## ANNUAL MEETING YOUNG DEMOCRATS

Mrs. Will Brower Named as President for Coming Year

The Prince William Young Democrats met at the Court House, Tuesday night, January 14, and elected the following officers for 1941:

President - Mrs. Will Brower of Gainesville.

1st Vice-President Mr. Ralph Cardin of Quantico.

2nd Vice-President Mr. Dudley Martin of Manassas.

3rd Vice-President Mr. Otho Fitzwater of Nokesville.

Secretary - Treasurer Miss Jane Lynn of Manassas.

Sergeant-at-Arms Mr. Allen Barbee of Manassas.

All of the officers were elected by unanimous vote. Mr. P. A. Lewis, the

out-going president, made a brief address to the club, thanking the members for their loyal support and expressing the hope that they would continue stand together and work hard, especially in view of the predicted turbulent times ahead. Mrs.

Brower made a short acceptance speech, in which she expressed her appreciation of the honor accorded her and promised to do her utmost as leader of the club for the current year.

Mr. Lewis called on the members to lend their support to the success of the President's Birthday Ball for the benefit of the Infantile Paralysis which will be held at the Manassas gymnasium on Friday, January 14, and he distributed a large number of tickets to be sold for the dance.

Following an announcement by the out-going secretary-treasurer, Miss Walter Conner, that their club is the largest in the state of Virginia, with a membership of 509, Mr. C. A. Sinclair, County Treasurer, presented cash prizes to the following members: Mrs. Will Brower, \$25.00; Miss Nancy Lynn, \$15.00; and Mrs. Nellie Purvis of Quantico, \$10.00. Mr. Sinclair, in presenting the prizes, stated that in recent years there have been a great many world-wide changes and it is a good idea to stop to consider how many advantages our citizenship in the United States affords. He reminded the members that citizens of many foreign countries do not enjoy the privilege of holding meetings such as the one assembled, or even the privilege of worshipping according to the dictates of their hearts, and that ordinary every-day privileges, which the people of the United States have, are denied them. He concluded with the remark that, "It is a great thing to hold citizenship in our country and to enjoy its privileges. I trust that we will never have to surrender them."

Mr. Lewis then introduced Mr. A. E. Jakeman, director of the Manassas State Vocational School. He opened his talk with an expression of gratitude to the Manassas people for the assistance and kindness shown the faculty and members of the school. He referred his audience back to the guild system several hundred years ago, he described the hardships endured by apprentices and outlined the history of crafts down through the ages to the present day. He said that today, through the National Youth Administration, there are 9,500 boys and girls who are taking part in work experience programs. Useful crafts are being taught them so that when they go out into the world they may make their own way. Mr. Jakeman stated that when he first inspected Swavely School it was most discouraging but that it was structurally sound and had great possibilities. With this thought in mind, forty or fifty boys were brought to the school to prepare it for use as dormitories and class rooms. Today there are 280 boys at the school and within about six weeks the student body will increase to 360. There

## THE NEW HOUSEKEEPER

## RESPONSIBILITY OF KIWANIS COMMITTEE WORK RECITED

The Kiwanis year really got under way when President Frank took over for his initial session. Sickness accounted for absence of three of the most faithful.

Dr. Harry Hemming, former lieutenant-governor of the Third District, Kiwanis International, was present as the guest of F. E. Hynson. He had as his topic the responsibility of Kiwanis committees.

The session really resembled a school of Kiwanis instruction, each committee reciting its duties, and all giving a pledge to President Frank to make 1941 another banner year.

Carol Winchester, former secretary of the Arlington Club, and his charming wife were present.

A gavel made of wood from the building which Past President Dave stated was "big enough to hold the U. S. Congress" was given to President Frank, Rev. John DeChant making the presentation on behalf of the donor, Mr. Arrington.

## MAYOR DAVIS ADDRESSES YOUNG WOMAN'S CLUB

The Junior Woman's Club met Thursday evening, January 9. The progressive dinner given by the club on New Year's Eve was reported as being a huge success. The chairman and the committee for the dinner were congratulated on making it such an enjoyable event.

The guest speaker for the evening was Hon. H. P. Davis, who gave a most instructive and interesting talk on various improvements of Manassas. He commended the club for its participation in the recent safety campaign. He pointed out that residents of the town do not realize the accomplishments so well as a stranger, but that Manassas has improved very much since the day of the one-horse shay. Mr. Davis praised the Manassas Vocational School and said it was a most noteworthy asset to the town. He expressed his whole-hearted approval of the economic survey now being carried on here. The survey is to be very thorough and will contain valuable data of the economic growth of Manassas.

Hostesses for the evening were Mrs. George Turberville, Mrs. Earl Hurst and Miss Virginia Hurst.

## WALTER HOLMES ROBERTSON

Death by pneumonia claimed one of the county's prominent citizens on Friday last when Walter H. Robertson, aged forty-eight, farmer banker and political leader died at his late home, Lawn Vale Farm, one of the best known old estates in upper Prince William.

Mr. Robertson had been ailing for about two weeks when things took a turn for the worst. His most recent public service had been as a member of the county selective service board.

Funeral services were held at the residence on Sunday afternoon. The Rev. W. F. Carpenter, officiating. Interment was in the graveyard of St. Paul's Church. Pallbearers were Messrs. L. L. Lynn, Tom Piery, Lud Lake, Ben McCarty, Jack Alvey, and Edward Dorsey. A large crowd of county officials and citizens of this and nearby counties were present to do honor to the deceased.

Mr. Robertson was born on October 22, 1892, the son of Thomas Bolling and Lillian Robertson. He spent his entire life in the county. He was an ardent farmer and used his influence for this good of his fellow workers. He was associated with St. Paul's Church since early youth and a vestryman for many years.

On January 24, 1917, he married Miss Frances L. Dorsey, daughter of Edward P. and Eliza Moore Dorsey, of Berryville. Of this union there are three daughters and one grandson: Mrs. John M. Piery, Jr., of Haymarket; Mrs. R. J. Billington, of Tampa, Fla.; and Miss Rita Robertson, at home.

He is also survived by his mother, Mrs. William McCarty, of Delaplane, Va., a sister, Mrs. Arthur Brashears, of Mount Vernon, N. Y., and one brother, Bolling Lynn Robertson, of Short Hills, N. J.

Mr. Robertson belonged to the old fashioned gentry of Northern Prince William and his untimely passing will be keenly regretted by those whom he served and those whom he loved. He was of a gentle nature that endeared him to many and the Journal joins with many others in extending sincere sympathy to the widow and other near of kin.

## CHRISTIAN SCIENCE

"Life" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, January 19.

The Golden Text will be "I will give unto him that is athirst of the fountain of the water of life freely. He that overcometh shall inherit all things; and I will be his God, and he shall be my son" (Rev. 21:6, 7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "They shall be abundantly satisfied with the fatness of thy house; and thou shalt make them drink of the river of thy pleasures. For with thee is the fountain of life: in thy light shall we see light" (Psa. 36:8, 9).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mortal man can never rise from the temporal debris of error, belief in sin, sickness, and death, until he learns that God is the only Life" (p. 289).

## BIBLE THOUGHT AND PRAYER

It parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in later years.

And they said, Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house.

—Acts 16:31.

## FOR LIFE OR DEATH

It is difficult for us to realize immediately that we are now actually engaged in a life and death struggle for the preservation of our Country. This situation is not of our making, but has been forced upon us by the success of Nazi Germany in overthrowing other democratic nations, none of whom sought war, but who were all invaded despite the most sacred promises to the contrary.

It is fortunate for us that we are privileged to make this fight, at least for a time, under circumstances not approaching actual war conditions with the attendant loss of life and property; but if we should now fail to accomplish President Roosevelt's determination to make the United States the arsenal of democracy, we will undoubtedly become obliged to write the last chapter of this fearful struggle in fire and blood.

There is really little difference between our basic situation than that of France preceding her downfall. We have all of the destructive and subversive influences gnawing at our vitals which finally effected the disintegration and easy conquest of that unfortunate country. Under various guises these fifth-column attacks continue with ever increasing momentum, and too often with actual encouragement, as in France, of the very government which is marked for slaughter.

The daylight designations of these fearful menaces to the success of our present national defense program are such slogans as "preserving our social gains", "protection of the right of collective bargaining in national defense industries", "redistribution of wealth", "preservation of constitutional liberties", "capitalistic favoritism of our courts", "retention of the forty-hour week", etc.

## BELL—EGGLESTON

The home of Mr. and Mrs. Marvin Perkins, Pleasant Valley, was the scene of a pretty wedding at 12 o'clock on Christmas Day, when Miss Vera Eggleston became the bride of Jesse M. Bell, of Manassas. The ceremony was performed by Rev. William H. Gray of Sterling in a setting of Christmas evergreens.

The bride was becomingly gowned in blue, with a blue hat and blue accessories. The marriage was witnessed by the bride's mother, Mrs. Joseph Eggleston of Washington, formerly of Lincoln, Loudoun County, her two sisters, Misses Sonia and Grayson Eggleston of Washington, her aunt and uncle, Mr. and Mrs. J. I. Lockhart of Pleasant Valley, Mrs. Camerson Head, and Mr. and Mrs. Marvin Perkins, with whom she had spent much of her time. After the wedding dinner Mr. and Mrs. Bell left for a short trip and are now at their home here.

Mr. and Mrs. Bell received many nice gifts. Refreshments were served and all departed wishing Mr. and Mrs. Bell many years of happiness.

## ENGAGEMENT ANNOUNCED

Mrs. Allen C. Harley announced the engagement of her niece, Miss Mary Senseney, to Mr. Everett L. Kline, son of Rev. and Mrs. J. M. Kline of Manassas. The wedding will take place in the summer.

## TO HONOR LILLIAN STEPHENS

The W. C. T. U. will observe Lillian Stephens' Day at its next meeting, January 22, at 2:30 p. m., at the home of Mrs. J. J. Murphy. The public is cordially invited to attend.

## cause of cold.

Mr. Richard Haydon, Miss Sue Ayres, Mrs. Ossie Tipton, Mrs. H. M. McCall and Mrs. Harry Dogan attended the regional meeting for Study and Discussion of Virginia Long Term Program of Education for National Security at Fredericksburg, Tuesday of this week. There were representatives attending this meeting from nineteen counties and three cities.

Miss Emma Ellen Ledman, night superintendent in a Washington Hospital, spent several days with her father, Mr. L. Ledman, who has been quite sick. We are very sorry to hear of Mr. Ledman's illness, and wish him a speedy recovery.

Dr. H. H. Hemming is ill with a cold at his home on Portner avenue.

Rev. and Mrs. John M. DeChant attended the meeting of Presbytery and Presbyterial at the New York ave. Presbyterian Church, Washington, D. C., on Monday.

The following were the recent pleasant callers at the Journal Office: Mr. M. C. Botts, Mr. C. L. Dove, Mr. G. G. Allen, Mr. M. C. Simpson, Mr. L. K. Lynn, Mrs. E. H. Hibbs, Mr. J. B. Coverstone, Mr. T. R. Bywaters, Mr. Frank Hoffman, Mr. O. O. Holler, Mr. S. F. Kindrick, Mrs. H. L. Hundly, Mr. T. M. Cook, Mr. J. C. Weaver, Mrs. J. F. Donovan, Mrs. V. Breeden, Mr. W. S. Browner, Mr. W. C. Reid, Mr. J. C. Posey, Mr. Joe Her-ring, Mrs. D. J. Martin, Mrs. Maurice Abel, Mrs. Mike Slovensky, Mr. J. H. Rexrode, Mrs. Eva Posey, Mrs. Ledia Thomas, Mr. R. B. Swart, Mr. R. B. Gossom, Mr. Edgar Rohr, Mr. Manard F. Walters, Mr. Albert A. Breeden, and Miss Katherine Hale.

It is difficult to see just how Mr. Roosevelt can be entirely successful in his defense program unless he takes effective measures to protect his own official organization from the kind of Fifth Column penetration which destroyed France. Possibly his vision is at times obscured by the closeness of his point of observation. In any event all patriotic citizens, throughout the nation, should join wholeheartedly in a gigantic effort to weed the Fifth Column out of the United States Government, for only in this way can we escape the fate of France.

## MRS. CHLOE E. L. HODGE

To the necessarily brief obituary notice that could be prepared in time for publication in the Journal last week, the many Manassas friends and former pupils of Mrs. Chloe E. L. Hodge would like to add a longer account of her life among us.

After her early years in Montreal, Canada and in London and Paris in which latter cities she obtained her fine musical education, Mrs. Hodge taught music and elocution for a number of years in Virginia, first in Abington and then in Manassas to which she came in 1907, after her marriage with Professor Templeton B. Hodge. Much of her teaching in Manassas was done at the high school, and at no time has the chorus work of the school been finer than under her skilled direction. Her finely artistic nature also found expression not only in the field of music, but as her friends will remember in a delight in beauty every where, in nature as well as in art.

Always socially inclined, Mrs. Hodge was also an active clubwoman, and in addition to her membership in the United Daughters of the Confederacy, she was a member of the Manassas Woman's Club and a charter member of the Bethlehem Good Housekeepers Club.

Failing health made her lead a secluded life for some years past, but many old friends will regard her passing with deep regret.

### FIREMEN CAGERS TO PLAY GARVIN'S GRILL

Garvin's Grill, one of the best  
teams in amateur circles in and  
around Washington will be the team to  
beat Wednesday night, January 22,  
when they visit Manassas to engage  
the local Fire Department five. Gar-  
vin's Grill, composed of former col-  
lege and high school stars, have been  
organized for quite a number of  
years and have always finished in  
the first division in the various lea-  
guet the have been playing in.

The firemen five having been vic-  
torious in two games in as many  
starts have an even chance to de-  
feat the hard playing leathers tos-  
sers from the district.

Monday night the firemen were  
hosts to the Department of Labor  
team which was no match for the  
smoke-eaters who quickly subdued  
them 49 to 17. The best game so  
far this year was with the fast sharp-  
shooting N. Y. A. School, but was  
finally nosed out by the firemen in  
the final minutes of play 39 to 37.  
This game changed lead five times  
throughout the game with both  
teams showing excellent sportsman-  
ship.

Any one hoping to enjoy themselves  
to one full hour of fast and furious  
entertainment should be on hand, Wed-  
nesday night, January 22, at 8 p. m.  
when the firemen turn the hose on  
Garvin's Grill.

DOG FOUND

FISHERIES COMMISSION  
STANDING PAT

The Commission of Fisheries will continue to issue commercial fishing licenses for four Potomac River tributaries whose jurisdiction has been in dispute "unless it is advised to the contrary by the Attorney General of Virginia". Commissioner of Fisheries G. Walter Mapp has announced.

Negotiations between the Fisheries Commission and the Commission of Game and Inland Fisheries over the waterways were terminated last week in Alexandria after several months of negotiations between the two Commissions and their representatives.

The tributaries, Occoquan Creek, Belmont Bay, Dogue Creek, and Gunston's Cove, have been under the jurisdiction of the Fisheries Commission for the past ten years. They were originally under the supervision of the Game Commission, which surrendered them. In recent months the Game body has sought to regain control of these and several other Tidewater tributaries and prohibit commercial fishing in them.

"It is the purpose of the Commission of Fisheries to issue licenses for the waters of these four bodies for 1941 as it issued them in 1940", Commissioner Mapp said. "In other areas licenses will be issued for use in accordance with an agreement reached between the two Commissions at a meeting, December 18, 1940, at Newport News".

Mapp and Commission Member Charles E. Stuart of Montross also attended last week a conference with Maryland Fisheries officers and representatives of the U. S. Fish and Wildlife Service and a hearing before the U. S. Tariff Commission in Washington to consider imposition of additional tariff on Japanese crab meat imported into the U. S.

At the meeting with the Marylanders, measures were discussed for publicizing Chesapeake Bay seafood and for enlarging the market demands for seafoods in the Chesapeake area. At the hearing before the tariff commission, they heard U. S. crabmeat producers advocate a duty to make up for the lower cost of producing

**PRESIDENT ROOSEVELT IN THE EYES OF HIS MOTHER**

Mrs. Sara Delano Roosevelt, 86-year-old mother of President Roosevelt, held only one great hope for her son during his childhood.

"My highest ideal for my son," she said, "was that he would grow up into a brave, honorable and kind American citizen. I hoped for more, but I asked God for no more."

Even at 86, Mrs. Roosevelt reads without glasses, hears well and eats heartily. She enjoys life and good health. Her story is intriguing, and it is told, through Mr. Halton, as only the proud mother of a great son could tell it.

The story of Mrs. Roosevelt, America's grand old lady, is told most interestingly by M. H. Halton in an illustrated article to be published in the feature section of The Washington Star on Sunday, January 19.

**BETHEL MERRIDAY**  
By Sinclair Lewis

This is a story of a young girl who wants to be a successful actress.

Bethel Merriday starts her career in the dramatics club of her high school. Miss Bickling, who was head of the dramatics club, urged Bethel to go to a dramatic school after she had finished high school. Bethel had a hard time persuading her parents to let her go, but finally she got their consent. Bethel went for three months to this school where she worked very hard and got along very well.

After Bethel had gone to school this long, she decided to look for a job, but jobs weren't as easy to find as she thought they would be.

While Bethel was looking for a job, she met Andrew Deacon, a young man whom she had met during her dramatic training and who now had a company of his own. Bethel asked Andrew Deacon for a part in the play, and he gave her a part in the play although it was small.

The play did a very good business, but after they had played for about three months, their business dropped. Andrew Deacon's money was almost gone and all of his actors and actresses had gone except Bethel.

Bethel had always loved Andrew, but he did not know that he loved her until this happened, and then he realized how much he loved her. They were married, and they were going to start all over in the play business.

This book was published by Doubleday, Doran and Company, Inc., New York City, 1930. It may be borrowed from the Manassas Public Library.

## DOES FORD PAY GOOD WAGES?

### HERE ARE SOME FACTS about Ford Labor.

During the year ended November 30th, 1940, the Ford Payroll throughout the United States averaged 113,628 hourly wage earners, not including office employees, students, or executives. They were paid \$183,105,639.12. On this basis, the average annual wage was \$1,619.65.

According to the latest available government figures, the annual average wage of all workers in employment covered by old age insurance law was \$841.00.

If the 45,000,000 workers of this country received the same average wage as Ford employees, they would have had additional wages of more than \$35,000,000,000, thus increasing the national income about 50%. Think what such an increase would mean to the workers of this country and to the American farmer, whose prices are based on the national income.

Wage scales in the Ford Rouge plants are divided into three classifications:

**Unskilled...**  
Minimum hiring wage . 75c per hour

**Semi-skilled...**  
Minimum hiring wage . 80c per hour

**Skilled...**  
Minimum hiring wage . 90c per hour  
Higher wages are in consideration of ability and years of service.

Minimum wage scales for unskilled labor at the Rouge plant are the highest in the industry. Top wages for skilled labor compare favorably with, or are higher than, wages in other automobile plants.

Now some facts on Ford labor conditions:

Not only are sanitation and other health conditions the best in the industry, but Ford also leads in safety devices for the protection of employees. Proof of this is found in the following comparison of compensation insurance costs:

### comparison of compensation insurance costs:

The national average rate in automotive manufacturing plants as computed by the National Association of Underwriters is in excess of \$1.50 per annum on each \$100 payroll. The Ford cost of workmen's compensation is less than 30c.

This indicates that the chance of injury in a Ford plant is much less than in the average automobile plant.

The Ford Motor Company has no age limit for labor, and it fact deliberately attempts to keep older workers working. The average age of Ford workers at the Rouge and nearby plants is 38.7.

A recent check-up shows that nearly one-half the workers at these Ford plants were 40 or over, falling into these age groups:

25,819	between 40 and 50
14,731	between 50 and 60
3,377	between 60 and 70
417	between 70 and 80
12	between 80 and 90

In addition to the so-called regular employees, the Ford Motor Company has hired, and now has on the payroll, at the same regular hourly wage, thousands of workers who are blind, crippled or otherwise incapacitated for normal productive work. They are not selected for their ability to build cars or to maintain the plant. They are on the payroll because of Henry Ford's belief that the responsibility of a large company to labor goes beyond the point at which the unfortunate worker can no longer produce profitably.

The above are facts. They are open to anyone who really wants to deal in facts. Anyone who wants to get a job... buy a car... or place a national defense contract on the basis of fair labor treatment must place Ford at the top of his eligible list.

With her husband, they resided here from 1918 to 1928, and made many friends. After leaving here, Mr. Knevels opened a book store and stationery shop at Elkhart.

### HAZARDS

Next week we will publish an interesting list of hazards, or causes of accidents around Manassas which has been compiled by the First Aid Class for instructors sponsored by the local Red Cross.

It is surprisingly complete and should be the cause of preventing many local accidents.

### BEST REASON OF THE YEAR FOR NOT PAYING SUBSCRIPTION

I was coming to Manassas on October 12, and pay you up in full for my subscription to the Journal, but on October 10 while painting on a ladder scaffold at Quantico.

The ladder jack became unhooked and threw me two stories down on a pile of broken up concrete. I suffered a compound fracture of the

back, a sprained ankle, two cracked elbows, and a deep cut on the head.

I am now in a cast which I will have to keep on at least six months and then wear a back brace. The doctor said it will be twelve to eighteen months before I will be able to do any work, if everything goes O. K.

### Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
