## EVERY CITIZEN AFFECTED BY ALL-NIGHT BLACKOUT

### GRADUATION AT LINTON HALL

Cadets Turton and Riddell Win Honors.

The graduation at Linton Hall Military School was held in true keeping with the tradition of the institution on Tuesday evening, exercises being observed in the chapel.

The tiny bugler sounded his note at 8 o'clock sharp, and the corps marched in headed by the officers and other members of the class of 1942. The same youngster gave the military notes throughout the entire ceremony, there being no spoken word of command.

The priests, and others entering the sanctuary, marched between the solid lines of the cadet corps and underneath an arch made by the swords of the officers.

Father John, O. S. B., chaplain at the school and idol of the entire student body, presented the diplomas. The friendly little gesture that passed between him and each graduate as he was handed his certificate of graduation was indeed a beautiful sight.

Father William, O. S. B., priest in charge at St. Benedict's, Richmond, made the address to the graduates, choosing as his topic "The benefits of religious education." Declaring that there is no separation possible between morals and education, Father William extolled the work of parochial schools, showing that citizenship of the right type must develop where lads of tender years get their schooling in a pervading atmosphere of religion such as given by the loving care of the good Sisters who make up such faculties as that of Linton Hall.

He asserted further that "Uncle Sam owes a debt of gratitude for producing such citizens. Of this graduating class, he can rely on every one. A good Catholic must be a good citizen."

Father John concluded with the benediction, the graduates being grouped before the altar. Others in the sanctuary were Father Cornelius, O. S. B., also of St. Benedict's, Richmond and Father James J. Widmer, of All Saints, Parish, Manassas.

Announcement was made of the awarding of the scholarship medal to Cadet Captain J. E. Turton, with second place going to Cadet Lieutenant John F. Riddell. It is understood that there was only a small fraction of a percent between the two place winners.

The list of graduates follows:

Lt. John Joseph Baecher of Norfolk, Virginia.

Lt. William Bickerdike, Washington, D. C.

Lt. Raymond J. Brownly, Norfolk, Virginia.

Thomas L. Buckley, Washington.

Russell L. Cain, Washington.

Charles S. Crocker, Arlington, Va.

Lt. Richard P. Crowley, Washington.

Lt. Maxime L. Ducharme, Washington.

Sgt. Paul H. Elliot, Washington.

Lt. James Felcyn, Bismark, N. D.

James J. Lee, Washington.

C. Lee Mohme, Washington.

Capt. James E. Murphy, Washington.

Sgt. James O'Brien, Norfolk, Va.

Capt. William H. Olmstead, Washington.

Capt. Carlyle L. Owens, Washington.

Lt. John Riddell, Richmond, Va.

Joseph Rinaldi, Washington.

Sgt. Stephen X. Ruscin, Greensburg, Pa.

Lt. Thomas P. Smith, Washington.

Lt. Col. William L. Soleau, Washington.

Capt. John E. Turton, Washington.

Sgt. John B. Turton, Washington.

Lt. Eugene O. Wiggs, Washington.

### VACATION BIBLE SCHOOL

The Vacation Bible School opened at Grace Methodist Church, Manassas, on Thursday, June 11, with an enrollment of 40 pupils.

Children entering as late as Monday, June 15 will be given credit. Your child is welcome.

### AUXILIARY BENEFIT

On Friday, June 19th, 8 o'clock, in the Manassas High School gymnasium, the Women's Auxiliary of the American Legion Post, will give a benefit card party, for the purpose of raising funds for equipping a Field Hospital, and two first-aid stations, in connection with Civilian Emergency Medical Defense, Door Prizes.

### The Fate Of The Nation Is Riding Every Night With The Aircraft Warning Service

The Aircraft Warning Service offers you a chance to do your bit—serving your country and protecting your home against enemy aircraft as certainly as if you were a member of the regular armed forces.

Men and women who volunteer for this vital service will be the "Eyes of Our Air Defense" serving directly under the Interceptor command of the U. S. Army.

Your duty, at an observation post will consist of spotting planes and reporting by phone to the Army "Filter Center."

Any volunteers for this service should report to the observation post in your community.

Mr. E. G. Parrish, Sub-District Director, Aircraft Warning Service, Prince William County.

6-3-C

### GAS RATIONING WILL RELAX

O. P. A. Announces Four Gallons Basic Allowance

On July 1, when the new gasoline regulations will go into effect, there will be an increase from the present 3 gallon basic allowance to 4 gallons, according to an announcement this week from O. P. A. Headquarters in Washington.

A coupon book system will be started which is designed to improve some of the glaring weaknesses of the present system which, apparently, had to be adopted too quickly to adjust the many inequalities now existing, by which, for example, a gas bootlegger with an old truck, can get all the gas he wants, while private cars, in great emergency need, are cut off.

At the same time restrictions will be put upon the present privilege of trucks and holders of "X" cards which will exercise some kind of control upon them. Joel Dean, O. P. A. Fuel Rationing Administrator, in Washington, issued the statement which forms the basis of the present news-dispatch. According to Dean the new plan will at the same time prevent dealers from selling gas to motorists in excess of their allotted amount. Fewer "B" cards, he says, will be issued, and motorists will be required to prove their need for supplemental allowance and wherever possible they will have to organize "transportation pools" of not less than four persons to get themselves to and from their work.

Basic "A" cards will be issued to every passenger-car driver, containing 16 coupons upon the required proof of additional need. These "B" books will be dated for a definite period as determined by the local board.

In addition to the foregoing, this newspaper understands that there will be an additional "C" book containing 96 coupons, but which will be cut down by the local board to fit the proven requirements; and then on top of all this there will be "S" books to apply to present owners of "X" cards, official cars, public transportation vehicles, which will be reviewed and re-issued every four months. Thus all automobile transportation will be under gasoline rationing control.

Almost everybody understands that all this gas-rationing is really because of the rubber shortage. Hence some kind of gas control will have to come for the middle section of the country which has a surplus of gas. This knotty problem is causing the Washington O. P. A. a real headache, it is said.

### WILL ASSIGN TO U. S. JOBS

A representative of the government will be in Manassas on Monday to interview and assign junior typists and stenographers, who must be eighteen years old, or over.

Mr. Nash, at the postoffice, will give any necessary information.

### POPPY DAY SALES RESULTS

Mrs. Parrish, chairman of the Poppy Day sale, desires to issue an exact figure of the money taken in on May 23rd.

It is \$133.66 and not the figure previously printed.

GRADUATING CLASS OF BRENTSVILLE DISTRICT HIGH SCHOOL

Back Row — Warren Clemens, Cecil Baker, Ray Neff, William Crawford, Mr. Eutsler, Gordon Harris, Francis Joyce and Earl Bell.

Seated — Celestine McLearn, Mary E. Owens, Catherine Bittle, Dorothy Allen, Jean Harpine, Betty Snider, Hazel Tyler, and Mary F. Ennis.

### EIGHTEEN GRADS AT NOKESVILLE

Many Awards Given To Worthy Students

On Thursday night, May 28th at 8:30 P. M. eighteen seniors graduated from Brentsville District High School in Nokesville, Va. at their thirteenth annual commencement exercise. The speaker at this event was Rev. Allan H. Fenner, pastor of the Muhlenberg Lutheran Church in Harrisonburg, Va. The graduation exercises were held in a different manner this year as it was necessary to combine class night with commencement because of the gas and tire shortage.

To open the program Reveille was played on a bugle as the curtains were slowly opened upon the eighteen seniors standing on the stage. Two little boys, dressed alike, stood in front of the seniors holding a sign, "THE CLASS OF '42". A voice behind stage expressed the will and aim of the class before Francis Joyce dedicated the class gift, a speaker's stand. Mr. Bittle next awarded letters for outstanding ability in sports activities to Francis Joyce, Dorothy Allen, Edwin Nelson, Jean Harpine and Mary Owens. Gordon Harris was given a medal for active participation in baseball and Richard Harris was awarded a medal for scholastic achievement. Edna Hopkins and Emma Wright received \$5.00 and \$3.00 respectively for essays on alcohol.

Then the seniors marched off the stage to their seats down front while the processional played. After the invocation by Rev. A. W. Ballentine, and a song by the Glee Club and Choir, Rev. Fenner gave the address to the graduates.

"All in the April Evening" was sung by a sextet before Supt. of Prince William County Schools, Mr. R. C. Haydon awarded diplomas to the graduates. Taps were played behind stage, Mr. Ballentine gave the benediction, and the class marched out while the Recessional was played.

The Baccalaureate Sermon to the Graduates was delivered on Sunday night, May 24, at 8:30 P. M. in the High School Auditorium.

After the graduates had marched in at the Recessional, "To Thy Temple," the congregation remained standing during the rhythm and the invocation by Rev. S. A. Knupp, pastor of the United Brethren Church in Manassas.

The speaker on this occasion was Rev. R. Allan Anderson who is secretary of the General Conference of Seventh Day Adventists from Takoma Park, Washington, D. C. Mr. Anderson who was born and raised in Australia and has traveled quite extensively, delivered a very inspiring sermon which held the attention of the congregation till the last word.

The music during this program was under the direction of Miss Lois Sloop.

### THE BETHLEHEM CLUB TO MEET WITH MRS. A. A. HOOFF

Mrs. A. A. Hooff and Mrs. C. R. C. Johnson will entertain the regular meeting of Bethlehem Club at the home of Mrs. A. A. Hooff, June 17th, at 2:30 P. M.

### NOTICE

There will be an important meeting of all Civilian Defense workers in the Town Hall, Manassas, Va. on Monday June 15, 1942 at 8:00 P. M. A full attendance is requested.

Hunters Tiffany, Co-ordinator

### CAUTION URGED DURING STATE'S BLACKOUT

John C. Howard, State chief of civil air raid precautions, has suggested that as an act of precaution against accidents during Virginia's all-night blackout, persons who are driving should be extremely cautious.

"Extreme caution should be exercised by motorists and pedestrians," Howard declared, "and the public generally should be on the alert. A blackout is no time for carelessness or recklessness."

He pointed out that traffic would be moving only with dimmed lights, that street lights would not be turned on and that a motor vehicle operator's range of vision would be sharply reduced.

Part of the dusk-to-dawn test, Howard announced, will be keeping telephone channels as clear as possible, just as if a strategic blackout were in effect because of the approach of enemy aircraft. He urged that telephone patrons hold their calls to the minimum. The reason for this lies in the need during an actual or impending raid for quick transmission of information from aircraft spotters and fast relay of raid alarms to centers throughout the State.

### EXCELLENT PERFORMANCE AT RECITAL

On Tuesday evening, June 9th the pupils of Virginia Speiden Carper were presented in a piano recital in the Osborn High School Auditorium. The program consisted of solos and several ensemble numbers, all creditably performed.

Those taking part in the program were: Fleur Peters, Dolly Lonas, Lauree Hersch, Bobby Burchard, Martha Anne Graham, Jackie Martin, Lois Cornwell, Orrin Kline, Jr., Miriam Hersch, Betty Lee Jenkins, Rose Robertson, Tommy Thomas, Challice Haydon, Carolyn Cooksey, Priscilla Wakeman, Leon Kline, Margaret Simpson, Fanelle Pickeral, Helen Kane, Katherine Graham, Mariam Gregory, Pat Royer, June Sadd, Harley Kline, Kattie Jean Blakemore and Edna Armstrong.

Dunning Certificates and Pins were presented to Margaret Simpson, Katherine Graham and Miriam Hersch upon their successful completion of the Intermediate work in the Dunning Course of Improved Music Study. The teacher's prize to the pupil making the most progress in theory and piano work during the year was awarded to Margaret Simpson.

Mrs. Carper announced that Miss Edna Lee Armstrong of Nokesville had recently taken part in the National Piano Playing Tournament for the third successive year, and for the third time had received a place on the National Honor Roll of the National Guild of Piano Teachers. This year she was awarded the Guild's High School Diploma, one of the highest honors it can bestow on student pianists.

### FARMERS NIGHT AT KIWANIS

Blacksburg Executive Addresses Dinner Group

Dr. J. L. Maxton, agricultural economist at Blacksburg, was the guest speaker at the weekly meeting of the Manassas Kiwanis Club, the occasion being the annual farmer's night.

Albert H. Berry, chairman of the agriculture committee, was program chairman for the evening. He introduced the speaker, Dr. Frank D. Cox, who addressed the group.

Dr. Cox, who is a member of the President's program, stating that the price ceiling had come in time to choke off much of the damage that had occurred in similar occasions throughout the last hundred years and more.

"We shall win the war," he declared, "Because we've got to. Everything for which we have worked and sacrificed in the last thousand years will otherwise be completely lost."

The speaker asserted that the battle of reproduction had already been won, and that the battle of transportation was proceeding very satisfactorily. He urged both the farmers and the business men to put their houses in order for the post war period which he stated would not be more than a year hence.

The farmers are always welcomed guests, as President Ernest Trusler stated in his address of welcome and the evening was spent quite happily, song singing, swapping stories and jokes.

The following were among those present:

Leo Miller, Harry Jacobs, Wheatley Johnson, Henry Fletcher, Kite Roseberry, R. W. Johnson, Joseph Hale, G. C. Russell, Dr. Marsteller, Benny Johnson.

Ray Slusher, R. J. Ratcliffe, N. W. Wheeler, R. Higgs Lewis, D. N. Kerlin, John M. Piercy Jr., Victor Haydon, Francis Lewis, Steve Phillips, E. P. Hurst.

J. W. Cox, J. E. Barrett, T. R. Hurst, Mr. Gaba, W. L. Coverstone, C. M. Lewis, Hippolito Monserrate, and W. G. White.

### ANNUAL MEETING

Prince William County Chapter, American Red Cross meets June 19th, at 2 P. M. at the residence of Mrs. E. H. Marsteller, Manassas.

Since this meeting combines the monthly and Annual meeting interests, it is important that not only members of the Executive Board and Committees but Chapter members at large attend.

Every person who subscribes to the Red Cross at Roll Call, automatically becomes a member of the Red Cross and is therefore not only entitled to attend and vote for the County Officers but urged to do so and become actively acquainted with the policies of the Headquarters of the American Red Cross which are carried out and maintained by the local Chapter.

### WILL SPONSOR MOVIE

The Women's Auxiliary to the Manassas Fire Department will sponsor a movie on Thursday and Friday of next week.

### State - Wide Test On

June 17 Brings

Individual Responsibility

Every citizen of Virginia, whether identified officially with the Civilian Defense organization or not, is affected by the State-wide, all-night blackout which will take place on Wednesday night, June 17.

Rural Virginia, only partially organized, must blackout along with the better prepared cities and towns, and this brings to every citizen a personal responsibility to see that absolutely no light is visible from homes or places of business from dark on Wednesday evening (June 17) until the daylight of Thursday morning ends the test.

The effectiveness of the blackout will be tested by the Army's First Interceptor Command with Observation planes. And sometime during the night an air-raid alarm will also be sounded which will bring the alert Civilian Defense organization into action. The general blackout will continue all night, but except during the alarm period traffic will continue with dimmed or parking lights. During the alarm, however, all traffic will stop, all auto lights be extinguished, the streets cleared. After the all-clear, auto traffic with dim lights, and pedestrian traffic may continue.

Merchants and other business establishments who wish to remain open during the blackout will have to darken their windows and see that no interior lights shine outward when doors are opened.

Washington, Arlington, Alexandria and Fairfax counties will join in the blackout blanketing every city and county in complete darkness east of Tazewell, Russell and Washington counties.

Plants operating on war materials will not be required to make operations but it will be the duty of local defense co-ordinators to satisfy themselves that such plants have hold necessary drills and are prepared to blackout in case of an actual raid.

"We expect the full cooperation of the people of Virginia," State Chief of Air Raid Precautions, John J. Howard stated. "All we ask is that they exercise common sense. The objective is to be so blacked out an enemy planes could not find landmarks or locate intended targets."

Defense-Coordinator Hunton Tiffany, in behalf of Prince William County, urgently requests all citizens of the County to give their full support to this first all state blackout.

"It will be similar in effect," Mr. Tiffany said, "to what has been the regular procedure in England for two years. During the air-raid test, Mr. Howard disclosed, the alarm will be sounded progressively across the State in order that observation planes may fly from the coast westward and continue in the full blackout all the way."

### MOTORISTS ARE WARNED AGAINST HEAT WEAR ON TIRES

Motorists today were warned by Colonel M. S. Battle Director of the Division of Motor Vehicles, to take extra precautions for protection of their tires during the summer months.

Tires wear out twice as fast in the summer months than in the winter, the director said. Heat is a natural enemy to rubber, he pointed out, wearing the tread of the tires faster and weakening the strength of the cords.

"The manufacturers say that a road surface in the summer is 20 to 30 per cent hotter than the atmospheric temperature," Colonel Battle said. "So a tire tread at 100 degrees heat will wear out five times as fast as at 40 degrees. Tire failures are 20 per cent higher in the four summer months than in the remainder of the year."

Here are four suggestions for motorists as precautions against extra wear during the summer.

(1.) Keep tires properly inflated as soft tires cause flexing and more heat.

(2.) Drive at reasonable speeds, even slower than the 40 mile an hour limit. High speed generates terrific tire heat.

(3.) Drive carefully and smoothly and avoid skids, quick stops and starts.

(4.) Rotate your tires on different wheels to equalize wear.

By following the above suggestions, the director said, your tires will wear longer and perhaps an accident, which may have been caused by a blowout, may be averted.

## Church Notices

## LAYMEN MEET AT CHERRYDALE

Epiphany Group Entertains 18 Of Northern Virginia League

This was one of the most inspiring meetings ever held by the Laymen League in the five years of their existence. There were 153 men in attendance which is evidence that in these times of stress and turmoil, with rationing and tire rationing, men have not forgotten the things which mean for eternal peace, happiness and security. It meant a great sacrifice for everyone present to attend the meeting, many coming from distant points.

Mr. Roland Harrison, of St. George's Church presided at this meeting. Guests of honor included the Rev. Samuel B. Chilton, D. D. Secretary-Treasurer of the Diocese of Virginia who represented the bishop of the Diocese who was prevented from coming because of serious illness. Chaplains Lindsley and Lewis of Fort Myer Virginia were also among the special guests as were several other officers of our armed forces.

The Rev. Dr. Charles Sherrin, D. D. formerly vice-president of the National Council of the Protestant Episcopal Church in the United States and now rector of the Church of the Epiphany in Washington was the speaker of the evening. He chose for his subject "A Layman's responsibility to his Church in time of war." He said that faith in things was necessary if we were to achieve success, this he said was necessary in every walk of life. If a man looked faith in the things which he was doing he could never hope for success. He said whether we like it or not we have to accept the fact that the German people have a faith, true a misappropriated faith, used for the destruction of mankind, but it is that faith which keeps the German army going. Mr. Hitler, he said has taken religion out of his people and substituted in its place a faith in the state. This type of faith we cannot ever accept because it is a denial of God as revealed to us in His Son Jesus Christ. Our armies, navies and air forces will be a complete failure unless we have faith in them and behind that faith must be a supreme faith in Jesus Christ and these principles for which he died. It is this faith which will lift the morale of the American people and carry them to victory because we are fighting by our forces to maintain the Christian Gospel against which there can be no peace, no liberty, no freedom.

He said that today many people were receiving much more money than they had ever had before. Money was being spread over a wide area, true we will not have in our midst millionaires as we once had, because this money which is being distributed is going to many, many pockets. These recipients must not lose sight of the fact that a portion of their money goes must be used to help keep the Christian Gospel before the world. He said there would be some and there are some who would say the Church must suspend her activities for the duration. Such people are blind and do not understand what is needed to make our nation reach happiness. If there be a suspension all our physical labors will have been in vain. For too long, too many Christian people have been somewhat ashamed to confess their Christian faith out in the open. He quoted an English writer as saying that religion had had a bad press, which in other words had not had the publicity which it needed and that publicity must come from its members. As members must not be afraid to confess their faith, to manifest their faith out in the world in which they live and move and have their being, it must be carried into every walk of their life and made a living part of all that they do and say. He said too many of us are behind the lines living a comparatively safe and easy life and therefore take no stock in the future and the things going on around them which will determine what kind of a future we will have. These latent powers must be awakened in them and they must be used for the advancement of peace and good will among all the nations of the world.

At the conclusion of the meeting, T. C. Hudson, chairman of the nominating committee, announced the following slate: For president, George B. Robey, of Zion Church, Truro Parish; vice-president, Paul Arrington, of Trinity Church, Dettingen Parish and secretary-treasurer, John G. Dudley, Jr., of Epiphany Church, Cherrydale. This ticket was elected without opposition, and Mr. Robey took the chair.

The retiring president, Mr. Harrison, invited the group to meet with St. George's in the fall, and the motion was carried without debate.

Musical features during the evening were attributable to the new president; George Robey, who assisted at the piano by Mrs. Blanche Hanes, sang a solo, and also led the group singing.

C. F. Smith sprang a pleasant surprise upon all by introducing a visiting belle, Mrs. Golden from Birmingham, Alabama who played a number of romantic and war songs in which she

also led the singing.

Last but far from least is the credit due the young rector of Epiphany, Rev. Webster Horstman, who with his faithful corps of girls and ladies had everything "just right."

**VIRGINIA T. B. ASSOCIATION WINS NATIONAL PRIZE**

The National Tuberculosis Association has made an award of \$250 to the Virginia Tuberculosis Association for the best plan submitted by a Southern State for the health education of Negro teachers.

Announcement that the Virginia organization had captured the award was made today by Miss Leslie Combs Foster, its executive director.

The project, of course, is designed to furnish fundamental information to teachers in training; teachers in service, social workers in training and in service and other interested persons relative to tuberculosis.

The course will be introduced as an elective subject in the summer schools to be conducted this year at the Virginia Union University in Richmond, the Virginia State College for Negroes, Petersburg, and at Hampton Institute, for which college credits will be allowed.

Miss Foster explained that the course will begin with a brief treatment of anatomy and physiology of the respiratory system, to be followed by lectures, discussions, charts, and moving pictures pertaining to the history, predisposing and precipitating causes, early symptoms, diagnosis, treatment, prevention and sociologic implications of tuberculosis.

The successful plan was developed by a committee appointed for the purpose by Dr. Frank C. Johns, president of the Virginia Tuberculosis Association. This committee is composed of Dr. E. C. Trigg, associate professor of hygiene, Virginia State College for Negroes; Charles Williams, of Hampton Institute, and Professor L. F. Palmer, principal of Huntington High School, Newport News.

Dr. Fred M. Alexander, supervisor of secondary education and Negro education, and A. G. Richardson, assistant supervisor of Negro education, State Department of Education, and C. A. Crocker, field secretary of the Negro Organization Center, advised the committee in an advisory capacity.

## COSTA HERD DEVELOPS RECORD BREAKING COW

Charles C. Lynn, Manassas, had the high producing herd in the Prince William Dairy Herd Improvement Association in May with an average cow production of 1,040 pounds milk and 37.4 pounds of butterfat. Elton C. Kellam, D. H. I. A. Testing Supervisor announced this week. The herd of J. Carl Kincheloe, Manassas, was second with 983 pounds of milk and 37.3 pounds of butterfat per cow. Wilmer M. Kline, Manassas, was third with 837 pounds milk and 36.9 pounds of butterfat per cow. The Egbert W. Thompson herd at Woodbridge was fourth with an average cow production of 611 pounds milk and 34.1 pounds butterfat. J. N. House and Sons, Greenwich, was fifth with 960 pounds milk and 33.6 pounds butterfat for each cow in the herd. There were twenty cows in the association making sixty or more pounds of butterfat for the month. Salomon Costa's Ben Lomond Farm, Manassas had the cow topping this list with a production of 2,365 pounds of milk and 97 pounds of butterfat. The second cow in production owned by Wilmer M. Kline, Manassas, produced 1,886 pounds milk and 74.2 pounds butterfat. Third was held by Egbert W. Thompson, Woodbridge with a production of 1,339 pounds milk yielding 73.6 pounds butterfat. Reading Brothers, Aden, had the cow in production with 1,386 pounds of milk and 72.1 pounds of butterfat. The fifth cow in the association, owned by the District of Columbia Workhouse Dairy at Occoquan, produced 1,382 pounds milk and 67.7 pounds of butterfat. Other farms represented on the monthly honor roll included Broadview Farm, Manassas; J. N. House and Sons, Greenwich; Charles M. C. Lynn, Manassas; C. K. Wilkinson, Alexandria; Clover Hill Farm, Manassas, and Dr. John H. Ilen, Manassas.

## CHRISTIAN SCIENCE

"God the Preserver of Man" will be the subject of the Lesson-Sermon in all churches and societies of Christ, Scientist, on Sunday, June 14.

The Golden Text will be "The Lord is our defence; and the Holy One of Israel is our King" (Ps. 89:18). Bible selections will include the following passage from Matt. 6:31, 33: "Therefore take no thought, saying, What shall we eat? or, What shall we drink? or, Wherewithal shall we be clothed? But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."

One of the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, included in the Lesson-Sermon, reads as follows: "In divine Science, man is sustained by God, the divine Principle of being. The earth, at God's command, brings forth food for man's use. Knowing this, Jesus once said, 'Take no thought for your life, what ye shall eat, or what ye shall drink,'—presuming not on the prerogative of his creator, but recognizing God, the Father and Mother of all, as able to feed and clothe man as He doth the lilies" (p. 530.).

## TO OBSERVE FLAG DAY

Vienna Council No. 12, Order Fraternal Americans will celebrate a patriotic FLAG DAY Ceremony, in its Broadview Farm, Manassas; J. N. House and Sons, Greenwich; Charles M. C. Lynn, Manassas; C. K. Wilkinson, Alexandria; Clover Hill Farm, Manassas, and Dr. John H. Ilen, Manassas.

A varied program, with participation by other patriotic orders in Vienna has been arranged.

CARY GRANT, JOAN FONTAINE  
TEAMED IN UNUSUAL DRAMA

Presenting a vivid and unforgettable story of a woman whose troubled mind leads her to suspect that her husband is a murderer, "Suspicion" stars Cary Grant and Joan Fontaine in what is said to be one of the most gripping and unusual romantic dramas ever seen on the screen.

Grant enacts the role of a reckless young wastrel, Johnnie Aysworth, and Miss Fontaine that of Lina McLaidlaw, quiet and imaginative daughter of a wealthy retired general. Fascinated by Johnnie's charm, Lina succumbs to his whirlwind wooing and elopes with him—only to learn that he hasn't a shilling and that he's been living on borrowed money for years.

At her horrified protests, Johnnie indulgently agrees to go to work. Lina is happy, but not for long. Soon she learns that Johnnie has been at the races instead of working, that he has pawned her wedding present from her father, that he has been discharged for apparent embezzlement. With all this, she still loves him, accepts his excuse and his devotion.

But when she hears of the mysterious death of Thwaite, his best friend, under circumstances that point, indirectly at least, to Johnnie as his murderer, Lina is frightened, and this is the beginning of a breathless series of suspicious happenings that build toward the strikingly dramatic climax of the film as well as toward its romantic ending.

## YOUR EYES

Deserve your best care. They are too precious to neglect. Check—upon them now—while the matter is on your mind—by

M. MILTON TALKIN, M. D.

Eye Physician  
From New York City  
who will be in Manassas on

MONDAY, JUNE 15TH

at PRINCE WILLIAM HOTEL  
to examine eyes and fit glasses exclusively  
GLASSES

There are all kinds of glasses—reducing glasses—magnifying glasses. Also they are vary in quality—from poor to perfect.

## GLASSES

There are glasses for the near sighted—the far sighted—the cross eyed, the irregular or astigmatism sighted and those of mixed defects.

## EXPERIENCE

There is no teacher as experience. In eye examination this is all important. Dr. M. Milton Talkin has had a wide experience and the result of his experience should prove of immense value to those of falling vision.

## SYMPTOMS OF EYE STRAIN

Is your vision blurred? Do your eyes ache? Are you troubled with headache? Do you see spots before your eyes? Do your eyes water? Do your eyes itch—become red—or discharge pus? Are you near sighted? Don't stay in doubt. Be certain that your vision is good to day and keep it good. Consult Dr. M. Milton Talkin on his appointed visit here. It means so very much.

## THE SUGAR QUESTION BOX

Q. Where do I make application for sugar for canning? Mrs. E. A.

A. Application for sugar for canning can be made by writing the Ration Board office for an application blank or by calling at the office in person. (If you call in person and want your sugar at once, be sure to take your sugar ration book with you.)

Q. How much sugar can I get for canning? A. W.

A. For each four quarts of fruit to be canned (finished product) you may get one pound of sugar. The amount of sugar needed can be estimated by the following scale:

1 1/2 quarts of fresh berries will yield 1 quart canned.  
1 1/2 quarts whole cherries will yield 1 quart canned.  
1 bushel peaches will yield about 18 quarts canned.  
1 bushel apples will yield about 20 quarts canned.  
1 bushel pears will yield about 25 quarts canned.  
1 bushel plums will yield about 24 quarts canned.

Q. Can I get all of the sugar needed for the summer at once? E. A.

A. No. Apply only for the amount needed to can the immediate crop. For example, apply now for the amount needed to can your cherries and strawberries. This will allow everyone to get sugar to can their fruits. The problems of shipping and supply which made sugar rationing necessary remain.

Q. Do I have to go to the Board each time I need sugar? J. P.

A. No., application blanks may be mailed to the Board each time sugar is needed. Allow 4 or 5 days to get your

certificate from the Board.

Q. Do I get my sugar at the Board office? M. C.

A. No. The Board office issues you a certificate which you take to your local grocer and get your sugar.

Q. What information do I have to put on my application? M. H.

A. On the front of the application blank you fill in your name, address, county, amount of sugar on hand and the amount of sugar requested. You also write the amount of fresh fruit to be canned and the number of quarts you expect to can.

On the back of the application blank list the name of each person holding a sugar ration book and their book number. Also write the total amount of fruit canned in 1941, the amount of canned fruit on hand, and the amount of fruit you expect to can this year.

Q. Will one pound of sugar for each four quarts of fruit be enough to keep it from spoiling? B. L.

A. Fruit will keep without any sugar at all. Sugar brings out the natural flavor of the fruit. This allowance of sugar should be made into a light syrup - 1 cup sugar to 2 1/8 cups water. Fruits which have been crushed or sliced thin and canned in this syrup will taste sweeter than those canned whole.

Q. How much sugar can I get to make jellies, jams, preserves, etc? F. P.

A. For each ration card in the family you may get one pound of sugar for example if there are five people holding sugar ration books you may get five pounds of sugar to make preserves, jellies, and jams. Since this is all the sugar allowed for preserves, etc. decide which fruits you prefer preserving and apply for your sugar

the same as you would for canning. Make your preserves, and jams by using 3/4 of a pound of sugar for every pound of fruit. Cook your preserves and jams somewhat longer and seal jars tight. For your jellies, use 3/4 cup sugar to each cup of fruit juice.

Q. Could I use honey in making jams and preserves? E. W.

A. One half of the weight of sugar called for in a recipe for jams and preserves can be replaced with honey or corn syrup. To make substitutions by cups rather than by weight it is necessary to know that 1 pound of honey or corn syrup measures approximately 1 1/3 cups.

Q. In making jellies can honey or corn syrup be used? A. L.

One half of the sugar can be replaced with an equal measure of honey.

One fourth of the sugar called for can be replaced with corn syrup.

If either part honey or corn syrup are used, cook the mixture beyond the jelly stage.

Consult your Home Demonstration Agent if you have problems with your sugar supply.

**The Word of God**  
BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible readings, it will prove a priceless heritage to them in after years.  
I in them and Thou in me, that they may be made perfect in one; and that the world may know that thou hast sent me, and hast loved them as Thou has loved me.—John 17:23.

#### THE ALL-NIGHT BLACKOUT

[We urge our readers to give full cooperation in the all-night, State-wide blackout which will take place on Wednesday, June 17.

Washington, Alexandria, Arlington and Fairfax are all included in this general test which will last from dark on Wednesday evening until daylight on Thursday morning.

Traffic, both automobile and pedestrian, will be permitted throughout the night under restriction of dim or parking lights, but sometime during the night there will be an air-raid test alarm, when everything and every body must stop. At the all-clear, the traffic may resume under dim lights, but homes and business places must remain blacked out all night.

Even church meetings, which occur in great abundance throughout Virginia on Wednesday evenings, must conclude their meeting by dark, or else have their windows properly curtained so that no light can get out.

Particularly in this County there has been evidenced a great indifference to blackout necessity. This indifference has apparently arisen out of two viewpoints; one that all these air-raid precaution are not necessary because of a fancied improbability of actual raids; and secondly, because of a seeming resentment on the part of some that the County or the Federal Government has not provided a lot of expensive equipment, such as sirens, helmets, auxiliary fire fighting equipment and first aid supplies. "What's the use of trying to do anything?", these misguided folks exclaim. "We have nothing to work with, so let's not bother with it!"

This viewpoint is wrong. It is up to everyone to do all that is possible with what little we have. That is the way London successfully resisted the German air-invasion, and it is only that kind of civilian determination here that will permit us to build an effective Civilian Defense.

#### The Observer Says

By the hour we seem to be getting out of date. We still insist that the Constitutional Government, established by our forefathers, is good enough for us, and well worth fighting for. But apparently an ever increasing pressure is being brought to bear in Washington to "re-make" the United States, while the attention of the nation is concentrated upon winning this war.

The Communists insist that while "you boys are fighting in foreign lands and on many oceans, we will see that when you get back you will find a new country, all repainted and varnished according to the Soviet pattern, and you will like it; or at least whether you like it or not, you will have it!"

The spotlight of publicity has ousted a few of the "crackpots" which have invaded the Administrative offices in Washington. The "nudist" Maurice Parmelee and a few other "fellow-travelers" who have been denounced as Communists by Martin Dies have been dismissed, but such vital offices as Leon Henderson's O. P. A. is charged by Mr. Dies as being "staffed with officials whose views are completely at variance with any concept of Americanism."

If this is true, as Mr. Dies seems to be convincingly asserting, then this rapidly expanding control-office, with its predominance of "Communists, fellow-travelers, technocrats, crackpots and assorted nuts" will soon be in absolute control of the every day affairs of all of us; and our Constitutional Government will have become merely an historical ideal.

Fortunately Virginia, under Governor Darden, and represented in Congress by such men as Howard W. Smith, Harry Byrd, Carter Glass and other staunch believers in our fundamental freedom, will not readily bend to such reforms. We will cooperate patriotically and wholeheartedly in the war effort, but we will defend and preserve the liberty won for us by George Washington and Robert Edward Lee.

—News Observer

#### "CHILDREN OF THE EASTERN STAR" TO PUT ON PROGRAM

Wm. J. J. Chapter of the Eastern Star will meet on Tuesday night, June 16.

After the business session of the chapter, the members and their families and friends will assemble in the Recreation Room where a program will be put on by the "children of the Eastern Star."

#### MACS LOSE CLOSE GAME TO STAFFORD

The Manassas Macs lost a thriller to Stafford at Stafford. The Macs collected 14 hits the offerings of Stafford hurlers Mitchell and Knoxville. Manager Maurice Smith led the locals losing but potent batting attack, collecting three safeties for five appearances at the plate. "Shorty" Vetter hit a timely double in the seventh frame, scoring two runs to knot the score at four-all.

"Doc" Berryman, on the mound for the losers, pitched three-hit ball until the sixth inning, and had a two run advantage when a controversy with the umpire over a decision on a bunted ball robbed him of his effectiveness.

"Doc" allowed six straight hits good for four runs before the side was retired and Stafford went in front, 4-2. Berryman recovered and finished the game in his usual flawless style, allowing only one run in the last three innings.

#### EUTSLER - EVANS

Miss Eleanor M. Evans, daughter of Mr. and Mrs. Grover C. Evans, of Manassas, Virginia, and Mark W. Eutsler, son of Mrs. R. L. Eutsler, and the late Rev. R. L. Eutsler, were married at 4 o'clock on Saturday, June 6th, in the Grace Methodist Church. The pastor, the Rev. W. O. Luttrell, officiated, assisted by the brother of the groom, Rev. Fred B. Eutsler, minister of the First Congregational Church, Haworth, New Jersey.

Mrs. Dennis Baker, organist, and Daniel D. Eutsler, the groom's brother, played the wedding music. The church was decorated with cathedral candles and baskets of various white summer flowers.

The bride was given in marriage by her father. She wore an aqua dress and a corsage of white roses. Her only attendant was Miss Marguerite Hall of Richmond, Virginia who wore a rose dress and a corsage of pink roses. Rev. Ralph Kern Eutsler of New York City, a brother of the groom was the best man.

The bride has a position with the War Department and the groom is an employee of the Wright Aeronautical Corporation, Paterson, New Jersey. Following the ceremony the couple left on a wedding trip to New York City.

#### HARRY WILLCOXON

Mr. Harry Willcoxon, aged widower, who has resided in the Centerville vicinity for many years, died this morning after an illness of some weeks.

He was born and reared at the family home just outside of Fairfax on the old Falls Church road. He spent his latter years at the old Judge Love farm which he purchased.

The funeral will be held Saturday afternoon at 2 o'clock at St. John's in Centerville with the Rev. Thomas G. Faulkner, of Dettingen Parish, officiating. Interment will be beside his wife at Fairfax.

There was no children. His estate, which was considerable will go to his nieces and nephews. The Fairfax farm, having already been deeded to one of these.

#### LOCAL INSTRUCTOR TO WED ALEXANDRIA GIRL

Mr. and Mrs. George W. Crews of 508 Upland Place, Alexandria, Va. are announcing the engagement of their daughter, Charlotte Jeremy, to Mr. Rufus Wilford Beamer of Hillsville and Nokesville.

Miss Crews is a graduate of the State Teachers College at Radford and has been a member of the Jefferson School faculty in Alexandria during the last year. Before coming to Alexandria to join the city school system, she was a member of the faculty at Randolph-Henry High School in Charlotte County.

While at Radford College she took part in the extra-curricular activities and held several leading offices. She was president of the Radford chapter of Tau Kappa Alpha and was twice elected vice-president of the State chapter.

In addition to club activities, she was chosen for membership in Pi Gamma Mu national honorary fraternity, and is listed in "Who's Who in American Colleges and Universities."

Mr. Beamer is the son of Mr. and Mrs. H. W. Beamer of Hillsville and is a graduate of Virginia Polytechnic and attended Cornell University. He is a member of Alpha Zeta fraternity. During the last four years he has been an instructor in vocational agriculture at the Bretnsville District High School at Nokesville.

The wedding will take place June 21, 1942 at the Washington Street Methodist Church.

## VICTORY BEGINS RIGHT HERE

### What's Up to the U. S. is Up to Us

This war belongs to all of us—to fight, to finance, to finish! As the President has said: "We are all in it—all the way. Every man, woman, and child is a partner in the most tremendous undertaking of our American history." Your part is clear—to put every dime and dollar you can possibly spare into uniform—to buy U. S. Savings Bonds and Stamps regularly—so that our boys will have the guns and planes and tanks they need to put the enemy on the run. Take part of your change in U. S. Savings Stamps every time you shop—your 25-cent Stamp may buy the machine bullet that sends an enemy bomber crashing in flames. Turn Stamps into Bonds as fast as you can, that is the American way—the volunteer way—to preserve our freedom and safeguard your home, your family, and your future. Remember that you can start buying U. S. Savings Bonds for as low as \$18.75 (for the \$25.00 Bond) and Savings Stamps for as little as 10 cents.

### People's National Bank

### First National Bank

Quantico, Virginia.

### Bank of Nokesville,

Nokesville, Virginia.

The Manassas Journal:  
Dear Sirs:—

Here are a few news items:—The O-W-L Volunteer Fire Department wishes to take this opportunity in thanking all our good friends who signed notes to the bank for money loaned to our Fire Department. Those notes have all been paid now; leaving our Fire Fighting Equipment entirely out of debt. Again we thank all those who helped us in any way to attain our present standing. We must not relax on our efforts to accumulate funds because we have paid all our debts. We must start a Bank Account in preparation for the purchase of another piece of Fire Fighting Equipment. We are hoping to get a share of the \$12,000.00 our County Supervisors set aside for Fire Fighting in our County. This money will not help to fight fires resting in a bank. The division of it NOW would be the wisest act that could happen.

Senator Tidings of Maryland had an editorial in the Washington Post of June 8th on "Draft Dodgers" which should be read by everybody; and especially by Selective Service Boards, and all officials who request deferment on men working under them. We wonder how many Draft Dodgers we have in the Patriotic and Good Old State of Virginia? No one should be deferred because of the position he holds. No one has ever lived since the day of the Crucifixion whose place could not be filled by someone else, and in all probability better than the person replaced. No parents sons have any more right for deferment than every other parents' son. They should all get an equal opportunity to lay down their lives for their country.

Thos. F. Joyce.

M-G-M'S "NAZI AGENT," IS  
STIRRING FILM

A Bizarre masquerade marks a drama as unusual as it is gripping in "Nazi Agent," which brings Conrad Veidt, delineator of many strange characters, to the Pitts Theatre on Friday, June 12 in a dual role in which he plays two brothers, one sinister, one benevolent.

Veidt plays Baron von Detner, ruthless commander of a sabotage ring, and also his brother, Otto, a kindly, scholarly stamp and book collector. Baron von Detner, among his other subordinates, has power over Kaaren, beautiful operator of a fashion salon, who hates and fears him. He enmeshes

his brother in his plots and uses his book store as a clearing house for spy information and instructions.

The brothers quarrel, and Otto accidentally kills the spy overlord. Then taking on his brother's identity, he sets out to expose the spy leaders. In doing so, he meets the girl, who senses a difference in him, and then springs up a strange romance. The climax and final sacrifice Otto makes to save the girl from the Gestapo are dramatic episodes.

Veidt plays the two characters with consummate skill, leaving no detail to the finished work. Ann Ayars, who plays Kaaren, is not only beautiful but a restraint and talented actress, as she proved in her first screen role in "Dr. Kildare's Victory."

NOTICE OF  
COMMISSIONER'S HEARING

R. S. Hall and R. W. Hall, a partnership, trading and doing business as Hall and Hall Funeral Home, etc.

VS.

John P. Kerlin, Sheriff, Prince William County, Virginia, Administrator of the estate of John King, Phillip King and Christine Robinson King.

By a decree entered in the Circuit Court of Prince William County, Virginia on the 1st day of June, 1942, this cause was referred to the undersigned Master Commissioner in Chancery, with direction to take, state and settle an account, showing:

1. To settle the account of John P. Kerlin, Sheriff of Prince William County, Virginia, Administrator of the estate of John King, deceased.
2. To report the real estate owned by the late John King and subject to the claim of his creditors, its fee simple and annual rental value.
3. The taxes due on the personal and real estate owned by the late John King.
4. What claims asserted or to be asserted in this cause constitute liens on the personal and real estate of the late John King, their several amounts and respective priorities.
5. All other valid claims against the estate of the late John King, not reduced to judgments or otherwise charged as liens against the estate, real and personal, of the late John King.

THE PARTIES IN THE ABOVE ENTITLED CAUSE AND ALL PERSONS CLAIMING THAT THE ESTATE OF JOHN KING IS INDEBTED TO THEM, will take notice that on

SATURDAY,

the 11th day of JULY, 1942,  
at the hour of 10 o'clock, A. M.,

at my office in the Peoples National Bank Building, Manassas, Virginia, I will proceed to execute the above decree, when and where they are required to attend with such books, papers, vouchers and evidence, as will enable me to comply with the said order of court. If the proceedings be not completed on the said date, they will be adjourned from day to day at the same time and place until completed.  
C. Lacey Compton,  
Commissioner, in Chancery.

What You Buy With  
WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$35 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

## You Can Help Win this War!

All Scrap Metal on Your Farm  
Must Be Salvaged Now

UNCLE SAM needs every gun, shell, tank, ship and plane that American War Industry can produce to win this war. The present shortage of scrap metal in this country threatens to slow down war production. You can help speed it up by collecting every piece of scrap iron and steel

on your farm and bringing it to town at once.

Because there is no local scrap dealer, this store has set up a scrap depot to serve as a collection point for farm scrap in this area. Bring all your scrap metal here. You will be handed a receipt for it and as soon as it is sold to a scrap dealer you will receive full credit in cash or Defense Stamps.

There will be no commission charged or profit made by this store for performing this service. It is our contribution to victory.

Uncle Sam asks you to collect your scrap metal now and bring it in. We will move it on to War Industry.

**SALVAGE for VICTORY!**

**CLASSIFIED ADS**

**THE PUBLIC EYE  
IS ON  
CLASSIFIED ADVERTISING**

**MAMMY'S DAY.**—Back last February a unit from Camp Pendleton established an outpost at Virginia Beach complete with different types of guns to repel an enemy invasion. Mrs. Sarah Graddup, 70-year-old Negro cook, passed the men's tests one blistering evening, felt sorry for their lonely plight, and decided to make life easier for them.

Every single night since that cold February night she has brought from her little room all sorts of food, cooked it and brought it out to the men at 8 p.m. on the spot. Her superb Southern cooking, together with her gleaming sense of humor, helped to brighten up otherwise monotonous evenings of watchfulness for the men.

Then came May and Mother's Day. Aunt Sarah—as the men called Mrs. Graddup—was picked up in a Bantam bug, brought into camp and honored in true soldier fashion. They showered her with presents (her favorite was a garrison belt), made her guest of honor at a big chicken dinner, brought out their guitarist and singers to entertain her, and wound up the day by taking her on a sight-seeing trip of the Camp in a bug.

That evening—and every evening since—Aunt Sarah has brought her basket of delicacies to the men in style. A battalion official order has assigned a truck in which to bring her food to the soldiers.

Virginia Beach is still talking about Mammy's Day.

**BULLETS**, guns and ships are not the only weapons in this fight for freedom. Food is ammunition too—and a nation at war needs fighting food—food that charges our muscles with energy and supplies our bodies with the vigor and vitality we so urgently require to meet the extra demands of wartime conditions.

That's why Uncle Sam is asking Americans to eat "fighting foods," such as ENRICHED Bread. That's why ENRICHED Bread is regulation food for the United States Army, Navy and Marine Corps. And that's why a Federal Government nutrition authority recently said, "It is a patriotic duty to accept only white bread which carries the word 'ENRICHED' on the wrapper."

The Bakers of Southern Bread realized the need for better nutrition eight years ago, when they were the first bakers in Dixie to introduce bread enriched with vitamins.

When Government Agencies recommended that all white bread be enriched they quickly cooperated and are now making not one—but a full line of ENRICHED Breads.

Do your part for yourself and your country by making ENRICHED Bread a part of every meal. And to be sure of dependable freshness, thrift and quality, always look on every loaf you buy for the brand name "SOUTHERN"—and the word "ENRICHED" prominently displayed in a flag on the wrapper.

#### SOUTHERN ENRICHED BREAD IS A BASIC VICTORY FOOD

It looks and tastes the same as always. The price is unchanged. But Southern Bread in its new wrapper now gives you a great extra value—it is ENRICHED with important-to-health B-vitamins and minerals as recommended by the National Research Council. Bread is the food bargain of 1942 and Southern ENRICHED Bread is one of the best and cheapest sources of food energy your money can buy. Serve it at every meal. Get it—at your grocer—good and fresh today.

#### UNCLE SAM IS CALLING FOR A MORE VIGOROUS NATION

The Bakers of Southern Bread answer with a full line of ENRICHED loaves supplying Vitamins for Vitality for Victory.

PLEASE SEND US NEWS ITEMS  
ABOUT YOURSELF AND FRIENDS

June 8, 1942

Honorable Leon Henderson  
The Office of Price Administration  
Washington, D. C.

My dear Mr. Henderson:

I have no desire to be critical in the most difficult task you have in the rationing of sugar, yet I have received a great many complaints from my constituents in Virginia as to the confusion that exists in the rationing plan as applied to sugar for the canning of fruits and for preserving and making jellies.

Canned fruits and preserves constitute one of the very major items in the diet of most of the farmers of Virginia. The families of the farmers are very much dependent upon the canning and preserving done by the housewives.

The complaints I have received indicate that the allotment of sugar for preserving and for making jellies is totally inadequate, this being only one pound per person for the entire season. The hard-working men on the farms need sweets as a sustaining nourishment. One of the chief objections that has come to me is the confusion that exists, and the fact that after driving many miles on "A" gasoline and tires, it takes hours to obtain the sugar rationing cards. Even then, many are forced to leave without having obtained them.

It would seem to me this work should be decentralized and that in large

counties it should be done in localities other than the county seat. I understand you have this in mind, but what I want particularly to impress upon you is the fact that there will be a loss of valuable food if sugar is not made available in sufficient quantities at the time the fruit is ripe and ready for picking.

I know I speak for the farmer's wives in Virginia when I say that they desire to cooperate in the fullest possible way in all measures essential to our national defense, but it does seem to me that there are other uses of sugar that could be much better reduced or even eliminated during the season when the fruits and vegetables ripen, and thereby give to the housewives the sugar necessary for canning and preserving.

I want to express the hope, therefore, that you will review the sugar rationing program at the earliest possible time to see if some arrangements can be made, first, to simplify and give quicker service to those who apply for special purpose certificates, and, second, to increase the amount of sugar for preserving.

Prompt action must be taken, as the preserving of small fruits has already started, and no time must be lost. What we must do in this emergency is to save and not permit any valuable food to waste.

Cordially yours,  
Harry Byrd

#### TO OBSERVE ALL

##### KIWANIS NIGHT

Manassas Kiwanis will observe All-Kiwanis Week, tomorrow evening, joining with the 2,179 other Kiwanis clubs in the United States and Canada in a continent-wide observance stressing twenty-seven years of service achievement.

"Our members are joining with the 113,500 other Kiwanians in the United States and Canada to observe this occasion," Mr. Trusler club president, announced this week.

Kiwanis was founded in Detroit on January 21, 1915, and the celebration will concentrate attention on the organization's war program and the community service results.

"As a service club our 113,500 Kiwanians are united to do a good wartime job in their communities," says Charles S. Donley, Pittsburgh, Pa., president of Kiwanis International, in a special bulletin to the local club. "War-time service is the keynote of today. Our times call for self-sacrifice, courage and determination, thrift and a faith that right will win."

The program for All-Kiwanis meeting is to be in charge of the local committee on Kiwanis education of which David Arrington is chairman. All club members are expected to take a pledge dedicating themselves to the promotion of war activities, the promotion of patriotic citizenship and the observance of Kiwanis principles.

#### WHOOPIING COUGH

"A number of parents of small children mistakenly believe that whooping cough is a minor illness, that it is one of the 'inevitables', and that it is attendant with little or no risk. Therefore, symptoms indicating the possible presence of whooping cough are viewed unalarmingly. Even when the unmistakably 'whoop' develops parental indifference sometimes persists. Tragedies, especially in the very young, often result because of this unfortunate attitude," states Dr. I. C. Riggan, State Health Commissioner.

"Of course, it is true that when this disease attacks older children the possibility of serious consequences measurably is diminished. Even in such cases, pneumonia and tuberculosis occasionally result; and the dangers associated with these conditions, as is well known, are great.

"However, the real hazard is experienced when the very young get whooping cough. The fact that in Virginia during 1941, 99 per cent of the fatal whooping cough cases occurred in youngsters under five years of age furnishes ample proof for this statement.

Especially in times when whooping cough is more or less prevalent, parents should realize that a cold can be the forerunner of this disease. If this likelihood were fully appreciated, parents would not temporize. Under such conditions, the family physician should be consulted promptly. Professional care at this stage of the disease is very valuable. Moreover, it is at this period of the attack that contagiousness is at its height.

"Indeed, if parental attitude of unconcern could be changed to one of reasonable interest and the proper measures taken, the spread of whooping cough among other children could be reduced. Actually in light of the present scientific knowledge concerning this malady, it represents one of the best control factors available.

"Unfortunately, the family doctor most frequently obtains his first knowledge of a case after the 'whoop' has developed. By this time, the illness has gained headway, and the child, previously unisolated, has been the innocent carrier of the infection to others. Also at this stage of the disease, the danger of developing consequences or fatal termination in the very young has increased materially.

"Thus, it becomes evident that the intelligent cooperation of parents is essential in the attempts of practicing physicians and public health officials to reduce the untoward results as well as the deaths now attributable to whooping cough."

#### OCOQUAN

Mr. Howard Petellat, who enlisted in the Navy some time ago, was called into the service last week and left on Saturday for Norfolk.

Mrs. Alice Ryan and Miss Norma Wayland are enjoying a trip to the New England States. They are the guests of Mr. and Mrs. James Ryan of Woburn, Mass., only a few miles from the city of Boston.

Mrs. B. W. Brunt and Mrs. Corbin Thompson are also traveling in the north. They left on Sunday by motor for Vermont where Mrs. Thompson has her summer home.

Dr. Max Schwarz who has recently been employed by the Occoquan Pharmacy has accepted a position in Quantico and left on Wednesday for his new duties.

Master Bobby Wayland is visiting his grandparents, Mr. and Mrs. R. B. Gossom of Waterfall.

It is with deep sorrow that we report the untimely death of Mr. Orrie M. Jacobs of Woodbridge, who died early Monday morning in Mt. Alto Hospital. Mr. Jacobs died from injuries sustained in an automobile accident last Thursday near Leesburg. He was superintendent of the Filtration plant of D. C. Penal Institutions. He had many friends both at the institution and in this community. He leaves his wife, Mrs. Theresa Jacobs and four daughters and one son, to whom much sympathy is extended.

#### MANASSAS F. F. A. WINS JUDGING CONTEST

The Blue Ridge Federation of Future Farmers of America held their annual Dairy Judging contest June 6th at Calverton, Va. and was won by the Manassas Chapter. The boys, judging were Carroll Latham, John Carter, Jr., Leon Mills, Ashby Lewis, Billy Johnson and Junior Roseberry. Carroll Latham also had the honor of making the highest individual score of the contest.

The F. F. A. Chapters participating in the contest were Calverton, Remington, Bealton, Warrenton, Nokesville, Marshall and Manassas.

Carroll Latham, John Carter, Jr., and Leon Mills who were the three high score boys from the Manassas Chapter will have the honor of representing the Federation at the Northern Virginia contest which will be held later in the summer.

CANNING EXPERT TO BE  
HERE NEXT WEEK

Homemakers of Prince William County will learn the latest and best methods of canning fruits and vegetables next week when Mrs. Marie G. Burton, canning expert, gives a demonstration, the Home Demonstration Agent announced today.

The demonstration will be given at Manassas Gymnasium Kitchen at 10 A. M., on Thursday, June 18 and it is open to all who are introduced in attending.

Mrs. Burton, who will conduct the canning program is a Home Economics graduate of Northwestern College, Alva, Oklahoma, who for the past several years has specialized in home canning.

It is expected a large crowd will attend the demonstration.

## ENROLLS IN AVIATION COURSE

Pvt. Arthur C. Collins, son of Mr. and Mrs. M. W. Collins of Triangle, Virginia, has been appointed Aviation Cadet and is enrolled at the training school at Santa Ana, Calif. Prior to his appointment, Private Collins, who entered the army December 29, 1941, at Fredericksburg, Virginia, had been stationed at Davis-Monthan Field, Tucson, Arizona. He will be commissioned a second lieutenant in the Air Force upon successful completion of the seventh months course.

TRAVEL FALLING OFF  
STILL FUTHER

Travel in the Shenandoah National Park had a still further drop in May, going to a new low level of 75% less than May of 1941.

7864 cars used the four entrances during the month as compared with 30,949 in 1941, and the respective passenger list showed 25,474 in 1942 and 100,448 in 1941.

Consequently accommodations have been cut to two places while another has rooms and light lunches.

The Junior Woman's Club will entertain its members and guests at a picnic supper Sunday evening at 7 P. M. at the residence of Mr. and Mrs. A. A. Hooff.

WHAT THE NEW CREDIT REGULATIONS ISSUED  
BY THE GOVERNMENT MEAN TO YOU!

EFFECTIVE MAY 6, 1942

If you are in the habit of paying your charge account in full promptly upon receipt of your monthly statement the new regulations will not apply to you. You can continue to enjoy the convenience of buying what you want when you want it by simply saying — "Charge it."

But if you let your charge account remain unpaid after the 10th of the second month following the month of purchase, then the Government regulations will apply to you—and you will not be permitted to charge further regulated purchases to your account until the overdue balance is paid.

Make it a habit to pay PROMPTLY upon receipt of bill so that you may continue to enjoy the conveniences of your charge account.

## PROMPT PAYMENT OF BILLS IS VITAL TO VICTORY

1. What effect do the new regulations have on my account?

ANSWER: Your present account for the month of May and any unpaid balance prior to May is due in full on or before July 10th.

2. How are charges thereafter payable?

ANSWER: Purchases thereafter are due on or before the 10th day of the second month following the month of purchase. For instance, payment of purchases made in June is due on or before August 10th.

3. What happens if my account is not paid when due?

ANSWER: No more purchases can be charged until such time as the account is paid in full or arrangements made to convert it into an Installment credit.

4. What do you mean by an Installment Credit?

ANSWER: If you have a charge account which you wish converted into an Installment Credit you are allowed six months in which to pay in six equal monthly payments; minimum monthly payment \$5.00. No down payment is required at the time of conversion.

5. Can I continue to charge on my regular account while paying on the Installment Credit?

ANSWER: Yes, but the charge account has to be paid according to the new regulations which call for full settlement on or before the 10th day of the second month following month of purchase.

6. Is there still an Installment Account which allows me a longer period of time in which to pay when making new purchases?

ANSWER: Yes, indeed. If you wish to open a regular Installment Account, the new regulations receive a down payment of one-third and twelve monthly payments of \$5.00 or more. This, however, does not apply to furniture and pianos, which require a down payment of one-fifth and twelve monthly payments of \$5.00 or more.

7. Can I charge any and all purchases, regardless of the amount, as in the past?

ANSWER: Certainly, if your account permits it according to the new regulations.

8. Does this new regulation effect my present Installment Account made before May 6, 1942?

ANSWER: No, it does not. It only effects contracts made after May 6, 1942, unless a renewal or revision is requested of a contract made prior to May 6, 1942.

BOMBS for BERLIN...  
TERROR in TOKIO!

3 out of every 5 bombs  
dropped on Axis targets are  
made possible by Esso research

Basic ingredient of the high explosive TNT is toluol. In the last war, toluol came from coal tar. For this war, the United Nations need many times as much as the coal tar industry can produce. Fortunately, in 1935 Esso research workers, in cooperation with the U. S. Army, found a way to make toluol synthetically from petroleum. Construction of a large commercial plant for the Army Ordnance Department was completed in October, 1941. This plant more than doubled America's TNT output. This process was also shared with other refiners, so that 3 out of 5 bombs will be filled with war TNT derived from ESSO-developed toluol.

SUMMER HOURS AT THE  
BATTLEFIELD PARK MUSEUM

Major Joseph Hanson was a guest at the weekly meeting of the Prince William Chamber of Commerce. In response to questions regarding the Battlefield Park, of which he is superintendent, Major Hanson made the following statement:

"In these days of gas rationing it should be of interest to people in Manassas and vicinity to recall that such an attractive place as the Manassas National Battlefield Park lies almost at their doors and is always available for short outings. The handsome new Administration Museum Building, which was completed early this spring on Henry Hill, is open daily, Sundays included, and visitors are always welcome.

"During these long summer afternoons the effort is being made to have the museum open from 1.00 p. m. to 9:00 p. m., so that visitors can utilize the cooler hours of the day for going there. The fireproof and air-conditioned building embodies the most modern principles of museum construction. Many interesting relics of the first and second battles of Manassas, as well as curious articles of common usage in the farming and housekeeping of northern Virginia a century ago, are already on display in the exhibit cases and others will be added as it becomes possible to prepare and show them properly.

Visitors from other parts of the country often remark that Henry Hill itself is one of the most beautiful historical sites to be found anywhere, with several, but not overcrowded, monuments and markers and the equestrian statue of Stonewall Jackson

dominating the broad landscape rolling off to the Bull Run Mountains, many miles distant. The driveway leading from the Manassas - Sudley road to the Administration Museum Building, though still somewhat rough, is entirely passable and it is being surfaced and completely as rapidly as conditions permit. Several miles of well-made historic park roads, connecting with the adjacent State highways, also offer pleasant short drives in other parts of the area."

## "PROF." GARY COOPER AND ENTERTAINER STANWYCK WHOOP IT UP IN "BALL OF FIRE"

Mixing together with delightful effect a group of serious college professors, a night club queen and a gangster mob, Samuel Goldwyn's production of "Ball of Fire" offers a spectacular high in romantic comedy.

Gary Cooper and Barbara Stanwyck share stellar honors in the lavishly-mounted film, with Miss Stanwyck in the title role as Sugar-puss O'Shea, a talented singer; and Cooper as Professor Bertram Potts, busily engaged with seven colleagues in compiling a new encyclopedia.

The eight learned gentlemen have worked nine years at their task and have reached the letter "S." Since Professor Potts is in charge of the literary phases of the work, it is his duty to prepare an article on Slang, about which he knows little. At the suggestion of a friendly garbage man, Potts seeks first hand information amid Broadway's encounters Sugar-puss, whose wide command of pithy repartee intrigues him.

It so happens that the police are looking for Sugar-puss at that moment,

feeling, and rightly, that she can lead them to Joe Lilac, a gangster who is her boy friend and who has just bumped off a rival crook. This leads Sugar-puss to accept Professor Potts' invitation to visit the old-fashioned brown stone front where the education eight live and labor as a literary assembly line. In a few hours Sugar-puss has the lonely old gentlemen eating out of her hand, and even the stern Potts is rapidly succumbing to her charm, while the minions of the law seek her in vain.

When gangster Joe sends word for her to come over to New Jersey and marry him (as his wife she can't testify against him), Sugar-puss is delighted, and maneuvers the trusting professors into getting her past the police cordon. But when she learns that Potts really loves her, and that Joe doesn't, Sugar-puss changes her mind, aids the learned octet in outwitting Joe and his gunmen, and figures in a suspenseful climax that sees the crooks delivered to the police, with romance triumphant.

## OLD VIRGINIA HAM

The old Virginia ham, for sale by the Altar Guild, St. John's Church, Centerville, will be disposed of at Conner's store, Saturday morning at 11 A. M.
