### LOCAL LEGION HAS INSTALLATION

#### Commander Staggs Continues In Office Another Term.

Newly elected officers of the American Legion were installed in a dignified ceremony at the regular meeting of Prince William 158 held on Tuesday night. The ceremony was in charge of Captain John M. Galt of Falls Church. Captain Galt is the Eighth District Commander, Department of Virginia. He was assisted by Ernest Heilman, commander of the Vienna Legion Post, and Rufus Caldwell, Chef de guerre Forty and Eight, of Alexandria.

The officers of the local Post are: Claude W. Staggs, Commander; Ardie O. Beane, first vice-commander; Wheatley M. Johnson, second vice-commander; J. H. Eagle, third vice-commander; John M. DeChant, Adjutant and Chaplain; W. N. Curtis, Finance Officer; Miss Margaret Lynch, Service Officer; Walter L. Coverston, Sergeant at Arms; and Edgar G. Parrish, Historian.

Arrangements were made to send delegates to the Department of Virginia Convention to be held in Roanoke August 23 to 25.

It was reported that in the recent drive to collect used victrola records, more than four thousand records have been collected and shipped. These will be melted and made into new records and donated to camps where service men are located. In response to a recent questionnaire sent to Legion members, replies indicated that twenty are actively engaged in Civilian Defense or some kind of war work. Refreshments were served by the Ladies Auxiliary, and the meeting adjourned after a most interesting session.

### RELIGIOUS COUNCIL REPORTS SPLENDID YEAR

The Annual meeting of the Prince William County Council of Religious Education was held last Sunday in the Cannon Branch Church of the Brethren. There was a good attendance in spite of rain and the tire shortage.

Officers for the year were elected as follows: Rev. John M. DeChant, President; Rev. D. N. Calvert of Occoquan, Vice-President; Miss Hazel Saunders, Secretary; and Mr. J. J. Conner, Treasurer.

Miss Saunders, the teacher of Week Day Religious Education, stated in her report that she taught 26 classes per week throughout the year, and that religious instruction was given to 803 boys and girls in the 4th, 5th, 6th and 7th grades. The teaching was done in all the white schools in the county. Her records show that 24 per cent of the children in these grades are not enrolled in any Sunday School.

The report of the treasurer was very gratifying. It showed that the Council came very close to balancing its budget for the year, lacking only about \$22.00.

The meeting was opened with a devotional period conducted by the Rev. Thomas G. Faulkner, rector of the Episcopal Church, and the closing prayer and benediction were offered by Rev. John Kline.

### LEGION DRIVE FOR OLD RECORDS VERY SUCCESSFUL

The campaign of the American Legion for the collection of old phonograph records has been a great success and already the quota assigned this locality has been exceeded over three times and records are still being received.

Eight crates of these records have already been shipped away to be melted up and new ones made for use in camps and ships. The collection will continue and later shipments made whenever enough have been received. Persons who have not yet turned in their records can leave them at one of the collection stations listed in the paper two weeks ago or call or write Commander Staggs or any Legion member.

### GET NEW ASSIGNMENT

2nd. Lieutenant Marshall B. Garth, of Haymarket, Va., has recently been assigned to the California Replacement Training Center at Camp Roberts for thirteen weeks, of basic training in use of Infantry weapons.

### SENATOR BYRD CONGRATULATES MR. C. C. CLOE

Mr. C. C. Cloe, Triangle, Virginia. My dear Mr. Cloe: I want to write to congratulate you on the most effective work you and others did which made possible the great victory for Howard Smith.

There were issues involved in this campaign which made its importance very much greater than an ordinary Congressional election. Howard Smith's outstanding work in Congress has attracted the attention of the nation, and great interest was taken throughout the country in his contest. Likewise, much interest was taken in his campaign by members of the House and the Senate by reason of the issues involved.

The overwhelming majority given him is one of the most wholesome things that has occurred recently.

Hoping to see you soon, and with assurance of my high regard, I am

Faithfully yours,  
Harry F. Byrd

### MORALE

#### The Secret Weapon That Will Win The War

Congress Can't Vote It  
Dollars Won't Buy It  
It's Your Job To Build It.  
PUT UNITY INTO YOUR COMMUNITY

Unity starts with U. To win the war, stop private wars at home on the job, with neighbors.  
Honest apology ends friction—starts teamwork.  
If we pull together, we'll all pull through.

BE A RUMOR-STOPPER  
Rumors help the enemy. Trace the facts. Face the facts.  
Don't exaggerate.

Make your community gossip-proof, smear-proof, panic-proof, fear-proof.  
Every patriot shoots a rumor dead on sight!

MEET SHORTAGE BY SHARING  
Use all of everything. Don't hoard. If everybody cares enough, and everybody shares enough, everybody will have enough. No waste in your ice-box, brain-box!

KEEP THE MORAL STANDARDS OF THE NATION HIGH  
Don't weaken the home-front by wangling something for yourself on the side.

Dishonesty and indulgence in you saps the nation's fighting strength. A decent world tomorrow depends on how you live today!

THE SECRET OF STEADINESS AND INNER STRENGTH IS ON EVERY PENNY: "IN GOD WE TRUST"

A general who has fought through two wars said: "Telephone wires may be cut, radio stations be destroyed, but no bombardment can stop messages from God coming through if we are willing to receive them. To listen to God and obey Him is the highest form of national service for everybody everywhere."

### IMPORTANT DEFENSE MEETING

### T B ASSOCIATION WILL FOLLOW UP

#### Rejected Selectees To Have Special Treatment

Miss Clara Aumack of West Point has been appointed by the Virginia Tuberculosis Association to undertake the follow-up of cases of men rejected by the Selective Service in the Old Dominion for military service because of tuberculosis, according to an announcement made yesterday by Miss Leslie Combs Foster, executive secretary of that organization. This work is being undertaken for a period of three months to ascertain whether the voluntary tuberculosis organization can facilitate the treatment of those found to have active tuberculosis.

Miss Foster said that while Miss Aumack had been employed by the Virginia Tuberculosis Association, she will work directly under the State Department of Health in an effort to see that tuberculosis rejectees receive proper treatment to restore them to health. Miss Aumack reported this week to the State Health Department to receive instructions.

One of Miss Aumack's first duties, Miss Foster explained, will be to establish the fact as to whether cases of tuberculosis discovered through military x-ray examinations were previously known to the State authorities and under supervision.

### EASTERN STARS CHANGE MEETING DATE

### MINNIEVILLE BOY ADVANCES IN FLYING SERVICE

The commanding officer of the air corps at Camp Williams, Wisconsin has announced the promotion of George L. Stefk, formerly of Minnieville, to the rank of Sergeant.

Sergeant Stefk, 1st. class mechanical flying with the 25th Transport Squadron, is a crew chief on his ship and is responsible for the maintenance and records of the ship.

### Lights Go Out From 8:30 To 1 P. M. On August 18

Virginia will experience its second State-wide blackout next Tuesday night, August 18, beginning without signal or alarm as soon as darkness falls, which is at 8:30 and continuing until 1 A. M.

Traffic will be permitted on the highways with dim lights during the blackout, with the exception of a definite air-raid alarm which will take place by signal sometime during the night and will probably last about half an hour, although the exact length of the simulated air-raid is not announced. During this period all traffic will be stopped at least in every section of the State where the Civilian Defense organization can stop it.

The metropolitan area of Washington, which includes Fairfax County, Arlington and Alexandria City will not blackout on the 18th, because they have these tests with Washington and not with the State unless both are participating. The Washington area had an unannounced blackout-test on Monday night of this week, beginning at 11:05 P. M. and ending at 11:30. It is reported that Washington Civilian Defense officials, as well as those of Fairfax, Arlington and Alexandria, were only partially satisfied with the results.

In Virginia State Defense Officials take the viewpoint that unannounced air-raid tests at this time are not advisable. They believe, with considerable justification, that too many unannounced tests will tend to create a public indifference which would result in poor action if and when the real thing comes. So, in Virginia, at least for the present, if we have an unannounced air-raid test, it will be the real thing and "no fooling." And, of course, neither Washington, nor Virginia, nor anybody in the United States is really ready for those raids which are becoming more and more a probability as the nights begin to grow longer.

In most incorporated towns, such as Manassas, even the usual dim lights will not be permitted-only parking lights, which will necessitate very slow and careful driving.

### KINCHELOE HERD AGAGIN ASSOCIATION LEADER

The herd of Mrs. Edith M. Latham, Haymarket, was third with an average cow production of 31.4 pounds butterfat and 768 pounds of milk. The District of Columbia Work House was fourth with an average production of 29.6 pounds butterfat and 700 pounds milk. Fifth was the Butler Brothers herd of Alexandria, R. 2., with 29.3 pounds butterfat and 843 pounds milk. T. R. Hynson, Manassas, was eighth with a production of 27.1 pounds butterfat and 655 pounds milk. Ninth was the herd of C. K. Wilkinson, Alexandria, which produced 26.7 pounds butterfat and 670 pounds milk per cow, while the herd of John N. House and Sons, was tenth with an average yield of 26.6 pounds butterfat and 757 pounds milk.

## NITROGEN FERTILIZER SHORTAGE

It now appears that there is a decided shortage of nitrogen, due to the great demand for nitrogen for explosives, and the difficulties of importing it. This shortage is so real that it has already been recommended that no nitrogen be used in fall fertilizer mixtures for small grains, says the County Agent. To offset this nitrogen shortage, farmers should plant winter legumes, such as crimson clover or vetch. Records for the Staunton experiment station show that corn following crimson clover turned under produced fifteen bushels per acre more than when no crimson clover was turned under. Crimson fertilized with 300 pounds of 0-14-6 at seeding and turned under in spring increased the yield of corn 22 bushels over unfertilized crimson clover, and 39.2 over no crimson clover.

Although fall-seeded small grains and grasses will reduce losses from leaching and erosion, they do not have the capacity to add nitrogen as do legumes like crimson clover or vetch. Both legumes and non-legumes should be fertilized liberally.

Inoculation is essential if the crimson clover or vetch is to add the maximum amount of nitrogen to the soil. Crimson clover cross-inoculates with red, white, and alsike clover.

Seeding, Crimson clover may be seeded alone or with rye grass or with rye grass and small grain. One of the latter methods is preferable if the crop is to be grazed or if the seeding has to be delayed until too near the frost date. It is usually seeded 30 to 60 days before the usual date of the first killing frost. Sow 20 pounds of hulled seed per acre. If sown with rye grass, use 15 pounds of each. The seed may be sown broadcast in growing corn or other row crops and covered with a fine tooth cultivator, or it may be sown broadcast or with a drill after the summer crop has been harvested.

Vetch. Hairy vetch is the most satisfactory variety for Virginia conditions. It may be seeded alone or with small grain in corn or after the summer crop has been harvested. Sow the seed from August 1 to November 1, the earlier date being preferable. When seeded alone use about 30 lbs. to the acre. When seeded with small grain use 15 to 20 pounds of vetch and 8 or 4 pecks of small grain.

Vetch will stand a lower acidity than crimson clover. However, if the soil has not been limed recently, it would be advisable to use at least one ton of lime per acre.

## CHRISTIAN SCIENCE

"Soul" will be the subject of the Lesson Sermon in all churches and societies of Christ, Scientist, on Sunday, August 16.

The Golden Text will be "My soul shall be joyful in the Lord: it shall rejoice in his salvation" (Ps. 35:9). Bible selections will include the following passage from Isaiah 55:3, 12: "Incline you ear, and come unto me: hear, and your soul shall live; For ye shall go out with joy, and be led forth with peace."

One of the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by

Mary Baker Eddy, included in the Lesson-Sermon, reads as follows: "We cannot deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simply because, to the mortal senses, there is seeming discord. Truth will at length compel us all to change the pleasures and pains of sense for the joys of Soul" (p. 390).

OVER THE TOP FOR VICTORY with UNITED STATES WAR BONDS-STAMPS

dust off those PESTS with your DOLLARS

It takes less sprayed from machine guns and bombers to exterminate these pests from within. Combating international pests is not cheap—no war is. Your dollars are vitally needed to help Uncle Sam do a thorough job.

If American farmers buy their proper WAR BONDS, they alone can finance 30,000 fighter planes this year. Think what a crop-dusting job an air fleet like that could do!

Allis-Chalmers believes: That WAR BONDS are today's best and safest farm investment.

That American farmers, by buying WAR BONDS every market day, can make total victory the climax to total war.

The quickest and surest way to achieve it is for farmers themselves to take the leadership. That is the aim of the "Win-the-War Bond Contest", sponsored by Allis-Chalmers in cooperation with the U. S. Treasury Department.

## SAFeway Homemakers' Guide

NUMBER 56 ★ Hints and suggestions for box lunches ★ Safeway weekend prices now good every day ★ A shopping lesson from a girl named Nora

Looking for ways to make box lunches more interesting?

More than ever, it is imperative that the meals you serve your family be appetizing, filling, and up to nutritional standards. And that goes for a box lunch as well as any other meal of the day. In many cases (war workers on night shifts, for instance) the box lunch is the most important meal of the day. And it must not only be appetizing and nutritious, it must be planned and packed to stay attractive for hours after it's been prepared. So don't use less of your menu-planning ingenuity on box lunches—use more.

Here are a few hints and a few menus, planned and tested by the Safeway Homemakers' Bureau, that might help you in your planning.

Use the best equipment available. Be sure the tops to all jars and bottles fit perfectly. Use plenty of wax paper.

Vary the bread for sandwiches. Use the more uncommon types of bread once in a while—pumpkinseed, raisin, nut bread, sesame seed, etc.

Use lots of butter. This helps keep sandwiches from drying out.

Don't include sandwiches like tomato and lettuce. They're almost certain to wilt. If he likes tomatoes, put in a whole one instead.

## THE HOME FRONT IN THIS PEOPLE'S WAR

This is a People's War. While the men on the fighting fronts, on land and sea, must bear the first brunt of conflict, the "folks back home" are by no means immune from the "blood and sweat and tears" inseparable from total war.

This is a difficult kind of war from any other world has ever known before. In modern "civilized" warfare, since the days of barbarism, men, women and children outside the battle lines were universally regarded as non-combatants, to be scrupulously spared the shock and fury of direct assault. But Hitler changed all that. He, with his satellites Mussolini and Hirohito, have rubbed out, with blood smeared fingers, all the recognized rules of the game—all chivalry, all decency, all humanity.

Warfare as these brutes conduct it bears no resemblance to the restricted combats of armed forces—terrible enough though they were — of another era. They make war—war in its most hideous forms—against the folks at home as well as the soldiers on the battlefields and the sailors on the seas. They spare neither age nor sex. Women, children, the aged, the babes in arms—all are subjected to the most brutal forms of torture that men made mad by their ruthless ambitions can devise.

So this is a People's War. Civilians are in nowise exempt. The Home Front is more important today than ever it was before. Important not only because the munitions and supplies of war must go forth to our fighting forces in an ever widening stream, but because the morale of the folks at home must be preserved not alone for the ease of mind of the sons, husbands and fathers who are fighting for them.

## THE SOLOMON ISLAND BATTLE

Details must necessarily be withheld, but the present offensive operations by the United States and her Allies based in Australia against the Solomon Islands is characterized as our first real offensive action.

If this be so, then General McArthur has started his long heralded "return to Manila." However, it may only eventuate that this is a campaign to forestall an invasion of Australia by the Japanese.

To us, as amateur strategists, it would seem that a major defeat cannot be administered from Australia alone. The knock-out blow must come simultaneously from three directions: (1) from Australia upward, (2) from China downward; (3) from India eastward. These major movements must be properly synchronized.

However the situation in India at the present moment does not seem to favor a large-scale military movement from that area. Nor does the Chinese Army seem able to launch a major movement downward into Thailand.

So we believe that the present offensive action by our forces against the Japanese based in the Solomon Islands is in the nature of a checkmate of an anticipated invasion attempt by the Japanese against Australia, and not really the beginning of any triumphal return to Manila by General McArthur. A road which no doubt will eventually be traversed, but which will be covered at expense of untold blood and treasure.

## IN MEMORIAM

Lives in memory of my darling son, Harvey L. Cornwell who left us August 15, 1931.

Eleven years has passed  
My heart still sore  
As time flies on  
I miss you more.

Till memory fades and life departs  
You will live forever in my heart  
Time takes away the edge of grief  
But memory turns back every leaf.

My thoughts of you will never fade  
And as the years pass on  
Your memory as the brightest Star  
Will always lead me on.

Loving Mother.

## COLORFUL PIONEER DAYS AS BACKGROUND

Recreating the warmth, color, and humor of pioneer days in the West, as well as the drama and peril of that period, "Valley of the Sun" brings Lucille Ball and James Craig to the screen in an unusual drama of action and sparkling adventure.

Taking Clarence Budington Kelland's Saturday Evening Post Serial as a basis, the film deals with the dual efforts of a young Army scout to see that the Apaches are treated honestly, and to break up the impending marriage of a pretty frontier girl to an unscrupulous Indian agent.

Aware that the short-sighted methods in vogue in the Southwest in the late 'Sixties are inflaming the Indians against the whites, the scout gets into trouble with Army authorities and is sentenced to jail. Escaping, he stumbles into the proposed marriage, and, knowing the intended bridegroom's character, decides to interfere.

He succeeds in postponing the wedding, but the Indians bring matters to a head by organizing for an attack against the whites — chiefly because the agent has cheated them out of their herds. The scout's resourceful efforts to save the agent's life after the apaches have captured him and to avert a certain massacre when the tribes swoop down on the lonely town, provide a stirring climax to "Valley of the Sun."

In its forthright presentation of the Indian's side of the case — a side all too often overlooked in print and on the screen — "Valley of the Sun" stands out as a distinctive piece of film fare. It's various characters are sharply etched — Craig as the quick witted scout, Miss Ball as the self-reliant heroine, Dean Jagger as the scheming agent, Sir Cedric Hardwicke as an English remittance man, Peter Whitney as an old desert character, Billy Gilbert as a judge, Tom Tyler as the feared Geronimo and Antonio Moreno as the dignified Apache leader.

Be it further resolved that said Collector be compensated for his services in the amount of 35 per cent of the amount so collected, and that said collector before entering upon his duties do execute bond before the Clerk of the Circuit Court of Prince William County, Virginia, for the faithful performance of his duties in the penalty of \$500.00 with surety approved by said Clerk.

And it be further resolved that C. Lacey Compton do turn over to the said C. E. Hixson receipts which may have been received since the last report of David A. Lyon, Jr., and David A. Lyon III, former collectors, taking the receipt of the said C. E. Hixson for the receipts which he may turn over to him.

All funds collected by the said collector shall be remitted to the Treasurer of said County, less his commission, taking his receipts for such payments.

AYES: G. C. Russell, V. S. Abel, W. M. Johnson, C. B. Fitzwater, C. B. Roland, J. Murray Taylor, Chairman.

**"16 to 1"** you don't know how far your tires will go...

**"16 to 1"** they will go a lot farther than you think...

**"16 to 1"** you'll be amazed at the extra mileage your Esso Dealer will soon be able to help you get.

The odds are not just figures we have pulled out of a hat. They are the result of tests made with a new method to increase tire mileage among customers at a number of Esso Dealer stations. 16 out of every 17 car owners were astonished at the mileage made possible.

Because the preservation of tires is so vital to the country in the present emergency, we are making every effort to introduce this new service at Esso Dealer stations with the utmost speed. It requires both equipment and training and we are supplying both as rapidly as possible. As soon as these are available your own Esso Dealer will be able to help you get the greatest possible mileage from your own tires short of retreading. Further announcement will be made in newspapers shortly.

**O.K. TOJO—**  
*you asked for it!*

**Y**ou dished it out, with a head start by treachery—now we're going to see how you can take it!

We're ganging up on you, Tojo, in a way you and your Nazi friends don't understand.

Spreading like wildfire from coast to coast and from Canada to Mexico is our Payroll Savings Plan—get that, Tojo? Not confiscation—*savings*.

By the tens of millions, workers and employees of plants in every state of our country are cooperating with their unions and with management.

Of their own free will they're agreeing to put ten percent—a dime from every dollar—of their earnings in United States WAR BONDS.

Every payday the plant management sets aside this ten percent, then, each time it adds up to \$18.75, the worker gets his Bond.

See, Tojo? Hundreds of millions of good U. S. dollars are going into the planes, the tanks, the guns and the ships to blast you right out of your sandals!

And we're paying for it . . . the workers and employers . . . the farmers, doctors, lawyers . . . all of

us of our own free will, *lending it*, from our pay.

And—because this is the *American* way of doing things—we're building our own financial security, too, against the day when the war will be over—when we've shown you what decent, clean, *free* people can do.

Every year those War Bonds of ours increase in value, Tojo, until, after ten years, Uncle Sam hands us back TWENTY-FIVE DOLLARS for every \$18.75 we invested in beating you.

Get it, Tojo? It isn't the Jap way, the Nazi way, nor the Fascist way.

It's the *free American way!*

So, when you see those clouds of planes over your troops, your ships and your factories—when the tanks come at you spitting lead—and our good American boys get you on the run—remember, *we're* paying for it—Smith, and Harrigan, and Cohen, and Godowsky, and Leblanc, and Havlek, Americans all, in a *free* country.

So take it, Tojo—you asked for it!

### *5 Reasons Why*

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.

2. You prove that you are a patriotic American.

3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.

4. You prove to our enemies that we are a United People.

5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's *safest* investment, by buying a share in the world's most powerful country.
