### CHANGES MADE IN AAA PROGRAM

Chairman Lewis Explains Now Farmers May Avoid Payment Losses

A significant change in the 1942 AAA program in Virginia is a provision that conservation payments a farm may earn by complying with allotments of wheat, tobacco, peanuts, cotton and potatoes may be reduced in proportion to the per cent of the eligible soil-building payment earned on the farm, says P. A. Lewis, chairman of the county committee.

In order to receive the full payment earned by complying with acreage allotments of these special crops, a farm must earn a soil-building payment equal to or greater than the smaller of (a) the soil-building allowance computed for the farm on the basis of the cropland, commercial orchard acreage, and non-crop pasture; or (b) the total special crop payments earned.

This means, Mr. Lewis says, that if a farm had a soil-building allowance of \$60 and earned special crop payments of \$180, but actually earned only 50 per cent, or \$90, of the soil-building allowance he would get only 50 per cent, or \$45, of the special crop payment. Had the farmer carried out \$30 more in soil-building practices he would have received the remaining \$90 in special crop payments.

Taking another example, the chairman points to the case of a farmer who operates a farm with a soil-building allowance of \$70 and earned a special crop payment of \$40. If enough soil-building practices are carried out to earn \$40 or more the farmer would receive the full \$40 special crop payment. On the other hand, if he did not earn as much as \$40 in soil-building the special crop payment would be reduced the same per cent that the soil-building payment falls short of \$70.

Another program change is that a potato allotment will be established for each commercial potato farm (one on which the average acreage of potatoes during 1939-41 was three acres or more, and farms where the 1942 acreage will be three or more), rather than only for farms in designated commercial potato counties as in the past.

### YOUNG SOLDIER GIVEN FAREWELL DINNER

A dinner was given in honor of Mr. Richard Robertson who is leaving for the army on Wednesday, October 8th at the home of his parents, Mr. and Mrs. Edward Robertson on Sunday last.

The following guests present: Miss Tracy Clements of Aden, Va., Mr. and Mrs. Gilbert Robertson, Washington, Mr. and Mrs. Nelson Robinson and their two children of Alexandria and others at the dinner, were eleven of his brothers and sisters, Mr. and Mrs. George Robertson and their four children, Misses Paul, Glen and Jack, Misses Lucy, Alice and Rose Robertson of Manassas, Va., Misses Elton and Mary Robertson, Mr. and Mrs. Ollie Morris and son all of Washington, D. C., Mr. and Mrs. Elvin Vernon of Vienna, Va., nieces and nephew Janet, Shirley and Edward Tyler Jr. of Wellington.

### MEETING OF PRINCE WILLIAM POST NO. 158

The regular October meeting of the Post will be on Tuesday, October 14th, in the Town Hall, at 8 P.M.

There will be some very important business to be considered at this meeting, and the Commander urges all members to be present.

### HARRY CORNWELL

Mr. Harry Cornwell, aged 49, a former resident of the town died in Alexandria yesterday, the funeral taking place at 1 P.M. tomorrow (Friday), from Grace M. E. Church.

Mr. Cornwell was a native being born near here on March 19, 1892, and living here until 1922, moving to Alexandria which has been his home.

Surviving him are his wife and mother, two sisters, Mrs. Estelle Ritenour and Mrs. Evelyn Tanner and two brothers, Messrs. Ellis and Thornton Cornwell.

### NAVY OFFICER HERE FRIDAYS TO INTERVIEW CANDIDATES

L. A. King, Chief electrician's mate, U. S. Navy Recruiting Service, representative from the U. S. Navy Recruiting Office, 604-17th St., N. W., Washington, D. C., will be in Manassas, Virginia, for interviews concerning enlistment in the Regular Navy or Naval Reserve. Mr. King will be at "Journal" office between the hours of 2:00 P.M. and 4:00 P.M. on Tuesday and Friday of each week.

### SHOULD CHECK FIRE HAZARDS

Farm Security Administration Urges Observance Of Fire Prevention Week

Pointing out that the nation's farmers lost ten cents out of every dollar they earned last year, through fire or other serious accident, Mr. William H. Goodall, Jr., County Supervisor for the Farm Security Administration, urged Prince William County farmers to pay particular attention to National Fire Prevention Week this year.

"The annual bill for farm accidents is estimated at one billion dollars or roughly one tenth of the gross farm income last year," Mr. Goodall said. "These accidents on the farm cost the lives of 4,400 farmers last year."

Emphasizing that fire is one of the farmer's costliest enemies, Mr. Goodall pointed out that October 5 to 11 is National Fire Prevention Week and said that Prince William County farmers should take this time to check up on fire hazards on their farms.

Over 350,000 fires occur throughout the country annually, killing more than 5,000 people, and causing a 100 million dollars damage, Mr. Goodall said, adding that the isolated location of many farm homes and their distance from city fire fighting apparatus caused the toll on farm property to be particularly high.

He warned farmers to check carefully on lighting and wiring facilities in their homes and barns; to check construction of chimneys and flues; to make sure stoves and stove pipe connections were safe, and that roofing is fireproof, if possible. He also warned against careless handling and storing of gasoline and kerosene - two common causes of farm fires. Smoking around barns where sparks may ignite unswept litter should be avoided. He stressed the importance of keeping several good fire extinguishers handy, as well as buckets and pails placed in convenient spots.

Any farmer who would like information about spotting fire hazards and fire fighting methods, may stop by the Farm Security office in the Hibbs and Giddings Building, Manassas.

### FARMERS MUST SIGN BY END OF MONTH

The final date for signing up for the 1942 Agricultural Conservation Program has been extended to October 31, 1941. It is not expected that there will be a further extension beyond that time. For this reason, all farmers who have not entered their farms in the new program and wish to become eligible for benefit payments or ground limestone and 20% Superphosphate during this program year should call at the County Agents office and sign their farm plans not later than October 31.

### TO ATTEND DISTRICT CLUB CONVENTION

Mrs. C. C. Lynn, Mrs. Thomas J. Broadus, Mrs. Lewis Carper and Mrs. J. P. Royer from the Manassas Woman's Club will attend the District conventions of the Federators of women's club to be held in Alexandria on Friday-10th.

### EVEN SONG SERVICE

There will be an evening song service at the Episcopal Church on Sunday, October 12 at 7:30 P.M.

Mr. Cleveland Fisher is organist for these services on the 2nd and 4th Sunday of each month.

### KENSINGTON SOCIETY TO GIVE TURKEY SUPPER

The Kensington Society will hold their Annual Turkey Supper on October 28th at the old Brentsville Court House beginning at 6 o'clock P.M.

Everybody is welcome. Come enjoy a good home cooked meal and help a good cause.

### Now—Let's Get To Work!

October 4, 1941  
Prince William County Local Board  
Manassas, Virginia.  
Gentlemen:

Under the amendment to the Selective Service Act recently passed by Congress and signed by the President, the Army is discharging certain men over 28 years of age and others whose cases involve undue individual hardship. The Government, the State and the individual locality has the obligation of helping to find gainful employment for all men who are discharged or transferred to the Reserve.

These returning soldiers have evidenced their patriotism at considerable personal sacrifice of convenience, money, and social interest. The least return that should be given to them is the opportunity to resume their civilian status as it was when they answered the Country's call. Every employer, therefore, should demonstrate his own patriotic conception of co-operation for National Defense not only by reinstating his former employees as they return to civilian life but also by giving employment to as many as possible of those returning soldiers who have no jobs awaiting them.

To facilitate and expedite the re-employment of these men, I am appointing in each Local Board area a Reemployment Committeeman, who will be affiliated with the Local Board in his respective community and who will serve as a Liaison Agent and Consultant between the soldier, his former employer, industry and the State Employment Services. I consider this an exceptional opportunity for these outstanding citizens to serve their communities in a most loyal and patriotic manner and commend them highly for their acceptance of this important duty. Each community in the State is urged to cooperate with them in the accomplishment of their mission.

Very sincerely yours,  
James H. Price  
Governor

Mr. Sharrock has more than eighteen years Naval Service and has visited practically every country in the world. Mr. Pond has more than fifteen years service and has traveled in practically every country in the world.

They wish to invite the public to call and say hello as they want to meet the people in this section.

### BRITISH WAR RELIEF PARTY

Junior Woman's Club Sponsored Pleasant Benefit

The Junior Woman's Club entertained about sixty of its members and friends at a "Hobo Party" Sunday evening at the residence of Mr. and Mrs. R. Jackson Ratcliffe for the British war relief cause. The party, which was hobo-ish in every particular, was held in the back yard where a delicious brunswick stew was cooked in an old-fashioned iron kettle. Coffee, cornbread and doughnuts completed the menu, the food being served in cardboard trays and the coffee in heavy white mugs. Various signs about the yard indicated the food stations, such as, "Git yore kaffy hear", and "Git yore vittuls hear", and the sign calling attention to the contribution jar read, "Conterbushuns took up hear for the pore British".

Generous contributions from the guests soon filled the jar and the amount realized was about \$25.00. After supper, a "parade" took place and the contestants were judged for the best hobo costume. The judges were Mrs. A. A. Hooff, sponsor of the club, Mr. and Mrs. Robert Lewis and Mr. and Mrs. Percival Lewis. Mrs. Robert Lewis represented the Woman's Club. Mrs. Arthur Sinclair won the first prize of bottled pickled pig's feet for her attractively tattered attire, and Mr. R. Jackson Ratcliffe was awarded the second prize of a can of baked beans for his sleeveless, short-legged costume. The majority of guests was attired in typical hobo clothes and much merriment was heard as dirty ragged clothes were scrutinized. After supper the entire assembly joined in singing old-time songs.

### SEMI-ANNUAL NIGHT MEETING OF WOMAN'S CLUB

The regular meeting of the Woman's Club will be held Monday night, October 13, in the Parish Hall, with the business session starting at 7:45 o'clock.

The program for the evening, "Symposium on National Defense," is being sponsored by the Civic committee, and several speakers will take part. The discussion will be on the present defense agencies operating in the County, and the plans for each and their close co-ordination.

As every citizen is interested in defense at this time, it is hoped that the public will accept this invitation to be present.

Serving as hostess for the evening will be Mrs. Paul Cooksey, Mrs. M. S. Burchard, Mrs. Lewis J. Carper, Mrs. R. W. Champion, Mrs. William F. Cocke, Mrs. C. Lacey Compton, and Mrs. J. Vincent Davis.

### OYSTERS AND CHICKEN DINNER

Oyster and chicken dinner at Bethel Church, Dumfries Charge, Saturday, October 11th. Commencing at 5 o'clock P.M.

Come and enjoy a good dinner. The Bethel ladies know how to feed. This dinner is for their Church work for the year ending October 15th.

### GOES TO CAMP MAGNOLIA

Leaving Alexandria early yesterday, Jasper A. Miller, formerly of Nokesville, arrived late today at Camp Magnolia, Arkansas. He was sent there by the Draft Board in Alexandria.

The men at Camp Magnolia serve without pay. They are taught forestry soil conservation and other things useful.

### LEESBURG BRINGS EXCELLENT SQUAD

"Red Snappers" To Meet Foe At 3 P.M. On Swavely Field

With two defeats hanging on their record this season the Manassas "Red Snappers" hope to hit the win column Friday, October 10, when they encounter the gridders from Leesburg on Swavely Field at 3:00 o'clock.

The Red Snappers have been hard hit by ineligibility of two players and injury to a third, George Oleyar, Wallace Bolding and Alvin Connor are expected to fill the shoes of Raymond Bryant and Billy Hinton who are ineligible the first sixth week period.

The local town will present a fast charging line in Parrish, Breeden, Broadus, Connor, W. Bolding, Johnson, and C. Bolding. The backfield will compose of Breen, Beeton, Jasper and Wine. These backs have shown steady improvement and should give forth many nice runs before the afternoon is over.

The main spotlight of the past games has been the hard, fierce, clean tackling of the Red Snappers along with some good spots of blocking.

Leesburg will have as their star, the captain of the team last year. If the Red Snappers are to have a victory they will have to stop.

### LEESBURG EDITOR GUEST SPEAKER AT KIWANIS CLUB

National Newspaper week was observed last Friday evening at the Kiwanis club by an address given by Mr. Thomas Kivlighan, editor of the Loudoun Times-Mirror, of Leesburg. Mr. Kivlighan emphasized the need and prove of the community paper its limited but useful zone. He also developed a rather unique and little known meaning behind the word "news", as meaning radiating in all directions of the compass.

In his capacity as Lieutenant-commander, U. S. Naval Reserves, Mr. Kivlighan stressed the drive now on to secure recruits for the new battle ships now afloat. His appeal from the newspaper end of the matter was so effective that the club later unanimously passed a motion endorsing the efforts being made by the local paper in its work here.

Later Mr. Kivlighan appeared at Pitt's Theatre and spoke for the drive and submitted a navy film which was put on the screen through the courtesy of Manager Hibbs.

### LEGION TO ASSIST NAVY DRIVE

Following the lead of the American Legion in Colorado, the Virginia Legion is going to bat to aid in the Navy drive for enlistments on the new complements needed in aviation and for many of the large battleships.

Commander C. W. Staggs, of Prince William Post 158, is appointing a special committee consisting of Edgar Parrish, Dr. Wade C. Payne and E. C. Spittler, to assist in this county.

Information is being rapidly disseminated throughout the entire country showing the many advantages of enlisting in either the reserves or in the regular Navy. Contacts may be made with any member of the above named committee. Navy Day, October 27th will be a big induction day, and interested applicants should act as soon as possible.

### G. E. BARROW GETS ELECTRIC EXTENSION CONTRACT

The Prince William Electric Co-operative, Manassas, Virginia (John Y. Roseberry, Supt., and Welles Engineering Co., Front Royal, Virginia, Engineer) has awarded a contract to G. E. Barrow, Blackstone, Virginia for building 207.5 miles of line to serve 470 members. The successful bid was \$154,187.20.

### BE PREPARED FOR DEFENSE

## For 1942—a Beautiful New

# FORD

## '6 OR '8'

IN THESE UNUSUAL TIMES we invite you to  
inspect an unusual new car—new in its beauty,  
its comfort, its choice of two fine 90 horsepower  
engines, 6 cylinders or 8.

See it and you sense at once that here is new  
style that will stay good for years. On a lower,  
wider chassis, we have designed new long, low,  
wide and modern lines.

Interior treatment is entirely fresh, distinctive,  
pleasing. The beauty of this Ford will more than  
hold its own in any company.

Inside, the car is big—wide across the seats,  
generous in knee-room, leg-room, elbow-room.

On the road this year you find the "new Ford  
ride" still further advanced in its softness, quiet-  
ness, steadiness and all-round comfort.

At the wheel, you will find driving easier than ever.  
Steering, gear-shifting, action of the big and sure  
hydraulic brakes have all been made smoother  
and easier.

In quality, the car is sound to the last detail.  
Defense requirements have all been met without  
a single reduction in the basic and lasting good-  
ness of the Ford mechanically. Some new materials  
have replaced old ones, usually at a greater cost  
to us, but in every case the new is equal to or better  
than the old.

If your family needs a new car, go see and drive  
this Ford. For what it is today and for what it will  
be through the years ahead, we believe that you will  
find in it more and better transportation for your  
money than you have ever found before.

### IN MEMORIAM

In sad but loving remembrance of  
my wife, Sarah G. Bettis, who de-  
parted this life three years ago to-  
day, October 8, 1938.

Three years have past  
How long they seem  
Since my loved one went away,  
Oh how happy I would be  
If you were here today.

Oh how happy we were once  
When we were both together,  
Now what a sad old world this is  
Since you have gone forever.

How sad today my troubled heart  
How dimmed my eyes with tears,  
Thinking of the one that's gone  
I thought was here for years.

What a heart breaking thing death  
is  
It leaves us here in pain,  
What a joyful meeting in heaven it  
will be

When we meet together again.  
Devoted Husband,  
Mitchell Bettis

### UNCLE SAM'S NEW ARMY

The U. S. Army is getting over its  
growing pains and, toughened by  
training and field experience, should  
be a competent, though small, force  
that can command respect among  
the world armies by the time it has  
the equipment to fight. Most of the  
Army, up past the 1,500,000 mark, is  
going back to review, returning to  
small-unit training that was rushed  
through in the early months. The  
story of this new army, tough and  
ready, is told in an illustrated fea-  
ture article appearing next Sunday  
in the Washington Sunday Star.

CHRIST FOR ALL—ALL FOR CHRIST  
**The Word of God**  
By word is a lamp unto my feet, and a light unto my path.—Psalm 119:105  
**BIBLE THOUGHT AND PRAYER**

If parents will have their children memorize the daily Bible selections, it will prove a "ladder of heaven" to them in "the narrow way."  
Yea, though I walk through the valley of the shadow of death, I will fear no evil: for Thou art with me; Thy rod and Thy staff they comfort me.—Ps. XXIII:4

#### LEADERSHIP NEEDED

Without even waiting for these prospective changes, the President could immediately bring the seriousness of the situation home to the people by placing every defense plant on a full-week working basis. It is useless to pretend that we are making an "all-out" effort when some defense plants stand idle from Friday to Monday. Many defense workers are now on a six-day basis, but halfway measures are not enough. Certainly we ought to be getting maximum production out of present plants before sanctioning the use of strategic materials for the construction of new plants. Loss of time from strikes also continues to be a critical problem: Yesterday, for example, 27 strikes caused a loss of 19,555 man-days on War Department orders alone.

Despite all our talk about "all-out" defense, the country has not yet settled down to the job with the vigor and determination of which it is capable. In many instances the people do not realize the gravity of the crisis because they have not been asked to share in the necessary sacrifices. Skillful leadership is needed to swing the program into faster tempo which officials as well as the people demanded. For that leadership the Nation looks to the President to point the way to whatever "hard, tough fighting" is necessary to win the battle of production.

#### N. E. GARBER

Noah E. Garber, a resident of the valley community near Nokesville, died suddenly at his home on Sunday, October 5.

Mr. Garber was born in Rockingham County, Virginia near Mt. Crawford. He was born in the year 1871 and was the son of the late Joel Garber and Annie Harshbarger Garber. He was the sixth child in a family of seven children. Mr. Garber lived in Prince William County for about forty-five years.

In the year 1898 Mr. Garber married Mattie Hoover of Dayton, Va. For a number of years they have lived on their farm near the Valley Church, which Mr. Garber has operated successfully. A man interested in his family and the church, Mr. Garber served the Church of the Brethren as deacon for about forty years.

Mr. Garber's health had been poor for about five months but had improved to the extent that he could go about. After returning home from church on Sunday he complained of not feeling well and in a few minutes the end came.

He is survived by his widow, by his sister, Mrs. W. F. Hale, four children which are: Mrs. Elsie Armentrout of Bethesda, Md., Mrs. Virginia Michael of Bethesda, Md., Mrs. Edith Fitzwater of Manassas, Va. and Paul Garber of Washington, D. C. He is also survived by three grandchildren.

Funeral services were conducted at the Valley Church Tuesday at eleven o'clock by the pastor, Olden D. Mitchell and assisted by G. W. Beahm.

#### CARD OF THANKS

We wish to express our sincere thanks and appreciation for the kind remembrances and beautiful floral tributes during our bereavement.

## MOVIE STAR JOINS U.S. NAVY

Ensign Wayne Morris Seeks Wings

Wayne Morris, recent star of "I Wanted Wings," became a member of Uncle Sam's Navy in May, 1941, when he was appointed to the rank of Ensign.

When asked what he thought of the United States Navy, Morris said, "I think every man who is considering joining a military service should look into the 'chance of a lifetime' which the Navy and Naval Reserve offer to get into the big-pay field of the future—aviation. In the Navy you can attend the finest flight training schools in the world and receive in-

struction from Navy pilots who introduced dive bombing, aircraft carriers and catapult take-offs to the rest of the world. Also, there are opportunities in Naval Aviation for men who don't want to fly. They can be trained as aviation machinists, metalworkers, photographers, observers, or they can receive instruction in many other trades. It's a great life in the Navy."

Ensign Wayne Morris is pictured here in his line of duty as a member of the Naval Aviation Cadet Selection Board at the Long Beach Naval Reserve Air Base.

INTRODUCING THE NEW

## 1942 Pontiac Sixes AND Eights

With the things you've always liked  
*and 15 new ones too!*

- Bodies by Fisher with even greater beauty.
- Vital engine parts are unchanged for 1942.
- Triple-Cushioned Ride—improved—still yours.
- Travel of the gearshift has been reduced 50 per cent.
- Gas and oil economy is unchanged.
- Front wheel brakes have been increased in size and triple-sealed.

THE FINE CAR WITH THE LOW PRICE—GENERAL MOTORS' MASTERPIECE

In a year when the correct choice of a new car becomes more important than ever, Pontiac is proud to announce that its 1942 models are the greatest cars it has ever built! Here's the reason for this. Pontiac for 1942 not only offers you the things you've always liked in all the great Pontiacs of the past, but gives you 15 improvements as well!

See this new Pontiac today. Learn how all the vital parts—pistons, connecting rods, bearings, and many others—have been retained unchanged. Learn, too, how, despite greater length and weight, gas and oil economy has not been sacrificed. Then you'll know why we say Pontiac is built for America today—and many years to come!

AVAILABLE AS A SIX OR AN EIGHT IN ANY MODEL

Speed and More Speed  
for National Defense!

SPEED AND MORE SPEED is being applied to Pontiac's National Defense effort—the building of a new type of rapid-fire cannon for the United States Navy—"the most effective weapon of its size ever developed" in the opinion of naval authorities. Thousands of skilled Pontiac craftsmen and top ranking production experts have been assigned to this vitally important operation and are working night and day turning out cannon in ever-increasing quantities.

### "CASUAL LABOR" EXPLAINED BY SOCIAL SECURITY BOARD OFFICIAL

Because many people do not understand the meaning of the words "casual labor" as used in the old-age and survivors insurance provisions of the Social Security Act, W. G. Baylis, manager of the Social Security Board's field office at Alexandria, today issued the following statement: "The Social Security Act provides that 'casual labor' not in the course of the employer's trade or business shall not count toward old-age insurance benefits. However, any work which advances or promotes the business of the employer is not counted as 'casual labor', no matter how small the job is or how little time it takes. For example, work performed by a carpenter who is employed by a storeowner to build an addition to the store, to put in shelves or to do some other job in connection with the store is not 'casual labor' because this work does advance or promote the storeowner's business. Work for a corporation is never 'casual labor' even though it is occasional, incidental, or irregular because a corporation has no authority to employ anybody for work which does not advance or promote its business. In other words no work for a corporation can be 'casual labor'."

"Whenever the work performed does not advance or promote the employer's business, the Social Security Board takes into consideration the size of the job. For example, the Board assumes that work for a private per-

son in the building of a garage or an addition to his house is not 'casual labor,' if the person who did the work was employed for more than 10 days in any 1 month or during 2 consecutive months, or the job required more than 200 hours of work by all persons engaged.

"In short, whether a particular job or piece of work is 'casual labor' depends on the facts in each case. Therefore, whenever a worker or an employer is in doubt, the best thing to do is to ask the nearest Social Security Board office or the nearest office of the Bureau of Internal Revenue."

### HOUSE BILL WOULD MAKE THANKSGIVING A HOLIDAY

The House passed and sent to the Senate this week legislation to make the last Thursday of November in each year after 1941 a legal holiday to be known as Thanksgiving Day.

The House Judiciary Committee reported to the House in approving the legislation that presidential proclamations changing Thanksgiving from the fourth Thursday to the third Thursday in November "only made for confusion," but "there is no law fixing the date other than the President's proclamation."

The President fixed the earlier date in the hope that a longer interval between Thanksgiving and Christmas would improve trade, but he has announced that his hopes were not realized, and that next year he would revert to the later date.

Glad tidings await you at Chesapeake and Ohio ticket windows! It's only 2 cents a mile for one-way coach tickets and there are even further reductions in round-trip fares with 60 day return privileges. Travel by train for comfort... safety... economy!

Imagine having to bring your own candles for light aboard trains at night! Passengers had to do that when night travel first came into vogue but the railroads soon began to provide specially protected candles. In 1850 oil lamps were introduced and in 1887 passenger trains were first lighted by electricity.

The average mile of railroad in the United States, together with its proportion of extra tracks, yards, buildings, locomotives, cars, shops and other equipment, represents an investment of \$108,871.00!

Chessie's doing her bit to provide dependable transportation for the boys in khaki and the boys in blue! Twenty-two Military and Naval Posts are directly served by Chesapeake and Ohio!

Can you identify different types of locomotives? All you have to do is count the wheels! For instance a 4-6-2 or Pacific type, has 2 pairs (4) small front wheels, 3 pairs (6) drive wheels, followed by a single pair (2) small wheels. The huge Mallet articulated locomotive is a 2-10-10-2 and the 4 wheel switcher is a 0-4-0! Other famous types are: *Mikado* (2-8-2), *Hudson* (4-6-4), *Mountain* (4-8-2), *Greenbrier* (4-8-4) and Chesapeake and Ohio's new *Alleghany* (2-6-6-6).

Regardless of what you ship, dependable cooperative transportation service—designed to meet your individual needs—is as near as your telephone. Just call your nearest Chesapeake and Ohio traffic representative!

## DISEASE CARRIERS

"One of the problems that challenge public health officials is represented by that type of person known as a 'carrier.' While one who has recovered from a contagious disease usually has had his body freed of the infecting agent, there is relatively a small proportion of recoveries where the individual continues to be host to the living microorganism that caused the illness, thus representing a dangerous source of infection to others," states Dr. I. C. Riggan, State Health Commissioner.

"The fact that the 'carrier' enjoys good health sometimes results in the development of a string of additional cases before he is discovered. In many instances the form of investigation required to find the unwitting culprit assumes a character almost similar to that made in tracking down perpetrators of major crimes.

"A recent case in Virginia illustrates the vital necessity, as a protection to the public, of keeping a record of one particular type of human vector, namely, the typhoid carrier. It has been known for years that of all carriers in the temperate zone, the typhoid fever one is the most numerous. Because of this fact the State Department of Health, through the active cooperation of practicing physicians, lets the known typhoid carriers, requests them to report periodically to local health officials, and forbids them to enter occupations, such as those involved in the handling of food, which would make possible the spread of the infection to which they are hosts. In counties lacking local health departments, the State Department of Health directly checks on such cases. Other states that know of

carriers in their jurisdiction moving to Virginia notify the Department on a reciprocal agreement so that proper supervision immediately may be applied.

"The case in point was a woman, of course perfectly well, who some years ago recovered from typhoid and became a carrier. Needing employment, and feeling that over a course of years her power to infect with typhoid fever germs had likely been lost, she applied and was accepted as a cook in a restaurant. However, the local health officer promptly and fortunately discovered the fact, and other less dangerous employment was obtained for her.

"The discovery and control of typhoid fever carriers, which includes intelligent conduct on the part of those thus infected, has done much to reduce this hazard in Va. However in the last analysis, the real answer to the 'carrier' problem is to reduce such diseases as typhoid fever, diphtheria, and dysentery to an irreducible minimum. As means are at hand practically to prevent these conditions, a more sincere cooperation on the part of the public in controlling them is indicated. The slogan, 'No disease, no carriers, needs to be more generally appreciated than it is today. It is the real solution to the 'carrier' problem."
