MANASSAS, VIRGINIA THURSDAY, APRIL 24, 1941

SUBSCRIPTION \$1.50 A YEAR

R. E. A. Announces Allotment of \$325,000.00 to New Co-operative

KNIFE WIELDER IS CONVICTED

Attorney for Helen Schuyler Asks for New Trial.

Mrs. Helen Schuyler, twenty-one year old waitress of Quantico, whose name is said to have been on local police blotters before in this county, was given a three and one-half year sentence by a jury which deliberated only about two hours. The entire case lasted from shortly after 10 a. m. to about 7 p. m. on Tuesday.

There was no difficulty in selecting a jury from the first twenty called, and the case was under way by 11 a. m.

The defendant was charged with deliberately stabbing Private Aubrey N. Heyl, of Warrenton, in the early hours of Easter Sunday at a Quantico boarding house.

The defense represented by Attorney Ralph Bethel, of Richmond, maintained that the act was in self defense and that she was afraid that the deceased, who was a six footer, would hurt her. It was freely admitted that considerable wine and beer had been imbibed, the dead man having been called on to take home one of the girls who had "passed out."

It was in only a few minutes that the whole affair took place, a comrade actually being in a taxi waiting for Heyl to come back.

Judge Brown called a number of commonwealth witnesses, largely from among enlisted men. Lieut. Commander E. B. Keck, of the Marine Corps, and stationed at the Base Hospital, stated that Heyl was virtually dead on arrival.

A postmortem revealed that the large artery leading from theorta to the heart, and one rather remote and very well protected had been severed by the knife thrust which went through the lapel of the man's uniform.

Judge Brown introduced the uniform into evidence, showing the heavy reinforced nature of the cloth.

The jury hearing the case was composed of Lewis J. Carper, foreman; Robert D. Lake, Ralph Slusher, J. C. Bean, Alvin T. Barnes, Earl Speakes, L. J. Pattie, Frank L. Cannon, Thomas J. Woolfenden, M. K. Putnam, N. A. Wheeler, and J. F. Clark.

The defendant's mother was her only witness. Her three year old child was with the grandmother. Just what effect the presence of the child had on the jury is not known.

Following the reading of the verdict, Attorney Bethel moved for a new trial on the grounds of new evidence and that displays had been made which were prejudicial to the accused.

Mrs. Schuyler maintained a rather stoical attitude. She winced when the knife and uniform were first exhibited and when arguments were made by Attorney Brown for a first degree conviction.

Judge McCarthy will hold hearings on the motion on June 2, the first day of the June term of court.

THE LADIES REST ROOM

The Rest Room was established many years ago, and there are not many towns the size of ours that can boast of such a comfortable Rest Room. The room is bright and cheery, and there are comfortable chairs for children as well as grown-ups. There is a couch where one may rest from their shopping in town, and there is a desk also where writing may be done. This room is appreciated by many people both from the County and Town. It has become a necessity and it would be almost impossible to get along without it. The upkeep of this room is financed by the Town of Manassas and the Board of Supervisors as well as a few individual contributions.

In view of the increasing number of visitors coming to our town, it has been decided to change the hours of opening and closing this room to meet the necessary demands. Beginning Saturday, May 3, 1941, the hours will be as follows:

SATURDAYS: Open 10:00 a. m. Close 10 p. m.

OTHER DAYS (Except Sundays) Open 10 a. m. Close 3 p. m.

CLOSED ALL DAY SUNDAYS.

Holidays will be observed on: May 30, July 4, September 1, Thanksgiving Day, Christmas Day and New Year.

FAIRFAX OFFICIAL GUEST OF KIWANIANS

Zoning Administrator E. Russell White of Fairfax County gave a very interesting talk to the Manassas Kiwanis Club last Friday evening. At this time he explained the ordinance recently passed in his county and the operation under his administration thus far.

Mr. White told in some detail how zoning matters come up, how Fairfax County is zoned, and the methods offered for exceptions to the application of the various sections. He gave one example of how not everything having been included in the ordinance, namely the operation of trailer camps. This he said, would be handled by amendments to the existing ordinance.

A number of queries were asked after his talk, all of which the speaker dealt with very explicitly.

Visitors for evening were Mrs. White and two Kiwanians from the Arlington Club, Rodes Lewis and Rev. Henry Miller.

RUFUS E. McALLISTER

Rufus E. McAllister son of the late Albert L. and Margaret A. McAllister died at a Medical Surgical Hospital in Washington, D. C., April 10, 1941, following a very serious operation. For the past three months his suffering had been very great. Mr. McAllister retired from the district fire department in 1938, having served 25 years. He is survived by a devoted sister, Mrs. Gertrude Russell of Manassas; a daughter Mrs. Frances Bryant, Nokesville; a son Albert L. McAllister, Washington, D. C. Funeral services were conducted Saturday, April 12, from the Hyson's funeral home, 1300 N. st., N. W., Washington, D. C. With burial in the family burying ground in Marshall.

Life isn't the same, dear brother, since the day,
God called you home and I see your kind and loving face,
As I walk through life "alone",
A true heart, that loved you, with the deepest affection, always will love you, in death just the same.
Unknown, and forgotten, to some he may be,
But the grave, that contains him, is sacred to me.

Sadly missed,
His devoted sister,
Gertrude Russell.

AN APPRECIATION

It is more natural to condemn than to praise. But somehow the world does love a winner, and most of us do find ourselves ready and willing to contribute our feelings, either consciously or unconsciously, to the virtue of noble and legitimate success.

But it seems to me that an expression of our feelings and sentiments regarding that success would be in place when we become the benefactors of fine compliments and considerations, and it is on these grounds that we, the people of Manassas, wish to express our appreciation for and the pride we enjoy in having such a well furnished and up-to-date eating place in our town as has been lately established by Eugene L. Mooney.

It is very unusual to find an eating place without beer or wine of such costliness and comfort in a town the size of Manassas but would do credit to the larger cities.

So here's our best wishes, Gene. A patron.

CHRISTIAN SCIENCE

"Probation After Death" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, April 27.

The Golden Text will be "God hath both raised up the Lord, and will also raise up us by his own power" (I Cor. 6:14).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Fight the good fight of faith, lay hold on eternal life, whereunto thou art also called, and hath professed a good profession before many witnesses" (I Tim. 6:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Universal salvation rests on progression and a probation, and is unattainable without them. Heaven is not a locality, but a divine state of Mind in which all the manifestations of Mind are harmonious and immortal, because sin is on there and man is founding having no righteousness of his own, but in possession of the 'mind of the Lord', as the Scripture says" (p. 291).

WOOD Needs the Best Paint Protection. Just as soon as the elements break through the paint film, the unprotected wood starts to decay. Good paint costs less than repairs. When you paint your home, style it, to bring out the beauty of its architectural design.

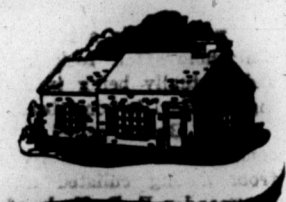

PAINT or STAIN Prevent SHINGLES from rotting.

Don't wait for shingles to become spongy with decay or so dry they curl or split and need re-nailing. Paint keeps out vermin and makes shingles last many years longer than they ordinarily would when unprotected. Besides, colorful roofs are important in making a home beautiful.

A Building BRICK will absorb a Pound of Water.

Dry houses are healthy houses. Paint your brick house and notice the difference inside particularly during cold, damp weather. Paint color also gives you a chance to get a new and different styling effect outside.

Messrs. Lucien Grove and King Spindle were in a bad spill just North of Manassas, the car landing within a hundred feet of where young Wright was killed the preceding Thursday. Mr. Grove was taken to Fairfax by Mr. Robert Cross. The condition of one leg is serious. Mr. Spindle was shaken and bruised but not seriously cut. The accident seems to have caused by the slippery condition of the macadam road. Mr. Grove is said to have been driving at a moderate rate of speed.

The neighborhood is indeed sorry from its midst. Bob has accepted a position as guard at Lorton and will report there at once.

CHRIST FOR ALL—ALL FOR CHRIST
The Word of God
BIBLE THOUGHT AND PRAYER

Thou hast made known to me the ways of life; thou shalt make me full of joy with thy countenance.—Acts 2:28.

LINDBERG SPEAKS AGAIN

On every occasion that Adolph Hitler has been in need of a cunning and untruthful press agent in America he has been promptly served by Col. Charles A. Lindberg, who has become recognized in this country as an outstanding Nazi proponent.

If Lindberg is correct in his assumptions that this war was lost to the Democracies from the very start, and that we should make the very best terms we can at this time with the Nazi regime, then indeed international and personal morality is not worthy preserving, and all that our heroic forefathers have done from the days of the Magna Charta, through the American Revolution and under the most stainless of all flags, The Stars and Bars, has been in vain and unjustified.

On the other hand, if Lindberg is a common liar, poised to act as his instigators command, then we will witness the ultimate triumph of the cause of human liberty despite the reverses which we repeatedly suffer as an outraged world makes ready to battle to the death for freedom and respect for the laws which Almighty God has ordained for men since the beginning of human life upon this planet.

England may have to evacuate Greece. There may follow still greater set-backs, but all of the Lindbergs and Benedict Arnolds in the world cannot convince us that right must give way to might and that a war for right was lost before it even started.

AND TELL OF TIME
Laura Krey

"And Tell of Time" is a book which tells of life in the South after the War Between the States. It was written by Laura Krey and published by Houghton, Mifflin Co. in 1938.

The background is very important. It is one of extreme historical interest and proves to be fascinating reading. Lucina and Cavin, the main characters, provide a splendid example of the typical Southerners of that period. They live in Georgia for a time and then move to Texas; through this, the author exemplifies life in two sections, one of which had felt the real effects of the horrors of the war much more than the other.

Along with its historical interest and the enjoyable reading which it furnishes, there is also what we might call a "moral" to the story. Cavin and Lucina, in the way they live and act, portray the perfect democratic spirit of that time and of all times. If a neighbor was ever in need of financial aid, or if he was having trouble with "carpetbaggers" or freed Negroes, Cavin and Lucina were always among the first to come to his aid. They also displayed their generous spirit by taking into their home and rearing several children besides their own.

In this book, the author vividly describes the trials experienced in building a democratic nation and exemplifies the value of human worth in the home and in the nation. It is to such characters as Cavin and Lucina that the American people owe much, and from them one may gain much of courage and understanding in facing national problems today.

I commend this book to those who read for pleasure or profit.

This book may be borrowed from the Ruffner Carnegie Library.

ANNOUNCING FORMATION OF THE PRINCE WILLIAM ELECTRIC CO-OPERATIVE

R. E. A. ALLOTMENT OF \$325,000 TO PURCHASE BULL RUN POWER COMPANY AND EXTEND SERVICE TO 800 ADDITIONAL FARMS IN PRINCE WILLIAM, STAFFORD, FAUQUIER AND FAIRFAX COUNTIES.

The Prince William Electric Cooperative, a Rural Electrification Administration sponsored Cooperative, has just been formed to purchase the assets of the Bull Run Power Company and extend its electric distribution system to serve 800 additional farms in Prince William, Stafford, Fauquier and Fairfax Counties.

For years many farms in these counties have been unsuccessful in having service extended to their homes and farms because they live in the thinly settled areas and it was unprofitable for private companies to extend service into such territory. The farm area is the backbone of any community and is justly entitled to every advantage of modern living.

The logical outgrowth of this situation is the creation of this Cooperative to do just this job.

R. E. A. Cooperatives work on an area basis. They make every effort to do a thorough job of area electrification and not just extend service into the thickly settled communities.

The Prince William Electric Cooperative recognizes its great responsibility to the public and hopes to serve this community well. No effort will be spared in this direction.

In turn we feel it deserves the support of the entire community. Its activities will increase employment and local income, will present new business opportunities, and stimulate business in the community. Will relieve many farmers from their present drudgery, bringing to them the happiness and convenience which our urban areas enjoy today.

Your support will enable us to do our job well.
