

County Salvage Campaign Begins Next Week

GROUP RIDING IS ON INCREASE

Instances Furnished Where Workers Are Sensing The Urgency Of Action.

Group riding is on the increase, particularly in industrial establishments. Studies in several Virginia war industrial plants have shown an average car occupancy of from 2.5 to 3 persons. This is good, especially when compared to a national average of only 1.7 persons per car six months ago, but Virginia motorists will have to practice much greater conservation, Mr. Marye warned.

There have been very few new tires issued since January. Most peoples tires are now over a year old and many are much older. To those fortunate persons whose tires are still relatively good it is hard to realize the overall picture and the picture is not bright.

Studies of transportation in the same industries which showed a high car occupancy also showed that many cars had no spare tire and that less than 1,000 miles of service life remained in the poorest tire. The average essential driving was about 100 miles per week. Therefore, many cars now carrying workers in essential war industry have only ten weeks to run.

When miles of essential weekly driving was balanced against miles of service life left in tires it was found that, beginning about the first of October, cars would be going out of service at the rate of 3 1/2 percent per month. In one year, unless more conservation was practiced, about 40 percent of cars now carrying war workers would be off the road.

One of the most practical means of prolonging the life of tires is to group or swap ride—making one car do the work of two, three or four.

The following is a good illustration of how increased group riding can make present equipment last longer. In one war industry, 139 cars are used daily to carry workers from residence to plant. Thirty-three of these cars, at their present rate of travel, will be out of service by next March. The average car occupancy of these 139 cars is 2.6 persons. If the 139 drivers could increase group riding so as to raise the average car occupancy from 2.6 persons to 3.6 persons or an increase of just one more person per car, then just as many persons could be carried by 100 cars as are now being carried by the 139 cars. This would be the equivalent of saving more than the 33 cars which are estimated to go out of service by March next.

Within most cities, bus and street car service is already taxed to capacity during the rush hours. With the coming of bad weather many persons now patriotically walking long distances to work will undoubtedly want to ride. The critical period of mass transportation is expected by late fall. Get together with your neighbors and fellow workers, Mr. Marye urged, and make plans for increasing the group riding you are already doing. The time to make these plans and put them into practice is now, not next year!

MERCHANTS AID IN DISPOSING APPLE CROP

Local merchants are cooperating in the national drive to increase the consumption of fresh apples, the Victory Food Special, designed by the Agricultural Marketing Administration for the period of September 17 through 26.

Not only are local merchants, restaurants and food outlets featuring fresh apples, but local homemakers are doing their bit by purchasing fresh apples in quantity and serving them to their families.

Commercial apple production for 1942 is expected to be even larger than that of last year. Supplies of fresh apples for home consumption will be quite abundant and their use by homemakers will release other vital foods for Land-Lease shipment and other war needs.

Other farm commodities which have been featured as Victory Food Specials locally were onions, tomatoes, chickens, lettuce, peaches and cheese.

DARDEN THANKS NEWSPAPER FOR SALVAGE AID

Governor Darden today issued an additional "Junk Rally Week" Proclamation calling attention to the seriousness of the scrap metal situation and the danger of immediate closing of steel furnaces unless greater effort is made. He further called attention to the fact that at the request of Donald M. Nelson, Chairman of the War Production Board and Army and Navy officials the newspapers of the State are planning to assist in a special three-weeks campaign from September 21st to October 10th in cooperation with State and local Salvage Committees. "At this time, when the newspapers are joining us in our campaign for the collection of scrap materials of all kinds," Governor Darden said, "I want to thank the local committees for the fine work they are doing in this connection and urge their continued assistance." "All of us are grateful for their help," he said "and I hope that during the coming weeks, set aside for special junk salvage, we may all intensify our efforts in this work." Governor Darden also thanked the newspapers of the State for their help in this work. "With their cooperation and the assistance of every man, woman and child, certainly Virginia's part in the Junk Rally Campaign will 'go over the top' with flying colors."

LOCAL COMMUTERS ORGANIZE HERE

Plan Evolved To Save Tire Mileage And Gas.

As the result of several meetings of commuters who travel daily between Manassas and Washington cooperative organization has been formed by the drivers which is called the "Manassas Car-share Club." Mr. William N. Curtis has been named President.

The first purpose of the club was to collect, collate and handle certain information and facts that had not previously been made available in the proper places. The second function has been an attempt to coordinate the needs and requirements of both drivers and passengers who must travel from this vicinity to the Washington area every day in connection with their work.

To accomplish this latter purpose a perpetual and daily card record is maintained showing all drivers, their route, time of departure and return, number of passengers and any vacation b mintind of rqustsy L. inCM cles that may be available. A register will also be maintained of requests for rides both regular or for one or more days. Thus, for the first time, anyone needing either a ride or riders can get information covering that need by calling Aileen P. Taylor, registration secretary of the Club. The address is 340 West St. P. O. Box 506 or Phone 105-F11. Since there is a shortage of rides at the present time requests for reservation should be made as early as possible to obtain the best results.

MR. DOUGLAS GIVES VICTORY DINNER

On Friday night Mr. Douglas entertained the Fire Department softball team with a victory dinner, held at the Manassas Grille. The dinner was attended by the members of the softball team. There were also two unexpected visitors, two very attractive young girls.

Mr. Elwood Gregory was the main speaker, and also presented Mr. Douglas with a very attractive cup made by Roger Cross, Jr. a team member. The cup bore the inscription, "To Mr. Douglas From The Fire Dept."

The team was called upon to give their opinion of our team and to discuss the '42 season of softball in general. We, the Fire Department softball team want to thank Mr. Douglas for this excellent dinner and also to pay our appreciation for having him as a team member.

ILL AT HOME

The many friends of Mr. George D. Baker regret his indisposition and hope to see him out again in the very near future.

MANASSAS, VA. LONG TO BE REMEMBERED IN THE U. S. NAVY

The people in this historical town may be interested in the above picture and the facts herewith present.

This hornet's nest is the largest, so far as we know, ever found in this section, measuring 15 inches in diameter and 22 inches in length. This nest was presented to Commander Alfred H. Miles, United States, Navy, now commanding officer at Little Creek Section of the Naval Operating Base at Norfolk, Virginia.

In turn this nest will be presented to the United States Navy and be placed on the Aircraft Carrier "Hornet" in memory of his nephew, William Mason Stevens, who was assigned as a dive bomber on the "Hornet" and lost his life recently in a bombing off this ship.

Commander and Mrs. Alfred H. Miles recently received word from the navy of the loss of their only son, Lt. Lyon G. Miles off the coast of Java when the "Ashville" was sunk.

ATTENTION—COMMUTERS

Drivers—Does Miss Aileen Taylor at 340 West St., Phone 10-F-11 have your schedule and list of passengers? Do you have vacant seats? She needs this information that your interest may be served.

Passengers—Do you have a regular seat in someone's car? Are your hours in line with driver? Are YOU registered? You may contact Miss Taylor from 7 P. M. to 9 P. M. as above She may be able to help you.

W. N. Curtis, President,
Manassas Car—Shares Club.

MISS SAUNDERS RESUMES HER WORK IN RELIGIOUS ED'N.

With the opening of school begins again the program of Week Day Religious Education. The County Council of Religious Education has secured the services of Miss Hazel Saunders as teacher and this month marks the beginning of the seventh year of the work.

The program is supported by voluntary gifts from Sunday Schools, churches, organizations, and individuals and requires a budget of \$1000.00 per year. Already, gifts have begun to come in and former givers are urged to keep the program in mind.

Miss Saunders will reach all the white schools as in former years. Her schedule of travel has been altered to make for more economical use of her car. She needs a tire, size 6.00X16 and information as to where one can be procured will be greatly appreciated.

Financial Chairmen for this work throughout the county are: Brentsville District, Mrs. L. J. Bowman; Coles District, Mr. Walter Wine; Dumfries District, Mrs. A. H. Shumate; Gainesville District, Mrs. Audrey Kerr; Manassas District, Mr. Orrin Kline; Occoquan, Rev. Delbert N. Calvert. Contributions may be given to any of these persons with full confidence that they reach the treasurer and proper credit be given. Further information about the program of Week Day Religious Education may be obtained from Rev. John M. DeChant, President of the County Council.

A PROCLAMATION

WHEREAS the Governor of our Commonwealth of Virginia has set aside the weeks of September 21 to October 10 of this year 1942 and designated them Junk Rally Weeks, to be observed by all within the bounds of this Commonwealth; and

WHEREAS this has been done in response to an urgent appeal from officials of the War Production Board, the Army and the Navy; and

WHEREAS many steel furnaces and arms plants may be forced to close, thereby leaving our soldiers and sailors with insufficient weapons, unless the citizens of this city, Commonwealth and this nation rally to provide more scrap metal; and

WHEREAS no small number of these men of our armed forces who need our junk metal so that they may have arms are gone forth from the families of this community,

THEREFORE, I, Harry P. Davis, Mayor of the Town of Manassas, do ask all residents of this community to participate in the observance of Junk Rally Weeks, and help thereby the men of our armed forces in their fight for our freedom.

To which I place my Hand and Seal

Harry P. Davis, Mayor.

AGENT ADVISES EARLY ORDERS

Mr. Cox States That Use Of AAA Lime Was Heavy Last Year.

Prince William farmers who participate in the 1943 Agricultural Conservation Program, which began on July 1, 1942, and closes on June 30, are eligible to receive ground limestone or 20 percent Superphosphate. In the case of ground limestone, the material is delivered to the farm without cost. In the case of 20 percent Superphosphate, the fertilizer has to be hauled from Manassas and there is a small charge of 50c per ton to cover the cost of insurance against losses, unloading and checking out the material. The ground limestone may be used on any land on the farm but the 20 percent Superphosphate is to be used on hayland and pasture. It may be used on straight seedings of grasses and clovers but should not be used in connection with small grain or on land to be used for corn, soybeans, cowpeas, Sudan grass, millet or sorghum next spring.

Unless new arrangements can be made, no Superphosphate will be available through this year's program after December. Ground limestone may be difficult to obtain after this fall. For this reason, farmers eligible for ground limestone or Superphosphate are advised to make application at the county office for fall and early winter deliveries of these soil building materials.

HEAVY 1942 USE OF FARM PROGRAM GROUND LIMESTONE

9,560 tons of ground limestone were delivered without cost to Prince William farmers under the 1942 Agricultural Conservation Program which closed on June 30. Provisions of the new program call for larger allowance of ground limestone on larger farms. On extremely small farms, slightly less may be available this year.

LEGION STILL ACCEPTING OLD PHONO RECORDS

While the American Legion has already shipped over five thousand scrap phonograph records to the factory to be made into new ones for the soldiers and sailors, quite a number are still being brought to the collection stations and it has been decided that shipments will be continued until the 25th of this month. Until that date all records that are received in Manassas will be shipped away but no more can be handled after that time as it is expected that the quantity will be too small to be justified.

Cadets Harry and Frank Parrish, sons of Mr. and Mrs. E. G. Parrish will return to V. P. I. Blacksburg, Virginia this week-end on Monday.

SCRAP SURVEY IS FIRST STEP

Committee Sends Out Recognition Sheets.

At a meeting of the local salvage committee held at the school on Monday a form was presented and later prepared and distributed on Tuesday to the schools which will be taken into the Manassas "festival."

The children will get these sheets back into the hands of the various class room teachers, following the schedule which will be sent out by the committee. The arrangements anticipate that all stuff thus reported will be given to the committee to dispose of as it may see fit.

All children who thus materially aid in this effort to assist in the national emergency will receive a ticket to a movie at Pitts Manassas Theatre, on September 25th.

The first show will go on about 1:30 and will be for the children at Woodbine and Haymarket.

The local children will come to one of the evening shows, the first to open at 7:15 and the other at 9:15.

This courtesy is being extended through the great generosity of Benjamin T. Pitts, movie magnate in this section of the State, T. I. Martin, his district manager and Franklyn Hibbs, his local manager.

Entertainment features for the other centers (Occoquan, Nokesville and Dumfries) have not yet been released but there is ample time to announce these next week.

The county schools are collaborating in a wonderful manner. Mr. O. O. Holler, county chairman, is working very hard to keep the county at the top.

CITIZENS URGED TO GET BEHIND SCRAP DRIVE

Citizens of this county have been challenged to lead the state and the nation in the collection of scrap metals and rubber in a campaign sponsored in this county by this newspaper and throughout the state by the newspapers of Virginia in cooperation with the State and Local Salvage Committees. Awards of \$4,000 in War Bonds are to be given by the newspapers to largest collectors of scrap in many classes.

Accepting the charge of the War Production Board to do all they could to avert a crisis in war industries caused by a critical shortage of metals, the newspapers of the state today announced a three week all-out from September 21 to October 10 for scrap and offered \$4,000 in war bonds as prizes to individuals, organizations, business firms and cities and counties turning in the greatest amount of metal during the campaign.

Every individual, group and business firm in this county is eligible to participate in the contest and the campaign, the only exception being those persons and firms engaged in the business of dealing in scrap. There are twenty awards in ten different classes for those who turn in the greatest amount of scrap.

For complete details of the contest please turn to the advertisement on page 7.

AMERICAN LEGION AIDS SCRAP DRIVE HERE

The American Legion will collect scrap iron.

The American Legion will supplement the effort being made by the local firemen to collect scrap metals for the War program but will confine their efforts to the territory in the county outside of Manassas.

Anyone in the county having scrap metal that they wish to donate to the war effort should contact one of the following committee at once by either post card or phone. Where the amount of material will justify a truck trip alone it will be called for at once while in other cases there may be some delay until sufficient tonnage can be secured in one neighborhood so that a truck can be sent. The Legion Committee appointed by Commander Claude Staggs consists of Edgar Parrish, Manassas; E. C. Owens, Nokesville and William Corder at Haymarket.

GREENWICH P. T. A.

The first meeting of the Greenwich P. T. A. will be held Thursday, September 24th at 8 o'clock P. M. All patrons are urged to be present.

HIGHWAY TRAFFIC

Commenting on the report of the President's rubber committee, headed by Bernard M. Baruch, and the seriousness of the transportation problem facing this nation, General James A. Anderson, Highway Commissioner, and Burton K. Marye, newly appointed Executive Secretary of Virginia's Highway Traffic Advisory Committee to the War Department said "We either prolong the life of the tires now on our cars or there will be a critical collapse of essential transportation before the end of the next year."

Rural travel in the state during August, Mr. Marye reports, was ten percent less than that in July and 45 percent less than during August a year ago. Moreover, travel during August, normally the month of peak traffic, was less than that in February, normally the month of least traffic.

REGULATION TO FIX THE BAG LIMIT FOR QUAIL; TO PROHIBIT BOTH GUN OR RIFLE AND DOG IN CERTAIN AREAS DURING THE CLOSED SEASON; TO REGULATE POSSESSION OF FIREARMS IN CERTAIN AREAS; TO ADOPT FEDERAL REGULATIONS AS TO MIGRATORY BIRDS AND TO FIX THE OPEN SEASON FOR TRAPPING OTTER.

Pursuant to a proposal authorized by this commission August 7, 1942, and published as required by law, the following regulations were adopted at a meeting in Richmond, Va., September 4, 1942:

It shall be unlawful to hunt with either a gun or a dog in National forest areas during the general closed hunting season. It shall be unlawful to have both shotgun, or rifle, and dog in the daytime in the fields, forests or waters of the counties of Augusta, Clarke, Frederick, Page, Shenandoah and Warren and in counties east of the Blue Ridge mountains, except in Patrick, during the general closed hunting season, except where migratory game birds, other than doves, deer, bear and fox may be hunted during other periods of the year and except as to hunting rabbits and squirrels by landowners upon their own lands. The foregoing shall be subject to the provision that it shall be unlawful to have in possession any firearms in National forest areas during the general closed hunting season, except that this provision shall not apply to persons holding permits from the commission authorizing possession in such National forest areas or to officers of the peace while actually engaged in the performance of their duties as such, or to persons transporting firearms across such lands if such firearms are unloaded and cased or otherwise dismantled. For the purpose hereof the word "possession" shall include having a gun in one's car or other conveyance while on the above mentioned area.

The bag limit on quail shall not exceed 10 a day, 125 a season.

The open seasons and bag limits for hunting migratory game birds for the season 1942-43, as issued by the Federal government, including possession, shall be adopted.

The open season for trapping otter shall be the same as provided for trapping muskrat.

These regulations shall become effective September 15, 1942.

By order of the Commission of Game and Inland Fisheries.

William S. Snow, Chairman.

America's War Plants Need Virginia's Scrap Metal and Rubber

Already, there have been shutdowns of steel plants for lack of scrap iron and steel to mix with iron ore. This increases, our whole war production program

will be in danger. The scrap in your attic, in your basement, in your back yard, on your farm, is desperately needed for war production. Bring it in now!

FOR COMPLETE CONTEST DETAILS WATCH THIS NEWSPAPER

VIRGINIA'S SCRAP CAN LICK THE JAP!

CONTEST RULES**PURPOSE**

To encourage the collection of every available pound of scrap metal in Virginia; to show the nation's call for salvage that the men of our armed forces may not die for lack of weapons; to prevent the wholesale closing down of steel mills all over the country because of a metal shortage; and to give every Virginian the chance to help solve personally one of the major crises of the war.

PLAN

Prizes will be given by the newspapers of Virginia to the Virginia county, independent city, business establishment, individuals and units of adult and youth organizations turning in scrap or saving to destroy the most scrap metal in three weeks from Sept. 21 to Oct. 10 inclusive, according to the prize rules.

PRIZES

A total of \$4,000 in War Bonds will be given by Virginia newspapers for the greatest poundage turned in by entries in the following classes:

Counties (per capita poundage based on 1940 census)—First, \$1,000 War Bond; second, \$500 War Bond.
Independent Cities (per capita poundage based on 1940 census)—First, \$750 in War Bonds; second, \$250 in War Bonds.
Adult Agricultural Organizations (per member poundage)—First, \$100 War Bond; second, \$50 War Bond.
Youth Agricultural Organizations (per member poundage)—First, \$100 War Bond; second, \$50 War Bond.
Women's Organizations (per member poundage)—First, \$100 War Bond; second, \$50 War Bond.
Men's Organizations (per member poundage)—First, \$100 War Bond; second, \$50 War Bond.

Boys' and Girls' Organizations (per member poundage)—First, \$100 War Bond; second, \$50 War Bond.
School Organizations (per member poundage)—First, \$100 War Bond; second, \$50 War Bond.
Business Firms (per employee poundage)—First, \$100 War Bond; second, \$50 War Bond.
Individuals—First, \$100 War Bond; second, \$50 War Bond.
Individuals giving information leading to the recovery of the greatest hidden poundage—First, \$100 War Bond; second, \$50 War Bond.

(Prizes going to the counties and cities are to be used for some charity, war work organizations or other purpose of general benefit to the cities and counties to be designated by the local salvage committee chairman before the contest begins. The awards may be allotted to two or more such purposes.)

ELIGIBILITY

Every citizen, organization and business firm in Virginia, except those engaged in scrap collection as a means of livelihood, is eligible to participate in this contest.

Collection of individuals, firms and organizations will be credited to the city or county in which the individuals, firms or organizations are located.

PROCEDURE

Local salvage committees will be in charge of the program in their respective communities.

Only scrap metal received in pounds on an official contest blank will be counted in the contest.

Community scrap inventories which have not already been sold to dealers or reported to the WFB at the beginning of the contest will count.

JUDGES

Judges for the contest will be named by Martin E. Williams, chairman of the Virginia State Salvage Committee. The decision of the judges in all matters pertaining to the contest will be final.

CART BEFORE THE HORSE

It is always best to be conservative in the evaluation of situations affecting the national economy in time of war. We are in a life and death struggle with a fiendish enemy and we cannot afford to tie the hands of those whom we entrust with direction of our war effort.

At the same time, however, there are so many inexplicable and even weird aspects of our national economic program, that the average citizen, who does not possess qualifications beyond just plain horse sense, cannot begin to understand why the President should be so concerned about "inflation," and should demand drastic action by October 1, when to the man in the street, who has watched the handling of the wage situation, it would seem that "inflation" surely must have been one of the main objectives of all of the labor machinery that has been set up to boost compensation.

Most people think, with probability that they are not far wrong, that payment of wages all out of proportion to the work done, is the chief cause of inflation, and they just cannot understand all this see-sawing back and forth across the problem, when it seems to them that if a ceiling had been placed right across the whole economic structure of the nation at the proper time, it would not become necessary for the President now to set up a vast and expensive control system.

Nor can we understand why no ceiling ever is suggested for wages. It is always prices that gets the ceilings, while wages have to be "stabilized." And even right now the President insists upon cutting the farm income before he proceeds to "stabilize" wages. This would seem to indicate that the farmer will get it in the neck while labor will be given a final opportunity to hog all it can before the "stabilization" becomes effective.

This is a very serious matter. It is quite true that the work of the factory must proceed, but by the same token all men must eat, and unless agriculture is accorded more parity with labor, there will surely occur a catastrophe in food production which might

finally undermine military success.

Apparently the President is ready

to act, and has been ready to act for sometime. What will he do? Is there any doubt? The New Deal, with all due respect, has only one medicine for all ailments. Every problem of our national economy is solved by the great machine, for years, has been set up and put into motion in every emergency. It is called the Federal Agency. So in the present battle against inflation we shall probably see a huge and new Federal Agency created, reaching down to the smallest village and hamlet, and a new army—a latter-day P. W. A. will go on Uncle Sam's overburned payroll to battle inflation and their pay, probably also all out of proportion to the actual work done, will contribute very substantially to the same inflation the new agency will have been created to check.

SAVE YOUR TIRES!

Thousands are already guarding future mileage with Esso "16 to 1" tire service!

Five weeks ago...long before the President's special rubber committee recommended "compulsory periodic tire inspection" as a means to keep the nation's motor cars rolling...Esso Dealers launched a remarkable new program to do that very thing!

Based on two new scientific instruments, this service lets your Esso Dealer measure accurately, the mileage remaining in your set of tires as they stand right now. In 16 cases out of 17, we have found that motorists have more miles left than they think they have!

That extra mileage is vital. It must be saved. It can be saved for you by your Esso Dealer. As fast as possible we are supplying Esso Dealers with the new tread depth gauges and tire mileage calculators. Your Esso Dealer has his or soon will have. See him now. Let him measure your miles to come. Then let him help you see that you get every last one of them!

Esso
DEALER

NEW TIRES...If your tires are completely gone, and you have a rationing certificate for new ones, see your Esso Dealer. He can get deep-tread new Atlas tires in any size. Then let him help you keep them right for the duration. Don't buy new tires unless you absolutely have to. Don't buy less than the best when you do!

NITROGEN goes up in Smoke!

EVERY time a gun is fired, nitrogen goes up in smoke. To keep the guns firing, nitrogen must be conserved on the farm.

One of the best ways of conserving nitrogen is to make better use of farm manure. Three pounds of 20% superphosphate per cow sprinkled on floors and gutters in the dairy barn makes barn manure into a complete fertilizer. Dairymen, with a well-manured rotation, can get along with superphosphate alone, will not need a nitrogen fertilizer.

By laying in both your winter and spring supply of superphosphate now, you can be sure of adequate supplies when you need them. Order your superphosphate requirements now.

EVENING PRAYER SERVICE AT TRINITY CHURCH

Sunday, September 13, marked the beginning of the Evening Prayer Services at Trinity Church. A surprisingly good number were present at the first service. The service begins at 7:30 P. M. and lasts about fifteen minutes. Immediately following the service the congregation goes into the Parish Hall for a forty-five minute informal Bible Class, which is being conducted by Mr. Faulkner, the rector of Trinity Church. The present topic under consideration is, "What Jesus Taught." Last Sunday's class period was spent in considering the preparation for Jesus' Ministry. This coming Sunday a study of Jesus' teachings on Righteousness will be begun. The class meets every Sunday evening. The people of the community are most cordially invited to the service and Bible Class.

SPECIAL NOTICE

The Journal values its church friends and desires to give its news to the church members to be of the most value to the general public.

Almost every week we receive requests for front page preference. Sometimes we do grant this. Any of our ministerial friends will bear witness that we go the limit to get their weekly announcements in.

What we want the good church folks, one and all to do by way of appreciation for OUR cooperation is to glance at their particular section in the paper. There may be nothing of special interest more than one week in the month but when your rector or some group DOES put something in, it will run immediately in conjunction with the regular notice.

Now, please, do not think we are captious about this. If our church column is of no value, we might as well discontinue it and that will discommode things by having what church

news there is scattered all over the paper.

Think it over, read your notices every week and don't say that it was not published simply because you were too careless to look it up.

OCCOQUAN

NOTE to you Tax Payers of Occoquan District who signed a petition requesting that a Police Officer be appointed for the District: A committee of your citizens consisting of: B. W. Brunt, Thomas F. Joyce and R. S. Hall, Occoquan, and Warren Clarke and T. P. Davis, Woodbridge, and Mr. Lowe, Neabsco, appeared before the Board of Supervisors on the 10th inst and asked that a Police Officer be appointed for the district.

After a lot of discussions and pleadings, and with the loyal assistance of Mr. G. C. Russell and V. S. Abel, we were successful in getting an officer appointed. Then on the 11th instant a Committee consisting of: B. W. Brunt; Thomas F. Joyce; C. C. Cloe and Joe Amidon went to Arlington Court House and laid the matter before Judge McCarthy. The Judge signed the papers authorizing the appointment. W. Hill Brown and John Kerlin were also before Judge McCarthy to say a good word for us and to help us get the appointment.

You good citizens of Occoquan District should sleep better now, knowing you have good Police Protection. Your Police Officer is Mr. W. C. Hurt, who lives in the Old School Building at Woodbridge. He will always be available to answer your request for protection. Do not let anything swerve you from seeing that the laws are obeyed all times. Those who believed Mr. G. C. Russell was opposed to the appointment of a Police Officer for this district, please change your minds. Mr. Russell assisted us in getting this Officer.

NOW that there is a Campaign on to collect SCRAP metal etc, let us of Occoquan District make as good a

showing as we did when we had the scrap rubber collection. This time it is:—Scrap Iron, Scrap Rubber, and Old Woolen Clothes. Bring your contributions to Mr. Robert S. Hall in Occoquan, in rear of his home is the place to pile the STUFF. If you collect piles of scrap in your community and you have no way to take them to Mr. Hall; please notify Mr. Hall who will see they are collected. Every piece of IRON or other Metal you donate will make so many more Bullets and Bombs to cause headaches to our enemies. Remember Scrap will kill a Jap, and the same applies to a Nazi. Do not delay. Get your donations together NOW.

The entire Occoquan District are in on this scrap Collection. Of course it is a Nation Wide, but we of Occoquan District take great Pride in the good work we always do, so let us nt have a let down this time.

At an electin of officers of the Board of Directors of the OWL Fire Department last week, the present officers whose names follow were re-elected: Robert S. Hall, president; Clarence B. Jett, vice president; Thos. F. Joyce; secretary; Henry M. Davis, treasurer; and B. W. Brunt; John A. Musselman and Marshall E. Davis as additional members.

*The right to
COME and GO
when we please*

THIS is a fight-to-the-finish we are in—a grim war for survival. The stakes are the highest in all the history of mankind. And one of them is the American's traditional right to come and go when he pleases.

Our enemies say that they will erase this birthright of ours; that they'll tell us when we can come and go. But they'll find that it's easier said than done.

No goose-stepping Nazi; no squint-eyed Jap is going to tell Americans that they can't run down to the seashore or vacation in the mountains or take the children to visit Aunt Mary back home. For we are going to win this war!

How? With the bravery and the brilliance of our men in uniform. With the toil and sweat of millions of loyal workers in forest, field, factory and mine. With our genius for invention, organization and production. With the willing sacrifices of every patriotic American.

Yes, we will win this war—even if we have to lay aside for a while our right to come and go when we please.

That's why the officers and employees of the Southern Railway System have solemnly pledged their all to the winning of the war. That's why our entire transportation plant; all our resources of man-power and experience are enlisted for the duration in the service of the nation. That's why we put the transportation needs of Uncle Sam first—before any and every civilian need—that your right to come and go when you please may be preserved for you and for the generations of Americans yet to come.

In the first seven months of this year we have carried almost 600,000 men in uniform, all moving under orders. They traveled in 24,915 coaches and Pullmans; in 1,564 special trains and 5,563 extra cars attached to our regular passenger trains. And these figures do not include the additional hundreds of thousands who have traveled over our lines on furlough or in small groups on transfer orders.

That's why our trains are often late—troop trains and war freight have the right of way. That's why they are often crowded—so many boys want to visit home at the same time. That's why we have pressed old coaches into service—in our desperate effort to help everyone to come and go when they please. That's why we have had to lower temporarily the standards of service of which we have been so proud. And that's the way we know you want it to be.

Your willing sacrifices of some travel comforts and conveniences are more than a personal contribution to the war effort. They are an inspiration to those of us who railroad to plan for the day when victory comes; to plan for a better Southern Railway System better to "Serve the South". For, with victory, we know that a new day will come to our Southland; a new day of prosperity and happiness and peace; a new day with freedom to come and go when you please.

That is worth fighting for!

Emmet S. Randall

Here are some wonderful ways to prepare Fall fruits and vegetables

They come from the Safeway Homemakers' Bureau and every one has been tested and proved in the Bureau's kitchen.

APPLES. Want a different kind of applesauce? Pour 3 cups unsweetened sauce into a well greased 1½ qt. casserole. Combine 1 cup finely rolled graham cracker crumbs, ¼ cup sugar, ¼ tsp. cinnamon, and ¼ cup finely chopped walnut meats. Sprinkle crumb mixture over applesauce. Bake in moderate oven (375° F.) 20 minutes, or until crumb mixture is brown and crisp. Serve hot or cold with whipped or pour cream. Serves 6.

GRAPES. To vary familiar desserts, fold seedless grapes or halves of seeded table grapes into cooled blancmange, custard, gelatin whip or rice pudding, for unexpected crispness.

SQUASH, PUMPKIN, AND SWEET POTATOES. These vegetables are closely related and each may be used for the same type of recipes—baked, in puddings, pies, cookies, and custards.

EGGPLANT. Ways to prepare this gourmet's vegetable are many, but shallow-frying is easy and the results are delicious. Wash eggplant, cut in 1-inch slices, and roll at once in well-seasoned flour or corn meal. Fry slowly in hot cooking oil or melted shortening in heavy frying pan, turning until brown. Drain and serve very hot.

WATERFALL

Our regular correspondent is too busy helping Uncle Sam to do any reporting, consequently much good news has gone to waste many weeks. Like the Biblical Martha "We are careful and troubled about many things". The serious state of world affairs which is at last being realized, coming closer each day to our own doors.

If food can win the war, according to the old slogan, surely the lack of it can lose it. With our farm boys being drafted to the last man and Labor drifting to high paying industries, the future looks dark. Men who are no longer young and who have practically retired from the burdens and heat of the fields, are getting back into harness, snatching a little work now and then from day hands, who are so besieged they don't know who to help first, or where to go next. Fortunately indeed are those who can now depend on regular help.

The neighborhood still has its quota of summer visitors. Our little valley with its babbling brook and cool mountain breeze, the kindly folk and bountiful tables, seems to attract the city dwellers.

Misses Gillette and Katherine Gossom of Lynchburg spent several days recently with their uncle, Mr. G. A. Gossom.

Mr. Barton Padgett, a federal employee who enlisted in the navy in July last was here on furlough a few days ago, to bid his friends goodbye, before embarking to ports unknown.

Mr. Padgett previously served four years in the navy from 1922 to 26. So it took little training for him to be ship shape for his devil of the sea.

Mr. Wade Smith, only remaining son, at home with his parents, Mr. Mrs. R. R. Smith was called to the and Mrs. R. R. Smith was called to the yet unknown.

Mr. Herman Smith who is in Camp Forest, Tenn. is much indisposed and in the Camp Hospital with an attack of bronchitis.

Mr. R. B. Gossom, Jr. with his wife and son recently spent three weeks with his parents here and in Washington, D. C. in the interest of the Soil Conservation Service, being sent from the Office in Spartanburg, S. C. to confer with that in Washington. They have now returned to their home in Spartanburg.

Announcements have been received here the marriage of Miss Dorothy White of Bedford, Virginia to Dr. Carl Kerby Stoddard of Las Vegas, Nevada. The bride was once a teacher at the Waterfall School. She made many friends here, was much admired and very beautiful. She is also a cousin of Mrs. Woodrow Wilson of Washington.

Mrs. Jean Barnes and children, Judy and Ranny are spending sometime with her parents, Mr. and Mrs. R. R. Smith while her husband is on a business trip to the far west.

Mr. Harry Bowen and family have moved to Georgia, leaving their property here to care takers. With no help available he found the going too bad so has accepted a position near his new abode.

Mrs. Madie McNeilly, a daughter of Col. Edmund Berkley, who was born and spent her girlhood at Evergreen died at her home in Mississippi a few weeks ago. She was the widow of Captain McNeilly of the Confederate Army. She is survived by several children and two sisters, Mrs. Margaret Nance and Mrs. Katherine Feltner all in the far South.

Shirley Thomas, son of Mr. and Mrs. Henry H. Thomas, former residents of this vicinity, now of Arlington, has enrolled as a student at the University of Virginia for the coming session.

Mr. W. E. Mountjoy, who was so cruelly beaten and robbed in his Store at Woolsey some weeks ago remains in a serious condition, showing little improvement. The crime remains a mystery.

Mrs. Alice Wright, with Edward, Bob and Carroll accompanied by Philip Thornhill made a shopping trip to Washington on Saturday.

R. F. D. NEWS

They also served homemade ice-cream and cookies.

Everyone had a good time. Mr. and Mrs. Elvin Vernon are the proud parents of a baby girl born last Friday. She weighed 8 lb. 14 oz. Mrs. Vernon is the daughter of Mr. and Mrs. Ed Robertson.

WE MUST PREPARE FOR ANY EVENTUALITY

CATHARPIN

A good congregation was present at Sudley Sunday morning to hear the sermon delivered by Rev. Clark H. Wood, from the text "All Thanks Are Yours." The painting of the church has been completed, and adds much to the appearance and preservation of the building. We again thank the many members and friends who contributed so generously to the expense.

Mrs. Jennie McIntosh, Mr. and Mrs. Luther McIntosh recently visited the latter's brother and sister-in-law, Mr. and Mrs. Homer Kidwell in Fairfax.

Mr. and Mrs. John Boone, Mr. and Mrs. Royce Carter and daughter, Sandra, of Washington spent last week with their parents, Mr. and Mrs. A. W. Smith.

Mr. N. Currell Pattie, distributor for the Royal Clover Products, spent Thursday night of last week with his sister, Mrs. Edmonia Davis.

Mr. James M. Young of Washington visited his family at "Oakwood" this week.

Mrs. L. J. Pattie and daughter, Cynthia, Messrs. Judson Hoffman, Robert and Lynn Alvey and Gordon Pattie were Washington visitors Sunday before last. They were accompanied home by Miss Patricia Briggs who spent a week at "Bellevue."

Lieut. J. Worthington Alvey, Jr., senior at V. P. L., and his brother, Hampton, freshman at the same institution, are spending a two week's vacation with their parents at Catharpin.

Mr. and Mrs. Carl Munday and daughter, Barbara, of near Centreville, recently attended church at Sudley and visited relatives and friends in this community.

Mr. and Mrs. John Pattie, Elaine and Franklin of Triangle, visited their parents for the Labor Day holiday.

Pvt. Luther J. Pattie, Jr., who left recently for Camp Lee, is now stationed in the Technicolor Section of the Army Air Force, at Miami Beach, Florida.

Seaman Rolfe K. Ellison, of the U. S. S. Kearney, visited his parents, Mr. and Mrs. W. C. Ellison during the week-end and attended church services at Sudley Sunday morning, where he was greeted by many friends.

Arthur C. Collins ("Tippy") another Sudley boy is now a full-pledged air cadet and is doing many hours of solo flying at Mira-Loma Flight Academy, Oxnard, California. His brother, Edward K. Collins is serving on a Sub-Chaser somewhere in the Atlantic.

P. F. C. Charles J. Sterner, Jr. and Charles Hurlbut, both of Arlington and well known here, are with the Marines somewhere in the Pacific Ocean.

The complete address of all service men of our community will be posted at our church so that all those who desire to cheer them with letters or cards may be enabled to do so.

Major John S. Schwartz, chaplain in the Army, and former pastor of Sudley Circuit, visited friends in this community last Thursday. He was accompanied by Mrs. Schwartz, and was on a short leave after accompanying convoys across the Atlantic.

Miss Muriel Ellison of Washington visited her parents here during the week-end.

Mr. and Mrs. Edward Pattie of Triangle and little Miss Pattie Lynn Adams of Manassas were visitors at Mr. and Mrs. E. N. Pattie's Sunday.

P. F. C. Alfred N. Stamm spent a 3 day furlough with his wife during the week-end.

Mr. and Mrs. Wade Akers and children of Arlington, Va., Mrs. Augusta Webb of Washington, visited their mothers here during the week-end.

Mr. Walter Hoffman of Washington has recently been the guest of his brother-in-law and sister, Mr. and Mrs. Ellsworth Senseney.

Mrs. Mary C. Hoffman of "Deserette" left Tuesday to visit relatives at Culpeper.

Mr. L. J. Pattie was indisposed during the week-end and was visited by Mr. and Mrs. Emmett Pattie and Mr. and Mrs. Edward Pattie Sunday afternoon.

Mr. and Mrs. Clement V. Polend of Strasburg spent Friday night with Mr. and Mrs. C. O. Polen.

Mr. Gordon Pattie spent the week-end visiting his brother and sister-in-law, Mr. and Mrs. John F. Pattie in Triangle.

We regret very much to hear that Mr. Adomram Powell, who has been

the caretaker of the "Henry House" on Manassas Battlefield for many years, suffered a stroke of paralysis early this week. His condition is considered critical.

Several patrons from our community attended the very delightful meeting of the P. T. A. of Gainesville District Tuesday evening. Under the leadership of Mrs. Joe Norman, president, who has appointed some very fine committees, we feel our organization is beginning a very successful year. Everyone was most pleasantly impressed by all our new teachers and "Aunt Maude Jordan", our faithful stand-by for the 7th grade was given a rousing cheer when introduced. The hospitality committee with Mrs. Byron Woodside, chairman, served delicious refreshments after a very entertaining program. A very courteous gesture was the gift of beautiful boutonnieres of gardenias to each of the teachers by Mr. Byron Woodside. Mr. Woodside, whose branch of the government work has recently been transferred to Philadelphia, desired to thus express a fine spirit of citizenship in this community where he recently purchased his home, which many of our readers will remember as the "Forsythe Homestead" at Woolsey.

WHAT NOT TO DO IN CASE OF AN AIR RAID.

1. As soon as the bombs start dropping run like hell. (It doesn't matter where as long as you travel).
a. Wear track shoes with cleats if possible—if the people in front of you are slow you won't have any trouble getting over.

Remember don't forget to run, your feet know best!
2. Take advantage of opportunities offered you when the sirens sound the warning of attack;

a. If in a bake shop, get some dough (applies to bakers).

b. If in a tavern, get a bottle, case, or even a score board.

c. If in a movie, get a blonde.

Remember get yours before the Japs do!

3. If you find an unexploded bomb pick it up and shake it like hell (Maybe the firing pin is struck) If that doesn't work, throw it in the furnace (The fire department will take care of it later).

Remember—Munitions are valueless unless effectively used!

4. If an incendiary bomb is found burning in the building you are in, throw gasoline on it. (You can't put it out anyhow so you might as well have a little fun)

a. If no gasoline is available throw a bucket of water on it and lie down. you're dead!

P. S. The properties of the bomb free the hydrogen from the water causing rather rapid combustion. (In fact it will explode with a hell-of-a crack).

Remember incendiary bombs are wonderful for toasting marshmallows.

5. Always get excited and yell bloody murder. (It will add to the fun and confusion and scare hell out of the kids.)

6. Drink heavily, eat onions, limburger cheese, etc., before entering a crowded air-raid shelter. (It will make you very unpopular in your immediate vicinity, eliminating any unnecessary discomfort from crowding.)

Remember—To blame the odor on some old lady or harmless kid!

7. Kick air-raid warden down if they start to tell you what to do. (They always save the best seats for themselves and their friends.)

Remember—They can't do this to you!
