1,955 Register in County for Selective Service

C. C. Cloe Named Chairman of Local Selective Board

Advisory Board for Prince William Also Set Up

Upon the recommendation of Governor Price, the President of the United States recently appointed the following Selective Service Local Board for Prince William County:

J. W. Alvey, Catharpin; C. C. Cloe, Triangle; Holmes Robertson, Haymarket; Dr. Stewart McBryde, Manassas, Examining Physician and Robert A. Hutchison, also of Manassas, Government Appeal Agent.

The Examining Physician will examine the condition of the registrants as indicated by the board while the Government Appeal Agent will act when necessary to protect the interests of any registrant, and of the Government.

This board, all of whom are volunteers and receive no compensation, met yesterday and elected C. C. Cloe of Triangle, chairman and J. W. Alvey of Catharpin, secretary.

At a later date the board will give all county registrants serial numbers and publish a list accordingly. Numbers will be drawn by chance in a national lottery. As numbers are called, the registrant will be mailed a questionnaire by the local board and will be adjudged whether he must serve therefrom.

An advisory board was also announced at the Selective Board meeting whose sole purpose is to aid the registrant in filling out the questionnaire.

The personnel of this board follows: Hon. W. T. McCarthy, 16th Judicial Circuit; W. Hill Brown, Jr. Manassas; Capt. Thos. F. Joyce, Occoquan; Mayor Harry P. Davis, Manassas; Dr. Geo. B. Cooke, Manassas; Dr. Wade Payne, Haymarket; J. Hunt Moncure, Quantico; Joseph Hale, Nokesville; and E. L. Herring, Independent Hill.

Jr. Club to Participate in 'Bundles' Campaign

On Thursday, October 11, the Junior Woman's Club held its monthly meeting in the home of Mrs. A. A. Hooff. The club regrets that within the last month they have lost two of their officers due to their moving out of town. Mrs. Ralph Sharrett, president and Mrs. Charles Harris, treasurer. The meeting was opened with Miss Walser Conner, the newly elected president presiding. Miss Mary Currell Pattie was elected treasurer. Possibilities of sponsoring a Sunday movie matinee or a pancake supper were discussed but were tabled for further consideration.

The club will participate in the bundles for Britain, with Miss Catherine Pattie as chairman.

Mrs. R. Jackson Ratcliffe was elected to serve as secretary-Treasurer of the Fourth District Juniors. The installation ceremony will take place in the Stratford Hotel, Fredericksburg on October 16.

It was with a great deal of pleasure that Miss Shirley Hynson was elected to membership in the club.

A play was presented by the program committee with the following cast: Mrs. Sedrick Saunders, Miss Marian Lynn, Mrs. Connie Kincheloe, Mrs. R. Jackson Ratcliffe and Mrs. Paul Arrington.

The hostesses for the evening were Misses Jane, Nancy, and Marian Lynn.

Dance

Don't forget the dance on Tuesday night, October 22, at the Manassas High School gymnasium, which is sponsored by the Young Democratic Club of Prince William County in conjunction with the Barbecue and Rally which will be given the Democratic Committee the same day at 4 p. m.

Committees Named For Rally and Free Barbecue

Public Invited to Attend Democratic Festivities Next Tuesday

Don't forget that next Tuesday, October 22, 1940, at 4 o'clock in the afternoon, on the Manassas High School gymnasium grounds, there will be a Democratic Rally and Barbecue, and that everybody is welcome and invited to attend. John H. Wilkins is donating the coffee and Coffey Baking Company the bread. Hon. E. R. Conner and Hon. C. C. Cloe have engaged the services of "Uncle" Jim Butler, famous for his fine barbecues at the Quantico Marine Base, to prepare the foods.

A full program of distinguished guests and speakers is printed elsewhere in the issue.

The following committees have been appointed:

Reception: Mrs. Stewart McBryde, Mrs. Aileen Guthrie, Mrs. R. Jackson Ratcliffe, Mrs. Charles Fenwick, Sen. William D. Medley, Delegate Charles Fenwick, Mr. P. A. Lewis, Mr. H. Thornton Davies and Mr. William Sweeney.

Arrangements: Mrs. C. C. Lynn, Mrs. Will Brower, Mrs. A. A. Hooff, Mr. P. A. Lewis, Mr. C. C. Lynn, Mr. George W. Herring, Mr. W. Hill Brown, Jr., Mr. McDuff Green, Mr. Dudley Martin and Mr. C. B. Fitzwater.

Publicity: Miss Walser Conner, Miss Nancy Lynn and Mr. Stanley A. Owens.

State Commission Seeks Farm Aid In Game Survey

Landowners throughout Virginia will be asked to co-operate with the State Game Commission in applying modern game management practices in connection with a state-wide wildlife survey and conservation program, and to make available more hunting and more game, Carl H. Nolt, chairman of the State Game Commission has announced.

Three-quarters of the money required to finance the conservation project will be made available by the federal government under the Pittman-Robertson Act. Twenty-five percent will be forthcoming from state sources, and the project is expected to require five years for completion, including such aspects as restocking of quail and wild turkeys, placing deer on Virginia's national forest lands, stocking beaver, and furnishing seeds for game cover and food on a co-operative basis.

Prince William History Reviewed At Bethlehem Club

Mrs. Viola Proffitt and Mrs. William Hill Brown were hostesses to the Bethlehem Club at the home of the former on Wednesday, October 16.

Interesting reports were given on the life and accomplishments of Clara Barton. Mrs. R. S. Hart presented the name of George Eliot for discussion at the next meeting.

The high light of the afternoon was the presentation, by the Education and Civic Committee, of the manuscript of "History of Old Prince William" for review. Mrs. C. R. C. Johnson read extracts from the manuscript, which proved most interesting.

Two new members, Mrs. Victor Haydon and Mrs. Conway Seeley were enthusiastically voted into the club.

The program committee, Mrs. Wheatley Johnson, and Mrs. William Pierson presented a true and false fun quiz. Prizes of home-made preserves went to Mrs. A. A. Hooff and Mrs. Percival Lewis who tied for first prize.

Delicious refreshments were served after which the meeting adjourned to meet with Mrs. R. C. Haydon in November with Mrs. B. F. Knox, assistant hostess.

The Selective Draft

(Editorial)

On October 16, 1940 the fighting man-power of the United States was registered for selective military service. The law is mandatory and every man between the ages of 21 to 35, inclusive, was required to register unless already a part of our fighting organization; but the enactment of a Military Draft in time of peace is actually a spontaneous and determined action by our great country to prepare for any eventuality.

We realize that it is dangerous in the extreme for us to continue our present state of unpreparedness in the face of the fearful condition of world affairs, and by this Draft we are serving notice to Adolf Hitler and the rest of his gangsters that there are men in this country who, like his English opponents, are also willing to fight, and necessary die, to protect our homes and loved ones, our religious convictions and our free way of life.

By this very act of registration we lessen the fearful danger of war which is definitely threatening us, for if Uncle Sam displays the manhood to fight, the cowardly assassins, who are now sneaking through the clouds to

slay unoffending women and children and to destroy churches and hospitals, will not be likely to meet real men, equally armed and trained. In preparedness lies our only possible escape from the horrors of war.

In the World War we were quick to forget the men who were drafted into military service and we made little effort to honor the gallant survivors of that fearful war. And we largely kicked them out of their previous civil occupations; giving their jobs to others who had no idea of stepping aside when the veterans returned.

Let us in 1940 more definitely honor the men who are called for military training and not fail to reserve for them a proper place in civilian life when they finish their period of military training.

And let us hope and pray as we arm for the worst, that we shall only experience the best, and that our fighting men will all come back to us hardened in physical endurance and trained in mutual co-operation, fine fellowship and more effective citizenship, as well become honored defenders of our precious liberty.

Marine Corps Seek Men for Officer Training

Recent graduates of Virginia colleges are being offered a chance to enlist for six months active training in the Marine Corps, with a commission as second lieutenant in the Marine Corps Reserve given to those candidates who successfully complete the course, it was announced yesterday by Major T. C. Perrin of Roanoke, inspector-instructor of the Twenty-third Battalion, Marine Corps Reserve.

The training plan, recently adopted by the corps, according to Major Perrin is designed "to reach a group of outstanding college graduates who desire to serve their country during the emergency in a capacity commensurate with their educational qualifications and capabilities". Applicants will be selected from recent graduates between the ages of 20 and 25, must be unmarried, and must not be a member of the Army Reserve, National Guard or Naval Reserve.

Those accepted for the course will spend three months as a private in the Marine Corps Reserve, undergoing intensive training at Quantico. At the completion of the first three months, those recommended by their commanding officer will be commissioned as second lieutenants in the Reserve and given an additional three months' training in a reserve officers' course designed to qualify them as platoon commanders. Of these officers, those recommended would be retained on active duty with troops for an additional six months, with possible extension if circumstances warrant.

The first candidates' class will begin in November at the Marine Barracks in Quantico, and in connection with securing men for training, Major Perrin will come to Richmond this week to confer with President Boatwright of the University of Richmond on desirable applicants. Other institutions to be visited by Major Perrin are the University of Virginia, Washington and Lee and V. M. I.

SQUARE DANCE

Brentsville Community League will give a square dance at Brentsville Courthouse, Saturday, October 19 from 8 to 12.

BINGO PARTY

The Dumfries P. T. A. will sponsor a bingo party at Dumfries School, Friday, October 25, beginning at 8 p. m.

Prince William 4-H Team Places First

Competing with states from throughout the United States the Prince William County 4-H Team placed first in the National 4-H Dairy Manufacturing Demonstration Contest held this week at the National Dairy Show at Harrisburg, Penna. The local team, comprised of Lester E. Harris, Jr., Nokesville, and Harold A. Poling, Manassas, was chosen last month at the State Contest to represent Virginia 4-H Clubs in the National Dairy Manufacturing Contest at the Dairy Show.

A practical means of making American cheese on the average farm was demonstrated by the boys. Simple equipment available on any farm, with the probable exception of a dairy thermometer, was used.

At a banquet at the Penn-Harris Hotel Wednesday, handsome watches were presented to Lester and Harold by representatives of the National Dairy Show. While at the show, the Virginia boys along with 4-H representatives from 44 other states were taken on tours of the Gettysburg Military Park, the Hershey Estates and other places of interest near Harrisburg. Numerous special programs, banquets and educational and entertainment features were provided for the 4-H teams from forty-five states in the National dairy contests while at Harrisburg.

Teachers' Association Will Publish Series of Articles

The Prince William Teachers' Association purposes with the co-operation of the Manassas Journal to publish a series of articles on subjects of educational interest. The theme for the present is the timely one of education in democracy and democracy in education.

A number of the teachers were giving their help on registration day. Of course the schools were closed after an hour of patriotic exercises for the day, yet the teachers went on longer with their own work and with patriotic work.

On Friday the 18th, the teachers are going to a professional meeting that of District H of Northern Virginia. This division is a branch of the Virginia Education Association. The meeting is in the George Washington High School of Arlington. The schools will be closed for the day.

Registration is Lighter Than Pre-Registration Forecast Indicated

According to figures released this morning by the local Selective Service Board 1,955 young men between the ages of 21 and 26 registered in Prince William County under the Selective Service Act yesterday.

Council Chamber Available Only During Evening Hours

The Town of Manassas wishes to call the attention of the public to the fact that the Town's Council Chamber is now being used during business hours for office work. It will therefore not be available for public meetings except during the evening hours.

Any one desiring to secure the use of the Council Chamber for use, when available during evening hours, should contact either the Town Clerk or the Town Manager well in advance of the date on which such use is desired.

Manassas Women Hear Safety Talk

The October meeting of the Manassas Woman's Club held in the Parish House Monday at 2:30 p. m., was a most interesting and helpful one.

The guest speaker, Mr. Clark of the three A's, was given the first part of the meeting time, as he had to fill a later engagement. His subject "The Safety Campaign" held our interest through his entire talk. He emphasized the importance of school patrols, and we expect to have one here, left-hand side of the road for pedestrians, the social obligations in driving, and under no circumstances should one step into the street between cars. We hope that he may return to give us more on this subject.

After this, the regular business of the club was taken up. The reports of the different committees showed keen activity in their various objectives. The Garden Section has given money to purchase shrubbery for both high school and district home also to offer a prize for Christmas decorations of homes.

Two new members were taken into the club and we know there is great pleasure in store for them.

Each club member is asked to bring a guest to the November meeting, to hear Mrs. Alexander on the subject of Child Welfare. Our attention was drawn to now patriotic activities in our midst, and any one knowing of such to report to the F. B. I. Delegate alternates to the 4th District meeting to be held in Fredericksburg October 30, were elected Delegates Mrs. Wade Dalton, Mrs. G. R. Ratcliffe; Alternates Mrs. Peters, Mrs. Douglas.

Arrangements for the Christmas dance were made and committees will be published later. Refreshments were served at the close of the meeting by the hostesses for this month.

Garden Club Will See Pictures of Landscape Artist

The Manassas Garden Club will have another lecture with slides at the Pitts Theatre next Tuesday afternoon at 2:30. The title of one lecture is "Designs for the Small Place" by a prominent landscape artist, Marjorie Sewell Cautley.

All the slides will be most interesting to garden lovers and it is to be hoped that all will attend. These slides and lectures are expensive and the members of the garden club go to considerable trouble to make them available. The management of the Pitts Theatre is most gracious in letting us use the theatre also so. Come out and enjoy them.

CHRISTIAN ENDEAVOR SOCIETY

The Christian Endeavor Society was organized at the Presbyterian Church, September 29 by Mr. Wood of the State Vocational School. Meetings will be held every Sunday night at 8:30 p. m.

Mr. Page Croasley will be in charge of the program October 20. Topic "Remember the Sabbath". The public is cordially invited.

Registration was somewhat lighter than the 2,289 figure anticipated and it is thought when the serial numbers are attached to only those applicants claiming residence in Prince William County the figure will be cut further to approximately 1,500. Potomac precinct (Quantico) for example, registered 580 men, nearly 400 of whom are estimated to have residences in other places.

The registration by precincts:

Aden	23
Brentsville	34
Catharpin	35
Dumfries	144
Haymarket	130
Hickory Grove	49
Headly	24
Horton	10
Independent Hill	35
Joplin	40
Manassas	437
Nokesville	91
Occoquan	171
Potomac	580
Taken	24
Waterfall	14
Wellington	22
Manassas Vocational School	69
Total	1,955

In Manassas the 437 registrants were handled in an orderly manner, Chief Registrar R. Jackson Ratcliffe said, despite an early morning rush causing him to press three additional registrants into service. Registration, Ratcliffe said, proceeded smoothly during the afternoon and evening hours with the last registrant barely getting in under the wire. He arrived just two minutes before the 9 p. m. deadline.

46 From Prince William To Be Called

Of the estimated 8,000 men, including 1,600 colored, Virginia will call to the colors in the first draft, 46 will come from Prince William County (based on 2,289 registration figure). Whether or not this figure will be revised downward when the accurate number registrants is determined to be less than the estimated figure is not known at this time.

Parrish Named Commander Of Legion

At a meeting of the American legion held on Tuesday night, the following officers were elected: Commander, E. G. Parrish; 1st Vice Commander, Ernest C. Spitzer; 2nd Vice Commander, Dr. W. C. Payne; 3rd Vice Commander, Wheatley M. Johnson; Adjutant and Chaplain, Rev. John M. DeChant; Finance Officer, C. W. Fitzwater; Sergeant-at-arm, W. L. Coverstone; Historian, Dr. V. V. Gillum; Service Officer, Miss Margaret Lynch.

Arrangements were made to put on the ceremony of advancing the colors in connection with the registration day program at the high school Wednesday. These arrangements were in charge of comrade Johnson, and a delegation of Legionaries was selected to represent the post.

All veterans are reminded that dues for 1941 and should be paid before Armistice Day, November 11. The next meeting of Post 158 will be held on Tuesday, November 12.

Kiwanis News

A number of Kiwanians were absent on Friday night on account of the convention in Richmond.

President Arrington and "Senator" Conner returned in time to give some high points of the meeting. Hunton Tiffany gave the club a very interesting picture of the new Pennsylvania Super Highway, as he recounted his trip over this road last week.

Ballots for the nomination of new officers were taken up at the meeting, but no speeches or campaign promises were heard.

The board of directors meets this Friday evening at 6 p. m., at the People's National Bank.

Camouflage Is Keynote in Red Cross Building

**Latest Air-Raid
Precautions Included
In Harvard Hospital**

The American Red Cross-Harvard Hospital — a prefabricated 100-bed unit to be set up in England for the study of wartime epidemics under "siege" conditions—will be equipped with air raid shelters, a score of shatterproof features and a special camouflage against enemy air raid-ers.

Bruce Smith, Red Cross official, declared here that the project would get under way within a month, pending completion of architectural details and prefabrication in this country of the units. At that time, he said, 50 nurses and 20 doctors and medical technicians will sail for England to take charge. Technical aspects of the study will be handled by Dr. John E. Gordon, of the Harvard Medical School, an epidemic authority.

Selection of nurses is now under way. They will be drawn from the Red Cross reserves and will be selected on a basis of their youthfulness, physical stamina and experience.

The hospital will consist of 20 buildings, Mr. Smith said. Plans call for using a special five-ply building board with an insulating core sandwiched between fire-resistant sheets. This will be bolted to a structural steel framework. Each unit will be painted to match the surrounding terrain as a camouflage.

At the end of each unit will be a vestibule arrangement to allow doctors and nurses to enter and leave without light escaping. Windows will consist of three parts: a shutter for blackouts, a special window of non-shatter celloglass, and a screen.

Ventilation experts in this country are devising means of circulating fresh air through the buildings while closed during blackouts. The ventilation system will include filters between wards as a precaution against transmitting disease germs.

Although the location of the hospital is not being revealed by the Red Cross, it was pointed out that air raid shelters would be dug deep into hillocks of chalk adjoining the site.

Mr. Smith explained the project would be extended over a year. It will be extended for a longer period, however, should the need exist.

Results of the survey will be reported by the Red Cross and Harvard to the U. S. Public Health Service and the Surgeon-General of the Army and Navy.

Christian Science

"Doctrine of Atonement" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, October 20.

The Golden Text will be "Walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a sweetsmelling savour" (Eph. 5:2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For Christ sent me not to baptize, but to preach the gospel, not with wisdom of words, lest the cross of Christ should be made of none effect. For the preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God" (I Cor. 1:17,18).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures", by Mary Baker Eddy: "Jesus bore our infirmities; he knew the error

of mortal belief, and 'with his stripes (the rejection of error) we are healed'. 'Despised and rejected of men, returning blessing for cursing, he taught mortals, the opposite of themselves, even the nature of God; and when error felt the power of Truth, the scourge and the cross awaited the great Teacher. Yet he swerved not, well knowing that to obey the divine order and trust God, saves retracing and traversing anew the path from sin to holiness" (p. 20).

Women's Society of M. E. Church Meet

The Woman's Society of Christian Service of Grace Methodist Church met with Mrs. John Barrett on Thursday evening, October 10, Mrs. D. D. Eutsler presiding. There were 34 members present.

Mrs. Warren Coleman led the devotions; Stewardship was her topic. Miss Williette Myers gave a very in-

teresting sketch of world missions. Mrs. Dennis Baker, chairman of local church activities, planned a committee meeting to be held with Mrs. R. S. Hynson on October 17. The purpose is to formulate plans for the bazaar held annually in the week preceding Thanksgiving.

Plans were made to have the harvest offering ready by Thursday, October 31. This offering consists of donations of canned foods for the home of the aged of the Methodist Church at Gaithersburg, Md. Mrs. W. O. Luttrell gave a most interesting report of the first conference of the society, held at Lynchburg, Va.

The meeting adjourned, after which refreshments were served by the hostess, who was assisted by Mrs. John Adams and Mrs. John Allison.

Story of German Soldier Who Got Red Cross Sweater Bobs Up Again

Have you heard the story about the German soldier who received the sweater knitted by an American woman for her Red Cross Chapter?

If you haven't, you are not completely abreast of the best stories that are being circulated.

Grape-vine has spread this story with all the rapidity of radio. "PM", a New York newspaper, carried a letter dated August 27, which purported to reveal that "a certain lady in a Jersey town spent her long winter evenings knitting sweaters for the Red Cross. She put her name and address in one package. . . it was shipped off to Belgium. . . a few weeks ago she received a polite note from a German soldier, thanking her for the lovely sweater.

But Manila heard the story earlier. On August 12 the "Philippines Herald", Manila, P. I., printed the story of "a prominent society woman of Manila heard from her sister in California . . . who had contributed a sweater to be sent to France . . . a few weeks later she received a letter from a German soldier thanking her courteously for the gift."

The Red Cross at Washington explains that no relief goods, sweaters or otherwise, were shipped to Belgium, and Red Cross relief goods for France were sent to free or unoccupied France, where there were no German soldiers.

Dovell Urged to Become Candidate For Governorship

Ashton Dovell, Speaker of the House and for several years floor leader in the Assembly, has announced his candidacy for the governorship of Virginia, subject to the Democratic primary in August, 1941. "A great number of people from all sections of the state have generously appraised my qualifications and my record of service in the legislative branch of the government and have insisted that I become a candidate and that I announce for the office", Mr. Dovell said.

Before his election as Speaker in 1936, Mr. Dovell was chairman of the House Appropriations and Privileges and Elections Committees at the same time. He has represented Williamsburg and New Kent, York, James City and Charles City Counties in the General Assembly since 1924.

Autumn Coloring Now at Peak On Skyline Drive

The brilliant autumnal coloring of the leaves and foliage along the Skyline Drive is now reaching its peak, according to a special bulletin from Shenandoah National Park Headquarters. This most popular attraction first begins its cycle on top of the mountains, where it remains colorful for several days, and then recedes into the hollows and finally into the valleys.

Park Rangers advise that the best way for the visitors to enjoy and appreciate this display of coloring is by getting out of his automobile and hiking over one of the numerous foot trails, even though it be for but a few hundred yards. Trails may be reached from almost all of the many parking areas and overlooks along the Skyline Drive.

Polling Will Be Heavy in November Presidential Election

On the basis of poll tax payments, officials at Democratic State Campaign Headquarters believe the vote in the Roosevelt-Willkie election on November 5 will set a new record in Virginia and reach at least the 340,000 mark. Poll tax payments up to May 1 this year were \$779,464, a figure \$13,169 in excess of payments for the same period in 1936, when 334,000 Virginians voted in the Roosevelt-Landon contest.

The Democratic nominee, Mr. Roosevelt, received 234,980 and the Republican candidate, Alfred M. Landon, got only 98,336 in 1936. The total vote sets a new record.

L. Preston Collaps of Marion, Democratic presidential campaign director, has not yet announced any estimate as to the total Democratic majority expected.

He insisted, however, in an address at King and Queen Courthouse October 14 that "the Willkie campaign has collapsed", and that the Democrats may look forward to another possibly unprecedented landslide this year.

"I hesitate to make any predictions at this time", he said, "because we are winning votes repeated away from Mr. Willkie every day".

He said that the Republican nominee is alienating many voters by revealing in every speech that he makes his inexperience in governmental affairs and his ignorance of national policy.

Gems of Thought Greatness

Nothing can be great which is not right.—Samuel Johnson.

Great minds had rather deserve contemporaneous applause without attaining it than attain without deserving it. If it follow them it is well, but they will not deviate to follow it.—Colton.

Every luminary in the constellation of human greatness, like the stars, comes out in the darkness to shine with the reflected light of God.—Mary Baker Eddy.

Strength of character lies not in demanding special circumstances, but in mastering and using any that may be given.—Canon Scott Holland.

The workshop of character is every-day life. The uneventful and commonplace hour is where the battle is lost or won.—Maltbie D. Babcock.

The final proof of greatness lies in being able to endure contumely without resentment.—Elbert Hubbard.

Blizzard Set in 'Untamed' Aptly Numbered as 'Zero'

Someone at the Paramount Hollywood studio must have been inspired when he numbered one of the stages upon which howling blizzard sequences were being shot for Paramount's romantic drama, "Untamed", which co-stars Ray Milland, Patricia Morison and Akim Tamiroff, and which is being presented at the Pitts Theatre, Thursday and Friday, October 24 and 25.

The set was a reproduction of a wild forest in the Canadian Rockies and a furious snow-storm was raging. Outside, the sunny California weather was pushing the mercury up to something heatedly close to the 90 degree mark. Inside, nearly 200 tons of ice had been ground up to provide snow which varied from four to ten feet in depth, spread all over the set—which had to be kept at a temperature well below freezing to prevent any melting during the many days required for shooting.

Each day Milland, Patricia and Tamiroff, and such other members of the cast and company as were needed in the show, would walk off the set for lunch and out into the blazing heat. It was Director George Arch-

ambaud who finally invented what he called "a heat-decompression-chamber". In other words the cast had to spend a few moments on an adjoining stage, which was air-conditioned to about 70 degrees.

4 H PRIZE BABY BEEF SALE

Raised by Jimmy Glascock of Purcellville. Bought by us at auction at the Baltimore 4 H Club Livestock Show and sale.

We consider ourselves fortunate to have been the successful bidder on this very fine Baby Beef and the opportunity to take this small part in encouraging the work of the 4 H Clubs. Better livestock means better returns for the grower, the state and the consumer. By training the boys and girls of today, a high standard for the future is assured. Our interest naturally lies with the grower. It is to them we look for quality products in order that we may better serve our customers.

Now on sale at our Herndon store at regular prices.

CHRIST FOR ALL—ALL FOR CHRIST
The Manassas Journal
BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in their search.

HAVE FAITH IN GOD AND WAIT—For the mountains shall depart, and the hills be removed; but my kindness shall not depart from thee, neither shall the covenant of my peace be removed, saith the Lord that hath mercy on thee.—Isaiah 54:10.

INTERNATIONAL NAUGHTINESS

The Japanese government seems to act like a naughty child. It goes just as far as it dares in plaguing Uncle Sam and threatening the peace of the world. It bristles with righteous indignation whenever it is criticized for any action contrary to the established rules of the family of nations. But whenever our government or another strong government stiffens its spine and reaches for a birch rod, Tokyo backs off and explains that it was only fooling and did not mean any harm at all.

That is the way appeasement psychology works. The more you try to conciliate a naughty child or a naughty nation, in these lawless times, the more the offender demands. If there is any safety for law-abiding nations, it seems to be found in consistent, self-respecting firmness, backed by power.

The President made it quite clear Saturday that such firmness, backed by ample power, is to be the consistent policy of our nation—toward Japan and all naughty nations. — Alexandria Gazette.

6,000 Volunteer Blood for War-Wounded Soldiers

More than 6,000 volunteers from all walks of life are donating their blood to the American Red Cross for treatment of war-wounded soldiers and civilians in Great Britain.

Taxi-cab drivers, society women, stars of the sports world and political leaders have answered the call for donors issued here by the New York chapter and others in the vicinity.

Included among the volunteers are the Ranees of Sarawak, queen of half-million natives on the northwest coast of Borneo and wife of the only English rajah in the world; Betty Nuthall and Nina Brown, British tennis aces now in this country; Newbold Morris, president of the New York City Council, and Warren Pershing, son of the A. E. F. commander.

The project is being technically handled for the Red Cross by the Blood Transfusion Betterment Association and several local hospitals. Donated blood is processed down to a plasma solution. It is then mixed with a saline mixture to prevent deterioration as takes place in whole blood after a limited period of time.

LLOYD—HANNAH

Miss Alice Roberta Hannah, daughter of Mr. and Mrs. William Nathaniel Hannah of Solitude, Palmyra, was married last Saturday to William Emmons Lloyd of Petersburg, son of Mr. and Mrs. William Loper Lloyd of Manassas. The wedding took place at 5 o'clock in Palmyra Methodist Church with Rev. Samuel C. Hatcher of Randolph-Macon College officiating, assisted by Rev. Charles T. Boyd.

The bride was given in marriage by her father. She wore a white satin dress made with long sleeves, a fitted waist and square neckline trimmed with antique lace. Her veil of illusion was held by a tiara of pearls and orange blossoms and she carried a bouquet of roses and lilies of the valley.

Miss Ashley Bell Hannah, sister of the bride, was the maid of honor. She wore a rose moire taffeta dress made with a fitted bodice and square neckline and she carried Talisman roses and blue chrysanthemums. The bridesmaids were Miss Margaret Shelton and Miss Elizabeth Lloyd, sister of the groom. They wore blue taffeta dresses and carried pink roses and blue chrysanthemums.

Robert Lloyd of Richmond, brother of the groom, was best man and the groomsmen were William N. Hannah, Jr., of Ashland, Maurice Smith of Manassas, Thorburn Love and Archibald Robertson of Petersburg.

A reception followed the ceremony at the home of the bride, after which the couple left for a northern wedding trip. After October 20 they will be at home at 434 West Washington St., Petersburg.

Guests from Manassas in addition to Mr. Smith were Mrs. Maurice Smith, Mr. and Mrs. William L. Lloyd, Mr. and Mrs. C. Wade Dalton, Mrs. F. D. Hynson, Mrs. R. C. Haydon and Francis Roszell.

HE NEEDS THEM BOTH

600,000 Ready For Roll Call

The largest number of volunteers ever to take part in an American Red Cross Roll Call will appeal to the nation November 11 when the organization seeks membership support for its year-round services.

Vice Chairman James L. Fieser, in charge of domestic operations said the appeal would be carried by nearly 600,000 volunteers in more than 10,000 communities where the Red Cross maintains chapters and branches. He pointed out that many chapters have been organizing for the membership campaign since early summer and anticipate the most successful Roll Call in their history.

No quota has been set as this year's membership goal, Mr. Fieser explained. He pointed out that the Red Cross this year needs the support of every adult American able to join.

"Today the Red Cross is faced with a year of uncertainty—a year of great potentialities of human suffering," he said. "If the Red Cross is to be able to share its responsibility in the important work of national defense, it must be ready to carry on its services full strength."

PRAIRIE LAW

Thundering hooves and the barking of blazing six-shooters echoed throughout the Pitts' Theatre, Wednesday, October 23 when "Prairie Law" had its initial showings with George O'Brien again displaying his prowess as cowboy par excellence.

One of the most exciting of O'Brien westerns, the current thriller revolves around a range war precipitated by the shady activities of a clever swindler engaged in selling worthless acreage to easily influenced suckers. When the newly arriving nesters steal the cattle of nearby ranchers and infringe on their water rights, the cowmen, under the leadership of O'Brien rise up in arms.

The murder of O'Brien's uncle by the swindler's partner, his unjust exonerated through crooked political machinery and the actual theft of an entire county, are a few of the dramatic events leading up to the suspenseful climax in which O'Brien and his rugged followers bring the scoundrels to well earned justice.

The romantic interest centers in lovely Virginia Vale, who plays the daughter of a trustworthy nester; Dick Hogan contributes a fine performance as her wayward brother; J. Farrell MacDonald, as O'Brien's uncle, Slim Whitaker, as O'Brien's loyal companion, Cyrus W. Kendall, as the swindler's murderous henchman, and Paul Everton as the clever land shark, all turn in noteworthy portrayals.

CAPITAL BUSY WITH POLITICAL ACTIVITY

Franklin Delano Roosevelt or Wendell L. Willkie? The American people will give their answer to this question on November 5. Democratic national organizations are poised for their final pre-election drives. The story of these busy offices and the picture of the Nation's Capital as election day nears will be presented in an illustrated feature article appearing in The Washington Sunday Star next Sunday, October 20.

Spectacular Career Of Dalton Gang Is Dramatized

"When the Daltons Rode", Universal's saga of frontier America, in the days of the celebrated Dalton gang, comes to the Pitts' Theatre next Monday and Tuesday, October 21 and 22 with Randolph Scott and Kay Francis heading a distinguished cast.

Based on the exciting book of the same name, the film traces the careers of the Dalton boys as ranch owners who are led into spectacular crime by the persecutions of a land company.

The story reaches a climax with the historic raid on Coffeyville, Kan., in 1892, when the gang was destroyed while staging the old West's only double bank robbery.

Miss Francis, portraying the first action role of her career, appears as the winsome telegraph operator of Coffeyville, a character based on the real-life sweetheart of one of the Daltons. Scott plays a frontier lawyer who befriends the Daltons and helps bring the land company agents

The four Daltons are portrayed by Brian Donlevy, Broderick Crawford, Stuart Erwin and Frank Albertson, while Andy Devine has what has been described as one of his best roles as the Dalton's girl-chasing ranch hand who joins the gang in their maraudings.

Other important roles are played by George Bancroft as the rich man of the town and by Mary Gordon as the mother of the Daltons; also in the cast are Harvey Stephens, Queen Ramsey, Edgar Deering and others. George Marshall directed "When the Daltons Rode" from a screen play by Harold Shumate.

MAKE One Stop FOR FARM SUPPLIES

Southern States patrons are fast building a complete one-stop service for feed, seed, fertilizer and other farm supplies. The same care and preparation taken in making open formula feeds and fertilizers is now applied to the purchase and quality-control of a wide variety of farm supplies from rubber tires to steel roofing.

Check your fall needs with your nearest Southern States Cooperative Service Agency. What he does not carry in stock he can order for you through a fast-moving distribution service which brings you better supplies at lower costs.

HERE ARE A FEW SUGGESTIONS

UNICO SOYA PAINT has higher gloss, brighter color with greater tinting strength. This premium paint is cooperatively made under the supervision of men who work for farmers and know farm paint needs. This is a farm paint made from a farm product.

UNICO TIRES stand the gaff of thousands of miles of service between the farm and city markets. They can take punishing duty in every piece of farm work or on the highway. Made in all standard sizes, they are priced lower than many comparable brands.

UNICO MOTOR OIL is a 100 per cent paraffin base oil, long-wearing, makes real savings.

UNICO STEEL ROOFING. Under average farm conditions this heavy zinc-coated roofing will give years of service without rust and without expense for upkeep and replacement. It's fireproof, vermin-proof, storm-proof, and easy to apply.

What UNICO Means

Unico stands for United Cooperative, an organization of six important farmers' cooperatives pooling the purchasing power of hundreds of thousands of farmers to bring better farm supplies to the farm with greater dollar value.

For these and other quality farm supplies, see your nearest Southern States Cooperative Service Agency

State News in Brief

Ozlin to Enter Race For Virginia Governor

RICHMOND—The field of declared candidates for the governorship was increased to three today with the informal announcement by Thomas W. Ozlin, member of the State Corporation Commission, that he intended to run.

Judge Ozlin replied in the affirmative when asked if he expected to enter the race for which definite announcements have been made by Ashton Dovell of Williamsburg, speaker of the house, and State Senator Hunsdon Cary of Henrico.

Pension Rolls Show Only 1,005 Confederates

RICHMOND—The thin line of Confederates is falling fast under death's minnie balls.

J. H. Johnson, head of the Virginia State pension division, said there were only 1,005 of the old veterans on the pension rolls of all Southern States September 1, 1940, as compared with 1,629 on the same date the year before.

There were only 88 on the Virginia roll on October 1.

Movie Fans Scattered BY Real-Life Shot

CHARLOTTESVILLE—Audience interest in an Alaskan thriller at a local movie house was dissipated by a real-life pistol shot which wounded an 18-year-old youth in the leg and emptied the house.

An usher said the youth admitted twirling an "unloaded" .32 caliber pistol in the darkness during a particularly exciting part of the picture.

Virginia Educators To Meet in Richmond

RICHMOND—The annual meeting of the Virginia Education Association here November 19-22 will have as a theme "The American School and the Fight for Democracy".

Executive Secretary Francis S. Chase said that phrases of the school's part in the national defense program will be stressed.

Gas Taxes to Increase \$2,000,000 in Year

RICHMOND—Gasoline taxes in Virginia for 1940 will show an increase of about \$2,070,000, it was estimated yesterday by E. A. Kyhn, secretary of the Virginia Petroleum Industries Committee.

An increase in the Federal tax will account for about \$994,000 of this sum, and increased car ownership and greater motor travel will boost State tax collections about \$1,076,000, he said.

The "enormous increase" in gasoline tax money paid to Federal and State governments should focus attention on the question of giving some form of relief in the way of lower State gasoline taxes, he said.

Bear Nearly Wrecks Policeman's Auto

STAUNTON—A 200-pound bear almost caused Staunton Policeman Carol R. Doome to wreck his automobile while on a pleasure trip Sunday afternoon with members of his family.

As Doome was driving through Brattons Run, Bath County, the bear dashed from underbrush into the side of the car, and it was only with great difficulty that the policeman was able to keep the vehicle on the highway. The bear was stunned momentarily by the impact, and rolled down the embankment. By the time Doome brought his car to a stop and returned to the scene of the collision, the bear had disappeared.

Army Inducts First Nurse

Miss Agnes C. Rosele, 24-year-old graduate nurse of Washington city is the first Red Cross nurse in the nation called for active duty in the Army Nurse Corps under the expansion recently authorized in the military forces.

Miss Rosele is the first of 4,019 Red Cross nurses who will have been added to the Army Nurse Corps by July, 1941. She graduated from the Emergency Hospital School of Nursing here in 1939, and is a member of the First Reserve of the American Red Cross Nursing Service. She was born in Dayton, Ohio.

After taking oath, administered by an Army officer, Miss Rosele was congratulated by Miss Mary Beard, national director of Red Cross Nursing Services, as being the first Red Cross nurse to sign up for active duty under the Army's program for national defense. Miss Beard urged all qualified nurses in the country to enroll in the First Reserve of Red Cross nurses.

The oath of Allegiance, the same required of the President of the United States or any other Government worker, was administered by Captain James L. Murchison, adjutant of the Walter Reed Hospital, Washington, D. C.

More than 17,000 registered now belong to the First Reserve of Red Cross nurses. Enrollment signifies willingness to serve with the Army or Navy during national emergencies or with the Red Cross at the scene of disaster. To qualify for the First Reserve a nurse must be unmarried, between 21 and 40 years old, graduate of an accredited nursing school, member of the American Nurses' Association and pass a physical examination.

Of the 4,019 nurses to be called to active duty in the Corps by next July, tentative plans are that 1,255 will be required by December 15, 1940. These requirements by Army Corps Areas are: First, 139; Second, 174; Third, 128; Fourth, 147; Fifth, 115; Sixth, 121; Seventh, 153; Eighth, 121; Ninth, 127; Hawaii, 10; and Puerto Rico, 20.

NANCY KELLY, JON HALL IN 'SAILOR'S LADY', HIT NEW HIGH IN COMEDY

There's rollicking entertainment ahead, so clear all decks for fun! The season's heaviest cargo of laughter with a comedy cast playing a riotous love story for all its worth, arrived Wednesday, October 23 at the Pitts Theatre, when "Sailor's Lady", starring Nancy Kelly and Jon Hall.

From start to finish, producer Sol M. Wurtzel has set a full-steam-ahead pace which will delight screen fans. Speedy action, romance ashore and fun afloat, have been blended skillfully into a refreshing entertainment treat.

Other fun-makers in the great 20th Century-Fox cast are: Joan Davis, Dana Andrews, Mary Nash, Larry Crabbe, Katharine Aldridge, Harry Shannon, Wally Vernon and "Skipper", the cutest sailor you ever saw!

After sailor Jon Hall and his sweetheart, Nancy Kelly, obtain their wedding license, Hall discovers that she has adopted a baby, "Skipper" (Bruce Hampton) and then the hilarity really gets under way. A spinster neighbor, (Mary Nash) who feels Nancy incapable of caring for the baby, brings her to court. There the objections are withdrawn when Nancy and Jon promise to marry.

But, on the way home Jon is picked up by a Shore Patrol for using another sailor's liberty card, Nancy, posing as Jon's wife, pleads with the ship's captain to be lenient with Jon.

The captain in turn promotes Jon and upon the latter's return to shore he and Sally give a party in honor of the spinster neighbor to convince her they will make good parents for "Skipper". However, Jon's glib friends, intent on keeping him in the Navy, incite a fight at the party. The spinster leaves, convinced that Nancy and Jon are not fit parents for the baby. Then, after a quarrel, Jon leaves Nancy and returns to his ship.

In an effort to keep the juvenile society from taking custody of "Skipper", Nancy smuggles him aboard Jon's ship and leaves him there. She is arrested on shore but refuses to reveal where she left the child.

In the meantime, the Navy, with the stowaway aboard the flagship, is off for maneuvers. Side-splitting laughter ensues with the comedy reaching hilarious proportions as the baby scuttles the Navy's war games... all for love of course.

With the whole Navy agog, "Sailor's Lady" smashes through to a riotous and unexpected climax that will keep you holding on to the edge of your seat. Allan Dwan directed

from a screen play by Frederick Hazlitt Brennan for which Lou Breslow and Owen Francis wrote additional dialogue. The original story was written by Frank Wead.

China to Get Additional Aid

Continuing its relief measures for the victims of hostilities in China, the American Red Cross announced here that arrangements have been completed for the shipment of large quantities of drugs, clothing material and other relief supplies. Chairman Norman H. Davis stated that purchases of such supplies now are being made in the United States with the exception of quinine which will be bought in the Dutch East Indies.

Superior of the Red Cross relief operation in China will be by an American Red Cross Advisory Committee, of which the American Ambassador to China, Mr. Nelson T. Johnson is honorary chairman, and Major Arthur Bassett, an outstanding American businessman in Shanghai, is chairman. Members of the committee are representative Americans now resident in China.

Careers in Engineering

By Rufus T. Strickland
Dean, Indiana Institute of Technology
Correspondence School

MANY professional engineers believe that the increase in the number of graduate engineers from 2,000 in 1890 to 150,000 in 1930 means an overcrowding of the profession. Such an opinion, no doubt, has been influenced by employment conditions.

There are many other engineers who feel that the training of highly skilled engineers will contribute much toward curing some of our economic ills. Certainly if the term "engineering" includes the technicians, the laboratory workers and the junior engineers, there always will be sufficient openings for engineering graduates.

The achievements of present-day engineering will appear as interesting experiments compared to many accomplishments that lie ahead. More efficient harnessing of power, improved transportation on land, sea and in the air, universal communication and free exchange of scientific knowledge, exploitation of raw materials, a more sympathetic approach to all the problems of modern life—these and many others are the problems which will keep thousands of engineers busy for years to come.

New applications of scientific knowledge are continually developing. The more we know about the forces and materials of nature, the better chance we have to use them in some manner beneficial to the human race.

Phone Users Transform Directories Into Filing Cabinets And Banks

Money, Receipts, Bills And Important Papers Often Left In Books And Forgotten

A telephone directory may be just a telephone directory when it's delivered to a subscriber but when the time comes to replace it with a new one it may be anything from a filing cabinet to a bank.

The transformation of a book full of telephone numbers into a filing cabinet or a depository for money sounds unusual but those on the "inside"—the men responsible for publishing your directories—can back up that statement with actual cases.

For instance, there's the physician who returned home and found new telephone books in place of his old ones. Greatly disturbed, he called the directory department of one of the Chesapeake and Potomac Telephone Companies. A few questions brought out the reason for all the excitement. It seems the doctor had been using his telephone books as a filing cabinet for the case histories of his patients. All the valuable information about a patient was pasted under that patient's name in the telephone book. When the doctor ran out of space he started on another directory. Now his directories were gone along with his case histories. But prompt action by the directory department got results. The truck which gathered directories in the area around the doctor's residence was called in—the directories were unbundled and after a long search the books with the case histories were recovered much to the physician's amazement and satisfaction.

Not all cases have such happy endings, however. Take for example the junk dealer who used his directory

as a depository for bills, receipts and confidential papers. In his absence the book was picked up and a new directory left in its place. A hurried call to the directory department got the experts on the trail, but a protracted search through some 1,500 books failed to uncover the right one and a sad but wiser telephone user went home resolved to change his filing system.

Directory officials of the C. and P. companies report that many subscribers leave money in their telephone books. One woman always deposited a dollar of each week's pay in her directory with which to pay her telephone bill at the end of the month. Her old directory was collected one day and with it two dollars she had saved toward payment of her bill. A search through discarded books proved fruitless.

Still another subscriber called the directory department to report the disappearance of a five dollar bill in her old telephone book. Again a thorough search was launched only to be interrupted by a second call from the subscriber who confessed she had found the five dollar bill the day before, but had forgotten to notify the weary searchers.

These incidents, according to directory officials, are just a few on record. Most of them happen in the larger cities where new directories are delivered and old ones collected by delivery crews. Some cases are humorous, some tragic. But all of them seem to bear out the statement that "telephone books make poor filing cabinets and banks."

Defense Vocational Program Ahead of World War Plan

Federally-aided vocational schools in two months of 1940 trained 30,000 more persons than they did in 17 months under World War-time pressure, according to the U. S. Office of Education. During the whole period of the last war 125 centers were established and 61,000 men were trained. Already in the first two months of the present emergency plan, 462 training centers have been established and over 92,000 persons trained. And as against the few teachers of trade and industrial courses available in 1917, there is functioning today a regular staff of more than 7,000 teachers with many more in reserve.

Before our entry into the World War, orders from the Allies had enabled industries to recruit and train workers. After our entry, colleges and universities established training centers and so-called "vestibule schools" were set up by industries. Government contracts providing for an extra charge for the maintenance of these schools. There is every reason to believe, says the Office of Education, that a higher quality of instruction at a much lower cost to the Government and with much less interruption of production processes can be provided in the present emergency by our wide-spread system of
