ARMED JUSTICE PEACE GUARANTEE

So Says Governor Darden At University Address.

Speaking at the graduation exercises of the University of Virginia this week Governor Colgate W. Darden, Jr. briefly outlined the events which have elapsed between the laying down of arms in 1918 and the taking them up again in the latter part of 1911, saying:

"The years which have elapsed since 1918 have convinced me of one thing which I hope you will remember for whatever it may be worth. It is this: only a sense of justice and decency resting securely upon the armed power in the hands of men unafraid to use it can guarantee to the world a just and lasting peace."

"The years which have elapsed since 1918 have convinced me of one thing which I hope you will remember for whatever it may be worth. It is this: only a sense of justice and decency resting securely upon the armed power in the hands of men unafraid to use it can guarantee to the world a just and lasting peace."

"When this struggle ends, but half of the task will be done," the Governor continued. "It is imperative that we join with the other powers in a concerted effort to keep the peace."

"To accomplish this," he continued, "it is imperative that nothing be allowed to divide us from the other English speaking peoples of the world. No greater calamity could befall the United States and the British Commonwealth of Nations than our estrangement. United we can make impregnable the bulwarks of human freedom. Over these ramparts we can unfurl a banner around which free men and free nations can rally and against this mighty fortress tyranny and oppression will crush and break in impotent fury."

Governor Darden's visit to the University of Virginia was the beginning for him of a week-long round of visits. Tuesday he will be in Louisa in behalf of the USO Campaign and Thursday will see him journeying to Buckingham for the same reason. On Friday he will visit Suffolk to make the principle speech at the exercises commemorating the two hundredth anniversary of the founding of Suffolk. He will go directly from Suffolk to Giles County where on Saturday he will be the principle speaker at the dedication of the half-million dollar Anderson E. Shumate Memorial Bridge. On Saturday he will attend the Defense Rally at Big Stone Gap which is being sponsored jointly by representatives from Lee and Wise Counties. He will be accompanied to southwest Virginia by H. G. Gilmer and E. R. Combs.

EASTERN STAR CHAPTER NEWS

Family night was very much enjoyed by Wimodausis Chapter on Tuesday in the Recreation Room. The children of the Chapter put on the entire program. The program was composed of songs, duets, recitations, readings, etc. All of these children displayed quite a bit of talent, and it is hoped that the Chapter may be favored with another such program.

Plans are being made by the Property Committee for some improvements in the Recreation Room. The Chapter will not take vacation this year.

The annual picnic will be held and the date and place will be announced later. Next Chapter meeting is, Tuesday, July 21 - 8:00 P. M.

VINT HILL FARM SALE

Readers will notice the sale of personal property on the old Vint Hill Farm at Buckland. It is not generally known that the Signal Corps of the Army acquired this property some weeks ago and will have one of the largest set-ups there anywhere along the Eastern Seaboard.

STAGE SET FOR FIFTH PRINCE WILLIAM REGISTRATION

DUSK TO DAWN BLACKOUT HERE

Virginia Unites With Four Maryland Counties To Shroud Capitol.

The first State-wide, all night blackout Tuesday night was declared an unqualified success by State and local Civilian Defense officials.

In contrast with Washington and its adjacent areas of Fairfax, Arlington and Alexandria, where the official blackout began at 10 P. M., the County of Prince William, along with the rest of Virginia, blacked out without signal when darkness fell.

Prince William, in the present blackout, received its signals from the State Headquarters, rather than from Washington, and had completed its alert test before the metropolitan area of the National Capital went into its complete half-hour blackout.

The signals were received at the office of the Prince William Defense Coordinator as follows: Yellow: 8:45; blue 9 P. M.; Red (the public blackout) at 9:20, and the or all at 9:50.

immediately report of you

mented by refreshments which were served at the Civilian Defense Headquarters throughout the night by ladies of the Fire Department Auxiliary.

"I take this opportunity," County Defense Coordinator Hunton Tiffany said this morning, "of expressing my deep appreciation of the hearty cooperation of the citizens of Prince William County for their support in making our first all-night blackout a success."

DAVIS PRAISED AT U D C MEETING

Mrs. Marshall Douglas Presents Paper On Confederate Chieftain.

The Manassas Chapter, United Daughters of the Confederacy held its June meeting on Wednesday afternoon of last week at the home of Mrs. Stewart McBryde with Mrs. William Hill Brown as co-hostess. The meeting had been postponed a week due to the fact that Confederate Memorial day fell on the regular meeting date. The principal feature of the historical program was an excellent character delineation of Jefferson Davis by Mrs. Marshall Douglas. Mrs. Douglas came well prepared and her talk was most enlightening. She described Mr. Davis as well - read, honest, true to his friends, generous, conscientious a "saint in politics" and a sincere christian gentleman.

The Chapter President, Mrs. R. A. Hutchison, read several excerpts from the June U. D. C. Bulletin including tributes to Jefferson Davis by Bishop Charles B. Galloway and Hon. Joe Cannon; also an article clipped from "The Star" describing the Confederate Memorial exercises held this year at Arlington Cemetery where the principal address was made by Senator Maybank of S. C.

Mrs. W. A. Newman was thanked for her gift to the Library of "Stone Mountain" by Knight. This will be placed on the shelf of Southern Books. This collection is assuming pleasing proportions, most of the books having been given by or through Manassas Chapter.

Reports were heard from Committees in charge of arrangements for the Fourth District meeting which was held in Manassas, May 9th all of which indicated that the meeting had been a success. Mrs. Hutchison and Mrs. McDuff Green, Fourth District Chairman thanked all who had contributed or helped in any way to make it so.

Favorable comments were heard from all present on the Memorial Exercises held at the Cemetery Pavilion on the evening of June 3rd. Particular mention was made of the excellent talk on Jefferson Davis made by Mr. Arthur W. Sinclair.

Other routine business being disposed of Mrs. Hutchison appointed Mrs. Maude Kincheloe, Mrs. W. F. Dowell and Mrs. Stewart McBryde a nominating committee to name officers for the coming year. This committee will report at the September

Virginia Reserve Militia For County

Having been requested by Governor Darden, through the Virginia Fish and Game Association to discuss and Organize a Company of Virginia Reserve Militia in Prince William County. I have requested the assistance of the American Legion in the organization of this Company.

After discussing with the Commander and other members of the Local Post of the Legion, they have indicated a willingness to assist in this work.

A series of Committee meetings have been called and further announcements will appear in this paper next week.

O. O. Holler.

SOFT BALL TEAMS

OPEN 1942 PLAY

Two League GGGames Played This Week.

Softball got off to a start for the 42 season with two loosely played games. Both games resulted in a slug-fest, the pitchers not being very effective.

The Kiwanis scored seventeen runs off Rohr before he was removed in favor of Albright. Albright pitched very effective but very wild. Lynn pitched for the Kiwanis but the errors hurt him although the game.

The American Legion Shelled Douglas for fifteen runs before he was removed in favor of Beeton. Beeton limited the Legion to a few scattered hits and two runs. Haydon pitched for the Legion and pitched fairly good ball.

Chamber Of Commerce Vs Kiwanis

Table with columns: Pos., AB., R., H. for Chamber of Commerce and Kiwanis players.

Fire Department Vs American Legion

Table with columns: Pos., AB., R., H. for Fire Department and American Legion players.

AUXILIARY BENEFIT

On Friday, June 19th, 8 o'clock, in the Manassas High School gymnasium, the Women's Auxiliary of the American Legion Post, will give a benefit card party, for the purpose of raising funds for equipping a Field Hospital, and two first Aid stations, in connection with Civilian Emergency Medical Defense.

STATE OPA URGES BETTER COOPERATION

State rationing headquarters is advising motorists not to "live up" to their gasoline ration. Some motorists believed that if they should fail to use up their quota in the allotted time it would indicate they had padded their mileage estimates and that penalties would be invoked.

Such drivers were advised to quit worrying and to save as much of their ration as possible. Under no circumstances, the statement said, will such savings result in penalties for the card holder or place him under any disadvantage when he applies for a new card.

SCRAP RUBBER CAMPAIGN

County Salvage Committee Appeals for Cooperation.

The President's special drive to bring every bit of scrap rubber is already under way. The drive will continue until June 30. Filling stations all over the county have been designed as depots to receive your rubber scrap. They will pay you one cent per pound for material that is reclaimable. Many people prefer to donate their scrap.

Wheatley M. Johnson of the Board of Supervisors, Miss M. Sabina Nee, the County Health nurse, and Rev. John De Chant, Chairman of the County Tuberculosis Association attended the meeting. Messrs G. Wallace Carper and J. T. Blincoe represented Fairfax County Board of Supervisors.

These articles are wanted: Rubber tires and tubes, heels, soles, rubbers, boots, raincoats, gloves, hot water bottles, tubing, hose, stair mats, rubber toys, in fact, anything made of rubber. When Ferdinand the Bull was made into a rubber toy, hundreds of thousands were sold. They weigh 3/4 pound each and would provide tons of rubber.

Everybody can help. Simply bring your rubber to your nearest filling station before June 30.

About newspaper: the paper mills are overstocked with scrap paper at this time. Tie your old newspapers in bundles and store them in some convenient place for a few months. When present supplies are used, the price will go up again and collections will be made.

About tin cans: Reclaiming the good tin from cans is a specialized process and only a few firms are equipped to do this expensive job. There are no plants located near us an no transportation available, so that it is not practicable to save tin cans in this county at present.

Comb your farms and outbuildings for scrap iron. There is still a heavy demand for all kinds of scrap metal. Phone your Junk dealer if you have over 100 pounds.

NAVAL AVIATION NEEDS MEN

Aviation machinists, metalsmiths, radiomen and ordnancemen are needed in the Navy's expanding air force. Skilled men between the ages of 17 and 50 are being enlisted as petty officers with good pay, rapid promotions and in many cases, extra allowances for their dependents. Unskilled men between the ages of 17 and 28 are being enlisted as apprentice seamen and sent to aviation schools for training leading to ratings in the Naval Air Corps. Let your skill help defeat the Axis. Join the Naval Service today at your Navy Recruiting Station which is open in the Post Office Building at Manassas on Thursday of each week.

WAR BONDS AND STAMPS ON SALE AT R. E. A.

Referring to the attractive advertisement of the Prince William Electric Cooperative on page 7 of this issue, we are advised that War Bonds and Stamps are on sale at their office in Manassas

TAX NOTICE

State taxes and county levies for the tax year 1941 not paid at the close of June 30, next, will be returned delinquent. Payment of such taxes and levies on July 1 will not keep them off of the delinquent list. Persons who have not paid their 1941 taxes are, therefore, requested to pay them not later than June 30. C. A. Sinclair, Treasurer Prince William County

DISTRICT SANATORIUM PLANNED

At the invitation of the Alexandria City Council, representatives from Arlington, Fairfax, and Prince William met on Tuesday night to talk over plans for a Tuberculosis Sanatorium in Northern Virginia to take care of patients from this section.

Wheatley M. Johnson of the Board of Supervisors, Miss M. Sabina Nee, the County Health nurse, and Rev. John De Chant, Chairman of the County Tuberculosis Association attended the meeting. Messrs G. Wallace Carper and J. T. Blincoe represented Fairfax County Board of Supervisors.

Sentiment was heartily in favor of the establishment of a Sanatorium in this section of the State. Since counties and cities in this area have operated the District Home on a cooperative basis for so many years, it seems reasonable to suppose that they can cooperate on this new project. A survey of conditions, aggravated by rapid growth of population, shows a real need for such an institution.

A committee having representatives from each of the counties named was appointed to look into the question of location, number of beds needed, cost of construction and maintenance, and other pertinent questions. This is a beginning. We may look forward hopefully to further developments in the near future.

CHAMBER OF COMMERCE PICNIC

The Prince William County Chamber of Commerce will hold a picnic at the Manassas National Battlefield Park on July 4th. Special guests of the Chamber at this time will be the operators of the Manassas telephone exchange who have been so helpful in notifying members of the time and place of meeting each week.

The committee in charge of the picnic is as follows: Rev. R. M. Graham, Major Hansen, Mr. Hunton Tiffany, Mr. Edgar Rohr and Professor R. Worth Peters have been named as a special committee to take charge of games and recreation for the day.

It is hoped that all members of the Chamber can be present for this enjoyable occasion as there will be a band concert, an inspiring speaker, athletic contests and delicious refreshments to make it a full day.
