ALUMINUM DRIVE IS EXTENDED

Dr. Cocke Urges Co-Chairmen to everybody in Prince William will read Complete Collection.

The Aluminum Drive, sponsored by the Defense Council of Northern Virginia, and headed for Prince William COUNTY COUNCIL County by Dr. George B. Cocke, of Manassas, made gratifying progress last week and is being extended over this week in order to afford opportunity for the outlying areas of the Religious Group Re-elects Of-County to complete their collections.

It is important, Dr. Cocke states, that aluminum be collected from the various localities on schedule so that it may be transported at the arranged time to the headquarters for this Sunday afternoon, Rev. Mr. D. N. region, at Alexandria, and for this Calvert, of Occoquan, led the devoreason everything should be in by tions. Rev. Mr. Shumate, of Dumnext Wednesday at the furtherest.

aluminum had already been sold be- angle area. fore the present drive was organized, that a very satisfying amount of the metal has been collected. The exact showed that \$945.00 has been received accomplishment will be announced by during the year. All current bills the Journal when the figures become available.

A house to house canvass was mad tico and Occoquan were especially energetic. A truck load is scheduled to come in from Nokesville Friday, and almost all of the various communities of the county have made gratifying response. So many workers have turned out to assist the various Co-Chairmen, that it is quite impossible, Dr. Cocke states, to make suitable acknowledgment of their good work until completion of the drive.

From every community it is urged that every effort be made to send their aluminum on in to Manassas just as soon as possible. Where it is not found possible to send in the material,

LOCAL JERSEY HERD WINS

Clover Hill Farm herd's total production was 174,036 pounds of milk, Bowman. 8,656 pounds of butterfat, with an average of twenty-two of the Jerseys actually milking throughout the test year, the records show. The average milk yield was 7,063 pounds and the average butterfat yield was 351. 31 ed twice daily.

The highest individual producer was the 7-year-old cow, Brastus Maude, with 8,836 pounds of milk and 469.20 work of the council. pounds of butterfat in 322 days in The council is grateful to all or milk.

The record is authenticated in a Herd Improvement Registry certifi- and made possible such a good fin cate issued by The American Jersey ancial showing. The hope was ex Cattle Club, national organization of pressed that as we begin the sixtle Jersey cattle breeders.

VIRGINIA STATE FAIR

Announcement is made by Chas. A. Somma, manager, that the pre-mium catalog of the Virginia State SWIMMING POOL PROPRIETOR Fair, which will be held at Richmond, September 22 to 27, is ready for distribution. A copy has been received at this office. It contains 96 pages swimming pool states that for some and the classifications include milking time past certain persons have ente shorthorn cattle for the first time. In- ed the pool after it has been close creased premiums are offered for ex- for the night and the gates locke
