

COUNTY COMMITTEE ORGANIZES FOR 2nd. WAR LOAN DRIVE

CONTRIBUTIONS TO THE RED CROSS

Chairman OD Waters Extends Thanks To All Workers

The chairman of the Roll Call and War Fund Committee of the Prince William County Chapter of the American Red Cross, wishes to express appreciation and thanks to the many generous contributors and workers who made it possible to report the following splendid results. Owing to shortage of material, space and help in the Journal office it will be impossible to name the contributors but names will be gladly furnished from the solicitor's lists, which I have on file, should any one desire them. Mr. Irving Martin of Pitts Theatre graciously permitted us to take up collections at performances. The members of the First Baptist Church did without eating one meal to be able to make a sacrificial contribution. I am reporting \$2,922.62 but have not heard from several workers and when I do I hope to be able to report that the goal of \$3,500 has been over subscribed.

Respectfully submitted,
O. D. WATERS, Chairman,

MANASSAS ATTORNEY ANNOUNCES CANDIDACY

Stanley A. Owens

Under formal card appearing elsewhere in this issue Stanley A. Owens announces his candidacy for Commonwealth's Attorney for the county of Prince William, subject to the Democratic primary to be held August 3, 1943.

Mr. Owens is a native of Georgia, having lived in Manassas since 1931. He received his law school education at Emory University in Atlanta and the University of Georgia in Athens, graduating from the latter in 1931.

He taught school for a while in Virginia before 1934 when he was appointed to a legal position with the United States Department of Interior in Washington. He resigned from this position in December, 1936 and entered full-time practice with the late Thomas H. Lion, then Commonwealth's Attorney for Prince William County, with whom he was associated until Mr. Lion's death in March, 1938.

Mr. Owens has continued in general law practice in Manassas since that time.

TOWN VICTORY GARDEN A WAR NECESSITY

The back lot home Victory Garden offers an opportunity to town and urban families to meet the problem of increasing food shortages and rationing of processed foods. In addition to encouraging the growing of Victory Gardens, many Virginia cities and towns have gone still farther in promoting home food production by rescinding ordinances prohibiting the keeping of hogs within corporate limits. Shipping restrictions will reduce the commercial supply of fresh vegetables from trucking areas. Farmers with less labor and equipment, with limited gasoline and tires, and with marketing and rationing restrictions will not be in a position to bring in the quantities of farm produce that they have so abundantly supplied in the past. Many farmers are turning to the growing of other essential crops requiring less labor to produce and market, in their effort to make the best possible use of farm help that is available.

L. C. Beamer, Vegetable Garden Specialist, V. P. I., at a recent meeting held at Manassas offered the following suggestions to Victory Gardeners:

1. Clean up the garden plot; remove or burn all dead plants, grasses and weeds.
2. Plow the garden early to be sure of a good seed bed.
3. Plan the garden before planting by grouping the vegetables together that will mature at about the same time. This will leave a space for succession plantings.
4. Obtain good seed and plants.
5. Plan plantings to insure a good early, mid-summer and late garden.

HOW CLUB WOMEN MAY AID WAR EFFORT

Please bring all discarded silk and nylon stockings to the Woman's Club Meeting Monday, April 12th. Last month's response was so good that we feel this should be continued until we have given every one the chance to turn in every silk and nylon stocking unit for wear. This salvaged material is used in the making of powder bags.

You are invited to attend a public meeting in the TOWN HALL, MANASSAS, VIRGINIA THURSDAY EVENING, APRIL 15, 1943 at 8 O'clock, P. M.

to hear an explanation of all Government Bond Issues offered to the Public.

You will not be asked to buy Bonds at this Meeting.

But you should know the facts.

METHODIST CHURCH GROUP HAS ABLE MEETING

The regular monthly meeting of The Woman's Society of Christian Service of The Grace Methodist Church met last Thursday at the home of Mrs. Warren Coleman.

Mrs. Vincent Davis presided over the meeting in the absence of Mrs. Luttrell, the president.

The Worship Service was led by Mrs. C. C. Fisher, assisted by Mrs. A. Lund. The subject, "There Will Always Be Room in Men's Hearts for the Personality of Jesus Christ," was ably presented.

The topic for discussion and study, "The Discovery and Training of Native Leadership in Latin America," was most interesting and helpful. Miss Willlette Myers discussed the training of native leaders in Brazil and Cuba. Mrs. William Bennett, the training of leaders in Chile and Argentina.

Plans were made for the entertainment of The District Conference which will be held in Grace Church, May 11th, when about 300 delegates are expected.

Mrs. Coleman assisted by Mrs. Maud Kincheloe and Mrs. Myrtle Jenkins served delicious refreshments. The Society will meet in May with Mrs. Randolph Eagle.

LOCAL MINISTER ADDRESSES KIWANIS

Rev. John M. DeChant was guest speaker at Kiwanis last Friday evening. His assigned subject was "Army Day" (April 6th). He touched rather lightly on this, passing over to April 9th, or Appomattox Day.

Referring to an interesting biography, Mr. DeChant gave a very nice talk. He was present as the guest of Kiwanian Parrish.

Due to war conditions, the Club decided not to elect any delegate to the Chicago convention.

A PERSONAL LETTER FROM SECRETARY MORGENTHAU

We have received the following personally signed letter from the Secretary of the Treasury:

"To make current and continuing war financing a complete success we shall need the wholehearted cooperation not only of the newspapers but also of newspaper advertising."

In addition to the powerful aid that your newspaper itself can supply I shall appreciate your help in informing business and industry in your community of the important role that sponsored local newspaper advertising can play in advising the public of the current need for investment in Government securities.

Sincerely,

(Signed)
H. MORGENTHAU, JR.,
Secretary of the Treasury

CAPITOL VISITOR AT LOCAL CLUB

Business Executive Guest of Prince William Chamber

One of the largest attended meetings of the Chamber of Commerce in recent months was held on Tuesday at the Prince William Hotel at which time Dr. Emerson Schmidt, secretary of the United States Chamber of Commerce, was the guest speaker.

Dr. Schmidt came at the special invitation of Mr. C. W. Alpaugh, who himself is a director of the Virginia State Chamber of Commerce. He was introduced by President C. C. Cloe, of the local Chamber.

Taking as his subject, "Post War Planning," the speaker drew a picture which while not at all pessimistic was deeply serious in sketching the possibilities of lack of preparation.

He showed how some forty million workers would have to be absorbed by peacetime industries which if not properly harnessed would lay themselves open to absorption by a strongly centralized power, probably the government itself.

Should this occur he further demonstrated how this could eventually affect the individual freedom of a very large percentage of the population. He cited the instance of how Congress had in 1933 completely abdicated in favor of the executive branch of the government, which had it so chosen could have changed the history of our form of democratic government.

Dr. Schmidt was very entertaining in his manner of speech and very clear in his way of putting things. His audience was much impressed and the matter of post war planning received quite a local boost.

NOKESVILLE SCHOOL S. C. A.

The regular meeting of the Junior S. C. A. was held on Tuesday, March 30. The seventh grade was in charge of the program, which consisted of a violin solo, cornet solo, rounds, and a play entitled, "Don't Start Rumors."

In the business meeting a committee was appointed to make arrangements with Mr. Britton for having the pictures of "Old Glory" framed. Mr. George Sonafank gave each room a beautiful picture of our flag.

Miss Breeden presented first aid certificates to the following boys: Marshall Cook, Guy Anderson, Thomas Carrico, Jr., George Croushorn, Rex Corbin, Robert Green, Harold Mauck, Carroll Mayhugh, Calvin McPherson, Winfield Ross and Mark Smith.

The seventh grade girls at present are enrolled in a Junior First Aid Course.

The pupils in several rooms have been busy with Junior Red Cross work the past two weeks. They have made Easter favors, cards, and napkins for children's hospitals and service men.

A card was received by the fourth grade from Guatemala thanking the children for the Christmas—Red Cross Boxes.

During last week's assembly the pupil was asked to bring a one egg to school. These were sold and the sum of \$21.91 was turned over to the District Chairman.

All of the rooms are working hard on the jeep campaign.

Prince William's Quota Is \$300,600.00

More Than a Million Dollars Invested in War Securities in First War Loan

As announced by the Treasury Department, the Second War Loan starts on April 12, when 13 billion dollars must be raised throughout the nation to finance the war effort.

In the First Loan Drive the quota for Prince William was \$700,000.00. Under the chairmanship of Mr. G. Raymond Ratcliffe the County greatly exceeded its quota, reaching the unexpected total of over One Million, One Hundred Thousand Dollars—a truly remarkable achievement in a rural county of our limited wealth and population.

Under a Victory Fund Committee of Prince William County the new drive gets under way with every indication that once again good old Prince William will go over the top in its traditional and gratifying manner.

Secretary Morgenthau announced today that the United States Treasury will borrow during the month of April the huge sum of \$13,000,000,000 in its Second War Loan drive.

"Eight billion dollars of this total," he said, "will come from non-banking investors and the balance from banking sources, including the increased weekly offerings of Treasury Bills."

"This money, which is needed to back up our armed forces will be raised through the continuing sale of War Savings Bonds, and Tax Savings Notes, Treasury Bills, and the offering of a number of new Treasury issues designed for every class and type of investor."

"As we move forward into full production in the war effort, it is increasingly important that every American invest in his Government's securities to the limit of his or her ability."

"As announced on March 3 a new organization under the title of United States Treasury War Finance Committee, will conduct the sales campaign beginning April 12 on the several issues of securities offered. In order to combine all of our forces behind the Second War Loan drive, this organization will bring together the Victory Fund Committee, which so successfully carried out the December campaign, and the War Savings Staff organizations, which have done such a grand job in the sale of War Savings securities. The President of the Federal Reserve Bank in each of the twelve districts is Chairman of the War Finance Committee in his district and will be in complete charge of the drive for that area."

The offerings to be sold under the direction of the War Finance Committee will consist of:

1. Twenty-six year 2½ per cent bonds dated April 15, 1943, due June 15, 1969, callable June 15, 1964, to be issued in coupon or registered form at the option of the buyers. Commercial banks, which accepting demand deposits, will not be permitted to own these bonds until April 15, 1953. There will be no limit to the amount of this issue and no restriction upon the issuance excepting the temporary exclusion of commercial banks from ownership for their own account. Subscription books will be opened April 12 and will remain open several weeks. The bonds will be sold in denominations from \$500 to \$1,000,000.

2. Two per cent Treasury bonds dated April 15, 1943, due September 15, 1952 callable September 15, 1950. This security will be available for subscription by commercial banks for their own account for the period April 28, 29 and 30. It will be available for subscription by all other classes of investors for the entire period of the drive. Sales to Commercial banks will be limited to \$2,000,000,000, or thereabouts. Applicants from commercial banks in amounts up to \$100,000 will be allotted in full and larger bank subscriptions on an equal percentage basis. All applications from other than commercial banks will be allotted in full. These bonds will be in denominations of \$100, \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, \$250,000, \$500,000, and \$1,000,000.

On individual subscriptions of \$1,000 or less, no accrued interest will be charged on the 2% or 2½% (Continued on page 4)

CHRISTIAN SCIENCE

"Are Sin, Disease, and Death

Real" is the subject of the Lesson-

Sermon which will be read in

churches and societies of Christ.

Scientist, throughout the world on

Sunday, April 11.

The Golden Text is "God be merci-

ful unto us, and bless us; and cause

his face to shine upon us; that thy

way may be known upon earth, thy

saving health among all nations."

(Psm. 67:1, 2).

Among the citations which com-

prise the Lesson-Sermon is the fol-

lowing from the Bible: "Behold I

send an Angel before thee, to keep

thee in the way, and to bring thee

into the place which I have pre-

pared. And ye shall serve the Lord

your God, and he shall bless thy

bread, and thy water; and I will

take sickness away from the midst

of thee." (Ex. 23:20,25).

The Lesson-Sermon also includes

the following passage from the

Christian Science textbook, "Science

and Health with Key to the Scrip-

tures" by Mary Baker Eddy: "All

reality is in God and His creation,

harmonious and eternal. That which

He creates is good, and He makes

all that is made. Therefore the only

reality of sin, sickness, or death is

the awful fact that unrealities seem

real to human, erring belief, until

God strips off their disguise." (p.

472).

ASSIGNMENT IN BRITTANY

By Helen MacInnes

"Assignment in Brittany" by Helen MacInnes, is one of the best adventure stories of the year. In this book the author has woven an exciting tale of war intrigue, and each character has depth and charm.

Martin Hearn had but one task

WAR INFORMATION

(Continued from page 1)

(3). Married men essential to war production (now 3-B)-2-B.

(4). Married men essential in agriculture (now 3-C)-2-C.

It seems pretty definite that even with the re-classification men in 2-B and 2-C classes will have what is virtually duration deferment unless they can be replaced.

Meats and the Black Market

Now that standardized prices for pork are in effect, Virginia shoppers not only know exactly how many stamps they will have to part with for each cut, but they know exactly what they will have to pay for it. This is only the beginning, OPA says, for similar maximum prices at retail will be placed on beef, veal, lamb and mutton by the middle of the month. In the meantime, maximum prices for veal at packer and wholesaler levels have already been established. The State OPA says that standardizing the prices of meat will deal a major blow at the black market which are trying to undermine the Government's anti-inflation program. Farmers in the State have been warned to request to see the license of any prospective buyers who offer prices for their livestock at rates above the ceiling prices. These seemingly generous gentlemen may be black market operators.

More Farm Tires

The farmer from now on will get a break on tires for farm equipment. Tire dealers or those selling or servicing farm equipment are now entitled to keep on hand a maximum of six rear-wheel tractor tires. Dealers who have the replenishment portions (Part B) of rationing certificates calling for truck tires may restock with tires suitable for farm equipment. Incidentally, the ODT has said that no more temporary gas allotments can be given by local boards to commercial vehicle operators appealing the allotments on their Certificates of War Necessity. Appeals must now be made to district ODT offices.

Gas For School Buses

Another ODT ruling of interest in the State is that school bus operators who did not receive revised Certificates of War Necessity before April 1 may obtain supplemental gasoline allowances if necessary. An appeal form may be obtained from the nearest ODT district office, completed and presented to the school superintendent for his recommendation, and returned to the district office. School Lunch Program Discontinued. Distribution of foods through the State Welfare Department to Virginia communities for use in school lunch program is being discontinued on April 30. The Department of Agriculture says that under a new program announced in February, schools will be able to purchase foods locally for their lunch programs and receive reimbursement in part from the Food Distribution Administration.

Ceilings On Trucks

To halt the practice of some dealers who have been charging more for second hand truck than the vehicle cost when new, OPA has put ceiling prices on all used commercial motor vehicles. The ceiling is established at a percentage of the value of the truck when new. Two schedules have been set up—one for truck sold "as is," and one allowing slightly more when the vehicles have been reconditioned and guaranteed.

V-Mail for Sea Mail

Through enemy action more than two thousand sacks of all destined for American soldiers overseas has been lost in recent weeks, the Army Postal Service has reported. The War Department says that the loss of these mails was a striking illustration of why V-Mail should be used, since thirty million pieces of V-Mail have been handled so far without the loss of a single letter. This is possible because the originals are held at the ports of embarkation until the duplicate copies arrive safely at their over-seas destinations.

Reviving Dead Radio Batteries

The War Production Board says now that some relief is anticipated in the current radio battery shortage. Lack of batteries has been acute in farm areas where radio reception depends solely on battery sets, but WPB hopes that it can be arranged so that manufacturers will be able to produce more replacement batteries.

Rumors and Circuses

The Office of Defense Transportation has some good news for both adults and children. In the first place ODT says that the rumors which have circulated that priorities will be applied to civilian train and bus travel are completely and entirely false. Secondly, even the war is not going to stop the circus from coming to town, for ODT has issued a general permit authorized the railroads to transport circus and carnival trains. Of course the circus may be a little late arriving, as freight, passenger and troop must have the right of way.

Legal Aid for Soldiers

Where allotments from service men are not coming through, the soldier's family may contact the local bar committee chairman, who in turn will get in touch with the legal assistance office of the camp where the soldier is stationed. The State Bar Association and the Virginia State Bar have set up committees in every county, city and judicial circuit in the State to assist the armed services and governmental agencies. Also, free legal assistance will be available for all military personnel under a plan set up by the American Bar Association and the War Department. A legal assistance officer will be appointed in each camp, and he will be aided by volunteer civilian lawyers from nearby communities.

A put up job for grapefruit

With fruits and juices rationed it means a put up job for grapefruit . . . and now at the peak of the season is the time to do it. Why don't you can your family's needs today following the simple directions given below.

CANNED GRAPEFRUIT SEGMENTS
12 large firm grapefruit 1½ cups sugar
fruit weighing about 11 lbs. 1½ cups water

a. Peel grapefruit with large sharp knife, cutting deep enough to remove the thin skin which separates the fruit from rind.

b. Section grapefruit over large bowl, to retrieve juice, by cutting carefully between dividing membranes and fruit segments. Lift out sections separately. Squeeze out as much juice as possible from remaining membranes, saving to add to segments in jars.

c. Pack grapefruit segments into hot sterilized jars to within about 1½ inches of top.

d. Combine sugar and water in 1-qt. saucepan and bring to a boil, stirring until dissolved.

e. Add ¼ cup syrup and ¼ cup of the grapefruit juice to each pint jar of fruit, so that liquid is about 1 inch from top of jar.

f. Adjust the jar tops and process in boiling water bath 10 minutes. (Water should cover jars by 1 to 2 inches. Count time of processing from minute when water begins to boil vigorously.)

g. Remove. Tighten jar lids. Place hot jars on folded cloth or paper out of draft to cool. Makes about 5 pints.

Candidates Cards

TO THE VOTERS OF FAIRFAX,
PRINCE WILLIAM, AND
THE CITY OF ALEXANDRIA:

At the request of many of my friends in this Senatorial District, I have announced my candidacy for nomination to the office of State Senator, subject to the Democratic Primary, August 3, 1943.

The district, composed of Alexandria City, Fairfax and Prince William Counties has a complex situation that needs the services of the most experienced man whom the voters can secure. My service in the General Assembly which extends over three sessions has fitted me to represent the best interest of all the peoples in this District.

As a life long farmer, I am fully acquainted with many rural problems which face the farmers of this District. Having served as a member of the Board of Supervisors of Stafford county and as clerk of the court of that county, I am in a position to assist in problems of county government which may arise.

Owing to war restrictions it will not be possible for me to see many of the voters of the District. I am taking this means to solicit your support and consideration of my candidacy, with the pledge that if elected, I shall certainly devote my whole hearted efforts in the interest of all of you.

GEORGE W. HERRING,
Woodbridge, Virginia

FOR CLERK OF THE COURT

I herewith wish to announce to the voters of Prince William County that I shall be a candidate for the office of Clerk of the Circuit Court, subject to the Democratic Primary August 3, 1943.

If I should be fortunate enough to be honored with this office I pledge to receive it as a sacred trust and will accord the patrons thereof every kindness, courtesy and consideration in the transaction of their business.

Very respectfully,

O. D. WATERS

TO THE VOTERS OF PRINCE WILLIAM AND STAFFORD COUNTIES:

I announce my candidacy for reelection to the House of Delegates of the General Assembly of Virginia for the Counties of Prince William and Stafford, subject to the Democratic Primary Election, August 3, 1943.

Having served the good people of these two counties for the past two terms, and having been placed on two major committees—Roads and Finance—I feel that I can be of even greater service in the future. There is no knowledge of the agreement, referred to by my opponent, by which a representative from each county should serve only two terms. I feel certain that the gentleman from Stafford never stood aside for me when first I became a candidate, and I see no reason why I am not entitled to run again. I appreciate the support which I have had from the people of Staf-

ford and Prince William Counties and if elected, I will endeavor to serve to the best interest of both counties.

Sincerely,
E. R. CONNER,
Manassas, Virginia

To the Voters of Prince William County

Subject to the Democratic Primary of August next, I respectfully announce my candidacy for the office of Clerk of the Circuit Court of Prince William County. Experience is the chief qualification, and having been in the said office since 1916—first as deputy clerk and then as clerk—I feel that I possess this. If elected, I will faithfully perform the duties of this office, as I have heretofore done in the past. The support and aid of every voter is respectfully solicited, and to the people of Prince William I now wish to express my appreciation and thanks for their past co-operation, as well as for any assistance rendered me in the coming election.

Respectfully,
LEAMON LEDMAN

TO THE PEOPLE OF PRINCE WILLIAM COUNTY:

I am a candidate for the House of Delegates of the General Assembly of Virginia, for the Prince William-Stafford District, subject to the Democratic primary election to be held on August 3rd, 1943.

After serving as your representative for two terms, 1935 to 1938 inclusive, it was my pleasure to stand aside in order that a candidate from Prince William County might have the opportunity to serve you in this capacity. This action of mine was in

accord with the gentlemen's agreement entered into many years ago when the two counties were joined in one legislative district, and which agreement was that the Counties would alternate, two consecutive terms each. So far this agreement has been adhered to, and I submit in all fairness and equity our next Delegate should be from Stafford County.

It is my desire to again serve our district in the legislature. My deep interest in the people, problems and enterprises of my district, and my official record during my two terms in office, are well known to most of our people. It is available to all.

I respectfully ask your support and continued confidence, and I assure you of my best efforts in the interests of our district and of our State.

Sincerely,

FRANK P. MONCURE

A few days ago there sauntered into the Journal Office two handsome soldier boys, Corp J. T. Mallory, of Weatherford, Texas, and Corp. Leonard Putnam, of Artesian, South Dakota, both of whom are for the time being stationed in Washington. J. T. Mallory was an experienced printer and went around first this machine and that. We tried to kidnap him, but he said he had to keep on fighting for Uncle Sam.

Mrs. Hazel Hogshed, of Luray, and Mrs. Edna Varner left today for St. Augustine, Florida, where Mrs. Hogshed will make her home.

NOKESVILLE

On Friday afternoon, April 2, the Nokesville School dedicated its Service Flag, with 70 stars representing the boys from B. D. H. S., who are in the Service of our country. It was a grand and impressive program. The School Band and Glee Clubs furnished the music. The Reverends Knupp, Ballentine and Shipley took part. All those present will long remember Dr. Shipley's timely address. Prof. C. O. Bittle dedicated the flag, with Prof. R. C. Haydon making the acceptance speech.

Two of the boys from this group have already given their lives—John M. Wood, Aviation Mechanic in the Army Air Corps at Kessler Field, Mississippi, and Marion Miller, Aviation mechanic at the Naval Base, San Diego, California.

As the names of all the boys were read, many memories were recalled of happier days and we are sure many prayers went up that they will return home safely to their friends, homes, and churches for which they are so honorably fighting for.

The parents of the two "Gold Star" boys were present. Mrs. Mary Wood lives in Silver Springs, Maryland. A large number of the other boys' families were also represented.

During the entire program our "Star Spangled Banner" waved as in a breeze in the center of the stage. MAY IT ALWAYS WAVE THUS!

A WORD OF APPRECIATION

Since the new Observation Post (Army Air Craft Warning Service) has now been successfully established in the Town Hall Tower, a center of more available observers, Lake Jackson Post has been discontinued. While I have acted as Chief Observer of the latter post, many of my neighbors have rendered valuable service in maintaining this post and I gratefully acknowledge their co-operation.

I also desire to commend R. Jackson Ratcliffe for his acceptance as Chief Observer of the New Consolidated Post for it is a strenuous and difficult job and I speak of the people of Manassas their whole hearted support in assisting him in its continuous operation as it is one of the most important of our civilian operated war activities, even the Press and authorities have given it little publicity of any one doubts the value of Air Craft Warning Service let them study one of the contributory causes of death and destruction of Pearl Harbor.

ATTENTION: PREPARE NOW!

Is your home insulated? If not, you will want to avoid a repetition of the discomforts suffered under fuel oil rationing this winter. In discussing the heating season of 1943-44, Harold L. Ickes stated: "The fuel outlook for next winter is even darker because of an impending coal shortage."
ROCK WOOL INSULATION properly applied is the answer. By insulating now you will gain the added advantage of summer comfort and have the satisfaction of knowing your home is fortified against another inevitable winter of rationing. Rock wool is still available and hope it may continue to be throughout the Spring and Summer.
Investigate now, estimates given without obligating you. Terms if desired.

We've all got to "dig in"
on the Food Front

IN our national emergency transportation space is precious. Every foot of space that's saved means just that much more room for vital materials of war. So the production of food near centers of consumption has taken on national importance.

You, the American people, can "dig in" and help by starting Victory Gardens now, and by seeing to it that they are really productive.

You can help your country, you can help the railroads, and you can also help yourself by cutting down your food bills and making your ration stamps go further.

Victory Gardens can make more food available for military needs and foreign shipments. And they can make a major contribution to the "battle of transportation." Our patriotic gardeners will have

many of their fresh vegetable needs satisfied right from their own backyards!

We, the railroads, will go on "digging in" by moving, fast and efficiently, the incredible quantities of food needed for our armed services, for our allies, for lend-lease shipments, and for millions on the home front.

What's more, we'll keep on moving the equipment, tools, fertilizer, and other supplies our hard-pressed farmers need to meet the staggering farm quotas for 1943.

And we'll continue to get the greatest possible service out of every piece of railroad equipment—through careful management and the splendid cooperation of railroad workers and shippers.

It's up to you and to us. Let's all "dig in."

MC CARRAN BILL
NOT LIKED HEREVIEWED AS AN INVASION
OF STATE SOVEREIGNTY

The McCarran Bill to extend the authority of the District of Columbia over large areas in Arlington has aroused much opposition in Virginia, not merely in Arlington County, but over the State as well.

To Virginians the measure reminds one of the old fable about the camel which first only wanted to put its nose with its master's tent, but sought more and more space until it walked in and kicked the master out. It is widely believed that this new proposal is just another step in the direction of resorting the original District of Columbia boundaries, which would place all of Arlington County and part of the City of Alexandria within the District.

It is quite certain that the Virginia Delegation in Congress will vigorously oppose the measure, but advocated of the Bill rely upon more distant Congressmen and Senators to put the proposition across.

Senator Byrd is quoted as stating that he was opposed to the Bill and has urged vigorous and concerted action by the residents of the County in appearing before the committee of Congress handling this legislation.

However, if supporters of the McCarran Bill can show the war need for the extension of authority sought, they are believed to have a great advantage in the stormy debate which is bound to occur, and conservative Virginians are widely thought to be

of the opinion that officially Virginia will do no more about it than to register the negative vote of its delegation in Congress.

So far, largely by the vigorous efforts of Congressman Howard W. Smith the various plans to seize Arlington piece by piece have failed, but whether under war conditions this "invasion" can be checked this time is said to be a matter of considerable speculation.

Thirteen billion dollars—the sum the Treasury must raise in the Second War Loan drive, is only one sixth of the estimated cost of the war for the fiscal year of 1943.

NEW AIR RAID SIGNALS AT A GLANCE

Effective 12:01 a.m., Feb. 17, 1943, in the Eastern military Area

WHEN YOU HEAR:

A long steady blast on an air raid siren, horn, or whistle—This is the BLUE signal—This means enemy planes probably coming your way.

Black out the lights in your home and business house. Either draw your blackout curtains or turn the lights off.

If you are in your automobile on the street or road: Switch your lights to the low beam—proceed wherever you are going—proceed with caution—start thinking about getting to a safe place.

If you are walking: continue to walk—Start thinking about where you will go if a raid signal follows.

WHEN YOU HEAR:

A series of short blasts on the air raid horn or whistle or a rising and falling sound on the air raid siren—This is the RED signal—This means enemy planes overhead.

Keep your lights blacked out. If you are riding in your automobile: Pull over to the side—stop—go to the nearest air raid shelter.

If you are walking: go to the nearest air raid shelter—get off the street.

If you are on a street car or bus: Get out—go to the nearest air raid shelter.

REMEMBER:

After the RED signal there will be a BLUE signal. This

does not mean "All Clear." This means enemy plane no longer overhead. Keep on alert. Enemy planes may return.

YOU MUST:

keep your lights blacked out

If you were in your automobile prior to the "Red" signal, you may get back into it, turn the lights on the low beam, and proceed wherever you are going. Proceed with caution.

If you were walking prior to the "Red" signal, you may resume walking.

If you were on a street car or bus, you may get back onto it and proceed.

REMEMBER:

A BLUE signal may not always precede a RED signal. There may not be time enough. But a BLUE signal always follows a RED signal.

REMEMBER:

Whenever you leave your home or business house, the light must be blacked out or attended.

REMEMBER:

Unless your community has prescribed a signal for "All Clear" that is different from either the BLUE or the RED signal, the only thing that means "All Clear" is the switching on of the street lights that were out during the BLUE (blackout), or an announcement

transmitted by radio, telephone or police, or other means.

Avoid Curiosity Calls Even After "All Clear"

Except in serious personal emergency, the public is asked to refrain from telephoning not only during a blackout or air raid alarm but for some time after the "all clear" has sounded. This is emphasized in a telephone company announcement in connection with Civilian Defense appearing on the front cover of new issues of telephone directories.

A flood of "curiosity calls" can slow telephone service and even tie up central offices at a time when the telephones may be needed most by defense forces.

Even after the "all clear," telephone lines must be kept open for use of wardens, for summoning medical help if needed, and for communicating with auxiliary police, firemen, repair forces and other defense agencies.

AS OTHERS HEAR YOU

Perhaps unwittingly, the Bell Telephone Laboratories have made life easier for fledglings of the Royal Canadian Air Force.

According to the *Monetary Times*, of Toronto, the Mirrophone, that magic device which records your telephone voice, and plays it back so you can hear yourself as others hear you, "has already changed the Canadian scene. The air force has used the machine for some months. The R.C.A.F. instructors speak already in gentler tones to their lowly rookies. . . one was even scared close to prostration when he accidentally heard himself in action. Since Mirrophone entered his life he has been known to say please."

His Pigs Go to War

Young Johnny Clay of Rocky Mount, North Carolina, is typical of farm children raising victory pigs and devoting profits to War Bonds.

Farm Youth of U. S. Looks to Tomorrow

TOMORROW'S farmers and farm homemakers are second to no school group in their enthusiasm for investing in War Bonds and Stamps to make sure their future is secure. Through the Schools At War program they are investing what they save and earn in War Stamps and Bonds.

First evidence of this is the amount the 4-H Club boys and girls and the FFA boys invested in war savings in 1942 from "Victory Pig" and other projects. A million and a half 4-H Club members put \$6,000,000 of their own savings in War Bonds and Stamps and sold \$2,500,000 worth of War Savings to their neighbors. Nearly a quarter million members of Future Farmers of America invested more than \$1,500,000.

Spurred by the realization that the financial welfare of farm families the next 20 years depends on how wisely they use today's higher incomes from increased food and other wartime production, both groups have set their goals still higher for 1943.

These farm youths are building financial reserves, and urging their parents to do the same, for after-war necessities, to meet financial emergencies and to help them get started in college.

They're building reserves today for tomorrow's farm buildings and for the other things they will need when they're tomorrow's farmers and homemakers.

The Unafraid

HOW much courage it takes to dive a plane down the funnel of a Jap aircraft carrier most of us will never know.

Men like Major Anderson don't come back to tell us.

How much courage it takes to fight in a deadly jungle crawling with Japs . . . how much courage it takes to battle heat and sand and thirst and Germans in the African deserts most of us can only guess at.

Our boys who fight there don't talk about it.

Such courage staggers the mind. It is the same kind of courage that has that neighbor boy of yours waiting at the hospital in uniform to see his new-born son.

Some day soon that young father may have to dive his plane down the funnel of a Jap carrier.

He knows that. So does his wife:

Yet their faith is such that they get married . . . have babies . . . plan a confident future.

They are the unafraid. They make the fears and doubts of the rest of us seem mean and small. They make us see some of their vision of the magnificent future of our country . . . a country which can be entrusted with the sons of men who may never see them.

The 2nd War Loan Starts April 12

13 billion dollars must be raised!

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 16 MILLION tons we're building this year still won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building

... We've got to match, as best we can the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion extra dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peace-time jobs making peace-living for every one of us.

For your Country's sake—for your own sake—invest all you can!

There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited For You:
