## Registration for War Ration Book 2 in Prince William County

### VIRGINIA WEEKLY NEWS REVIEW

#### IMPORTANT EVENTS ON THE HOME FRONT

**SHOE RATIONING**, which began Monday came suddenly, without warning. There were last minute rushes in some large cities and a few leaks of the impending order are believed to have occurred, but on the whole the order has been accepted as one of the best managed of the rationing restrictions. Sugar coupon No. 17 has been designated for shoe purchases and three pair per year are to be allowed.

**THE FORTY- EIGHT HOUR WEEK** order has just taken place. It goes part of the way, but is widely regarded as a last minute hand-out to Labor, since it is not really a restoration of the 48 hour week but an enforced pay-rise, since it orders time and a half pay for all time over 40 hours. It will add something like 30 per cent to the laboring mans income in war industries, and therefore is believed to present possibilities of further inflation.

#### "TOWN AND FARM IN WARTIME"

From the Weekly News Digest, rural press section of the OWI news bureau.

#### RATIONING BEGINS MARCH 1st

Rationing of canned, dried, and frozen fruits and vegetables will begin March 1st, and retail sales of more than 200 items to be rationed will be frozen on February 20th. Beginning Monday, February 22, housewives will register for War Ration Book No. 2, which will allow a total of 48 "points" for each member of the family for the month of March. Stamps will have values of 8, 5, 2, and 1. If a family has more than five cans per person on hand, stamps will be removed from the book in proportion to their excess holdings. Official point values will be made public as soon as stocks are "frozen." Registration will be held in local school houses and one member may register for the whole family.

Some foods need not be counted. They include canned olives, canned meat and fish, pickles, relish, jellies, jams, preserves, spaghetti, macaroni, noodles and all home-canned foods.

#### NON-DEFERABLE OCCUPATIONS

Twenty-nine "occupation" were announced as "non-deferable" for any reason by the Bureau of Selective Service of the WMC on February 2nd. All occupations in an additional 19 manufacturing, 8 wholesale and retail, and 9 service activities were also called non-deferable. Any man in these occupations is advised to get into a war job immediately. After April 1st, he will not be deferred if he stays in his present job. Even if he has dependants, he will still be drafted unless his work contributes to the war effort.

Among the non-deferable occupations are everything from bootblacks to gamblers, Bartenders, bar boys, beauty operators, bell boys, bus boys, butlers, charmen and cleaners, cosmeticians, custom tailors and furriers, dancing teachers, dish washers, doormen, elevator operators and starters, emerald boys, fortune tellers, gardeners, greens keepers, housemen, hairdressers newsboys, night club managers and employees, porters, private chauffeurs, soda dispensers, ushers, valets, and waiters, with few exceptions, are non-deferable regardless of where the activity is found.

#### GASOLINE CREDIT CARDS

Credit cards may now be used at gasoline stations by vehicles carrying a "Certificate of War Necessity" of "T" ration stickers. Most other vehicles cannot use such credit card. Formerly, stations operating 24 hours a day could sell gasoline to all vehicles only during 12 hours a day and after that only to those with "T" stickers.

Anyone who has applied for a "Certificate of War Necessity" may get gasoline pending the arrival of the certificate by notifying his local war price and rationing board. Coupons sufficient for his needs will be issued for the first and second three-month period at the same time.

#### MORE FUEL FOR FARM MACHINERY

Farm and mining machinery and equipment producers will herein-after be given more fuel oil for their production. Petroleum Distribution Order No. 3, which originally imposed a 40 per cent cut on fuel oils for uses other than space heating and hot (Continued on page 5)

### TREASURY CONGRATULATES MR. RATCLIFFE

Dear Mr. Ratcliffe:  
Congratulations for going over the top in War Savings Bond Sales again in January.

The Federal Reserve Bank reports that your committee sold \$142,342.00 in "E" Bonds. Most of our communities succeeded in their tasks again this month.

But February will be harder, and March a real test of our aggressiveness. Please accept our sincere thanks, and keep your committee on its toes—until victory.

Cordially yours,  
Robert F. Nelson

### MR. TIFFANY ANNOUNCES A NEW DEFENSE CLASS

Mr. Hunton Tiffany, Coordinator of Civilian Defense for Prince William County, has announced a new Civilian Defense Training Class, which will begin next Monday evening at the Manassas high school, continuing each evening to Friday, with the last lecture on February 23rd.

Qualified workers are needed in all sections of the County and in Manassas. Many good workers have gone into war work and there is constant need for new Civilian Defense workers who can qualify under Virginia law in time of emergency.

It is absolutely necessary to complete the required training before one can qualify and there are many indications that Civilian Defense will be an important project for a considerable time.

We urge our readers to take this training. It is worth the effort for its own value and it makes it possible for those who qualify to do something really worth while in time of emergency—which the highest authorities say will surely come.

That emergency may be so long delayed that many may lose interest and possibly be asleep—but it will surely come and only those who realize the danger and have qualified will be in a position to render the necessary assistance.

### TAKE PART IN U.S.O. SHOW

The "Gay Nineties Sextette" of the Manassas Woman's Club performed at the U. S. O. in Fredericksburg last night, January 29th, on the occasion of "Gay Nineties Night." The Sextette, which was warmly applauded by the several hundred service men and other guests present, was composed of Mrs. Paul J. Arrington, Mrs. Connie Kinchele, Mrs. Jackson Ratcliffe, Mrs. Charles C. Lynn, Jr., Mrs. Sedrick Saunders and Miss Walsen Conner. Mrs. Jack Royer was the accompanist.

The singers were costumed in gowns of the nineties and the numbers they sang included "Listen to the Mocking Bird," "The Curse of an Aching Heart," "Clementine," "The Quilting Party," "She is More to be Pitied than Censured," "Take Me Out to the Ball Park," "She is Only a Bird in a Gilded Cage," and "Daisy."

The singers were invited to return for another performance in the near future.

### VICTORY GARDENS

Millions of town, city and suburban gardens will be necessary in 1943 for the sustained well being of our civilian population. The demands of war make it impossible to meet military and lend lease needs for canned goods and still supply the normal amount to civilians. Over one-half of this year's commercial pack of canned vegetables will be purchased by the Government. A large part of the usual supply of fresh vegetables will be diverted to canning uses or purchased for military consumption. This means that civilians will have to depend more and more upon fresh supplies through home garden production. Furthermore, because of military and lend lease needs for canned food supplies, it will be important for gardeners to store and preserve for winter use as much as possible of the products of their gardens.

A well planned and cared for Victory Garden, with limited purchases of such other food items as may be available, will provide an adequate family food supply for the coming year. All present indications are that dependence will have to be placed on the home Victory garden or home products for a large part of the family food supply.

### NEW AIR RAID SIGNALS AT A GLANCE

Effective 12:01 a.m., Feb. 17, 1943, in the Eastern military Area

#### WHEN YOU HEAR:

A long steady blast on an air raid siren, horn, or whistle—This is the BLUE signal—This means enemy planes probably coming your way.

Black out the lights in your home and business house. Either draw your blackout curtains or turn the lights off.

If you are in your automobile on the street or road: Switch your lights to the low beam—proceed wherever you are going—proceed with caution—start thinking about getting to a safe place.

If you are walking: continue to walk—Start thinkink about where you will go if a raid signal follows.

#### WHEN YOU HEAR:

A series of short blasts on the air raid horn or whistle or a rising and falling sound on the air raid siren—This is the RED signal—This means enemy planes overhead.

Keep your lights blacked out.

If you are riding in your automobile: Pull over to the side—stop—go to the nearest air raid shelter.

If you are walking: go to the nearest air raid shelter—get off the street.

If you are on a street car or bus: Get out—go to the nearest air raid shelter.

#### REMEMBER:

After the RED signal there will be a BLUE signal. This

does not mean "All Clear." This means enemy plane no longer overhead. Keep on alert. Enemy planes may return.

#### YOU MUST:

Keep your lights blacked out. If you were in your automobile prior to the "Red" signal, you may get back into it, turn the lights on the low beam, and proceed wherever you are going. Proceed with caution.

If you were walking prior to the "Red" signal, you may resume walking.

If you were on a street car or bus, you may get back onto it and proceed.

#### REMEMBER:

A BLUE signal may not always precede a RED signal. There may not be time enough. But a BLUE signal always follows a RED signal.

#### REMEMBER:

Whenever you leave your home or business house, the light must be blacked out or attended.

#### REMEMBER:

Unless your community has prescribed a signal for "All Clear" that is different from either the BLUE or the RED signal, the only thing that means "All Clear" is the switching on of the street lights that were out during the BLUE (blackout), or an announcement transmitted by radio, telephone, or police, or other means.

### "POLIO" FUND DRIVE SUCCESSFUL

O. D. Waters, county treasurer for the "Mile of Dimes" reports an eminent success in the drive for the special fund raised each year in honor of President Roosevelt's birthday.

The most remarkable fact is that Professor Peters' aides did not stop at a quota of \$400 but nearly doubled it.

One half of the fund will remain to fight the disease locally.

### PROPOSED BENEFITS OF THE WICKARD MILK DELIVERY PLAN

The order which stopped all less than quart deliveries this week is cited to have the following program. Under the Wickard program, effective today, handlers and distributors were directed to:

1. Eliminate all package sizes for milk under one quart except where milk is to be resold for consumption on the premises.
2. Confine their purchases to not more than two handlers, unless the delivery from each handler is in excess of 300 quarts.
3. Load milk only on advance or standing orders.
4. Deliver to stores, hotels, restaurants, and other establishments.
5. Charge minimum rates of deposit on all glass bottles, milk cans, and milk cases.

### JOINS CONGRESSIONAL CIRCL

Mr. C. S. Gillan, who has been with the Rural Electrification Service from the time of its local organization has severed his relations and taken on a greater dignity in the shape of a secretarial capacity, his new employer being Senator Murray, of Montana.

### MANASSAS BOY NOW AT ARMY AIR CENTER AT NASHVILLE

Aviation Cadet. Wheatley M. Johnson, Manassas, Va., now at Nashville Army Air Center, drifted into journalism via his social fraternity, liked the sensation, and intends to pursue newspaper work after the war.

Cadet W. Johnson is the son of Mr. and Mrs. Wheatley M. Johnson, of Manassas, Virginia.

At the Center Cadet Johnson will take physical and psychological examinations to determine for which branch of aircrew service, bombardiering, navigating or piloting, he is best fitted. Physical training, academic study, and military drill are also part of Cadet training at the Center. This is the first step in a training program that will eventually graduate Cadet Johnson as a commissioned officer, with wings, in the Army Air Forces.

Johnson, who graduated from Washington and Lee University, joined Lambda Chi Alpha fraternity and thus any ideas of what academic fraternity brothers were mostly would be neophytes in journalism. Johnson was inoculated with their enthusiasm and studied news writing. His choice was fortunate, for he showed journalistic aptitude by being elected a member of Sigma Delta Chi, a Greek honorary for students with high marks.

Graduating in '42 Johnson obtained a job in his chosen career when he hall beat for the Lynchburg News, hired to cover the police and city. As sometimes happens to all police reporters, Johnson's beat provided him with "one good murder," and he glows when telling about it.

It seems that a certain citizen of Lynchburg, decided to liquidate a law firm because of some supposed injustice. When the shooting was over, the law firm that formerly listed on its doors the names of Kemp, Hobbs, Davidson, and Daniell read "Kemp and Daniell."

Johnson also talks of his school days and life at W. & L. where he found life not uninteresting even though "it was a boy's school." "You know," says, "there were five girls" within a radius of 50 miles. Competition was provided by the Military Institute in the same town.

Johnson's hobbies seem to be sports and listening to popular music. When asked to elucidate on the phrase "listening to popular music," Johnson said he was no jitterbug because, "it was just listening."

### WILL THIS AREA BE BOMBED?

One of the features of the lecture next Monday night to the Civilian Defense Class will be a discussion of the probabilities of the Washington area being bombed.

The reasons why this has not already taken place will be considered as well as the future situation.

The speaker will be Mr. W. H. Lamb, who has lectured on the subject of bombs to a number of classes. The information will not be published.

### T. B. SEAL SALE WENT OVER TOP

MRS. COX RELEASES FIGURES SHOWING FINE RESPONSE MADE BY COUNTY

\$1243.28 has been contributed to the annual Seal Sale Campaign in Prince William County, according to reports given at a meeting of the local Tuberculosis Association this week. The total amount exceeds the quota of \$1233.00 assigned the county by \$20, and final reports are not complete since the deadline for the drive extends to March 31st.

Mrs. Frank D. Cox, county chairman of the campaign, turns to date as follows: Dumfries District, Mrs. J. F. McInteer, chairman, \$432.78; Manassas District, Mrs. George R. Lee Turberville, chairman, \$334.62; Negro Auxiliary, Dr. John Williams, chairman, Mrs. Dorothy Hall, in charge of collections, \$155.80; Gainesville District, Mrs. Holmes Robertson, chairman, \$106.00; Brentsville District, Mrs. Benjamin Brown, chairman, \$79.00; Ocoquan District, Mrs. Eva K. Garner, chairman, \$67.45; Coles District, W. Y. Elliott, chairman, \$17.25; and the School Bangle Sale, Miss Sue Ayers, chairman, \$60.38;

The following county organizations contributed substantial amounts to the fund through bond subscription: Prince William Post American Legion, Manassas Parent-Teacher Association, Manassas Kiwanis Club, Manassas Volunteer Fire Deptment, Osburn High School Teachers, Prince William Chamber of Commerce, Manassas Lodge No. 182, A.F.&A.M., Catholic Woman's Club of Manassas, Bethlehem Good Housekeeping Club of Manassas, Nokesville Ruritan Club, Brentsville District High School Teachers, Ocoquan District High School Teachers, four Dumfries District organizations and five local colored organizations whose identities are unreported.

The Association takes this opportunity to express appreciation to the Seal Sale Committee Members for their untiring efforts toward the success of the campaign and to the many citizens of Prince William whose generous donations made possible the realization of the largest quota ever attained in the county for the continuation of the fight against tuberculosis. Special recognition is due the county school students for their valuable assistance with the bangle sale and to the Negro Auxiliary which was the only individual unit to exceed its quota. In attaining the 1942 goal the County Tuberculosis Association is assured of sufficient funds to operate the expanded program for 1943, and to carry on the excellent work which the organization has conducted during the past years to help eradicate tuberculosis from our communities and assure a better standard of health in our county.

### FOUNDERS DAY PROGRAM FOR PARENT-TEACHER MEETING

## PASTOR OF GRACE METHODIST CHURCH SENDS PERSONAL LETTER TO THE PEOPLE AND FRIENDS OF GRACE CHURCH

Greetings in Jesus Name! The first time I spoke to you, through this friendly and valuable paper, I was confident that by now I would have been back on the field with you.

But it seems to be my lot to continue here a little longer. I must have been rather sick when entering this hospital; tho I did not realize it. Today is the first time I stepped a foot on the floor since arriving here, and that was to climb into a wheel chair for my nurse to push me to the violet Ray room. This is supposed to be artificial spring-time but it looked and felt like all the other rooms of this great institution. This chair ride will be continued for several days.

First, I will be allowed the privilege of using this method to personally thank, from the depth of my heart, those hundreds of lonely souls for their message of sympathy and calls and letters of encouragement.

Our Heavenly Father alone can ever know the joy and thrill that came to my heart thru the reception of the helpful christian letters from the fine ministers of our sister churches in Manassas.

I am greatly grieved at the news that has come to me of so much sickness among my friends in Manassas and Prince William County. Were it at all possible I would be right there with the fine ministers of the sister churches in contacting those of you who are sick. If there is a shut-in in your home please know that my heart is touched with the spirit of sympathy for you.

Second—Let me assure every member of Grace Church that the pulpit shall be supplied at both morning and evening services by the very best young talent and spirits that are available. Dr. A. P. Williams, our District Superintendent, and Bishop Peele are behind this matter. Please let every member of Grace

Church speak to his fellow-members about the vast importance of loving loyalty to the church and all its interests, during the absence of their pastor.

I somehow feel myself believing that it is the Master's will that every one of you should put forth some special effort, during these days of trial and testing, in the work and interest of your church. Somehow I feel I want to whisper to you. "I am going to count on you," and I know He is too.

Affectionately your pastor and brother in Him,

W. O. Lutterell.

## CHRISTIAN SCIENCE

"Soul" will be the subject of the Lesson-Sermon in all Churches and Societies of Christ, Scientist, on Sunday, February 14th.

The Golden Text will be "My soul shall make her boast in the Lord: the humble shall hear thereof, and be glad O magnify the Lord with me, and let us exalt his name together, (Psalm 34:2, 3).

Bible selections will include the following verses: "O bless our God, ye people and make the voice of his praise be heard: Which holdeth our soul in life, and suffereth of none feet to be moved." (Psm. 66:8, 9).

One of the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures,"

by Mary Baker Eddy, included in the Lesson-Sermon, reads as follows: "We cannot deny that life is itself sustained, and we should never deny the everlasting harmony of soul, simply because, to the moral senses there is seeming discord. It is our ignorance of God, the divine principle, which produces apparent discord, and the right understanding of Him restores harmony. Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul." (p. 390).

# "I never saw the likes of it!"

YES, Bill has been guarding that crossing for a good many years now... and never before has he seen the likes of the transportation job the Southern Railway is doing today.

You see, when America declared war, the men and women of the Southern knew that they would be up against the biggest, most important job they had ever tackled.

They know now that millions of fighting men are counting on them to keep enormous quantities of war goods rolling.

They know now that Uncle Sam is depending on them to move troops by the millions...swiftly, safely, at a moment's notice.

They know now that gas-and-tire-rationed civilians are looking to them to handle essential civilian travel and the transportation of civilian necessities.

It's a big, tough job...chock-full of headaches and heartaches. But the Southern's men and women are getting it done!

That's why full-packed trains are rumbling by Bill's post at the crossing in an endless procession... carrying freight and passengers in a volume that amazes even railroaders.

What's more, the trains that are heavy with war traffic today will keep on rolling after Victory is won. For then the Southern Railway will be serving a new and a greater South...a busy, prosperous Southland.

And Bill will still be saying, "I never saw the likes of it!"

Ernest E. Harris  
President

DRIVIN' WOMAN  
Elizabeth Chevalier

"Drivin' Woman" by Elizabeth Chevalier is a love story that brings out the rise of the tobacco industry, which was followed by the struggle between the farmers of the South and the powerful industrialists of the East.

Beautiful America Moncure falls in love and marries Frank Moncure, whose individual attractiveness blinds her to the fact that he is a gambler. America makes a home in Kentucky for herself and her children while Fant is skipping over the country dodging the law.

Later her sister marries Tugger Blake, a promising figure in New York business who, because of his ability and strength of character, accentuates the weakness of Fant. Tugger Blake helps America in New York with her tobacco sales and gives her good advice concerning her farm in Kentucky.

A little later Fant is killed in a struggle with the law, and America marries Stone Moncure, Fant's cousin. "Drivin' Woman" is enjoyable to both young and old and gives a true picture of those trying years in the South following the War between the States and also shows how one woman could strive to do her part for her country.

Anyone who likes a fast moving story with romance and thrills will enjoy reading this book.

The book may be borrowed from the Ruffner-Carnegie Library.

This book is published by the Mac-Millan Company.

### Homemakers' Guide

### Five minutes earlier for your health's sake

If cutting down on breakfast is a question of time, and it usually is, then set the alarm for a little earlier than usual and take time for a nourishing meal. Much of the preparation can be done the night before such as having table set, the butter with the exception of melted shortening mixed for hot cakes, waffles, or muffins, or having the biscuits in their pan and waiting in the refrigerator.

**PATTERN FOR BREAKFAST**—If your breakfast pattern has been upset by the rationing program, remember that this meal can still be a well-balanced one. Fruit, cereal, bread in some form and that one cup of coffee supply energy, vitamins, minerals, calories, and that grand, satisfied feeling.

**FRUITS**—Whole fruits such as sliced oranges or baked apples are more filling and have more lasting qualities than fruit juices. Unstrained juices have the same advantage over strained juices. Vary the fruit in some way each day, and don't have too many repeaters. For example, serve apples baked, as a sauce, or fried.

**CEREALS**—There's a kind for every taste. Vary them from time to time for interest, and alternate cooked cereals with ready-to-serve ones. Molasses, honey, corn syrup, maple-flavored syrup and fruits and fruit sauces add a pleasant change to cereals, and help the sugar bowl too.

**BREAKFAST BREAD**—Toast is the morning standby, but here, variety is welcome also. Serve toast plain, as French toast, cinnamon toast, or toasted jelly sandwiches. Enriched bread gives extra vitamins that we all can use.

**HINTS FOR BREAKFAST MENUS**

### FARM CREDIT GROUP SHOWS STEADY GROWTH

The ninth annual stockholders' meeting of the Warrenton Production Credit Association was held in Warrenton, Virginia, in the high school on Wednesday, January 27. In spite of bad weather, a very good presentation of stockholders were present. W. H. Hurt, Culpeper County farmer, and president of the Association, presided at the meeting.

The Board of Directors' report was presented by P. M. Browning, another director from Culpeper County.

Secretary-Treasurer, Thos. D. Jones pointed out in his report to the stockholders that the association loaned \$583,738 during 1942 which represented a 10% increase over 1941. He also showed through the use of charts that the association has enjoyed a steady and healthy growth since its organization, and has built up reserves amounting to about \$45,000.

In the absence of P. A. Lewis, chairman of the nominating committee was read by G. M. James, former director of Fairfax County. Directors whose terms were expiring were both re-elected. They are T. Otis Latham, Haymarket, Va., and H. J. Wilson, Catlett, Va.

An address was delivered by W. S. Green, Field Representative for the Production Credit Corporation of Baltimore. Mr. Green emphasized the importance of all farm organizations aiming primarily at this time to help in the winning of the war. He also pointed out that production credit associations will play a very large part after the war in won, as well as financing farmers during the war.

As usual, the business concluded with a banquet served by the Warrenton Community League.

Following the banquet, Assistant Secretary-Treasurer Chas. W. Bugg, reported on Victory Pig Clubs which have been and are being organized by the Warrenton Production Credit Association. Mr. Bugg reported that in the counties of Orange, Culpeper, Spottsylvania and Madison, which have already been organized, about 600 pigs have been assigned to Victory Pig Sales, where farmers will accept payment in war bonds and stamps in lieu of cash. He also pointed out that when these hogs are sold, they should bring around \$18,000 in war bonds and stamps, which will be issued by the Warrenton Association.

County Agents Linthier, Green, Cox, Nourse and Turner, representing the counties of Loudoun, Fairfax, Prince William, Fauquier and Rappahannock, respectively, are all giving their cooperation to the organization of Victory Pig Clubs which are just beginning in their counties.

## PEACE PRATTLE

With all due respect for the honesty of misguided citizens who are making a major project of "winning the peace," we urge that they divert this untimely effort to "winning the war."

With no disrespect whatever for united religious organizations and "councils" which are directing a national propaganda to shape the "peace which is to follow this war," it must be recognized that such movements are also being fostered by subversive groups who seek to weaken our war effort.

Divert the minds of millions of Americans into channels of academic discussion of what is to follow the present conflict and there has been accomplished an astounding curtailment of national war power.

Within the past few months some very subversive propaganda has been circulated in Virginia and throughout the nation, with sponsors identified with groups which have been denounced by the Dies Committee, and also including representatives of other organizations not at present recognized as subversive, but whose continued activity along these lines is bound to bring their respective societies into public disrepute. Even some prominent religious denominations will also soon begin to suffer in public estimation if their leaders continue personally to sponsor such propaganda.

Apparently there is some kind of over-lap between outright subversive movement, and the present "peace" publicity. Seemingly it is impossible for the man in the street to tell just where one ends and the other begins.

It would be wise, therefore, not to tie up with any kind of national propaganda, but to give one hundred percent effort to winning the war—buying bonds—joining the various civilian services—fighting directly in the armed services.

All honor to Martin Dies, Representative E. E. Cox, Howard Smith and the other truly patriotic

## THE SUN NEVER SETS ON OUR FIGHTING YANKS!

ALASKA, Australia, China, India, Africa—the seven seas—the boundless skies—these are the outposts our boys are patrolling. riotic Congressmen who are laboring day and night to protect America from internal enemies, who are more dangerous than the armed foe on the battle field.

## COMMUNIST CRACKPOTS

Chairman Martin Dies continues his great service to the United States in a new method of attack upon the Communists who hold high positions in the Government by protection of the New Deal Administration.

Backed by the increased conservative power in Congress, Mr. Dies is now going after these parasites on the grounds that they are "crackpots", and therefore should be separated from the payroll of the United States.

The President has made what is apparently a new protective move in behalf of these undesirable by the appointment of a new Board to handle "complaints of subversive activity". However, the public no longer has confidence in this kind of machinery. The various labor relations boards which have been set up from time to time have disgusted disinterested observers because of their liberal white-washing proclivities.

When Martin Dies first exposed these Communist Government Officials he was soundly rebuked by the President and men he revealed as undesirable seem to have been quietly re-appointed to new high salaried jobs. An outstanding example was David J. Saposs, chief Economist of the National Labor Relations Board. Following the Dies exposure he was dismissed. Shortly thereafter he turned up as an economist in the Office of the Co-ordinator of Inter-American Affairs; and only recently he seems to have been given a better job on the War Production Board, with the neat little compensation of \$8000 a year.

Now Mr. Dies and some of his patriotic colleagues have hit upon the plan of offering amendments to appropriation bills, for example, to the effect that "no part of this appropriation shall be used to pay the salary of William Pickens of the Treasury Department." The resolution passed 163 to 111, and this "undesirable" is out unless some new way is found to continue him at expense of patriotic taxpayer.

—News Observer

The Journal notes that since the publication of the foregoing editorial that Congress has extended the life of the Dies Committee for another two years by a vote of 302 to 94 and has set up a special Committee to act as a Grand Jury to pass finally on recommendations that "Crackpots" and Communists be separated from the Federal payroll. Apparently these undesirable will now begin to experience difficulty in securing the White House protection they have seemingly enjoyed and one by one ought to now begin to disappear from public life.

## GETS PLACE ON HONOR ROLL

## HAS MANY FRIENDS HERE

Jimmy Sprinkel, of Arlington, now in Navy.

James Paul (Jimmy) Sprinkel, son of Mr. and Mrs. Paul C. Sprinkel, of 1614 North Danville Street, Arlington, and grandson of Mrs. R. R. Sprinkel, of Manassas, has been accepted into service of the U. S. Navy.

Jimmy is one of the best known youngsters of Arlington. He has lived there all his life, and attended all of its schools. When he reached the high school he began to take an exceptional interest in athletics, and especially in football.

In that groove of action he starred in no small way. For several years he was the leading scorer in this section of Virginia and in the district combined. Hardly had this information gotten around before a number of outstanding schools in various parts of the country set their "caps" for the boy. Indirectly and directly they made offers which were highly attractive to obtain his services as a football player. Any scholarship he desired was at his command.

Meanwhile he had already won the Medley Mile Trophy for track work in addition to his other accomplishments, an event which added to his honors in 1941.

Although the community which has been home to him since birth knows him best for his football attainments Jimmy has other inclinations also. In school he qualified in a manner declared admirable by his associates and teachers in mechanical drawing and designing. Turning his attention to airplane designing he mentioned to a number of people that he would like to enter the service of the country in that capacity.

His people have expressed complete contentment over the development, and are looking forward to the day when the war will end and Jimmy can take up where he left off to do his bit for the country in times of peace as well as war.

RESOLUTIONS OF RESPECT  
By  
MANASSAS CHAPTER U. D. C.  
For  
Mrs. Rose Latimer Rice

Whereas, Again we have been called upon by the All-Wise and Ever-Loving Father, to yield the life of a beloved member of our organization.

MRS. ROSE LATIMER RICE  
Therefore be it resolved: That we do desire to offer these resolutions of respect in loving memory of a lifetime friend, loyal and true, a faithful and devoted wife and mother, a kindly neighbor, an earnest christian and dutiful follower of the church of her choice, a mind richly stored with poetic thoughts and all the finer things of life.

She was lovingly laid to rest beneath a bower of sweet blossoms, away from the wind and the rain, away from all sorrow and pain, from the cares that infest life's way, to the dawn of a glorious day.

And, be it further resolved: That a copy of these resolutions be spread upon our minutes and a copy forwarded to her grief stricken family.

Lieut. Robert Weir, Jr., has been transferred from the British Army to the U. S. A., and is "somewhere" in this country.

William H. Blakemore has been promoted to corporal. He is at the Army Air Base at Bolling Field.

Howard P. Kincheloe, now serving in the Army Air Forces at Turner Field, Albany, Georgia, has also been made a corporal.

Pvt. Carroll W. Wine is home on furlough to visit his parents here in Manassas.

The Coast and Geodetic Survey Squad which has been surveying around these parts lately has moved its headquarters to Texas.

Mrs. John Roseberry and children have returned from Charlotte, N. C., where they spent several weeks on a visit to her parents.

Mrs. Mayme Reid, of Triangle, was a visitor for a few moments at the Journal office this forenoon. She had good news in the announcement that our town boy, Sinclair Boatwright, has been elevated to a Captaincy. Sinclair is only 22.

## VISITING AT HOME NEAR HERE

Petty Officer Elliott W. Van Doren, son of Mr. and Mrs. Francis S. Van Doren, is spending a few days at his home near here while on furlough.

Elliott went directly to Norfolk (Naval Air Station) after enlisting last June and took his (boot) training upon completion of which he went to the Aviation Service Schools at Jacksonville, Florida. Here he was graduated as aviation radio man, third class.

He will go back to Norfolk again now to complete advanced training that will in turn entitle him to a higher rank.

We are having a lot of bad weather. Mr. Silas Nelson is not well.

Mr. Ernest Shelton, of Camp Indian Town Gap, Pa., was a recent caller on his father, J. M. Shelton; also some of his army friends.

Mr. Ewell, of Norfolk, was a recent visitor at his sister's, Mrs. Pete Smith.

### BRISTOW

Vernon D. Randall, second class seaman, of the U.S. Navy, was recently home on a visit to his parents, Mr. and Mrs. Quilla Randall. They were overjoyed at having him with them for a few days. A party was given in his honor. Most of his family were there and a few close friends. Everyone reported a good time. The party was given at the home of Mrs. Quilla Randall.

Mrs. William Hess recently visited her father in Maryland.

Mrs. Wade Bailey, of Washington, D. C., visited her mother, Mrs. R. H. Gough, last week.

Mrs. Rena Simpson is visiting in Alexandria this week.

Mrs. Agnes Simpson, who is employed at the Torpedo plant in Alexandria, visited her mother and father over this week-end. Mr. and Mrs. Quilla Randall.

Miss Emmerine Walls who has formerly been working in Alexandria, has been home for several weeks.

Mrs. Rebecca Stone, of Alexandria visited Mrs. Edith Randall over the week-end.

### STATE FORRESTER ADVISES CLEARING AND NEW GROUND FIRES BEFORE MARCH 1

State Law Requires Limited Burning After March 1st.

State Forester F. C. Penderson, of Charlottesville today urged all persons planning on doing clearing or new ground debris burning, to complete the burning by March 1st.

The Virginia forest fire laws state that grass, brush, leaves, and other burning shall not be done during March, April, and May 1st to 15th, except between the hours of 4:00 p.m. and midnight.

The State Forester said the law was necessary to prevent so many fires from escaping to the forests from careless brush burners during the dry windy weather of early spring. In years past approximately one out of four forest fires have been caused by fire escaping from negligent brush burners.

The State official commented that land clearing and burning during the wet winter months, when other work was light, was good management, as well as effective fire protection.

Since the army regulations in the demount areas prohibit fires after sundown, it is particularly important for all burning to be completed by March first.

The Virginia Forest Service is co-operating closely with Army and Navy authorities to eliminate wild

forest fires. Smoke from forest fires military officials state, seriously hinders aerial flying and, near the coast, hinders anti-submarine observation. "It is not patriotic, but good business too—"Prevent Forest Fires."

Forest fires, caused by careless smokers, brushburners, and other sources annually cause thousands of dollars of damage to Virginia's young forests. Spring fires destroy countless game birds, nests, and young game.

The particular section of the Virginia code referred to is section 545, subsection b, Chapter 28, which reads as follows:

"(b) During the period beginning March 1st and ending May fifteenth of each year, notwithstanding the provisions required by the foregoing paragraph shall have been taken, it shall be unlawful, in any county or portion thereof organized for forest fire control under the direction of the State Forester, for any person to set fire to or to procure another to set fire to, any brush, leaves, grass, debris, or field containing dry grass or other inflammable material capable of spreading fire, located in or within three hundred feet of any woodland or brushland, except between the hours of four o'clock post meridian and twelve o'clock midnight."

Violators are liable to a fine, and payment of the fire fighting costs, and payment of property damages.

### WARTIME WASHINGTON VIVID SETTING FOR NEW M-G-M DRAMA

Washington in wartime is the setting for a vivid story of a Woman's soul, in the "War Against Mrs. Hadley," which brings Fay Bainter to the screen as the embodiment of many women who, when the war started, refused to be drawn into it until awakened to the truth about national defense. The picture, literally cross-section of a woman's soul, is now playing at the Pitt Theatre.

Miss Bainter in the title role plays a wealthy widow, who despite changes brought about by war, tries to live her life as usual. Her friends go into war work, leaving her lonely. Her daughter goes into a canteen, marries a soldier. Her son is drafted. When he is sent overseas she blames her lover, a government official. Then in a dramatic climax, she awakens to the truth, and throws her life into the conflict, in common with millions of other American women.

### "BODY DISAPPEARS" THRILLS COMEDY AND MYSTERY FANS

Laughter, thrills and suspense are liberally sprinkled throughout Warner Bros.' new comic-mystery film, "The Body Disappears," which opens at the Pitt Theatre, Sunday, February 14th. It is a gay story with a completely novel twist. The plot concerns the side-splitting situations (side-splitting to the audience, if not to the victim) that a rich playboy finds himself in after he passes out at a bachelor dinner given in his behalf.

Peter DeHaven, placed on a slab in a college dissecting room as a gag after he passes out at the dinner. Professor Shotesbury, who has been conducting experiments on reviving the dead, comes across Peter as he is looking for a corpse to make his final test. After he injects the serum into Peter, a peculiar thing starts to happen. Peter starts to disappear. Only his clothes remain visible. When Lynn, portrayed by Jane Wyman, comes to see her father, the professor, Peter immediately falls in love with her. But all she can admire is Peter's form, or rather, his clothes.

Peter finds himself in a particularly embarrassing situation when the professor is accused of being insane and is taken away, leaving leaving him in his invisible state and facing a wedding that he would like to call off.

"The Body Disappears," is an original story by Scott Darling and Erna Lazarus.

### KIWANIS CLUB OBSERVES SCOUT WEEK

Anent Boy Scout week, the Manassas Kiwanis Club observed the same last Friday evening by having Professor Saunders and squad of six scouts in to give a brief program.

Mr. Saunders described the work being done at the meetings and invited the Kiwanians to attend some meeting in the near future.

The scouts explained quite a bit of their symbolism, gave the scout oath, oath of allegiance and did other maneuvers in an interesting fashion.

At the conclusion of a recent meeting, a letter was read, the president explaining that it had been read at the Baltimore Conference. It purports to be from a soldier in the Solomons, and the text is self-explanatory. It follows:

"Dear Jim:  
"I am here on Guadalcanal; it's a little different here, to what it was working on the 2nd floor. Remember how we used to hang out between the toilet and the first aid? We sure wasted many hours; and Jim, many's the time I regretted this.

"We were trapped in a triangle near Gona—65 of us; and if we had a few planes to blast the Japs from the hills facing us, we'd have been O.K., but according to word from Australia, we didn't have enough bombers to reinforce our position, so we had to take all the Japs gave us from three sides. There were forty-seven of our little group killed, and Jim, let me tell you, if I was on the 2nd floor now, I'd shoot dead every loafer that would hang around the toilets, so that didn't work. The forty-seven that we lost were better than ten thousand of the wise guys that go into Brewster's and do nothing but spill rumors and draw their pay. Boy! what a lesson I've learned.

"I got hit in the left muscle, and think that I am going to the hospital in Melbourne; and after that, I may go back to New York. If I am discharged, I will go back to to Brewster, and work again on production—and will consider it my life's work. If I can only make the gang believe that work, work, and then some more work, is needed every hour of the day and night, so that we can lick our enemies.

"Jim, you know I was never much on preaching, but Damn it! can't those guys ever get smart—and see that we're all in a tight pinch! you know every minute counts!

"Thanks for the cigarettes, Jim, and some day maybe I'll be able to do as much for you, like you have done for me.

"Give my regards to all the boys.—  
Bill Smith.

When You Can't Buy Nitrogen

MAKE IT ON THE FARM

IN the air over every acre of land there are 75,271,680 pounds of nitrogen. Planting more legumes is the best way of getting more of this nitrogen from the air into the soil. Southern States legume seed assures you better stands and bigger yields for most Southern States legume seed is "Kem-Fee" treated. This treatment wears down and softens the protective coats of clover and alfalfa seeds so that healthy live sprouts emerge uninjured from even the hardest-shelled kernels. "Kem-Fee" treated seed germinates quickly and more completely, so that the crop "gets the jump" on weeds.

All Southern States seed is of known origin, cleaned and re-cleaned, processed, tested and guaranteed. Each bag is fully labeled as to germination, purity and weed content. Inoculation FREE with your order of Southern States Legume Seed.

Jugoslavs to Kill  
Pro-Axis TraitorsDoom Officials Who Assist  
Nazi Invaders.

LONDON.—Jugoslavs are striking  
back at the reign of terror Nazi  
agents are waging in occupied Eu-  
rope with a newly formed "execu-  
tion corps" pledged to kill all  
traitorous public officials who help  
the Axis.

Reports reached refugee govern-  
ments in London that the Axis secret  
police forces had unearthed a num-  
ber of plots to sabotage the Ger-  
man war effort and stir up unrest in  
the occupied nations.

An unimpeachable source asserted  
that in occupied Yugoslavia the  
Axis had reason to fear for the lives  
of its puppet officials, as the Jugo-  
slav government here has given  
General Draza Mihailovitch full  
powers to brand as traitors all  
Slavs and Croats who work for the  
occupation powers and to order their  
execution by members of his new execu-  
tion corps.

The corps already has begun its  
work, this source said, by killing  
a Professor Batic, assistant chief  
of Serbian Fascist forces, at Cacak, 70  
miles southwest of Belgrade.

Lists have been tacked up at night  
in all regions of Yugoslavia, bearing  
names of men marked for death be-  
cause of their collaboration with the  
invaders, and the Yugoslav govern-  
ment here warned in a broad-  
cast beamed to the homeland that  
all who co-operate with occupying  
authorities have been condemned to  
death.

General Mihailovitch has free-  
dom to direct the corps in his own  
way, it was said, "making sure that  
all puppet officials sooner or later  
are assassinated and the country rid  
of traitors."

Accidents Increase as  
Auto Tires Wear Thin

RALEIGH, N. C.—Rapidly thin-  
ning treads on automobile tires as  
a result of the rubber shortage and  
subsequent rationing have brought  
a jump of 250 per cent in fatal ac-  
cidents from tire failures for North  
Carolina, figures for June made pub-  
lic by the highway safety division  
reveal.

"This is an alarming condition and  
is destined to become worse," T.  
Boddie Ward, commissioner of mo-  
tor vehicles, declared. "It is a seri-  
ous menace and a challenge to each  
motor vehicle driver."

In June of this year, 60 persons  
met death in 53 traffic accidents on  
streets and highways of the state.

Ward, stressing the danger to  
motorists, declared that thousands  
of "border-line" tires are now being  
operated on the state highways.

"Very few of these drivers have  
any chance of relief from the death  
menace to themselves and their  
families through the channels of tire  
replacement," he continued. "Where  
tires are thin and treads are slick  
the only salvation for the driver is  
added caution, alertness and speeds  
well below the suggested minimum  
of 35 miles per hour."

## Telephone System Helps

## Workers on Big Planes

BUFFALO, N. Y. — Employees  
working on the final assembly of the  
new Curtiss-Commando, largest  
twin-engine military cargo plane in  
the world, have a two-way telephone  
system to aid them in their work.

The plan was devised when it was  
found that due to the Commando's  
tremendous size and the din of near-  
by shop and flight test sounds at  
the Curtiss-Wright corporation plant,  
shouted orders from one section of  
the plane to another were unintel-  
ligible.

The phone system proved the an-  
swer to the handicap, enabling  
crews to relay messages back and  
forth between cockpit and tail and  
cockpit and wings or landing gear.

The electrical impulses for the  
telephone lines are generated by  
three small dry cell batteries in a  
small metal box that can be car-  
ried in a jacket pocket.

A permanent telephone plug-in  
jack built into the Commando's  
cassette enables refueling service  
men to connect a portable phone for  
conversation with the plane's cabin.

## "My Brother"

There is only one brother  
In all this world,

I'd give the world to see  
And that one is you  
Dear brother of mine,  
Back home across the sea.

In all our years together,  
I never missed you more,

Than I did that day  
When I sailed away  
From our Native Shore.

And now as I sit in this  
Far away land

I'm thinking of you see—

It's Christmas time back with you

all,

But what does it mean to me?

The thoughts of the people back home  
are filled  
With the love of Jesus Christ,  
While the thoughts of epole over here  
Are filled with destruction and fight

Oh, for the happy day when  
We four shall meet again.  
Just you and Mother and Dad, and I,  
Under the clear American sky.

I hope that you will see to it  
To help them all you can,  
Just do the things they ask you,  
And they will understand.

Try to help them all through life  
Ease their burdens all you can,  
And our dear Heavenly Father will  
see—

That you reach the promised land.

American Red Cross Enrolls 40,000 Per Day  
As Public Clamors for First Aid Training

Gloria Thackberry "pulls" front a severed artery in the palm, a fractured arm and internal injuries—all for the benefit of Red Cross first aid students at Alexandria, Va. First-aid Richard Harris rendered the proper first aid care.

Quick to sense the necessity for first aid training to meet the  
emergencies which confront a warring nation, hundreds of thousands  
of Americans have enrolled in Red Cross first aid courses.

Since fateful December 7 an estimated 40,000 a day have signed  
up to receive the Red Cross first aid instruction, and Red Cross  
officials foresee no immediate slackening of public demand for the  
training.

More than 50,000 American Red Cross first aid instructors are  
engaged in teaching the classes. Throughout the country physicians  
by the thousands have volunteered to augment this army of in-  
structors. Many of them have taken Red Cross "refresher" courses  
before assuming the instructor's role.

Approximately 8,000 Red Cross highway first aid stations and  
mobile units, equipped to give emergency care to victims of highway  
accidents, are spotted across the continent ready to meet civilian  
first aid needs should enemy bombings make necessary the evacu-  
ations of cities.

When a tourniquet is applied,  
Red Cross first-aiders mark a  
"TX" on the victim's forehead  
so that the attending physician  
will be apprised of the fact at  
a glance. Here, Richard Harris,  
Red Cross first aid field repre-  
sentative, has given emergency  
care to "casualty" Gloria Thack-  
berry pending arrival of a phy-  
sician. Before the outbreak of  
war more than 3,000,000 Amer-  
icans were trained "to act while  
the doctor is on the way." War  
emergencies demand first aid  
training for other millions, and  
Red Cross chapters throughout  
the nation are working night and  
day to meet the demand.

## "Erwähnen Sie nichts von Amerikanischen Eisenbahnen zum Führer!"

GEN'L VON BLITZ: Don't mention American railroads to the Führer! He has been hearing reports on their wartime performance. He is frantic. The last rug in the War Ministry he has totally chewed up!

UNCLE SAM: General, it breaks our heart to think your boss guessed wrong again. Remember he said that private enterprises like railroads in "decadent" America would think only of business as usual? Does he know now that right after Pearl Harbor, all railroads—like a nationwide machine—swung into the biggest mass-transportation job the world ever saw?

GEN'L VON BLITZ: Please! Don't speak of—

UNCLE SAM: But your Führer ought to know. Tell him that in 1942 our railroads rolled up some 640,000,000 ton-miles of wartime freight—one-and-a-half times the volume carried in 1918! Remind him that much of this freight was for civilians—keeping them the best-fed, best-housed, best-clothed nation in the world! Tell him that, since Pearl Harbor, more than 11,000,000 railroad trips were made by soldiers moving in organized groups—not counting men under individual orders or on furlough. And vastly increased civilian travel was handled at the same time. Tell him that when his U-boats were sinking coastwise shipping, the railroads pitched in and delivered more than 18,000,000 tons of coal to New England.

GEN'L VON BLITZ: Please! Such figures—they give spells by the Führer!

UNCLE SAM: So sorry! But tell him if he's still around at the end of 1943, he'll hear a story of American railroad performance that will twist him like a pretzel. Along with our fighting men, our railroad men are all-out for victory. And they're not foolin'!

## What's Mrs. Petrov got that you haven't got?

Meet Mrs. Petrov, citizen of the Soviet Union:

When the Nazi Panzer Divisions approached the small Petrov farm in the Ukraine, she knew what to do.

The wheat, so near to harvest time, went up in flames. The potatoes, stored in the cellar, were soaked with kerosene. The jars of fruits and preserves were smashed, and the cow, which had given her children so many quarts of precious milk, was shot.

After piling her two young children, a few blankets and some food on the farm cart, Mrs. Petrov did one more thing. She went back to the house where she and her husband had been so happy . . . where they had worked so hard to make a home for their family—and applied the torch.

Now, everybody in this country knows that Americans are as patriotic—as capable of sacrifice—as grimly determined to beat Hitler as are the Russians or anybody else on earth.

But—by the Lord Harry—do we have to wait till a Nazi tank comes rolling up the street before we *prove* it?

We aren't being asked to burn our homes and destroy everything we own. Please God, we never will be.

But we *are* being asked to join the Payroll Savings Plan and put at least 10% of our earnings into War Bonds! We're being asked—not *told*—to loan money—not *give* it! And to loan this money at a good rate of interest and for good reasons! We're being asked to buy War Bonds to help win the war—to provide a nest egg for the future—to provide peacetime jobs and peacetime goods and a generally decent world that the fellows who are doing the fighting can come back to.

That's *our* job. And it's a job that won't be done until every mother's son of us is buying bonds until it hurts.

There are, right now, still people who ought to be buying War Bonds through the Payroll Savings Plan—and aren't.

Right now, while some of the people in the Payroll Savings Plan are setting aside *more* than 10%—a lot of others are investing *less*.

Let's change that situation—quick. If you aren't in the Payroll Savings Plan—sign up tomorrow. If you're already in, but haven't hit 10% yet—raise your sights. And if you can put in more—do it.

What's Mrs. Petrov got that we haven't? Nothing! Let's prove it!

### WHAT YOU SHOULD DO:

If you are . . .

1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman or plant manager—and see if it can't be installed right away. The local bank will be glad to help.
4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank or wherever bonds are sold. They will be glad to help you start a Plan of your own.
