SUBSCRIPTION \$1.50 A YEAR

MORE SUGAR FOR CANNING

LAST MINUTE SUGAR NEWS FOR HOME CANNING
FIGURE YOUR NEEDS BEFORE YOU GET YOUR SUGAR

It seems now that Mrs. Homemaker will get enough sugar to save her fruit by canning, but it won't be as sweet as that she put up last year, according to Miss L. Alice Webb, County Home Demonstration Agent.

OPA ruling says one pound of sugar for every four quarts of finished canned fruit, and an additional pound of sugar for each member of the family unit for the packing of preserves, jams, jellies and fruit butters are available for home canning. With this amount, home canners will use on the average, a medium or 30% syrup for most fruits. This syrup is made by heating 2 1/2 cups water and one cup of sugar. This is just a little more than half as heavy as the average syrup used by canners last year, but is better than the amount set in earlier rationing plans.

The small allotment of one pound per person for preserves or jams, will have to be stretched by using three-fourths of a pound of sugar for every pound of fruit. Preserves and jams made with this proportion will have to be cooked a longer length of time and jars should be sealed tight.

Homemakers who kept a canning record last year according to the Home Demonstration plan are in luck now—for this year's allotment is to be based on the amount of fruit canned last year.

Application blanks for this additional sugar can be secured from the local rationing board office in person or writing. An applicant must give the names of all consumers on whose behalf an application is filed, the serial numbers of their War Ration Books, the number of quarts of fruit canned, the number of quarts of fruit now in their possession and the number of quarts they intend to can during the period for which the application is made.

The OPA warned that on any subsequent application for sugar for purposes of home canning, the applicant will be required to report the number of quarts of fruit actually canned with the sugar previously obtained and the quantity of sugar and canned goods remaining on hand. A person making a false report will be subject to the penalties prescribed for violation of the rationing regulations.

The problems of shipping and supply which made sugar rationing necessary remain, thus homemakers should make application only for the minimum amount of sugar they need immediately for the conservation of the spring and early summer fruit crops. In applying for this sugar each homemaker agrees that it is to be used for canning purposes only or not over one pound per person will be used for preserves, jams, etc.

In order to conserve the most fruit each homemaker is urged to: 1. Keep fresh or in storage as much fruit as possible. 2. Dry the fruits which will keep satisfactorily this way such as cherries, peaches, apples, pears. 3. Can all the fruit which will be wasted unless preserved by canning - using one pound of sugar to each four quarts.

A suggested budget for the fruit needs of the family might be figured this way: one and one half bushels fresh fruit per person, ten pounds dried fruit per person and forty quarts canned fruit per person.

To help in estimating the amount of fruits to be canned, these averages may help:

1 bushel of peaches yields about eighteen quarts.

1 1/2 quarts of berries are needed to fill one quart.

1 1/2 quarts of whole cherries should fill one quart.

All home canners should understand that this additional allotment from our small sugar chop is made available for two purposes: 1. To prevent vital food from going to waste. 2. To make it unnecessary for farm families to buy canned fruit from the commercial pack.

RECITAL

Mrs. Margaret Broadus will present her violin and piano pupils in a recital on Monday night, June 1st at the Parish Hall at 8 P. M.

CHICKEN DINNER

There will be an old Virginia Ham or Chicken Cold Plate Supper sponsored by the Haymarket Baptist Church on June 3rd at Parish Hall beginning at 5:00 P. M.

Manassas and Occoquan will Blackout

Tuesday, June 2

WAR BONDS SALES

Our men cannot fight unless they have the munitions of war. These have to be paid for in some way, and we cannot saddle the whole burden upon a generation to come which will have its own difficulties.

It is therefore with much gratification that we publish the information which we have just received from Mr. G. Raymond Ratcliffe, Chairman of the War Savings Campaign Committee for Prince William County, that the total bond sales for our county has now reached a total of \$358,561.00.

Our monthly average, Mr. Ratcliffe says, is \$20,009.00, and this is a very goodly sum for a rural County like ours.

It is important, however, that we do not slacken our pace in this most important defense activity.

MEN 18 AND 19 MUST REGISTER

Cannot Be Drafted For Military Duty

June 3 the young men of the United States of the 18 and 19 year class must register. They cannot, however, be drafted for military service until they reach their twentieth year.

At the same time, on June 30, young men who have become 20 will also register. They will be subject to military call. Thus the total man-power of the nation, from 18 to 60 will have signed up with Uncle Sam, the younger and older groups, however, only for voluntary non-military duty.

Voluntary enlistment from the 18 and 19 year class which cannot be drafted, is being encouraged, however, both by the army and the navy.

It is now estimated that by July first 43,000,000 will be signed up by Selective Service Boards, and that more than 10 million of these will be wanted in non-military war production work by this time, and nearly as many more in another year.

The armed forces, it is stated, will require another two million men in 1942 and 2,500,000 in 1943.

WHO REMEMBERS

Once upon a time there was an organization in Manassas called "The German Club." The list of members included most of the socially prominent folks of the town and they held brilliant social events called "germans." This was long before the name had come into disrepute throughout the world.

Who remembers what a "german" was and what they did?

LADIES AID SOCIETY

The Ladies Aid Society of the Manassas Baptist Church will meet with Mrs. George Lewis, Tuesday, June 2 at eight o'clock.

DANCE AT BRENTSVILLE

The D. of A. will hold a dance in the old Courthouse at Brentsville on Friday 29, from 9 to 1. All invited.

A LETTER OF APPRECIATION

I would like to thank the good people of Brentsville District for their contributions for Religious Education. They have made it possible for me to say that our District has paid me more than its Quota for this year. With so many calls for money I am glad that so many of our people are interested in the Master's work.

SHUFFLING THE CANDLE

DEALER AIDS SALVAGE WORK

Stuart McMichael, a young business man of the Nokesville area, has actively turned his efforts to aid in the collection of scrap metal so badly needed for defense work.

Farmers are invited to read Mr. McMichael advertisement in this matter, which appears on another page.

The program as a whole is sponsored by International Harvester whom Mr. McMichael represents at Nokesville.

They and Mr. McMichael both realize the vital need for assembling this idle stock that is valueless to the holder and so useful to the country at this time of peak production.

SCOUTS DO PATRIOTIC SERVICE

The Boy Scouts of Manassas, under the leadership of Jack Ratcliffe, Scoutmaster, performed a real service last Saturday for the community by calling on all merchants who have procured flag sets and offering to put the flags out in the street sockets for them.

The scouts are going to continue to render this service and it is thought that the flags will be displayed earlier and more uniformly with their help. This coming Saturday (Memorial Day) the scouts will render additional service since the flags are supposed to be placed at half-mast until noon and then raised to the top of the mast for the rest of the day and the scouts have agreed to see that this is done in the proper manner.

MRS. BAKER TO PRESENT PUPILS

The pupils are cordially invited to attend a piano recital by Mrs. Dennis Baker's pupils. The recital will be June 12 and the following will perform:

Catherine Baker, Mary Ann Sinclair, Peggy Ann Rice, Bonnie Lynn, Mary Hooker, Betty Flickinger, Kathleen Hopkins, Peggy Foster, Ruth Schaffer, Iva Lee Fitzwater, Marjorie Beane, Louise Wine, Bernice Hooker, Rosa Lee Beahm, Mary Ann Kidwell, Catherine Bittle, June Kidwell, Mary Owens, Celestine McLearn, Jané Ayer, Tommy Webb, C. W. Staggs, Barbara Beane, Armistead Sinclair, Robert DeChant, Nancy and Bettie Parrish.

PHONES VITAL TO DEFENSE WORK

S. A. Kedy Explains Importance Of Effective Communication

Speaking before a large audience in Warrenton on Monday May 19, Mr. S. A. Kedy, Area Manager of the C. and P. Telephone Company of Virginia, made an address which was greatly appreciated, particularly by the many representatives of the Air-Craft Warning Service from surrounding sections who went to Warrenton to attend this Civilian Defense meeting.

Among those present was Defense-Coordinator Hunton Tiffany, who is in charge of the Civilian Defense activities of Prince William County.

Mr. Kedy, as Area Manager of the C. and P. for northern Virginia, is highly qualified to discuss the subject and his observations were a definite contribution to the science of wire communication as affecting Civilian Defense.

Following are direct quotations from his speech and are printed exclusively by the Manassas Journal, which is deeply indebted to the speaker for the privilege of reproducing his remarks.

(Continued on page 3)

BRENTSVILLE DISTRICT SUNDAY SCHOOL CONVENTION

The Brentsville District Sunday School Convention will be held in the Greenwich Presbyterian Church next Sunday, May 31. An excellent program has been arranged which will include the three principal speakers: Rev. A. J. Carrio, Rev. W. O. Luttrell and Rev. Minor C. Miller.

The convention will be an all day affair with basket-lunches at noon-time.

O. E. S. HEARS GRAND CHAPTER REPORT

The regular meeting of The Wimaudus Chapter of O. E. S. was held in the Chapter Room, May 19th., at 8 o'clock.

The most interesting things at this meeting were the reports of the delegates of the Grand Chapter Meeting recently held in Richmond, Va.

Mrs. Meaker Hurst, Worthy Matron, said the meeting as a whole was beautiful in floral decorations, work accomplished and the spirit which prevailed in the entire membership.

A family night is being planned for the next meeting. The children of different members will put on the program. Any strangers who are members elsewhere and who have not affiliated themselves with our chapter are cordially invited to do so at once.

RETURNS FROM CONVENTION

County Clerk Leamon Ledman returned from San Antonio on Saturday following a ten days trip during which he attended the annual convention of the Southern Baptist Church.

GENERAL RULES TO BE OBSERVED BY ALL CIVILIAN DURING AIR RAID.

(Issued by the Prince William County Defense Council).

Until a suitable system of sirens can be installed, air raid warnings will be sounded by fire trucks and police car traversing the streets with sirens sounding intermittently. All clear will be sounded by the regular fire sirens with a continuous blast of approximately two minutes.

1. REMAIN CALM and do not be frightened. More damage can be caused by panic than by falling buildings, materials or by bombs themselves.

2. IF AWAY FROM HOME, seek the nearest shelter. Get on the street or highway.

3. IF YOU ARE DRIVING, park your car at curb on side of road, turn off lights.

4. IF YOU ARE AT HOME, seek shelter in the refuge room. This room should be a comfortable place with as little window exposure as possible and at least two outlets. The refuge room should be blacked out by providing all openings with dark curtains or draperies so that no light can be seen from the outside. Turn out all lights. Do not let cracks of light show from outside.

5. HAVE A SUPPLY OF DRY SAND and buckets of water convenient in the event an incendiary bomb strikes. Do not throw water on an incendiary bomb. Unless you have some means of spraying water on a bomb do not try to use water to extinguish it. Do not get too close to an incendiary bomb. By covering the bomb with sand and the use of a long handled shovel an incendiary bomb may be removed with comparative safety.

6. KEEP OUT OF THE LINE OF WINDOWS. Fragments and glass splinters cause most casualties.

7. IF EXPLOSIVE BOMBS FALL NEARBY, get under a heavy table, an overturned davenport or other piece of furniture.

8. IF OUTSIDE AND UNABLE TO FIND SHELTER, lie down.

9. IN CASE OF INJURY, CALL POLICE OR AIR RAID WARDENS.

10. DO NOT PARK CAR IN CENTER OF STREET OR HIGHWAY, keep lane open for movement of traffic.

Do not believe rumors, remain calm and use common sense.

PRESSURE COOKER CLINIC

Is your pressure cooker ready for canning season? Is your pressure gauge accurate? Miss Alice Webb, Home Demonstration Agent announces that equipment necessary for testing pressure cooker gauge has been secured for the week of June 1-6.

Anyone desiring to have gauge tested should take cooker to Home Agents Office (201 Post Office Bldg.) before June 6th.

Air Raid Test Limited To These Towns And Immediate Vicinities

On Tuesday, June 2, the two Towns of Manassas and Occoquan will experience their first real blackout test, sometime between the hours of 9 and 11 P. M. No one will know just when between these hours the alarm will come, nor how long it will last, although it is believed that something like half an hour will be sufficient to permit the Civilian Defense organization to complete its test. Several minutes more or less might be required, however.

In Manassas the alarm will be a series of short blasts sounded by the engines of the local Fire Department as they make a run through all of the principal streets of the Town. All

lights will then be supposed to be cleared; lights cut off, and it will be the duty of every home to see that no lights show from the outside. Many residents have already prepared a special room where lights can continue during the blackout. Those who have not yet made such preparations will just have to pull the switch.

In all public places of meeting, such as theatres, churches, schools, etc. It is suggested that no one will be permitted to leave during the blackout except duly qualified defense workers.

Drivers of automobiles will be required to immediately pull over to the curb and stop, cut off lights and turn off engine. The door should not be locked, but the ignition may be locked and the operator take the keys with him to a place of refuge, or he may remain in the car at his own risk.

The all clear signal will be announced by the regular fire sirens by a continuous blast for approximately two minutes.

Mayors of the Towns of Manassas and Occoquan urge all residents to take these blackout tests seriously. They will come with increasing regularity and the lessons learned from one test must be applied in the next. All out, state-wide blackout, from dusk to dawn has been promised by the State Civilian Defense Headquarters for some time after June 1, and much remains to be done before we are ready for these necessary experiences and inconveniences.

U. D. C. POSTPONES

REGULAR MEETING

On account of the Memorial exercises on June 3rd the Manassas Chapter U. D. C. will meet on June 10th at the home of Mrs. William Hill Brown, Sr.

Mrs. Steward McBryde will be assistant hostess.

IMPORTANT MEETING OF EXECUTIVE BOARD

The Executive Board of Woman's Club will meet Wednesday morning, June 3, in the home of the President, Mrs. Lewis J. Carper, at 10:00 o'clock. It is hoped all members of the board will make every effort to attend.

nate, both of Manassas.

GRADUATES OF VIRGINIA TECH

Among the 414 candidates for the
bachelor of science degrees, 31 candi-
dates for master of science degrees,
and one candidate for the Ph. D. de-
gree to be conferred at Virginia
Tech's seventieth commencement ex-
ercise Saturday morning, May 30 are
William Landis Anderson, Edwin Bar-
bour Hutchison, Jr., Ralph Edwin Mur-
phy, Herndon; Griffith George Smith,
East Falls Church; Wilmer Wilson
Hutchison, Herndon; Mortimer, Franklin
Palmer, Jr., Fairfax; and Daniel
Smith Hawthurst, Oakton.

Because Virginia Tech will begin its
next session June 22 instead of in
September as has been customary in
the past, the graduation program will
be shortened from the usual four days
to one and a half. The baccalaureate
service will be eliminated. There is to
be no graduation address at the con-
vocation at 10:30 Saturday morning,
May 30 at which time degrees are to
be conferred by President Julian A.
Burruss.

Commissions as second lieutenants
in the reserve corps will be presented
at a regimental parade at 3:45 o'clock
Friday afternoon, May 29. All are ex-
pected to be ordered to active duty
early in June.

CHRISTIAN SCIENCE

"The idols have spoken vanity, and
the diviners have seen a lie, and have
told false dreams; they comfort in
vain." These words from Zechariah
10:2 comprise the Golden Text to be
used Sunday, May 31, in all churches
and societies of Christ, Scientist.

The subject of the Lesson-Sermon
will be "Ancient and Modern Mesmer-
ism, Alias Mesmerism and Hypnot-
ism, Denounced." Included among the

Scriptural selections will be "Talk no
more so exceeding proudly; let not
arrogancy come out of your mouth:
for the Lord is a God of knowledge,
and by him actions are weighed" (1
Sam. 2:3).

The following passage from the
Christian Science textbook, "Science
and Health with Key to the Scriptures"
by Mary Baker Eddy, will also be in-
cluded: "Mankind must learn that evil
is not power. Its so-called despotism
is but a phase of nothingness. Chris-
tian Science despoils the kingdom of
evil, and preeminently promotes affec-
tion and virtue in families and there-
fore in the community" (p. 102).

WHERE TO GO

(Republished by request of Mrs. R. H.
Eley, Hartwood, Virginia.)

When my eyes are heavy with tears,
And my heart is heavy with woe
I look to the comfort of love that
cheers
And I know where to go!
I go to the woodland afar
Down the road that is lonely and
sweet,
And suddenly over me shines a star
And there is no ache in my feet.

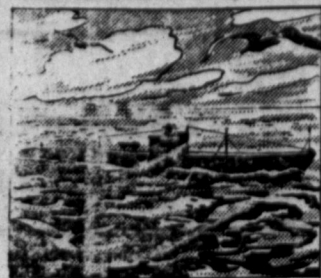

When my spirit is weak and sad,
When my soul is laden with grief,
I know the vales that will make me
glad,
And the river where sorrow is brief:

I go to the quiet of God
In the dawn, in the music of night,
And he lifts from me the chastening
rod
And gives me the holy light.

For I feel that a smile will come
I try to forget my pain

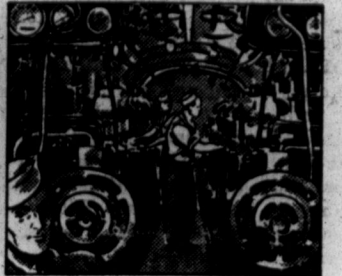

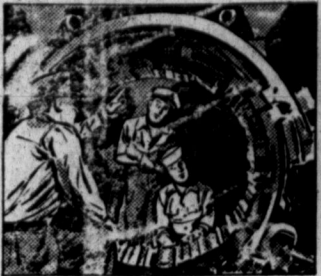

Navy School at G.E.

Just one evidence of the cooperation between the armed services
and our vast industrial army—a school for submarine electricians
conducted at one General Electric factory.

1. Electricity is vital to the run-
ning of every submarine. It does
an amazing variety of important
jobs, from turning the propeller to
cooking the coffee.

2. For that reason, there must be
well-trained electricians on every
underwater craft. At this school,
Navy electricians attend classes
taught by G-E engineers.

3. and go out into the
shops where they watch workmen
construct the same kind of elec-
tric equipment that will some
day be put in their charge.

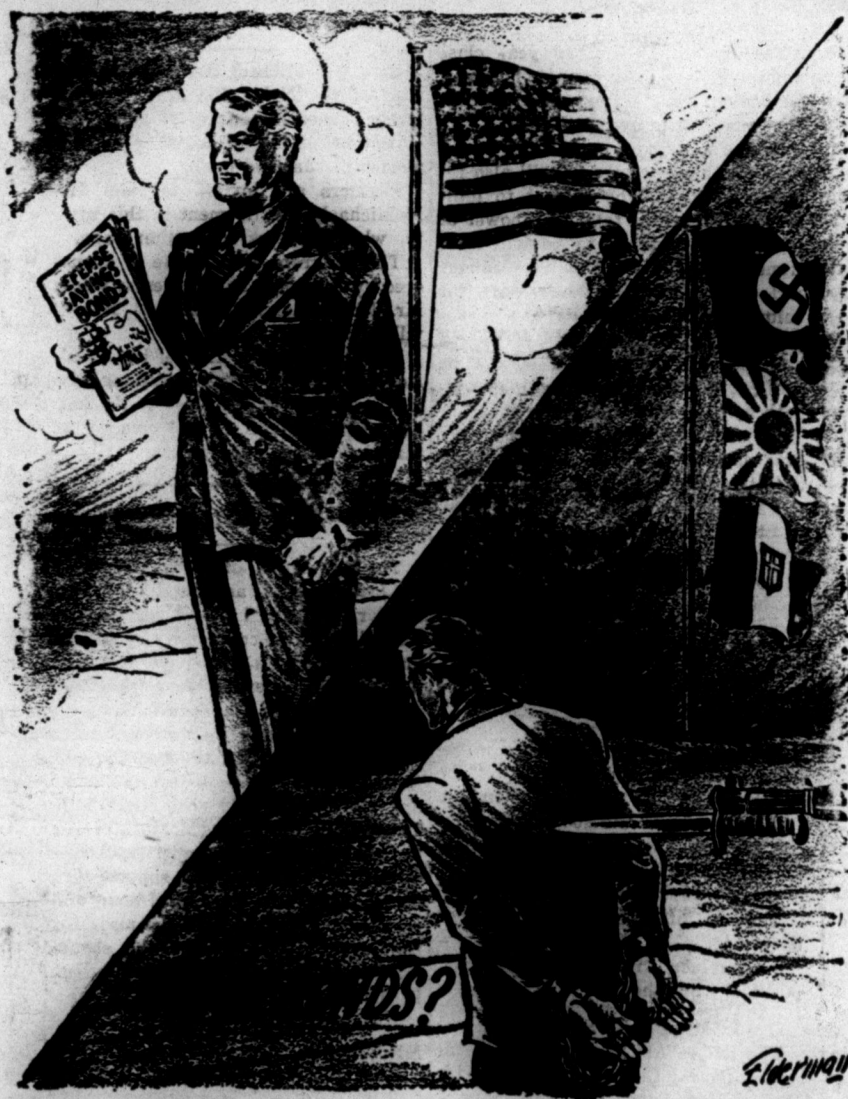

4. This is but one proof of the
thorough training which the U.S.
Navy gives its men, so that the
vital equipment of war will always
be ready for action.

General Electric believes that its first duty as a
good citizen is to be a good soldier.

Make This Your Answer!

Join the Pay-Roll Savings Plan—Make Every Pay Day "Bond Day"

Winning this war is going to
take the mightiest effort America
has ever made—in men, in ma-
terials, and in money. An impor-
tant part of the billions needed to
produce planes and guns and tanks

must come from the sale of Defense
Bonds. Only by regular, week-by-
week purchase of these bonds by
all America can this be done. This
is the American way to win—the
volunteer way. Are you helping?

EMPLOYEES!

Under the voluntary Pay-
Roll Savings Plan (approved
by organized labor) you
simply save a part of your
pay every pay day toward
the purchase of Defense
Bonds. Tell your foreman
or department head you
want to ENROLL NOW!

EMPLOYERS!

Do your part: If you haven't
already offered your work-
ers a Pay-Roll Savings Plan,
write or wire Treasury De-
partment, Pay-Roll Savings
Section, 709 Twelfth St.
N.W., Washington, D. C.
for full particulars.

TALK

(Continued from page 1)

The Telephone And National Defense
"I appreciate this opportunity to talk to you about responsibility of the telephone in the defense of our country."

"We in the Telephone business individually and collectively have exactly the same objective that you have—'Help Win The War.' We thoroughly understand the importance of the work you are doing, and we are cognizant of the fact that to do your job, you must have good telephone service."

"The intensified civilian defense preparations since the start of hostilities have confirmed earlier experience, that effective communications are vital and that the telephone is the basic medium of communication."

"Several weeks ago, a large contingent of American troops arrived in Australia. Knowing the Japs might attack at any time, the young officer in command was in a hurry to get his troops to their destination. You can imagine his impatience when the customs official advised him there would be several days' delay while a letter was sent to a distant city for instructions about getting their equipment through custom. The American officer then asked if they had a telephone and was told 'Yes, there was a telephone.' 'Hell, buddy, phone!' he replied. 'You're holding up the American Army.'"

"Everyone is working under pressure, and the telephone has become such a necessary part of our way of activity that any one can easily visualize the chaos that would result if telephone service were not available. There must be speedy and effective arrangements for disseminating warnings, for running headquarters points and mustering volunteer workers."

"The telephone operator's job in handling essential defense and official calls is so important that their work should be confined to establishing connections. Please do not add to their difficulties by asking them to pass messages or look up your telephone numbers. While an operator is looking up your number in the directory, an important call may be waiting to be answered. Civilian defense authorities are urging the public to avoid the use of the telephone during alarms. For the duration of the war, use your telephone service only when necessary and make your conversations brief."

"Mr. Moffett has advised me that the reason for my being here is to ask you, help in eliminating interference with Army Flash Calls. We are dead serious when we say these calls must go through. Seconds are vital in the handling of Army Flash Calls. Enemy Aircraft could travel from Warrenton to Washington in less than eight minutes. That is why we have less than a minute to get these calls through to Army Headquarters. That is why the interceptor command will have a pursuit plane in the air one and one half minutes after they receive an Army Flash Call. Do not hesitate - hang up immediately when you hear 'Army Flash.' Recently, I was very much impressed by a statement of one of our customers. While we were discussing the right of direct and warning observers to use telephone lines. He said 'I question the right of any man to life itself when the security of our Country is at stake.'"

"What I have just said is only a part of the responsibility of the telephone in our war effort."

"In Washington last year we installed 46,598 new telephones. This is an indication of the extent to which Washington is depending on the telephone."

"There has not been an Army Camp built without thousands of telephone calls. There has not been a Defense Plant built without thousands, perhaps millions, of telephone calls. There has not been a warship, an aeroplane, a tank or any other implement of war built without many telephone calls. A regular force of 150,000 operators in the Bell System handle all these calls and the others too."

"A regular force of 230,000 Employees construct and maintain the switchboards, cables, wires and telephones through which these calls travel. Telephone employees throughout the country are wholeheartedly purchasing defense bonds."

"Because the Bell System is financially sound, it has been able to muster \$420,000,000.00 during 1941 without Federal assistance with which to buy switchboards, cables, wires and telephones. During 1941, the Bell System paid our Government approximately \$290,000,000.00 in taxes."

Only persons or organizations engaged in direct war work or in occupations essential to the Public Welfare can be sure of obtaining telephone service."

"More than 9800 Telephone men are already in military service. The Bell System is now assisting the Signal Corps in the formation of a new regiment."

"Materials used in the manufacture of implements of war are also used in the manufacture of telephone instrumentalities. The War Production Board has therefore ordered certain restrictions in the provision of telephone service and we may expect further restrictions."

SAFeway Homemakers' Guide

NUMBER 41 ★ Some tempting vegetable platters ★ Meats you can be sure of
★ How to have garden fresh produce every day and save money, too

How to put sparkle in summer vegetable plates

In which the Safeway Homemakers' Bureau makes some wonderful suggestions

Vegetable plates can be the most colorful, the most appetizing dishes of all, especially at this time of year—if they are well planned rather than simply thrown together.

Be sure to serve vegetable combinations with appealing contrast in texture, color and cooking—something strong, something mild, something crisp, something soft. And include a generous portion of a protein food such as eggs, cheese or meat.

The Safeway Homemakers' Bureau planned and tested these suggestions. They are typical examples of appetizing vegetable plates.

Tomato souffle and crisp bacon strips, with sautéed whole kernel corn, buttered spinach, shredded carrot and pineapple salad.

Cauliflower au gratin with buttered string beans, buttered carrots, whole tomato salad stuffed with diced celery, onion and cottage cheese. (Allow 1/4 cup cheese a piece.)

Toasted cheese sandwich with broiled tomatoes, buttered peas, potato chips, sliced orange and lettuce salad with French dressing.

Baked corn and diced ham pudding, buttered peas, glazed carrots, red cabbage and raisin slaw with cream dressing.

Rice patties with cheese sauce, buttered asparagus, mashed parsnips, whole cooked beet salad stuffed with cucumber and celery.

Scalloped zucchini with bacon, twice-baked potato, spinach with lemon and hard-cooked egg, and Waldorf salad with mayonnaise.

Baked green pepper stuffed with macaroni and cheese, sliced Harvard beets, buttered wax beans, sliced tomato and grapefruit salad.

Hot artichoke with melted butter, scalloped carrots and cauliflower, shoe-string potatoes, peach half stuffed with cottage cheese salad.

About saving sugar in desserts
You'll find loads of interesting ideas in this week's Family Circle article. "Save—we can do with less sugar—and have good Desserts, too." Family Circle is out every Thursday—free at Safeway.

HOW TO SAVE SUGAR IN CANNING STRAWBERRIES

Strawberries can be canned and preserved with a limited amount of sugar for next winter's use and still have a good flavor of sugar to be used for canning or preserving between now and June 30. In order to get this extra pound application must be made to the local Rationing Board (in person or in writing) whose office is located in the Court House at Manassas.

To can strawberries with the minimum amount of sugar or none at all, Dr. Louise Stanley's laboratory of the Bureau of Home Economics, United States Department of Agriculture has found that if berries are crushed and heated slowly enough to draw out the juice, then packed in sterile jars and sealed and processed in a hot water

communications industry by furnishing "the best telephone service in the world."

HOW TO SAVE SUGAR IN CANNING STRAWBERRIES

Strawberries can be canned and preserved with a limited amount of sugar for next winter's use and still have a good flavor of sugar to be used for canning or preserving between now and June 30. In order to get this extra pound application must be made to the local Rationing Board (in person or in writing) whose office is located in the Court House at Manassas.

To can strawberries with the minimum amount of sugar or none at all, Dr. Louise Stanley's laboratory of the Bureau of Home Economics, United States Department of Agriculture has found that if berries are crushed and heated slowly enough to draw out the juice, then packed in sterile jars and sealed and processed in a hot water

bath for 20 minutes, they do not require any sugar or if you have a very sweet tooth, this method requires less sugar than canning the berries whole. Crushed fruits are good to use in sauces for short-cakes, frozen desserts, puddings, pies, etc. The berries can be sliced instead of crushed with the same results.

To make strawberry preserves use 1 cup sugar to 3 cups berries or one half cup sugar and one half cup syrup to 3 cups of berries instead of the usual rule of equal weights of sugar and fruit. When the sugar is cut and length of time for cooking is increased. Using this proportion of sugar and fruit will give a nice red color, a good strawberry flavor, but with juice a little thinner than usual.

To make jellies with less sugar, use three-fourths cup sugar to each cup of fruit juice. With part corn syrup, replace up to one-fourth the sugar called for with an equal measure of

corn syrup. If part corn syrup is used, cook the mixture slightly beyond the jellystage.

Your Home Demonstration Agent, Miss Alice Webb, whose office is on the second floor of the Manassas Office Building has many suggestions to help you with your canning and preserving problems. She is glad to help any who will contact her with their problems.

NEXT TUESDAY'S

BLACKOUT

We urge all citizens of Manassas and Occoquan to extend their sincere and most thoughtful cooperation in the blackout test which has been set for the Towns of Manassas and Occoquan next Tuesday night.

Speaking at the closing session of the Civilian Defense Training School which completed its sessions on Monday, Col. Alan C. Hart, of the State Civilian Defense Office said that one of the most comforting assurances that the boys at the battle front can have is information that the organization of home blackouts is proceeding rapidly.

In Australia, particularly, where Prince William boys are already fighting, our boys almost immediately upon arrival there, have wanted to know what the folks at home are doing to protect themselves from air-raids, and it has been noted by their officers that they make better soldiers when they know these necessary blackout precautions are being observed by their loved ones at home.

Let us all, therefore, do our full part to make these blackout tests successful.

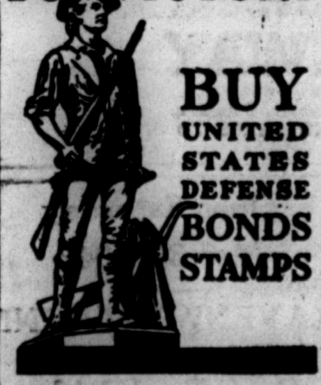

THE NEW SUFFRAGAN BISHOP

The election on Wednesday of Arch Deacon Roy Mason to be Suffragan Bishop of the Episcopal Diocese of Virginia will meet with the general approval of both clergy and laity of the Diocese.

From the first ballot, Dr. Mason was in the lead and the fourth ballot taken just before noon was conclusive although two additional ballots were necessary to get a majority of both clergy and lay delegates.

At the age of sixty-two, the new bishop is amply capable of shouldering the physical burden, and his lifetime of service in the Blue Ridge has given him a well rounded setting that will enable him to immediately take over his arduous duties.

EXECUTIVE ORDER NO. 69

Let every citizen of Virginia read and become familiar with Executive Order No. 69.

This order by the Governor of Virginia puts into action the Virginia Blackout Law and its provisions vitally affect the activities of all residents of the State during air-raids and blackouts.

The Virginia Blackout Law is the work of a very intelligent General Assembly and the executive order putting it into effect comes largely from intensive personal efforts of Governor Colgate Darden, and State Civilian Defense Coordinator J. H. Wyse.

Blackouts will be coming with ever increasing frequency. We must know the provisions of the law and what to do and what we may not do. The law is really just plain common horse-sense applied under unpredictable emergencies, and every one should study it.

—News Observer

BRIEF LOCAL NEWS

Mr. and Mrs. G. Raymond Ratcliffe were the week-end guests of Dr. and Mrs. Ely Swavely.

Lieut. John Beard of Fort Belvoir spent the week-end at the G. Raymond Ratcliffe home.

Mr. and Mrs. Stuart McBryde, Jr. and daughter, were the guests of Mr. and Mrs. Paul Arrington recently.

Miss Marie Bauserman of Madison College, Harrisonburg, Va. will be home Thursday to spend the summer vacation at the home of her parents, Mr. and Mrs. R. C. Bauserman.

Miss Lillian Walter, Mr. E. A. Walters and Mr. Joe Mitzer of Harrisonburg, Va. were the Wednesday evening guests of Mr. and Mrs. T. J. Broadbush.

Mrs. W. F. Cocke has been visiting in Richmond and Upper Shirley for the last two weeks and will return home at end of the week.

Mr. J. Vincent Davis spent the week-end in Norfolk with his father who is very ill in the hospital, after a major operation.

Mr. Marshall Johnson is home after having graduating from William and Mary College, Williamsburg, Va. this week.

Mr. and Mrs. Wilson Kite and little son, of Washington, D. C. will be the guest of his mother, Mrs. Lizzie Kite this Saturday.

Miss Helen Strode who has been ill for the past week is improving.

Miss Lucy Johnson returns today from Mary Washington College, Fredericksburg, Va. on the summer vacation.

Miss Mildred Parish will be home from Smith College, North Hampton, Mass. for the summer vacation.

The June meeting of the Garden Section of the Woman's Club will be held at the home of Mrs. Harvey Steele, Monday, June 1st, at 8 o'clock.

Miss Maymie Stinnette, one of the Prince William County Health Nurses, has resumed her duties here after being seriously ill for sometime in the Norfolk General Hospital.

Prof. and Mrs. W. H. Joubert of Gainesville, Florida, are visiting at the Lutheran Parsonage this week. Professor Joubert is a teacher in the University of Florida.

Mr. Joe Muddiman has returned from the hospital following a successful tonsil operation.

MARTIN — BURGESS

Miss Louise Burgess and Private Worth Anderson Martin, U. S. A., were quietly married on Monday, May 4, in Culpeper by Rev. J. T. Edwards.

The bride is the daughter of Mr. and Mrs. Horace Burgess of Warrenton. She is also the half sister of Mrs. N. A. Wheeler, of Wellington, whom she visited frequently.

Private Martin, who is the son of Mr. and Mrs. Henry Martin, entered the Army in September and is now stationed in South Carolina. He was graduated from the Warrenton High School.

DEATH OF MRS. MAGGIE MAUCK LAWLER

Mrs. Maggie Mauck Lawler, widow of the late Charles Lee Lawler, died at her home near Manassas, Va., on Saturday, May 16, at eleven o'clock P. M., after an illness of about three weeks duration.

Mrs. Lawler was the second child of the late Hon. Robert G. and Susan Burner Mauck of Page County, Va., and was the last member of their family, her age being 79 years, 2 months and two days.

Six children survived; Robert of Purcellville, Va., Joseph, Arthur and Misses Edna, Susie and Nellie at home. There is one grand child, Douglas Lee Lawler.

The deceased brothers and sisters are Charles J. and William T. Mauck, Mrs. Charles Garber, Mrs. Frank Garber and Mrs. Stewart Garber.

During their early married life Mr. and Mrs. Lawler resided in Page County where both were born and reared. In 1901 they moved to Fauquier County where they lived for some years, later locating on a farm in Prince William County which has since been their home. Mr. Lawler passed this life in February 1925 and was taken back to Luray for burial.

Mrs. Lawler has been a staunch member of the Primitive Baptist Church for many years and has extended generous hospitality to her brothers and sisters in the faith. Her gracious and noble life not only endeared her to her church and relatives but to a host of friends in all walks of life. Her sweet presence and wise counsel will be greatly missed by her family, who have so tenderly cared for her in her declining years.

The funeral was held Tuesday, May 19 at 1:30 P. M. from the Mount Carmel Primitive Baptist Church, Luray, Va., with Elders B. H. Seekford and J. B. Jenkins officiating. Burial took place in the Evergreen Cemetery.

MRS. MARTHA ROLLINS

Mrs. Martha Rollins, wife of Milton A. Rollins, of near Bristow, and a native of that vicinity died at the family home on Friday, May 22nd.

The funeral services included a Requiem Mass sung by Rev. Thomas O'Connell, of Richmond, Va. Present at this Mass in the Sisters' Convent Chapel in Bristow were the following priests: Rev. Wilfred Foley, O. S. B. and Rev. Michael Cannon, both of Richmond, the Rev. John C. Ryan of Warrenton, the Rev. John Smith, of Bristow, and the Rev. James J. Widmer, of Manassas.

Besides her husband, she is survived by five sons, Messrs. Joseph and Alphonse, of Bristow; Mr. Edward R. of Arlington; Mr. Frank, of near Merrifield; and Mr. Milton R., of Arlington; Mr. Frank, of near Merrifield;

SCHOOL BAND PLAYS FOR KIWANIS

The Kiwanis Club was treated to a pleasant surprise last Friday evening when Kiwanian Wharton announced the first public appearance of the newly organized school band, with Miss Lillian Knight, director.

With Miss Knight were Joan Griffin (1st trumpet); Esther Rupp, (2nd trumpet); Peggy DeChant, (1st clarinet); Worth Peters, Jr., (2nd clarinet); Roberta Sudd, (baritone).

The group played several numbers, including a medley. Joan Griffin played a solo and joined in a trio with Esther Rupp, supported by Miss Knight.

Needless to add that the Club members were hearty in their praise of the new band and hope to see it prosper. Kiwanian Fred Hynson arose and introduced Kiwanian Al Hooft as a member of the band which formerly played duet tunes for the populace of the community.

Present as the guest of "OD" Waters was the new Episcopal rector, Rev. Thomas G. Faulkner.

(Ed. note — For the benefit of all, Miss Knight has since made the statement that she will remain during the vacation to stabilize the progress of the band and to help get it into service more quickly).

MISS ARMSTRONG ENTER-TAINS ARTS GROUP

The members and invited guests of the Fine Arts Section of The Woman's Club of Manassas, spent an interesting and pleasant evening on Tuesday of this week where the guests of Mrs. Lewis Carper, and Miss Alice Webb at the home of Mrs. Carper.

The business session, was preceded over by the newly elected chairman Mrs. T. J. Broadbush. A splendid report of the activities of the Music Week Committee was given by Mrs. Vincent Davis. It was interesting to note the unusual interest shown in this part of the club's activity.

Miss Edna Armstrong, pianist, of Nokesville was the guest artist, for the evening and gave a most delightful program of varied members, all rendered in her usually charming and finished manner.

The Literature Section of the program presented, Mrs. C. R. C. Johnson, who gave a well rounded, and comprehensive review, of some "Recent Fiction," this, too, was a real treat and one from which all present, could and did gain much information on what is being written, and the merits of each.

This is a fast growing Section, and one which the Club hopes to expand and enlarge. The June meeting will be a social one, and will be held at the home of Mrs. R. W. Peters. Look for the date, and be, "among those present."

List your property for sale or rent with

R. Jackson Ratcliffe

GARDEN CLUB ENTERTAINED BY MRS. GILLUM

The Manassas Garden Club met with Mrs. H. Gillum Tuesday afternoon, May 26. It was decided that it would be necessary to give up all plans that had been made for the Victory Garden Show that was to have taken place the early part of July. Transportation difficulties forced this decision on the club.

To compensate for this loss, plans were made to show two classes or arrangements at each meeting to be judged by secret ballot by club members. Mrs. Paul Cooksey was appointed to work-out the details and announcements will be made in the Journal before each meeting.

A signal honor came to one of our Garden Club members, Mrs. E. M. Marsteller, when the Piedmont District of the Virginia Federation of Garden Clubs requested the privilege of her name on the slate as their selection for Regional Vice President at the election to take place in Fredericksburg, May 26 and 27. Circumstances made it necessary for Mrs. Marsteller to refuse the nomination, but the club feels honored that one its members should have been elected for such a post.

The June meeting will be at Mrs. Paul Cooksey's home.

ATTEND EPISCOPAL CONFERENCE AT ALEXANDRIA

From Lower Truro; (Pohick), Mr. Ben. F. Nevitt and Captain Thomas F. Joyce; from Truro, Mr. George Robey and Mr. Charles Pickett; from the Falls Church; Messrs Samuel Styles and C. A. Stewart.

Others who attended are mentioned on page 2.

You Can Help Win this War!

All Scrap Metal on Your Farm Must Be Salvaged Now

UNCLE SAM needs every gun, shell, tank, ship and plane that American War Industry can produce to win this war. The present shortage of scrap metal in this country threatens to slow down war production. You can help speed it up by collecting every piece of scrap iron and steel

on your farm and bringing it to town at once.

Because there is no local scrap dealer, this store has set up a scrap depot to serve as a collection point for farm scrap in this area. Bring all your scrap metal here. You will be handed a receipt for it and as soon as it is sold to a scrap dealer you will receive full credit in cash or Defense Stamps.

There will be no commission charged or profit made by this store for performing this service. It is our contribution to victory.

Uncle Sam asks you to collect your scrap metal now and bring it in. We will move it on to War Industry.

SALVAGE for VICTORY!

DR. JOHN WENDELL BAILEY

Born Winona, Mississippi, January 9, 1895. B. S., Mississippi State College, 1915, M. S., 1917; A. B., Cornell U., 1916, A. M., Harvard, 1927, Ph. D., 1928; Instructor in Zoology and Entomology, Mississippi State College, 1916-17; Professor of Biology, Mississippi College, 1925-29; Professor of Biology, University of Richmond, since 1939; Director of Biological Research at Chesapeake Corporation since 1937; enlisted in U. S. Navy, 1918-19; winner of Bowdoin Prize, Harvard University, 1927. Fellow A. A. S. Member of many learned scientific organizations. Baptist; democrat. Club: Harvard of Virginia. Member Committee on Cultural Relations with Latin America, summer, 1941. Author of many books and articles.

And I make my sighings grow dumb:
For there is no wrong to be found
With the world or even its woe;
And the earth is a heavenly ground,
And I know where to go!

MRS. HELEN McCUEN

Mrs. Helen Bridget McCuen, aged 72, wife of William McCuen, many years resident of this town, died of a heart ailment very suddenly in Washington on May 18th.

A requiem mass was celebrated on May 21st in All Saints Catholic Church by the Rev. James J. Widmer. Interment was in the cemetery in Warrenton.

Besides her husband she is survived by two sons, Harvey and Raymond, both of Manassas, and five daughters, Mrs. Jesse Crosby, of Manassas; Mrs. C. Koontz, and Mrs. J. C. Ggilroy, both of Washington; Mrs. J. Lorence, of Racine, Wisconsin, and Mrs. M. May, of Lynchburg, Va.

CLUB TO PLAN

FALL GARDENS

The Manassas Home Demonstration Club, will meet with Mrs. J. P. Royer on Thursday, June 4th, at 2 P. M.

The program will be Mrs. Wheatley Johnson on, "Planning the Fall Garden."

Miss Alice Webb will also talk on Control of Living Cost. Recreation will be in charge of Mrs. J. P. Royer. Full attendance is requested.

"ON GUARD"

If it's a battle, we're ready, on land, sea, and air,

Where our Country needs us, We're always there.

To the snows and ice of the Northern lands or palms, cactus and burning sand.

While the moon and the stars are keeping watch over you, I'll be keeping Guard over The Red, White and Blue.

By Capt. Lewis E. Powell
N. S. M. C.

OCCOQUAN AUXILIARY ELECTS OFFICERS

At the May meeting of the Ladies Auxiliary to the AWL Fire Department the following officers were installed for the ensuing year.

Pres. — Mrs. Ambrose Petellat
Sr. V. Pres. — Mrs. Thomas Joyce
Jr. V. Pres. — Mrs. Hervey Rice
Secretary — Miss Mamie L. Davis
Finan. Secretary — Miss Margaret Williams

Treasurer — Mrs. Harmon Roberts
Chaplain — Mrs. Edgar Shanklin
Historian — Mrs. William Weidner
Sgt. at Arms — Mrs. Lacey Harvey
This Auxiliary, having appointed Mrs. Shanklin Chairman, has been making the house to house canvass for the sale of stamps and bonds covering the Occoquan District. They are also uniting with other nearby Auxiliaries to play host to the Service Boys at USO Headquarters in Alexandria June 7.

GET DEGREES AT FREDERICKSBURG

Graduates from this and nearby counties at the sessions of Mary Washington College on May 29th include the following:

Bachelor of Arts in Education;
Emma Elizabeth Collins, Fairfax
Anne Pauline DeCoss, Alexandria
Henrietta Fay Fletcher, Manassas
Jeannette Elizabeth Berry, Falmouth.

Bachelor of Science:
Margaret Ann Porch, Vienna
Bachelor of Science in Education:
Helen Virginia Buckley, Clifton
Marjorie Ruth Horner, Arlington
Dorothy V. Schelhorn, Alexandria
Secretarial Diploma
Elizabeth H. Davis, Arlington
Frances C. Ellis, Nokesville

We wish to thank our various correspondents for sending their notes early this week.

CENTREVILLE

The "poverty party" held at Mrs. Payne's last Saturday was quite successful. Senator E. Conner judged the contestants awarding first prize to Mrs. Zabacky, second to Georgia Mary Woltz and third to Mrs. R. J. Clizbe. Pictures of the winners will be published later.

Rev. Mr. Thompson conducted services at St. John's on Sunday morning. The beautiful red roses, symbolic of Whitsunday, which adorned the altar were the gift of Mrs. Stewart McBryde, of Manassas.

Mass will be said at St. Timothy's at 9 A. M. on Sunday. The celebrant will be Rev. J. J. Widmer, of Manassas.

Mr. John DeBell was home on a short furlough recently from his camp in Pennsylvania. He has been transferred to his new assignment in the army air corps and has since reported for duty there.

Mr. Carroll Carter is proudly exhibiting a beautiful bear skin rug made from a bear which he shot in the West Virginia mountains last fall. It is a perfect piece of workmanship.

PENDER

Mr. James Powell and family have moved to the Beach house on the hill above Difficult Run.

Mrs. F. M. Alder spent the day with Mrs. George Twombly last Thursday.

Visiting at the Alders were Mr. and Mrs. Walter Waple, also Mr. and Mrs. Walter Thomas of Washington. Mr. W. B. Cross who was quite sick first of last week is much better and able to go to work.

Rev. Lucas delivered a fine sermon Sunday night-Sunday the 31st. There will be 9:30 A. M. services and Communion.

WOMEN RAISING FOOD FOR FREEDOM

Surveys show that in the entire nation the farmer's wife, the farmer's daughter and the farmer's mother are replacing the menfolk, doubling their work and expanding their stock to make their 1942 quotas for agriculture production goals. America's first year at the war is sending thousands of men to the armed forces and thousands of women to the fields. How women are helping to win the war by raising food for freedom in a nationwide farming effort, is told in an illustrated feature article appearing next Sunday in the Washington Sunday Star.

NOTICE OF COMMISSIONER'S HEARING

IN THE CIRCUIT COURT OF PRINCE WILLIAM COUNTY, VIRGINIA.

W. F. Harper, who sues for himself and all other creditors of the Magnetic Control Corporation, a corporation

TO WHOM IT MAY CONCERN:

The undersigned commissioner in chancery, in accordance with a decree entered in the above styled cause on the 6th day of April, 1942, will hold a hearing at his office in The Peoples National Bank Building in Manassas, Virginia on the

30th day of May, 1942 at 11 o'clock, A. M.,

for the purpose of ascertaining the facts on which to base a report which will be made to the court on the following inquiries:

(1) The personal estate owned by the defendant, Magnetic Control Corporation, a corporation, which is subject to the claims of its creditors.

(2) The real estate owned by the defendant, Magnetic Control Corporation, a corporation, and subject to the claims of its creditors, its fee simple and annual rental value.

(3) The taxes due by the defendant, Magnetic Control Corporation, a corporation.

(4) What claims asserted or to be asserted in this cause, constitute liens on the person and real estate of the Magnetic Control Corporation, a corporation, their several amounts and respective priorities.

(5) All other valid claims against the Magnetic Control Corporation, a corporation, not reduced to judgment, or otherwise charged as liens against the estate, real and personal, of the defendant, Magnetic Control Corporation, a corporation.

(6) If the rents and profits from the real estate of the defendant, Magnetic Control Corporation, a corporation, will in five (5) years pay the liens and debts thereon.

(7) Any other matter deemed pertinent to this cause or required to be stated by any party in interest.

Given under my hand this 29th day of April, 1942.

Arthur W. Sinclair
Commissioner in Chancery

OCCOQUAN

Mr. John A. Musselman of Occoquan has been admitted to Walter Reid Hospital in Washington, D. C. for an operation. We hope to have him back with us again soon. We believe the operation is not a serious one.

The Gasoline and Tire saving was very noticeable in Occoquan last week's end. Scarcely a car passed through to town Saturday and Sunday. We believe the Citizens are paying attention to the advice "To save Gas and Rubber."

FOR THE PERUSAL OF THE MEMBERS OF THE BOARD OF SUPERVISORS OF PRINCE WILLIAM COUNTY

Some months ago you Gentlemen announced in the Journal you had allotted \$12,000.00 for fire fighting in the county. What has come of this allotment? Is it in a bank where it is of no use to fire fighters? Remember; We were too late and had too little when we went up against the Japs; The British were too late and had too little in most of their battles. We will be too late and have too little if we have occasion to fight fires on an extensive front. TWO Organized Fire Companies in the County would like very much to be able to purchase Fire Fighting Equipment with some of that money. They have the necessary qualified FIREMEN to man more Fire Engines than they now have, so why not give them some of that money that will never help in fighting fires so long as it is kept in BANK or wherever it is kept. Your reporter inquired about when this money could be used some weeks ago, and was informed no one seemed to know. Surely some one should know. If it was the intention of you Gentlemen of the Board of Supervisors to use it for the purchase of Fire Fighting Equipment, why not divide it among the Organized Companies in the County who could use it, and thereby increase the Fire Fighting Efficiency in our County by 100 per cent. We trust this matter will receive your early attention. THERE IS SOMETHING ROTTEN IN DENMARK, or, in Manassas.

What You Buy With WAR BONDS

The Army's fighter planes are the finest in the world and develop speeds up to 400 miles an hour. They cost approximately \$100,000 each, provide fighter escorts for the huge flying fortresses, and combine speed, range, altitude and blistering fire power.

America's plane production plants are working over-time turning out thousands of these fighter planes. War Savings Bonds will help pay for them and the American people are committed to at least ten percent of their income to finance their cost in War Bonds. Every American, buying his share every pay day, will make it comparatively easy to supply our army and navy air corps with these supreme Eagles of the air.

COUNTY AGENTS COLUMN

What Inflation Means To The Farmer

1. When prices are rising rapidly, farmers take in more money but pay out more.

2. Farmers usually go into debt when money is plentiful and prices are rising. Usually debts made when money is scarce and prices are falling.

3. When prices are rising, levels of living are adjusted upward. When prices fall, any lowering of the standard of living becomes a hardship. The human race learns to live beyond its means during periods of inflation.

4. During periods of inflation the government, as well as individuals, incur debts which cannot be repaid quickly. This increases costs and raises taxes. Inflation passes on to the coming generation a greater part of the war burden than would be necessary without inflation.

5. Inflation reduces the value of insurance. Fire insurance collected as the result of burned buildings will not go as far in replacing losses. A maturing life insurance policy will buy less.

6. Inflation reduces the value of savings.

7. Inflation encourages hoarding. When prices are rising, money is exchanged for commodities which are held for a rise in price. This works well when prices continue to rise but usually commodities purchased are held too long.

The Government's 7-Point Program to prevent inflation, keep down the cost of living and promote the war effort includes placing of price ceilings on goods and rent, stabilizing wages and salaries, encouraging increased purchasing of war bonds, rationing of essential commodities that are scarce, discouraging installment buying and encouraging paying off of obligations while prices are good.

FIGHTING FOOD— FOR A NATION AT WAR!

BULLETS, guns and ships are not the only weapons in this fight for freedom. Food is ammunition too—and a nation at war needs fighting food—food that charges our muscles with energy and supplies our bodies with the vigor and vitality we so urgently require to meet the extra demands of wartime conditions.

That's why Uncle Sam is asking Americans to eat "fighting foods," such as ENRICHED Bread. That's why ENRICHED Bread is regulation food for the United States Army, Navy and Marine Corps. And that's why a Federal Government nutrition authority recently said, "It is a patriotic duty to accept only white bread which carries the word 'ENRICHED' on the wrapper."

The Bakers of Southern Bread realized the need for better nutrition eight years ago, when they were the first bakers in Dixie to introduce bread enriched with vitamins.

When Government Agencies recommended that all white bread be enriched they quickly cooperated and are now making not one—but a full line of ENRICHED Breads.

Do your part for yourself and your country by making ENRICHED Bread a part of every meal. And to be sure of dependable freshness, thrift and quality, always look on every loaf you buy for the brand name "SOUTHERN"—and the word "ENRICHED" prominently displayed in a flag on the wrapper.

SOUTHERN ENRICHED BREAD IS A BASIC VICTORY FOOD

It looks and tastes the same as always. The price is unchanged. But Southern Bread in its new wrapper now gives you a great extra value—it is ENRICHED with important-to-health B-vitamins and minerals as recommended by the National Research Council. Bread is the food bargain of 1942 and Southern ENRICHED Bread is one of the best and cheapest sources of food energy your money can buy. Serve it at every meal. Get it—at your grocer—good and fresh today.

UNCLE SAM IS CALLING FOR A MORE VIGOROUS NATION

The Bakers of Southern Bread answer with a full line of ENRICHED loaves supplying Vitamins for Vitality for Victory.

What You Buy With WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$35 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

NEW PRESIDENT OF PHONE PIONEERS OF OLD DOMINION

PHONE PIONEERS ELECT COLLIER

Ninth Annual Session Held At Roanoke, Virginia.

Percy B. Collier, Richmond, was elected president of the Old Dominion Chapter, Telephone Pioneers of America, at the ninth meeting of the chapter held May 16, 1942, at the Hotel Roanoke, Roanoke, Virginia. Other officers chosen for the coming year were A. Linwood Lott, Richmond, vice-president representing Richmond District Council; Miss Anne E. Nottingham, Norfolk, vice-president representing Norfolk District Council; Mr. J. H. Gillock, Roanoke, vice-president representing Roanoke District Council; H. G. Breckenridge, Herndon, vice-president representing Lynchburg District Council, and Miss Beryl W. Hundley, Richmond, reelected secretary-treasurer. Wilbur J. Baggs, Norfolk, retiring president, W. R. Buckley, Lynchburg, Miss Flossie A. Grimm, Petersburg, and D. H. Loving, Richmond, were elected to membership on the chapter's executive committee. The newly elected officials will take office July 1.

Mr. A. L. Eskey, general personnel manager, Washington, was the guest speaker at the business session on Saturday morning, May 16. Also on the program was Miss Ann E. Nottingham, a member of the Old Dominion Chapter, Norfolk, who is now serving as vice-president on the executive board of the Telephone Pioneers of America.

Out of town guests, other than Virginia Pioneer members, included, in addition to Mr. A. L. Eskey, Mr. J. O. Martin of Washington and Mr. R. C. McCann, vice-president and general manager of the company, Richmond. Mr. Junius P. Fishburn, Roanoke, a director of the Chesapeake and Potomac Telephone Company of Virginia, was among the local guests.

The Telephone Pioneers of America is an organization of men and women who have served for 21 years or more in the telephone business. It was formed in 1911 to share the comradeship of joint achievement and to preserve the traditions of the industry. The Old Dominion Chapter has an enrollment of 513 at the present time.

FINAL MEETING OF P. T. A. HELD IN OSBURN HIGH

The final Parent-Teacher meeting of the school year was held in the Osbourn High School auditorium on Thursday evening, May 21st. Mrs. A. O. Beane, president, called for committee reports following the usual opening exercises of The Lord's prayer, salute to the Flag, and the singing of "America."

The reports showed that highly commendable work had been done by the various committees during the year, a summary of the outstanding accomplishments of the year will be published at a later date.

The association was asked to contribute toward the purchase of Summer Playground equipment and a liberal amount was voted for that purpose.

Both speakers, Mr. R. Worth Peters and Supt. R. C. Haydon, made excellent, instructive addresses.

Mr. Peters emphasized the importance of parents and teachers working together with intelligent understanding for the common good of the child. He reminded parents that teachers are professional people, who have studied and been trained in teaching and dealing with children and youth, and they must be good or they do not continue in this field. Therefore, parents should have the same confidence and faith in the teacher as that placed in the doctor, lawyer or other professional.

Mr. Haydon, in discussing the Manual of administration of the county educational set up, said that these laws are for the joint protection of the child, the school and the taxpayer. He also stressed the importance and value of complete understanding between the home and the school.

SALVAGE for VICTORY!

GROWING OLD
(Republished by request of Mrs. R. H. Eley, Hartwood, Virginia.)

A little more tired at close of day,
A little less anxious to have our way;
A little less ready to scold and blame;
A little more care of a brother's name;
And so we are nearing the journey's end,
Where time and eternity meet and blend.

A little more love for the friends of youth,
A little less zeal for established truth;
A little more charity in our views,
A little less thirst for the daily news;
And so we are folding our tents away,
And passing in silence at close of day.

A little less care for bonds and gold,
A little more zest in the days of old;
A broader view and a saner mind,
A little more love for all mankind;
And so we are faring adown the way
That leads to the gates of a better day.

A little more leisure to sit and dream,
A little more real the things unseen;
A little nearer to those ahead,
With visions of those long loved and dead;
And so we are going, where all must go,
To the place the living may never know.

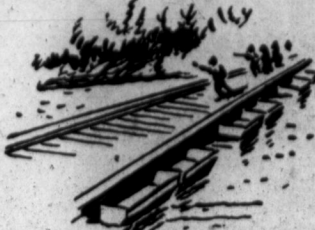

A little more laughter, a few more tears,
And we shall have told our increasing years;
The book is closed, and the prayers are said,
And we are part of the countless dead.
Thrice happy if then some soul can say,
"I live because he passed my way."

What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "pontoon", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest ponton, our engineers need plenty of them. If you and every American invests at least 10 per cent of income in War Bonds every pay day we can supply our fighting forces with these essentials to a victorious war.

Official U. S. Treasury War Bond Quotas for June

The above map of the country shows the War Bond Quota by states for the month of June totalling \$800,000,000. Everybody every pay day is expected to invest at least ten per cent of his income in War Bonds to aid in financing America's offensive against the Axis powers.

The ultimate quota for the nation will be on a basis of one billion dollars per month effective in July. This sum is necessary to provide for all-out production of planes, guns, ships and munitions adequate to arm our fighting men with the tools necessary to win the war.

COMPLETES SUCCESSFUL SCHOOL CAREER

Wheatley Marshall Johnson of Manassas, Va., a member of the senior class of Washington and Lee University, received his Bachelor of Arts degree at Lexington on Tuesday at the university's 193rd commencement.

Johnson is a member of the Lambda Chi Alpha social fraternity of which he served as secretary during his senior year, and a member of the Sigma Delta Chi honorary journalistic fraternity of which he served as president during his senior year. He was on the staff of Ring-tum Phi, campus newspaper, for three years serving as desk editor during his junior year; was a member of the International Relations Club, serving as Treasurer his junior year and president his senior year; was a member of the Christian Council and of the Forensic Union his freshman year; and was a member of the Executive Committee his sophomore and junior years.

He was director of sports information for the Washington and Lee News Bureau during the latter part of his senior year and also received the Lee School of Journalism certificate in journalism granted only a limited number of students majoring in journalism.

MY PRAYER

By Ramona Ross Keller
(Republished by request of Mrs. R. H. Eley, Hartwood, Virginia.)

Lord, let me learn the joy of simple deeds,
The kind that fit into a comrade's needs;
A handclasp that will lend encouragement,
A smile—upon a cheering mission sent.

Let me not be too busy, nor too blind,
To see when others need me to be kind.

DANCE

FRIDAY, JUNE 5TH

N. Y. A. Gymnasium, 9:30 - 1:30

Roy May's Orchestra

Given by Manassas

Junior Woman's Club

Admission \$1.10 stag or drag,

WHEELS...rolling to Victory!

On planes...in the engine rooms of ships...on guns and combat cars...wheels roll America's striking power into line. They move fast—because, behind them, other wheels roll at wartime speed. Millions of wheels humming in factories, making the tools our forces need. Millions of wheels singing on the rails, taking those tools and supplies to men who use them in the name of Freedom! With American industry on a full war footing, railroad transportation assumes a greater responsibility. And the American railroads for years have been

preparing for it! Chesapeake and Ohio, for one, has spent millions of dollars modernizing facilities...buying additional power and rolling stock...improving roadway and track...finding new methods to speed operations.

To meet America's vast program of war production, industries along Chessie's railroad can be counted on for their share of the supplies our Army and Navy need. And Chesapeake and Ohio Lines can be counted on to devote every facility of plant and manpower to roll them on their way...to Victory!

CHESAPEAKE AND OHIO LINES

Geared to the **GO** of America!
