LIVING COSTS ARE BOOSTED

BYRD SHOOTS ANOTHER RESOLUTION AT LABOR BOARD

The time has come for Congress and the people to know definitely and exactly what the War Labor Board has done and is doing with respect to increasing wages, and on what basis. Therefore, I am introducing a Senate Resolution requiring on May 1, and the first of each month thereafter, a full and complete statement from the War Labor Board, with an analysis, of each authorization, and the decision it has rendered. I will ask for its passage at the next legislative session of the Senate.

I voted for, and I say again, that the simplest, fairest and only effective course is to freeze the prices on everything, providing for equitable adjustments in hardship cases.

If wages continue to rise, then an increase in the cost of living must follow, then wages will rise again, and, like a snowball going down hill, the momentum of inflation will become uncontrollable.

RESOLUTION

Resolved, That the National War Labor Board is authorized and directed to submit to the Senate as soon as practicable (1) an analysis of the effect of its decisions and orders since January 12, 1942 which have directed, authorized approved wages increases and reclassifications of employees, with the total cost of all such wage increases, together with a statement of the changes (expressed in percentages and amounts) in the basic hourly rates of wages and the average weekly earnings which have resulted from such decisions and orders in the case of each employer or industry affected thereby, (2) a statement with respect to any action taken by the Board since January 12, 1942 for the purposes of increasing sub-standard wages and correcting inequalities in wages, together with illustrative examples of situations in which, in the opinion of the board, substandard wages and inequalities in wages exist and which in effect constitute a definition of such substandard wages and inequalities, and (3) a statement with respect to all cases in which wage increases have been authorized or approved by the Board which constitutes a departure from the so-called "Little Steel Formula." (4) The first report shall be made not later than May 1, 1943 and thereafter the War Labor Board is directed to furnish a report on the first day of each month to the Senate containing this information.

BLOOD DONORS NEEDED

The Prince William County Chapter of the American Red Cross is holding its third Blood Plasma Clinic on Tuesday, April 20th, in the Parish Hall, Manassas, Va.

One hundred volunteers are needed to obtain the 80 pints of blood to be processed into plasma. Any person between the ages of 21 and 60 years in good physical condition will be accepted, and will run no risk, as a fully equipped and competently manned unit, with Navy doctors, nurses, etc., will be in charge of the clinic.

Already more than a million Americans have donated their blood. This blood processed into plasma is saving lives throughout the War Zones.

In time of war the fact that this most precious of all gifts may save the life of a wounded soldier, a sailor, perhaps ones own kith and kin is one of the most dramatic stories of the war. Your body will rapidly replenish the temporary loss of blood and many donors return again and again.

Here is a gift which, unlike money, unlike time or even work is a part of yourself. A gift most literally from the heart.

Volunteer, do not wait to be asked, contact Mrs. J. A. Delaney, blood donor clinic chairman; Mrs. E. H. Marsteller, chapter secretary; Mrs. W. L. Lloyd, or the Red Cross board member in your community. Phone 45-F-13 for further information.

ENGAGEMENT ANNOUNCED

Mrs. and Mrs. Peter Winfield Howell of Collinsville, Texas, announce the engagement of their daughter, Dorothy, to Mr. William Newman Trusler, son of Mr. and Mrs. William Ernest Trusler.

JOINS THE WAVES

Miss Julia Ann Beane, daughter of Mr. and Mrs. A. L. Beane, enjoys the distinction of being the first from Prince William to join the WAVES. Miss Beane left April 9 for Cedar Falls, Iowa, for training at the State Teachers College, previous to which she spent a week in Florida with her sister Betty.

MEMOIRS READ AT U D C MEETING

SPECIAL GIFT RECEIVED FOR CONFEDERATE MUSEUM

Mrs. Margaret Lewis was hostess to the Manassas Chapter U. D. C. on April 7th at her home on West Street. After the opening exercises of prayer and flag salutes, an impromptu historical program was presented consisting of readings from old issues of the "Confederate Veteran." From one was read a poem "Taps" by the late Albert Speiden of Manassas. Also a humorous and delightful letter under date of September 11, 1864, written by the late Capt. James E. Herrell, C. S. A., when he was at Hewletts, Va., was read by his daughter, Mrs. Florence Newman.

A lovely tinted portrait of William S. Pilcher, of Otey's Battery, C. S. A., was exhibited by Mrs. E. H. Marsteller and was accompanied by a letter from Mr. Pilcher's son, Lewis Pilcher of Chicago, which explained that it is the wish of the Pilcher family that the portrait be placed along side of the uniform which the family recently gave to the museum on Manassas Battlefield.

A letter was read from the Fourth District chairman stating that the May meeting scheduled to be held in Warrenton had been cancelled, but urged that the work of the chapters continue and send in reports to her. The chairman pointed out the importance of assembling now an honor roll by each chapter of all the men now in the armed forces who are lineal descendants of Confederate Veterans. Data is now being gathered for Virginia History in World War II and these rosters will be included.

The president appointed Mrs. R. S. Hynson to the office of corresponding secretary to fill the unexpired term of Mrs. McDuff Green, owing to the removal of the Green family to Stafford County.

Resolutions upon the passing of Miss Emma Shannon were read by the chairman, Mrs. Newman, and adopted by the chapter.

The 1942 minute books were distributed and bill for same ordered paid.

Mrs. E. H. Nash, recorder of crosses for the chapter, made a report on one application nearly completed and Mrs. Nash hopes to have the honor of presenting the cross on Confederate Memorial Day, June 3rd.

A pleasant social hour followed adjournment when the gracious hostess, assisted by Mrs. R. A. Hutchison, served tea and wafers.

BAPTIST MISSIONARY MEETING

The W. M. U. will meet at the home of Mrs. Len Weston on Tuesday afternoon at 2:30 o'clock. Mrs. Weston will have charge of the program.

CANTATA AT GRACE CHURCH

The public is cordially invited to a special service at Grace Methodist Church on Palm Sunday evening at eight p. m. when the well known cantata "PENITENCE, PARDON AND PEACE" by Maunders will be presented under the direction of Mrs. Dennis Baker, with Mr. Cleveland Fisher at the organ.

In this work the spirit of Lent and the message and promise of Easter are put into a beautiful musical setting, and a thorough preparation by the Methodist choir, assisted by singers from the choirs of other local churches gives assurance that this performance will be well worth the attendance of music lovers of Manassas and vicinity.

IMPORTANT NOTICE

Beginning April 9, 1943, the office of the Rationing Board at Manassas will be closed on Saturdays at 1:45 P. M.

FILES FOR TOWN COUNCIL

In the growing list of candidate's cards there appears another name this week. J. L. Bushong, long associated with the retail grocery business in the town and for a time a member of the county a number of years ago, will be a candidate for Town Councilman at the June election.

With many years of residence here and experience in many lines, Mr. Bushong feels that he is prepared to serve the local public in a capable way.

A number of the citizens approached Mr. Bushong on this subject and this fact is primarily responsible for his action.

ATTEND WASHINGTON PRESBYTERY

On Monday and Tuesday of this week, Rev. John M. DeChant and J. L. Bushong attended the sessions of the Washington Presbytery.

The local congregation was honored in the selection by the Presbytery of Mr. Bushong as commissioner to attend the general assembly which will be held at Detroit, Michigan next month.

As retiring Moderator, Mr. DeChant preached the sermon on Tuesday morning.

SUBVERSIVE PROPAGANDA

(First of a series of editorials on Un-American activities)

The "Little Dies Committee," of California, has just issued a 445 page report on Red activities in California which should cause patriotic citizens of all States to do some constructive thinking, and possibly take some protective action. What is revealed in this report as occurring in California is unquestionably going on throughout the nation and certainly in Virginia.

The California report, which is the result of an investigation over a two year period, covers subversive activity of Communist, Nazi, Fascist and Japanese enemies, but stresses the increasing danger from the "reds" who, the report states, "have found for the first time a moving force in America which they can harness for their future sinister purposes."

While we are reading that Germany is getting ready to bomb Washington (and we believe this to be true), we should also heed this new warning of Fifth Column activity.

"We all admire the courage and heroism of the Russian people," the report continues, "but we do not believe their stand proves the greatness of their government. We insist that we be permitted to determine our own form of government."

Then the Committee goes on to disclose how the Communist Party is planning "soldiers and sailors councils" within the army and navy, similar to those set up by Ke-

JULIA ALLOWAY WILL BE HEARD IN MANASSAS

On Eastern Monday, April 26, at 8 p. m., Group "C" of the Women's Auxiliary of Trinity Episcopal Church will sponsor an attractive entertainment in the Parish Hall of the church, presenting Julia Alloway, a mezzo-soprano singer, together with John Elliott as her assistant.

The program to be given by these artists is entitled "An Evening of Song and Story." The music will include groups of songs and ballads of English and European origin, taken from both folk-song and classic sources, while the story feature will set forth the humor as well as the pathos of outstanding poets and dramatists.

Miss Alloway and Mr. Elliott have been happily received in these programs wherever presented. This is by reason of the fact that they have been fashioned primarily and chiefly for entertainment rather than for any academic presentation of art forms in either their music or literary content. They please the catholicity of taste found in any average audience; hence their deserved popularity.

Tickets of admission to this attractive entertainment are now in the hands of the membership of Group "C" for distribution.

WAR CORRESPONDENT ENTERTAINS CLUB

The troubles of international and war correspondents were aired at the weekly meeting of the Manassas Kiwanis Club by Mr. Percy Noel, of Nokesville, now in Washington with the Associated Press.

Mr. Noel was in Europe all through the last World War and was in Paris at the time of the evacuation. Time prevented him from telling more of the anecdotes, both humorous and serious.

Sufficient to say that the speaker was most interesting and furnished a most enjoyable program. He came as the guest of Kiwanis Saddle, and was introduced by OD in the former's absence.

The lieutenant governor's visit was postponed to this Friday. As usual he will meet the officers of the club and all committee chairmen after the regular session.

WAR INFORMATION OF HOME VALUE

NO RESTRICTIONS ON FOOD IN LOCKERS

Food in frozen food lockers may be used by Virginia farmers and other consumers without rationing restrictions, OPA has stated. The total amount of perishable food stored in lockers in private homes, on farms, and in commercial plants is considered too small to justify the inconvenience it would cause all consumers either to have this food declared, or to place any legal restrictions on its use.

SOLDIERS BACK TO FARMS

The War Department has announced procedures by which Virginia soldiers, as individuals, may obtain discharges from the army to return to their farms. Soldiers on active duty in the continental U. S., who are 38 years of age and over, may be discharged upon favorable consideration or written applications submitted prior to May 1, 1943. These requests must be accompanied by a letter or statement from local farm agents to the effect that the soldiers will be employed in essential agricultural activities if discharged from the army. Such requests are made by the soldier to his immediate commanding officer. A soldier meeting these requirements will be discharged promptly unless his release will seriously affect the efficiency of his unit.

NO INSPECTION, NO GAS

The ODT reminds Virginia's operators of commercial motor vehicles that the deadline for tire inspection was February 28. So far, less than 25 per cent of such operators have had their tires inspected, and now the State OPA is moving to correct this carelessness on the part of truck operators by ruling that no second-quarter allotments of gas will be given unless a tire inspection certificate is presented. The ODT urges Virginia operators to save themselves unnecessary trouble by having their tires inspected immediately.

ANY TIME, NOW

The Army has taken over the operation of the State's tests blackouts, and Virginians have been warned to be on the lookout for unannounced blackouts at any time. The State OCD says that the last blackout test was highly satisfactory, but has been informed by the Army that real air raids are very likely to be made on the Atlantic Coast this Spring by Axis planes.

LIVESTOCK OWNERS, PLEASE NOTE

The Food Distribution Administration of the USDA has announced that under provisions of Food Distribution Order No. 27, Virginia Livestock owners taking their animals to custom slaughtering houses are now required to register with local USDA war boards. Under the terms of the order, the person who owns the livestock at the time of slaughter is considered the slaughterer regardless of whether it is done by someone else for him. Thus, a person who slaughters for hire or on a custom basis, is not affected by the order except as the order affects the person for whom he slaughters.

CHRISTIAN SCIENCE

"Substance" is the subject of the Lesson-Sermon which will be read in churches and societies of Christ, Scientist, throughout the world, on Sunday, March 14.

The Golden Text is "Thine, O Lord, is the greatness, and the power, and the glory, and the victory, and the majesty: . . . both riches and honour come of thee, and thou reignest over all." (1 Chron. 29:11, 12).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Now faith is the substance of things hoped for, the evidence of things not seen. Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear." (Heb. 11:1, 3).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Substance is that which is eternal and

"HI-YA, SOLDIER"

It made Jim feel mighty proud when that youngster looked up at the cab window and called out, "Hi-Ya, Soldier!"

You see, Jim fought in France in the last war... before many of the boys who are fighting this war were born.

Today, Jim's a locomotive engineer... been with the Southern Railway System ever since he came back home in 1919.

Then Pearl Harbor... and Jim began to feel uneasy. Wondered if he shouldn't get back in uniform again.

But he doesn't feel that way now. That comradely "Hi-Ya, Soldier!" cleared up a lot of things that were troubling Jim. For it made him realize that he is a soldier! In this war, too!

He remembers that tanks and ships can't be built

or guns and planes roll off the production line... without railroad transportation.

He knows that fighting men would be hungry and cold and helpless... without railroad transportation.

He knows that there would never be enough of anything, where it is wanted, when it is needed... without railroad transportation.

So Jim, and all the other men and women of the Southern Railway System, are "good soldiers"... doing their bit by keeping the wheels rolling under the heaviest transportation load in history.

Their fight is the vital Battle of Transportation... and they're keeping the tracks clear for Victory!

Candidates Cards

TO THE VOTERS OF PRINCE WILLIAM, FAIRFAX AND THE CITY OF ALEXANDRIA:

At the request of many of my friends in this Senatorial District, I have announced my candidacy for nomination to the office of State Senator, subject to the Democratic Primary, August 3, 1943.

The district, composed of Alexandria City, Fairfax and Prince William Counties has a complex situation that needs the services of the most experienced man whom the voters can secure. My service in the General Assembly which extends over three sessions has fitted me to represent the best interest of all the peoples in this District.

As a life long farmer, I am fully acquainted with many rural problems which face the farmers of this District. Having served as a member of the Board of Supervisors of Stafford County and as clerk of the court of that county, I am in a position to assist in problems of county government which may arise.

Owing to war restrictions it will not be possible for me to see many of the voters of the District. I am taking this means to solicit your support and consideration of my candidacy, with the pledge that if elected I shall certainly devote my whole hearted efforts in the interest of all of you.

Woodbridge, Virginia

To the Voters of Prince William County

Subject to the Democratic Primary of August next, I respectfully announce my candidacy for the office of Clerk of the Circuit Court of Prince William County. Experience is the chief qualification, and having been in the said office since 1916—first as deputy clerk and then as clerk—I feel that I possess this. If elected, I will faithfully perform the duties of this office, as I have heretofore done in the past. The support and aid of every voter is respectfully solicited, and to the people of Prince William I now wish to express my appreciation and thanks for their past co-operation, as well as for any assistance rendered me in the coming election.

Respectfully,

LEAMON LEDMAN

TO THE CITIZENS OF PRINCE WILLIAM COUNTY:

I HEREBY respectfully announce myself a candidate for the office of Commonwealth's Attorney for Prince William County, Virginia, subject to the Democratic Primary to be held August 3rd, 1943.

STANLEY A. OWENS

49 to end.

TO THE VOTERS OF PRINCE WILLIAM AND STAFFORD COUNTIES:

I announce my candidacy for re-election to the House of Delegates of the General Assembly of Virginia for the Counties of Prince William and Stafford, subject to the Democratic Primary Election, August 3, 1943.

Having served the good people of these two counties for the past two terms, and having been placed on two major committees—Roads and Finance—I feel that I can be of even greater service in the future.

There is no knowledge of the agreement, referred to by my opponent, by which a representative from each county should serve only two terms. I feel certain that the gentleman from Stafford never stood aside for me when first I became a candidate, and I see no reason why I am not entitled to run again.

I appreciate the support which I have had from the people of Stafford and Prince William Counties and if elected, I will endeavor to serve to the best interest of both counties.

Sincerely,

E. R. CONNER,
Manassas, Virginia

TO THE VOTERS OF PRINCE WILLIAM COUNTY

I hereby announce my candidacy for the office of Attorney for the Commonwealth, Prince William County, Virginia, subject to the Democratic Primary to be held on August 3, 1943.

I wish to express my thanks to the people of Prince William County for their support and cooperation during my present term of office. You know my record, and I feel, that with my past experience, I can successfully render a service to the people of my county. Due to the gasoline shortage it will be impossible for me to see each and every person in the county and so I take this opportunity of soliciting your continued support. You know what I have done in the past, both in private life (as I was born in your midst), and in public life.

If my efforts have met with your approval, I will greatly appreciate your help in the coming election.

Sincerely,

W. Hill Brown, Jr.

FOR CLERK OF THE COURT

I herewith wish to announce to the voters of Prince William County that I shall be a candidate for the office of Clerk of the Circuit Court, subject to the Democratic Primary August 3, 1943.

If I should be fortunate enough to be honored with this office I pledge to receive it as a sacred trust and will accord the patrons thereof every kindness, courtesy and consideration in the transaction of their business.

Very respectfully,

O. D. WATERS

RANDOM HARVEST

This is the story of a man, Charles Rainier, who entered the World War in '14 along with some of his companions and received a wound in the head, causing him to lose all memory of his life in London before the War.

After being taken to a military hospital, he was transferred to an asylum in Melbury. Day after day Rainier hopefully waited for his family to come for him. Anxiously he watched each newcomer in the hope that possibly he would be recognized and be taken home.

One morning in November, the date on which the Armistice was signed, the gates were left open in all the excitement. Rainier, walking his regulation mile along the cinder paths

and finding none guarding the gates, walked on through them. Upon reaching the outside, he saw a crowd gathering in groups, heard loud bells, whistles, and sirens. As all memory of the war had been obliterated from his mind, he didn't know the cause for all the commotion.

Hoping to escape a crowd, Charles ducked into a nearby shop. Here he met Paula, a music-hall entertainer, who was friendly toward him and called him "Smithy" as he had forgotten his real name. She helped him to escape from those who would return him to the asylum. She brings him courage and hope; together they created a new life to replace the one he had forgotten. Soon his sympathy deepened into adoration for his benefactress. They were married by a person who befriended them, and to whom they had confined their fear of Smithy's being found and returned to the asylum. The kind old person understood their situation and promised to keep their marriage a secret.

The marriage ceremony, marked the beginning of a new life for Smith. With this new responsibility, he went to Liverpool to seek employment. He reached Liverpool in the early and it was very rainy. In hurrying across a slippery street, he stumbled and fell in the path of an oncoming car. When he was brought to, he had forgotten his life with Paula and remembered only his past as wealthy Charles Rainier.

He returned to his estate and was welcomed by his family, but he was not happy. There was a lapse in his memory which he could not fill. His father died and Rainier, now head of a prominent and wealthy family, took over his father's firm which sees its best days under his management.

Paula, unrecognized, became his secretary, and was so indispensable that he married her.

Patiently she waited for him to recall the years they spent together. How Paula awakens Charles' lost emotions and brings back to the happiness they once shared together makes such an exciting story that you will want to add this book to your reading list.

This fascinating novel by Hilton, author of the well-known "Good-bye Mr. Chips," was published by Little, Brown, and Company in 1941. This book may be borrowed from the Ruffner-Carnegie Library.

ATTENTION: PREPARE NOW!

Is your home insulated? If not, you will want to avoid a repetition of the discomforts suffered under fuel oil rationing this winter. In discussing the heating season of 1943-44, Harold L. Ickes stated: "The fuel outlook for next winter is even darker because of an impending coal shortage."

ROCK WOOL INSULATION properly applied is the answer. By insulating now you will gain the added advantage of summer comfort and have the satisfaction of knowing your home is fortified against another inevitable winter of rationing. Rock wool is still available and hope it may continue to be throughout the Spring and Summer.

Investigate now, estimates given without obligating you. Terms if desired.

SENATOR WRIGHT'S PROPOSAL

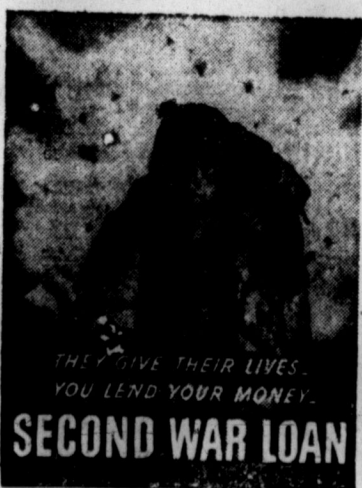

Hon. William A. Wright, former State Senator and now Chairman of the State Conservation Commission, has just made a valuable proposal in connection with the problems created by the immense increase throughout Virginia of Federal land ownership.

Senator Wright proposes a Congressional study of the situation and has sent a statement to the Virginia delegation in Congress which is very revealing. His figures show the increasing difficulty in some counties of maintaining their local governments in the face of retirement of so much taxable property.

Senator Wright's statistics show that the Federal Government has now taken over a total of 2,168,378 acres in Virginia. The larger part lies in national parks, but the military reservations cover 263,371 acres, while listed as miscellaneous are some 320,165 acres.

One of the big acreages in this area is in Prince William, given as 72,726. "The counties," continues Senator Wright, "I have in mind which have been so seriously affected are Arlington, Stafford, Fairfax, Caroline, York, Warwick, Norfolk and Princess Anne." More than 8 per cent of Virginia is now owned by the Federal Government.

We do not note that the report goes into the question of prompt payment by the Federal Government for land seized, but in view of the positively shameful manner in which land owners in Prince William and Stafford have been treated by prolonged delay of compensation, we hope that the proposed study will also go fully into this important matter with view of alleviating the seemingly unnecessary hardship and actual privation which has been inflicted.

FEDERAL CLAIM-JUMPING THE IRON MINES ON FARMS

Senator McCarran has introduced a bill in the Senate which would give the District of Columbia government, which means the Federal government inasmuch as the district is governed by a congressional committee, jurisdiction over large sections of Arlington County, on which are located such Federal properties as the National Airport, the Pentagon Building and the Navy annex. Whether this can be done legally or not without the consent of Arlington County and the State of Virginia is a disputed question, since the areas in question are part of the State of Virginia. The Federal government can condemn land for its own uses, but assuming governmental jurisdiction is another question.

The land on which these properties are located is part of the area which the State ceded to the Federal government when the District of Columbia was laid off as the site of the National Capital. The Capital and other government buildings, however, were erected on the north side of the river, and the part of the original district lying on the State. There have been numerous disputes over jurisdiction in this area, but these have had to do mainly with the boundary line, which is supposed to be at the high water line on the Virginia side. It is contended, however, that the line has shifted considerably since the original boundary was established.

But the present dispute is more than a boundary issue. The McCarran bill would assert Federal jurisdiction over an area that was originally and is now, a corporate part of the State of Virginia. It would strip Virginia of part of its sovereignty, without leave or license from the State. It is immensely valuable land and yields the State considerable revenue. The question of providing adequate public services, such as police and other services, is a knotty one admittedly, but Arlington County is not responsible for the congested conditions which have been brought about by the Federal government and the instant need of vastly expanded public services.

The Federal government should relieve Arlington County of the heavy costs connected with supplying police, fire and other protection for its property and personnel, without asserting governmental jurisdiction over the area. If the Federal government wants to recover the area, it should proceed in the proper manner and deal with the Governor and General Assembly of Virginia. The McCarran bill, by investing governmental jurisdiction in the District of Columbia, virtually asserts a Federal claim on Virginia territory. That amounts to seizure. If the government wants the area returned to the District, it would probably find the State of Virginia reasonable to deal with. But it should secure the territory by purchase, not by an illegal seizure.

—Northern Virginia Daily

Every old farm is an iron mine. The entrance to the iron mine is the barnyard gate. No shafts have to be sunk to reach the iron. The "seam" is on the surface. Into the barnyard, or close to it, old machinery has been moved and abandoned. Plowshares were dropped there. Tires of wheels that collapsed on the road were rolled into the barnyard. Motor cars too nearly worthless to "trade in" for now have weathered and rusted there. On American farms the government estimates there are at least 3,000,000 tons of recoverable iron and steel. In Virginia, the total must run to 200,000 at the lowest, perhaps to twice that weight. Immediately, the government asks Virginia rural dwellers for 87,500 tons. This collection begins tomorrow and continues for two months. Responsibility for it has been placed primarily on the county and small-town newspapers, but that responsibility is shared by all of us, because the need is imperative. Every ton of steel that can be produced in the United States during the year is requisitioned already. Had we 10,000,000 additional tons, many things that now are impossible could be taken in hand. It is disservice to the nation to keep in the bondage of rust the thousands of tons of good scrap that lie on Virginia farms. News-Leader 3-31-43

HERBERT H. HOWARD

The Centreville community was greatly shocked last week when Herbert H. Howard, who has been a resident there for several years past, died very suddenly at a Washington hospital. He had previously been in very good health.

Before coming here in 1939, Mr. Howard had lived for almost a quarter century at Wichita, Kansas, where he had been an executive for the Standard Oil Company. While there he became affiliated with the Masonic Order and also joined the Christian Church, being a deacon for the Hillside Church a number of years.

A native of Louisville, Kentucky, he moved to Oklahoma with his parents, after passing his early youth in his native city. It was in Oklahoma that he made the acquaintance of and later married Miss Electa Russell.

A quiet and civic-minded citizen, he will be greatly missed for his acts of neighborly kindness and his service as a deacon in the Methodist Church at Centreville, having taken membership there some time ago.

He leaves to mourn him his widow, one daughter, Mrs. Walter W. Orebaugh, a grandson, Howard Davis Orebaugh; also three brothers, J. W. Howard, Sapulpa, Okla., W. B. Howard, Bloomington, Ill., and Earl Howard, Aline, Okla.

The funeral was held at his church on Friday afternoon last, the Rev. Dr. Jere Shipley officiating. Interment was at Columbia Gardens, Arlington.

IN THE CIRCUIT COURT OF PRINCE WILLIAM COUNTY, VIRGINIA:

Lizzie B. Scott, Complainant,

vs.

Howard Scott, Peter Scott, Martha Green (nee Scott) and Bessie Thurston (nee Scott), Defendants.

IN CHANCERY

An affidavit having been made by the complainant, Lizzie B. Scott, as required by law, that Peter Scott and Bessie Thurston, two of the defendants in the above-styled cause, are not residents of the State of Virginia; that the last-known post office address of the said Peter Scott is, % General Delivery, Pittsburgh, Pa., and that the last-known post office address of the said Bessie Thurston is, 846 Poplar Street, Coatesville, Pa., and an application for this order of publication having been made by the complainant and duly granted by the clerk of this court:

The object of this suit is to have entered by the said Circuit Court of Prince William County, Va., a decree directing the sale of two certain adjoining lots or parcels of land, together with the buildings thereon, situate in the town of Manassas, Prince William County, Va., between the south side of Center Street, and the right of way of the Southern Railway Company, fronting for a distance of 95 feet on said Center Street, being the same land conveyed to the complainant and to the late James Scott by Thomas H. Lion, Special Commissioner, by deed dated October 31, 1928, and of record in Deed Book 86, page 148, among the land records of said county; and to have the proceeds of sale, after the payment of costs, counsel fees and such liens as may be binding upon said land, divided amongst the present owners of the same, they being the complainant and heirs at law of the said James Scott, and for general relief.

It is therefore ordered that the above-named defendants appear here within ten days after due publication hereof and do what is necessary to protect their interests in this suit. It is further ordered that a copy of this order be published once a week for four successive weeks in the Manassas Journal, a newspaper printed and published in the County of Prince William, Va., that a copy be sent by registered mail by the clerk of this court to each of said non-resident defendants at their respective addresses, hereinbefore set out, that a copy be posted by the said clerk at the front door of the Court House of this county on or before the next succeeding rule day after this order of publication is entered; and that said clerk shall certify to this court that the said copies have been posted and mailed as hereinbefore directed.

Given under my hand this 2nd of April, 1943.

Leamon Ledman, Clerk.

American People Face Acid Test in Treasury's 2nd War Loan To Raise 13 Billion Dollars in Three Weeks

The Nation Dare Not Fail in This Greatest Financing Task in History—"They Give Their Lives—You Lend Your Money."

Washington, D. C.—Coming as it does upon the heels of income tax payments, the people of America will face an acid test this month when the Treasury's Second War Loan drive opens April 12 with an objective of thirteen billion dollars to be raised through sale of Government securities.

A substantial part of this huge financing, the most stupendous ever undertaken by any government in the world's history, must be loaned by people in ordinary walks of life.

High Government officials have pointed out that the nation must not fail in this duty to our men on the battle fronts who are now carrying the offensive to the enemy at every stage. It is obvious to every thinking man and woman that as the United Nations take this offensive against the dictators, the cost of war operations increases in proportion.

The American people must no longer think of war costs in terms of equipping a soldier, building a tank or plane or a ship. We must now think in terms of the cost of battle, the invasions and new offensives. Attacking armies cost more money than equipping that army and we must meet that increased cost by buying more War Bonds and Second War Loan Securities.

They Give Their Lives.

It is not only necessary that the American people lend here at home assume this additional participation in the war effort—it is an honor to do so... for we here at home can do no less than attempt to approach the sacrifices of our brave men out on the fighting fronts to whom the last great measure of sacrifice is but a daily offering. They give their lives... we are asked only to lend our money.

And that is the theme of the Second War Loan, "They Give Their Lives—You Lend Your Money."

Financial experts who know monetary conditions in the nation point out that at the present time there is in liquid funds, cash and commercial bank deposits over and above taxes and present investment in Government Bonds, and over and

above what can be bought this year because of restrictions and rationing... approximately 40 billions of dollars which should go into Government Bonds.

It should be the objective of every American to invest these loose dollars, idle dollars, in Government securities, not only from a patriotic standpoint, but from the standpoint of their own financial security. There is available during the Second War Loan a type of Security to fit every pocketbook.

Are Wild Dollars

Every dollar of these forty billions of dollars available, which is not invested in Government securities during this War Loan Drive is a "wild" dollar which, together with its mates, will tend to increase inflation. Uncontrolled inflation might raise the cost of living to a point where the dollar is worthless. It can happen. It happened in Germany after the last war when the price of a loaf of bread cost more than an annual wage.

Invested in Government securities, your dollar will work for you. It will hold down inflation because it is harnessed in war work; it will help buy food, transportation, munitions for our boys on the front lines and it will be earning interest that, together with your original loan, will come back to you later to help you buy the things you cannot buy today... to insure your peace of the future.

Remember those boys out there in Tunisia... in the South Pacific... They give their lives—You lend your money.

What You Buy With WAR BONDS

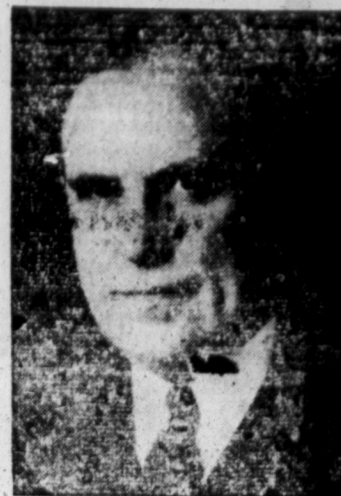

At Midway, in the Coral Sea and from General MacArthur's headquarters in Australia, the Navy patrol bombers are searching out enemy bases, ships and transports and "completing their mission." The Navy Patrol Bomber costs about \$750,000.

Our factories are turning out hundreds of these bombing ships. Yet it is only through your investment in War Bonds and Stamps you can do your share to help provide patrol bombers for our rapidly increasing air force. Invest at least ten percent of your income every payday in these Government securities and do your bit to win and shorten the war. Our airmen are depending on your help.

FRANK D. BEALE

Nickel Plate Names F. D. Beale to Direct Road's Operation

Has Background of 30 Years' Service With C. & O.

Frank D. Beale, Assistant Vice President and Assistant to the President of Chesapeake & Ohio Lines since 1940, has been made Vice President in Charge of Operation of the Nickel Plate Road. Announcement of his election was made by John W. Davin, President of the Nickel Plate.

Mr. Beale is fifty-two years old and he already has a background of approximately 30 years of railroad service, allowing for interruptions occasioned by four years in college and service in the first world war. At the time of his appointment to the dual post of Assistant Vice President and Assistant to President, his position was that of Assistant General Superintendent of the Western Division of the C. & O. with headquarters at Huntington, W. Va.

Started Railroad in 1910

Mr. Beale entered railroad service in 1910, on the Ontario Florida Railway, and served successively as rodman and assistant engineer. He entered the engineering college of the University of Virginia in 1911, and was graduated in 1915, with a degree in civil engineering. He then resumed railroading, joining the Chesapeake & Ohio in the capacity of Assistant Section Foreman.

His advancement on the C. & O. was rapid, for after one year of service as assistant section foreman he was made Assistant Supervisor of Track of the Rivanna District, in August, 1916, and four months later, was Acting Division Engineer of the Clifton Forge Division. He was advanced to Division Engineer of the Clifton Forge Division six months later, and he relinquished this post to serve with the 314th Field Artillery in the first world war.

With his return to civilian life he resumed service with the C. & O., as Division Engineer, July 1, 1919. He was made Trainmaster on the Richmond Division, in February, 1924, and Superintendent of that Division in March, 1926. Four years later he was promoted to the post of Assistant General Superintendent of the Western General Division—an office which he held until 1940 when he transferred to Cleveland to participate with the office of the president in the direction of activities embracing every phase of railway engineering and operation.

Mr. Beale is married, has six children, and resides in Shaker Heights, a suburb of Cleveland. He is a native of Fredericksburg, Va., where he was born Nov. 4, 1890.

The Second War Loan Drive is On

THE GOVERNMENT of the United States is asking us to lend it 13 billion dollars in the next few weeks. We can do it. And we must do it. Every American must realize the truth:

In this, our toughest war, we've made a good start. We've trained a lot of men—made a lot of weapons—built a lot of ships.

But it's only a start. No man or woman among us would contend for a single instant that we're doing enough now to win this war!

We've Got to Build More!

We broke all records building 8 million tons of shipping last year. But grim-faced Army and Navy men will tell you that the 18 MILLION tons we're building this year *still* won't be enough!

We've Got to Fight More!

From now till this war is won, America must be on the offensive. In ever-increasing numbers, your sons, brothers, husbands must go into actual battle. Our losses have already begun to mount—and they will not grow less.

And We've Got to Buy More War Bonds!

Sure we're all buying War Bonds now. But we've got to help pay for our increased fighting and building

... We've got to match, as best we can the sacrifice of those Americans who are toiling and sweating on a dozen battlefronts—with the bloodiest yet to come. The blunt fact is this: to keep our war machine going, we've got to dig up 13 billion *extra* dollars this month. 13 billion dollars over and above our regular War Bond buying!

In the next few weeks you may be visited by one of the thousands of volunteers who are contributing their time and effort to this Drive. But don't wait for him. Make up your mind now that before this drive is over, you're going to march right down to your nearest bank, Post Office, or place where they sell War Bonds, and do your duty. And don't ever forget this: in doing your duty, you're doing yourself one of the biggest favors of your life!

For United States War Bonds are the greatest investment in the world—bar none. They're investments tailored to fit your particular situation. And they give you the chance of a lifetime to order and get the kind of world you want to live in after this war. Every cent you put in War Bonds now will help to guarantee plenty of peace-time jobs making peace-living for every one of us.

For your Country's sake—for your *own* sake—invest *all* you can!

There Are 7 Different Types of U. S. Government Securities — Choose The Ones Best Suited For You:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back \$4 for every \$3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969: Readily marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: \$500, \$1000, \$5000, \$10,000, \$100,000—also \$1,000,000 if registered. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months' notice. Subject to Federal taxes only. Price: par and accrued interest.

Other Securities: Series "C" Tax Notes; 7½% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series "F"; United States Savings Bonds Series "G."
