## CADET CORPS WINS HIGHEST PRAISE

### Linton Hall Boys Stage Excellent Drill And Review Last Sunday

The eleventh annual military drill at Linton Hall Military Academy was the first held under wartime conditions. Despite the fact that wartime rationing is in effect the large crowd usually on hand was not very perceptibly diminished.

The tenseness of the day was in the blood of the youngsters who seemed more acutely alert than ever before. From the very opening of the military mass in the forenoon, there was a precision of movement and grace of carriage that was a pleasure to the visitors and a delight to the parents and patrons.

In a setting of unsurpassed natural beauty, with the blue sky overhead, the age-old ceremony took on added solemnity, impressing those who were in attendance with reverence and awe. The celebrant of the Mass, Rev. Alphonse H. Kremer, was assisted by Rev. Charles L. Tuke, O. S. B. as deacon, Rev. Edward Rauth, O. S. B. sub-deacon and Rev. Brother Clarence Herlitz, Master of Ceremonies.

Father Rauth addressed the congregation in a few, well-chosen words, stressing the necessity of voluntary obedience to the laws of God and country, in a war-torn world, suffering from oppression and injustice.

After a most delightful repast, the school band gave an hour's concert in which many sacred and patriotic numbers were rendered with the same efficiency as any other feature of the day. One would scarcely believe that these youngsters were practically all entirely inexperienced last September.

During the term they have been carefully taught by the Sisters under the supervision of Reverend David O'Connor, O. P. who came to the school twice weekly. Two new numbers of special moment were played, one a school march and one dedicated to Bishop Ireton.

The drill, review and parade constituted the main feature of the day. The young officers gave orders that brought about maneuvers that caused a constant hum of comment and many favorable nods from the officers of the regular army who so kindly came to act as judges on this occasion.

The company, platoon, squad and individual competition saw the various units put through their paces in such manner as to leave the audience guessing as to the probable winners.

The awards were made after the youthful adjutant read the list handed to him by the commandant who in turn had received them from the chairman of the board of judges.

Assembling in formation, the winners marched forward and each man was greeted in true military style and either a trophy handed to him or a medal pinned upon his breast. Needless to say that round after round of applause greeted each and every one of them.

Following is the list of prizes and awards as given out on Sunday afternoon:

Headquarters Company, commanded by Cadet Captain James Murphy of Washington, D. C. was awarded the trophy for the best drilled Company.

Cadet Capt. William Olmstead of Washington, received the medal for the best company commander and Cadet Lt. John Joseph Baecher received the one for the best platoon leader. Cadet Lt. Colonel William Soleau was presented with a silver medal given to the most popular boy by the vote of the entire battalion.

Other winners of medals were, Cadets L. Mohme, R. Fenter, R. Fox, G. Kremer for proficiency in the manual of arms. Each of the following cadets received a medal for being the best drilled in their platoon, Cadets R. Darcey N. Williams, N. Smart, C. Consolvo W. Moorehead, J. Grissom, J. Lichty, S. Ruscin, D. Marinari, and B. Schrider.

The following boys were accounted as outstanding cadets and each received a medal, A. Rom, T. Russell, M. Graver, R. Kaye, and C. Baecher.

Lt. Crocker and Capt. J. Murphy received medals for proficiency in Music.

Lt. J. J. Baecher and Lt. T. Smith received medals for outstanding work.

The winners in the rifle team were Capt. C. Owens, Lt. M. Ducharme and Lt. R. Brownly.

Linton Hall is becoming more and more recognized as an outstanding school of its kind in the eastern United States. One of the real services it renders is in taking lads at such tender ages and instilling in them good citizenship and true ideals of

OUTLINES WORK BEING DONE BY CHAMBERS OF COMMERCE

"Chambers of Commerce" and their work, as applied to national conditions and the war effort, was the topic of L. H. Day, of the United States Chamber of Commerce who was present last Friday night as the guest of Mr. C. W. Alpaugh.

Mr. C. W. Alpaugh at last week's Kiwanis meeting.

Mr. Day also reviewed the work on the local chamber in brief. He gave an interesting resume of many reactions which may be expected to result from many present and future conditions resulting in the international conditions.

One thing that Mr. Day stressed in particular was the fact that there is no governing body for the entire country so far as chamber of commerce are concerned. Each body lays out its own work, and the national chamber is simply a guide post.

Stanley A. Owens, secretary of the local chamber of commerce, was also present as a guest of Mr. Alpaugh.

HAYMARKET ELEMENTARY COMMENCEMENT

The 7th grade of Haymarket School will give a play entitled "The Graduates Choice" on May 27th, 1942 at 8:15 P. M. The various musical selections will be given by the grades.

## HOWARD SMITH'S ANNOUNCEMENT

The announcement by Hon. Howard W. Smith that he will be a candidate for re-election as Representative of the Eighth Virginia District in the Congress of the United States is received with universal satisfaction and gratitude by the folks on the home front. Indeed, any possibility of a change in our present representation in Washington would be viewed with consternation throughout the Counties of his appreciative District.

Judge Smith is a national figure in Congress. Not only the people of Virginia but of the entire nation are deeply conscious of the two-fisted fight he has made against the racket which has denied the God-given right of free men to work in the defense industries of their country without paying tribute to the Unions.

In the face of the most determined resistance of the Administration, which is apparently afraid of Organized Labor, the Judge successfully pushed his legislation through the House, only to have it pigeon-holed in the Senate, which is always less responsive to waves of righteous indignation that occasionally sweep the nation.

In consequence the labor barons have become frightened and detractors.

are making all kinds of grimaces and gesture calculated to assure the American people of the purity and the patriotism of their ultimate aims and, of course, to prevent corrective legislation.

In retaliation for the position they have been placed in by the brilliant fight made on their racket by Judge Smith, it is certain that a strong effort will be made from outside Virginia to discredit him; not with any hope of unseating him, but to punish him for daring to oppose their power. Such an effort was made once before, and proved very ineffective. And now that we are at war they will find a solid home front opposing their Un-Americanism.

Judge Smith is recognized as Presidential timber. He has the confidence of millions of Americans throughout the nation. However, only in the Eighth District of Virginia that appreciation of his patriotic devotion to the welfare of Virginia and of the Nation can be shown at the polls and this should be done in such a positive manner next August that all who read the election returns will know how much we think of Judge Smith, and how little we think of his detractors.

## CIVILIAN DEFENSE CLASS FRIDAY NIGHT

Defense Coordinator Hunton Tiffany announces that the Civilian Defense Training School Class will meet Friday night in the auditorium of the Manassas High School.

This will be a very important meeting and a full attendance is desired.

Only two sessions remain to be completed by the Civilian Defense Training School which has been in session in Manassas during the month of May, and Director-Coordinator Hunton Tiffany has expressed gratification over the success of the school.

The last session is scheduled to take place next Monday evening.

## AIR-RAID PRACTICE NEXT THURSDAY

### Coordinator Tiffany Announces Beginning Of Civilian Defense Precautions

On Thursday evening, May 26, between the hours of 6 and 8 P. M. the first Air-Raid Practice will be sounded in Manassas. As the time indicates this will not be a blackout alarm but a day-light test to give the local air-raid wardens, auxiliary police and other defense workers an opportunity to put their training to its first actual test.

Later, on June 2, if the necessary approval of the Governor is given, a real blackout test will be staged in Manassas, Mr. Tiffany said today. For some time the town has been ready in case a blackout over the entire area should be called by the army.

In view of the fact that Civilian Defense authorities of the Third Corps Area, which comprises Virginia, Maryland and Pennsylvania, are known to be planning a three-state blackout, Mr. Tiffany has decided to begin these important practices as here announced.

In Washington and its surrounding metropolitan area of Arlington, Alexandria and Fairfax a number of blackouts have already been held, and it has just been announced that they will be soon having three or four tests a month, and that as they gain experience and skill, and the public becomes accustomed to the regulations, it will not be long until they will be having them without any advance notice at all.

Prince William, however, is not in the metropolitan area of Washington but will blackout with the State at large, on instruction from the State Headquarters in Richmond.

Mr. John J. Howard, State Director of Blackout Precautions, is quoted in Richmond as stating that a state-wide blackout will take place soon after July 1, in which everybody in the State, regardless of location, will be expected to cooperate and rural residents will be asked to darken their lights the same as those in the city.

## 8TH DISTRICT NURSES TO AID CIVILIAN DEFENSE

The Executive Committee of the District VIII Graduate Nurses Association of Virginia was called to a meeting at the home of the President, Miss Ella Turner at 1255 N. Buchanan Street, Arlington, Virginia on Thursday, May 7, 1942 at 3 P. M. Mrs. Jessie Whetzel Faris, the Executive Secretary of the State Association, was present to help form a Nursing Council on War Service. The object of the Council is to make the nursing service more readily available to the officers of Civilian Defense of the Counties and Cities within the District. This movement has the approval of both Dr. I. C. Riggan, of the State Health Department and Dr. Grossman, his assistant.

The functions of a Nursing Council on War Service are:

1. To study all nursing needs and resources of the community.
2. To make a plan for distribution of nursing service.
3. To consult with local nursing agencies and hospitals concerning plans for the economical and efficient use of professional nursing personnel supplemented by volunteer nurse's aides and other non-professional nursing auxiliaries.
4. To assist in recruitment of well qualified students for schools of nursing.
5. To enlist the services of nurses who have been professionally inactive.
6. To provide advisory services to individual nurses in regard to the choice of work.
7. To keep the public informed in regard to the local nursing situation and to enlist citizen cooperation in community planning.

## POPPY DAY SALE ON SATURDAY

### Mrs. Staggs Urges All To Wear The Flower

"Wearing a poppy is a pledge that we will not break faith with those who have died defending America," said Mrs. W. C. Staggs, President of the Prince William 158 Unit of the American Legion Auxiliary, as the Unit prepared for the annual observance of Poppy Day next Saturday.

"The poppy comes to us from the fields of France where Americans first gave their lives in battle against the dictator powers," continued Mrs. Staggs. "We wear this little red flower in honor of the men who fell at Belleau Woods, Chateau Thierry, St. Mihiel, the Meuse-Argonne and other battles of the first World War. We wear it also in honor of the brave boys of Pearl Harbor, Wake, the Philippines, the East Indies and all those who have sacrificed life elsewhere in this renewal of the conflict."

"The poppy, as you know, was inspired by the poem, 'In Flanders Fields' with its immortal lines: 'In Flanders fields the poppies blow, Between the crosses, row on row. The poppies were the only touch of beauty that survived amid the desolation of the battle front in France. They formed the only floral tribute on the grave of the dead and became for the men fighting there a symbol of heroic sacrifice."

"This they remain today. The poem ends with the words: 'If ye break faith with us who die, we shall not sleep, though poppies grow in Flanders' fields! That is their message for us today. We will wear poppies Saturday to show that we are keeping the faith."

Paper poppies, made by disabled veterans of the first World War, will be distributed throughout the city on Saturday, May 23, 1942. In exchange for them the Auxiliary will receive contributions for its welfare work among the disabled, their families and the families of the dead of both wars.

"Wearing a poppy is the way each individual can show that he remembers the men who have died in the nation's defense and honors their patriotic spirit. The poppy is more than ever a badge of patriotism this year when young Americans again are offering their life to keep our country secure. We are hoping that everyon in the city will show his patriotism by having a poppy on his lapel on Saturday."

In exchange for the poppies the Auxiliary will ask contributions for its welfare work among the disabled war veterans, their families and the families of the dead. These contributions form the chief source of support for this work which is carried out on an extensive scale throughout the year. With the Legion and Auxiliary now extending their aid to the disabled and dependent families of the present war, increased funds will be needed during the coming year.

soul is lost?" He showed that person-  
al identity is not lost. Memory is not  
lost. Disposition is not lost. But Holy  
Worship is lost. Life at its best is  
lost.

Dr. Newton is a strong preacher, a  
great scholar and a christian gentle-  
man. The people of Grace Methodist  
Church is "exceedingly fortunate in  
having the service of such a strong  
preacher to lead in the revival.

The revival will continue through-  
out all next week.  
The services begins each evening at  
8 o'clock.

## WHEELS...rolling to Victory!

On planes... in the engine rooms of ships... on guns  
and combat cars... wheels roll America's striking power into  
line. They move fast—because, behind them, other wheels roll  
at wartime speed. Millions of wheels humming in factories,  
making the tools our forces need. Millions of wheels  
singing on the rails, taking those tools and supplies  
to men who use them in the name of Freedom!

With American industry on a full war footing, rail-  
road transportation assumes a greater responsibility.  
And the American railroads for years have been

preparing for it! Chesapeake and Ohio, for one, has spent  
millions of dollars modernizing facilities... buying  
additional power and rolling stock... improving roadway  
and track... finding new methods to speed operations.

To meet America's vast program of war production,  
industries along Chessie's railroad can be counted  
on for their share of the supplies our Army and  
Navy need. And Chesapeake and Ohio Lines can be  
counted on to devote every facility of plant and  
manpower to roll them on their way... to Victory!

## CHESAPEAKE AND OHIO LINES

### THE USE OF PORK LIVER

"Liver is rich in Vitamin A and the  
B vitamins. It has a high quality pro-  
tein. Moreover, it contains the sub-  
stance necessary to overcome anemia.  
Thus, in addition to its palatability, it  
can be classified as an important food,"  
states Dr. I. C. Riggin, State Health  
Commissioner.

"Recently, in child feeding, physi-  
cians have suggested scraped raw  
liver. They emphasize, however, that  
it should be limited for this purpose  
to beef or calves liver. Raw pork liver  
should not be scraped for children.  
Incidentally, pork liver never should  
be eaten rare by anyone.

"Beef liver, lambs liver, pork and  
calves liver, as well as chicken and  
goose liver, all are good to eat. The  
different kinds vary somewhat in  
color, texture, size and weight. A uni-  
form bright color, a fairly firm tex-  
ture, and a fresh meat odor are in-  
dications of fresh liver. Livers from  
freshly killed animals have a more  
delicate flavor than those which have  
been stored for some time.

"The warning against the use of  
raw scraped liver or undercooked  
pork liver (which is equally applica-  
ble to all pork and pork products) is  
based upon the possibility that pork  
may be the carrier of the trichinae, a  
microscopic worm which, if taken in-  
to the human body by way of eating  
raw or undercooked pork or pork pro-  
ducts from an infected animal, can  
cause trichinosis in man.

"It is impracticable to attempt to  
discover what pork carcasses do and  
what carcasses do not contain the  
trichinae. From a practical standpoint,  
there is little need for it. Through  
cooking of pork and pork products  
kills the trichinae if they happen to  
be in the meat, and makes it entirely  
safe for human consumption, and in  
no manner affects its palatability.

"Parenthetically, pork liver is gain-  
ing national importance because it  
contains even more iron than do the  
livers of other animals. In fact, it  
contains about three times as much  
as calves or beef. But, be sure it is  
cooked thoroughly.

### STAG PARTY AT DELTAVILLE

## GOVERNOR DARDEN

## VISITS MT. VERNON

Hon. Colgate Darden, Governor of Virginia, made his official visit to historic Mount Vernon on Monday of this week as the guest of the Mount Vernon Ladies Memorial Association, which is holding its 76th annual grand council there this week.

The Governor, will inspect the Mansion and grounds, accompanied by officials of the Mt. Vernon Board, which include Senator George Wharton Pepper, and Gardner L. Boothe.

One of the five new members of the Board named this year is Hon. Albert Bryan, Commonwealth's Attorney of Alexandria.

## COUNTY AGENTS COLUMN

Prince William farmers who received ground limestone and 20% Superphosphate through the Agricultural Conservation Program are reminded by the County Committee that these materials should be applied on the land before July 1.

A requirement of the program through which these soil building materials are furnished is that the lime or fertilizer must be spread during not later than June 30th. Where the materials are reported as not being used when farms are checked for performance after June 30th, a double charge will necessarily have to be made for the unused materials. All farmers who have received but not applied the ground limestone or fertilizer are cautioned of the requirement. There are certain restrictions on the use of the fertilizer but the ground limestone may be used anywhere on the farm. Fertilizer thus obtained is to be used on home vegetable gardens, hayland, pastures or straight hay or pasture seedlings. In no case is the fertilizer to be used in connection with small grains, corn, soybeans, cowpeas, Sudan grass or millet.

## CATHARPIN

The Quarterly Conference will be held at Gainesville, Saturday, May 23, at 10 o'clock. All officers and members are cordially requested to be present.

Sunday School will be held at Sudley Church at 10 o'clock Sunday morning, May 24. The 11 o'clock service will be held at Fairview Church, when the recently installed electric lights will be dedicated. The District Supt. Dr. A. P. Williams, will be present to assist our pastor, Rev. Clark H. Wood in the dedicatory service. Everyone is most cordially invited to attend.

The closing exercises of Gainesville District School will be held Wednesday evening, May 27, at 8:15 o'clock. A very interesting program has been arranged.

The Elementary Glee Club will sing; Mrs. Broadbent's pupils will play several selections; and Mrs. Jordan's pupils will present a play. Please attend and show your appreciation of the work our teachers and children have done.

A furniture clinic under the supervision of Miss Alice Webb will be held at the home of Mrs. Jack Hunt Tuesday, May 26. Everyone who has furniture to be repaired or refinished may come and work on it. Bring your lunch and work all day.

The May meeting of the P. T. A. was held Tuesday night, and the completed report for 1941-42 will show that all chairmen and their committees have done most commendable work for the year. Among the most outstanding has been the Health Clinic; the Hot Lunch project which served more than 4,400 lunches; and the membership drive which resulted in a 40% increase in membership.

The election of officers for 1942-43 resulted as follows: Mrs. Norman, president; Mrs. A. B. Rust, vice-president; Mrs. S. N. Lightner, secretary; and Mr. Edgar Hefflin, treasurer.

Mrs. Margaret Hundley, Mrs. Lelia Akers, Mrs. Edward Smith, Mr. and Mrs. L. J. Pattie motored to Arlington National Cemetery Friday to attend the funeral of Mrs. Elizabeth Henderson whose death occurred in Philadelphia, May 12, after an illness of three months.

She was the widow of James S. H. Henderson who served for many years in the U. S. Marine Corps, and who was one of the Guard of Honor to the Unknown Soldier during the voyage from France and interment at Arlington.

Mrs. Henderson formerly resided on Groveton Road at "Dunrovin," which place she sold a year ago to Mr. Disbrow and moved to Collingdale, a suburb of Philadelphia, Pa.

She is survived by her two daughters, Mrs. Alberta Towers and Mrs. Estelle Steele, both of 235 Roberta Ave., Collingdale.

Mrs. Charles R. McDonald of Arlington, Mrs. May Paxton of Penn. and Mrs. Augusta Webb of Washington attended Mother's Day services at Sudley.

NUMBER 44 ★ An exciting menu for Graduation Day ★ How to be sure of refreshing salads ★ About cabbage and new cooking methods ★ How Gail surprised her male

This dinner party menu will make graduation day even more exciting

It comes from the Safford Homemakers' Bureau. With all the preparations and speeches and congratulations and gifts—graduation is naturally one of the most exciting days in any boy's or girl's life (and in any parent's life, too). And to make it even more exciting, more unforgettable—the day should be topped off with a party in his or her honor—a party that features a dinner like this.

## GRADUATION DINNER PARTY MENU

\*Class of '42 Fruit Salad  
Fried Chicken à la Maryland  
With Cream Gravy  
Parboiled New Potatoes  
Buttered Fresh Peas

Olives Pickles  
Hot Biscuits Butter and Jelly  
\*Ice Cream Graduates  
Coffee or Milk

## \*CLASS OF '42 SALAD

Refreshing and gay

Place slice of pineapple on bed of shredded lettuce, arranged in lettuce cup. On pineapple slice, invert peach half generously stuffed with cottage cheese, sliced dates, chopped walnut meats, and sliced celery moistened with mayonnaise; allow some of cheese to show. Number top of peach with mayonnaise or cream cheese softened with mayonnaise, using a pastry tube. (Note: another peach half may be substituted for pineapple, if desired.)

## \*ICE CREAM GRADUATES

With Mortarboards

Cut 8-inch rounds from sheet cake. Ice with butter icing. Place medium size scoop of vanilla ice cream on cake. Insert whole cloves or corns in ice cream for eyes; make mouth of slice of maraschino cherry or gumdrop. To make hair, with pastry tube form piles of curls of colored butter icing around face, or use halves of walnut meats. Top with chocolate-coated graham cracker; make tassels of whipped cream with ruyetite knob.

Things you may not know—and should... about cabbage!

Get cabbage (especially raw) for Vitamin C (ascorbic acid). It's an excellent source. An average serving (3/4 cup raw) provides about 1/4 of your minimum daily vitamin C needs. And, you need it daily because your body can't store it up. If you're tired of plain coleslaw—add diced pepper and chopped salted peanuts; or shredded carrots and pineapple; or quartered tomatoes and sliced green onions; or finely sliced radishes; or sliced unpeeled red apple.

Very the salad dressings, too. For example, you can use mayonnaise or sweet or sour cream dressings or even French dressing. For gelatin salads—mold shredded cabbage and pineapple in lemon or lime-flavored gelatin. Fill molded salads with coleslaw.

New cooking methods: Heat 3/4 cup water with 1 to 2 tablespoons butter or shortening in heavy frying pan or kettle; when boiling, add about 6 cups freshly shredded cabbage and 1 teaspoon salt; cover, and cook just until tender, 8 to 10 min. For cabbage wedges cook in slightly more boiling water, and cook just until tender, 8 to 10 min. Shred or cut just before using to preserve the Vitamin C and be sure cabbage is fresh.

Cabbage at Safeway, as well as other produce, is guaranteed fresh, guaranteed to satisfy you completely or all your money back!

## GREYHOUND BUS DRIVERS ARRESTED

Last week State Police arrested 94 Greyhound Bus drivers for violation of the 40 mile speed limit. Apparently they had been paying no attention whatever to the Virginia law, continuing to operate at speed of 50 to 60 miles.

At least that is the report issued from the Motor Vehicle Office, where Col. Battle is quoted as saying that "the bus companies had demonstrated complete lack of effort to conform to the new limitation."

State police report a fifty percent reduction of all traffic over the weekend, but say that in spite of this, arrests are continuing at the rate of between one and two hundred private automobile operators a day.

## SALSBURY COW COMPLETES NEW OFFICIAL RECORD

A new record, exceeding the average of the Guernsey breed for her age and class has just been completed by a four and one-half year old cow, Willowmere Roberta 464896 of Fairfax, tested and owned by B. F. Salsbury. Her official record supervised Investments and other

by the Virginia Polytechnic Institute and announced by The American Guernsey Cattle Club is 11432.1 pounds of milk and 582.2 pounds of butter fat in class BB.

## A CALL TO RED BLOODED AMERICANS

Red-blooded Americans, your country is calling on you to do your duty now. There are thousands of blue-jackets out there on the seas fighting your battle. To win, they need your help and they need you to man the new ships and guns moving into the battle. Help knock out the Axis by signing up today at your Navy Recruiting Station which is open in the Post Office Building at Manassas on Thursday of each week.

## SUBS TO SINK THE JAPS

The United States is apparently preparing to strike a mortal blow at Japan beneath the surface of the sea. The submarine is to be the weapon. An increase in the sub fleet of more than 50 per cent has been authorized. Like the airplane, the submarine throughout its short life has had an uphill fight in its effort to gain acceptance. The story of the submarine is told in an illustrated Wide World feature article appearing next Sunday in the Washington Sunday Star.

**MILITARY CONTROL ARRIVES**

By Public Proclamation No. 1, dated May 16, 1942, Virginia, along with fifteen other States and the District of Columbia comes under military control as part of the Eastern Military Area.

Along with Pennsylvania and Maryland, Virginia comprises the Third Corps Area, and our State, municipal and local agencies are designated by the Commanding General (Lt. Gen. H. A. Drum) to enforce the restrictions and orders issued by the military with approval of the civil authority.

Just what this will mean in the lives of all of us is not predictable at this time, but the large class attending the Civilian Defense Training School now in session at Manassas was given a preview last Friday evening of what may lie ahead, when they heard Capt. McDermott, of the State Police, lecture on the coordination of Civil and Military authority to meet the present emergency.

There is nothing to get excited about, but plenty to carefully prepare for and it is the duty of all citizens to give loyal compliance to all of the regulations which are being devised, including the rationing of food, commodities and transportation.

This is an all-out war and we all have something that we may do which will contribute to the confronting of the enemy and to the early return of peace.

#### GAS FOR CIVILIAN DEFENSE

We are gratified to note the ruling this week by gas rationing officials that Virginia's thousands of air-raid wardens, auxiliary firemen and policemen, and other accredited civilian defense workers may buy gasoline necessary for their official business on presentation of their O. C. D. credentials and without a gas rationing card.

Commenting upon the ruling, State Defense Coordinator J. H. Wyse, is quoted from Richmond

The Manassas Journal.  
Dear Sirs:—

The following advice may be of interest to all concerned:—

Now that the gasoline rationing has been successfully completed, except those who have to get a supplemental supply; why not stop talking about some people getting ration cards for more than they need? Granted that some got cards for more than they need, most of them got them in good faith because they did not know how much they were going to need until July 1st. If some got more than they need, that is no reason for them to run about trying to use it all. Every patriotic American should make an effort to save all he can on his Gasoline Ration Card and see how much he has saved from his estimated necessities during this rationing period. We believe everybody will try to use as little as possible from their ration cards. All Americans should be patriotic and honorable enough to save on Gasoline, and on all commodities as much as possible. **SAVE FOR THE BOYS WHO ARE GIVING THEIR LIVES FOR YOU AND ME.**

Another matter needing adjustment is: Those who have to request a supplemental supply of gasoline to carry on their useful occupations should not be required to appear in Manassas before the Board. It should be necessary for them to mail a postal card requesting that the firms to fill in be mailed them, and they in turn fill out the forms before any person authorized to administer oaths and return them to the Board who would then mail them the necessary ration cards. This would save a LOT of gasoline, and the time of those needing the gas. Some would have to lose a day's work in order to go before the Board, and there should be no need for that. It should be made as easy and convenient as possible for everybody to comply with the laws and regulations. The easier it is the better the compliance.

If it may be necessary to again ration gasoline after the present rationing period, it will be a much simpler matter; because most people will know definitely at that time how much they will need for whatever period is set. Unless you were one of those who assisted those filling in their papers, it would be impossible for you to understand how little most people knew of their need. The School Teachers made an excellent job of assisting the registrants, under very difficult conditions because of the ignorance of the registrants in the matter.

Thos. F. Joyce.

#### OVER THERE

There isn't any blackout in the sunshine of God's Love. There isn't any rationing His care. We're not accused of sabotage when we are seen in church. To worship Him with music, and with prayer.

We're talking much of sacrifice. But doing mostly less. Our efforts are so feeble and so frail. We're really more concerned about The things we do without. Than of our fighting men who blaze the trail.

We want to use our money For the buying of War Bonds. To furnish ammunition to defend. But do we seek His blessing That all our leaders may Be guided by His spirit as they spend?

For all our men in service Lets send them words of cheer, Remember them whenever we do pray, For the Prayers we send to Heaven Are our only sure defense, Then let us say them often everyday.

Norman Young Cooksey.

#### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Otho D. Landes of Nokesville, Va. announce the engagement of their daughter, Beulah Elizabeth to Mr. Raymond Howard Brown, son of Mr. Bruce Brown of Midland, Va.

No date has been set for the wedding.

We wish to thank our various correspondents for sending their notes early this week.

Cartoon by LEO JOSEPH ROCHER

## MAKE YOUR MONEY COUNT FOR VICTORY

The one fast, sure way that you and everyone can help to win this war is by buying bonds, bonds, and more bonds. Your money will help give our fighting forces the guns and tanks and planes they need and must have to heap destruction on the Axis. Your Dollars Will Fight for You!

But time is short—there is not a moment to lose. Our enemies are striking fast and hard. So dig deep! Start buying U. S. Defense Bonds and Stamps today—and keep it up. The full faith and credit of the United States Government is pledged for payment of both principal and interest on these bonds. ACT NOW!

## You Get a \$25 Bond for Only \$18.75

Facts About Defense Bonds (Series E)

How Much of Their Cash You Lent Uncle Sam	Upon Maturity You Get Back
\$18.75	\$25.00
\$37.50	\$50.00
\$75.00	\$100.00
\$112.50	\$150.00
\$175.00	\$250.00

When is maturity? Ten years, like you can cash the bonds at any time after 60 days from their issue date. Naturally, the longer you hold the bonds, up to 10 years, the more money you'll get back. But you'll never get less than you put in.

What's the interest rate? When held to maturity, the bonds yield 3% per year on your investment, compounded semi-annually—you get a buck for every \$34.

All Scrap Metal on Your Farm  
Must Be Salvaged Now

UNCLE SAM needs every gun, shell, tank, ship and plane that American War Industry can produce to win this war. The present shortage of scrap metal in this country threatens to slow down war production. You can help speed it up by collecting every piece of scrap iron and steel

on your farm and bringing it to town at once.

Because there is no local scrap dealer, this store has set up a scrap depot to serve as a collection point for farm scrap in this area. Bring all your scrap metal here. You will be handed a receipt for it and as soon as it is sold to a scrap dealer you will receive full credit in cash or Defense Stamps.

There will be no commission charged or profit made by this store for performing this service. It is our contribution to victory.

Uncle Sam asks you to collect your scrap metal now and bring it in. We will move it on to War Industry.

# This Basic VICTORY FOOD will help America WIN!

*Americans...*

We have a gigantic job on our hands. Yet many of our people have not achieved the health and strength they should have and can have for this job. Everywhere in America, the hand of malnutrition—which simply means not getting enough of the right foods—slows our effort to a considerable degree.

It's a proven fact that all of us—in factories, on farms, in homes, offices and schools—need to get more nutrition out of our food. The Bakers of Southern Bread realized this eight years ago. They were the first bakers in Dixie to introduce bread enriched with vitamins. This important trend has been steadily growing.

Recently Government Agencies recommended ENRICHED bread as a powerful aid to better nutrition because it helps supply an extra amount of needed vitamins and minerals not found in ordinary breads. In quick cooperation with our Government the bakers of Southern Bread are now making not one—but three different ENRICHED loaves. And each wrapper carries the brand name "Southern" and the word "ENRICHED."

THESE LOAVES  
GIVE YOU EXTRA  
HEALTH VALUE  
NOT FOUND IN  
ORDINARY BREAD

## SOUTHERN ENRICHED BREAD IS A BASIC VICTORY FOOD

It looks and tastes the same as always. The price is unchanged. But Southern Bread in its new wrapper now gives you a great extra value—it is ENRICHED with important-to-health B-vitamins and minerals as recommended by the National Research Council. Bread is the food bargain of 1942 and Southern ENRICHED Bread is one of the best and cheapest sources of food energy your money can buy. Serve it today—and every day! Sold by better food stores everywhere.

### UNCLE SAM IS CALLING FOR A MORE VIGOROUS NATION

## SGT. BOLTON MAKING OUTSTANDING RECORD

Sergeant James E. Bolton is the soldier in charge of the nerve center of the Quartermaster Replacement Training Headquarters, Camp Lee, Va. The sergeant, son of Mrs. Pauline S. Bolton of Woodbridge, Va., formerly worked and studied in Washington.

All incoming and outgoing correspondence dealing with the enlisted personnel of the replacement center must first stop at the sergeant's desk. Distribution is then made to the responsible officers either at headquarters or in the various regiments. This job of distribution and assignment also falls on the shoulders of Sergeant Bolton.

In addition to handling the mass of correspondence that this large training center receives Sergeant Bolton has developed an interesting follow up method to insure that every thing sent to the regiments is gotten out on time. An exact duplicate of every bit of correspondence goes into a suspended file. Two days before a matter should have been completed Sergeant Bolton checks the regiment to remind them that their answer has not been forthcoming. If the answer is still not completed at the date the deadline has been set an explanation of this lapse must be forwarded to headquarters.

This simple system assures that no matter is left unanswered. It is one more check in the system established by the Army to guarantee efficiency and speed in handling all military matters.

Before entering the army Sergeant Bolton was employed in the auditing department of the National Savings and Trust Co. He had been there for seven years.

The sergeant is a graduate of Occoquan District High School and has a B. C. S. degree from the Strayer College of Accountancy in Washington. He was an active member of the baseball, basketball and soccer teams in high school.

At Camp Lee Sergeant Bolton is known as one of the best athletes of Headquarters Detachment. His work allows little time for sports but on the evenings when the men of headquarters are not working Sergeant Bolton is ready to challenge all comers at bowling and tennis.

## NAVY NAVAL RESERVE COMMISSIONS GRANTED

Lieutenant-Commander William L. Moise, Director of the Office of Naval Officer Procurement, announced today that for the two month period from March 17 to May 17, 600 commissions in the U. S. Naval Reserve had been granted out of 4000 making inquiry.

The successful 600 hailed principally from Virginia and West Virginia—following the same simple procedure that applies to all. The civilian seeking a commission has only to call at the Procurement office on the corner of Norfolk and Altamont Streets, Richmond, to be accorded the courtesy of a personal interview. When a visit in person is impossible, a request by mail brings a questionnaire that received the most careful evaluation from a staff of experts. If the applicant appears to be good officer material, he is asked to fill out further forms to prove his suitability.

The type of civilian most likely to get a naval commission is a college graduate in his twenties or thirties who enjoys good general health. Special skills in aviation, radio, firearms, photography, coding, higher mathematics, mechanics, and electricity are most in demand, but billets are also found for competent executives, teachers, administrators, and personnel men, Director Moise stated.

## OCCUPATIONAL QUESTIONNAIRE

Men should not apply for a social security account number card merely for the purpose of showing an account number on their occupational questionnaires, stated W. G. Bayliss, manager of the Social Security Board in Alexandria, Va.

Social security account numbers shall be obtained only when a person is going to work or has a job in employment which is covered by the Social Security Act. Farmers who are required by the Selective Service Board to fill in an occupational questionnaire do not need a social security account number card, according to Mr. Bayliss.

The Social Security Board has been receiving numerous applications for social security cards recently from those who have registered for the draft and who have received an occupational questionnaire from the Selective Service Board. There is a place on the questionnaire for the social security number, but this is intended only for those who have social security account number cards. If an individual filling in the questionnaire does not have a social security account number, he should simply write "none" in the space provided for his social security account number.

Those who have had social security account number cards and have lost them may secure a duplicate card free of charge at their nearest Social Security Board field office.

There are 800 world renowned artists in the performances, among them: the champion high wire Wallendas; Roberto de Vasconcellos, king of horsemen; the Cristiani family of back riding stars; the three Flynn Concello troupes; the De Ocas, aerial thrillers; the three Fernandez troupes; aerial marvels; Truzzi, juggling wonder; La Louisa, flying tra-

## DEFENSE WORKERS TO GET EXTRA GAS

### O. P. A. Issues Statement On Fairfax County Situation

A supplementary gasoline allotment will be granted volunteer firemen, air-raid wardens and other civilian defense workers for the amount of fuel consumed in pursuit of their duties, the Office of Price Administration announced last week.

According to a press dispatch, headlined from Washington, the O. P. A. was asked to comment upon a statement from Fairfax County Co-ordinator M. Loughborough, who foresaw the possibility that volunteer firemen and other defense workers might have to forego this type of work under the rationing program.

Mr. Loughborough, the press dispatch stated, cited the problems of such communities as Fairfax County, where large areas are involved and workers are frequently called on to travel long distances to answer emergency calls.

The Office of Price Administration said that volunteer firemen, and air raid wardens may use their own fuel and when their rationing card runs out, apply to the local rationing board for a supplemental allowance basing their claim upon the amount of gas used on official duty.

Should the supplementary allotment run out, it is possible for such persons to apply for a second amount to be used solely for emergency work for the duration of the ration card period.

### WILLIAM H. RICHARDS, 93 DIED AT CLIFTON, VA. HOME

William Henry Richards, 93, Government employer for 35 years before his retirement in 1925 died in his sleep on Saturday last May 9th at his home in Clifton, Va. where he had lived since 1907.

Born in Picton, Ontario, Canada, he came to Northern Virginia as a young school teacher. Between his teaching career and the beginning of his Federal Service intervened a period when he tried homesteading in South Dakota. On his return he became a clerk in the General Land Office, Interior, Department.

Until this season, Mr. Richards had maintained his family garden. He was an elder in the Clifton Presbyterian Church and a familiar figure at the meetings of the Washington Presbytery.

Surviving are his wife, formerly Katherine Detwiler whom he married in 1882, a daughter Miss Ruth Richards; two sons, William H. Richards of Washington, D. C. and Walter A. Richards of Columbus, Georgia; also five grandchildren.

Funeral services were held in the Clifton Presbyterian Church on Monday, May 11th at 2 P. M. with burial at the Clifton Cemetery.

### FAIRFAX BI-CENTENNIAL POSTPONED

The Bi-Centennial Celebration, which was to have been held on Thursday, May 21, at Fairfax has been postponed until sometime in the fall.

Mr. Cable, Secretary of the Fairfax County Chamber of Commerce advises us that the tire and gasoline situation has become so critical that it has been felt that it would not be wise to hold the celebration at the present time.
