again for your kind thoughtfulness in sending me the Journal. Remember me to everyone at the office.

Sincerely,  
Althea Hooff.

## OCCOQUAN AND VICINITY

Mr. and Mrs. Sydney Manson were week-end guests of Mrs. Manson's parents, Mr. and Mrs. John Leary in Occoquan.

Mr. and Mrs. Pat Patterson and daughter are now staying with Mrs. Patterson's parents, Mr. and Mrs. W. S. Lynn, in Occoquan.

Miss Stella Dixon of Lorton, Va., is visiting friends in Connecticut and New York, and expects to return home by Thanksgiving.

We are very sorry to report that Mr. Jack Alexander, of Woodbridge, is a patient at Mt. Alto Hospital. We hope he will soon be back to good health again. The Alexanders recently moved from Occoquan to Woodbridge.

The Misses Ethel and Addie Trice, of Occoquan, have returned to their home after spending several weeks with relatives in Washington, D. C.

The Pohick Branch of the Woman's Auxiliary met at the home of Mrs. Harvey McPherson Janney in Occoquan on Wednesday, November 2nd. There was a very large attendance, and all enjoyed a very pleasant evening.

There will be a Square dance given at Occoquan High School on Wednesday evening, November 23rd, sponsored by the Senior League. Come all and have a grand evening of fun and pleasure. Remember the grand time all had at the Square dance last year.

There will be a Barbecue for the benefit of the O-W-L Volunteer Fire Department on Saturday, November 12th, commencing at Four in the afternoon. There will be First Class Quality Pork and some other grand trimmings. It will be served at the Fire Department's New Building. This is for a good cause, and besides you will get your money worth in Good Eats. There will be plenty for all who come, so come any time after Four o'clock until all are served.

Mrs. Thomas F. Joyce, of Occoquan, spent several days visiting friends in Washington during the past week.

This scribe is glad to welcome the scribe from Woodlawn district. There is a lot of news in Woodlawn district, and we are glad someone has started to make good use of it. Stick to it.

Mr. Fred A. Barnes, of Rock Ledge, Occoquan, has finished a concrete sidewalk along his property fronting on Mill Street. This is a great improvement to our Pretty Little Town.

The old house, the property of Miss Gertrude Seelman on Mill Street and adjoining the home of Mr. Ambrose Pettel, has been removed, giving that section of town a very pretty outlook. This shack was an eyesore, and we are glad it has been eliminated from the scenery.

We understand the old Cotton Mill and the Old Grist Mill near the bridge at the Northwest end of town have been given to the Virginia Historical Society by Mrs. Bolton, of the Occoquan Company. We are hoping the Society will soon take steps to restore those Historical Mills. Their restoration will be a great asset to the Town of Occoquan and community.

Negotiations are now under way to lease about Six Acres along the river, North of the Bridge, on Prince William side with the intention to have it cleared off for use as a recreation center next year. If this can be done, it will mean a grand place for picnicking near Occoquan.

THE MARCH OF TIME  
(VI)

We have stood upon the mountain top of wonder  
Our eyes have roamed the limitless space beyond;  
We have seen the bright, blazing sun  
Peep o'er the eastern horizon,  
And in the evening watched the  
lengthening shadows . . .  
O! Sol drops out of sight beyond the  
western rim,  
And far, far out into space, we behold  
the handwork of God . . .  
We have called the roll of the eight  
planets . . .  
(The Sun's great family)  
We have seen Mercury make a trip  
around the sun in 88 days;  
But Neptune, travels far;  
Now on its thirteenth trip around the  
sun since the birth of Christ . . .  
These great planets  
(Including our earth)  
Go around the sun in the same direc-  
tion;  
And this has been going on for untold  
millions of years . . .  
Now, we have learned something  
about the children of the sun's;  
We must not forget the grand chil-  
dren . . .  
Galileo introduced us to this very in-  
teresting family;  
He trained his telescope on the largest  
of all the planets,  
And to his surprise, moons were mov-  
ing round Jupiter . . .  
And, since that day,  
The March of Time has introduced us  
to the Planets children . . .  
Mercury and Venus, nearest the sun,  
have no moons . . .  
Our earth  
(The best known of all the planets)  
Has one moon;  
Jupiter has nine moons;  
Saturn has a large family of moons,  
Ten in all . . .  
Uranus has four moons;  
And Neptune one moon . . .  
Next we find The March of Time in-  
troducing us to the sun's great  
grand children  
Many, many tiny little planets . . .  
All of them put together wouldn't be  
as large as our earth . . .  
They are moving in space around the  
sun.  
And their orbit is between Mars and  
Jupiter . . .  
The Comet is a distant relative of the  
sun's  
And wanders far, far out into un-  
known space;  
But belongs to our Solar System,  
And travels round the sun . . .  
Then scattered like grains of wheat,  
Before a northwest wind,  
There are countless millions of  
meteors . . .  
The March of Time, thru countless  
ages,  
Bids us commune with the wonders  
of nature . . .  
And as we stand upon the mountain  
top of wonder,  
Puzzled by such an awe-inspiring  
sight,  
We recognize earth as our home;  
The sun, the source of life, light and  
heat;  
For, without the sun to light and  
warm our planet  
There would be no life as we know  
life on earth . . .  
So, to us dwellers on this spinning  
ball  
The most important planet is the  
earth,  
And the sun stands king of all . . .  
All planets are made of the same  
kind of stuff;  
And the sun,  
The center of our Solar System,  
Contains the same elements . . .  
The March of Time goes on  
And man is still an infant;  
Knowledge and power is built up like  
the sands of the sea-shore;  
Knowledge and power is built up like  
the sands of the sea-shore;  
At times, to be washed away  
To become a discarded theory  
A dream . . .  
But with the spreading of knowledge  
The March of Time brings in new  
scientific facts,  
That are far more wonderful, awe-  
inspiring and glorious . . .  
Than all the theories and dreams of  
past ages . . .  
(Continued)

—Geo. Dent.

(P.S.: I want to thank those who  
have written me letters of commenda-  
tion on these series of "The March of  
Time," especially the High High boys  
and girls . . . I have tried to write  
the article, dealing with scientific mat-  
ter in a plain and readable style, and  
at the same time retaining scientific  
facts . . .)

## OSCAR McKENDREE DOUGLAS

A sad accident of fatal nature took the life of Oscar McKendree Douglas, of Thoroughfare, this county, while on a visit to relatives at Grafton, West Virginia, over the week-end. The deceased was 82 years old, having been born in Albemarle county on February 9, 1856, the son of Magill and Dolly Hamm Douglas.

Many will recall his long service as telegraph operator and station agent for the Southern Railroad from whose employ he retired a number of years ago. On August 12, 1914, he married Daisy Gough, daughter of Levi and Virginia Gough, of Fauquier County. One son, Joseph Allen Douglas, survives.

It appears from accounts that on Friday, Mr. Douglas and his wife drove to Grafton where they were visiting Mr. and Mrs. Robert Minter. Always an active man, Mr. Douglas got up from the table to stroll about. He did not know of the presence of the stream nearby and slipped on the treacherous banks before he could stop himself.

When he did not shortly return, a general alarm was sent out which was joined in by hundreds, who were organized into crews. It was not until the next day that his body was found.

The funeral was held Tuesday afternoon, November 8, at the Broad Run Baptist Church in New Baltimore, the pastor, Rev. Barnett Grimsley, officiating. Interment was in the church cemetery. The following were pall bearers: John C. Crewe, Moss Jacobs, W. J. Burruss, C. C. Furr, Dr. Edward Beverly and Albert Rust. The deceased was a member of the Masonic order and the following prominent masons were honorary pall bearers: C. H. Wine, Robert Hutchison, Dr. Wade C. Payne, Percival Lewis, L. J. Pattie, J. L. Bushong, Fewell Melton, and Abner Fletcher.

Mr. Douglas was member of the Methodist Episcopal church for nearly sixty years and at the time of his death was affiliated with Gainesville M. E. Church having worshipped there a good portion of his life.

## DENNIS LEROY LOWE

Dennis Leroy Lowe, four-year-old son of J. W. and Eva May Lowe, died on Monday, November 7th, at his home in Coles District. Funeral services were conducted at the Woodbine Church on Wednesday by Rev. J. Murray Taylor and interment was in

## PAUL JARMANS

The neighborhood was shocked Monday morning to learn of the tragic death of Paul Mason Robert Jarmans, who was struck by a Southern Railroad train at Richlieu, near his home, shortly after two o'clock Monday morning.

It is stated that the engineer saw him but not in sufficient time to avoid striking him. He was brought back to Manassas on the train and Mr. Robert Cross rushed him in his ambulance to Alexandria Hospital where he died about 5:00 that morning.

Paul, who was the son of Robert Lee and Madge Johnson Jarmans, was born here March 11, 1918, and was not quite 21 at the time of his death. For sometime past he had been helping Mr. Ferris Gue.

The funeral took place Wednesday afternoon from the Hall and Cross funeral home with interment locally.

Paul, as he was known to all his friends, had attended the local schools. He was a very sweet tempered boy and generally well liked. His unfortunate demise is regretted by everyone and his family has the deepest sympathy of the community.

## WATERFALL

Mr. and Mrs. S. R. Clark, of Baltimore, were guests of relatives here over the week-end.

Mr. and Mrs. Chas. Sinclair and Charles, Jr., Mr. and Mrs. Irvin Gosson, and Miss Grace McDonough, of Washington, were Sunday guests of Mr. and Mrs. G. A. Gosson.

Miss Mattie Matthew, of Stone House, is spending this week with Miss Flora Smith.

Mr. and Mrs. Charles Barnes and "Judy", and Messrs. Herman and Robert Smith, of Arlington County, were Sunday guests at "Hagley."

Mr. and Mrs. G. A. Gosson, Miss Ruth Gosson and Miss Mattie Matthews attended the funeral services at New Baltimore Church on Tuesday for Mr. Douglas, whose sudden and tragic death cost a gloom over the Thoroughfare neighborhood. Our sympathy is extended to Mrs. Douglas and Joe, in their sorrow.

Mr. and Mrs. Preston Barrett and son, of Washington, were callers at Mrs. G. A. Gosson's on Sunday.

The Rev. and Mrs. Barnett Grimsley were dinner guests at "Hagley" Sunday after church services at Antioch.

## JAMES WASHINGTON SMITH

On Sunday night, October 30, Mr. James Washington Smith passed away very quietly in his sleep at his home, "Piedmont" near Woolsey.

Mr. Smith, who was 90 years of age on his last birthday, was born near Antioch on March 17, 1848. On December 27, 1882 he was married to Miss Cynthia Simonds, who preceded him to the grave several years ago.

The funeral services were conducted at Antioch on Wednesday afternoon by the pastor of the church, the Rev. Barnett Grimsley, and interment was in the cemetery adjoining the church.

The pallbearers were Messrs. Charlie Keys, Marvin Smith, John Keys, Buck Dunn, Harry Dunn and Wilbur Downs. The crowded church and beautiful flowers attested to the popularity of Mr. Smith, who made many friends during his long life time.

He is survived by three sisters, Mrs. Betty Dunn, near Haymarket, Va.; Mrs. Alice Spencer, Sudley, Va., and Mrs. Torrey Patton, near Chantilly, Va., and six sons, Messrs. Chas. Smith of Savage, Md., Green Smith, of Washington, D. C., and T. G., Clark-son, Wyatt, and William Smith, of near Haymarket, one adopted daughter, Mrs. Bessie Davis, of Arlington, Va., and 15 grandchildren and one great-grandchild.

## ANNUAL DEMOCRATIC DANCE

The annual fall Fairfax County Democratic Dance will be held at Boulevard Farm, about 3 miles south of Alexandria on the Richmond Highway, on Tuesday, November 15, from 9 to 1. As an added feature a special floor show has been arranged.

The floor committee includes James Keith, Paul E. Brown, J. Walton Biggers, Lewis Coyner, Franklin S. Gicker, Earl Popkins.

Hostesses are Mesdames Paule E. Brown, Lewis Coyner, Lewis Leigh, Omer L. Hirst, J. E. Staub, Helen E. Buckley, Franklin S. Gicker, Jr., and Miss Mary Walton McCandlish.

This event has been growing in popularity each year and it is anticipated that the present affair will be one of the most enjoyable and most largely attended of them all.

Kiwanis Club, of Manassas, will present "The Womanless Wedding" at Manassas High School Auditorium on Tuesday evening, November 15th.

## WILL SPEND WINTER IN CITY

Mrs. Carvel Hall and Miss Nannie Williamson are closing their home, "Shirley" this week and will spend the winter in Baltimore and Washington.

## SOME FRUIT

Mr. W. D. Peel, of near Dumfries, has presented us today with a fully developed bunch of grapes which he classifies as a second crop. This is indeed very remarkable.

Live decoys are prohibited again this season by federal regulation. Duck shooters find that mallard, black duck and other marsh species are attracted by movement. Ordinary wooden decoys are too stolid.

Wallace Harvey, of Constantine, Mich., has this animated decoy that fools crafty flocks by standing up on its tail—when a cord is pulled from the blind—and flapping his wings, in true duck fashion.
