JOURNAL PRINTER KILLED BY TRAIN

Had Been Popular Resident Of
Town For Years

Thomas Franklin Zimmermann, son of Mr. and Mrs. Byron Zimmermann, of Washington, D. C., and a valued employee of the Journal for the past several years met sudden death on Sunday forenoon in a most tragic manner.

From varying accounts it appears that in company with Mr. Roger Cross they had been down to inspect the new power plant and were returning toward their respective homes when the latter heard a train and signaled Zimmermann and ran on ahead with both young men in pursuit of a pet dog.

Mr. Cross recovered the animal, and turned away from the tracks, nodding toward the approaching train which he heard in the distance.

Apparently young Zimmermann either did not observe his motion, or merely took the nod for a pleasant gesture of some sort, and continued his course, using the outer side of the south bound track.

It is stated that both trainmen and others motioned wildly to him without avail, and the engineer seemingly made no effort to stop until immediately upon the unfortunate youth. The force of the blow was sufficient, it is stated, to rip off his very shoes and socks.

The remains were removed to Baker's Funeral home until Monday afternoon when they were taken to Washington for the funeral ceremony and cremation.

The entire town has been most sympathetic in its attitude, and both his family and his employers feel very grateful. It is reported that another tragic angle to the affair is the fact that he was to have been married at Christmas time.

Surviving the deceased are besides his parents, his brother, Woodrow Zimmermann, also an employee of the Journal, another brother, Kenneth, who attends school in Washington and resides with his parents there.

A number of his friends went to Washington on Tuesday evening and paid the final honors to the dead lad. The funeral wreaths were numerous and beautiful.

Attending from Manassas:

Miss Sarah Margaret Senseney, Miss Mary Senseney, Miss Dorothy Rollins, Miss Letha Foster, Mrs. Ernest Spittler, Mr. Ernest Spittler, Jr., Mr. and Mrs. J. Dennis Baker, Mr. Worth H. Storke, Mr. Roy Rundaue, Mrs. Lacie Mullins, Mr. Lacie Mullins and Mr. Patrick J. Murphy from Manassas Journal.

ZIMMERMANN FUNERAL

Funeral services for Thomas Franklin Zimmermann, ex-'42, who was killed while walking on the railroad right-of-way at Manassas, Virginia, where he was employed as a printer, were held in the Lee Funeral Home in Washington, D. C., Tuesday evening, December 4. The body was cremated.

The youth, son of Mr. and Mrs. Byron Zimmermann of 10 Kendall Green, was employed as a printer for the Manassas Journal. At the time of the accident he was walking on the tracks slightly in advance of two companions, and evidently failed to notice the approach of the train until it was too late to avoid being struck.

The simple and impressive rites which characterized the funeral were assisted by several members of the Gallaudet College faculty, alumni, and undergraduate student body. Professor Harley D. Drake, assisted orally by Dr. Percival Hall, recited the Lords Prayer and recounted a brief history of the deceased. Mrs. Roy J. Stewart, and Miss Vinona Long, with Miss Lorraine Frater and Dr. Hall interpreting, rendered several fitting and touching poems in signs. Surviving besides his parents are two brothers, Kenneth of this city, and Woodrow of Manassas.

Thomas F. Zimmermann was born and raised in the city of Washington, and attended the Kendall School for the Deaf where he learned the printers trade. His education also included one year at Gallaudet College. Active in social activities and athletics, having played on the varsity basketball teams of both the Kendall School and Gallaudet, Thomas Zimmermann developed a likeable personality, and his untimely death leaves a host of shocked and saddened friends.

WOULD SAVE STATE'S LARGEST TREES

The Virginia Forest Service is cooperating with the American Forestry Association in a movement which the latter is sponsoring to locate and preserve the largest specimens of American trees. It is hoped to discover not only the largest trees in the nation but in the individual states as well.

This movement will appeal to all public spirited citizens. Each community will want to be certain that no trees of outstanding size in the neighborhood escape consideration. To this end all persons who know of a tree of unusual size are requested to report the location, ownership, species and approximate size to F. C. Pederson, State Forester, Box 1368, University Station, Charlottesville, Va. Who will later check on the data submitted and forward the necessary information concerning their largest-trees found as the result of this proposed survey to the sponsor for the nationwide movement.

LAYMEN HEAR SEMINARY DEAN

On Monday evening approximately one hundred and eighty members of the Laymen's League of Northern Virginia and visitors assembled at the Fireman's Hall, Cherrydale as the guests of Epiphany church and its Rector, Rev. Webster Horstman.

After a splendid turkey dinner was served by the young ladies of the congregation, Bishop Goodwin, of the Virginia Diocese, made a short talk of congratulatory nature to the laymen present, and introduced Rev. A. C. Zabriskie, who succeeded Dean Rollins who retired as head of the Theological Seminary last Spring.

Dr. Zabriskie gave a very enlightening talk on the history of the Seminary since its establishment in 1833. He paid especial honors to the Confederate leaders who established religious centers in the camps, particularly in the winter of 1862-63 when the work of the Theological Seminary again sprang up with candidates who previously been Confederate officers.

Group singing was indulged in with Mr. Walter Oliver at the piano and Mr. George Robey leading. Bishop Goodwin referred to this singing in his brief talk, and was highly complimentary.

Chairman W. Frank Humme, of St. Timothy's, Herndon (Upper Truro Parish) presided. A rising vote of thanks was given to the fair sex at his suggestion for the evening's entertainment.

U. D. C. ANNOUNCES ESSAY PRIZES

Chapter Discusses Hospitalization During War

Mrs. Dennis Baker and Mrs. Marshall Douglass were hostesses yesterday afternoon to the Manassas U. D. C. Chapter at Mrs. Baker's home on West Street. The president, Mrs. McDuff Green called the meeting to order, the usual opening exercises followed.

The historical subject was "Hospitalization of 1861-1865". Several members spoke informally of local hospitals or homes used as such. Mrs. T. J. Ashford related a story of romance in connection with a hospital at Bristow in which Miss "Pink" Lipscomb nursed back to health a Northern soldier, who after the close of the War came back to claim Miss Lipscomb as his bride. The young couple went West to live in Colorado; a happy sequel to a war romance.

Mrs. Douglass spoke of a large brick hotel known in years past as "Blue Ridge Hotel" at Standardsville, Va., being used as a hospital and of General Ewell's encampment at Swift Run Gap.

Mrs. E. H. Hibbs selected for her subject, the several places near the Manassas Battlefield; Sudley Church, where her great grandmother, Mrs. Anna Bolling Ratcliffe Thornton, who nursed the soldier lads wounded in battles; of Pittsylvania, a Carter place where all the beds were occupied and pallets were made on the floor for the wounded and dying; of the Chinn House or Hazel Plains, where an old well was filled with amputated limbs and afterwards covered with stone; of the large Sudley House around, which lingers the unique story of the Benson family.

Perhaps the most interesting was related of "Effingham" by Mrs. McDuff Green. displayed a handsome silver cup inscribed "T. C. W. to Miss H. E. H. Kindness to sick soldiers 1861". The cup was sent to Miss Harriet Howison of Effingham by a Northern Soldier but no one now can interpret "T. C. W.". Miss Howison later became Mrs. Love.

Mrs. R. L. Byrd announced the following prizes for essays offered by the Virginia Division, U. D. C. in the schools of the State.

(1) To Seniors in High Schools. \$10.00 for the best paper on Admiral Semmes.

\$5.00 for the second best on this subject.

(2) To Juniors in High Schools. \$10.00 for best paper on Major Gen. J. E. B. Stuart.

\$5.00 for second best paper on this subject.

(3) In Grade Schools-Seventh Grade. \$5.00 for best paper on "Mrs. Robert E. Lee".

Copies of General Lee's picture for second and third best papers.

(4) Sixth Grade. \$5.00 for best paper on "My Favorite Confederate Hero".

Picture of the hero chosen as subject will be given for second and third best papers.

The Manassas Chapter augments this offer by a cash prize of \$2.50 to each section named above except the seventh grade to which is awarded the Sinclair Memorial Prize.

On recommendation of Mrs. C. R. Johnson, the chapter voted to purchase a copy of "Mrs. Robert E. Lee" to place in library supplementing copy already on shelf as reference books for seventh grade teachers.

The registrar Mrs. B. F. Knox was authorized to order eight sets of membership papers. The treasurer, Mrs. G. G. Allen gave a report on financial status and made request for all members to pay dues promptly in January. Mrs. N. K. Middleton sent in report of correspondence.

REMEMBER ME
(Dedicated to Tommy Zimmermann)
"Remember me", I sighed, when Fall was stripping
The brightest leaves from wayside bush and tree
And, numb at heart, I could but watch you slipping
Away from me.

We who have loved life's gay and sunny weather,
And shared love's every mood and joy of earth,
Are facing, hand in hand and still together,
Our last of mirth.

Now I, the desolated, I, the lonely,
Stunned by the long grey stretch of years to be,
Could through the moment's darkness whisper only:
"Remember me".
I have remembered, I have held unbroken
The living faith in which you fell asleep,
Taking into your dreams of love one token—
My heart to keep.

Now it comes back—this radiant December—
And you beyond those distant miles from me
That I have yet to cross—oh, still remember,
Remember me!

AGED MINISTER — PIONEER PASSES AWAY IN MINNEAPOLIS

William Byron Winslow, son of John and Deborah Judkins Winslow, died at the home of his daughter, Mrs. D. C. Hair, 3533 Girard Ave. So., Minneapolis, Minnesota, Friday, November 29, 1940, at the age of 96 years, 11 months and 26 days.

Mr. Winslow was born December 3, 1843, in Lamoll Township, Lamoll County, Vermont.

William Byron Winslow served for the duration of the War Between the States. He enlisted at Fox Lake, Wisconsin, the Fall of '61, and served with the 14th Wisconsin Regiment-Company D. He did guard duty at the Bull Pen at Madison, Wisconsin on a New Year's night which at that time was the coldest ever known in the State of Wisconsin. At the close of the War Between the States, William Byron Winslow was a victim of dysentery at Fort Scott, in Kansas. As soon as he was able, he returned to his home in Wisconsin.

October 20, 1867, he married Mary Elizabeth Lewis, daughter of Samuel and Sarah Brown Lewis at Sun Prairie, Wisconsin with the Reverend Sewall of that city performing the marriage ceremony. His wife, Mary Elizabeth Lewis Winslow, who was born October 9, 1843, Union, Dane County, Wisconsin, passed away December 31, 1938, at the home of her daughter, with whom she and the Reverend Winslow had made their home since 1928.

For many years, William Winslow was Justice of Peace at Bailey, Iowa. Later he returned to Wisconsin to organize Sunday Schools. In 1909, he moved to the State of Virginia, where as a circuit preacher of the Southern Methodist Church, he took up his permanent residence at Manassas, Virginia, at which place he resided until 1928 when he came to live in Minneapolis.

Mr. Winslow's oldest daughter, Mrs. J. L. (May Inza Winslow) Nelson, Dickinson, North Dakota, passed away on November 18, 1940.

Surviving Reverend Winslow is the daughter with whom he made his home, Mrs. D. C. Hair, 3533 Girard Ave. So., Minneapolis; a son, Verline Winslow of Saron, Wisconsin; four grand-children, Dale Hair, 2896 James Ave. So., Minneapolis; John Afton Nelson, Dickinson, North Dakota; Floyd A. Nelson, Mount Pleasant, Iowa; V. L. Chandler, Manassas, Virginia; and three grand-daughters, Mrs. D. B. Eltes, 1257 Hampshire, Detroit, Michigan; Mrs. John Smole, Dickinson, North Dakota; Mrs. Ben Delaney, Portland, Oregon; seventeen great, grandchildren, and one great, great grandchild.

The funeral will be held from the Methodist Episcopal Church at Saron, Wisconsin—the church which was founded by Mr. Winslow's daughter, the late Neva E. Winslow Chandler. Services will be held at 2:30 p. m. on Monday, December 2, 1940, with the Reverend F. J. Smith officiating. Interment will be held in the Saron Cemetery, Saron, Wisconsin.

CHRISTIAN SCIENCE

"God the Only Cause and Creator" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, December 8.

The Golden Text will be "Every house is builded by some man; but he that built all things is God" (Hebr. 3:4).

Among the citation which comprise the Lesson-Sermon is the following from the Bible: "All thy works shall praise thee, O Lord; and thy saints shall bless thee. They shall speak of the glory of thy kingdom, and talk of thy power; To make known to the sons of men his mighty acts, and the glorious majesty of his kingdom" (Psa. 145:10-12).

The Lesson-Sermon also includes the following passage from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is generally conceded that God is Father, eternal, self-created, infinite. If this is so, the forever Father must have had children prior to Adam. The great I AM made all 'that was made'. Hence man and the spiritual universe coexist with God" (p. 267).

AMERICAN YOUTH CORRESPONDENCE CLUB

by William B. Wood

I have organized an American Youth Correspondence Club for the youth of our great country. I feel that in this critical time it is important for the Mr. and Mrs. America of tomorrow to form their opinions and exchange their ideas. It will help them to learn more of the problems of life and fit them for better American citizens.

The first step I took was to ask the advice of Mrs. Troy Northcross, author of "The Clearing House for all Problems, which is sponsored by the Washington-Times-Herald. She is very readily agreed and published my letter in her column last week. I have received quite a number of interesting letters from young people in Eastern America.

In order to become a member you simply write a letter with this salutation, "My American Friend", write a letter describing yourself, your hobbies, sports and anything at interest. Enclose self addressed, stamped,

envelopes. Mail both letter and addressed envelope within another envelope to William B. Wood, Nokesville, Va. I will put your letter in someone else envelope and their in your envelope and mail. Then, you and your newly acquainted friend will meet. Later on I hope we will be able to have club pins made. Here's hoping I have a rapid response and more interesting letters to exchange.

I Like This Book

One of a series of book reviews by students of Osborn High School, Manassas. Session 1940-41 in competition for the W. C. Wagoner Memorial Prize.

MADAME CURIE

One of the most interesting books I have ever read, "Madame Curie", was written by her daughter, Eve Curie, and published by the Doubleday and Doran Company in 1938.

One does not have to be interested in physics or science, to enjoy this book because it not only magically unfolds the mysteries of Radium, but it tells the story of a great woman—great because she was a simple person as well as a genius.

In her childhood there was nothing to hint of "Manya's" (this is what her Polish family called her) rare gifts except a remarkable memory.

After a normal childhood and adolescence, Madame Curie entered the Sorbonne in Paris. This marked the beginning of a great scientific career.

At the Sorbonne she met and married the quiet and gifted Pierre Curie. Ignoring hardships, they worked together to give the world one of the greatest elements known to man, Radium. After a tragic death cut short the career of her brilliant husband, Marie not only carried on their research work, but she also took

over Pierre's professorship at the Sorbonne, and by doing this, she became the first woman ever to enter the teaching staff of the great University of Paris.

Madame Curie lived a simple life, even after she had acquired renown. Always an ardent lover of sports, she was an expert swimmer, and in the sixty-fifth year of her life, she learned to ski. She was loved at the Sorbonne because she took a personal interest in each student and his problem.

There are no dull passages in this book and each page seems better than the last. Whether you're interested in chemistry or just in reading about an unforgettable character, I'm sure you will like this biography.

This book may be borrowed from the Ruffner-Carnegie Library.

CATHARPIN

The young people of the Farrington Union will hold their December meeting at Sudley Church, Thursday evening, December 5th, at 7:30.

The Parent-Teacher Association of Gainesville District will plant a tree on the lawn of the graded school in memory of our former Supt. of schools, the late Dr. Henry M. Clarkson. The services will be held at 2 p. m., Friday, Dec. 6, 1940.

All teachers, who served under Dr. Clarkson, are invited to be guests of honor, and the entire public is most cordially invited to be present.

The Woman's Society of Christian Service will hold the December meeting, Wednesday afternoon, Dec. 11, at 1:30 at the home of Mrs. George Ayres.

The Hickory Grove Home Demonstration Club was delightfully entertained at the home of Mrs. Walter Gardner for the November meeting. The sleet and storm outdoors made her hospitable home seem all the more cozy. Quilt patterns were exchanged, and discussions concerning quilting were made. Plans were made to assist our hostess to complete a lovely old fashioned quilt which was pieced about three generations ago. Pottery was painted and finished with shellac, a very delicious plate luncheon was served to members and several congenial guests, among whom were Mrs. Murray, Mrs. Powell and Mrs. Owens.

Plans were made for the December meeting which will be held at the home of Mrs. Jack Hunt, Monday afternoon, Dec. 9, at 1:30 o'clock.

Mr. and Mrs. Walter Polen visited their sister, Mrs. Lelia Akers Sunday. Other guests at "Rock Hill" were Mrs. Etta Lynn, Mr. and Mrs. Wade Akers and family.

Mr. and Mrs. Leonard Senseney of Falls Church spent the week end with their brother and sister-in-law, Mr. and Mrs. Ellsworth Senseney.

Misses Harriett and Bertha Pattie visited their parents, Mr. and Mrs. L. J. Pattie last week end.

Little Misses Frances Hoffman and Cynthia Pattie spent a recent week end in Washington as the guests of Miss Patricia Briggs, the occasion being arranged in honor of the birthdays of the three girls.

Mr. Harvey A. Fetzer, a native of Washington, D. C., and former resident of this community, arrived at Catharpin last Wednesday after a six days' trip from Fort Peck, Montana, where, for the past six years, he has been employed in the laboratories of the Army Engineers. Mr. Fetzer will leave January 2, for Panama, where he will be employed in building the bombproof locks which our government plans to erect for the defense of our Panama Canal.

STELLAR CAST IN BOOM TOWN

Presenting one of the greatest all-star casts in the history of motion pictures, and utilizing this billion-dollar talent in a story that is built for fast action and thrills, "Boom Town" opens next Thursday and Friday, December 12 and 13, at the Pitts Theatre for an engagement of two days as one of the most thrilling and spectacular productions to come out of Hollywood in some time.

With Clark Gable, Spencer Tracy, Claudette Colbert and Hedy Lamarr in stellar roles, "Boom Town" surpasses in star names even that former "greatest of thrill pictures", the air epic "Test Pilot" which had Gable, Tracy, Myrna Loy and Lionel Barrymore at the head of the cast.

The support cast of the picture is as distinguished as its stars, including such well-known names as Frank Morgan, Lionel Atwill, Chill Wills, Marion Martin and Minna Gombell, with lesser roles played by Joe Yule, Horace Murphy, Roy Gordon, Richard Lane, Casey Johnson, Baby Quinlan, George Lessey, Sara Haden, Frank Orth, Frank McGlynn, sr., and Curt Bois.

These players join hands in presenting a thrill-packed human-interest story which shows Gable and Tracy in a total of five fights, one of which is a terrific battle between themselves, the frantic fight to blast out a roaring oil well fire, gushers tearing upward with mighty roars, a spouting water geyser, Gable on a bucking mule, a dive into a sea of mud by Gable and Tracy to escape the bullets of two gun fighters, a fight between two dance hall girls, a dramatic hold-up of a load of oil equipments, in addition to comedy by Morgan, Wills and Miss Gombell and even the songs of the men who spud in for oil.

Through a heart-tugging story of two men who are friends through all the heartaches and victories of oilmen runs a cavalcade of the oil business, with a brief history of its intense thrills. In the picture, Gable and Tracy form a partnership which exists even after Gable marries Miss Colbert, Tracy's sweetheart. It breaks dramatically and is reunited just as dynamically when Tracy evolved a startling plan to break up Gable's affair with lovely Hedy Lamarr and send him back to Miss Colbert.

The picture, which was three months in the making and took filming units to more than thirty location sites, was directed by Jack Conway, maker of such thrill pictures as "Too Hot to Handle", "Libeled Lady" and "Viva Villa!"

JUDGE SMITH'S NEW BILL

The whole nation is again indebted to Hon. Howard W. Smith for distinguished service in Congress in the interest of National security. Judge Smith has already become an outstanding figure in the House of Representatives in securing effective legislation to protect America from the subversive activities of Communism. His disclosure of the unfair practices of the National Labor Relations Board has already initiated reforms which will no doubt proceed at an accelerating rate, and his measure compelling the finger-printing and registration of aliens was one of the most important accomplishments of the present Administration—even if actually obstructed in accomplishment by a leadership which sought unsuccessfully to "purge" and punish Judge Smith for his forthright insistence upon controlling subversive activities.

Judge Smith has now introduced a bill which immediately received the popular approval which its provisions merit. By its terms a thirty day notice would be required either from employers or laborers if the existing wage scale is to be changed. No strike would thus be possible in a plant working on Defense materials without this period for adjustment. If at the end of thirty days neither side would listen to arbitration proposals the fact would be reported to the President by the conciliators and if either or both sides refused the adjustment proposals the President would proclaim the fact, thus subjecting those at fault to public contempt.

The Smith Bill would also

PITTS TO SHOW "NO TIME FOR COMEDY"

A film replete with sprightly dialogue, fine acting and delightfully humorous situations will make its local bow on Monday and Tuesday, December 9-10 when Warner Bros. "No Time For Comedy," opens at the Pitts Theatre.

The picture stars two of moviegoers' most popular players, James Stewart and Rosalind Russell. Stewart plays the part of a country playwright who comes to the big town and startles everyone by writing so understandingly of the "Park Avenue crowd." Rosalind Russell, in the role of a successful stage actress who plays leads in Stewart's plays, learns of his formula for writing hit plays. He claims that people are fundamentally alike whether they come from Squeedunk or New York and that they would probably react the same in any situation. He gets out of his element however when he allows the wife of a millionaire, played by Genevieve Tobin, to persuade him to write a play about a world torn by strife and struggle.

"No Time For Comedy" was one of last season's greatest Broadway stage hits. The play was written by S. N. Behrman, whose long list of successful plays is unbeatable. Julius J. and Philip G. Epstein, two of the cleverest screen writers in Hollywood, captured all of its scintillating spirit when they adapted it to the screen.

Genevieve Tobin, Charles Ruggles, Allyn Joslyn, Clarence Kolb and Louise Beavers make up the talented array of supporting players. William Keighley directed "No Time For Comedy," the year's gayest comedy.

IN MEMORIAM

Gone, dear son and brother, never to return, but not forgotten. Just one month ago today, November 29th, 1940.

Our dear son and brother, Willie LeRoy Russell was called from his earthly home to that bright and beautiful home above where he will know no more sorrow, pain nor death, but have a resting place with his dear Savior.

Oh, how our hearts have been saddened, since "our loved one" passed away.

But it was God who hath bereft us. He doeth all things well.

The last farewell, has been spoken. Our family circle broken, When our loved one, passed away Oh, the memory of that evening

Seeing the one, we loved so dearly Pierced by deaths, most cruel dart, Farewell, dear son and brother, is a cruel word.

Which thrills through every heart, But it is the will of God That dearest ones must part. A precious one, from us has gone A voice we loved so well, is stilled A place is vacant, in our home Which never can be filled.

This devoted mother, father, sisters and brothers.

NOKESVILLE

On Saturday night, November 30, a shower was given for Mr. and Mrs. Philip Reading of Washington, D. C. by Miss Ruth Hooker at the home of Mr. and Mrs. J. W. Harpine.

The bride and groom received many very lovely and useful gifts from their many well-wishing friends. After opening the gifts, Mrs. Reading cut a very lovely cake and the guests were served delicious refreshments.

A large crowd attended the P. T. A. on Tuesday night and evening though both business and program was to lengthen many expressed their appreciation. It was surprising indeed the response the committee had in asking for music, which we think shows fine co-operating in the league work.

Mr. and Mrs. Perry Knapp of Washington, D. C., spent last week with Mr. and Mrs. J. C. Snider.

Mrs. Harry Miller spent several days in Washington, D. C. last week. Mrs. A. O. McLearn is returning home this week after spending a month in the Alexandria hospital. Sidney McLearn has been visiting his parents for several weeks but is planning to return to his work in Hawaii on the 10th.

PERPETUAL MOTION AND THE BODY

"Ingeniously faked mechanisms from time to time have been exhibited as perpetual motion machines. But perpetual motion remains elusive as ever. Nevertheless, the attitude assumed by many individuals toward the workings of their bodies justifies the impression that they believe perpetual motion to be an accomplished physical fact," states Dr. I. C. Riggan, State Health Commissioner.

"Interested in keeping in tip-top condition the various contrivances that have become a part of their daily lives, these persons regularly subject them to good care, inspection, and repair when needed. However, so far as the extra smooth running of their bodily machine goes, neglect of best operating conditions and disregard of inspection and check-up appear to be the general rule. It is little wonder, then, that the body after a continuous grind of forty, fifty or sixty years can be affected by this indifference, with serious illness and premature death sometimes resulting. The thoughtless middle-aged or older person relying on pain to indicate the presence of trouble and living with a comparative disregard for the best hygienic principles thus is often penalized.

"The body never takes a holiday. It is always on the job, frequently under sustained adverse circumstances. Therefore, irrespective of how well the body performs or how healthy it looks, after a thirty-five, forty or fifty-year stretch there can be the beginning of something serious of which its possessor entirely is unaware. This does not necessarily mean that the body actually is out of gear and that trouble already has developed. But the possibility exists. It is unconcern toward this possibility that creates some of the life-shortening conditions for those of middle-aged and beyond.

"Therefore, adults should develop a reasonable interest in their physical welfare. Such an interest not only will include a rational living plan but a periodic consultation with the family physician. The physical examination that he will make at this time is a real safety-first procedure.

While the chances may be that nothing much out of the way, if anything will be discovered, it pays to be assured of this fact. Moreover, the opportunity thus is afforded to obtain excellent advice from the doctor on the art of continued healthy and happy living.

"On the otherhand, if an insidious disease be unmasked, time having been taken by the forelock, science is in a position effectively to work, and either root out or control the condition so that years, which otherwise would have been lost, will be attained.

"It cannot too strongly be stressed that the perpetual-motion psychology applied to the body is foolish, dangerous and conceivably can be deadly. Consequently it should be avoided."

EDUCATORS STUDY PUBLIC RELATIONS

On Friday, November 22nd, in the Roof Garden of the John Marshall Hotel, Richmond, Va., a Consultation Group on Public Relations was held. The consultant, Dr. Lyle Ashby, sec't. of Educational Press Association and Directors of American Education Week, brought out in his introduction that the object of the meeting was to show the public how the school is meeting everchanging conditions.

He stated "that every community has its own problems to face but there are many common ones. At the present these are ours.

First. The Present Defense Program and how it is affecting our curriculum, personnel and finance.

Second. Taxes and how, either to meet demands we must increase taxes, borrow on future finances or cut down services already in operation.

Third. Paying of the Defense Program.

Fourth. Dependence of schools on local revenues which are not ade-

quate. Fifth. Criticism of Public Education, Progressive Education and It's Cost.

Sixth. May forget the main importance of Education."

"All the people in schools are public relationists. We must co-operate with public to help with above problems. We also need the support of these tax payers to get our 3-Point Program through. With the above problems in view, and financial conditions as they are, we must best do with what we already have."

After stating these problems, Dr. Ashby gave the following ways for the school to help with the problems.

(1) Get a good taste for education.

(2) Improve education and well being, by doing a better job with money we now have, and making our school program as real to life as we can.

(3) Use more skillfully the technique of relationship.

(4) Capitalize on criticism by various people.

(5) Keep in touch with outside is-

Following Dr. Ashby's talk, Mr. P. R. Clarke, chairman, brought to the groups' attention the subjects, "How We Can Interpret Schools to the Public" and "How We Can Interpret the Public to the Schools"

After much discussion these were some of the suggestions given and discussed.

(A) Programs for P.T. A., and professional and business men visiting the schools.

(B) Teachers giving speeches at civic organizations and ones from organizations visiting schools and teachers' meetings.

(C) Personal contact to see the needs of the community and the schools' part in it.

(D) School used as a center of interest

(E) Reading Education Journals and Business Magazines

(F) Personal interest shown

This was the first meeting of its kind to be held at the yearly teachers' convention

It was motioned and voted to have another such meeting next year at the convention at which time more

Arrangers of these classics into modern tempo were Max Rabinowitch, who was formerly Chaliapin's accompanist and a concert pianist in his own right, and Ray Heindorf, who was recruited to the studio music staff hot from a swing band at the Coconut Grove. They are still good friends.

"New Pulsations" to Schubert, Mendelssohn, Liszt and Chopin have produced, according to Mr. Rabinowitch, "sophisticated swing." In orchestrating the arrangements, they have eliminated the brass entirely and have featured the strings and a harp. The latter is elegantly played by a young man with the technique of Harpo Marx. Other instruments are piano, BIG EGG
