#### R. Worth Peters Becomes President

After a year of useful service, Ernest Trusler laid down the gavel of the Kiwanis Club and yielded to Prof. R. Worth Peters, last Friday evening.

President Peters, his vice president, Leamon Ledman, and the new treasurer, Robert Davis were properly inducted into their respective offices by former Lieut. Governor of the Capitol District, Col. Robert A. Hutchison.

Colonel always has a special brand of wit for such occasions and this he brought out with good effect. The new officers came through with flying colors, and the new president read the principal objectives of all Kiwanians during 1943.

Two old friends were present, Dudley Martin who attends mostly at Winchester and Arthur Boatwright, though no longer a member, is always welcome.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Fred Bartenstein, of Warrenton, Virginia, announce the approaching marriage of their daughter, Mary Hampton Bartenstein, to Rev. Thomas Green Faulkner, Jr., son of Rev. and Mrs. Thomas G. Faulkner, of Blackstone, Virginia.

Mr. Faulkner, a graduate of the University of Virginia and the Virginia Theological Seminary, is the Rector of Trinity Episcopal Church in Manassas.

The marriage will take place in February.

### IMPORTANT STATE LAWS NOW IN FORCE

In addition to the numerous changes in the Motor Vehicle Code, approximately one dozen of which became effective January 1st, half a dozen other important laws were also effective on the same date. Among these were the one limiting to ABC stores the sale of fortified wines of more than 14 per cent alcohol content; the one which allows minors of fifteen years of age to secure a temporary instruction driving permit for a period of sixty days, and further allows the granting of a driver's license to those fifteen years of age and over provided they do not operate on the streets of cities which have ordinances forbidding such driving; the abolishing of the office of constable and the placing of his duties in the hands of the sheriffs; the abolishment of the fee system as a method of compensating sheriffs and city sergeants, placing them on a salary basis fixed by the Compensation Board; an act providing for the designation of the Commonwealth's Attorney of another county or city or an attorney at law to substitute for a commonwealth's attorney when unable to serve; an under the revenue licensing laws and imposing an annual State revenue license tax and an act regulating the license tax on wholesale merchandise brokers and commission merchants and brokers.

Of the changes in the Motor Vehicle Code the most important are those which require every truck to be weighed and licensed on a gross road weight basis and both its empty and gross weight painted upon its doors; contract and common carrier trucks will come under the same license classification as the privately owned and operated trucks, truck trailer and semi-trailer, the common and contract carrier truck buying licenses from the Motor Vehicle Commission based on the road weight basis instead of the manufacturers rated capacity. In addition to this the common and contract carriers will have to pay a two per cent gross receipts tax to the State Corporation Commission but the common carrier will be allowed an annual exemption of one thousand dollars and the contract carrier, which heretofore has not had to pay any gross receipt tax will be allowed an exemption on the first three thousand five hundred dollars of the gross receipts. About ninety two per cent of all trucks licensed in Virginia fall under the ton or ton and one-half class. The savings under the new law for operators of small trucks has been estimated to be upwards of \$325,000. Another change in the Motor Vehicle Code is that which requires contract school buses to be registered and licensed on a thirty-five cents per hundred pounds of weight basis.

### MRS. COX REMINDS PUBLIC THAT T. B. SEAL SALES CONTINUE

The Prince William Tuberculosis Association this week sent out reminder cards to a small percentage of persons to whom Christmas Seals were mailed and not acknowledged.

Some of the Seals were undoubtedly overlooked in the holiday rush, and the follow-up cards are in no way a high-pressure attempt to get answers, but simply reminders to those who have forgotten that the annual Christmas Seal Campaign is not over.

While the returns to date have been quite satisfactory, according to reports from the various district chairmen, funds are still needed to meet the increased quotas in all of the districts which include, Manassas, Dumfries, Occoquan, Coles, Brentsville, Gainesville, besides the territory covered by the Negro Auxiliary.

This year because of the war emergency and the threatened wartime rise in tuberculosis, Prince William County was assigned a larger quota than ever before in order that expanded plans of the local Tuberculosis Association could be put into operation. With this \$1223. goal in view to maintain the work throughout the County, the County and district chairmen are asking that all citizens of the County join in this defense effort. To defend the lives of 130 million people on our continent from one of the deadliest scourges endangering us. The cumulative effect of such defense of individuals will be stronger and healthier counties and States and a more powerful nation. There can be no armistice with tuberculosis—total eradication is the only means of winning the war with the White Plague.

### POINT SYSTEM OF RATIONING EXPLAINED

The Office of Price Administration has outlined nine basic facts on point rationing:

1. Point rationing will be introduced to Americans early in 1943 when War Rationing Book Two is distributed.

2. The purpose of point rationing is to guarantee everyone a fair share of scarce but essential goods while at the same time giving everyone a variety of items from which to choose.

3. There are three differences between point rationing and the coupon rationing which is now in effect for sugar and coffee.

4. The first important difference is this: Under straight coupon rationing one single coupon entitles the consumer to buy a specific amount of a single commodity—such as, one sugar coupon entitles you to buy three pounds of sugar.

But in point rationing one set of coupons covers a whole group of commodities. For instance, your week's meat ration coupons would enable you to choose your ration freely among beef, veal, pork, lamb or mutton.

5. The second important difference is this: The coupons in point rationing are of different denominations. Those to be spent in one week, for example, will include a one-point coupon, a two point coupon a five point coupon and an eight point coupon.

### Violators Face Cancellation of Ration Books

Owing to the serious situation existing the Office of Price Administration announced for Washington that effective a noon today, January 7, all pleasure driving must be discontinued until further notice.

At the same time a cut of 45% was ordered in the heat ratio for all non-dwelling units, which means all establishments other than homes, heated by oil.

All motorists, the order states who now drive their cars to visit friends, attend a party, go to a place of amusement or entertainment, or for any other non-essential purpose, face confiscation of their ration books.

Driving to church will be permitted, but in all probability this does not include entertainment sponsored by religious groups.

The cooperation of State, County and Municipal officers is asked in enforcing the new regulation and in reporting violations.

### MRS. HARVEY W. WILEY OF WASHINGTON TO BE WOMAN'S CLUB SPEAKER

The regular meeting of the Woman's Club of Manassas will be held Monday afternoon, Jan. 11, at 2:30 o'clock in the Parish Hall.

One of the new club members, Mrs. Joseph Mills Hanson, will be the soloist for the afternoon.

Mrs. Harvey W. Wiley, of Washington, D. C. chairman of the department of Legislation of the General Federation of Women's Clubs, will be the speaker.

Probably no woman in the Federation is better qualified to fill the exacting position of Legislative chairman than Mrs. Wiley. "The making of law is a fundamental right in a democracy," says Mrs. Wiley, and continuing she says: "Legislation is the crystallization of the thought of a people. Wise and beneficent laws are the product of a happy, united and intelligent people. The ideal of democracy, embodied in the laws of this country, is the spark which has kindled the longing for liberty throughout the world. It is the beacon light shining above the dark clouds of war creating a desire in the hearts of people to come to these shores. If we are not wise and enlightened we may lose the democracy which our forefathers fought and won. Freedom in the past was won by those who were intelligent enough and courageous enough to desire it."

Following her graduation from George Washington University and a period of service in the Library Department of Agriculture and the Library of Congress, she married Dr. Harvey W. Wiley, known as the "Father of the Pure Food Law," and in all of his work Mrs. Wiley rendered invaluable and sympathetic assistance until the time of his death.

Mrs. Wiley is a former resident of the District of Columbia Federation and General Federation Director. She has traveled extensively. Hanover College, Hanover, Ind., gave Mrs. Wiley an honorary M. A. in 1939 on account of her constructive work in amending the pure food law. Prior to her present appointment in the General Federation, Mrs. Wiley was chairman of Indian Welfare in the General Federation.

Mrs. Wiley has a capacity for sincere and lasting friendship which has won for her a nation-wide circle of staunch and admiring friends. She is an earnest, well-informed and convincing speaker to whom it is a pleasure to listen.

The hostesses serving for the afternoon will be Mrs. Thomas Howard, Mrs. F. R. Hynson, Mrs. Richard S. Hynson, Mrs. C. R. C. Johnson, Mrs. R. T. Johnson and Mrs. Marie Larkin, fond of Costello.

## GOVERNOR DARDEN'S RECORD

We especially invite attention of our readers to an interesting account of Governor Darden's First Year in Office, from the versatile pen of Virginia Waller Davis, which will be published next week.

All Virginians should take pride in this record of outstanding accomplishment under adverse conditions. We should be thankful that we have a Governor of Mr. Darden's practical realistic type, because we could have been less fortunate and had a Chief Executive who might have gone right along thinking in terms of "Social-gains" and a lot of other leftist claptrap which has been outmoded by the stern necessities of war.

We are very proud of this record, and take great satisfaction in the thought that if our distinguished Governor can do so much in a few months, what an outstanding accomplishment will be the story of his entire term!

Now we hope to be privileged to print such a story in due time, and again under the authorship of the gifted writer who has made it possible for us to have the account of Governor Darden's first year, which will appear in our next issue.

## LAWLER-PEARSON

Miss Lethia Lawler, of Leesburg, Virginia, daughter of E. C. Lawler, of Marshall, Va., and George Emery Pearson, son of Samuel Pearson, of Dickerson, Md. were married Dec. 6th, at 8 o'clock, at the Haymarket Baptist Church, by her pastor, Rev. J. Murray Taylor.

The brides only attendant was Miss Elizabeth Williams, of Dickerson, Md. The best man, a brother of the brides attendant, was Charles Williams, also of Dickerson, Md.

A small reception was held at the home of the brides brother, Q. F. Lawler.

After a short trip the couple will make their home at Dickerson, Md.

## DAUGHTERS OF CONFEDERACY MEET WITH MRS. GUY ALLEN

The hospitable home of Mrs. G. G. Allen was thrown open for the comfort and pleasure of Manassas Chapter U. D. C. on Monday afternoon, January 6th, when the regular monthly was held, with Mrs. Lewis J. Carper, vice president, presiding.

The usual opening exercises were observed.

Mrs. E. H. Hibbs, chapter historian, introduced the speaker, Col. Robert A. Hutchison, who made a delightful talk on the three famous Virginians of the Confederacy, Robert E. Lee, Thomas J. Jackson and Matthew Fontaine Maury, whose birthdays occur in the month of January. In honoring Lee, Col. Hutchison read a radio broadcast which he gave a year ago over station WJSV.

A special recognition of thanks was extended to the speaker by the chapter for the all inspiring and educational address.

Mrs. C. B. Compton, acting treasurer, gave the financial report and received the annual dues for 1943.

It is definitely assured that the chapter will invest the idle funds in Government war bonds in the near future.

Mrs. E. H. Nash read a news clipping telling of the "Queen Caroline Fund" presented for relief work in England by the Robert E. Lee Memorial Foundation. This came about because over two centuries ago, Queen Caroline, regent of England, in 1729, gave to Thomas Lee, acting Governor of Virginia, 300 pounds to help build Stafford after his previous home had been destroyed by fire.

The Lee-Jackson-Maury program will be presented by the High School at assembly on January 21st, at 1:15 p.m. Miss Emily Johnson of the school faculty is director. The public is cordially invited, with special invitation to chapter members.

The annual letter from the Division President, Mrs. James L. Bragg, of Farmville was read, designating special objectives for the year. Special attention was called to the Division sponsoring the training of nurses, seven now in the work and we are urged to continue our financial aid toward this project.

Mrs. McDuff Green, retiring chairman of the Fourth District, reported that we had met our quota of \$100.00 for last year.

The Christmas remembrance committee gave a heart warming report of "cheer baskets," fuel, potted plants and cards having been sent to "shut-in" members.

Refreshments were served by the hostess, assisted by Mrs. Joseph Kincheloe.

The February meeting will be with Mrs. V. V. Gillum on Grant Avenue, with Mrs. Aylene Guthrie assisting.

**POINT SYSTEM OF RATIONING EXPLAINED**  
(Continued from page 1)

coupon.  
6. The third important difference is this: The various rationed items within one group will have different point values. For example, tenderloin steak, being relatively scarce, might have a high point value and require a larger number of coupons, while hamburger, being available in greater quantities, would have a lower point value. Thus, in exchange for a ration coupon worth eight points the housewife might be able to obtain one pound of tenderloin steak or four pounds of hamburger. (Point values have NOT been set yet; values used here are for illustration only.)

7. The Government will set the point value of each item within the group of rationed products and issue an official list. Point values will be based on available supplies and will vary as supplies of particular items increase or decrease.

8. War Ration Book Two will have four pages of blue stamps and four pages of red stamps. The blue stamp will be used for the first group of goods to be rationed by points. The red stamps will be used for the second group of rationed goods.

9. The number of each stamp tells how many points the stamp is worth. The letter on each stamp tells for what period it is good. The Government will announce these periods in advance.

**ABBOTT, COSTELLO DON SARONGS FOR FILM RIOT**

Those pessimistic personalities who thought Abbott and Costello could not keep up the comedy pace they set in "Buck Privates," "In the Navy," "Keep 'Em Flying" and their other successive hits, have another think coming.

The nation's two foremost screwball comics have done it again, on a bigger, and even balmier scale.

If you are one of those doubting Thomases, go to the Pitts Theatre where Abbott and Costello's newest Universal hit, "Pardon my Sarong," will make people lean back and laugh until their sides ache.

The comedy kings have three times the opportunity of being funny, since they start out as bus drivers in Chicago who get bored with the monotonous day-in, day-out ride on the same old route. So they leap at the chance to take a charter trip to Los Angeles, ferrying a wealthy playboy and ten cute chorus girls.

The second phase of the picture takes place when the boys board a yacht at Los Angeles to escape the law, and head for Honolulu as sailors a hurricane blows them off their course, and when they sight an uncharted island, the third chapter in their adventures begins.

The island sequence gives the comedians an opportunity to don sarongs and cavort with the native maidens. More adventure is cooked up by a smooth villain who is swindling the islanders of their hard-earned pearls and gold.

You don't have to live in the dark! Simply make the preparations suggested in illustrations (left) so that the family can be completely comfortable. Arrange for quick, complete blackout... and check it from the outside.

# SAFEWAY Homemakers' Guide

NUMBER 76 ★ Meal planning in wartime ★ About ceiling prices ★ Wife gets smart, makes husband happy

## Wartime Menus

We're making readjustments everywhere these days. Even our menus come in for drastic changes now that so many of our taken-for-granted foods are being drafted for service on other fronts. Meals are likely to be a bit topsy-turvy with eggs, for example, going over to the dinner menu, and being replaced at breakfast with whole grain cereals. But even if foods have to be shifted around, our meals shouldn't... mustn't be lopsided or out of balance.

**Nutrition's the Thing**  
The pace we've set for ourselves on the home front makes it doubly important that we get our full quota of health and energy-giving vitamins, minerals, proteins and other food essentials. That's where a working knowledge of nutrition pays dividends. If you have more than a flavor acquaintance with foods... if you know what each contributes to the well being of the family, then it is a simple matter of nutritional calculation to know what replacements to make on the menu.

For instance, if you've used your quota of meat for the time, then you can build your menu around other protein-rich foods such as eggs, cheese, dried beans and peas, fish or fowl.

**Avoid Monotony**  
As the variety of foods grows less, meals are likely to become a trifle on the tiresome side. Get out of the cooking rut by serving those day-in-and-day-out foods a little different each time.

**Wartime Homemaker's Guide**  
Be sure to get your copy of THE FAMILY CIRCLE MAGAZINE every Tuesday. In it, you'll find Julia Lee Wright's articles in a new wartime uniform and chocked full of ideas, menus, recipes and helpful hints to see you through this culinary upheaval.
