MANASSAS, VIRGINIA. THURSDAY, AUGUST 14, 1941

SUBSCRIPTION \$1.50 A YEAR

BAPTISTS GATHER IN FULL FORCE

Potomac Association Has Wonderful Meeting at Manassas.

The Potomac Baptist District Association began its meeting promptly at 10 a.m., Wednesday morning, in Manassas Baptist Church. This 86th annual session of the association bids fair to go down in the annals of Northern Virginia as the greatest gathering of Baptists in any day.

The seating capacity of the Baptist Church has been taxed to the utmost by the great throng of delegates and visitors present in the meetings. All of those attending seem to be seriously intent on the business in hand and once a person goes into the church he stays through the entire session.

Dr. T. C. Allen, of Warrenton Baptist Church, gave the annual sermon at 11:30 a.m., on Wednesday morning. Dr. Ernest F. Campbell, new pastor of First Church, Alexandria, spoke to the report on Woman's Work in the afternoon and to the report on Young Peoples Work in the night session for young people. Dr. Campbell stated that the day was coming and is near, when women will practically rule the world. The Rev. Mr. Frank L. Snyder, new pastor of Clarendon Church, spoke to the report on our Southwide Work. Dr. Snyder brought the closing moments of the afternoon session to a mountain peak experience with his marvelous message.

The pastors and their wives held a fellowship supper with the Westminster Group of the Presbyterian Church, serving, on Wednesday evening at 6:30 p.m. Several Deacons and other church leaders attended this fellowship meeting. Several young men from the Manassas State Vocational School provided entertainment with instrumental music.

Thursday of the association promises to be a day of real interest. The annual election of officers is the main feature of the day and the closing moments will be devoted to an address by Dr. Rufus W. Weaver, of Washington, on "Baptist Business in the Current Crisis."

THE FIGHT FOR FREEDOM MOVEMENT

(By E. H. Osbourne, local sec'y.)

The "Fight for Freedom" movement, a local unit of which was formed here recently, was organized in New York last April when the American conveying of lend-lease material to Britain was being hotly debated. In the brief time since then it has become Nation-wide, with many state branches and local units.

The organization which has for its National Chairman, the Right Reverend Bishop Hobson, of Southern Ohio, a World-war veteran, and for Honorary Chairman, Senator Carter Glass of Virginia, is non-political and non-sectarian. It has grown out of a keen realization on the part of many people that this country is now facing the worst menace that democracy and religion have ever encountered. For this reason, churchmen of all denominations are among its strongest supporters. It has for its aim the awakening of the people everywhere to the magnitude of this menace and to the consequent realization of the necessity for national unity and for a loyal and whole-hearted support of the President in this time of national danger.

One of the most important factors that favored Hitler in his rise to power was the fact that he had opposed to him at first in the European democracies only timid and shortsighted leaders like Baldwin and Chamberlain in Britain and Daladier in France. Now, at last, he is confronted with statesmen like Churchill and Roosevelt, men who have a grasp of world affairs equal to his own, and who are immeasurably his superiors in their full realization of the meaning of honor and liberty in human affairs. Both Roosevelt and Churchill know that in this world crisis, if America and Britain are to remain free, they must not only be fully armed, but they must also control the seas, either alone or in collaboration with friendly powers. President Roosevelt knows that we must in our own defense give all possible aid to Britain, who with magnificent courage is keeping the enemy at bay and the Atlantic open, and is thus giving us time to arm.

He knows, like Jefferson and Monroe before him, that it is the part of wisdom to keep the war far from

(continued on page 8)

WANTS TO HEAR FROM WALKER FAMILY

The Journal is in receipt of a letter from a Mrs. Allene Fickeworth, of Escalon, California, in regard to her ancestors who resided in these parts before the Revolutionary War.

Her ancestor, Jesse Walker, (born June 26, 1748) went to Burke County, North Carolina, and died in 1843, in Howard County, Missouri.

Anyone interested in corresponding with her may do so at the address given.

ROBEY'S MILL STORES WHEAT

Capacity Found Sufficient For Prince William.

After several weeks of preparation the old Manassas Mill, now known as Robey's Mill since purchase by Mr. George B. Robey, of Fairfax, has been adapted to the purpose of storing wheat under the government plan. A new twenty-five horse power electric motor had been installed to operate the elevating and cleaning machinery, making it unnecessary to run the big Diesel engine, and the full capacity of the big building with its steel bins has been made available for wheat storage.

Mr. H. S. White, manager of Robey's Mill at Manassas, is co-operating with Prince William growers by taking in only local wheat at the present time for government storage. Wheat grown on commercial farms, where there is not an excess acreage above the farm allotment is eligible for a loan of \$1.16 per bushel on No. 2 Light Garlicky, the prevailing local grade. No grade lower than this is being accepted for storage. If wheat does not advance sufficiently in price to yield a profit above storage and interest charges, it may be considered sold for the amount of the loan and there will be no further charges to pay. If it does advance sufficiently, the wheat may be reclaimed by paying the accumulated charges and then placed on the market.

All Prince William wheat growers eligible for and desiring loans have been requested to phone Mr. White (Manassas 24) and arrange for the wheat to be brought in their wheat for storage. Since the amount of wheat that can be stored at the local warehouse is limited, it will be advisable for all eligible farmers to call Mr. White and arrange for the earliest open date on which they may bring in their grain. Upon storing the eligible grain, the warehouse receipt may be taken to the County Agent's office where assistance will be given in preparing the necessary forms to be taken or sent to the Fauquier National Bank at Warrenton for the amount of the loan. Robey's Mill is the only remaining warehouse for storing wheat available to Prince William growers. The Purcellville, Riverton, Leesburg and Marshall approved warehouses have been filled to full capacity for some time.

GET DEFENSE CONTRACTS

The Office of Production Management has announced the awarding of two defense contracts in this area:

The Virginia Public Service Company, of Alexandria, \$70,000 for services.

T. E. Rutter Company, \$314,995 for paving run ways on Langley Field.

SELECTS TRADE NAME FOR CATTLE

"Kinkora" is the newly selected herd prefix name which will be used by C. C. Lynn, Manassas, in registering his purebred dairy cattle.

Exclusive use of this trade-mark for identifying his herd has been certified and recorded by The Holstein-Friesian Association of America, Brattleboro, Vermont.

RENEWS OLD FRIENDSHIPS

Mr. and Mrs. Joseph Pavlik, of Brooklyn, N. Y., who were en route to their home from a visit to Miami, Florida, stopped in town on Monday to see Mr. Reginald Lewis, an old shipmate of Mr. Pavlik's.

TRIANGLE BOY HOME FROM NAVY

Robert Leslie Michelson of the U. S. Navy is visiting his home at Triangle after completing his routine training at the U. S. Naval Training Station, Norfolk, Virginia. He will return to Norfolk at the expiration of his furlough for assignment to trade training.

ONE TRAFFIC COP WOULD BE BETTER!

MRS. ELLA WEIR CHAPMAN

Passing in peace to eternal sleep, Mrs. Ella Weir Chapman, widow of the late Phillip Pendleton Chapman, died Saturday morning, August 9, 1941, following a paralytic stroke.

The funeral services were held at Trinity Episcopal Church on Monday afternoon at three o'clock, the Rev. Mr. A. Stuart Gibson officiating. Interment took place at the Manassas Cemetery. The pallbearers were Messrs. Paul L. Weir, Robert M. Weir, Pendleton Chapman Turner, Marshall P. Mercer, Lewis Carper and Dr. George Berger Cocke.

Surviving the decedent are a brother, Mr. Samuel T. Weir, of Manassas, Va.; her three step daughters, Mrs. Faith P. Gaddess of Atlanta, Ga.; Mrs. Mary Lee Rutan, of Chevy Chase, Md.; and Mrs. Evelyn C. Turner, of The Plains, Va.; two nieces, Miss Mattie B. Weir, of Washington, D. C.; and Mrs. Catherine Weir Mercer, of Richmond, Va.; and two nephews, Mr. Paul Latimer Weir, of Washington, D. C.; and Dr. William P. Weir, of Manassas, N. J.

Mrs. Chapman, the daughter of William Tasker and Rebecca Latimer Weir, was born October 29, 1861, at "The Grove", Brentsville, Prince William County, Va.; and with the exception of a few years has resided continuously in Manassas. She will be remembered as a loyal and devoted member of Trinity Episcopal Church and a helpful sympathetic friend to her neighbors and townspeople.

Many out-of-town relatives and friends attended the funeral and the esteem in which Mrs. Chapman was held was attested by the numerous and beautiful floral offerings.

SUPERVISORS ADOPT DAYLIGHT SAVINGS

As noted in the Board Minutes printed on page 3, the Supervisors of Prince William have adopted daylight saving time for the period August 10, to September 28, for the offices at the Court house and the County Office Building in Manassas.

INTER GROUP RELATIONS DIS- CUSSED BY COMMERCE SECY.

Common interests in community life between the Kiwanis Club and the County Chamber of Commerce was the theme of a talk given to the club at its regular weekly meeting by the secretary of the Prince William Chamber, Mr. Stanley A. Owens.

Mr. Owens cited the good done through community efforts of the club and how it had come to take a very definite place in county matters. As a result of his discussion, it was decided to have such committees as were identical in set-up as that of the Chamber establish a method of inter communication on matters hereafter that should come under the care of these committees.

Program Chairman Hynson set up a list of programs for the next two months. Farmers' Night was set over to August 29, the time element being too close to perfect the program originally scheduled for last Friday. Ladies Night will be in late October.

JUNIOR FARM GROUP HOLDS PICNIC MEETING

The recently organized Prince William County Junior Agricultural Board met at the picnic grounds on the Manassas Battlefield Friday, August 8, at 6:30 p.m. Following a hamburger and hot dog supper, the group of young farmers decided on goals to be worked toward in improving the livestock of the county during the coming year and plan ways and means for reaching these objectives. Charles C. Lynn, Jr., chairman, presided. Other officers of the Board are Clifford Bear, Jr., vice chairman, and Wade Smith, secretary. At the organization meeting two weeks ago, livestock improvement was thought to be the greatest agricultural need of the county at this time.

VISITED NEW MARKET CAVERNS

Mr. and Mrs. L. H. Barker and Mr. Louis E. Grift, of Quantico, Va., were recent visitors at the famous caverns at New Market, Va., while on a motor trip through the Shenandoah Valley of Virginia.

Revision of Bus Schedules in Gainesville District

In order to insure a good bus schedule for the pupils of Gainesville District to the Manassas High School the school board is adding a large new bus to the equipment at Haymarket.

There will be three busses operating to Haymarket—one to be driven by John R. Sweeney, Jr., who will begin his schedule at Swart's corner, Pageland Lane and Route 211 at 7:30 a.m., and run his regular route arriving at Haymarket about 8:25. Dick Welsh will drive his regular route from Hickory Grove on about the same schedule as last year. He will leave Robert George's gate about 7:30 a.m., run his route, arriving at Haymarket about 8:25. Wade H. Butler, Jr., will operate the new bus. It will leave Buckland at 7:30, proceed to Gainesville on 211, leaving his load at the new school. He will then run the Beverly's Mill-Waterfall route, arriving back at Haymarket about 8:25.

The high school bus will be driven by Wade Butler and will leave the new school about 8:30. This bus will be scheduled to arrive at Manassas about 8:50 or 8:55. This high school bus will be scheduled to arrive back at the new school in Haymarket about 3:40 and all routes to homes will start about 3:45.

It is believed that these schedules may be improved after they have been operated awhile. Patrons are requested to allow about ten days for adjustments after which the schedule should operate smoothly. The Board solicits the full co-operation of all patrons and pupils and also requests that any criticisms be directed to the Superintendent's office promptly in order that corrections may be made without loss of time.

DARDEN GETS HUGE MAJORITY OF SMALL VOTE

Preliminary tabulations show that Colgate W. Darden, Jr., Virginia's next Governor, polled approximately three-quarters of the entire vote cast in the Democratic primary August 5. The unofficial count, with 351 precincts missing out of 1716, gave Darden 97,493 votes, State Senator Vivian L. Page 17,979, and State Senator Hunsdon Cary 11,974.

Senator William M. Tuck, of Halifax, elected Lieutenant-Governor, received 98,744 votes in the same count, against 23,732 for his opponent, Moss A. Plunkett of Roanoke.

It is believed that the official vote will not exceed 150,000. Official figures for Richmond were: Darden, 8117; Cary, 3,372, and Page 2,883.

LABOR TURNOVER IS STABILIZED

Federal Agency Adds Greatly to Successful Placements.

During July, 1941 1005 complete placements, 7 supplementary placements, and 163 referrals to federal positions were made by the Alexandria office of the Virginia State Employment Service, it was announced today by Manager Carter W. Friend. This office serves the employers and workers of Arlington, Fairfax, Prince William Counties, and Alexandria City.

The primary purpose of the State Employment Service, according to Friend, is to send to employers for permanent employment workers who are suitably qualified for the tasks which they wish them to perform. "Through careful appraisal of the workers' qualifications, abilities, experience, and training, and by close attention to requirements of employers the Employment Service is endeavoring to place workers in suitable permanent employment and to prevent needless turnover and migration of labor," Friend said. Some of the aids used in order to attain this goal are "trade questions" for certain skilled and semi-skilled workers, typing and shorthand tests for office workers, and clerical aptitude tests for young persons who desire to enter clerical work.

The Alexandria office assisted employers in locating 525 persons for regular employment in July, 1941 and 3099 persons during the first seven months of 1941. The office assists employers in locating employees both for regular and temporary work, and the total of all placements from January 1, through July 31, 1941 is 6002. This total is 45.1 per cent greater than the total for the similar period in 1940 when 4136 placements were recorded.

During July the office 501 new applications, and 524 persons renewed their applications. Sixty-six visits were made to employers by members of the office staff.

Friend urged all persons residing in the area served by the office to register immediately. There is a growing demand for all kinds of workers, domestic, and professional persons. Our National Defense effort requires the services of all persons in the work to which they are suited and for which they are best qualified. Persons who wish to take advantage of the opportunities for training for National Defense jobs should get in touch with the office. All persons are urged to register between 8:30 a.m. and 11:30 a.m.

MANASSAS LIVESTOCK SALES, INC.

August 12, 1941

Fresh cows per head	41.50 to 85.00
Butcher cows	6.60 to 8.15
Canners and Cutters	4.50 to 5.25

MRS. PIERSON TO ENTERTAIN BETHLEHEM CLUB

Bethlehem Club meets at the home of Mrs. Wm. Pierson, Wednesday, August 20.

FATHER AND CHILDREN DIE

Francis Sayre Drowned in Vain Effort to Save Family.

Sunday afternoon Francis Leroy Sayre, of Alexandria, was drowned with his two children, when a boat in which he and his wife and children were riding hit a snag and sank in Bull Run Creek about one and a half mile below Dans Ford Bridge, near Buckhall.

Apparently there were no witnesses to the accident and the only survivor, Mrs. Sayre, who was rescued by a passing motorboat, was unable immediately to give a coherent account of just what had happened. She was landed at Joe Browns and telephoned for help, but her condition was such that the rescue party from Manassas, headed by Mr. R. L. Vetter had the greatest difficulty in locating the spot where the accident occurred. In addition to the Manassas Volunteer Fire Department squad, the rescue party was assisted by four members of the Occoquan Fire Department and by some young men from the Buckhall community.

As the only direct way to reach the scene of the tragedy was by water against the current, and as no motor boats were available, it was necessary to carry row boats by truck through very difficult woods to reach the reach the place believed to be the most probable location. The drowning occurred some time near three o'clock and the bodies of the father and his two little children were not recovered until between 8 and 9 in evening, and then only by the most capable efforts of the rescuers.

The rescuing motor boat was driven by Mr. M. W. Buell who found Mrs. Sayre almost exhausted and unable, apparently, to state just what had happened, or to direct rescuers to the scene of the accident.

It was evident from the position in which the boat and the bodies were found that the boat had been pierced by its collision with some snag or projection and had sunk, and that the father had died in an attempt to swim to safety with his two children. The mother had apparently saved herself by grasping an overhanging branch, where she may have desperately clung for some time.

Officials of the Motor Company where Mr. Sayre was a trusted employee stated that he was man of good habits and not likely to endanger anyone through any carelessness or direction on his part, and the tragedy was the occasion of much sorrow and regret that his apparently courageous attempt to save both of his children, rather than to abandon one to certain death and save the other should have failed. The children were Jo Ann, age 5 and Leroy, Jr., age 3. The Sayres lived on East Walnut Street, Alexandria.

DAIRY GROUP COM- PLETES PRELIMINARY WORK

A meeting of the Northern Virginia Artificial Breeding Co-operative was held the court house at Manassas Monday evening August 11. The object of this meeting was to decide on financial policies for the association, insurance and liability provisions, details of telephone communication and other matters that may come before the board. Directors of the artificial insemination association are Wilmer Kline, Manassas, Va.; John Middleton, Herndon, Va.; R. B. L. Fleming, The Plains, Va.; Cecil Beane, Catlett, Va.; Gordon Willis, Culpeper, Va.; William Rowland, Warrenton, Va.; and Harry Wilson Catlett, Va.

Quarters for the associations' Holstein, Jersey and Guernsey carefully selected bulls and an artificial insemination laboratory are now being put into condition on the Guy Whitmer farm on the back road to Lake Jackson near Manassas, Va. An effort to obtain the best sires available of the three leading dairy breeds is being made by special committees of the artificial breeding co-operative with the assistance of R. G. Connelly, V. P. I. Extension Dairyman.

CULPEPER VISITOR

Mrs. J. P. Smith from the good old town of Culpeper, has been visiting her son and daughter-in-law, Mr. and Mrs. J. W. Smith.

Mrs. Smith recently celebrated her eighty-first birthday anniversary but she is as young and active as ever.

Rev. Henry S. Washington, Pastor
Mrs. Ellen Gray, superintendent of
Sunday School.

UNAFRAID

by Algia A. Martin
God give me strength
My task to always do,
To fight for the right
God give me strength anew.

I pray when I meet trouble
That I'll meet it unafraid,
And that I'll do my best
If it's needed to give my aid.

God does not measure ever,
What we have, but what we give,
Nor does He ever measure
Where, but how, we do live.

FIRST ENTRY RECEIVED FOR VIRGINIA STATE FAIR

The first entry for the Virginia
State Fair, September 22 to 27, was
announced yesterday by Manager,
Chas. A. Somma. It was a single
farm exhibit sent in by G. Carl Mein-
hard, Guinea Mills, Virginia, and
separate entries of corn, vegetables
and peanuts. Mr. Meinhard also en-
tered the potato show as representa-
tive of Cumberland County.
Among other early entries are those
of J. Clifford Miller, Jr., Richmond
in apples and J. P. Neal, Kings Creek,
S. C., who entered Berkshire Hogs
in all classes.
Manager Somma reports that
bumper crops are expected to cause
an increase in farm product entries
at the coming fair.

Journal.

LADIES AID WILL WITH MRS. COOKSEY

The Ladies Aid and Missionary So-
ciety of the Lutheran Church will
meet at the home of Mrs. P. J. Cook-
sey on Tuesday afternoon at 2 o'clock,
August 19.

IN MEMORIAM

In loving memory of my dear son,
Harvey L. Cornwell who passed away
ten years ago, August 15.
Also my father, mother, sister, and
husband and all my loved ones gone
before.
Time may heal the broken heart
Time may make the wound less sore
But time can never stop the longing
For the loved ones gone before.

Precious memories how they linger
How they ever flood my soul
In the stillness of the midnight
Precious sacred things unfold

Sleep on dear father, mother, sister,
husband and son.
Oh how sad the parting
But God's will be done.

By a devoted loved one,
Georgie L. Abel.

CHRISTIAN SCIENCE

"Soul" will be the subject of the
Lesson-Sermon in all churches and
societies of Christ, Scientist, on Sun-
day, August 17.

The Golden Text will be "Bless the
Lord, O my soul: and all that is
within me, bless his holy name" (Ps.
103:1).

Among the citation which com-
prise the Lesson-Sermon is the fol-
lowing from the Bible: "My soul shall
make her boast in the Lord: the humb-
le shall hear hereof, and be glad. O
magnify the Lord with me, and let us
exalt his name together" (Ps. 34: 2,
3).

The Lesson-Sermon also includes
the following passage from the Chris-
tian Science textbook, "Science and
Health with Key to the Scriptures"
by Mary Baker Eddy: "Day may de-
cline and shadows fall, but darkness
flees when the earth has again turned
upon its axis. The sun is not affect-
ed by the revolution of the earth.
So Science reveals Soul as God, un-
touched by sin and death,—as the
central life and intelligence around
which circle harmoniously all things
in the system of Mind" (p. 310).

GEMS OF THOUGHT SERVICE

Charles Fox said that restorations
were the most bloody of all revolu-
tions; and he might have added that
reforms are the best made of
preventing the necessity of either—
Colton.

Every reform, however necessary,
will by weak minds be carried to an
excess which will itself need reform-
ing.—Coleridge.

This is a period of doubt, inquiry,
speculation, selfishness; of divided in-
terests, marvelous good, and mysteri-
ous evil. But sin can only work out
its own destruction; and reform does
and must push on the growth of man-
kind.—Mary Baker Eddy.

He who reforms himself, has done
more toward reforming the public,
than a crowd of noisy, impotent pa-
triot.—Lavater.

How important, often, is the pain
of guilt, as a stimulant to amend-
ment and reformation.—John Fost-
er.

All reform except a moral one will
prove unavailing.—Carlyle.

CATHARPIN

The Rev. Mr. Clark Hannon Wood
delivered an excellent sermon at Sud-
ley Sunday morning. His text was
"Where is Zebedee?" Our minister
began the revival services at Fair-
view Sunday night. We hope that
every one will avail themselves of
the opportunity to hear these splen-
did sermons, each evening at 8 o'-
clock.

A congregational meeting will be
held at Sudley Church, Sunday morn-
ing, August 24. Every member and
all friends are most earnestly request-
ed to be present. Come promptly at
10 a.m. for an important meeting of
the Wesley Bible class, also. New
officers must be elected and commit-
tees appointed.

Mr. and Mrs. Henry Maddox spent
the week end with their brother-in-
law and sister, Mr. and Mrs. John
Tribble of "Tumseh", and also vis-
ited other friends.

Mr. and Mrs. Lawrence Harnsberg-
er of Clifton are receiving congratula-
tions on the birth of a little daughter,
Joan Olivia, who arrived at Warren-
ton Hospital, recently Mrs. Harns-
berger and her baby daughter are
spending a while with her parents,
Mr. and Mrs. Mode Smith.

Mr. Arthur Collins, of Triangle,
was a guest of his friend, Gordon
Pattie for the week end.

Mrs. Claude Ellis recently visited
her aunt, Mrs. Bertie Caton.
Miss Cynthia Pattie returned Sat-
urday from a several days' visit to
relatives in Washington.

Privates First-Class Alfred N.
Stamm and Arthur Perdue of Fort
George G. Meade were recent week-
end guests at "Bellefarm".

Messrs. Hampton and Lynn Alvey
were taken suddenly ill during the
week end, but are much improved at
this writing.

Mr. and Mrs. Earl F. Polen of
Pittsburg, accompanied by their
daughter and son, Miss Marjorie and
Dickie, were recent guests of their
cousin, Mrs. Etta Lynn, for a few
days. They were accompanied home
by their cousin, Miss Harriett Polen.

Friends of Mrs. Sue C. Swart will
be glad to learn that she is improv-
ing from her recent illness at the
home of her son-in-law, and daughter,
Mr. and Mrs. Max Collins in Triangle.
Mr. and Mrs. Walter L. Sanders
and little son, John Grason, of Ar-
lington, were callers at the home of
their cousins, Mr. and Mrs. J. W.
Alvey, Sunday.

In our recent obituary of Mrs.
Harry J. Ayres, we regret the om-
ission of one surviving brother, Mr.
Harvey Senseney of Atlantic City,
who with his wife attended the fu-
neral.

Mr. and Mrs. Emory Carter and
children of Arlington recently spent
a part of their vacation visiting Mrs.
Carter's parents, Mr. and Mrs. A.

W. Smith, after returning from the
beach.

Mrs. John F. Pattie and children,
Elaine and Franklin of Triangle re-
cently spent several days with Mr.
and Mrs. L. J. Pattie.

of Norfolk, Va.

HOMECOMING AT BUCKHALL

Homecoming Day at the Buckhall
United Brethren in Christ Church
will be held Sunday, August 24. An
interesting program is being arranged
and all members and friends of the
church are cordially invited to at-
tend the services.

Speakers for the day will include
Dr. S. B. Daugherty, of Washington,
D. C.; and Dr. J. Paul Gruver, su-
perintendent of the Virginia confer-
ence, Martinsburg, West Va.

The last quarterly conference of
the charge for this year will meet
immediately following the close of
the homecoming services.

FAYMAN

Mr. Tyson Herndon and family
of Maryland, visited Mr. and Mrs.
Charlie Herndon, Sunday.

Mr. Hampton Herndon, Mr. and
Mrs. Stanley Roberts, of Arlington,
visited their old friends here, Sun-
day.

Mr. and Mrs. Emanuel Plaugher
and little son, of Arlington, visited
Mr. and Mrs. O. D. Landes, Sunday.
Mr. and Mrs. M. D. Herndon attend-
ed the anniversary day services at
Aden U. B. Church, Sunday.

Miss Beulah Landes attended the
Brown home coming near Morrisville,
Va., Sunday.

OCCOQUAN

Mr. and Mrs. C. O. Botkin and
Mrs. Harry Slack motored to Colonial
Beach on Sunday for the day.

Mrs. Ola Brunt of Winston-Salem,
N. C., was a recent guest of Mr. and
Mrs. B. W. Brunt.

Mr. and Mrs. R. F. Blessington and
son are vacationing at their former
home in Kansas.

Master Bobby Wayland, accompani-
ed by Mr. Phil Thornhill, of Waterfall,
is visiting his parents, Mr. and Mrs.
R. J. Wayland.

Miss Martha Kellar and Miss Maude
Brown, former teachers, of O. D. H.,
were week-end guests of Mrs. Ruth
Embrey.

Mr. and Mrs. Frank Hornbaker
have returned from their wedding trip
to Atlantic City, and are making
their home with Mrs. F. W. Horn-
baker.

Mr. Milton Heider, of Fort Meade,
is enjoying a furlough at the home
of his parents, Mr. and Mrs. W. C.
Heider, of Lorton.

Miss Doris Green has returned home
from a visit with friends in Balti-
more, and Philadelphia.

Mr. J. M. Wynkoop is spending this
week at his home in Leesburg.

WOODBIDGE

We had a rain which was badly
needed.

Mr. Earl Wells, of Indian Head,
Md., was a Sunday caller on friends
in this community.

Mrs. Robert Oliver spent Sunday
with her parents, Mr. and Mrs. Silas
Neilson.

Mr. William Patterson has a bad
hand so he can not work.

Mrs. Markwood Dent, Mrs. Car-
lton Hedges, Mrs. Shaver and Miss
Lettie Sullivan, have accepted posi-
tions in Quantico.

Mrs. Robert Hall, of Alexandria,
was a recent caller at the home of
her brother, Mr. Milton Sullivan.

Mr. Jones and family were recent
callers at Mr. F. E. Strothers.

Give Your Car High Anti-Knock in BOTH Speed Ranges

These two horses symbolize the two
main speed ranges in driving a car.
The draft horse stands for the low-
speed or traffic driving range. The
race horse symbolizes the high-speed
range, used on the open highway.

You need high anti-knock, not in
just one of these speed ranges but in
both. And you get this Double-Range

Anti-Knock when you use Sinclair
H-C Gasoline. H-C is given Double-
Range Anti-Knock by two special
refining processes. Try a tankful today
—at the price
of regular grade.

RE: SCHOOL BOARD AUTHORIZED TO BORROW MONEY.

WHEREAS, the County School Board of Prince William County has presented to this Board a copy of a resolution adopted on the 6th of August, 1941, authorizing the borrowing of a sum not to exceed \$20,000.00; and,

WHEREAS, it appears to this Board that it will be necessary for the County School Board to borrow a sum sufficient to meet its payrolls and other legitimate demands until its appropriation for the school term 1941-42 becomes available;

THEREFORE, it is ordered that the County School Board of Prince William County be authorized to borrow a sum not to exceed \$20,000.00, which loan shall be evidenced by the obligation of the said County School Board, and which shall be payable not later than December 15, 1941.

AYES: G. C. Russell, W. M. Johnson, C. B. Fitzwater, C. B. Roland, J. Murray Taylor, Chairman; V. S. Abel, Not Present.

RE: TRANSFER OF FUNDS TO THE COUNTY SCHOOL FUNDS.

Be it resolved that the County Treasurer is hereby authorized to transfer from the General County Fund to the County School Fund, as funds are available, such sums as are needed up to the amounts of the 1941-42 school appropriations.

AYES: G. C. Russell, W. M. Johnson, C. B. Fitzwater, C. B. Roland, J. Murray Taylor, chairman; V. S. Abel, not present.

RE: RE-ASSESSMENT.

Be it resolved that the Clerk of this Board, be and he is hereby ordered to request the 1940 Board of Assessors to convene at the County Office Building, Manassas, Prince William County, Virginia, on Wednesday, August 13, 1941, at the hour of 10 o'clock A.M., for the purpose of reconciling their re-assessment with the records of the Commissioner of Revenue for Prince William County, Virginia.

UNANIMOUS VOTE.

RE: DAYLIGHT SAVING TIME.

Whereas, the Governor of Virginia has asked the co-operation of all County officials in the State in invoking daylight saving time for the period August 10 to September 28, as a means of promoting National Defense, and at the request of the County office holders,

Be it resolved that the offices at the Court House and the County Office Building be put on daylight saving time effective August 10th and terminating September 28th.

UNANIMOUS VOTE.

WASHINGTON IS LOCALE OF NEW FILM THRILLER

A tense murder mystery amid world shaking events of today in America's national capital forms the theme of "Washington Melodrama", coming Wednesday, August 20 to the Pitt's Theatre.

A millionaire, engaged in a campaign to feed the hungry of Europe, becomes enmeshed in a strange Black-mail and murder plot and faces disgrace. His socialite daughter turns amateur detective, aided by her fiancé, a newspaperman, to solve the grim mystery and clear her father. It is played against the background of national affairs, happenings in a brilliant night club and a rushing newspaper office.

Ann Rutherford, famous as Andy Hardy's sweetheart in the "Hardy Family" series, plays her first romantic lead as a society girl. Frank Morgan plays a dramatic role as her father, and Fay Holden, the "Ma" Hardy of the screen, becomes a new person with elaborate gowns and coiffure to play her mother.

Dan Dailey, jr. and Virginia Grey stage songs and dances as night club stars, and also have a prominent part in the tense mystery plot, and Kent Taylor plays the male lead as the newspaperman. S. Sylvan Simon, of "Fast and Furious", "Two Girls on Broadway" and other hits, directed, and Edgar Selwyn produced.

Players include Lee Bowman as a debonair reporter, Anne Gwynne as leader of a bevy of bathing beauties in the night club "Aquadance", Douglas Dumbrille, Olaf Hyttton, Sara Haden and Cliff Clark. Many actual Washington locales, such as the anteroom of the Foreign Relations Committee of the Senate, figure in the dramatic action.

LORETTA YOUNG LEADS IN FRANK LLOYD SUCCESS

The richly entertaining films that have come to be expected from the veteran Frank Lloyd are continued in his latest production, "The Lady from Cheyenne", a Universal comedy starring Loretta Young, which opens next Thursday and Friday, August 21-22, at the Pitt's Theatre.

Producer-Director Lloyd strikes a novel and amusing note in "The Lady from Cheyenne" by relating his story in a modern breezy tempo against a background of frontier Wyoming in the 1870's.

The picture not only is some thing new for Lloyd, but it is likewise the first "Western" role in the distinguished career of Loretta Young. Her performance assuredly must be considered one of the best of the current season.

Matching Miss Young's versatile

performance are such well known players as Robert Preston, Edward Arnold, Gladys George, Frank Craven, Jessie Ralph, Stanley Fields, Samuel S. Hinds and Willie Best, who head the supporting cast.

Miss Young portrays a naive but determined young schoolteacher who comes out from Philadelphia to live on the frontier. She quickly becomes involved in a conflict with a gang of crooked politicians led by Arnold and Preston, and she adopts some amusingly surprising methods to break their hold on the settlers.

Keeping pace with her fight against the gang is her romance with Preston, a love story that unfolds into a highly dramatic climax.

Lloyd, famous for such pictures as "Mutiny On the Bounty", "Cavalcade", "If I Were King", and others, has directed "The Lady From Cheyenne" with a sure hand a lively sense of comedy values. The novelty of the plot comes from the original story by Jonathan Finn, and Theresa Oaks, and full advantage of the situations are taken by Kathryn Scola and Warren Duff in writing the screenplay.

Robert Preston, who sprang into prominence by his fine work in "Union Pacific" and "North West Mounted Police", here plays his first leading role, and his performance carries him well on the road to stardom. Edward Arnold, always an important contributor to the pictures in which he appears, has an interestingly new characterization as a tongue-in-cheek politician who wants people to like him.

Gladys George returns to the screen after an absence of almost a year to portray a philosophical dancehall belle who befriends Miss Young. Also happily cast are Jessie Ralph as a townswoman, Frank Craven as a crusading newspaper editor, Samuel S. Hinds as territorial governor, and Willie Best as the cloakroom attendant at the Wyoming legislature.

CENTREVILLE

Mrs. Eva Utterback has left with her nieces to spend several days in Atlantic City.

Mr. John De Bell, jr., is at home visiting his parents, here, while on vacation from camp.

Friends of Mr. C. C. Lewis will be sorry to learn of the death of his son, last week, in an accident while at work in North Carolina.

Mrs. James Payne spent several days last week visiting parents near Culpeper, Va.

Mrs. Agnes Robey has left on a vacation.

St. John's Guild meeting has been postponed until the 1st. Thursday in September due to illness of Mrs. Turberville's sister.

THE ROOSEVELT

CHURCHILL MEETING

Simultaneous announcement this morning from London and Washington that the President of the United States and the Prime Minister of England had met at sea and were issuing a joint statement was preceded by a breathless expectancy created by one of the most dramatic preparations of the public mind that has occurred under our modern system of instant international communication.

For a moment following the British broadcast there must have swept over a listening world a wave of deep disappointment that a more dramatic statement had not eventuated from such a sensational background, but upon more deliberate study, the significance of the announcement rather than its detailed text, stands out in bold relief and fully justifies the unparalleled and successful effort made by the participants to attract the attention of world distraught with the fearsome noises of bloody conflict and feverish preparation.

Not willing to risk the fatal mistakes of President Wilson and obliged by the facts of history to give satisfactory assurance that the United States will not again make a separate peace with Germany and leave the other great Democracies to police the world, President Roosevelt now give full assurances that we will this time go the whole way through war, victory and peace to end aggression.

SURRENDER IN RICHMOND

Governor Price's threat that unless Virginia acts on "liberalization of the poll tax" requirement for voting it may "be forced to some action by the Federal Government" is a cowardly and treacherous betrayal of the Commonwealth to the power-greedy forces in the central Government at Washington.

It is an improper admission of Federal powers over the so-

These are small words but they are large in their application to happiness and security.

SAVE by depositing regularly in this friendly and safe bank and you will soon HAVE the means of meeting your obligations and opportunities.

The Peoples National Bank of Manassas

Coming through with flying colors

• The more dramatic side of defense deals with tanks, planes and guns. But very important too is the less spectacular financing of defense production. Every day, quietly and efficiently, America's banks are providing, in the form of loans, the hundreds of millions of dollars needed to keep the armament schedule racing ahead. When the history of this era is written, the part played by the American banking system will be revealed in its full significance. We are proud to be playing our part.

NATIONAL BANK OF MANASSAS

Member Federal Deposit Insurance Corporation

vereign rights of the states. Governor Price did not explain in what manner the Federal

Government would move to "force" action in Virginia but his statement would indicate that he already has conferred with authorities in the national capital and knows that a move is likely.

The Washington Government already has unjustly assumed many of the powers that were intended for the states. Mal-interpretations of the interstate commerce laws have enabled the central authorities to regulate industries and businesses where only the state authority existed before. The distribution of tax-payers' money to the several states has made it possible for new divisions of the Federal Government to control the departments of welfare, unemployment compensation, and, in some instances, even education in states where the Governors were willing to be coerced or afraid to resist.

With WPA and other relief funds and with the help of the Senate committee for investigating elections, leaders of the federalists have actually controlled state elections even when no federal offices were at stake. Now there seems to be in the making an attempt to "force" the sovereign Commonwealth of Virginia to change its election laws whether or not the people of Virginia so desire.

Charlottesville Progress

TESTAMENT OF AN EDITOR

We like people who give us news items.

We adore club reporters who get their news in the day after instead of the week after the club meeting.

We are fond of folks who know typewritten copy should be double spaced, and of correspondents whose handwriting requires no special decoding.

We appreciate readers who realize that no conclave is held in the newspaper office each day to decide which small item will appear on the front page and which inside. While we do plan to give front-page space to the several most important stories each week, there is, in our minds, an equality of importance between the Smiths' "company" on Page 1 and the Joneses' dinner guests on Page 7.

We are grateful for fellow citizens who do not make a gleeful practice of pointing out typographical mistakes that get into the paper. We invariably find them our selves the moment the paper is off the press, and seldom think them funny.

And we greatly esteem those fine souls who take the trouble to compliment us when they have enjoyed "a piece" in the paper.

There are, indeed, some very nice people in the world.
Pleasant Hill (Mo.) Times

HAS OLD HEIRLOOM

Mr. T. M. Bowie, of Route 2, has an interesting old heirloom in the shape of a pair of side combs (wooden) which belonged to Roger Williams, of New England fame.

Mr. Bowie has proof to show that they have been in his family for five generations.

BRIEF LOCAL NEWS

Dr. and Mrs. Marsteller attended the horse show in Berryville on Thursday.

Colonel and Mrs. R. A. Hutchison attended the Bar Association at White Sulphur Springs during the last week.

Mr. and Mrs. R. E. Merchant from Chester, Penn., also were recent guests of Mr. and Mrs. R. L. Byrd.

Mr. and Mrs. R. L. Byrd had visiting them last week their son and daughter-in-law, Mr. and Mrs. George Byrd, of Takoma Park, Md.; and their grand children, Paul and Lawrence. The party spent part of last week in Clifton visiting Mrs. George Byrd's family.

Miss Nancy Lynn, Miss Jane Lynn, Miss Walser Conner and Miss Evelyn Gilly, spent last week end in Charlottesville.

Mrs. Roswell Round left Saturday for Selma, Ala., where she will join Maj. Round. Mrs. Round was accompanied by Miss Atha Hooff, who will be her guest for several weeks. Miss Hooff will also visit her classmate, Miss Nell Garton, in Birmingham, Ala., before returning to Virginia the last of the month.

Mr. and Mrs. R. S. Hynson and family are spending the month of August at their bungalow on Lake Jackson. Mrs. John Slaybaugh, of Gettysburg, Pa., is visiting them there.

Mr. Warren Bauserman has accepted a position as assistant accountant with the Tennessee Valley Authority. Lt. Charles L. Bauserman, of Fort Storn, Va., spent several days with his parents, Mr. and Mrs. R. C. Bauserman this past week.

Mr. and Mrs. J. Jenkin Davies left this morning for Wyoming where they will visit at Mrs. Davies' old home.

Misses Dorcas and Barbara Leachman had as their week-end guest, Miss Lula Howard Spragins, of Richmond, Virginia. On Friday evening, Miss Spragins was the honor guest at an informal supper party given by her hostesses.

Miss Katherine Jenkins is visiting in Madison this week.

Mr. and Mrs. W. A. Johnson of Buena Vista, Va., and Mrs. Norma R. Davies of Arlington, were the guests of Mrs. E. H. Hibbs over the week end.

Mr. James Birkett leaves Saturday morning by motor for San Gabriel, near Los Angeles, where he will visit Mrs. Norwood Cockerille for several weeks. He plans to stop off at Cleveland and other points en route.

Mr. Clarence L. Fleming of Arlington, and Mr. Raymond of Catlett, were guests in the past week of Colonel and Mrs. R. A. Hutchison.

Miss Virginia L. Rinaldue is visiting her cousin, Miss Verjo Norman, of Baltimore, Maryland.

Mr. and Mrs. Jake Hensley, of Radford, are visiting their daughter, Mrs. Albert A. Breeden.

The Rev. Mr. T. M. Bowie is in Lynchburg this week attending the annual church encampment. He will not be here this Sunday to keep his church appointments.

Mr. and Mrs. H. L. Weatherall have had visiting them, for the past ten days, their son, and daughter-in-law, Mr. and Mrs. Martin C. Weatherall, of Arlington, Va. The former is recuperating from a recent illness.

Mrs. Lizzie M. Kite returned home Sunday from a week's stay at Colonial Beach.

Mr. T. H. Newman, of Amissville, formerly a resident of Manassas, has been spending a few days here.

COUNTY AGENTS COLUMN

Applications Now Being Taken for Ground Limestone and 20% Superphosphate

Applications are now being taken at the County Agent's office for ground limestone and 20 per cent Superphosphate. The ground limestone may be used on any land but the 20 per cent Superphosphate can not be used in connection with any depleting crop or on any land that will be planted to a depleting crop before July 1, 1942. Neither is the fertilizer to be used on soybeans, cowpeas, millet or Sudan grass. These grant-of-aid materials will be charged up to farmers at double their actual value if improperly used or if not applied to the land before July 1, 1942. Since both ground limestone and 20 per cent Superphosphate may be exceedingly difficult to obtain next spring, farmers are urged to obtain and use all the materials available to them through the program during the next few weeks and to place their applications at the County Agent's office now. Apply For Wheat Insurance Before September 1

August 30 is the final date for receiving applications for insurance on the wheat crop to be seeded this fall. The Government insurance provides for a 75 per cent crop at an average cost of the value of one-half bushels of wheat per acre. This amount will be deducted from the farm payment and will not call for a cash outlay. Farmers wishing to insure their crops are cautioned that application must be made not later than August 30 or the last Saturday of this month. Wheat Allotments for Coming Year

Another referendum on wheat marketing quotas is likely to be held again next spring. Should they be voted by wheat growers, a penalty on wheat grown on the excess acreage will again be in effect. 1941 fall seeding allotments for each farm have been received and will be mailed to Prince William farmers within the next few days. If the allotment notice is not received, it will be advisable to inquire at the county office before seeding wheat this fall. Allotments are being made only on wheat and there will be no limit on the acreage to be planted to other depleting crops as oats, rye, barley and corn.

"Telephone Hour" Begins Second Year With Same Cast of Noted Performers

Success Of Bell Radio Program Due, In Large Part, To Talent And Background Of Members Of Chorus And 57-Piece Orchestra

The chorus of 14 voices heard over the "Telephone Hour" every Monday evening is shown above rehearsing a number under the direction of Kenneth Christie, who formed the chorus especially for the Bell radio program. Fourth from the left in the front row is Elizabeth Newberger who, on one occasion, substituted for Francis White when the star was ill.

A little more than a year ago—April 29, 1940 to be exact—a new radio program hit the airways, having as its principal performers James Melton, tenor, Francis White, soprano, a mixed chorus of 14 voices and a 57-piece symphonic orchestra under the direction of Donald Voorhees. The program was known as the "Telephone Hour." Today that same show featuring the same cast of 77 is "going on two years" and becoming increasingly popular with millions of radio listeners.

At the present time, due to the adoption of daylight saving time in New York, where the program originates, the "Telephone Hour" is heard at 7 p. m., Monday evenings instead of the usual 8 p. m.

Melton, White and Voorhees, the program's principal performers, have become well acquainted with America's radio audience. There are other members of the cast, however, who deserve an introduction. For example, there is Jacob Zayde, concert master of the 57-piece Bell symphonic orchestra. Jacob, who gave his first recital when he was four and one-half years old,

has appeared in practically every European capital.

Chester Hazlett, the first clarinet, played in the San Francisco opera with Paul Whiteman before Whiteman became famous.

Lucien Schmitt, cello, had his first job at the age of 13 playing with the St. Louis symphony. He has taught himself to play the saxophone and he says if you heard him you wouldn't doubt it.

These and many other members of the orchestra have played with Director Don Voorhees for a number of years. Voorhees, who is 38, has been a top-flight radio conductor for more than 10 years.

The Christie chorus heard on the program was formed by Kenneth Christie especially for the "Telephone Hour." A number of the singers appear as church soloists in New York and some are working hard to get into the Metropolitan Opera.

Thus, it can be seen that the people who make up the Bell System's radio program have the innate talent and the necessary background that an exacting venture such as the "Telephone Hour" demands.

Spats and Walking-Sticks

SOME of our rough and ready hard guys from the great open spaces poke fun at the diplomatic representatives of the U. S. in foreign capitals. They are accused of wearing spats, going to too many cocktail parties and some are even said to wear monocles. Cordell Hull never bothers to answer such criticism. As Secretary of State he knows that most of his staff are hard-working, highly trained men who get themselves planted in remote and often unhealthy posts, work like the devil, and pray for occasional leaves of absence.

American tourists resent the polished appearance of U. S. consuls.

As a preventive of malaria take six grains of quinine daily whenever exposed to the bite of infected mosquitoes. If malaria comes, take 20 grains of quinine for 5-7 days and stop the quinine when the chills and fever have stopped. Such a regime would have saved the life of our diplomat.

WATERFALL

Mr. and Mrs. Frank Mayhugh and the Misses Virginia Mayhugh and Gwendolyn Davis, who spent last week with Miss Flora Smith, are spending this week at Virginia Beach, before returning to their home at Pittsburg.

Mr. and Mrs. Raymond Riley, who spent the past two weeks with Mr. and Mrs. R. R. Smith, returned on Saturday to their home in Brooklyn.

Henry Gossom, son of Mr. and Mrs. W. R. Gossom, of Hickory Grove, who recently suffered on appendicitis operation at Emergency Hospital, is now convalescing.

Mr. and Mrs. Charles Barnes and Mr. and Mrs. Henry Thomas, of Arlington, attended services at Antioch Church, on Thursday evening last.

Quite a number of our folks attended the meetings of the Potomac Baptist Association meeting at Manassas this week.

Mr. and Mrs. Preston Smith and Mr. and Mrs. Jack Hunt and son were week-end visitors at Fairview Beach.

Mr. and Mrs. S. R. Clark and Mr. and Mrs. Stuart Davis of Baltimore,

were recent visitors here.

Miss Emma Mayhugh of Washington, D. C., who is visiting Mr. and Mrs. Bob Mayhugh, of Haymarket, attended services at Antioch nearly every evening.

The series of meetings, which were conducted at Antioch by the pastor, the Rev. Mr. Barnett Grimsly, assisted by the Rev. Mr. E. V. Peyton, of Rhoadesville, came to a close on Friday evening last. There were two additions to the church from our S. S. ranks, Margaret and John Elwood Cox. Every one liked Mr. Peyton and we hope he will help in a meeting again. The home coming day on August 3, was heart warming in reviving old association; both the morning afternoon services were beautifully conducted and very inspirational.

Mrs. J. T. Simonds, of Washington, who was one of the oldest persons present, spent her girl hood almost within the shadow of the church.

ADVERTISERS

The Observer Says

(Reprinted from the News-Observer, Fairfax, Va.)

Events of the past few days confront us with a growing realization that we are not nearly as safe nationally, in Virginia, or right here in Fairfax County as we would like to believe.

We see the Congress only approving the retention of the Selective Service men for another eighteen months by a margin of a single vote, although the international situation has increased vastly in danger.

We see renewed Communistic invasion of the structure of our Federal Government and our defense industry as Russia becomes allied with us in the fight against Adolph Hitler.

We see a most inefficient gasoline control effort directed by a man, appointed to high place, who is revealed by Martin Dies as a member of five Communist organizations.

We see the huge New Deal machine running away with itself in an extravaganza of civil expenditures while the President's attention is occupied with international affairs.

We see the South again at-

tacked by the New Deal reformers who seek to "remake us" while we are also patriotically supporting all-out aid to Britain.

We see the Governor of Virginia, in the most bitter Anti-Southern language, warning us that unless we voluntarily remove the poll tax his powerful friends in Washington will force us to do so.

In Fairfax County we see a candidate like Moss Plunkett receiving the highest vote of any rural County—a candidate for Lieutenant Governor who is against our most precious Southern traditions and diametrically opposed to the fine policies of Governor-Elect Colgate Darden.

We read in one of the yellowest Fifth Column newspapers in the United States that the eyes of the New Deal are focused upon our County and upon the political fortunes of their champions here.

We are not nearly as safe in the possession of our Constitutional guarantees of property rights and political freedom as we would like to believe.

ARMY PLANS TO ENROLL
CIVILIAN INSTRUCTORS

In line with the plan of the War Department throughout the country, Third Corps Area Headquarters announced today a plan for giving certain jobs now held by soldiers in the Corps Area Service Command to civilian employees. The soldiers released may be assigned to combat units or to act as instructors in the expanding Army. This is another step toward increasing efficiency throughout the Service.

An appropriation for this purpose was passed by Congress in the amount of \$43,940,000 for the country as a whole. The present allotment to the Third Corps Area from this fund totals approximately \$2,500,000.

Fort Belvoir, Carlisle Barracks, Fort Eustis, Indiantown Gap Military Reservation, Camp Lee, Fort Meade, and Fort Monroe will receive the largest proportion of this allotment. In addition to the allotment to the Third Corps Area, the exempted stations such as Langley Field, Aberdeen Proving Ground and Edgewood Arsenal will receive similar allotments.

It is expected that within the corps area approximately 3,500 soldiers will be replaced by civilians and that this will be in full operation by September 1. A majority of such civilians will be drawn from eligible civil service lists.

The classification of workmen and artisans which will be needed for management and upkeep of posts, camps and other establishments of the Army are: operators of telephone, teletype and radio equipment; engineers, electricians, draftsmen, carpenters, blacksmiths, plumbers, steamfitters, machinists, sheet metal, leather and canvas workers; butchers, watchmen, janitors, firemen, and clerks.

Estimates of costs indicate that there are economic advantages also in this plan. A majority of the civilian employees will get about \$1440 a year. Some in higher grades will receive an average salary of about \$1510 a year. A comparative few will receive higher salaries. Among the men who will be replaced are master sergeants whose pay is approximately \$1500 a year, which does not include allowances for food, clothing and medical attention. There will be a saving in the replacement of privates, too. Their upkeep ranges from \$1700 to \$2000 a year, excluding the cost of their equipment.

We wish to thank our various correspondents for sending their notes early this week.

4-H CLUBS CREDITED WITH IN-
CREASING QUAIL POPULATIONS

"Farm boys and girls deserve a large share of the credit for increased quail populations in most sections of Virginia," said Cecil F. DeLaBarre, educational director of the Virginia Commission of Game and Inland Fisheries, speaking Tuesday to delegates to the state 4-H conservation camp at Holliday Lake. "Not only have the 4-H members raised a substantial number of quail in the co-operative quail-rearing project sponsored by the 4-H Clubs, the Commission, and the V. P. I., but on many farms they have improved food and cover to the extent that native and released birds have had a chance to increase under natural conditions. The clubs members, since they understand the basic principles of agriculture, realize that

wildlife must have adequate food and cover if it is to thrive, and the improvements which have been made through managing fencerows, gullies and waste areas have effectively supplemented the statewide quail restoration program of the Game Commission."

Jame F. McIner, Commission educational assistant, described effective farm wildlife projects to the delegates on Tuesday, and will show motion pictures of wildlife this evening. On Wednesday the Commission representatives discussed game laws with the delegates, and gave suggestions for developing farm ponds and other water areas.

S. The text and illustrations are taken from the book "Footprints of the Trojan Horse" published by Citizenship Educational Service, 122 East 42nd Street, New York City, a non-profit association of patriotic organizations dedicated to the preservation of Americanism.

Second Effect of
Totalitarianism—

The Destruction of Civil Rights

We take our liberties for granted because we do not realize what it would be like to live in a country that has lost them—

1. A country where it is impossible to speak freely, even to your friends or in the bosom of your own family, without the risk of being betrayed.

2. A country where at any time you may suddenly "disappear" into a concentration camp.

3. A country where you are not entitled to trial by jury.

4. A country where freedom of the press has been abolished and the government monopolizes the news.

5. A country where listening to a foreign broadcast is treason.

6. A country where at every turn of the road you are expected to salute some party officer or official.

DUMFRIES

(Received too late last week)
Mrs. Walker Merchant returned to her home in Manassas Tuesday after visiting at the home of Mr. and Mrs. Randolph Brawner.
Mrs. Dick Hornsby and daughter, Jeannie, have been visiting friends in Bluefield, W. Va.
Mr. and Mrs. Leary Cato and daughters and Miss Carmen Fuller have returned from a vacation in Atlantic City, N. J.
Mrs. Elsie Garrison and son, Ronnie have been visiting at the home of Mrs. Annie Merchant.
Miss Betty Lovelace has been staying with relatives in Herndon, Virginia.
Mr. and Mrs. William Austin had relatives from Fredericksburg, Virginia as their guests last Monday.
Mr. and Mrs. Roland Tardiff and children of New York are guests of

Mr. and Mrs. Clay Speake.
Miss Elizabeth Brawner had as her guest last Friday and Saturday Miss Ida Bell Foster of Farmville.
Miss Eleanor Austin spent her vacation with relatives in Louisa, Va.
The many friends of Mrs. Belle Merchant were sorry to hear of her death on Sunday.
Miss Mary Jean Holloway returned home last week after spending some time in Chamblée, Ga.
Mr. and Mrs. Reid Waters and children spent Sunday at Charlottesville, Va.
Mr. and Mrs. G. F. Waters had as their guests last Sunday friends from Washington, D. C.

ADEN

Mr. and Mrs. Dan B. Landes entertained on Sunday Mrs. Carrie Newman Rhoda, Betsy and Joe Newman and Mary Gail Fortney all of Way-

nesboro, Penn.; Mr. and Mrs. G. W. Montgomery and Mary-Lou and Miss Dorothy Landes of Washington.

We also attended the morning Homecoming service at Aden U. B. Church.

Other guest at the home Mr. and Mrs. Dan Landes were Mr. and Mrs. Charles Landes and Mr. George Smith of Washington, D. C.

Miss Betsy Newman is spending several weeks with the Landes' and Miss Dorothy Landes will also spend one week of her vacation at home.

ICELAND'S BATHS PLEASE MARINES

They never call the janitor for hot water in Iceland. An endless supply is gushing from the hot sulphur springs, according to the U. S. Marines on duty there.

Letters from the sea soldiers to the home folks state that they live in cylindrical huts built somewhat like igloos. They like the food and they are enjoying good health in the current springlike weather.

There are no trees or any of the familiar landmarks of America in Iceland. The landscape is covered with tall mountains of volcanic origin.

Bit by bit the Marines are picking up words of the Icelandic language and in due course of time some of the native vernacular will be added to the already extensive vocabulary of the leathernecks.

Best of all, however, they enjoy the warm sulphur springs where they shave, bathe and, incidentally, wash their own clothes. The latter art is learned by the sea soldiers at their training camps and they turn out a "wash" good enough to win the envy of a housewife.

A free water supply of every temperature, from scalding hot to ice-cold, is obtainable due to the fact that the Marines perform their ablutions right where a cold stream joins a hot one.

The United States Marine Corps maintains recruit depots at Parris Island, S. C., and San Diego, Cal.

United States Marines first tried parachute fighting 14 years ago. Twelve equipped men jumped from a plane at that time.

U. S. Marines hoist the Stars and Stripes at 8 o'clock each morning. Because the posts and stations where they serve cover so much of the earth, Marines are raising the flag 19 hours of each day.

The Fleet Marine Force is divided into two divisions, one on the East coast and one on the West. Each division has more than 13,000 men.

The strength of the United States Marine Corps is maintained at 20 percent of the authorized strength of the navy.

United States Marine parachutists are trained at the naval air station at Lakehurst, N. J.

Fire fighting equipment at all Marine posts, navy yards, naval air stations and naval bases is manned by United States Marines.

More than 7000 United States Marines are enrolled in the Marine Corps Institute at Washington, D. C.

Service men today still like tattooing, according to Einer Kluge, old-time tattoo artist located here.

United States Marines, Kluge says, are his best customers. Soldiers come in sendo and sailors are third.

Marines like the Marine emblem and the famous Devil Dog for a design, he says. Sailors prefer anchors and ships.

The average soldier, however, likes a blue and red background and the words, "Death Before Dishonor".

Nude women are becoming a thing of the past as far as the tattooing business is concerned, Kluge says. The service man of today appreciates tattooing art of a more "refined" nature.

WOULD IMPROVE NAVAL AMMUNITION DEPOT

A naval appropriations bill calling for approximately \$4,350,000 for additional facilities at the Hawthorne, Nev., naval ammunition depot is awaiting action by the appropriations committee of the house of representatives.

The projects include a Marine Barracks extension costing \$24,000. The depot is guarded by United States Marines.

THE NAVY NEEDS VOLUNTEERS

The Navy building program is far ahead of schedule but the Navy needs 30,000 men now to man the new ships. The Navy is enlisting all of the men obtainable in the Navy and Naval Reserve and patriotic men are urged to serve their country in the Navy and the Naval Reserve during the present emergency.

Young men between the ages of 17 and 36 are now being enlisted in Classes V-2, V-3, and V-6. U. S. Naval Reserve to serve during the present emergency. They will be given the regular routine training course and then assigned to aviation and trade schools for further training. Patriotic young men are urged to contact their Navy Recruiting representatives at the Post Office Building, Fredericksburg, Virginia, on Monday and Tuesday of each week.

WANTED TO HELP IN THE NEW EMERGENCY

An old man of 63 appeared at the Marine Corps Recruiting office at Tulsa, Okla., with his suitcase all packed. He wanted to join the Marines.

He said he was unable to serve in the World War because he had dependents and thought he could get in to this one now because he no longer has dependents.

PENDER

Mrs. Mellisa Croson and daughter, Miss Louise, reported better.

In the last few days, callers at the Alders were Mrs. Marshall Alder, daughter, Alice and Mr. James Woodyard, Mrs. R. P. Gooding, Miss Bertha Hurst, and Mr. and Mrs. John Parrish.

Jean Parrish spent the week end with the Adams children.

Ann Wagoner was a visitor of Barbara Ann and Allene Adams Saturday evening.

W. S. of C. S. will have a festival in Pender Church Grove on August 23.

The Rev. Mr. Gray delivered a very nice sermon at Pender Sunday night. Mrs. Ira Hutchison was visiting at Pender one evening last week.

Mrs. Albert Martin, of Pender, has pneumonia and is reported very ill. Mr. and Mrs. R. L. Adams motored to Leesburg Sunday and visited relatives.

Mrs. Ray Webster had the misfortune to scald her leg a week ago but attended services the same night. Her burns are much better.

It has turned cooler and we need rain.

FAIRFAX STATION

Mr. and Mrs. E. H. Krehbiel had as guest for lunch Sunday, Mrs. R. R. Sneary, of Columbus, Grove, Ohio; Edna Jean and Norman Sneary, also of Columbus Grove, Mrs. G. C. Mellender, and John Joanne, and Joe Mellender, Miss Delilah Mae Blunk, Mr. and Mrs. L. F. Blunk, and Johnnie Blunk, and Miss Arlie Anderson. Mrs. Leonard Reedy is not so well.

Miss Helen Rector and Frankie Jones spent the week end with Frankie's grand mother, Mrs. Dunn.

Miss Delilah Mae Blunk, and Miss Joanne Mellender and John Mellender went on the moonlight cruise, Sunday night.

Mr. and Mrs. Vernon Steele, of Alexandria, Va., are the parents of a baby daughter, born July 24.

Miss Caroline Steele is spending a few days in Washington.

The Fairview 4-H Club will sponsor a dance in the Fairview school auditorium for the benefit of the Fairfax Fire Department on Friday night, August 15.

Who operates the world's greatest laundry? No, it's not the Chinese—it's the Pullman Co. Their laundries wash an average of more than one-half million pieces of linen for each work day!

Imagine a stack of Railroad Time tables over 150 miles high! The American Railroads distribute enough time tables to build such a structure—about 80,000,000—every year!

Imperial Salon Coaches on Chesapeake and Ohio's famous trains, THE GEORGE WASHINGTON, THE SPORTSMAN and THE F.V., have deep-cushioned reclining seats, carpeted floors, individual reading lights, modern lighting, free porter service, and many other features... all at the same low coach fares!

Nearly 1 1/2 million officers and men of our armed forces were transported by the Railroads during the first six months of 1941! This required 2,861 special trains—and also many special routings—without the slightest interference with other traffic! Yes, the Railroads are meeting the extra demands of National Defense and taking them in their stride!

The highest point reached by a railroad in the United States is the summit of Pike's Peak in Colorado, 14,109 feet above sea level, reached by the Manitou & Pike's Peak (cog) Railroad.

Ever wonder why coal from mines along the Chesapeake and Ohio has that extra heating power? It's because coals from this region have a low ash and moisture content and just the right combination of hydrogen and carbon!

SHIP and TRAVEL by TRAIN!

CHESAPEAKE AND OHIO LINES

SUGGESTIONS FOR FOOD MONEY

County Nutrition Board Offers
Seasonal Pointers.

If men and women are to feel well and able to work, if children are to be healthy and able to go to school, they must have food enough and they must have the right kinds of food. To go without the foods they need for any length of time will bring the tired, run-down feeling, or the actual sickness, the means lost time and doctors' bills.

Food enough and the right kinds of food. If you can afford to buy what you like you can afford to buy what you need. If you can raise your own food, you can get the right kinds without spending very much money. But families who can not raise their own food are often hard pressed for money to buy even enough. Also, food habits are strong, and not a safe guide. Not all people like what they need.

Everybody should have the right kinds of food, and the less the variety you can afford the more important it is to choose well. The smaller your purse the more important it is to get the most for your money.

The foods you need, guide to economical, balanced rations, give the whole family—

Every Day:

Bread and other grain foods, like cracked wheat, corn-meal mush, oatmeal, rice, grits.

Potatoes.

Milk: Fresh, evaporated, or dried. One or more vegetables or fruits, especially vegetables of green or yellow color.

Molasses, sugar, other sweets.

Butter, lard fat meat, other fats.

Plenty of water to drink.

Several times a week:

Tomatoes, raw cabbage, or raw fruit.

Some beans, peas, or peanuts.

Some lean meat, poultry, eggs, fresh fish, canned salmon, or cheese.

Give Young Children:

Milk at every meal.

Tomato or orange juice every day.

Several eggs a week, if possible.

Your body needs foods to build it to keep it in running order; to help resist disease—

Milk does more for the body than any other food, and does it more cheaply. It safeguards the low-cost diet, for children and adults. It prevents pellagra. It is the best all-around body-building food.

Dried beans and peas are many-sided foods. Use them freely in low-cost rations.

Lean meat, fish, poultry, eggs, and cheese are muscle-building foods. Like milk, they prevent pellagra. Eggs are especially important for children.

Tomatoes, oranges, and raw cabbage have special values. Give babies and little children some tomato juice or orange juice every day. Use for all the family often.

Vegetables and fruits are needed by everybody. When you have provided tomatoes or raw cabbage, add greens, and as many other vegetables and fruits as you can get.

Dark grain foods are important in low-cost diets because they contain valuable parts usually taken away in milling.

All grain foods are cheap body fuels. Combined with milk, they are also good for body building.

Use potatoes daily, if you can. 5½ pounds of potatoes, or 3½ pounds of sweetpotatoes, provide as much fuel as 1 pound of flour, rice, or other grain foods. Cook potatoes in their skins to keep their full food value.

Dark Molasses and cane or sorghum syrup are good for sweetening and have more all-around food value than pure sugar. Sweets for children are best at the end of a meal. They spoil the appetite for other foods.

Foods rich in fat supply abundant fuel and give flavor to the meal. But too much fat delays digestion. Use milk fat in some form every day, especially for children.

A Week's Food Supply—

The market list below shows two diet plans. Both are cheap, but one is much better than the other and costs more. The better one is marked with two stars (**), the other one with one star (*).

The two-star (**) diet contains enough of each kind of food to meet nutritional needs, with a margin of safety. It is better than the one-star (*) diet because it contains more of the protective foods—milk, vegetables, fruits, and eggs.

The one-star (*) diet just meets nutritional needs, with but little margin for emergencies. Families can get along for a while on this restricted diet, but the nearer they can come to the quantities of the two-star diet, the better off they will be. However, families who cannot afford the two-star plan will find the one-star plan a more satisfactory one than they would be likely to get by choosing foods at random.

A Family of Four—Father, Mother,

THE FIGHT FOR FREEDOM MOVEMENT

(Continued from Page One)

our shores; so our friendship with South America is being augmented, a string of Atlantic bases has been secured and efforts are being made to keep the French African Atlantic coast from falling into Nazi hands. The President knows, too, the tremendous importance—if we do not want to have a Pacific as well as an Atlantic war on our hands—of keeping Japan, who has now become only a tool in Hitler's hands, from further aggressions in Southern Asia.

But in all this far-sighted policy of domestic and foreign defense, the President is being constantly hampered by shortsighted or malicious individuals or groups whose work, whether they realize it or not, goes far toward encouraging and aiding the enemy by dividing and confusing our people. Hence, an organization, like the Fight for Freedom movement, that seeks to arouse the people to the danger confronting them, and to the consequent importance of national unity behind the President, is fast becoming a vital instrumentality in our whole scheme of defense.

So the Fight for Freedom movement working "to support unequivocally the present foreign policy of the United States; to aid Britain in every possible way including American delivery of lend-lease material; to defeat the defeatism of ambitious, embittered and frightened men who have lost faith in democracy; and, finally, to defend America against the subversive activities of groups who are trying to disrupt the unity of this Nation."

Any interesting in helping in this work for national unity and security, can send their name to the local committee chairman, Dr. Stewart McBryde, or the secretary of the state branch, Mrs. D. Tucker Brown of Lexington, Virginia, Box 683. There is no charge for membership but contributions will help in the work.

E. H. Osborn, local sec'y.

DR. SYDNEY B. HALL RESIGNS OFFICE

Dr. Sydney B. Hall, State Superintendent of Public Instruction this resigned his office, to take effect September 1. Dr. Hall had headed the public school system of Virginia for ten and a half years, having been appointed by Governor Pollard on December 30, 1930.

Dr. Hall, in announcing his resignation, stated that he would return to University work. He is said to be greatly interested in the work of the Southern Superintendent's conference and it is believed that he plans to assist in the work of organizing educational projects in the South.

CALVIN A. WOODARD

Calvin A. Woodard, 78, of Greensboro, N. C., died Friday, July 25. He had been ill for two months. The funeral was held at the Bessemer Baptist Church and burial in Forest Lawn Cemetery Sunday, July 27.

Relatives include his wife; three sons, William B. Earl, and Roland, a step daughter, Mrs. W. H. Woodard, ten grandchildren, and thirteen great grandchildren.

Uncle Calvin, as he was known to many, lived here in Manassas for several years with Mr. and Mrs. W. H. Woodard.

VIKINGS OF THE AIR

On the smooth, broad runways of the Island Airport at Toronto, Canada, the Viking spirit lives again as members of the Royal Norwegian Air Force carry on the traditions of their ancestors, the men who discovered America 1,000 years ago. The story of this brave and colorful band and of their tireless training and hard-hitting action is told in an illustrated feature article appearing in the Washington Sunday Star next Sunday.

HAY FEVER SEASON HERE APPROACHES

All allergy, like all Gaul, may be divided into three parts—three, because of the three principal avenues of entrance or points of attack. Allergic poisons may, in the form of cosmetics, chemicals or plant juices, penetrate the skin of the hands, face or other parts of the body and thus assault us from without. They may be swallowed, as food, and subsequently snipe at us from within. But the most common and most insidious offenders are those invisible enemies that pounce upon us from the air. They find our most vulnerable spots—the tender membranes that cover the eyeballs, and those that line the eyelids, the nasal cavities and the lungs.

With reasonable care we may usually succeed in avoiding unfriendly food and chemicals. But the aerial allergy attack by pollen grains, mold spores and buoyant insect scales is so widespread, so intense and long drawn out, that special personal defense measures must be taken. Nevertheless, a certain grim satisfaction may be had from the fact that there are few surprise attacks. All of the major allergenic broadsides are loosed on well-developed schedules.

Over the Northern and Eastern States the blossoming dates are well synchronized; but in the South Central and Southern States the weeds usually come to maturity later than in the North. However, there are a few interesting local exceptions. The Arizona ragweed season occurs in the spring—March and April instead of August and September. In southern Florida, on land where winter tomatoes and other vegetables are grown, common ragweed comes into full bloom in May. Wyoming has a small amount of ragweed pollen in the air in June and July. Along the Gulf Coast, from Tampa to Brownsville, ragweed pollination begins in September and drags along well into November.

If one were anxious to follow ragweed around the calendar, and the map he could keep in close touch with it about nine months out of the year. He could dodge it almost completely by staying in Houston until about the last week of September and then changing his residence to some Northern city. A nonstop flight from Houston to Minneapolis by plane at 10,000 feet altitude would do the trick.

Spores of certain kinds of fungi, principally nodules, cause hay fever and asthma in just the same way as pollen, but not necessarily in the same persons. One man may be sensitive to certain pollens only, another to mold spores but not pollen, and still another to both pollens and spores.

It is possible to prevent the symptoms caused by mold spores. The skin testing and treatment are carried out in the same way and produce the same degree of benefit as pollen treatment. A graduated series of hypodermic injection brings the patient's tolerance to a high level before the season begins and the treatment is continued at regular intervals to keep up the tolerance through the season.

GASOLINE SAVING MAY BE FORCED

National Co-Ordinator Disappointed at Voluntary Response.

Mounting demands of embattled Britain and Russia, combined with the expansion of America's air force, has brought from Secretary Ickes a warning that the United States faces a possible shortage of vital aviation gasoline.

Only by quickly increasing high octane refining capacity, he said, could this threat to the flying forces be erased, and he declared remedial steps were being considered.

The interior secretary, who is also defense petroleum co-ordinator, disclosed at his press conference that four American tankers plying west coast waters were being turned over to Russia, to increase the flow of aviation fuel to the Soviets.

Such transfer of tankers, he said, might a scarcity of petroleum in Pacific coast areas but he added that the "pinch" there probably would not approach in severity the shortage predicted for the Atlantic seaboard.

For the east, where transfer of American tank ships to British service brought a petroleum emergency, Ickes told newsmen he had "in mind" two or three plans for compulsory curtailment of gasoline, possibly by card rationing, if the voluntary conservation program failed. The co-ordinator expressed keen disappointment at the measure of co-operation shown by eastern motorists in response to appeals for a sharp cut in motor fuel consumption.

As to enforcement of compulsory rationing in the east, the co-ordinator told newsmen "I do not know what legal power I might have", but added quickly: "We have effective power, whether legal or not, through co-operation of the industry."

Sales of gasoline to dealers and through company-owned service stations by 15 major supplying companies for the week ending August 1 totaled 117,716,502 gallons, Ickes reported, against 116,686,636 for the week ending July 25 and 115,155,694 for the week ending July 18.

This increased consumption, it was explained, draws on the storage stocks of the east. The co-ordinator's office said a report was being prepared on the amount of such storage stocks and the rate of depletion due to consumption running ahead of delivery.

WEATHER CONDITIONS CUT VIRGINIA CROPS

Virginia crops "generally were much in need of rain" and "the condition of some crops declined considerably" in the week ended August 9, it was reported yesterday by the Virginia Co-operative Crop Reporting Service.

Favorable conditions prevailed for many crops during the month of July, however, and conditions were not uniform throughout the State. With good rains, the service said, crops should recover quickly from the dry weather of the past two weeks.

On the basis of August 1 conditions, the Crop Reporting Service estimated that the 1941 Virginia commercial apple crop would total 12,390,000 bushels. This would be 16 per cent larger than the 1940 crop and 20 per cent above the six-year average.

Apples, peaches, pears and grapes all showed considerable improvement during July. All parts of the State have a heavy set of peaches. The peach crop is estimated at 2,116,000 bushels, compared to 1,392,000 bushels in 1940 and a 10-year average of 902,000 bushels.

Virginia's wheat yield is better than expected, and a crop of 7,980,000 bushels is anticipated, or 15 bushels per acre. Last year the average was 15.5 bushels per acre.

Corn was benefitted by the July rains. The yield is estimated at 26 bushels, slightly below last year's record yield of 26.5 bushels.

We wish to thank our various correspondents for sending their notes early this week.
