### PATRIOTIC PLEA

Educational Executive Discusses  
Defense Program

The Northern Virginia Regional Assembly of the Virginia Education Association was held at Warrenton, Saturday, September 28th. School Superintendents, supervisors, principals, women of National, State and local Education Associations met to discuss the relationship of the schools to the American defense program.

Opening the meeting, Mr. Francis Chase, Executive Secretary of the Virginia Education Association, referred to the international crisis and the imminent threat of democracy. He stated that walls of steel are inadequate protection when there is weakness within the people. "Discipline from without cannot be resisted unless there is strength within." Americans must have a greater appreciation of democracy as a way of life; they must have a common purpose—a devotion to an ideal and a determination to make it work. It is the responsibility of American teachers to interpret democracy and its institutions. Mr. Chase pointed out that these regional assemblies were being held in order to develop plans with which the education associations could best serve their communities in the defense of democracy.

Following the general session, the group divided into committees to study the work of local associations, the work of the Virginia Education Association and the opportunities for an effective public relation program. During luncheon, Mr. Chase presented the speakers of the day. Dr. Martin, Director of Membership of National Education Association and Mrs. Mary Barnes, President of National Association of Classroom Teachers. Both were enthusiastic, and inspiring speakers. Dr. Martin reminded his audience that teachers are potentially the most powerful professional group in America, because of their number, their place in the community, their education, their altruistic motives, and their powerful advertising agency—the boys and girls of America—they are in a very challenging position. He pled with teachers to co-operate with their local state and National Associations.

Mrs. Barnes, as a classroom teacher, herself, urged others to live, teach and practice democracy in the school. "We look to the boys and girls of America for the preservation of the fundamental principles of democracy," she said.

The afternoon session was the very practical part of the meeting when the various committees presented their reports, recommendations and resolutions. A great deal was accomplished and the local associations now have quite a task before them. Surely we public will be hearing more about the democratic ideals as it is practiced in and interpreted through the school—the boys and girls and their teachers with the co-operation of the community leads.

Those attending the meeting from Prince William were Supt. R. C. Haydon, Miss Sue Ayres, Supervisor; Mrs. Ossie Tipton, Mr. C. O. Bittle, Miss Lois Sloop and Miss Julia Hale, of Nokesville, and Miss Elizabeth Vaughan, Mr. Frank Sigman of Occoquan and Miss Evelyn Irons, President of Prince William County Education Association.

## SCIENTIFIC POSSIBILITIES OUTLINED TO CLUB

Mr. W. H. Lamb was the guest speaker at the Kiwanis Club on Friday evening last. Using "U235" as his topic, he delved into a specialized discussion of the atomic theory and how the relation of mass and energy might enter the military field in the not too distant future, and otherwise affect the history of mankind. Rev. A. S. Gibson was in charge of the program.

Discussion was again had of the district meeting to be staged at Richmond on October 10th, and a large delegation from the club was urged. Mr. Bayliss of the Social Security Office in Alexandria will show a film on the operations of the old age pension law at the meeting tomorrow night.

## JUNIOR RED CROSS HAVING BUSY YYEAR

America's largest youth organization is having its busiest year since the first World War.

More than 8,500,000 members of the American Junior Red Cross have joined with the adult membership of the Red Cross to do their part in alleviating the sufferings of war. From the ranks of children they have raised more than \$200,000 to aid homeless youngsters in the belligerent nations. They have formed volunteer production groups and have made more than 50,000 articles of winter clothing for evacuee children.

This week, Junior volunteers throughout the nation were busily engaged in preparing 60,000 Christmas boxes for children of other nations as a feature of their international program. Early in November boxes of marbles, dolls, crayons, handkerchiefs and other gifts will be shipped to the Junior Red Cross organizations of foreign countries for distribution. Distribution to European countries will be cleared through the International League of Red Cross Societies at Geneva. This year the gifts will be allotted first to refugee and evacuee children.

Because of world conditions approximately 25,000 more Christmas boxes are being shipped this year than in 1939, Red Cross officials pointed out.

## VOLUNTEERS REQUESTED FOR DRAFT REGISTRATION

Electoral officials throughout Virginia are to be congratulated on their splendid attitude toward the gigantic volunteer assignment turned over to them by the President of the United States and the Governor of Virginia. These officials are reported to have responded 100 per cent to the call for their unpaid services in effecting the registration on October 16th of approximately 15 per cent of the entire population. They are to be congratulated on their patriotism. Their job is a mammoth one.

It will require about 20 minutes to register each registrant accurately for the Selective Service. When one considers that the number to be registered will exceed the largest number ever to vote in a Virginia primary election, the size of the task becomes apparent.

While we have no reason to believe that the electoral machinery is unaware of the problem, doubtless this group of patriotic men and women will find it necessary to augment their numbers by obtaining a number of other men and women to serve as registrars, to aid them in the task. If you desire to be of service to your country now, at home, here is an opportunity to pick up the telephone and volunteer to be registrar of your local precinct. However, you should be a good penman. School teachers, ministers, insurance agents and others who are thoroughly familiar with the filling in of forms are urged to volunteer their services.

There will be many volunteer jobs to do during the National Emergency, but none more important than seeing that the initial step—the Registration of those between the ages of twenty-one through thirty-five—is carried out efficiently.

## SCHOOLS TO AID IN REGISTRATION

Board Notes That Children Under Six May Not Register Next Fall

The county school board met yesterday with all members present.

The Board decided not to alter any registration for the present year but hereafter it will be necessary for children to be six years of age prior to Sept. 1 of the year in which they register. This action was taken in view of regulation recently adopted by the State Board of Education.

Under the Governor's proclamation, the Board is offering the services of the county faculty and any other facilities which the registration board may request in the registration work on October 16th under the Selective Service Law.

The schools will open at 9 a. m. as usual and attendance will be taken. Following this there will be an appropriate patriotic program lasting about one hour, the pupils to be dismissed about 10 a. m. After this the schools and the faculty will be at the service of the registration board for whatever assistance they may be asked to give.

Parents are asked to co-operate in seeing that attendance is as good on this day as on any other school day. The Board also transacted much routine business which included approval of libraries at Nokesville, Quantico, Occoquan, Benett, Dumfries and the Regional High School.

### CHURCH BENEFIT

At that time it was announced that there would be a turkey supper October 18th at the school house for the benefit of the P-T. A.

## DRAFT PLANS ARE PROCEEDING

Ten Virginia Counties Fail To Respond

Plans are rapidly being completed for the Draft Registration which will take place on October 16 under the supervision of the Election machinery of Virginia.

In response to Governor Price's invitation to the Electoral Boards of the various counties to attend the schools of instruction, it is stated that ten counties failed to respond. This is said to have been due in part to the Governor's insistence that the various Boards should attend the school designated, regardless of personal convenience of a nearer one, or a more convenient date, but it is believed that this difficulty has been ironed out and that the procedure for registration has now been completed for all counties.

It is not known at this time just how or when the personnel of the Draft Boards will be announced. In Richmond it is stated that about 120 of the 154 Local Boards have been completed. Mostly there will be one board for each county, with two boards in large population centers like Arlington County.

It is not known at this time who will be appointed for our local Draft Board. Governor Price recently called upon the Judges of the various Circuit Courts of Virginia for recommendations, and it has been stated that Judge McCarthy promptly sent in his nominations for Arlington, Fairfax, and Prince William. Some are inclined to the belief that where they are willing to serve, that the Electoral Boards, now conducting the Registration on Oct. 16 will be uniformly appointed throughout the State, but there is no official confirmation on this. But from the fact that these Boards are composed of men who possess the requisite qualifications and have the esteem and confidence of their respective communities, the guess would not be without considerable justification.

Following a proclamation by Governor Price, State Superintendent of Schools, Dr. Sidney B. Hall is authorizing a school holiday on October 16, because so many school houses are needed for registration locations, and so many teachers are wanted to assist.

To facilitate quick organization of the Draft Boards, the State Highway Department is undertaking the job of distributing to the local boards the steel filing cabinets which will house the precious Draft records. These cabinets will be first sent to the eight District Highway offices, and from them sent to the various local Draft offices.

The O-W-L-Volunteer Fire Company of Occoquan has been officially incorporated under the laws of Virginia; with the following directors: Mr. Robert S. Hall, Clarence B. Jett, Thomas F. Joyce, Henry S. Davis, B. W. Brunt, John A. Musselman, Marshall E. Davis. The following named officers were elected for one year: Mr. Robert S. Hall, president; Mr. Clarence B. Jett, vice president; Capt. Thomas F. Joyce, Secretary, and Henry S. Davis, treasurer. There are certain benefits and advantages to be gained from incorporation, among which is membership in the Fairfax County Firemen's Association and benefits to be derived from membership in the organization. Honorable W. Hill Brown, C. A., Manassas, Va., deserves sincere thanks for preparing the papers for incorporation and getting them through the necessary channels to complete the incorporation. The next meeting for the annual election of officers will be on August 15, 1941.

We wish to make a correction in last week's news items: Where it

read (Chicken and Ham supper to be given at Occoquan Methodist Church), should read ("Oyster and Ham supper"). Please note the change. In either case, you would be certain to get an excellent supper.

## CHEVROLET DEALERS PLEASED AT RESPONSE TO CAR SHOWING

Predictions of an increased market for motor cars in 1941 received early confirmation this week with the announcement that more than 10,000 persons visited Chevrolet dealers' showrooms throughout the country on Saturday and Sunday, the first two days after public presentation of the new 1941 Chevrolet.

W. T. Holler, general sales manager, gave the figure out, after tabulation of wires covering the entire dealer organization. First indication that interest in the new cars would be exceptionally keen was furnished by a rapidly accumulating bank of advance orders, before even the dealers had seen the new year's models. As a further means of gauging the probable demand for the car, arrangements were made to "clock" attendance in the division's 8,600 dealerships, Mr. Holler explained. It was the result of this check which was announced today.

"We are especially gratified at this display of interest in our new car because it confirms our own advance appraisal of the situation," Mr. Holler said. "In projecting 1,100,000 new cars and trucks for the 1941 model year, we took into consideration three factors: the excellence of the product itself, the increased efficiency of our own wholesale and retail organization, and the probable increase in the market for commodities in general and for automobile in particular.

CATHOLIC GUILD CON-  
CLUDES MEETINGS HERE

Last Monday evening the Washington Catholic Evidence Guild concluded the series of meetings it has been holding on the Court House lawn in Manassas during the months of July, August and September.

Rev. James J. Widmer, pastor of All Saints Church, opened the exercises with prayer and introduced the president of the Guild, Harry J. Kirk, who acted as chairman of the meeting. The principal speaker of the evening was Rev. Dr. Charles A. Hart, Professor of Philosophy of the Catholic University of America, who had for his subject, "Christianity and the Present World Crisis". Dr. Hart maintained that in all the two thousand years of its history, Christianity has never faced a more serious attack upon it than that which is now being carried on by the Communist, Nazi and Fascist Governments. All three were considered fundamentally the same in spirit. The fact that the Fascist State in Italy had not advanced as far against Christianity was considered to be due to the greater influence of Catholicism in that country. The speaker considered the attack on Christianity to be centered around three fundamental issues upon which Christianity and the totalitarian states assume directly opposite positions. First, the attack on the rights and dignity of human personality. This was characteristic also of the older paganism at the time of Christ, but it has advanced to a much greater degree in the new paganism of today. Christianity is founded upon the sacredness of the value of the human person as a child of God and saved by the redemption of Jesus Christ. Secondly, the attack of the totalitarian states upon the conscience of the citizen demanding that he accept as right and true whatever the state maintained to be so whether that squared with his conscience or not. This is something new under the sun and is a far more serious issue between Christianity and its modern would-be destroyers. The vast propaganda of lies and the refusal to permit citizens to hear the truth is part of this destructive program. Thirdly, the attack upon the unity of the human race. Each of the totalitarian states maintains that some section of the human race is superior to all others and that other sections are in some sense sub-human. In Germany, it is the German race; the Jew is not fully human, hence anti-Semitism. In Russia, it is the all others are less than human in laboring class that is superior and their rights and dignity. In Italy, it is the Italian nation. Each of them denies the fundamental unity of the race in its common Fatherhood and its Brotherhood in the Mystical Body of Christ. Christianity was shown as the greatest true defender of democracy. This latter form of government was indicated as the natural outcome of Christian principles insisting upon the worth of every individual and the supremacy of his conscience. The inalienable rights of citizens, freedom of speech and of the press and of religion, embodies in the Constitution of the United States and the Declaration of Independence, are the direct results of a Christian tradition and viewpoint. "To make a people pagan is the first great step to their enslavement," said Dr. Hart. Mr. Kirk, speaking in the name of the Guild, thanked Father Widmer for his kind invitation to come to Manassas and carry on its work of explaining to those outside the Catholic Church the true meaning of its doctrines and practices. Mr. Kirk also expressed the gratitude of all the Guild speakers whose privilege it had been to appear on the Manassas programs, for the kindness and interest shown by the members of their audience at all times.

HOW THE DRAFT  
WILL OPERATE

Just how this draft will operate, what it means to the Nation's defense and to every American citizen and the historic precedents upon which it is based, is outlined in an illustrated feature article appearing next Sunday in The Washington Sunday Star.

PERFECT SERVICE PROMISED  
FOR GRAVELLY POINT

Electric power for the Washington Airport now under construction at Gravelly Point, is to be supplied by the Virginia Public Service Company according to contract recently signed by airport authorities and the power company, it was announced today by J. W. Howard, Northern Division Manager.

To render this service, it will be necessary for the company to immediately begin a \$50,000.00 construction program, Mr. Howard said.

"The operations at the airport will be of such a nature that it will be necessary for us to take extra precautions to guarantee continuity of service. It is a condition similar to the power we transmit to the Naval Radio station at Arlington where uninterrupted service is so important. We will take care of the matter by providing two sources of power so that if one fails the other will be immediately cut in."

The construction will involve the installation of duplicate equipment at the substation now serving the airport. When connected, one circuit will feed from the V. P. S. Clarendon 22 KV line and the other from the Naval Radio 22 KV circuit. The two circuits will then connect to two separate three-phase transformers so that if anything happens to one circuit or transformer, the other circuit will automatically take care of the load. Both circuits and both transformers will be in service at all times.

The equipment itself will be protected by the proper rearing equipment to assure automatic operation should trouble develop at any time.

The \$50,000.00 construction program will provide all necessary power for electric - consuming devices now contemplated by airport authorities and in addition, excess power will be available for electric projects that might be added in the future.

Based on the musical comedy which had Broadway audiences howling for 235 performances, "The Boys From Syracuse" brings a brigade of singing stars and laugh luminaries to the screen of the Pitt's Theatre on Thursday and Friday, October 10 and 11.

Produced by Jules Levey as his first Mayfair Production for Universal release, the new film boasts a cast headed by nine "names", new

music by Richard Rodgers and Lorenz Hart, new dances directed by Dave Gould and one of the most unusual comedy stories ever presented.

Featured in the talented cast assembled by Levey for his first production are Allan Jones, Martha Raye, Joe Penner, Rosemary Lane, Irene Hervey, Charles Butterworth, Alan Mowbray, Eric Blore and Samuel S. Hinds.

A farce comedy set in ancient Greece, the film deals with domestic mix ups involving two sets of identical twins and three Grecian girls. Jones is cast as a Grecian general, married to Miss Hervey. The actor also appears as his own twin brother, an interloper from Syracuse (Greece) who is taken into Miss Hervey's home and entertained lavishly — by mistake. Penner is seen as Miss Raye's husband and his own twin brother, who is similarly mixed up with Martha.

LORETTA YOUNG WINS  
COMEDY AMBITION

Loretta Young—she was Gretchen, then—wanted to be a dramatic actress at a time when her parents felt she should first go to school and learn to read and write. Miss Young became a dramatic actress, was starred in a score or more of outstanding Hollywood productions, and then decided that she wanted to be a comedienne.

Now Loretta Young is a comedienne, one of the best, if her work in Columbia's "The Doctor Takes a Wife" is any criterion. The lovely

Loretta has completely renounced her position as one of the screen's most glamorous leading ladies, preferring to attempt a similar success in laugh-provoking roles. In "The Doctor Takes a Wife", the Pitt's Theatre, Monday and Tuesday, October 7 and 8, attraction with Ray Milland also starred, Miss Young is seen as a young author who writes books in praise of spinsterhood. She thinks she doesn't like men and, after circumstances force her to pretend she is married to Milland, she definitely knows she doesn't like men. Milland for his part, is a young doctor who doesn't like women, which makes the domestic situation a felicitous one, so far as Miss Young's comedy aspirations are concerned.

"The Doctor Takes a Wife" is Miss Young's first all-comedy role in a career which has covered practically every other phase of motion picture entertainment. She has appeared in historical productions, in romance and in spectacle. Her films include such brilliant productions as "A Man's Castle", "Life Begins", "Zoo in Budapest", "Clive of India", "The White Parade", "The Crusades", "The Story of Alexander Graham Bell", "Suez", "Kentucky", "Eternally Yours" and "Second Honeymoon".

## GERMAN FRUSTRATION

Furious over the evident failure to invade and destroy England, Germany is madly seeking to create a diversion which will take the minds of the home folks of the Fatherland off the question of Nazi invincibility.

The treaty just consummated with Japan and the increasing pressure to bring Spain into the Axis are immediate effects of the German frustration. Under the terms of the Japanese treaty Hitler can now throw the yellow men against the United States whenever he chooses to declare war. Under his one-sided bargain Japan is pledged to do the fighting, while Germany need only do the "declaring", and under such arrangement we may expect trouble at an early date.

If Adolph Hitler can unload upon Spain the neat job of capturing Gibraltar, and upon Japan the huge task of diverting the aid we are giving Great Britain, we certainly ought to take our hats off to his master diplomacy and then proceed to "knock his block off".

Hitler doubtless figures that while we are engaged with Japan, he can subdue England, and then he and Japan can defeat the United States. However, it was by this same imperfect reasoning during the last World War that Germany concluded that by unrestricted submarine warfare victory could be accomplished before big, clumsy Uncle Sam could get into effective action. The Kaiser almost won his wager, and Hitler may almost win this gamble, but almost will not be sufficient, and in the end it may be that the United States must finally deliver the necessary knock-out blow to Hitlerism in particular, and to Dictatorship in general.

## WELL WISHING PARTY

A well-wishing party was held last Wednesday night in the Presbyterian Church in honor of Mr. and Mrs. Wallace P. Whitmore and Peggy Ann. The Whitmores are leaving this week on a trailer trip to the Southwest and expect to be gone all winter.

Members and friends gathered in the church to wish them success on their adventure. In a brief address F. G. Sigman offered appropriate and humorous suggestions for the trip. Mrs. Sigman read a clever poem. The pastor, Rev. DeChant, gave an amusing travel talk containing excerpts from his diary of an old auto trip. Delicious refreshments were served by the Westminister Group.

A small purse was presented to the Whitmores with the suggestion that they buy something needed for enlivening trailer life.

September 30, 1940

Mr. Percival A. Lewis, President  
Prince William County Young Democratic Club,  
Manassas, Virginia.

Dear Percival:

I am writing to express to you and your Club members my sincere appreciation for your support and confidence in electing me to the office of District Chairman of the Young Democratic Clubs of the Eighth District. I deem this an honor and feel that many others are far more deserving and better qualified to discharge the duties of this office.

The District is large and has fifteen Clubs, some large and some small in membership. The total membership in the District is over 2,400, therefore, you can readily see that the success of our Young Democratic group will largely depend upon the active support of each Club. I wish to co-operate in every way with your Club, so please feel that you can call on me for any assistance that I can give at any time. I would like you to make any suggestions which your Club thinks will be for the advancement of our District, as I firmly believe that the considered opinion of a group is far superior to the ideas of the few in the advancement of democracy.

It is our duty and privilege to do everything in our power as individuals and members of the Young Democrats to insure the election of our National Leader, Franklin D. Roosevelt, and all nominees of the Democratic Party this November. We can best accomplish this by co-operating with the Democratic Party in our individual counties, and by assisting the State Democratic Committee in demonstrating that we have a UNITED DEMOCRACY IN VIRGINIA.

The integrity, patriotism, and loyalty of our Democratic nominees, Roosevelt, Wallace, Byrd, and Smith cannot be challenged by anyone who believes in our democratic form of government. I know that it is not necessary for me to emphasize these things to the Young Democrats of the Eighth District, but I hope it can be justly put in the record that the Young Democrats in November 1940 did their full share in backing up our Country in her hour of need.

Hoping to have the privilege of hearing from you soon and seeing you and your Club members, I am,

Sincerely,

William T. Sweeney,  
District Chairman.

## MEETING OF YOUNG DEMOCRATS

The Young Democratic Club of Prince William County held its regular monthly meeting at the Court House on Tuesday night, October 1st, with its president, Mr. P. A. Lewis, presiding.

Mr. William T. Sweeney, the recently elected chairman of the Eighth District Young Democrats, was present and gave an account of the activities of the district club members in the election campaign, and also a report on the state convention that was held last month in Richmond. He said that the Eighth District had the largest representation at the convention of any of the other districts in the state.

The barbeque to be given by the Democratic Committees in the near future was discussed at great length and the members present expressed their desire to help in any way to make the affair a success. Several plans for assisting at the barbeque were suggested and a committee was appointed to carry them out.

The club members were asked to get in touch with first voters and urge them to register, pay their poll taxes and vote.

A letter from Mr. Sweeney to Mr. Lewis was read, thanking the club for supporting him as chairman of the Eighth District, and it was suggested that the letter be published in the Manassas Journal so that it could reach the attention of members not present at the meeting due to inclement weather.

## MUST FOR BRITAIN

Americans are only now beginning to think about this war as a reality. Until very recently it was just something they read about or saw pictures of in news reels. It ranked with gangster movies and adventure tales.

Now, heard on street corners, and on buses over and over are the questions: "Do you think Britain can really win this war? Isn't she gone now? Will we have to get into it?" To this the thoughtful answer is always: "Britain will win. But the Axis powers can make powerful trouble over all the world first. And there is no doubt that we shall have to suffer and sacrifice and make ourselves understand what is going on in the world now and what is needed in the future before there can be any permanent, abiding peace". —Free-Lance Star.

A PERSONAL LOAN did the "face-lifting" job for this bathroom. The sleek, modern appearance of the modernized room brings a thrill of pride to its owners and adds greatly to the value of the house.

MANASSAS STUDENTS INVITED  
TO COLLEGE HOMECOMING

Invitations to attend the homecoming day at William and Mary College, October 26, have been sent to the senior class of Osborn High School.

The visitors will be guests at the football game that day between William and Mary and the University of Virginia, and will be taken on a tour of inspection of the restored buildings of Colonial Williamsburg.

One thousand high school students from various parts of the state are expected at the Williamsburg college for the day. The visitors will see a gay parade of floats by college and town organizations down Duke of Gloucester Street, which is an annual feature of the homecoming day.

According to the invitations mailed to school principals by William and Mary officials, the number of visitors will be restricted since Williamsburg will be crowded with hundreds of returning alumni, football fans and tourists. Each school group is to be accompanied by a teacher.

From advance comments, the football contest between Virginia and William and Mary should be one of the most interesting in the state this season.

## GOD AND WAR

An elderly woman, refugee from the Hitler regime in Germany, had been spending some months in England while arranging for entry into this country. One evening she was answering the questions of interested American friends about her experiences. At the end of the session, one put this query:

"What of God in this war? Where is God anyhow?"

The quiet refugee was acquainted with grief. She had been forced to work out a philosophy of life for herself in order to go on living. She paused and reflected a moment. Then she smiled.

"I think God must be a little like the British. He is slow to get into action. But he has great staying power. And in the end he prevails."

ADDITIONAL SERVICE BY  
EMPLOYMENT AGENCY

As a further service to employers and workers, clerical aptitude, typing, and dictation tests are being given by the local office of the Virginia State Employment Service to persons who desire clerical work it was announced today by Manager Carter W. Friend. This testing program will be gradually expanded according to the demand, it was stated, and persons who attempt to improve their skills will be allowed to take additional tests. This program is designed to furnish employers with the fully qualified clerical workers and at the same time to stimulate workers to make every effort to improve their skills.

During September, 1940, employers were assisted in locating workers to fill 675 jobs. Of these, 594 jobs were in private industry—stores, shops, contractors, householders, etc.—and 81 were with governmental establishments.

Also during the month 374 persons filed application for the first time, 563 persons renewed their applications, and 445 applications were retained in the files, making a total of 1382 applications.

All skilled workers who are not employed full time or who are working at less skilled jobs are urged to file their applications with the Employment Service. Persons who have worked at skilled jobs in the past but who are not now employed in such skilled work are also urged to file applications. It is believed that the demand for workers will increase with the progress of our National Defense Program and all persons who are not employed full time and those who are are best fitted should place their qualifications on file with the Public Employment Offices which serve their respective localities.

The Alexandria office serves the employers and workers of Alexandria City, Arlington, Fairfax and Prince William Counties.

## TOLL BRIDGE IS APPROVED

The Senate passed and sent to the House last week a bill to create a commission with authority to construct, maintain and operate a toll bridge across the Potomac River between Montgomery County, Md., and Fairfax County, Va., near Great Falls.

The measure was introduced over a year ago by Senator Glass and was approved by the Senate committee last April.

The commission would be authorized to pay for the bridge by issuing 6 per cent negotiable bonds, to be retired by revenue from tolls. After all costs are retired the bridge would be conveyed to Virginia and Maryland, 50 per cent interest to each, on condition that it would thereafter be maintained toll-free.

If the States, or either, declined to accept it on that condition, the commission would continue to operate it at tolls sufficient only to maintain and operate it.

The bill named the board members as James Nolan and Robert Peter of Montgomery County, Md.; John C. Mackall and H. W. T. Eglin of Fairfax County, and J. Edward Burroughs, Jr., of the District of Columbia.

## Beauty Reaches All-Time High in New '41 Chevrolet

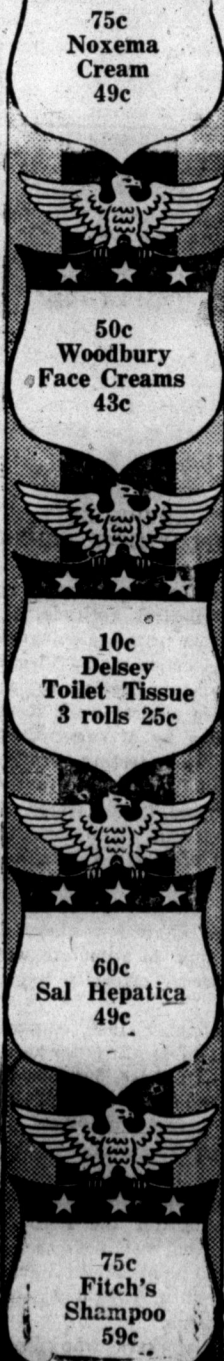

Completely new styling joins with numerous mechanical improvements to make the new 1941 Chevrolet, now on display at all dealers', a worthy successor to the cars which have earned first place in public favor year after year. The greater size and roominess of the new models, as well as their sleek new beauty, are apparent in the Special De Luxe Sport Sedan, shown above.

At (2) is shown the spacious interior of the same model's rear compartment, and at (3) is its front compartment, showing two-spoke steering wheel with horn-blowing ring, new sliding-type sun visors, and smartly re-styled dash.

One of the major changes is substitution of concealed safety-steps (4) for the running boards of other years, an improvement adding to the car's beauty without sacrifice of the safety and convenience which running boards provide. At (5) is the six-cylinder Chevrolet valve-in-head engine for 1941, in which many refinements have been made. Horsepower is increased from 85 to 90 without affecting economy; and cooling, lubrication and carburetion are all improved. In circle is the new switch which reverses the ignition current polarity each time the starter is operated, indefinitely prolonging the life of distributor points.

### GEMS OF THOUGHT SERVICE Golden Rule Applied

Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets.

—Matthew 7:12.

To do as you would be done by, is the plain, sure, and undisputed rule of morality and justice.

—Lord Chesterfield.

Mankind will be God-governed in proportion as God's government becomes apparent, the Golden Rule utilized, and the rights of man and the liberty of conscience held sacred.

—Mary Baker Eddy.

To have a respect for ourselves guides our morals; and to have a deference for others governs our manners.

—Sterne.

Do not make things comfortable for yourself in such a way as to make them uncomfortable for others.

—Chinese Proverb.

The Golden Rule works like gravitation.

—C. F. Dole.

### AMERICAN BOY IS COMPANION TO THOUSANDS

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum", writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys' clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists, famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 25c a copy. Subscription prices are \$2.00 for one year or \$3.50 for three years. Foreign and Canadian rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan.

### IN MEMORIAM

In loving memory of my wife, Sarah G. Bettis, who departed this life two year ago, October 8, 1938.

Gone is the one I loved so dear,  
Silent the voice I loved to hear,  
Too far away for sight or speech,  
But not too far for thoughts to reach.

Sweet to remember her who once was here,  
Tho she is absent she's just as dear;  
Time speeds on, two years have passed,  
Since Death, its gloomy shadows cast.

Oh! How I've missed her,  
And always will, although you're gone  
Your memory lingers near,  
Your presence is greatly missed,  
With the passing of the years.

We hope some day to meet you,  
In the land beyond the blue;  
Where there will be a great reunion,  
Both for me and for you.

By those who loved her,  
Her vacant place there's none can fill  
Down here we mourn but not in vain,  
For up in heaven we'll meet again.  
Her Devoted Husband,  
Mitchell Bettis.

## IN MEMORIAM

In sad but loving memory of my  
dear mother, Ella E. Reeves who  
passed away two years ago, October  
3, 1938.

Our hearts ache with sadness  
Our eyes shed many a tear  
God only knows how we missed you.  
At the end of two saddened years.

No flower was fairer  
Brighter or ever grieve  
Than the one God has taken  
Mother, I will always remember you.  
Her devoted Daughter,  
Mary S. Bryant.

## CHRISTIAN SCIENCE

"Unreality" will be the subject of  
the Lesson-Sermon in all churches  
and societies of Christ, Scientist, on  
Sunday, October 6.

The Golden Text will be "Know  
therefore this day, and consider it in  
thine heart, that the Lord he is God  
in heaven above, and upon the earth  
beneath: there is none else" (Deut.  
4:39).

Among the citations which comprise  
the Lesson-Sermon is the following  
from the Bible: "Put not your trust  
in princes, nor in the son of man,  
in whom there is no help. His breath  
goeth forth, he returneth to his earth;  
in that very day his thoughts perish.  
Happy is he that hath the God of  
Jacob for his help, whose hope is  
in the Lord his God (Psalms 146:  
3-5).

The Lesson-Sermon also includes  
the following passage from the Chris-  
tian Science textbook, "Science and  
Health with Key to the Scriptures",  
by Mary Baker Eddy: "There is but  
one primal cause. Therefore there  
can be no reality in aught which does  
not proceed from this great and only  
cause" (p. 207).

Miss Janet Trenis

Miss Janet Trenis, Nokesville, will  
represent Prince William County as  
a Princess in the Court of the Queen  
of the Rockingham County Turkey  
Festival, to be held at Harrisonburg  
on October 10 and 11. Miss Emma  
Castilla Najera, daughter of the Mex-  
ican Ambassador, Dr. Don Francisco  
Castilla Najera, will be crowned  
Queen of the Festival this year.

FUNDS NEEDED  
FOR S. S. WORKER

**Week Day Religious Education  
Now In Fifth Year**

Week Day Religious Education is  
now in its fifth year in Prince Wil-  
liam County. For the fifth year, boys  
and girls in the fourth to seventh  
grades in all of our public schools will  
have the opportunity for Bible study  
and character education under a well  
qualified teacher.

This program, put on by the County  
Council of Religious Education, has  
the hearty endorsement of the School  
Board. Miss Hazel Saunders, the  
teacher is not only popular with her  
pupils, but is also well thought of  
by those who supervise her work.

Miss Saunders has just made an  
appeal for Bibles. Her present stock  
of Bibles, purchased five years ago  
and used weekly in the class room by  
over 600 pupils, are beginning to  
show the effects of such wear. Good  
quality Bibles may be purchased for  
fifty cents each. About twenty are  
needed. Perhaps some reader would  
like to donate one or more Bibles for  
this cause. The money for them may  
be left at the Journal office or handed  
directly to the teacher.

The Council needs \$1,000.00 for its  
work this year. This budget covers  
the salary of the teachers, the upkeep  
of her car (she travels about 700  
miles per month), a deficit of about  
\$200.00 carried over from 1938-39,  
and a number of miscellaneous items.  
Make sure that your Sunday School  
is contributing to this cause. Indi-  
vidual gifts may be made through your  
Sunday School Superintendent or  
sent direct to the Council treasurer,  
Mr. J. J. Conner of Manassas.

Remember Dance to be given  
by Young Democrats on Oct. 19.

**FORMER RICHMOND MAYOR  
ACTIVE FOR ROOSEVELT**

Despite many duties incident to the  
pending mobilization of the National  
Guard, Colonel J. Fulmer Bright, of  
Richmond, Commander of the First  
Virginia Regiment, is taking an ac-  
tive part in the presidential cam-  
paign on behalf of the Democratic  
ticket.

In addresses at Staunton and at  
Richmond, Colonel Bright has em-  
phasized features of the national de-  
fense program since 1932, under  
which the Roosevelt administration  
brought the strength of the army and  
the National Guard to 500,000 train-  
ed men and built the strongest blue  
water navy in the world.

Taking the offensive against Rep-  
ublican critics of President Roosevelt,  
Colonel Bright pointed out that the  
G. O. P. during the twelve years  
prior to 1932 destroyed \$250,000,000  
worth of warships at a cost of \$27-  
000,000 and neglected the army to  
such a point that our airplane pilots  
were not even trained to fly at night.

Today, he said, America has the  
best and largest naval airforce  
equipped with fighting machines two  
years in advance of the best in  
Europe.

He emphasized the fact that the  
Roosevelt administration, long be-  
fore the current crisis abroad, ap-  
preciated the need of preparedness  
and brought both navy and army  
up to standards never before attained  
in time of peace.

Colonel Bright, as colonel of the  
regiment which formerly was com-  
mended by George Washington and  
Patrick Henry, participated in the  
extensive army maneuvers which  
President Roosevelt has ordered since  
1935. He was with his regiment at  
the Indiantown Gap corps exercises  
in 1935, at Manassas in 1939, and at  
the big army maneuvers on the St.  
Lawrence in August, 1940. In the  
latter, he commanded the Virginia  
brigade. He was mayor of Rich-  
mond for sixteen years.

**JOSEPH S. COSTELLO**

Mr. Costello died suddenly in Rock-  
ville. Died suddenly of heart trouble,  
while visiting his daughter, Mrs.  
Ernest Kidwell in Rockville, Sept-  
ember 27th Joseph Samuel Costello,  
eldest son a family of eleven, son  
of the late Van Buren Costello, who  
preceded his son to the grave exactly  
16 years. Having passed away Sept-  
ember 27, 1924, and Elvira Hurst.

He was born near Middleburg, Va.,  
March 15th, 1867. His 73 years were  
spent in his home state. Married at  
a mature age, Miss Alice Bolton of  
Danville, two daughters, blessed the  
union, Mrs. A. C. Bean of Seattle  
organ and Mrs. Kidwell whom he was  
visiting, when called one grand son.  
His wife preceded him to the grave  
20 years. A brother and four sis-  
ters survive John Costello of Fort  
Belvoir, Miss Agnes Costello of San  
Francisco, Cal.; Mrs. D. M. King of  
Alexandria; Mrs. H. M. Jeffries and  
Mrs. H. A. Pearson of Manassas.

Remains were brought here for

burial Sunday and laid to rest in  
the family lot in the cemetery. The  
surviving sisters and brother who  
have lived in our midst for many  
years have our heart felt sympathy in  
this sad hour of bereavement. Mr.  
Costello was a loving brother and  
faithful friend whom we will miss.

**DEALER PLEASED WITH  
NEW CAR SHOWING**

Mr. Walter C. Sadd, proprietor of  
Prince William Motors, local Ford  
agents, states that the initial show-  
ing last week was very much of a suc-  
cess. Numbers of interested visitors  
were in on both Friday and Saturday,  
and all this week there has continued  
unusual interest in the 1941 Ford.

"The new slogan is a very good  
one" said Mr. Sadd. "When the  
buyer gets the facts, he usually does  
get a Ford. The most salient features  
which draw praise are the roominess  
(the front seat being a full seven  
inches wider), riding qualities, and  
general convenience throughout the  
entire design".
