## HOWARD SMITH'S ANTI-STRIKE BILL PASSES BY BIG MAJORITY

### FIRE AUXILIARY ORGANIZED HERE

Mrs. John Broadbuss Named President At Initial Meeting

A Ladies' Auxiliary to the Manassas Volunteer Fire Department was organized Monday night at a meeting held at the Town Hall. A large representation was present, consisting of members from practically every local women's organization. Dr. George B. Cocke, President of the local fire department, called the meeting to order at 8 o'clock, and lead in the general discussion that followed as to the need of an auxiliary, its duties, benefits, and prospects for organization. A large delegation of ladies from Alexandria, Franconia, and Occoquan attended the meeting, among them Mrs. Margaret Tyler, President of the Virginia State Firemen's Auxiliary, Mrs. John Travers, a member of the Ladies' Auxiliary to Engine Company No. 2 of Alexandria.

Mrs. Ambrose Petellat, President of the Ladies' and Mrs. Mildred Fachina, President of the Ladies Auxiliary to the Franconia Volunteer Department. Auxiliary to the Occoquan, Woodbridge and Lorton Volunteer Fire Department. Each of these women spoke briefly of the work accomplished by their respective auxiliaries and of the benefit these auxiliaries render their fire companies. Dr. Cocke then called for an expression from the Manassas women concerning the advisability of organizing an auxiliary and found the majority of the assembly to be in sympathy with the idea. He asked for comments from several members of the fire department, who stated that the firemen not only are anxious to have an auxiliary formed, but that an auxiliary is required for the fire department under the new defense program.

Pursuant to this discussion a motion was made by Mrs. W. L. Compton that an auxiliary be organized, which motion was unanimously carried. Mrs. Tyler then presided at the election of officers, and the following officers were unanimously elected: Mrs. John Broadbuss, President; Mrs. Harcourt Dickens, Senior Vice-President; Mrs. William D. Taylor, Junior Vice-President; Miss Walser Conner, Secretary; Mrs. P. L. Proffitt, Treasurer; Mrs. John M. DeChant, Chaplain; Mrs. Robert Saunders, Sergeant-at-Arms, and Mrs. Higgs Lewis, Historian. The newly-elected officers were installed in office by impressive ceremonies conducted by members of the visiting auxiliaries, and Mrs. Broadbuss then presided over the meeting. The first Monday of each month was decided upon as the regular meeting night, the meetings to begin at 7:30 p. m. A motion was made that each member present, and each member admitted within a month, should be made a charter member of the organization. Two members of the newly-organized group Alexandria Auxiliary graciously presented a Bible and a gavel. Dr. Cocke, speaking in behalf of the fire department, expressed his appreciation for the organization of the auxiliary; and, following the benediction by the chaplain, members of the fire department served ice cream and cake to the assembly.

Those present at the meeting, the charter members, are Mrs. Higgs Lewis, Mrs. Mary Pope, Mrs. W. L. Compton, Mrs. William Taylor, Mrs. E. H. Hibbs, Mrs. T. E. Didlake, Mrs. R. M. Weir, Mrs. Harcourt Dickens, Miss Katie Lewis, Mrs. A. O. Beane, Mrs. Edgar Parrish, Mrs. H. L. Weatherall, Mrs. R. A. Hutchison, Mrs. P. L. Proffitt, Mrs. Florence Gue, Mrs. John DeChant, Miss Walser Conner, Mrs. Robert Saunders, Mrs. Jack Stauff, Mrs. A. E. Jake-man, Mrs. Robert Saunders, Mrs. John Broadbuss, Mrs. E. B. Moncure, Mrs. C. B. Linton, Mrs. R. J. Ratcliffe and Mrs. Sedrick Saunders.

The newly-organized auxiliary, through the courtesy of the Manassas Journal, wishes to extend an invitation to every woman of Manassas and vicinity, young or old, to join the auxiliary and benefit by its association. Classes in first aid, fire fighting, fire truck operation and other educational subjects will be conducted for the members in the future, in order that the auxiliary may have knowledge of these essential things, should an emergency require them. The firemen have called

### NO WAY TO PUT OUT A FIRE!

### DARDEN FAVORS REVISION OF STATE A. B. C. LAWS

Governor-elect Colgate W. Darden, Jr. has indicated that he may suggest changes in the Virginia Alcoholic Beverage Control system when the General Assembly meets next year. His policy, he said, will be based on one principal—"the promotion of temperance in Virginia."

"Anything I recommend to the Legislature will be devoted to this one end," he said. "The State's selling liquor to raise revenue is indefensible. I feel very keenly on this."

The Governor-elect also stated "the present practice of selling fortified wine has got to be stopped. The ABC Act never in this world was designed to permit the sale of these high-powered raw intoxicants in their manner in which they are being sold. If the ABC Board hasn't the power to stop them, the Act ought to be amended to provide a way."

### CHILDREN RENDER MUSICAL PROGRAM AT W. C. T. U.

The W. C. T. U. met Wednesday, November 26th at the home of Mrs. Frank Gue. The president, Mrs. Embrey, gave a wonderful talk on "Brotherly Love" after which "All Hail the Power of Jesus Name" was sung by all present.

After the business meeting, the program committee took charge of the meeting. Mrs. Saunders, Mrs. Walter Sadd, Mrs. M. Hottle, Mrs. C. B. Compton, and Mrs. Frank Gue, all gave very interesting subjects.

Then a surprise awaited us as six children came marching in. They were John Abner DeChant, Marion Sadd, Betty German, Billy Gue, Janie DeChant and Tayloe Linton.

They sang "God Bless America," "My Country, tis of Thee," and after much applause sang "Snow Ball." Mrs. Freddie Troemmler accompanied them at the piano. The young artists and Mrs. Troemmler were asked to return and be on the Christmas Program on December 31st, which will take place at the Presbyterian church. This will be the regular meeting of the W. C. T. U. and Mrs. Frank Gue and Mrs. Walter Sadd will have charge of the program.

### LOCAL "FIGHT FOR FREEDOM COMMITTEE" ORGANIZES

At the meeting of the local Fight For Freedom unit at Dr. McBryde's last Friday night the following officers were elected:

Mrs. O. D. Waters, Chairman; Mr. Hunton Tiffany, Vice-Chairman; Mr. E. D. Parrish, Recording Secretary; Miss E. H. Osbourn, Corresponding Secretary; Mrs. S. McBryde, Treasurer; Mr. Roger Wharton, Publicity Committee Chairman.

Other member and guests present were: Mrs. Tucker Brown, Dr. S. McBryde, Rev. A. S. Gibson, Rev. J. Royal Cooke, Mrs. L. Ledman, Mr. Frank Sigman, Mr. Raleigh Taylor, Mrs. A. A. Hooft, Mrs. E. G. Parrish, and Mrs. A. O. Beane.

Mrs. D. Tucker Brown of Lynchburg and Richmond, Secretary-Treasurer of the Virginia State Branch of the Fight for Freedom, was the guest speaker. Mrs. Brown, who had made an address at the Manassas Kiwanis meeting earlier in the evening, went on to discuss the work of the organization which now has chapters throughout the Union and everywhere works to arouse the people to the gravity of the threat of Hitlerism and also to the danger of the isolationists' arguments, which, if followed, would lead us in the end, either to a final surrender to Hitlerism, or to a state of perpetual armament in a totalitarian world. Fight for Freedom, she urged, is for full war if necessary, for Hitlerism cannot be beaten by half-way measures; and the fight to preserve our freedom cannot be won by the half-hearted.

### VOCATIONAL STUDENTS TO PRESENT ELECTRIC "SHOW"

On Tuesday of this week, General Little, commandant of Marines at Quantico, along with Major Carlton Penn, visited the student assembly and General Little gave a splendid little chat to the boys which was very well received.

On the 9th, the Kiwanis Club is sponsoring the meeting.

The meeting on the 16th is specially open to the public, and it is hoped that at least five hundred visitors will attend. The students in the electrical shop will put on a show which might be styled "High powered static." There will be many unusual specialties. Have you ever seen a man light a cigarette from his car? Pass 1,500,000 volts through another man's body? Fry eggs on ice? The electrical whirl and other stunts. There is no admission charge and everyone will be welcome.

### TALENT SHOW PROMISES GOOD TIME FOR ALL

### LEGION PLEDGES SELECTEES AID

Local Post Sets Up Committees To Assist Boys Returning To Civil Life.

Mr. C. W. Staggs, Commander of the American Legion, has appointed a committee composed of Dr. V. V. Gillum, chairman, Dr. H. E. Pickeral and Mr. Wheatley M. Johnson, to assist in re-employment of selectees who are being released from the service from time to time.

This committee will assist Mr. Jas. E. Bradford who has been appointed by the Governor as "Re-employment Committeeman" for the local board of Prince William County. The local post is very much interested in seeing that all men being released secure employment immediately, either in the work they formerly did or some other employment if that job is not available.

At the November meeting of the Post the following resolution was passed WHEREAS, the State Headquarters for Selective Service, anticipating the necessity of replacing soldiers and sailors returning from the armed forces of the United States' Government to civilian occupation, or gainful employment, BE IT RESOLVED, that Prince William Post, American Legion No. 126, desiring to aid:

1. Their return to former positions

2. The procurement of jobs for those not previously employed.

3. The finding of new jobs for those unwilling to return to their former positions or whose former positions are not open

AND BE IT FURTHER RESOLVED, That the Commander of this Post appoint a committee to work with and assist the local Committeeman, James E. Bradford, who has been appointed by the Governor of Virginia as "Re-employment Committeeman" for the Local Board of Prince William County.

The regular meeting of the Prince William Post, American Legion, will be held Tuesday night, 8:00 o'clock in the Town Hall.

### DEFENSE BOARD URGES CARE OF FARM MACHINERY

Farmers who act now and repair their farm machines before next season, including equipment which might ordinarily be replaced by new farm machinery, will be rendering a fine patriotic service, according to Frank D. Cox, Secretary of the Prince William County USDA Defense Board. Also important is the sale of all useless scrap iron and steel that has accumulated on practically every farm in the county, keeping such parts as may come in handy for future repairs.

"It has always been good farm practice to use farm equipment as long as possible and to make necessary repairs in the off-season, but now it is a patriotic duty as well," Mr. Cox says. "By extending the life of present farm machinery and buying new parts rather than new machines, we make it possible to release men, materials, and tools for the production of other vital defense goods."

The County USDA Defense Board, acting on the request of Secretary of Agriculture Claude R. Wickard, is urging farmers to check all farm machinery for possible worn or damaged parts and to order the replacements parts immediately. Due to the heavy demands for many metals, new farm machinery will be produced in much smaller volume in 1942.

An ample supply of repair parts has been assured if farmers place orders early enough. Manufacturers will receive allocations of steel and other metals in order to meet requirements, but farmers may be disappointed if they wait until spring to order replacements.

### Solid South Joins Republicans In Smashing Blow.

DIES AMENDMENTS CURB CRIMINAL ACTIVITIES OF COMMUNIST AND NAZI FIFTH-COLUMN

On Wednesday, after months of restraint, Hon. Howard W. Smith exercised the authority he possessed as a member of the powerful Rules Committee of the House and gave his answer to John L. Lewis and other leaders, who place their Union controversies above the national security.

Regarded as the most severe of the various anti-strike laws, but actually mild under the circumstances, the Smith Bill is really friendly to patriotic labor, but cracks down in no uncertain terms upon those whom the New Deal Administration has been handling so gently for fear of incurring Union displeasure.

By a vote of 256 to 136, the House astonished the Administration and hit straight from the shoulder, reflecting the wave of anger which has stirred the nation. Instead of administering a soft "wrist-slapping" there came a "swift kick in the pants," and the "goon squads" of organized labor, which are said to have promised the political assassination of Judge Smith and all who should have the temerity to endorse his Bill, find themselves confronted with a gigantic assignment for they face the "Solid South," which joined hands with patriotic Republicans and gave radical labor what it had been asking for months.

Then up-rose Chairman Martin Dies to put the finishing touches on the Bill by adding amendments outlawing Communist and Nazi criminal activities in connection with strikes. The Bill now goes to the Senate, where Labor spokesmen are already boasting that it will either be killed outright, pigeonholed with the Labor Committee, or amended to suit the wish of the White House and Secretary Perkins.

The amendments, it is believed, would apparently continue the usual mediation machinery and follow the present Soviet pattern of substituting the majesty of Constitutional law with intricately designed methods of conciliation.

However, although the Senate is known to be less susceptible to great waves of revulsion which may sweep the country, there are indications that a thoroughly angered nation will also find expression on that side of the Capitol.

In the meantime Hon. Howard W. Smith is receiving nation-wide congratulations upon his calm, determined and astute statesmanship. Evidence of these qualities were manifested at the Town Hall Radio Broadcast last week in which he so forcibly impressed the nation that something was about to happen; now that it has happened, millions of patriotic Americans are voicing their gratitude.

### CAME BACK SMILING

The following Prince William citizens and officials attended the road hearings at Orange last Thursday afternoon. E. R. Conner, Leamon Ledman, Wheatley Johnson, G. C. Russell, C. B. Fitzwater, R. A. Haydon, Hunton Tiffany, E. G. Parrish, C. W. Alpaugh.

The last link in a hard surfaced road across the country was overcome by an appropriation allowed by the State Highway Commission of \$79,000 to take care of the rather dangerous bridge at Bland's Ford. Needless to say that the delegation came back smiling.

Surveys are now being made on the site of the several locations for the bridge. It is thought by many that the location of the old bridge wiped out at the time of the Johnstown Flood is the most likely or some very close approximation but nothing official is yet forthcoming.

### DECEMBER MEETING OF SCHOOL BOARD

### MISS SALLY GAINES BRAWNER

Upper Prince William lost one of its most beloved young women, Monday morning, November 24, 1941, at the home of her aunt, Miss Lucy Gaines, with whom she had lived for many years.

She was a daughter of the late John A. Brawner who died many years ago, and his wife, Jeannette C. Gaines, who preceded her daughter to the Great Beyond just one year ago. She was one of four children. Two sisters and one brother survive her: Mrs. Annie Smith and Mrs. Eugenia Latham of Hickory Grove community and Mr. Wilbur Brawner, who for many years, has been employed at the Government Experimental Farm near Washington, D. C. Two aunts: Miss Lucy Gaines and Mrs. May Galleher and a number of cousins.

"Miss Sally" as she was lovingly known to all, was descended from some of the oldest families of Prince William. She was a grand daughter of the late John Pendleton Gaines, whose ancestral home was at Gainesville, Va., and it was from this family that the town received its name.

She was a member of the Episcopal Church, and her life was one of the most beautiful we have ever known. Her sweetness and cheerfulness of disposition led no one to think that her health was failing so rapidly, and her sudden illness and death came as a great shock to her family and friends.

The funeral was conducted from her late home, November 26, at 11 o'clock. The services in St. Paul's Episcopal Church, Haymarket were in charge of the rector, The Rev. W. F. Carpenter, and were attended by a large crowd of sorrowing relatives and friends. The beautiful flowers were borne by her co-workers in the Hickory Grove Home Demonstration Club, of which she was a most helpful and inspiring member.

Four of her cousins and two friends bore her casket: Messrs. Freeman, Albert, and John Gaines, Hamilton Latham, Bernard Smith and S. N. Lightner, and she was laid to rest beside her ancestors in the family plot in Gainesville Church yard.

"None knew her, but to love her, None named her, but to praise."

### CARD OF THANKS

We wish to thank our many friends and neighbors for the beautiful flowers and many acts of kind sympathy in the passing away of our beloved niece and sister, Sally Gaines Brawner.

# Help!

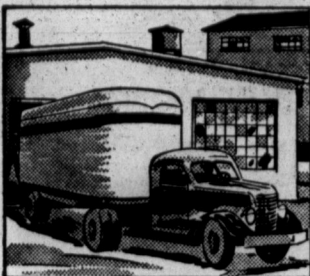

More than 400 companies, all over America, are helping General Electric speed defense work by supplying parts that G.E. would make itself in normal times.

1. Two of these subcontracting firms ordinarily manufacture fishing tackle. Another normally makes watches, and still another makes carpets.

2. For making searchlights alone, subcontractors from five states prepare parts. About 75 companies contribute to building a steam turbine.

3. More than 150 different firms supply parts in a steady, scheduled stream for radio transmitting and receiving equipment for the armed forces.

4. Thus dozens of cities and small towns throughout America are becoming partners with G.E. in helping speed the national defense program.

General Electric believes that its first duty as a good citizen is to be a good soldier.

### WORLD'S LARGEST NAVAL TRAINING STATION

Once more, as in the first world war, "Great Lakes" is the world's largest Naval Training Station. The two-ocean Navy expansion program calls for doubling the present personnel of approximately 250,000 to around

5,00,000 by 1945. And one third of the navy's enlisted men pass through Great Lakes. The story of this great training station and the important work going on there is told in an illustrated feature article appearing next Sunday in the Washington Sunday Star.

### RECRUITS NEEDED

Remarkably favorable weather has enabled the government's shipbuilders to gain considerably on schedule and send more and more new ships sliding down the ways to swell Uncle Sam's great two-ocean Navy. The need is consequently urgent for greater and greater numbers of recruits to man them as soon as they are completed, so that each ship may take its place at once in our first line of defense.

"We have the ships, we have the training opportunities—men, good men, and more good men is what we're after now," is how Lieutenant Commander P. F. Hambach, U. S. N. (Ret.), puts it.

He is officer in charge at the Baltimore recruiting station and heads recruiting activities throughout all of Maryland and the northern counties of Virginia and West Virginia. This section yielded 137 Navy recruits last month, as compared with a bit more than 90 for the same period a year ago.

"This is a substantial and encouraging increase," Commander Hambach stated, "but for the colossal task of national defense the Navy will have to have many, many more men of high caliber from this area."

Besides performing their patriotic duty by coming to the defense of the nation and of democracy, the Commander pointed out, men who enlist in the U. S. Navy make themselves eligible for a broad choice of opportunities for vocational training and for rapid advancement at excellent pay.

Typical of these is the recent establishment of a new, highly specialized course of training for workers in "Radar," the name for the newly developed high-frequency radio work. The Navy is looking for 5,000 men experienced as radio technicians, service men, or amateur operators. Following a training period, successful men will receive well-paying petty-officer ratings and assignments to active duty in this interesting and important new phase of radio communications.

### KNOWS HIS SMOKE

Sometime last month fire even broke out in Dismal Swamp. That is a long way off but not too long for C. A. Stewart, a native of Norfolk, who has lived in East Falls Church for many years, to set his sensitive membranes at work and detect the smoke of his native area.

He called up Norfolk County and found out that his hunch was entirely correct.

(Ed note—This out to be a good tip for the cigarette manufacturers to enlist Mr. Stewart's recommendations.)

## THE TOWN HALL PROGRAM

Thousands of Virginians, and millions of Americans elsewhere, listened attentively last Thursday evening to the Town Hall Radio Broadcast from New York which featured the Honorable Howard W. Smith and representatives of the C. I. O. and A. F. of L. in a discussion of the strike situation which is threatening the very foundations of our defense program.

It was evident from the outset that the audience at the broadcasting source was largely interested in the slugging match put on by the contending labor union organizations, and that Judge Smith was in the minority there. But outside of the broadcasting source, millions upon millions of American citizens heard in the Judge, a champion of their welfare.

Because of the dominance of Congress by Organized Labor, it is not likely that Howard Smith's really mild measures will receive final Senate approval, but his clear analysis of the dangerous situation, and his own insistence that we clean house at home before we begin a fighting war abroad, has aroused the nation as no other recent Congressional statement.

In retaliation the so called labor "goon squads" have undoubtedly been put to work in the Eighth Virginia District. They are dedicated to the political assassination of all patriotic Congressmen who place national security ahead of organized labor's fancied preferred rights. Assisted by the most astute subversive propagandists in the nation, and abroad, they will knife savagely, because they realize that if they can only ruin Judge Smith in his native Virginia District, the gratitude of a nation will not be sufficient to uphold his patriotic work in Congress.

However, the Eighth Virginia District of Virginia is solidly behind Judge Smith, and the "goon squad" may as well go on back across the Potomac to its filthy den.

## CHRISTMAS SEALS GETTING MORE POPULAR EACH YEAR

Christmas Seals are growing each year in popularity as a collector's item according to inquiries reaching the headquarters of the Virginia Tuberculosis Association, says Dr. Frank S. Johns, President of that organization.

"Apparently the expanding fraternity of Christmas Seal collectors is adding the 1941 Seal to its collections in a big way," said Dr. Johns, who explained that many calls had been received for details about the new Seal which is being sold throughout Virginia and the rest of the country today to raise money to continue the year 'round campaign to control and cure tuberculosis.

"Collectors," Dr. Johns continued, "will be interested to know that all Seals in each sheet are the same this year, with the exception of the fifty-sixth, or Key Seal, which carries the printer's mark."

The Seals were lithographed by Edwards and Deutsch, Eureka, Strobbridge, and the United States Printing and Lithographing Company. The letters D. E. S. and U. placed in the lower left-hand corner of the key Seal, identify each sheet. For the first time since 1935 no "slogan Seals" appear on the sheet.

The lighthouse design of the 1941 Christmas Seals was printed on two color presses, using yellow, black, red and blue. The final result shows the familiar double-barred cross in the upper right hand corner, standing out in bold relief on a dark blue back-

ground. To the left, also in blue, with black shading, stands a sturdy lighthouse with an outside gallery near the top and from which shines a yellow beam of light.

A small snow-covered house with a red chimney is in the right foreground. Lying in the snow in the lower left-hand corner is an overturned row boat, suggestive of a snug and safe harbor. The date appears in the lower right-hand corner in black, and the inscription "Merry Christmas" is in red, across the bottom.

### SPECIAL NOTICE

Everything entering into the cost of production of our paper has been increased from 15 percent to 90 percent, and yet we have not increased the price of our subscriptions by one cent.

In return we are only asking for a little very simple cooperation, in lieu of which a reasonable cost charge must be added.

On and after January 1, 1942 any subscription a year old at the time it is paid, will have a charge of twenty-five cents added at the time of payment. If less is paid, a deduction will be made from the length of the renewal then being paid.

If the subscription is more than a year old, a larger fee will be added.

This is being done not only to stabilize our lists, but to save bookkeeping which is an important item in our circulation work, to say nothing of the postage involved. If you are not sure of the date on your label, write in or come by the office.

The Journal exists for the good of the community and its general betterment, and it is with this in view that we hope for a greater degree of understanding with our reader-family in the future. 30-1f.

### FIREMEN CAGERS DEFEAT LINCOLN A. C.

The basketball season for the Firemen Cagers opened with a rattle-tat of field goals and free throws in the Osbourn High School gymnasium Monday of the week. Right at the start Manassas grabbed position of the ball and it looked as though they were off for an easy victory. As the game warmed up, Mills, center, for Lincoln and one of the tallest players to enter the home court, proved to have other ideas. Smith and Schriver, six footers for the home team, could not quite reach the ceiling where Mills kept the ball aloft. With this advantage Mills was able to pass to his team mates from all positions of the floor.

Captain Leith, Vetter, Smith, Worley and Miller started for the home team. A free throw by Miller was the start of their 44-33 triumph. The Fireballers showed splendid team work right from the start but were unable to click until the third quarter. The first half ended 26-19 in Lincoln's favor.

For the third quarter "Chief" Leith sermoned the hook and ladder company (Saunders) who lost no time in laying the ground work to scale Lincoln's wall of defense. Fast foot work by Capt. Leith, Saunders and Schriver not only sparked the benched regulars but held Lincoln to an 8 to 8 tie for said period.

In the fourth quarter the firemen soon had the blaze under control and went right on to admaster the coo-de-grace.

Captain Leith lead the attack by ringing up fourteen points while "Herb" Saunders followed close behind with four free tosses and four field goals for a total of twelve points. McClanahan was best man for the

losers with ten. Nelson Lynn of Manassas was the eleventh men on the floor.

The next cage game for the Somkeaters is scheduled for Saturday night, December 6, at eight thirty P. M. on their home court in the Osbourn High School gymnasium.

Following this game the Fireballers will be hosts again Monday December 8, when they tangle with the strong 16th signal corps of Fort Myer who have several college stars with their outfit.

Attendance is expected to be doubled and the doors will be open at 7:30 for both games.

## UNCLE SAM'S SAILORS ON HORSEBACK SEE PANAMA FROM THE SADDLE

No, the U. S. Navy doesn't have a cavalry unit, but many a sailor straddled leather before giving up his bucking broncho or plow horse for the bounding main.

The sailors in whites above are seamen in the U. S. Naval Reserve on shore leave in Panama. No distinction is made between sailors in the Naval Reserve and those in the regular Navy. Enlistment in the U. S. Naval Reserve is for four years, but all men enlisting in the Naval Reserve will be released to inactive duty as soon after the na-

tional emergency as their services can be spared, regardless of the length of time remaining in their enlistment. If the emergency ends within a period of several months, those enrolled in the Naval Reserve will not be required to complete their 4 year term in active service.

Opportunities for advancement, to learn skilled trades, for travel and adventure are identical whether a man enlists in the regular Navy or the Naval Reserve, and his pay, food, clothing, medical and dental care are the same.

## CATHARPIN

The Quarterly Conference will be held at the Parsonage at Gainesville, Saturday, December 6, at 10:30 A. M.

The Young People of the Warrenton Zone, which includes all Methodist Churches in this section will meet at Sudley Church, Thursday evening, December 4th. Program and business meeting will begin at 8:00 o'clock, followed by an hour of recreation.

Within the past two weeks two funerals have been held at the Mt. Calvary Baptist Church near Catharpin. On November 19, John Shellington was laid to rest. He was the last survivor of the Shellington brothers, a well known and respected colored family who have lived for many years in this community.

On Sunday, November, many sorrowing relatives and friends gathered there to attend the last rites of Shirley Thomas, who died November 7 at Freedmans Hospital, Washington, D. C.

He was the son of John Thomas of Catharpin and had for several years been employed on the farm of Mrs. Sara Caton. His honesty and integrity made him loved and respected by those who knew him. He was 28 years of age and his death, while yet so young, is deeply regretted by all.

Private Harry M. Ellison, who is now stationed at Fort Bragg, North Carolina, visited his parents, Mr. and Mrs. William C. Ellison during the week-end.

Mrs. Etta Lynn, Mrs. Augusta Webb, Mr. and Mrs. Clifton O. Polen and daughter, Harriett, Mrs. L. J. Pattie and daughter, Cynthia, visited "Ellen's Vale," the home of the Peter Polend family Sunday afternoon.

Mr. Harry Polen and Mr. Kyle Sloper, who are employed in Washington, spent the week-end at their respective homes here.

Mr. Emmett Pattie is suffering quite painfully from muscular trouble.

Mrs. Clifton O. Polen and Mrs. L. J. Pattie were callers at the home of Mrs. Park Wilson Sunday.

Messrs. J. Neville Ellison and Julian Patton of Silver Springs visited Mr. Ellison's parents Sunday. The Patton Bros who formerly resided here are now conducting an extensive landscaping business in that section and have recently purchased many fine boxwood from Mr. and Mrs. C. O. Polen.

Mrs. Georgia Anderson celebrated her 78th birthday last week and was the recipient of many happy felicitations on that day.

### "LIFE BEGINS FOR ANDY HARDY" BEST OF SERIES

New Plot, Depicting Mickey Rooney's Business Career After High School Graduation, Unfolds Tears and Laughter in Entertainment-Packed Picture

Those who follow with avid interest the adventures of Metro-Goldwyn-Mayer's Hardy Family will welcome the news that the latest of the group, "Life Begins for Andy Hardy" opens next Monday and Tuesday, at the Pitts Theatre for an engagement of two days. The new film takes its place as one of the finest of the lot, and presents a problem similar to that facing thousands of American homes at this very moment.

In brief, the story deals with Andy, facing the problem of what to do upon graduation from high school. Two roads are open. He can go to work or enroll in college. Before making his decision, he determines to leave home, work for a month, and then make up his mind. What happens when he breaks away from family ties and the protection of Carvel and attempts to succeed on his own in New York, provides exciting story material.

Seldom has Mickey Rooney had a better chance for his acting ability than in this role of a sobered Andy Hardy who awakens to the amazing discovery that life consists of more than dates and football games.

Guest star Judy Garland, making her third appearance with the family as Betsy Booth, gives an honest and sincere performance as the little girl who makes the business of getting Andy out of scrapes a part-time job.

Two newcomers are introduced in the persons of Patricia Dane and Ray McDonald. Miss Dane has a sparkling personality and real ability and a chance to show it as the big-city office vamp who succeeds in turning Andy's head. McDonald, brought to the Coast from the New York stage, shows real promise.
