## TENTATIVE PLANS FOR ROLL CALL

### Red Cross Chapter Hears National Representative

An important called meeting, Prince William County Chapter, American Red Cross, was held Friday, September 13, at the residence of Mrs. E. H. Marsteller, Manassas. National headquarters sent the newly appointed Representative of this area, Miss McClaughry, to address the meeting regarding the 1940 Roll Call which begins in this county, Armistice Day, November 11.

Miss McClaughry emphasized the importance of a large membership and that the generous response to the Emergency War Relief Funds collected during the past summer be no way confused with the Roll Call. She clearly gave figures of daily shipments to England of medicines, food and clothing, but also was equally clear that nothing is sent by the Red Cross to the recently conquered countries.

Miss McClaughry spoke of several million dollars National Headquarters has spent in Virginia to meet the needs of the flood stricken area of our State during August and September.

Mr. O. D. Waters, treasurer, also Roll Call chairman, announced tentative plans for the Roll Calls and feels assured that through continued services of former Roll Call workers, coupled with efficient new appointees, the Chapter will again be proud to hand in to National Headquarters a long list of membership.

Because of Mrs. Charles Harris' removal to Tennessee, Mrs. R. Worth Peters will act as production committee chairman, and owing to Mrs. Beard's absence from Manassas, the Junior Red Cross chairman will be Mrs. Connie Kincheloe.

A large amount of routine business was disposed of, and in the regretted absence of Mrs. Lloyd, the Rev. A. S. Gibson presided.

The meeting was attended by members from various Districts of the County, and was one of the largest meetings held for a long while.

### MATTRESS PROJECT PROVING PROFITABLE

Approximately 40 mattresses have been completed in the mattress making project now being carried out at the old Brentsville Court House.

Rural families with low incomes are eligible to receive 50 pounds of cotton, the necessary ticking and supervision in making their own mattresses. A small fee of 50 cents is charged for thread and other materials not supplied by the Surplus Commodities corporation. The mattresses when completed, usually in about five hours when three or four members of the family or friends assist, are conservatively worth from \$15 to 18.

Ample cotton and ticking remains for about 60 mattresses and eligible Prince William families who desire to obtain one may make application to the farm or home agents office, the farm security office or county welfare office. Application should be made at one of the above places by September 25th.

Great enthusiasm for the quality and comfort of the 50 pound mattresses has been expressed by those completing theirs at Brentsville to date.

### CHURCH SUPPER AT WOODBRIDGE

The Ladies' Aid of Woodbridge Methodist Church, Woodbridge, Va., is planning a chicken and ham supper with all the trimmings, pie and coffee on September 18th beginning at 5 p. m.

The supper is to be held at the home of Mrs. Charles W. Shaver, the second house from the Methodist Church. Come one and all.

### CIRCUIT COURT PROCEEDING

October Grand Jurors are: C. Walton Lewis, Norman T. McManaway, Paul J. Arrington, H. B. Cato, H. Wyatt Butler, Spicer S. Keys, and George Hedges.

Miss Anne N. Lynn has been commissioned a Notary Public.

Mr. Robert L. Vetter has been appointed Special Police for Prince William County during the coming year.

## BULL RUN POWER COMPANY MOVES IN TO NEW OFFICES

In keeping with the progressive steps taken by the management of the Bull Run Power Company in recent months, and due to the need of increased floor space, the business offices were this week moved to the ground floor of the M. I. C. Building. While all appointments have not been entirely completed, the interior decorations are about finished and the handsome business equipment for the front office and the furniture for the executive quarters are all in place. They give a pleasing picture of a modern office for which the town should feel gratified.

The Power Plant is well under way, and the structure will be ready for service in a few weeks.

## COUNTY DAIRYMEN PLAN TO ATTEND

### National Dairy Show Comes East October 12 to 19

A short distance from Pennsylvania's famous Capitol buildings preparations are being rapidly completed for the first National Dairy Show to be held within a reasonable driving distance from Prince William County and a number of local dairymen are planning to avail themselves of the opportunity of attending this outstanding dairy event.

Harrisburg, with its State Farm Show Buildings, has ideal facilities for accommodating the dairy industry's blue ribbon event from October 12 to 19. The main exposition building alone contains 10 acres of floor space and has the largest show ring in the world.

There will be 32 classes for each of the most popular breeds, Holsteins, Guernseys, Jerseys, Ayrshires and Brown Swiss and prizes totaling many thousands of dollars awarded to the best in dairy cattle that the United States and Canada has to offer. In addition, entertainment and other features will be provided for the program for every day of the show, to introduce a note of variety for casual visitors attending the event as an interesting and novel spectacle. One of the numerous special features will be the National Horse Pulling Contest in which the most powerful animals from the four corners of the United States will compete.

From most of the 48 states will come crack 4-H and college judging and demonstration teams, competing for national recognition in their special classes.

### MIDGET FOOT BALL TEAM PLANNED

Manassas will be represented this season by a 100 pound football team known as the Manassas mites. The boys are practicing daily at Bennett Field under the tutelage of Mr. M. B. "Bo" Lamar, former George Washington University star and athletic instructor of the Washington Police Boys Club. The maximum age limit of the players is 14 years and maximum weight allowable is 100 pounds. Football shoes are not allowed to be worn and the boys are being drilled in the fundamentals of the game so there will be no injuries. Games will be scheduled on a home and home basis with clubs of the same class in the county and from Washington. The boys have already challenged the famous Cleveland A. C. of Washington, Champions of the District in this class.

All the boys who are trying for places on the team are showing enthusiasm and good sportsmanship. It is too early to tell who will play in each position but Johnny Bigelow, Stuart Vetter and Bobby DeChant appear to form the nucleus of a past, shifty backfield. George Clark looks well at center and for the other positions the competition is keen.

Every boy 14 years old or less and weighing under 100 pounds is urged to try for the team. Report to Mr. Lamar at Bennett Field any week day evening. Boys who report regularly for practices, will be issued uniforms later on.

### MEETING OF FINE ARTS SECTION

Fine Arts Section of the Woman's Club will meet on Tuesday, September 24, at 8 p. m., at the home of Mrs. Thomas J. Broadbush with Miss Alice Webb, as ass't. hostess.

# VIRGINIA ACTS QUICKLY ON DRAFT PLANS

## LOCAL JUDGES WILL RECOMMEND DRAFT BOARD APPOINTMENTS

### GOVERNOR TO EXPLAIN DRAFT LAW IN RADIO ADDRESS

Governor Price has asked the various Circuit Judges throughout the State and also the Mayors of the large cities, to immediately suggest to him names of persons qualified for service on the local Draft Boards, and has requested the Judges to serve as Chairmen of the Advisory Boards for Registrants which will be set up. Judge Walter T. McCarthy, would, if he accepts, become Chairman of the Advisory Board for this area. It is also stated that the Governor of Virginia is asking for recommendations of qualified colored citizens for service on Draft Boards where there is a large percentage of colored population.

Governor Price plans to speak on a state-wide radio hook-up on Sunday evening at 9:30 p. m. to explain detailed arrangements for the Virginia Selective Service procedure.

In reference to his appointments of members of the local Draft Boards,

Governor Price has stated that "The membership of these boards must be chosen without regard to political, religious or other affiliation or factional group. It is essential to the success of the selective service system that these men command the confidence of their neighbors by their fairness and their impartiality. Members should be chosen from the standpoint of their environment rather than their professions or callings. Neither legal nor governmental training is the essential qualification. Rather, an intimate knowledge and appreciation of all varieties of local conditions require a composite board of capable, reputable and representative citizens having different careers and experiences; men who, by reason of their intimate and diversified knowledge of local conditions within the area, should be the best judge of the equities of the law in its application to their neighbors".

### MANASSAS FOOTBALL SEASONS OPENS

The glorious grid iron gladiators of the blue and the gold have been grueling and grinding, tugging and toiling, punting and passing and puffing and panting to do their best to get into condition for the coming football season.

The prospects for the year do not look so hot. Several of our veteran footballers are either on the sick list or ineligible. The turn out is small and as a result we have very few substitutes, especially in the backfield. The following boys have reported and have been working faithfully. Lamar Wolfe, capt., Guy Bowers, Frank Beeton, Dick Haydon, Robt. Robinson, Smiley Breeden, Thomas Breeden, Alva Wheeler, Hal Lion, Bill Hinton, Harry Jarman, Frank Parrish, Geo. Oleyar, Fred Dowell, Red Poling, Roger Cross and Max Harbecker. Bowers has a weak back and we have our fingers crossed on him. We hope that Dee Vetter will be eligible in the next few weeks. We will greatly miss Grady our triple threat man.

We may not have the champions of the State but we are sure that we will give you the best in Manassas. The boys travel to Front Royal, to take on the Warren County Maroons, Friday, September 20. The next game will be at home with Culpeper on October 4.

Have you bought your Booster ticket yet? Well how about it. They are now on sale for \$1.50 each. This ticket will admit you to three or four home football games as well as eight or ten basketball games. If you buy a ticket you will be a loyal citizen as well as a good supporter of high school athletics. Of course you do not want to miss out.

### Registration Day Wednesday October 16.

(The full text of President Roosevelt's Proclamation on the Draft is published on page 3).

On Saturday afternoon the Congress of the United States finally enacted the Selective Draft Law, and Virginia, and all of the nation, acted promptly to put the vast machinery into operation which will select men of the ages 21 to 36 for military training. On Monday the President signed the bill.

Governor Price had already called upon the heads of the various State Departments for lists of these employees liable for military service who should be deferred because of the importance of their work. Under the law the Governor will not have the power to exempt State employees. He will merely certify these names to the various local Draft Boards, but it is anticipated that his requests along this line will be uniformly honored by the local authorities.

Within a very few days it is believed that the 150 or more Draft Boards which will be set up in Virginia will be recommended to the President by Governor Price. The personnel of these Boards will be men of high standing, above draft age, and to each Board will be assigned at least one physician. During the World War the Clerk of the Court and the Sheriff were members of the Draft Board. It is believed, although unconfirmed by any official announcement, that no elective officials will be placed on the present Draft Boards.

The registration will be conducted by the election machinery of the respective counties under direction of the respective Electoral Boards. It is stated that Governor Price will conduct schools of instruction in several important places in the State, which at least one member of each county electoral board will be obliged to attend, and then each board will see that every precinct has the necessary registrar and supplies on the day of registration to be proclaimed by the President. Adjutant General S. Gardner Waller, in Richmond, is said to have the necessary materials all ready now to send to the various Draft Boards as soon as they are appointed.

In the matter of classification for service, it is believed by the best informed unofficial observers of the preparations that there will only be four classes, instead of five as in the World War. These will probably be:

Class I: All registrants immediately available for induction into the armed forces of the United States.

Class II: Temporarily deferred by reason of importance to the nation of the service they are rendering in their civil positions.

Class III: Deferred because of dependents mainly dependent upon them for support.

Class IV: Aliens, those deferred by law; physically and mentally unfit; and all others whose induction into the armed forces would be undesirable for various reasons.

### KIWANIS SECRETARY RESIGNS

C. M. Harris, a member of the local club for the past several years, and secretary since January, tendered his resignation at the last regular meeting on Friday evening. "Bucky" has made an outstanding official, and request of his leaving for his new field in Tennessee were genuinely regretted.

Col. Hutchison made an impromptu address, based to a considerable degree on the recent Jackson monument unveiling.

Mention was made of the fact that Professor Hemming, of the N. Y. A. School, is a former lieutenant governor of the Kiwanis district from which he hails. Mr. Hemming was a recent visitor of the club, and all hope to see him again in the very near future.

## R. A. F. Pilot's Letter to Mother

Reprinted From London Times

Among the personal belongings of a young R. A. F. pilot in a Bomber Squadron who was recently reported "Missing, believed killed", was a letter to his mother—to be sent if he were killed.

The young officer's commander received permission from the bereaved mother to publish the letter anonymously.

The Journal presents it as reprinted in the London Times:

"Dearest Mother:

"Though I feel no premonition at all, events are moving rapidly, and I have instructed that this letter be forwarded to you should I fail to return from one of the raids which we shall shortly be called upon to undertake. You must hope on for a month, but at the end of that time you must accept the fact that I have handed my task over to the extremely capable hands of my comrades of the Royal Air Force, as so many splendid fellows have already done.

"First, it will comfort you to know that my role in this war has been of the greatest importance. Our patrols far out over the North Sea have helped to keep the trade routes clear for our convoys and supply ships, and on one occasion our information was instrumental in saving the lives of the men in a crippled lighthouse relief ship.

"Though it will be difficult for you, you will disappoint me if you do not at least try to accept the facts dispassionately for I shall have done my duty to the utmost of my ability. No man can do more, and no one calling himself a man could do less.

"I have always admired your amazing courage in the face of continual setbacks, and the way you have given me as good an education and background as anyone in the country; and always kept up appearances without ever losing faith in the future. My death would not mean that your struggle has been in vain. Far from it. It means that your sacrifice is as great as mine. Those who serve England must expect nothing from her; we debate ourselves if we regard our country as merely as place in which to eat and sleep.

"History resounds with illustrious names who have given all, yet their sacrifice has resulted in the British Empire, where there is a measure of peace, justice, and freedom for all, and where a higher standard of civilization has evolved, and is still evolving.

ing, than anywhere else. But this is not only concerning our own land.

"Today we are faced with the greatest organized challenge to Christianity and civilization that the world has ever seen, and I count myself lucky and honoured to be the right age and fully trained to throw my full weight into the scale. For this I have to thank you. Yet there is more work for you to do. The home front will still have to stand united for years after the war is won.

"For all that can be said against it, I still maintain that this war is a very good thing; every individual is having the chance to give and dare all for his principles like the martyrs of old. However long the time may be, one thing can never be altered—I shall have lived and died an Englishman.

"Nothing else matters one jot nor can anything ever change it.

"You must not grieve for me, for if you really believe in religion and all that it entails that will be hypocrisy. I have no fear of death; only a queer elation . . . I would have it no other way. The universe is so vast and so ageless that the life of one man can only be justified by the measure of his sacrifice.

"We are sent to this world to acquire a personality and a character to take with us that can never be taken from us. Those who just eat and sleep, prosper and procreate, are no better than animals if all their lives they are at peace.

"I firmly and absolutely believe that evil things are sent into the world to try us; they are sent deliberately by our Creator to test our mettle because He knows what is good for us. The Bible is full of cases where the easy way out has been discarded for moral principles.

"I count myself fortunate in that I have seen the whole country and know men of every calling. But with the final test of war I consider my character fully developed. Thus at my early age my earthly mission is already fulfilled and I am prepared to die with just one regret and one only—that I could not devote myself to making your declining years more happy, by being with you; but you will live in peace and freedom and I shall have directly contributed to that, so here again my life will not have been in vain.

"Your Loving Son".

## "YOUNG PEOPLE" HAS THREE GRAND STARS

Chock full of fun, songs and dances, "Young People", the 20th Century-Fox film which stars Shirley Temple, Jack Oakie and Charlotte Greenwood, gave audiences at the Pitt's Theatre a relaxing good time, next Thursday and Friday, September 26 and 27.

"Young People" is Shirley Temple's twenty-second picture and it is her happiness hit. In it Shirley sings five grand tunes written by Mack Gordon and Harry Warren—"Fifth Avenue", "Tra-la-la-la", "I Would not Take a Million", "The Mason-Dixon Line" and "Young People".

Jack Oakie is at his best in a thoroughly humorous role while Charlotte Greenwood is leaner, lankier and funnier than ever.

The story pattern concerns two small-time vaudeville entertainers, Oakie and Greenwood, who adopt Shirley. She grows up with them on the stage—but they decide the stage is not the place to raise children, so they retire to a small New England farm.

Their attempts to be well-liked in the reticent town meet with rebuffs and sly pokes at which they are slow to take offense. The denouement comes when Shirley, in an attempt to put over a sophisticated revue at the annual school performance, is booed off the stage by the shocked and indignant parents.

The film has a stirring and surprising climax which caps the unusual story. The outstanding performances were directed by Allan Dwan, who worked from a superb screen play prepared by Edwin Blum and Don Ettlinger.

The text of President Roosevelt's proclamation calling upon all men from 21 through 35 to register Wednesday, October 16, for compulsory military service follows:

**REGISTRATION DAY**  
**BY THE PRESIDENT OF THE UNITED STATES**  
**A PROCLAMATION**

Whereas the Congress has enacted and I have this day approved the Selective Training and Service Act of 1940, which declares that it is imperative to increase and train the personnel of the armed forces of the United States and that in a free society the obligations and privileges of military training and service should be shared generally in accordance with a fair and just system of selective compulsory military training and service; and

Whereas the said act contains, in part, the following provisions:

"Section 2. Except as otherwise provided in this act, it shall be the duty of every male citizen of the United States, and of every male alien residing in the United States, who, on the day or days fixed for the first or any subsequent registration, is between the ages of 21 and 36, to present himself for and submit to registration at such time or times and place or places, and in such manner and in such age group or groups, as shall be determined by rules and regulations prescribed hereunder.

"Section 5. (a) Commissioned officers, warrant officers, pay clerks and enlisted men of the Regular Army, the Navy, the Marine Corps, the Coast Guard, the Coast and Geodetic Survey, the Public Health Service, the federally recognized active National Guard, the Officers' Reserve Corps, the Regular Army Reserve, the Enlisted Reserve Corps, the Naval Reserve, and the Marine Corps Reserve, cadets, United States Military Academy; midshipmen, United States Naval Academy; cadet, United States Coast Guard Academy; men who have been accepted for admittance (commencing with the academic year next succeeding such acceptance) to the United States Military Academy as cadets, to the United States Naval Academy as midshipmen, or to the United States Coast Guard Academy as cadets, but only during the continuance of such acceptance; cadets of the advanced course, senior division, Reserve Officers Training Corps or Naval Reserve Officers' Training Corps; and diplomatic representatives, technical attaches of foreign embassies and legations, consuls, consuls general, vice-consuls and consular agents of foreign countries, residing in the United States, who are not citizens of the United States, and who have not declared their intention to become citizens of the United States, shall not be required to be registered under Section 2 and shall be relieved from liability for training and service under Section 3 (b)."

"Section 10 (a) The President is authorized—

(1) To prescribe the necessary rules and regulations to carry out the provisions of this act;

(4) To utilize the services of any or all departments and any and all officers or agents of the United States and to accept the services of all officers and agents of the several States, Territories, and the District of Columbia and subdivisions thereof in the execution of this act;

"Section 14 (a) Every person shall be deemed to have notice of the requirements of this act upon publication by the President of a proclamation or other public notice fixing a time for any registration under Section 2."

Now, Therefore, I, Franklin D. Roosevelt, President of the United States of America, under and by virtue of the authority vested in me by the aforesaid selective training and service act of 1940, do proclaim the following:

(1) The first registration under the selective training and service act of 1940 shall take place on Wednesday, the sixteenth day of October, 1940, between the hours of 7 A. M. and 9 P. M.

(2) Every male person (other than persons excepted by Section 5 (a) of the aforesaid act) who is a citizen of the United States or an alien residing in the United States and who, on the registration date fixed herein, has attained the twenty-first anniversary of the day of his birth and has not attained the thirty-sixth anniversary of the day of his birth, is required to present himself for and submit to registration. Every such person who is within the continental United States on the registration date fixed herein shall on that date present himself for and submit to registration at the duly designated place of registration within the precinct, district, or registration area in which he has his permanent home or in which he may happen to be on the date. Every such person who is not within the continental United States on the registration date fixed herein shall within five days after his return

to the continental United States present himself for and submit to registration. Regulations will be prescribed hereafter providing for special registration of those who on account of sickness or other causes beyond their control are unable to present themselves for registration at the designated places of registration on the registration date fixed herein.

(3) Every person subject to registration is required to familiarize himself with the rules and regulations governing registration and to comply therewith.

(4) The times and places for registration in Alaska, Hawaii and Puerto Rico will be fixed in subsequent proclamations.

(5) I call upon the Governors of the several States and the board of commissioners of the District of Columbia to provide suitable and sufficient places of registration within their respective jurisdictions and to provide suitable and necessary registration boards to effect such registration.

(6) I further call upon all officers and agents of the several States and the District of Columbia and subdivisions thereof to do and perform all acts and services necessary to accomplish effective and complete registration; and I especially call upon all local election officials and other patriotic citizens to offer their services as members of the board of registration.

(7) In order that there may be full co-operation in carrying into effect the purpose of said act, I urge all employers, and Government agencies of all kinds—Federal, State and local—to give those under their charge sufficient time off in which to fulfill the obligation of registration incumbent on them under the said act.

America stands at the crossroads of its destiny. Time and distance have been shortened. A few weeks have seen great nation fall. We can not remain indifferent to the philosophy of force now rampant in the world. The terrible fate of nations whose

weakness invited attack is too well known to us all.

We must and will marshal our great potential strength to fend off war from our shores. We must and will prevent our land from becoming a victim of aggression.

Our decision has been made.

It is in that spirit that the people of our country are assuming the burdens that now become necessary. Officers of service have flooded in from patriotic citizens in every part of the nation, who ask only what they can do to help. Now there is both the opportunity and the need for many thousands to assist in listing the names and addresses of the millions who will enroll on registration day at school houses, polling places and town halls.

The Congress has debated without partisanship and has now enacted a law establishing a selective method of augmenting our armed forces. The method is fair, it is sure, it is democratic—it is the will of our people.

After thoughtful deliberation, and as the first step, our young men will come from the factories and the fields, the cities and the towns, to enroll their names on registration day.

On that eventful day my generation will salute their generation. May we all renew within our hearts that conception of liberty and that way of life which we have all inherited. May we all strengthen our resolve to hold high the torch of freedom in this darkening world, so that our children and their children may not be robbed of their rightful inheritance.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the City of Washington this sixteenth day of September in the year of our Lord Nineteen Hundred and Forty, and of the independence of the United States of America, the One Hundred and Sixty-Fifth.

(SEAL)

FRANKLIN D. ROOSEVELT.

By the President:

CORDELL HULL,

Secretary of State.

## PEACETIME DRAFT

Although the adoption of compulsory military training for all men between the ages of 21 to 35 is a peacetime conscription, it should be borne in mind constantly that "peace" anywhere in the world today hangs by a thread.

It is a serious project which is now undertaken in the interest of national defense and it becomes imperative that all citizens, whether of military qualifications or not, increase their sincerity of effort to be productive and efficient in all lines of endeavor.

It is also important that we realize that our government, good or bad, with whatever imperfections it may possess, is nevertheless the best in the world for our needs and worthy of defense with all that we possess, including precious life itself.

We view with apprehension movements in some places to adopt new forms of local government and all such activities at this time are rapidly becoming nothing less than enemy parachutes falling upon an unsuspecting citizenry, and such areas a haven of refuge for people with peculiar names and unknown sources of income.

Virginians everywhere should unite for national defense. Our great Commonwealth has always defended liberty to the death. Virginia was foremost in founding the United States. When human liberty was trampled upon in '61, Virginia fought to preserve the Constitutional guarantees of freedom established by our forefathers. In the World War we were among the Nation's foremost defenders, and right now Virginia is in the front line of our present national defense program.

## FANTASTIC FAIRFAX

Our esteemed and historic neighbor, Fairfax County, presents a fantastic spectacle to the nation, and to the world, as it prepares to go to the polls in November and vote upon a question of changing its elective system of local government into an executive and appointive form.

At the same approximate time, in company with all of the counties of the United States, it will probably be classifying its man-power, under the Selective Draft Law, to fight, if necessary, to perpetuate local self-government.

Adolph Hitler may well smile when he hears of this, as he most certainly will. The home county of George Washington will vote upon the proposition of restricting local self-government—the basic aim of totalitarianism! In his writings, Herr Hitler has boasted that he does not have to destroy democracy. He claims that by its very nature democracy eventually destroys itself!

Incalculable quantities of blood and treasure are pouring out upon the altar of liberty these days. Is it possible that such sacrifices are futile and that any group of Virginians, in the present situation of world affairs, would actually vote away a priceless heritage in the very precincts which they will use to register their young manhood to protect!

—Stafford Ranger.

LOCOWO CLASS PICNICS  
AT RECTORTOWN

History repeated itself when seventeen Lo-Co-Wo members of the Grace M. E. Church motored to Rectortown, Wednesday, September 18, 1940, and made their ex-teacher, Mrs. E. A. Wood, their guest of honor at a picnic.

The class was received with a hearty welcome by both Mr. and Mrs. Wood.

The picnic repast was spread on a long table on the hostess' lawn, which consisted of fried chicken, ham, salads, pickles, deviled eggs, ice tea and coffee.

The delicious apple dumplings with plenty of cream was baked and served by Mrs. Wood.

A pound cake with white icing, and decorated in pink with "Lo-Co-Wo Class" on it, was baked by Mrs. John Sutphin.

Among those present were Mesdames Grover C. Evans and little daughter, Martha Ann, J. A. Vetter, C. C. Fisher, J. M. Allison, Thomas Marshall, R. C. Haydon, Misses Betty Shirley, Bess Hopkins, Sara Donhoe, Rev. and Mrs. W. O. Luttrell, Rev. Lucas of Rectortown and Marshall Charge, was also a guest.

After several hours of chatter laughter and several games of Chinese checkers Rev. Luttrell called order, the members joined in singing, "Blest be the tie that binds" with Mrs. Wood at the piano, followed with prayer by the pastor.

Hence the Lo-Co-Wo members turned their thoughts homeward.

The genuine southern hospitality of Mr. and Mrs. Wood made the class feel like a day well spent and best of all a cordial invitation to picnic with them again next year was accepted by the class.

## "EARTHBOUND"

Exciting drama, with surprising adventures of a ghost, abounds in "Earthbound", the 20th Century-Fox film starring Warner Baxter and Andrea Leeds, which opens next Wednesday, September 25 at the Pitt's Theatre.

Baxter is murdered early in the film and continues on the screen in the form of a wraith-like ghost who walks through doors and stone walls. His behavior as a ghost provides many smiles. He finds it hard to realize that he is not alive until people walk through him—and a mirror fails to reveal his image.

His usual masterful self, Baxter turns in a grand job of acting while Andrea Leeds performs as only she can, registering successfully in a difficult role that brings out her remarkable dramatic ability. Lynn Bari, Charley Grapewin, Henry Wilcoxon and Elizabeth Patterson round out one of the strongest supporting casts ever to appear on the screen of the Pitt's Theatre.

Irving Pichel did a fine piece of directing from the screen play by John Howard Lawson and Samuel G. Engel, which was based on a story by Basil King. Sol M. Wurtzel was the executive producer.

THE PERFECT DAIRY COW—Life size, sculptured out of 500 pounds of creamery butter—will be exhibited in a specially built refrigerator at Va. State Fair.

RECORD BREAKING FARM EXHIBITS  
AT VA. STATE FAIR, SEPT. 23-24

This year's State Fair will make an outstanding feature of service to agricultural inter-

ests, principally farm products and machinery, the 4-H Clubs, poultry, fruits, flowers and the women's department. Increases in exhibit classes and in the number and value of cash

prizes has resulted in an increase of entries over any previous year, and seems certain to bring out thousands of the best of everything produced on Virginia's farms during 1940.

The boys' and girls' 4-H Clubs will again be a major attraction and are expected to

surpass last year's record of bringing over 2,000 club members to Richmond.

The drive for 100% representation in exhibits from the 100 counties of the state gives every promise of resulting in the long sought total showing for the 1940 Fair. Visitors will have the opportunity to compare products of all sections of the state. That a study of such comprehensive exhibits of the state's outstanding agricultural products and latest machinery

and methods will be both interesting and helpful goes without saying. In this way the Fair aims to live up to its purpose of aiding the prosperity and happiness of the farmers of the entire state.

All in all the 1940 State Fair holds the promise of climaxed its long record of usefulness and wholesome entertainment in fulfillment of manager, Chas. A. Somma's ideal of "A real fair for all the people of all Virginia."

### MRS. JOHN T. KEYS

On the lovely, sweet morning of Thursday, August 28th, 1940, at fifteen minutes to twelve, the death angel called at the home of Mr. John T. Keys in Brentsville, Va., and gently, touched the suffering loved one, Mrs. John T. Keys.

Mrs. Keys, before her marriage, was Miss Susanna Katherine Patton, youngest daughter of the late John William, and Susanna Keys Patton, of Nokesville, Prince William County, Va., and who were lovingly remembered on the fiftieth anniversary of their marriage with a surprise party on February 14th, 1898, at the Patton homestead, where they had moved to as bride and groom, on February 15th, 1848, and is the place now owned by Mrs. C. B. Fitzwater.

Mrs. Keys was born there on October 30th, 1844, and in her early girlhood, she united with the M. E. Church, South at Catlett, Va., the Rev. Wolfe being pastor there at the time, and to which faith she had held to through the years past. On February 28th, 1888 she was married to Mr. John T. Keys, of

Brentsville, Va., by the Rev. Eutsler. After a wedding trip of a few weeks, like as her father and mother had, they came to Brentsville, as bride and groom and in February, 1938, they celebrated the fiftieth anniversary of their marriage there, with a large number of friends being present and many beautiful gifts received.

Funeral services were held in the Union Church at Brentsville on Sunday afternoon, September 1st, 1940, by Rev. J. M. Bell and Rev. J. Murray Taylor officiating. Interment was made in the family cemetery near by. Pallbearers were Messrs. C. A. Sinclair, Hawes Davies, R. O. Bibb, Melvin Bolding, Eugene Davis, and Paul Cooksey.

She leaves to mourn her loss besides her husband, four sons, Herbert F., of Independent Hill, Va.; Walter W. Joseph C. Cassins T. and one daughter, Mrs. Troy E. Counts, all of Brentsville, Va.; twenty grandchildren, and two great grandchildren. One brother, W. Sarkin Patton, State Hospital, Va., also one first cousin, Mrs. Anderson B. Manuel, of Nokesville, Va., and a number of second

and third cousins among those are Hunton Pearson, of Washington, D. C.; Homer Pearson, of Somerville, Va.; and Mrs. James Berryman, of Orlando, Va.

There are yet many friends, who remember Mrs. Keys, in her girlhood days, away back in the old home at Nokesville, and the generous hospitality, which always made one welcome there, and a host of friends at Brentsville, with tear stained faces, watched her lovingly, and tenderly laid to rest, beneath a mound of gorgeous flowers, tributes of the esteem in which she was held, from far and near. Peaceful and quiet, to await The Resurrection Morn. By her cousin, Mrs. Anderson B. Manuel, Nokesville, Va.)

We wish to thank our various correspondents for sending their notes early this week.

## GAME COMMISSION FACES BEAVER PROBLEM

The restoration of the beaver in Virginia may eventually become a fact rather than merely the wish of the many conservationists and wildlife lovers of this state, according to officials of the Virginia Commission of Game and Inland Fisheries.

Recognizing the value of the beaver both as a fur-bearer and as an efficient "upstream engineer," the Game Commission has for some time been interested in restoring to Virginia this industrious inhabitant of woodland streams and ponds. Much work has already been done in investigating the possibilities of artificially replanting beaver in suitable situations in the state. However, the Commission points out, it is often the selection of these "suitable locations" that presents the most difficult problems.

In the face of conflicting reports from other states as to the desirability of having Beaver in various types of streams, Virginia's officials have been proceeding very cautiously with their beaver studies in order to make sure that beaver do not become established where they will prove undesirable.

A recently completed Pittman-Robertson research project carried on in Utah indicates that beaver ponds on rocky, short, down-plunging streams result in many benefits to the watershed. These benefits, it was reported, appear in the form of stabilized stream-flow, reduced floods, prevention of erosion and the silting of dams and reservoirs, and in improved habitat for other wildlife such as muskrats, mink, deer and ducks. A similar study conducted in Michigan, however, shows that in lowlands the presence of beaver can be detrimental. Here it was found that beaver ponds eventually upset the chemical balance of the water, interfered with the spawning of trout, and caused an increase in harmful fish parasites.

The seeming contradictions between the findings of the two investigations are explained not only by the fact that the types of streams were different, but also by the fact that the beaver ponds studied in Utah were comparatively new. Although apparently beneficial at first, the long-time effect of such ponds can become detrimental.

Virginia may eventually get back her beaver, but only when and where the Game Commission can be positive that their presence will be an asset rather than a liability.

## STATEMENT MADE BY SENATOR BYRD ON MONDAY

In supporting the amendment to the PENDING TAX BILL providing for taxation of all future issues of securities heretofore tax exempt, Senator Byrd said in part:

I desire to call attention to what seems to be the utter inadequacy of our financial program to meet the demands of the crisis now confronting this country. The pending tax bill is the second of this year. It will produce for the next year approximately \$300,000,000. The first tax bill, known as the national defense tax will yield \$700,000,000, making estimated receipts from all new taxes adopted since the beginning of the present crisis total one billion of dollars.

At this session of Congress, we have appropriated and authorized for national defense, the sum of approximately sixteen billions of dollars. In addition, seven billions of dollars have been appropriated for the regular expenses of government and for departments not connected with national defense.

A substantial additional obligation also has been incurred by the government by increasing authority of various government corporations to issue new bonds guaranteed in full by the federal government. These are not included either in the budget or the direct public indebtedness.

An appropriation bill is still pending for one billion, seven hundred million dollars for financing universal military training and other purposes.

It is possible and probable that other appropriations will be made before the present fiscal year expires on July 1, 1941. I think it is therefore reasonable to assume that this session of congress will obligate directly the federal government, either by appropriations or authorizations to at least twenty-five billions of dollars, exclusive of obligations issued by the government corporations, and guaranteed by the U. S. Treasury. All of this will not be expended in the current year but the authorization continues valid.

It is impossible to estimate at this time how much of such obligations will be expended in the current fiscal year. This will depend upon the speed with which the appropriations and authorizations for national defense are actually expended.

If the war crisis increases in intensity, as now appears likely, and our defense program is still further speeded up, it would be conservative to estimate the expenditures during the current fiscal year will exceed fifteen billions of dollars, and against this, the tax revenue including the proceeds of the pending bill will be approximately \$6,600,000,000, leaving a deficit of at least 8 billion dollars and perhaps more, the largest in peace time history, and approaching the deficit of the first year of the last world war.

Notwithstanding imperative need of spending colossal sums for national defense, no effort has been made, either by Congress, or the administration, to reduce non-defense spending, to reduce non-defense expenditures. In fact, many of the non-defense departments actually have increased expenditures for the current year above last year. On a motion by the majority leader, the Senate rendered inoperative, and later defeated an amendment offered by me with unanimous Finance Committee approval, to reduce non-defense spending by ten per cent, and to divert the funds thus saved, to national defense. This would have saved approximately \$500,000,000 annually. It should be recalled too that the present relief appropriations will be exhausted on March 1, and a new appropriation then will be necessary.

## CHURCH TOWER LAND-MARK

TO GUIDE SHIPS TO HARBOR

JAPANESE CLERGYMAN TEACHES CLASS OF BOYS

Native Christian leaders are expected to develop a self-supporting Japanese Church even if work of foreign missionaries is limited by new law. This group is a chapter of the Brotherhood of St. Andrew, Episcopal Church organization.

Perth Amoby, N. J.—The steeple of St. Peter's Church, oldest Episcopal parish in New Jersey, has served as a beacon to guide many ships to harbor.

Chartered in 1718 by King George I, the church stands on a high bluff, and its cross-crowned spire is visible far out at sea. In the early port, planned to be "the London of America."

In the churchyard of St. Peter's are the graves of many people of prominence, among them those of John Wat-son, known as the first American por-

trait painter, and William Dunlap, a playwright often called "the father of the American theatre." At one end of the yard is the grave of Thomas Peterson, the first Negro to vote under the 15th Amendment. At one time gold seekers dug for Captain Kidd's buried treasure in the churchyard, but were frightened away, and no treasure was unearthed. St. Peter's has one of the last paid bell-ringers. His position is honorary, but he still receives his half crown a year in accordance with the 1718 charter.
