ALUMINUM DRIVE IS EXTENDED

Dr. Cocke Urges Co-Chairmen to Complete Collection.

The Aluminum Drive, sponsored by the Defense Council of Northern Virginia, and headed by Prince William County by Dr. George B. Cocke, of Manassas, made gratifying progress last week and is being extended over this week in order to afford opportunity for the outlying areas of the County to complete their collections.

It is important, Dr. Cocke states, that aluminum be collected from the various localities on schedule so that it may be transported at the arranged time to the headquarters for this region, at Alexandria, and for this reason everything should be in by next Wednesday at the furthest.

It is believed that while some scrap aluminum had already been sold before the present drive was organized, that a very satisfying amount of the metal has been collected. The exact accomplishment will be announced by the Journal when the figures become available.

A house to house canvass was made in Manassas and the drives at Quantico and Ocequan were especially energetic. A truck load is scheduled to come in from Nokesville Friday, and almost all of the various communities of the county have made gratifying response. So many workers have turned out to assist the various Co-Chairmen, that it is quite impossible, Dr. Cocke states, to make suitable acknowledgment of their good work until completion of the drive.

From every community it is urged that every effort be made to send their aluminum on in to Manassas just as soon as possible. Where it is not found possible to send in the material, the Co-Chairman concerned should notify Dr. Cocke in order that some arrangement may be perfected for getting the metal in time to have it included in the final shipment to Alexandria.

LOCAL JERSEY HERD WINS PRODUCTION CERTIFICATE

More than 87 tons of milk testing 4.97 per cent butterfat were produced by the 31-cow purebred Jersey herd of Clover Hill Farm, Manassas, Va., during a recently completed 365-day test.

Clover Hill Farm herd's total production was 174,036 pounds of milk, 8,656 pounds of butterfat, with an average of twenty-two of the Jerseys actually milking throughout the test year, the records show. The average milk yield was 7,063 pounds and the average butterfat yield was 351.31 pounds per cows. The herd was milked twice daily.

The highest individual producer was the 7-year-old cow, Brastus Maude, with 8,836 pounds of milk and 469.20 pounds of butterfat in 322 days in milk.

The record is authenticated in a Herd Improvement Registry certificate issued by The American Jersey Cattle Club, national organization of Jersey cattle breeders.

DISTRICT GOVERNOR VISITS CLUB

Governor Harry King, of Dover, Del., made his official visitation on the local club at its regular meeting last Friday evening.

Harry made a quiet little talk, but full of honest, straight-from-the-shoulder advice for healthy growth and development of community possibilities.

Secretary, Parson Dick, is in Madison County this week, attending to Baptist souls in that community, both old and new. He will be missed from his regular seat at the council table.

C. I. O. EXPOSURE

The exposure of the C. I. O. Lobby in Washington most forcefully made by Congressman Smith will appear in this paper next week and we hope everybody in Prince William will read it.

COUNTY COUNCIL NOTES PROGRESS

Religious Group Re-elects Officers for Coming Year.

The annual meeting of the County Council of Religious Education was held at Bethel Methodist Church last Sunday afternoon. Rev. Mr. D. N. Calvert, of Ocequan, led the devotion. Rev. Mr. Shumate, of Dumfries, spoke forcefully on religious opportunities in the Dumfries-Triangle area.

A feature of the meeting was the report of the treasurer. The report showed that \$945.00 has been received during the year. All current bills and a part of the indebtedness have been paid. When it was seen that a balance of \$57.00 remained in the treasury, and that the remaining indebtedness was only \$95.00, the balance was immediately subscribed by the Council and the debt ordered paid. This was a cause for much rejoicing. It was then decided to increase the salary of the teacher of Week Day Religious Education, Miss Hazel Saunders.

In her report Miss Saunders quoted from surveys she has made during the year. She found that about 28 per cent of school children are not enrolled in Sunday School, and that only about one-half the children in the County attend Sunday School with regularity. Attendance is better on the average in the towns than it is in the open country. Miss Saunders regards her work as a Home Missionary task and she stresses the need of more religious instruction right here at home.

The Rev. Mr. John M. DeChant was re-elected president of the council, and J. J. Conner was re-elected treasurer. The Rev. Mr. D. N. Calvert, of Ocequan Methodist Church, was elected vice-president, and George Sonafank, of the Nokesville Church, of the Brethren, was elected secretary. A finance committee consisting of one person from each district was appointed:

Brentsville District: Mrs. L. J. Bowman.
Coles District: Walter A. Wine.
Dumfries District: Mrs. A. H. Shumate.
Gainesville District: Henry Maddox.
Manassas District: J. J. Conner.
Ocequan District: The Rev. Mr. D. N. Calvert.

These persons are authorized to receive funds for the support of the work of the council.

The council is grateful to all organizations and individuals who gave their support so generously this year, and made possible such a good financial showing. The hope was expressed that as we begin the sixth year of Week Day Religious Education, generous support will come just as in the past. The need is great, the enterprise is co-operative, and it merits the prayers and the gifts of all Christian people.

SWIMMING POOL PROPRIETOR ISSUES WARNING

The pool is open to the public from 9 a.m. to 10 p.m., for all patrons, but anyone found in the pool after the above hours will be subject to arrest and prosecution to the fullest extent of the law, the management states.

FIRE DEPT. NOSES OUT KIWANIS FOR SOFTBALL CHAMPIONSHIP

Last Thursday evening the Kiwanis and Fire Department, teams were tied for the leadership of the community softball league and after playing a fast and interesting game the Fire Department team was crowned champions by a close 5-4 decision over the Kiwanians by virtue of a five runs rally in the sixth inning.

The Chamber of Commerce, who won only two games in the first half jumped into a tie with the Firemen for the league lead in the second half by defeating the Kiwanis team 10-8. Worley, Breen, B. Merchant and Fair hit hard during the game to bring the Chamber of Commerce team the win. P. Kline and S. Saunders led the stickwork for the Kiwanians.

Wells, Bowers, and H. Parrish led the hitting attack for the Fire Department in downing the American Legion team 12-6. Well drove in five of the 12 runs scored by the Firemen. Albrite limited the losers to eight hits of which Byrd collected two with Douglas driving in two for the Legionaries.

LET'S HAVE A BIG VOTE

Although there is not the slightest chance of his defeat in next week's primary, Mr. Darden has made a personal canvass of the State in order that he may know personally as many as possible of the people he shall be called on to serve as governor for the next four years.

His open-handed friendliness should be met in kind and a big vote turn out to show the appreciation felt by those whom he seeks as his friends.

His policy is the one that has endeared Howard Smith to the people of his District and Mr. Smith's unqualified endorsement of Mr. Darden has done much to draw the people of the Eighth District to Mr. Darden.

JUNIOR BOARD IS ORGANIZED

Livestock Improvement to Be Chief Objective of Agricultural Group.

At a meeting of young Prince William County farmers at the County Agent's office last Saturday afternoon, a Junior Board of Agriculture was organized, members and officers elected and livestock improvement chosen as the most needed county project.

Officers of the board were elected as follows: Charles C. Lynn, Jr., Manassas, president; Clifford Bear, Jr., Nokesville, vice-president; Wade Smith, Waterfall, secretary. Members elected to the board include the following:

Kite Roseberry, Gilbert Rollins, Lester Harris, Jr., Frederick Harpine, Everett Kline, Robert Carter, J. W. Alvey, Jr., Clifford Bear, Jr., C. C. Lynn, Jr., Rolfe Ellison, Hamilton Latham, Wade Smith, Eddie Shottberger, William F. Hale, Harry F. Water, Ewing House, William Harpine, Selwyn Smith, Paul Kline, William Young and Wayne Coverston. Agricultural needs of the county brought out in an interesting round table discussion by the young men included livestock and soil improvement, more encouraging business relationships between fathers and sons, development of closer relationship and interests between all rural people of the county, and a larger farm labor or supply. The question of the advisability of settling on one breed in each class of animals, as one dairy breed, one beef cattle breed, etc., for the county, was debated but it was unanimously agreed that there should be only dairy, one beef, one swine or one sheep breed on any one farm. The following officers were named for District Sub-Committees of the Board: Clifford Bear, Jr., chairman; Frederick Harpine, secretary, Brentsville District, Wade Smith, chairman; Robert Carter, secretary, Gainesville District, Charles C. Lynn, Jr., chairman; Kite Roseberry, secretary, Manassas District. Additional board members are to be chosen from Ocequan, Coles and Dumfries District.

It was decided to hold another meeting of the board at an early date, on the call of Chairman Lynn, to decide upon definite objectives to work toward in livestock improvement and to determine ways and means of reaching these objectives.

Mr. P. H. Adams, our genial watch engineer, returned over the week end after a pleasant stay in Washington with his son, Mr. Charles W. Adams.

Mr. Adams kept on the go there all the time, having a thoroughly enjoyable week. Such places as the new national flying field, Colonial Beach, etc., were just some of the points which he took in.

YOUNG DEMOCRATS MEET ON TUESDAY

The Young Democrats of Prince William County will hold their regular monthly meeting on Tuesday evening, August 5, at the Courthouse in Manassas.

AUGUST 5 IS ELECTION DAY

Democratic Primary Will Be Held Next Tuesday.

Next Tuesday, August 5, the Democratic Party of Virginia will nominate the various candidates for the offices which will be filled in the General Election next November. Outstanding among these are the offices of Governor, Lieutenant Governor, and Delegate to the General Assembly. In many Counties, as in Prince William, the Democratic Committeemen will also be selected. As none of our Committeemen have opposition, all five for each Magisterial District will be elected, but the voters are urged not to fail to place a cross-mark in the respective squares opposite their names.

The campaign for Governor and for Lieutenant Governor has been so generally conceded to favor Congressman Colgate Darden for Governor and Senator Tuck for Lieutenant-Governor that there has been little to arouse the electorate. And, of course the same is true respecting our popular Delegates to the General Assembly.

Hon. E. R. Conner, who has no opposition, and whose name, therefore, will not appear on the ballot Tuesday. He has represented Prince William since 1934 so well that it is not even certain that the Republican Party will place a name on the November ballot in opposition.

MR. EDWARD PATTIE OPENS NEW BUSINESS

Latest among the young business men of the county to join the ranks of those operating their own stores is Mr. L. Edward Pattie, formerly of Catharpin but for several years located at Quantico and Triangle.

Mr. Pattie is well known all over the county, not only because of the fact that he has spent his entire life here but also because his people are so well known in county circles, both socially and in the business world. His father has been a merchant at Catharpin for many years.

Mr. Pattie secured important and useful training in the grocery and meat business by association with a chain grocery in Quantico where he worked for some years. Not so long ago, he decided make a go of it himself, and has taken over the stand formerly occupied by Mr. J. C. Walker, right in the heart of Triangle, on the east side of the Jefferson Davis Highway.

Mr. Pattie is running an advertisement in this issue of the Journal and reference to it will tell his story more completely. The Journal wishes him all the success in the world in his new venture.

Youth Caravan at Calverton

Seated (left to right): Miss Marietta Mansfield at Oakland, Ky.,
and a senior of Kentucky Wesleyan College; Miss Virginia Benson,
Painter, Virginia and a graduate of William and Mary College;
Miss Rose Wilcox of Marion, South Carolina and a graduate in
the class of 1941 of Winthrop College, Rock Hill, S. C.
Standing (left to right): Mr. Frank Perry of Fort Worth, Tex.,
and a senior student at Southern Methodist University, Dallas,
Tex.; Mr. Leon Burns of Talladega, Ala.; He is a student at Ala-
bama Polytechnic Institute in Auburn, Ala.

This week the Youth Caravan is at Wesleyan Methodist
Church, Calverton. The Rev. Mr. Raymond Wrenn, pastor of
the church there is in charge of all arrangements. Classes are
being held at the school and religious exercises at the church.

Last Friday evening the period closed at Nokesville with
a recreational get-together at the academy prior to the beauti-
ful candle light service at St. Anne's, the new renovated church
in Nokesville.

Each department reported and the young people in charge
led in some lighter forms of amusement. The Rev. Mr. John
Newman, pastor of the Nokesville Charge, deserves a big lot
of credit for the wonderful progress being made in the member-
ship of the Nokesville Church.

The work this week will carry its impression among the
younger folks for many months to come, and we all hope the
Caravan will come again.

ALEXANDRIA EMPLOYMENT SERVICE DOES GOOD WORK

An all-time record was established by the local office of the Virginia State Employment Service for the first six months in 1941, when 4,997 placements were reported, according to the cumulative figures in the June report of Carter W. Friend, manager of the Alexandria office. The local office serves Arlington, Fairfax and Prince William Counties, in addition to the city of Alexandria.

Friend said that the number of placement for the first six months of 1941 exceeded the total of 4991 placements made during the entire year of 1938; and also was a 42 per cent increase over the first six months of 1940 when the previous all-time high of 3,157 placements was reported by the office.

According to the June report, 831 persons were placed in the area served by the office, but other placements greatly increased the scope of the office's activities. In addition to those given employment in northern Virginia, he said, 26 obtained employment in other sections of the State through the Alexandria office; 75 were referred to Federal positions; 140 were referred to the Glenn L. Martin Aircraft Company plant in Baltimore and 55 youths between 17 and 24 were referred to the Manassas (Va.) Vocational School for training in aircraft industries.

CATHARPIN

The Rev. Mr. Clark Hammon Wood delivered an excellent sermon at Sudley Sunday morning from the text: "This is My Commandment, that ye love one another".

The Rev. Mr. and Mrs. Wood for the past two weeks had as their guest at "The Parsonage", their eldest son, Mr. Clark Hannon Wood, jr., of Lynchburg, Va. Their youngest son, Mr. Frank J. Wood, also joined them for the week end, returning to his home in Lynchburg, Va., Sunday evening.

On July 20, Mr. and Mrs. B. F. Matthews entertained a number of their relatives in honor of Mr. Matthews' birthday. Among those present were Mrs. Icy Hawkins, Mr. and Mrs. Clayton Colvin, and their daughter, Ruth Ann, Mr. Benj. Matthews, jr., of Washington, D. C.; and Mr. and Mrs. J. P. Matthews and son, Joe, jr., of Los Angeles, Cal., the last of whom had spent the previous week at the parental home.

Mr. and Mrs. Matthews and son expect to return to California about the first of August.

A Daily Vacation Bible School is being held at Sudley Church each day this week between the hours of 1:30-3:30 p.m. Children and adults also, are being invited from Gainesville and Fairview to this central point for the interesting classes.

A large number of relatives and friends from this section attended the funeral services for Mrs. Freddie Ayers, Sunday afternoon at Hine's Funeral Parlor in Washington. Mrs. Ayers passed away at 5:15 Friday afternoon at the home of her son-in-law, and daughter, Mr. and Mrs. Lawrence Ayers of South Lang street, Arlington, Va., after an illness of about a month's duration, aged 59 years.

The deceased was formerly Miss Freddie Senseney. Her first husband, Mr. J. David Harrover, captain in the U.S. Navy, died about 20 years ago. Several years later, she was married Mr. Harry J. Ayers, of Malone, N. Y., who was employed in Virginia as an engineer and bridge builder. He passed away about four years ago.

Mrs. Ayers was beloved by all who knew her and her going was a great shock to many friends. Interment made in Sudley Cemetery amid a profusion of beautiful flowers.

She is survived by three daughters, Mrs. Katherine Nelson and Miss Elizabeth Harrover, of Washington, D. C.; Mrs. Lawrence Ayers, of Arlington, Va.; and Mr. J. David Harrover, of near Sudley and eight grand children, one sister, Miss Mae Senseney, four brothers, Messrs. Ellsworth, Leonard, Philip and Emory.

A COMPLIMENT

TO THE PEOPLE

Seldom has Virginia witnessed such a thoroughly gracious and democratic attitude on the part of one who is a certain winner in the election.

During the past two months Colgate Darden, who will win in the primary by about double the combined vote of his opposition, has made all of the personal and intimate contacts that time would allow in this area.

To quote his own words, he says that no man should be governor of Virginia who has not been among the people and made a study of them and their needs. With all the reserve of energetic youth, he is trying to do just that.

It is a satisfaction to know that he will set up no bars on callers as did his predecessor and will give of his time unstintingly. The "latch string" in the Governor's office is verily "on the outside" to all Virginians during the next four years.

Dr. Kasehagen is the son of Mrs. Leo Kasehagen, of 1353 Jefferson street, Washington. He was connected with Carnegie Institute of Technology for some years, but is now doing research work for a large commercial firm in Tamaqua. Graduating from Carnegie before he was 21, he was one of the few to receive his commission as second lieutenant some months later.

Mrs. Kasehagen, the former Miss Eleanor Duffy, is also a graduate of Carnegie, is a granddaughter of one of the pioneer settlers of Pittsburgh.

Dr. Kasehagen will be remembered by many of the older residents as the little "Jimmie Kasehagen", the friendly tot, who spent many days of his early years on the streets of Manassas, escorted usually by his proud father, the late Leo W. Kasehagen.

WANTS TO HELP MAKE SERVICE BOYS HAPPY

Realizing that the people of Manassas will want to do their bit in making our soldier boys happy when they come here for field duty, plans are being developed by some of the wives of legionnaires.

Being located near the theater, Mrs. M. S. Burchard has offered her home for the present, and it is hoped that all young ladies who wish to

co-operate will register there.

Anyone wishing to contribute to the happiness of the boys when they are here, is requested to get in touch with Mrs. Burchard, and register just how much they will be able to do. It is hoped these offers will come in, though at present it seems the success will depend on the co-operation of the young ladies in the community.

What can be done for the boys to make them remember Manassas, will depend upon the response for the public.

ENTERTAIN AT BUFFET SUPPER

Mr. and Mrs. William Lomand, of "Chantilly Farm", in Fairfax County,

ODORS AND PUBLIC HEALTH
(A contribution from the Health Department).

"There is a more or less popular misconception that unpleasant odors in themselves are detrimental to health. Nevertheless, it long has been known that, however disagreeable odors may be, they are not likely to be harmful physically. This does not mean that steps should not be taken to eliminate such nuisances. In fact, civilized living demands that in so far as is possible this should be done," states Dr. I. C. Riggan, state health commissioner.

"No particular odor is associated with disease germs. Such organisms lurking in water, milk or food can not be spotted by smell. Even the existence of harmful dusts, or organisms in the atmosphere seldom can be detected through related odors.

"It is a characteristic of the sense of smell that once sensitivity to any particular odor soon becomes dulled if exposure is more less constant. For example, persons living in the neighborhood of certain types of manufacturing that permeate the air with odors are scarcely aware that they exist, whereas a visitor will be uncomfortably acute to them. A more general illustration is the unconsciousness of a bad atmosphere in an occupied closed room which suddenly is realized if one steps into the fresh air and then back again into the room. When inside air becomes actually vitiated the olfactory sense may detect the situation; even so, sleepiness and headaches are the more likely manifestations.

"The misplaced emphasis on odors is well illustrated by the repeated complaints to health officers of smells from pigpens, dumps and rubbish heaps, coupled with the notion on the part of the complainant that it represents a health hazard.

"Undoubtedly, good town, city, and backyard housekeeping indicates that conditions that give rise to offensive odors should be removed. And from the standpoint of cleanliness and decency, personal and official efforts are continually being directed both to prevent and remove conditions of this character.

"However, from strictly a health point of view, it is even more important for the public to appreciate the health value of certain preventive measures. Among these are immunization of children against diphtheria, the protection of the private water supply, the use of safe milk, the disposal of sewage in rural areas either by septic tanks or by a sanitary pit privy, and protection of food and home in summer against flies.

"In short, many persons who become quite agitated over an offensive odor, are quite indifferent to the measures designed to protect them against disease. Consequently, while it is natural to become disturbed about conditions that create disagreeable odors, it is much more important to follow approved practices that result in safe environmental and personal protection against disease."

IN MEMORIAM

In loving remembrance of our dear one, Amanda Barnes Staples, who departed this life one year ago, July 27, 1940.

We miss this loved one, who to us Gave so much loving care.
We hope we'll cross the river
And meet her 'Over There'

With its streets of shining gold,
In that Eternal City.
Where we never will grow old.

KEEPS LONELY VIGIL

From the life of a bandsman in far-off China to that of a radio operator on the lonely island of Atka, one of the Aleutian group, was the odd transition made by Charles R. Magee, a former U.S. Marine.

Magee and his wife are the only white persons on the islands. The remaining eighty-five inhabitants are Aleuts, who in appearance and mode of living resemble the Eskimaux.

From his island outpost Magee sends radio dispatches several times daily and makes daily observations for the Weather Bureau. Mrs. Magee, by her husband, conducts a school for the island children.

About twice a year, although its visits are by no means regular, a supply boat reaches Atka and adds some welcome items to a somewhat monotonous bill-of-fare. The only available supply of fresh meat is from reindeer herds on the island.

For years Magee was in the Marine Corps band attached to the American Legation at Peiping, China, and he also served as a musician at several posts in the United States.

When he left the service his comrades lost track of him. He happened to tune in on a band concert given by the Marine Band at Pearl Harbor in the Hawaiian Islands, some 2,000 miles away. Magee immediately wrote a letter to his buddies at that naval station, but it took months to reach them.

Like sea soldiers all-over the world he remembered the Marine Corps tradition: "Once a marine, always a marine."

NATIONAL SYMPHONY CLOSES
ITS SUMMER SEASON

The final week of the National Symphony Orchestra's fifth season of "Sunset Symphonies" at the Potomac Water Gate will be opened on Monday (July 28) evening at eight o'clock with a concert conducted by Erno Rapee, musical director of the Radio City Music Hall and conductor of "The Music Hall on the Air".

On Thursday evening (July 31), Hans Kindler, permanent conductor of the National Symphony, will return to the Water Gate for the gala final concert of the summer. As soloists, Dr. Kindler has engaged a ballet group of outstanding merit—Nina Stroganova, ballerina of the Ballet Theatre; Lilla Volkova, ballerina of the Metropolitan Opera Association; and Vladimir Dokoudovsky, soloist of the Ballet Theatre and, formerly, of the Nordkin Ballet.

Rapee, whose close identification with the popular mediums of radio and motion pictures has given him an enormous personal following from coast to coast, drew an over-flow crowd when he first appeared at the Water Gate two summers ago. He probably will repeat this achievement next Monday, and the probability is strengthened by the popular appeal of the program that he has planned. Featuring Brahms' Second Symphony, it is comprised of such favorite works as Beethoven's "Leonore" Overture No. 3, Strauss' Overture to "Die Fledermaus", three Bohemian Dances by Smetana (transcribed for orchestra by Harold Byrnes), Debussy's "The Afternoon of a Faun", and Enesco's Roumanian Rhapsody No. 1.

Since his appearance on the opening Water Gate concert four weeks ago, Dr. Kindler has been making a series of guest appearances—with the Toronto Promenade Symphony on July 10, and with NBC Summer Symphony over the coast-to-coast Blue network on July 19 and 26. His success with the Toronto Symphony was so great that he was immediately re-engaged for two additional guest conducting assignments with that organization in September. Under his direction on Monday night, the National Symphony will play Overture to Glinka's Russian and Ludmilla's Wedding Procession from Mozart's "The Marriage of Figaro", Dr. Kindler's arrangement of Frescobaldi's "Toccata", a Scriabin Etude arranged by LaSalle Spier, excerpts from Boris Godunov arranged by Dr. Kindler, and Tchaikovsky's Fourth Symphony in F minor.

The Stroganova-Volkova-Dokoudovsky Ballet, which danced with the St. Louis Civic Opera last summer to great acclaim, will be seen in dances ranging in style from the strictly classical to the frankly humorous. Their portion of the program consists of Beethoven's "Moonlight Sonata" (Stroganova and Dokoudovsky), Tchaikovsky's "Swan Lake" (Volkova), "Spanish Dance" by Albeniz (Dokoudovsky), "Die Fledermaus" Waltz (Stroganova), Brahms' "Hungarian Dance No. 6" (Volkova), and Duet and Trio by Offenbach (Stroganova, Dokoudovsky, Volkova).

MARINES ON GUARD

Scores of ex-Marines are helping to guard the wealth of our country from coast to coast. Virtually every banking house of importance on either coast includes a number of soldiers of the sea among its group of guards.

Well-disciplined, stalwart men, some of whom have grown gray in the service, secure these positions after leaving the Marine Corps mainly on account of their training and their ability to shoot straight. Honorable discharges, usually covering periods of from 16 to 30 years, give proof of their dependability.

An organization called the Ex-Marine Guards is located at Los Angeles, guarding national defense plants against possible sabotage. Smartly clad in olive drab, the former sea soldiers recently passed in review before a group of officials.

Later they demonstrated the approved military method of guarding key manufacturing plants, with emphasis on detection and control of fire. A team of instructors also presented an exhibition of jiu-jitsu.

The Ex-Marine Guards number about 150 men and five officers. Most of them have seen service in many parts of the globe and they are now on 24-hour duty in the Los Angeles area. They patrol aircraft plants, tool and dye works and steamship companies.

OCCOQUAN AND VICINITY

Mrs. E. W. Brunt, of Occoquan, Va., and Mrs. Joseph V. McCloskey, of Falls Church, Va., were joint hostesses at a luncheon of Friday at the home of Mrs. Brunt in Occoquan, Va.; the occasion being in honor of Mrs. William H. Ellison, of Santa Barbara, Cal.; who is staying with her sister, Mrs. Thomas F. Joyce in Occoquan, Va., while Dr. Ellison is teaching a summer session at Rutgers University in New Brunswick, N. J. Several lady friends at the hostesses and of Mrs. Joyce were the invited guests at the luncheon.

A get together party was given at Marvin Methodist Church in Washington, D. C., on Tuesday evening in honor of Mrs. Wm. H. Ellison, who was a member of that church some 25 years ago. There was a very large gathering and all had a real old-time talk fest. Refreshments were served. The principal hostess was Miss Bertha Cook, a childhood friend of Mrs. Ellison, Mrs. Joyce, and most of those attending. This old church will soon be razed to make way for a government building.

The aluminum collection in Occoquan and vicinity, has not been as weighty as expected. We presume the housewives in this community did not use aluminum very much. We may have better luck later on. Names of those who have worked faithfully to make the collection a success will be announced in the Journal later.

We are indeed very glad to note that Miss Mary Bubb is improving and hope she will soon be home with us again.

Mrs. Alma Dillord, Miss Edith Dillord and Mrs. Essie May Ellis and daughter are spending this week with Mr. and Mrs. Frank Phelps.

Mrs. Sidney Manson and infant daughter returned from Garfield Hospital on Saturday to the home of her parents, Mr. and Mrs. John Leary.

PENDER

The weather has been intensely warm for several days.

T. B. FUNDS BEING DISTRIBUTED TO LOCAL GROUPS

Bonus checks representing approximately \$17,000 will be mailed this week to 13 local volunteer organizations affiliated with the Virginia Tuberculosis Association, for outstanding accomplishments in sponsoring anti-tuberculosis programs, George W. Call, treasurer of the association, announced today.

Mr. Call explained that the local associations and committees throughout Virginia which will receive bonuses are being rewarded for promoting exceptionally fine programs with revenue produced from the 1940 Christmas Seal Sales. These bonuses are distributed annually by the Virginia Tuberculosis Association. The amount distributed this year is the highest since the inauguration of the bonus plan in 1933, when local groups shared in \$5,923. The bonus based on the 1939 sale amounted to \$13,247.

The allowances are for work accomplished and money spent by the

local units for health educational campaigns, case finding programs, tuberculosis programs in the schools, payment for x-rays of indigent patients, rehabilitation of indigent patients, payment of sanatorium board, for having Negro auxiliaries, etc.

Income from the annual Seal Sale is shared not only by the local organizations, but by the Virginia Tuberculosis Association and the National Tuberculosis Association, with the largest share going to the community groups which, under the direction of the State Association, voluntarily carry on the year round campaign against tuberculosis.

Total income from the 1940 Seal Sale in Virginia amounted to the all-time high figure of \$147,091, according to Mr. Call. Of that amount \$108,938 is going to the county and city organizations, \$30,800 to the Virginia Tuberculosis Association to be used for its State-wide work, and \$7,354 to the National Tuberculosis Association.

How Does This Attack Threaten the Interests of Every Man, Woman, and Child in America?

First Effect of Totalitarianism -

Destruction of Private Enterprise and Enslavement of Labor
 Great bankers, agrarians and industrialists, like Fritz Thyssen, subsidized the Nazi party to destroy the organizations of the workers. Once this was accomplished, it was thought that the greatest obstacle to profit would be removed. But these capitalists of industry had unleashed a force they could not control.

PRIVATE OWNERSHIP AND MANAGEMENT are on the way out in Nazi Germany. Profits are more and more being appropriated by the State. THE WORKER has no voice in deciding where he will work, what job he will have, what hours he will work, or what pay he will receive. He gets less pay for more work, up to the limit of his capacity to survive.

Nazism and Communism - Brothers Under the Skin

The Nazis said to the capitalists of industry: "Support us and we will be your bulwark against Bolshevism." The Communists said to labor: "Support us and we will destroy the capitalists." Yet in their secretarial conferences Nazism and Communism go almost indistinguishable. Both destroy private property and the rights of labor.

GENERAL SMITH TRAINING CORPS

**Leader of Marines Has Had
Aggressive Career.**

For the second time in recent months the First Marine Division, Fleet Marine Force—Shock troops of the U.S. and spearhead of U.S. defense—is being whipped into shape in full maneuvers somewhere along the South Atlantic coast under the direction of its aggressive leader, Major General Holland M. Smith.

Under the guidance of General Smith, the First Marine Division has, within the past year, been drilled strenuously, steadily and thoroughly until today it is the finest force in U.S. military history for offensive-defensive operation.

During the course of Marine Corps history, Leathernecks have actually made 189 landings on foreign soil and have been successful in each instance.

Their customary report has become a stereotyped phrase in the U.S.A.—“The Marines have landed and have the situation well in hand”.

The leader of these shock troops is fully capable of directing his men through whatever assignment they may be asked by their government to perform.

General Smith is, to outline his military career briefly, a topnotch Marine.

Major General Holland McTyeire Smith was a Marine Corps officer several years before a majority of the Marines he commands were born.

He was born April 20, 1882, at Seale, Ala., and was commissioned a second lieutenant March 20, 1905.

His duties have included tours of duty in the Philippines from 1906 to 1908 and from 1912 to 1914. He saw expeditionary duty in Panama in 1909-10 and was commander of a company of Marines in Santo Domingo in 1916-17, participating in engagements at La Pena and Kilometer 29.

During the World War General Smith served in France with the Fourth Marine Brigade, arriving in France in June, 1917, and was in the Verdun sector during the early months of 1918.

His services as adjutant of the Fourth Brigade and his participation in five important engagements overseas are outstanding incidents of his military career.

For his services in the Cheateu Thierry sector he was awarded the Croix de Guerre and a citation.

General Smith participated in the march to the Rhine river and reached Goblentz, Germany, with his troops December 9, 1918, where was appointed general staff officer.

Six months after the armistice he returned to the United States.

Following the World War, General Smith served with the Scouting Fleet and was with the First Marine Brigade in Haiti in 1924-25 chief of staff, as aide to the staff of the battle force commander 1931-33.

He was commander of the Washington Marine Corps barracks 1933-35, and chief of staff, Department of the Pacific 1935-37. He was director of Marine Corps operations and training from 1937 until 1939.

General Smith took command of the First Marine Brigade, now the First Marine Division, in September, 1939. He led the division through maneuvers in the Caribbean last winter and established a modern Marine Corps base at Guantanamo Bay, Cuba, transforming a Cuban wilderness into a comfortable military base in a few months.

In addition to the Croix de Guerre, General Smith has been awarded the Purple Heart, Meritorious Service Citation, Mexican Service Medal, Marine Corps Expeditionary Medal with two stars, Dominican Campaign Medal and Victory Medal with five clasps.
