GARDEN FILM AT PITTS THEATRE

ROCK GARDENS WILL BE CLUB TOPIC

Now is the time for all good Garden Clubbers to come out to the meeting of the Manassas Garden Club next Tuesday, March 23, at 2:30 P. M. at Pitts Theatre. With the coming of spring our interest is renewed in gardens, both the flower and Victory variety.

"Let's Build a Rock Garden" is the topic of the pictures to be shown. These films are developed and distributed by the Better Home and Gardens magazine.

Included in this program will be a film sponsored by the A. & P. Stores, the title of which is "Romance in Your Market Basket." Both of these subjects should be extremely interesting to home makers and garden-lovers.

This meeting is open to the public and everyone interested in gardens is cordially invited to come and bring your friends.

Members of the Garden Club are reminded that dues are payable at this time and are urged to bring them up to date.

ST. PATRICK'S LIFE REVIEWED FOR KIWANIANS

Parson Thomas G. Faulkner, of Trinity Church, Manassas, was the guest speaker at Kiwanis last Friday evening when it held its initial meeting at the Manassas Grille. He was introduced by Program Chairman Kerlin.

The life of St. Patrick was the interesting theme of his discussion. He modestly explained the remoteness of his sources of information and the legendary nature of much of it.

Taking such facts as were in hand, he neatly sketched the life of the patron saint of Ireland, terminating with "St. Patrick's Breastplate," a hymn yet sung today and which typifies the life of the great Christian.

Letters were read from Parson Dock Graham in camp in Texas and from Col. Hutchison, somewhere in the Carolinas at the time of writing.

The approaching visit of the lieutenant governor of the Capitol District sometime next month was also announced.

Special mention was made by President Peters of the splendid program initiated by Kiwanian Monserate the evening before at the Manassas High School.

G. S. O. GIRLS ENTERTAIN SERVICEMEN

The Girls Service Organization of Manassas sponsored a Saint Patrick's Party on Tuesday night, March 16, for the soldiers from Vint Hill Farms and the Marines from Quantico. The Parish Hall of the Trinity Episcopal Church was appropriately decorated with green candles and shamrocks. Delicious sandwiches, cookies and punch were served by the hostesses: Miss Eileen Sholer, Miss Bernice Cridlin, and Miss Janet Newman.

One of the most enjoyable features of the evening was the group singing led by Mrs. Connie Kincheole, accompanied at the piano by Mrs. Denis Baker.

The guests of honor included, Chaplain Price, Mrs. Price and daughter, Lt. R. H. Laffler, Mrs. Laffler, all of Vint Hill, Dr. George B. Coker, Mr. E. G. Parrish, and Mr. Hutton Tiffany, of Manassas. A grand time was enjoyed by all.

AMBITIOUS TO FLY FIGHTER PLANE

Among the local high school seniors who have enlisted waiting the close of school is John T. Carter, Jr., who resides near Gainesville. John is very prominent in all student activities, such as baseball, soccer, Victory Corps, and the SCA.

He says he is looking forward toward joining his pals Frank Beeton, George Oleyar, Lamar Wolfe and William Miller in the Navy Air Corps, and hopes to fly a fighter plane when he enters active service.

CLINIC

An Orthopedic Clinic will be held at the Prince William County Health Office in Manassas on Friday.

W. C. T. U. MEETING

The Woman's Christian Temperance Union will meet at the home of Mrs. C. B. Compton on Wednesday, March 24, at 2:30 P. M.

"MINUTE OF PRAYER"

The ministers of Manassas are asking everyone to observe a moment of prayer each noon as the siren blows. Some of the churches are arranging to have their bells tolled at 6 P. M. each day for a similar purpose.

The idea originated at Trinity Church but is expected to be followed generally.

ONLY ONE INSPECTION FOR AUTOS WILL BE REQUIRED OF MOTORISTS THIS YEAR

Only one automobile inspection will be required this year of Virginia motorists instead of the twice-a-year inspections, which have been held each year since 1934, Major Charles W. Woodson, Jr., Superintendent of State Police, announced this week.

Formerly held in May and October, this year the one inspection period will last from July through September. In announcing this change Major Woodson said the Department of State Police had considered this the wisest move due to the gasoline and rubber restrictions, the shortage of personnel in inspection stations and other factors.

Major Woodson emphasized the importance of conserving all available automobile equipment to the utmost and promised that in spite of the fact there would be only one official inspection a careful check would be made on all machines to see that they had complied with the regulations.

The schedule for inspection is as follows: All trucks, truck trailers, tractor trucks and convertible license equipment operating on T gasoline rationing permits must be inspected in July. Inspections of all Virginia licensed passenger cars will start in August and continue through September.

There is a possibility, Major Woodson said, that within those two months certain definite inspection periods may be designated for those vehicles operating under each type of gasoline rationing—the "C," "B" and "A" card holders having separate times for inspection, thereby relieving congestion at Stations as well as the possibility of having to return again and again to an inspection station before being able to secure an inspection. "This system would appear logical," Major Woodson said, "since the wear on most vehicles is proportionate to the number of miles traveled. All official inspection stations have been contacted by questionnaires and ninety-six per cent are willing and ready to serve the public in this conservation program. They are to be congratulated upon their unselfish attitude in this important and patriotic service."

Modifications will be made in the inspection rules to "take care of tires and certain parts that are becoming scarce," Major Woodson said, "but no unsafe vehicles that would be dangerous to others will be approved. The new approved windshield seals will be silver in color and will carry a conservation message on the back."

PLEASURE DRIVING HIT BY NEW O. P. A. RULE

Holders of "A" Gasoline books will have to make Coupon No. 5 last twice as long, under a new ruling by O. P. A. effective March 21. Each of the coupons will still be worth three gallons, but since the time has been extended from two to four months, the amount of pleasure driving permitted from now until July 21 has been cut in half.

AUXILIARY FIREMEN PLAY LAST GAME OF SEASON

Tuesday night saw the last game of the season for the Auxiliary Firemen. Although they lost to the American Legion girls' team, 29-26, their last game, the whole team has made a fine showing all season.

The American Legion team, champions of the first half, is moving steadily along and led by their captain Thelma Swank, are playing the G. S. O. next Tuesday night for the championship of the whole league.

Both teams made a fine showing Tuesday night however, and they deserve a lot of credit.

There were two boys' games as usual, with the Auxiliary Firemen winning in the first game by two points. When the final whistle blew, the score was 25-23. It was neck and neck all the way and all the players played an exceptionally fine game.

In the second game the American Legion ran away with the game, beating the Kiwanis 29-18. Both teams played fine games and may the losers have better luck next time.

FAUQUIER BOARD ASKS WORK-OR-JAIL PLAN

Unemployed persons in Fauquier County should go to work on farms or be jailed under the Virginia vagrancy laws, the Fauquier County War Board of the United States Department of Agriculture asserts.

The war board, meeting in Warrenton, urged county authorities to enforce the vagrancy laws strictly, since there is "an acute shortage of farm and dairy labor in the county." The labor shortage, said the war board in its resolution, has made it impossible for farmers to harvest all of the 1942 corn crop and threatens to interfere seriously with food production in 1943.

BOTH DODSON BOYS IN THE ARMED SERVICE

Douglas-Dodson is now at Camp Lee after going into service the first of the week.

It will be held on Saturday, March 27th at the Farm Loan Office on Centre Street.

NEW FEATURES OF AUTOMOBILE TAGS

GREAT SAVING OF VITAL MATERIAL IS EFFECTED

Approximately seven hundred thousand applications for automobile licenses were mailed last Wednesday (March 10th.) to Virginia car owners by the Division of Motor Vehicles. To license or not to license is now the problem before them. Beginning with March 15th. new licenses may be obtained and, although the old licenses expire March 31 st. there will, as usual, be fifteen days of grace, or until April 15th. before arrests will be made for not showing proper licenses.

For the year 1943 auto licensing has several new and important features. First, and most important of all, the Division calls attention to the fact that due to war priorities and the shortage of precious metals, the old 1942 license plates will continue to be used but must be revaluated by a shiny new black metal tab for the rear license plate and a 1943 windshield sticker for the front of the car. Where 300 tons of steel would have been required for completely new 1943 license plates, only 30 tons was necessary for the rear license plate tabs. The black metal tab is 4 inches long and 1.5 inches high and slips over the numerals 1942 on the rear licenseplate. The tab without the sticker, or the sticker without the tab is valid. The tab and the windshield sticker will each have the same tax registration number. Attention is called to the fact that the number on the tab and sticker numbers must correspond. The sticker should be placed ALONGSIDE the State inspection sticker in the lower right hand corner of the windshield and NOT above it as originally planned. If, by any chance the car owner did not have a license for 1942 a 1942 plate will be furnished along with the other necessary equipment. The 1942 FRONT license plate will remain unchanged in use on all cars except certain types of public use vehicles which will be issued 1943 fiber plates. Color scheme for the 1943 tabs are numerals on black background; trucks as follows: passenger cars, white have black numerals on yellow and GH, TH, and TRH. and CHH. have orange on black. The fiber plates for motorcycles are white on black (Continued on page 3)

LIFE LINE

It doesn't do any good to throw out a life line if you don't keep a firm grip on the other end. Our men serving with the armed forces in the combat zones are counting on us to hold our end of that line—the Red Cross life line that is their tie with home and family and our one tie with them.

When emergencies arise at home—problems of allotments that have not come through, serious illness, business and financial difficulties, or the all-important letters have stopped coming, and loved ones at home are worried about what may have happened, the Home Service unit of our own Red Cross chapter stands ready to start relief messages on their way to the front.

At the other end of the Red Cross line of rapid communication service are the Red Cross field directors serving wherever the U. S. armed forces are stationed. They are the consultants to whom the men may turn if they need assistance in solving problems—friends who have at their fingertips facilities for sending emergency messages back to the family at home.

With Red Cross field directors on the job on the war fronts and Red Cross Home Service on call on the home front, we are never really out of touch with the men in the battle areas.

It is through our Red Cross contributions that we keep this vital link unbroken. The men, thousands of miles away, who are fighting for us, are counting on us, the folks at home, to hold our end of that line.

We can't let them down! Let's give them all the help we can by contributing our full share to the 1943 RED CROSS WAR FUND now!

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

DRAGON SEED

By Pearl S. Buck
(The John Day Company)

Dragon Seed, by Pearl Buck, is a story of the plain Chinese people who worked and toiled over the soil, a soil that was now trodden by the invaders, Japan.

The story is about Ling Tan and his wife and sons and daughters. The book is centered on the capitol-city, Nanking.

It tells of the land before and after the assault of the Japanese.

It tells how the peaceful life of the family was interrupted by the Japs, and how they tore Ling Tan's little house apart and left them little or nothing.

When you read this wonderful book of true China, you will see how very lucky we Americans are. This should make us want our peace even more.

Even through all of this din, we see, in this wonderful book, the love that is even stronger and the new life that no war can stop.

You can just imagine the work that one American Missionary would have at a time like this. This story tells of how one of them had a big house with a wall around it and how she took all the Chinese women that she possibly could into her home.

Many of the younger Chinese escaped into the mountains in order to carry on underground work. Ling Tan's son was one who did this. He

and his wife, Jude, went into the mountains so that their baby might be born in safety. Lo Er was also anxious to help in the underground work.

This is such a very interesting and exciting book that I'm sure anyone would enjoy reading it immensely.

This book may be borrowed from the Ruffner Carnegie Library.

SCHOOL CHILDREN WILL PURCHASE JEEPS FOR ARMY

The school children of Virginia Have been asked to "purchase" 174 Jeeps by investing in war saving stamps and bonds, this number being the State's proportionate share of the 10,000 Jeep quota for the nation.

A special certificate, signed by Henry Morganthau, Jr., Secretary of the Treasury, would be awarded each school successfully completing a campaign to pay for one or more of the jeeps.

Don't let MARCH be your car's "Unlucky Month"!

SEEPY SAM:
"Roses are red and violets blue
And SPRING'S the time I LIKE
To sabotage CARS for you and you
And put you all on BIKES!"

SQUEAKY SQUIRE:
"Yeh... When it comes to cars in WAR
These Americans are SPOILED
They FORGET cars can only last
If properly Greased 'n' OILED!"

Now is when a little care will help your car a lot!

There was never a Spring when your car needed a thorough check-over more than it does this year. No matter how little you may run it, you can't afford to have parts wear out or go bad. We're listing below some of the important things to do now—for your own and for Uncle Sam's sake, too. Let your Esso Dealer take care of them. He's a Cremlin chaser.

✓ **RADIATOR.** Have your Esso Dealer drain out anti-freeze; flush the radiator with clean water and a radiator cleaner, if necessary, then refill with water plus Tri-Rad Rust Preventive. Remember rust causes deterioration even though you may be running your car a lot less this year.

✓ **CRANKCASE.** Another Spring "must" is to drain out the Winter-worn oil, clean the crankcase with special flushing oil and refill with the proper summer grade of long-wearing Esso SAE Motor Oil.

✓ **TRANSMISSION-DIFFERENTIAL.** These valuable gears are hard to replace nowadays! Have your dealer drain out the

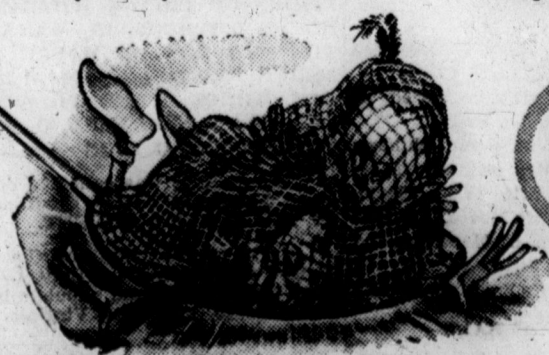

worn Winter oils and replace them with the proper Summer grade of new, fresh Esso Lubricants.

✓ **CHASSIS.** The chassis of your car has taken a beating through the Winter, so have your Esso Dealer give it a Verified Esso Lubrication—the lubrication job that puts the right lubricant in the right place.

✓ **BATTERY.** Reduced driving due to gasoline rationing has probably put your battery through a hard winter. Be sure to have your Esso Dealer check it and recharge it if necessary.

✓ **TIRES.** How far have your tires gone since you had them gauged and switched so as to extend their life as far as possible? If it is over 2,000 miles have your Esso Dealer check them with the Tire Tread Depth Gauge...and switch them immediately, if necessary. Two tire-saving tips: 1. Maintain 32 pounds pressure at all times (the new war-time standard). 2. Never drive over 35 miles per hour.

Let your Esso Dealer check over your whole car. You may need a new light bulb, or a windshield wiper blade. Probably the finish of your car, for protection, needs a washing and then a good polishing job. See your Esso Dealer for whatever you need to keep your car in good running order.

GRANGE WORK IS EXPLAINED

STATE MASTER SEES POSSIBILITIES IN CLOSER COLLABORATION

The Grange is a national farm organization with State Granges in 37 states and a total membership of over 631,185 individuals. In Virginia there is an active state organization with grange locals in 51 counties in all parts of the state.

Mr. Henry Hawthorne, Master of the Virginia State Grange, who operates the farms in Brunswick and Lunenburg Counties, has called on the Grange locals throughout Virginia to adapt their programs of work to provide opportunities for farm men to war needs. Grange meetings to learn exactly which agricultural products they can produce to best advantage and how they can deal most effectively with the difficulties of farming under war conditions. At Grange meetings arrangements are worked out for an exchange of labor between neighbors and for the recruiting of labor from near by towns and villages. Farmers also learn how to meet the unit requirements which must be met in order to justify farm men and boys staying on farms to produce essential food and feed crops just as others stay in factories to produce the necessary industrial commodities of war. America is the granary as well as the arsenal of the United Nations. Men must be kept employed full time on farms to meet the worldwide demand for food.

Mr. Hawthorne also points out the necessity of Grange members using the machinery they have to the best possible advantage in order to make it available to the largest number of farm operators and at the same time make it last for the duration of the war. This can only be done by careful planning through organized group such as granges provide. County Agents and teachers of vocational agriculture will assist farm groups in securing repair parts for machinery and in making the repairs necessary to keep the machines working, certain equipment can be purchased

cooperatively by the Grange locals for the use of all their members.

In addition to work on production problems, an exchange of labor and better utilization of farm machinery Grange members should be kept informed on the legislative actions and the many administrative rulings which are now being made week by week affecting agriculture and farm families.

All rationing applies to farm families the same as to city people, transportation regulation is of special concern to farm families, and the rulings of the O. P. A., the O. C. D. and the manpower commission are of equal concern to town and city people. Farm people are not crowded together in street cars, buses, elevators, offices, factories and stores as city people are. Only a small proportion of them have daily papers. Farm people need to meet in regular sessions in order to keep informed and to act cooperatively for the best promotion of our war effort. Grange

NEW FEATURES OF THE 1943 AUTOMOBILE TAGS

Continued from page 1

The 1943 application card, which all Virginia car owners will receive within the next few days, has several new features. Most important of these is that it is absolutely necessary to present both the application card AND the 1942 registration card when applying for a license. This is due to the fact that the old 1942 license figures must be accurately verified by the tiniest of mistakes in copying the number. Since motorists must carry their registration cards with them when the car is being operated, the Motor Vehicle Division calls attention to the fact that there are approximately 110 licensing agents scattered throughout the State, in addition to the main office of the Motor Vehicles Division and six branch offices in Richmond. "Go to your nearest licensing agent" they urge, and avoid being without your registration card by getting service "on the spot." Of course, application cards will also be taken care of by mail at any of the licensing agents offices, provided the registration cards accompany them. (They will be returned to the owner as soon as checked) No license will be issued until these regulations have been complied with.

There are two features of the 1943 application card. The first is that the occupation of the car owner must be filled in at the bottom of the card. This is a request by the War Department. The other feature is that all truck owners, in addition to observing all the rules for passenger

car owners must also fill out on the back of the card the empty weight, load weight and gross weight of their vehicles and state whether or not it is a single or combination unit. If it is a combination of vehicles the make, license number and gross weight of both units must be shown. Of course, before applying for 1943 licenses the empty and gross weights must be painted on both sides of the vehicle and he (the owner) must have secured a weight certificate from the weighmaster. This must be filed along with his application for license, his declaration and his

tration card.

The license fee for passenger cars is the same—40 cents, per cwt. on the manufacturers shipping weight, with a minimum fee of \$6.00. Truck.

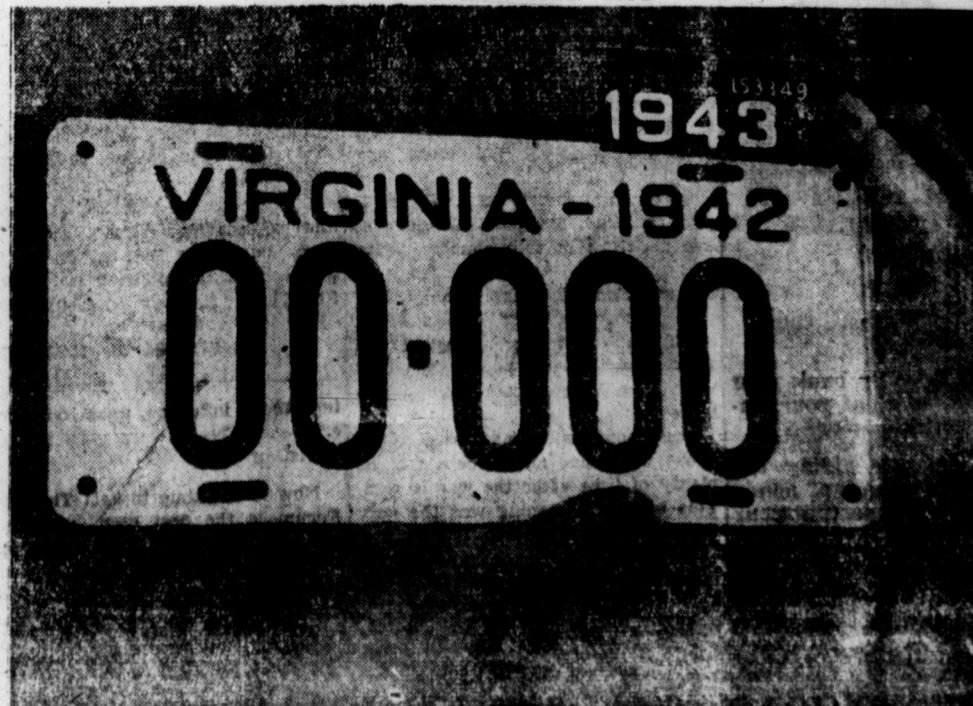

(Continued on page 4)
tractor truck, trailer and semi-trailer license fees are determined by the grossweight of the vehicle or combination of vehicles with the minimum fee being \$12.

With so many new features to be attended to, the Motor Vehicles Division requests the cooperation of the public in attending to their car li-

censing as soon as possible and thus avoiding a last minute rush and complications.

BIBLE THOUGHT AND PRAYER

If parents will have their children memorize the daily Bible selections, it will prove a priceless heritage to them in "war" years.

"Choose you this day whom you will serve". Josh: 24:15

ANOTHER REBUFF TO THE PRESIDENT

Last week the House of Representatives, by a vote of 212 to 145 administered another sharp rebuke to the President by rescinding his action in limiting salaries to \$25,000, on the just grounds that he had exceeded the authority which the Congress had intended him to exercise.

This is not the first time that after the intent of Congress had been made perfectly plain, the President has gone ahead by executive order and done what he had been specifically restrained by legislation from doing, and since it has become perfectly evident that the New Deal Government in Washington is using the war emergency wherever possible to attain the "social gains" to which it seems dedicated, it is indeed fortunate that we now have in Congress by combination of Republican and Conservative forces, a means of checking the Communist trends which seem to have such strong support from the White House.

This \$25,000 income ceiling, for example, has been one of the goals of the Communist Party for many years. It was placed in their platform in 1928, and was re-asserted in 1933. Only last April it was endorsed by Mrs. Roosevelt in her column "My Day". Finally the idea was officially approved by the President in a message to Congress (April, 1942). The Senate rejected the proposal by the overwhelming vote of 68 to 12. The President then, through his newly appointed Economic Director (Hon. James Byrnes) established the \$25,000 ceiling by Executive Order, and it is this order which the House has just tossed out the window.

The enormous importance of this action by the House can be in a measure realized when one appreciates that a \$25,000 ceiling really means complete "socialism" or whatever you want to call it, of all collective undertakings. There would be no more endowed universities, hospitals, libraries, clinics, welfare organizations or large private business enterprise. Everything large would then have to be

BANKING CARRIES ON

We are proud of the war record being made by America's banks. In the face of constant manpower drains, banks are shouldering the load of greatly stepped-up banking activity. They are assuming new responsibilities in endless procession—selling war bonds, financing war production, helping raise billions for the Treasury, and handling ration banking procedure, to name a few. Our bank is always on the lookout for new ways to serve. Can we help you?

taken over by the government and we would have complete Communism—a state control which should make Hitler or Stalin green with envy.

THE RUSSIAN SITUATION

Slowly, but with ever increasing conviction, the people of the United States are being brought to a realization of the fact that Russia is fighting its own fight, no doubt gratefully accepting whatever aid is extended, but only interested in the aims and goals of the "United Nations" in so far as they coincide completely with Russia.

The Casablanca Conference may be regarded as a frantic effort on the part of Great Britain and the United States to bring Russia into an alliance against the Axis—an effort which, as we now know, was a tragic failure—and possibly may some day be recorded in history as a great diplomatic blunder in so far as it gave the enemy confirmation of the suspected fact that Joseph Stalin was fighting his own fight and that of no one else.

Should Russia be successful in pushing Germany out of the Soviet territory, and out of Poland, one of the most difficult of questions would immediately arise; namely, the Russian claim which would undoubtedly arise, of parts, or even all of Poland, or at least that section east of Warsaw which Stalin grabbed immediately after the German invasion.

There are numerous other lesser disputes that will probably arise but the Polish question is outstanding, since we and Great Britain are apparently morally bound to support the complete re-establishment of the original boundaries of Poland.

Possibly Sir Anthony Edon is over here to talk about this very situation. Of course, if Russia cannot regain this territory alone, but has to wait for accomplishment of her objectives until our mighty power finally goes into action, then we will be in a much improved diplomatic situation, but right now we fancy there are several big head-aches in Washington and in London.

CHRISTIAN CITIZENSHIP AND A JUST AND DURABLE PEACE IS TOPIC (Contributed)

Victory will be ours, but mere victory is not enough. World War II only twenty years after the victory of World War I proves this fact only too plainly. We must also win the peace.

To see that this is accomplished is just as much the patriotic duty of every citizen in this country today as buying war bonds and making all the sacrifices that are demanded of us. What good will the sacrifices be if we lose the peace again? In a few years we will simply be called upon to make even more severe sacrifices.

Some one will say, why think about the peace now. There will be plenty of time after the war is won. This kind of reasoning was the very thing that got us into the present catastrophe. We were always too late. No, if we are to win the peace now is the time for Christian Citizens to decide upon their peace aims and to make plans for exert-

Candidates Cards

TO THE VOTERS OF PRINCE WILLIAM, FAIRFAX AND THE CITY OF ALEXANDRIA:

At the request of many of my friends in this Senatorial District, I have announced my candidacy for nomination to the office of State Senator, subject to the Democratic Primary, August 3, 1943.

The district, composed of Alexandria City, Fairfax and Prince William Counties has a complex situation that needs the services of the most experienced man whom the voters can secure. My service in the General Assembly which extends over three sessions has fitted me to represent the best interest of all the peoples in this District.

As a life long farmer, I am fully acquainted with many rural problems which face the farmers of this District. Having served as a member of the Board of Supervisors of Stafford county and as clerk of the court of that county, I am in a position to assist in problems of county government which may arise.

Owing to war restrictions it will not be possible for me to see many of the voters of the District. I am taking this means to solicit your support and consideration of my candidacy, with the pledge that if elected I shall certainly devote my whole hearted efforts in the interest of all of you.

GEORGE W. HERRING,
Woodbridge, Virginia

TO THE PEOPLE OF PRINCE WILLIAM COUNTY:

I am a candidate for the House of Delegates of the General Assembly of Virginia, for the Prince William-Stafford District, subject to the Democratic primary election to be held on August 3rd, 1943.

After serving as your representative for two terms, 1935 to 1938 inclusive, it was my pleasure to stand aside in order that a candidate from Prince William County might have the opportunity to serve you in this capacity. This action of mine was in accord with the gentlemen's agreement entered into many years ago when the two counties were joined in one legislative district, and which agreement was that the Counties would alternate, two consecutive terms each. So far this agreement has been adhered to, and I submit in all fairness and equity our next Delegate should be from Stafford County.

It is my desire to again serve our district in the legislature. My deep interest in the people, problems and enterprises of my district, and my official record during my two terms in office, are well known to most of our people. It is available to all.

I respectfully ask your support and continued confidence, and I assure you of my best efforts in the interests of our district and of our State.

Sincerely,
FRANK P. MONCURE

Now is the time to act! The Open Forum is the first step. While it is sponsored by the Episcopal Church, it is really for the entire community. If sufficient citizens desire it, arrangements can be made to shift it to some evening more satisfactory to the entire community.

MINTON-SMITH

The marriage of Miss Madge Lee Smith, daughter of Mr. and Mrs. Palmer Smith, Sr., of Gainesville, Virginia, to John Gardener Minton of Alexandria, Virginia, son of Mrs. Florence V. Watson and the late Mr. Yale C. Minton, took place Sunday afternoon at 3:30 o'clock, March 7, 1943 at the Baptist Parsonage, Washington, D. C., with Rev. J. Ray Garrett officiating.

The bride wore beige sheer with matching accessories. Her flowers were a shoulder corsage of Red Roses.

The matron of honor was the bride's sister, Mrs. Wilson Russell of Washington, who wore a dress of black sheer.

The bridegroom had as his best man, his half brother, Samuel Painter, son of Elgin Field, Florida, A. A. C.

Later Mr. and Mrs. Minton left for a short trip after which they will make their home at 322 Raymond Ave., Alexandria, Virginia.

Other guests that attended the wedding were: Miss Virginia Smith of Gainesville, Virginia, James Gardener, U. S. N. of Beacon Flying Field, Pvt. Palmer Smith, Jr., of Bolling Field, Washington, D. C., Miss Ordette Gross and Miss King both of Alexandria, and Mr. Wilson Russell of Washington, D. C.

A host of friends wish this young couple a long and happy married life.

'BLACK SWAN' IS MIGHTY ADVENTURE MASTERPIECE!

For entertainment at its zenith, be sure to visit the Pitts Theatre next week, where 20th Century-Fox is presenting Rafael Sabatini's "The Black Swan." This Technicolor adventure triumph, starring Tyrone Power and Maureen O'Hara, is far and away the most outstanding film of its type the screen has seen this or any other season.

Picture, if you will, the entertainment dish that is served. Tyrone Power, in our book one of the finest of screen actors by virtue of his ability to do anything and everything extremely well, is in a role that is hand-tailored for him. As Pirate Captain "Jamey" Waring, he gets every opportunity to display those qualities that have kept him at the top of the heap for the last five years. Paired with him in the romance that is smoothly superimposed over the basic adventure story is creamy complexioned, gorgeously apportioned Maureen O'Hara. Maureen's a spirited damsel in the film, and it takes a great deal of masterful wooing by the dashing buccaneer before she's won over.

This is in addition to the compelling action that dominates the film. The settings are magnificent, replete with sailing vessels whose grace and beauty strikes a responsive chord in everyone's heart. There's a terrifically suspenseful—and realistic—dueling sequence between the versatile Power and burly George Sanders; the spectacle of a town being captured by ruthless pirates; and a climactic ship battle that strikes a new high.

TAP ROOTS—BY JAMES STREET

James Street is one of the few writers with the real story teller's gift. His latest novel, "Tap Roots", published by the Dial Press of New York, is the flower of his talent. It has everything that a good story should have—unusual characters, engrossing action and romance, and a Civil War background that is at once dashing, and fresh to American readers—all put together in a way possible only to somebody like James Street.

It is about a family named Dabney who ruled a whole county in Mississippi just before the outbreak of the Civil War. Old Sam Dabney was their patriarch, honored throughout the nation as a great man. Back in 1815, he had claimed all the land that could be seen from a certain tree on a hilltop in Lebanon, and by 1858 the Lebanon valley was a vast Dabney enterprise. At eighty-five, old Sam was ready to leave his world to his heir, Hoab, a great and good man, and a mountain of strength. Hoab was a shouting abolitionist in the angry land of slavery, and after Sam's death, he would turn the valley against the slavery interests.

At the same time, heady romance seethed in the Dabney family. Morna Dabney, with her deep red hair and her blue-green eyes, could not have had anything but a stormy career. Her nature was more passionate than that of her fiancé, Clay, and there were difficulties because Clay was on the side of slavery. If all of this were not enough, Morna was stricken with the backbone sickness. She was deeply, foolishly in love with Clay, and she loved him in illness as well as in health. She guessed, however, that after her sickness, she was no longer attractive to him. So, she released him and watched as he gradually turned to her sister Aven.

Among the abolitionist forces gathered in Mississippi around the Dabneys was Keith Alexander, the clever, unbelievably handsome Black Knight of Vengeance who was so deadly a pistol shot that even Jefferson Davis kept his distance. To Keith, Morna was the woman he had been looking for all his life, and he did more than anyone else to help her. Eventually, Keith came face to face with Clay who was at the head of the Confederate forces attacking the seceded county of Lebanon. It was only then, as the battle raged around her, that Morna chose between the two men.

This book may be borrowed from the Ruffner-Carnegie Library.

SHREVE BRENT

HEDY LAMARR AS TONDELAYO IN HIT "WHITE CARGO"

Hedy Lamarr brings to the screen the sultry Tondelayo in a gripping screen version of the famous stage play, "White Cargo," playing at the Pitts Theatre next week. Teamed with Walter Pidgeon in this dynamic drama, she proves an alluring tropics heroine, wears a luring for the first time, and the play, in its modern screen technique, takes on vivid new life.

It is a story dealing with the moist, steaming tropics, where a group of white men oversee a rubber plantation. Pidgeon is Witzel, sullen and hard-bitten overseer. Bramwell Fletcher plays his assistant who deteriorates in the heat and brutality of the jungles. Richard Carlson plays a young executive sent to replace Fletcher, and Tondelayo's charms captivate him, in spite of Pidgeon's warnings. Finally the young assistant overseer marries Tondelayo, precipitating a dramatic, primitive situation. Frank Morgan plays the bibulous but kindly old doctor in the jungle station, and Henry O'Neill a clergyman in the settlement.

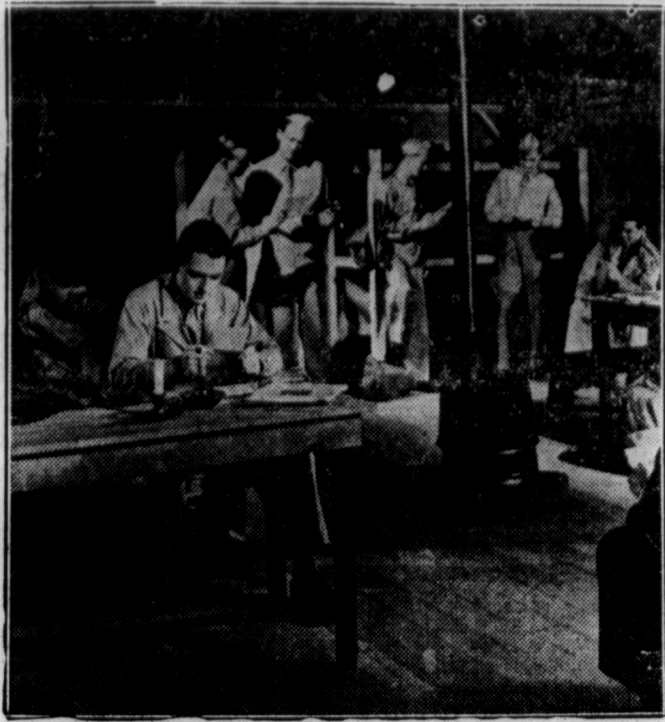

Miss Lamarr was never more exotic than as the dark-skinned Tondelayo, and Pidgeon handles his role with rugged strength. Carlson as the romantic young assistant is appealing, and wins great sympathy when his "bride" attempts to poison him.

HISTORY OF A PEOPLE IN ONE SHORT LETTER

The basis for what we call "the American way of life" is vividly portrayed by the simple letter of an American business man to his son with the Army Air Force "somewhere out there." Little everyday happenings, which have taken place in a thousand American towns, are reported in everyday language but with an understanding of their significance which brings home to the audience the reasons for the peculiar genius and power of America.

"Postmark-U.S.A." is good entertainment as well as convincing argument for the freedom and opportunity we're fighting to defend. You

will be completely absorbed as you watch the familiar American scenes described in this homely-but-thoughtful letter and probably find a choke in your throat, as the father confesses he has in his, because you understand for the first time what really lies back of our great history!

The role of the letter-writing father is portrayed by Richard Irving, long a favorite on Broadway, while the son is handsome John Huson whose performance in this picture has won him a place in Hollywood. "Postmark-U.S.A." will be the added attraction at the Pitts Theatre March 24 and March 25.

HAYMARKET

Mr. Louie L. Teele of Alexandria, Va., who has been driving the bus in Washington, D. C. for sometimes and wasn't able to be home for quite a while, was a Mon.-evening caller of his parents, Mr. and Mrs. W. F. Teele and his sister, Miss Bessie M. Teele and also of his married sister, Mrs. Virginia R. Teele Mc Intosh and of his friends, too, Miss Evelyn McIntosh, Mr. E. L. McIntosh and Mr. Douglass McIntosh, all of Haymarket, Va.

Mr. Louie L. Teele was quite a stranger around here, but his little visit was surely enjoyed by everyone of friends.

Miss Bessie Mae Teele was Monday evening caller of Miss Evelyn McIntosh in Haymarket, Va.

Miss Evelyn Mc Intosh was weekend caller of her mother and Miss Brooks in Manassas, Va.

NEW AIR RAID SIGNALS AT A GLANCE

Effective 12:01 a.m., Feb. 17, 1943, in the Eastern military Area.

WHEN YOU HEAR:
A long steady blast on an air raid siren, horn, or whistle—This is the BLUE signal—This means enemy planes probably coming your way.

Black out the lights in your home and business house. Either draw your blackout curtains or turn the lights off.

If you are in your automobile on the street or road: Switch your lights to the low beam—proceed wherever you are going—proceed with caution—start thinking about getting to a safe place.

If you are walking: continue to walk—Start thinking about where you will go if a raid signal follows.

WHEN YOU HEAR:

A series of short blasts on the air raid horn or whistle or a rising and falling sound on the air raid siren—This is the RED signal—This means enemy planes overhead.

Keep your lights blacked out. If you are riding in your automobile: Pull over to the side—stop—go to the nearest air raid shelter.

If you are walking: go to the nearest air raid shelter—get off the street.

If you are on a street car or bus: Get out—go to the nearest air raid shelter.

REMEMBER:
After the RED signal there will be a BLUE signal. This or police, or other means.

Ceilings Set for Electric Heaters
It's about time for Virginia home-makers to get out the electric heater a warm comfort in early spring days when the furnace has been cut off. Price ceilings have been set by OPA on new model bowl or reflector type portable electric heaters. . . . Prices including Federal excise tax range from \$3.00 to \$6.00.

Lower Egg Prices
Fixed mark-ups which retailers will use to establish their maximum prices on sales of eggs to the housewife have been set by OPA. The mark-up is figured on sales of eggs to the housewife have been set by OPA. The mark-up is figured over the retailer's costs. The action will lower prices this spring somewhat under those established by the temporary freeze of October, 1942.

OPA Aids in Juggling Rationing

Points
To help Virginia housewives who may run out of ration stamps for has provided for a seven-day overlap period—the last week in March—during which time consumers may spend both their first-period and their second-period stamps. OPA pointed out that this will help consumers who have a few low point-values stamps left at the end of the first ration period. . . . These stamps, which might not be sufficient to buy any desired items, can be used with points of the second-period for the purchase of any of the rationed foods.

OPA Grants Bakers Relief

With the shortage of sugar, Virginia menu-planners rely more and more on the corner bakery shop furnishing the dessert. . . . However, the dessert budget will soon have to be enlarged. Because of higher production costs, OPA has allowed bakers to increase their prices on pies, pastries, doughnuts, sweet yeast raised goods and all cakes other than cookies from 5 to 15 per cent.

Scrap Collections Top Quota

Scrap collections of iron and steel during the last six months of 1942 were 95.7 percent of the national quota of 17,000,000 tons. Virginia contributed 88.1 per cent of the quota. Total visible stocks of iron and steel scrap were 7,760,000 net tons at the end of the year, substantially in excess of the 7,000,000 net tons of stock which was the objective set last summer.

Navy Seeks Women Reservists

The Navy Department is seeking approximately 5,000 women with experience in a variety of medical and dental fields for service with the hospital corps. Procurement and recruiting offices have been asked to enlist 600 women a month for the next eight months in order to provide replacements for many of the male hospital corps personnel stationed at Navy medical activities on shore.

Parts for Crippled Radios

Virginia owners of radios, regardless of their make and vintage, will be able to keep their sets in repair when the new Victory Line of replacement parts goes into production. Manufacturers have started to schedule production. . . . The Victory Line substitutes a few types of each receiving set component for the great number produced in peace times. . . . Under the proposal now being considered by the WPB, the number of types of tube would be reduced from 700 to 114.

Stockings Salvaged

Since the beginning of the stocking salvage campaign three months ago, 12,522,540 pairs of silk and nylon stockings have been salvaged by the women of America for war use, and salvage officials estimate Virginia has filled her quota. In the third period, which ended February 15, 253,696 pounds of hosiery were collected in stocking salvage depots of thousands of retail stores. This is an increase of 81.4 per cent over the first months collection figure, bringing the total up to 626,127 pounds.

Soft Wheat Flour Price Up

Prices of soft wheat flour sold by Virginia millers and blenders were raised approximately eight per cent by the OPA, because of increased cost of wheat. Ceiling prices will be placed on soft wheat east of the Rocky Mountains, to prevent further rises in soft wheat flour.

Transportation Bill Proposed

An emergency transportation act has been proposed by ODT to the Virginia State Legislature to ex-hicles; (3) Sizes and weights of motor vehicles which may be permitted to use State highways; (4) Suspension of statutes or regulations canned and processed foods before the first ration period expires, OPA requiring licenses or fees for the entry and operation of a motor vehicle licensed in another State; (5) Conservation of vital equipment, materials, and supplies—especially rubber.

Set Prices on Peanuts

Maximum prices on peanuts—from farm to consumer—have been established by OPA. Specific dollars-places of employment; (2) Maximum rates of speed for motor vehicle regard to the following—(1) Staggered hours of employment to facilitate transportation to and from peddle war traffic. The bill would confer on the Governor flexible authority to take emergency action in per-ton maximums were set at the farm level with specific cents-per-pound maximum for sellers sales, and formulas for establishing prices for other sales subject to the regulation. Farm maximums are above 100 per cent parity and will be reduced slightly. Prices on shelled peanuts will be reduced from ¾ to 1¼ cents a pound under those prevailing in December 1942.

Seed Money

There's only one thing more foolish than killing the goose that lays the golden eggs. That's living up the money that has been put away to buy the seed for next year's crops.

Although G-E turbines and lamps and refrigerators don't grow from any seed you can buy at a seed store, yet any manufacturer—no matter what he makes—has a seed problem just the same. For next year's models, and improved designs, and new products—all these cost money. Money for research, and engineering, and new tools, and advertising to tell the public where a product can be obtained, and how much it will cost.

And the only place this money can come from is out of past earnings, or borrowing on the promise of earnings in the future. In other words—from seed money.

From the seed of research and engineering, planted in years past by General Electric, have come some pretty amazing crops. Incandescent lamps five times as efficient as Edison's, vacuum tubes that made radiobroadcasting possible, refrigerators for the home and electric machines for industry to make important jobs easier.

Right now the crops we're growing are all of the "Victory Garden" kind—weapons that are serving with our armed forces on land and sea and in the air.

But we mustn't neglect the seed money for the future. We're looking forward to the continuance of the industrial system that will allow us to open up and cultivate other new and promising fields. So, tomorrow, look for important developments in television, fluorescent lighting, plastics, electronics. These will be familiar words in the post-war world. GENERAL ELECTRIC COMPANY, SCHENECTADY, N. **HOW ELSE could you
move 25 million tons a day?**

MODERN WARFARE demands production and transportation on a scale that nobody dreamed of a few years ago. And railroads are the mainspring in this war of movement. Suppose, for a moment, that there were none! What would happen?

No railroads . . . soon, no war production. For who but the railroads could handle war traffic in the necessary volume of 25 million tons a day? Who would take to factories the coal and raw materials they must have? Who would deliver the heavy tools of battle?

Shipyards would stop work, for lack of materials and parts. Troops would have to be transported in small numbers by jeep and truck and plane. But on the railroad they move at the rate of over a million a month!

Transports would lie idle in our harbors. Food would rot on the farms and lie in choked warehouses. Supplies and munitions for our forces and allies would quickly be used up—never to be replaced. Armies would collapse . . .

But the railroads are on the job! And they'll continue to give their all to this tremendous task . . . every minute of every hour . . . hauling freight at the rate of a million and a quarter tons a mile every minute—1,440 minutes every day!

TRUSTEE'S SALE
of
VALUABLE FARM NEAR
GREENWICH, VIRGINIA

By virtue of a certain deed of trust dated November 20, 1935, and of record among the land records of Prince William County, Virginia, in Deed Book 97, page 298, from J. T. Sullivan and Aimee B. Sullivan, his wife, to the undersigned trustee, to secure the payment of their certain promissory note in the sum of \$1687.64, default having been made in the payment of the said note, the undersigned trustee, at the request of the holder of the said note, will offer for sale at public auction, on

SATURDAY, APRIL 10, 1943

at 11 A. M. of that day, in front of the Peoples National Bank of Manassas, in the town of Manassas, Virginia, all that certain tract or parcel of land situate near the village of Greenwich, in said county and state, containing 73 acres, more or less, according to a plat and survey made February 14, 1924, by C. Fitzwater, Surveyor, reference being made to said deed of trust for a more particular description of the said land. The said tract of land is well located and has on it a comfortable dwelling house and all necessary out-buildings, and is an exceedingly desirable piece of property.

TERMS OF SALE: The said land will be sold for cash, but subject to the balance due the Federal Land Bank of Baltimore, under and by virtue of a certain mortgage against the same originally in the sum of \$1500.00, and also subject to the taxes assessed for the year 1943. The balance now due on said mortgage will be announced on the date of sale.

T. E. DIDLAKE, Trustee

PUBLIC SALE OF VALUABLE
REAL ESTATE IN THE TOWN OF
MANASSAS, VIRGINIA

Take notice that on the 27th day of March, 1943, at 10:30 o'clock, a. m., in front of The Peoples National Bank Building in the Town of Manassas, Virginia, we will offer for sale by way of public auction all that certain lot, with the improvements thereon, lying and being situated in said Town on the corner of Battle and Church Streets, known as the Adamson property, and described in a certain deed from Hopkins and wife to R. J. Adamson, dated November 28, 1891, recorded in the Clerk's Office of the Circuit Court of Prince William County, Virginia, in Deed Book 41, page 171, as follows:

Beginning at the southwest corner of Battle and Church Streets and thence with the south side of Church Street S. 84 degrees W. 100 feet; thence with Hopkins lot S. 6 degrees E. 105 feet, corner with said Hopkins; thence N. 84 degrees E. 100 feet to Battle Street; thence with Battle Street N. 6 degrees W. 105 feet to the beginning, containing 10,500 square feet. Less and except two parcels of said land aggregating 4725 square feet which were conveyed to Philothia Nash.

The right is expressly reserved by the undersigned to reject any and all bids made for said property.

A partial credit may be arranged with the undersigned if desired.

THE WAAC HAS PLACES FOR
INTELLIGENT PATRIOTIC
WOMEN

Your work in the WAAC will give a soldier a chance to fight with gun, tank, or plane. If you have a useful skill, you can give him that chance at once. If you have had no experience, you can still give him that chance—and soon. The WAAC will train you in the kind of work that you can do best. Valuable talents you never suspected may be revealed by aptitude tests. Your adaptability will be determined by a mental alertness test. A college degree, or even a high school diploma, is not necessary. If you have not yet found your place in this mighty fight for freedom, now is the time to decide where and how you can help best.

Your Army Recruiting Office in the Post Office Building, Fredericksburg, Virginia will be glad to give further information either by writing or calling in person. Act today! You are needed.

IN MEMORIAM

In sad and loving memory of my dear Mother, Mrs. M. J. Wright, who passed away seven years ago today, February 10, 1936.

Mother, in my heart
Your memory lingers,
Sweetly, tender, fond and true.
There's not a day,
That I do not think of you.
When days are dark,
And friends are few,
Dear Mother, how I miss You.
There may be friends,
Who love me true,
But I lost all when
I lost you.
—Her devoted daughter,
Ida J. Martin
