TOWN AND FARM IN WAR TIME

What to Write Soldiers

"The soldier wants the intimate details of life back home," says Chaplain (Major) Alvie L. McKnight of Cleveland, Mississippi, who has just returned to the U. S. after five months of duty on Guadalcanal. "That the girl two doors down has taken a war plant job, or that the couple across the street have had a baby may make your letter read like a personal column in a small-town weekly newspaper, but that's what he wants. By all means, don't tell the soldier about your troubles. He has enough of his own. Domestic troubles affect the morale of the soldier at the front more than anything else. Something to live for and go back to is what keeps a soldier going. It is what gives a man fight. Home life is everything to the man at the front."

Farmers to Get Tools

More than 50 hard-to-get items needed on Virginia farms will be provided by a WPB order to manufacturers and wholesalers to set aside specific quantities. This action puts into effect an emergency program worked out under WPB's Office of Civilian Requirements to make available at retail outlets serving farmers, supplies needed to increase food production. The list includes such items as auger bits, batteries, chains, chisels, drills, grain scoops, grease guns, harness, hoes, fractional horsepower motors, pails and tubs, pipe fittings, pliers, screw drivers, shovels, tire pumps, valves, and wrenches.

Average Income Up, But—

In July, 1940, the average Virginian had an income of about \$47.92. Military expenditures in that month amounted to approximately \$150 per person. In April of this year, income per capita was 1.8 times what it was in the middle of 1940—\$85.03, but if the average Virginian had been asked to pay April's war expenses on the spot, it would have taken \$53.52 of his new \$85.03 income.

\$1.00 Apiece for Poor Tires

One dollar apiece is the maximum price that OPA has set for low-quality used passenger car tires which now are permitted for the first time. Maximum additions to this price are provided when tires are given emergency repairs before being sold.

Destroy Old Food Stamps

The OPA is urging Virginians to destroy ration stamps for processed foods or meats which are not used during their period of validity. It was pointed out that after the expiration date, if the stamps are torn out and given to a retailer, he may use them unlawfully to replenish his inventory.

Avoid Fuel Shortages

Fuel shortages can be avoided, says a recent OWI report, only if—(1) Large consumers of fuel oil, those using more than 10,000 gallons a year, convert their oil burners to coal burners now; (2) Both home and industrial users of bituminous coal order supplies now; (3) Household place orders for insulation, weather stripping, storm windows, etc., immediately.

Soldiers Dependents Get Checks

Family allowances and voluntary allotments of pay are now in force for about four and a half million soldiers who have more than seven and one-half million dependents, the War Department has announced. More than 20 million family allowances and allotment-of-pay checks have been mailed to the wives, children, and other dependent relatives of Army men in one year.

100,000 Dehydrators

A plan for making 100,000 domestic food dehydrators before September 1 has been approved by WPB. These dehydrators are urgently needed, says the War Food Administration, in time to preserve farm and victory garden fruits and vegetables. A home food dehydrator removes moisture from raw food, thereby preserving its flavor and food value for later use.

Run, Don't Walk

To the nearest post office to mail back your re-application for fuel oil rations for the winter. The OPA says that all local boards in the State now have received and sent out the fuel oil applications, and urges that all Virginians immediately fill out the simple form and mail it back, so that oil rations may be put in the tank by the middle of July, thus relieving the congestion later, and incidentally assuring ending April 15.

The Club, which has been operating for over a month, is located on Center Street, and has proved very successful in its purpose of providing a place of entertainment, recreation and rest for visiting servicemen from nearby camps. A full account of its interesting activities will be published next week.

householders that their house will be heated no matter what gas or transportation crisis may develop later.

Prosecute Gas Ration Violators
Criminal prosecutions for violation of gasoline rationing regulations instituted by OPA through April 30, 1943 totaled 509. Ninety-three cases involved operators of gasoline stations. The remaining 416 were actions against individuals ranging from private automobile owners and filling station attendants to criminal "rings" engaged in systematic theft and sale of stolen gasoline ration books and coupons.

Living Costs Rise
A rise of 1.7 per cent in food prices increased the total cost of living for non-rural workers by 0.8 per cent in the month ended May 15. Nevertheless, the cost of items making up nearly 60 per cent of the family budget remained practically unchanged. This increase of 0.8 per cent compares with a rise of 1.5 per cent in the month ending March 15 and 1.1 per cent in the month ending April 15.

CLOSING OF OUR N. Y. A. SCHOOL

It is with regret that we witness the closing of the N. Y. A. Training Center at Manassas. The work done here, the fine addition to our community of its staff and student body, all contribute to this definite sense of loss.

However, viewing the N. Y. A. situation from a national viewpoint, we just do not see how the government could continue the set-up.

If any person is individually responsible for our local dismay at loss of this important institution, we would pass along the line of those prominently connected with the situation until we come to the Head of the National N. Y. A.

Here is a man, entrusted with a national youth-training program, who has been so warmly denounced by investigators of Communist activities that it is hardly necessary to review his disqualifications for the highly important post of training the youth of the country.

PRINCE WILLIAM COUNTY VICTORY PIG CLUB IN FULL SWING

Many Porkers Expected to be Sold For Bonds This Fall

Many farmers are joining Prince William County's Victory Pig Club, reported Frank D. Cox, County Agricultural Agent, and it is expected that a large number of farmers in the County will consign Hogs for the Victory Sale to be held at the Manassas Live Stock Market this Fall.

To date, 21 farmers have joined this patriotic club and have 55 Pigs pledged for the Sale. Victory Pig Clubs are also in full swing in adjoining Counties for Fall sales, Loudoun, Fairfax and Fauquier Counties are expecting large sales and competition for the honor of selling the most Bonds to farmers will be sharp. Prince William County to date is ahead and if previous Bond sales in the County are any criterion, Prince William will stay in the lead.

Letters have been sent to all farmers in the County from the Warrenton Production Credit Association office, co-sponsors of the club, explaining the purpose of the Club and the plans for the sale in addition to letters from the County Agent's office.

The Manassas Live Stock Market is cooperating with the committee, furnishing their facilities for the sale, and offering one or more War Bonds as prizes to farmers having winning Hogs. All Hogs to be judged for quality and finish.

Farmers are urged to sign and return the cards sent them, indicating the number of Hogs they will have for the sale, in order that their name may be on the honor roll to appear in this paper soon.

All farmers, 4-H Clubs and F. F. A. boys and girls are eligible to join the Victory Pig Club. The only rule is that you must accept War Bonds or Stamps for the Hog you have consigned and sold at the Victory Pig Sale.

Mr. G. Raymond Ratcliffe, Chairman of Prince William County War Bond Committee, would like to see this Club grow to proportion comparable with the patriotism already demonstrated by citizens in the County.

The annual meeting of the Prince William County Chapter, American Red Cross will be held Friday, July 16, at 2:30 P. M. at the residence of Mrs. E. H. Marsteller, Manassas.

All chapter members are requested to be present.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Wilmer Thornton Merchant announce the engagement of their daughter, Elizabeth McLaren, to Mr. Turner Denny Wheeling, son of Mr. and Mrs. W. A. Wheeling, of Gordonsville, Va. The date of the marriage has been set for Nov. 6.

IN VIRGINIA WE HAVE NOT WITNESSED SOME OF THE OUTSTANDING CIRCUMSTANCES WHICH EVIDENTLY HAVE AROUSED THE FIRE OF CONGRESS AGAINST THE N. Y. A.

Here the N. Y. A. Schools had a healthy contact with our State Department of Education which was insisted upon by our Congressmen and Senators. So we really are not in a position to judge the situation outside of Virginia. The N. Y. A. was a mighty nice outfit so far as Manassas knows by contact, but it must have been pretty bad nationally to have brought upon itself such drastic curtailment.

We understand that fifty-one faculty members and 287 students will be affected at Manassas, and that the closing up of the affairs of the local school will require from four to six weeks. About half of the students have completed training which will enable them to enter defense work, and the remainder will probably return to their respective homes.

DeChant of the Manassas Presbyterian Church, conducting the graveside service at 4 o'clock. Members of the family and close friends were the pallbearers.

Mr. Winfield is survived by his wife, former Miss Elizabeth Dunlop McCombe, of Glasgow, Scotland; his sons, Courtland Scott Winfield, Jr., of Manassas; Samuel Lyle Winfield, of Camp Crook, California; John Lang Winfield, U. S. N., Londonderry, Ireland; and daughter, Elizabeth Winfield Powell, of Manassas, wife of Staff Sgt. Lewis E. Powell, now in the Pacific area.

Courtland Scott Winfield was born January 28, 1883, in Richmond, son of the late William I. and Eugenia Buckner Winfield, of "Barlow," Rappahannock County. ARMY NEEDS CONSTRUCTION WORKERS!

There is now a great need in the Army of the United States for men skilled in the many fields of construction. This need is so great that a special program of recruiting has been started, making it possible for a man to obtain an assignment in the Engineer Corps in the trade he follows as a civilian. The training program includes a thorough course in military tactics to enable the outfit to protect itself should occasion arise.

These new engineer units follow up assault and consolidation operations, repairing and constructing housing, utilities and sanitation facilities for use by the fighting forces.

As new areas are acquired there must be new bases established from which new operations will extend. This is the job of the Construction Engineers. It is a vital job and calls for your specialized skill.

If you are between 18 and 50 years of age and wish to join the Corps of Engineers you should communicate with the Office of the District Engineer, First and Douglas Streets, N. W., Washington, D. C. for further information. Full particulars will be sent you on request.

GIRL SCOUTS MEET

The Girl Scout Troop of Brentsville met with full attendance on June 30 at the picnic grounds of Mrs. John Seymour. A delightful picnic preceded and followed by games and swimming gave everyone an opportunity to have a really good time.

A serious note was not lacking, however, because many community activities were planned. The group also decided upon the uniform and crest of the troop. They were led by Betty Peterson. The leader, Mrs. Cox, the Troop Committee chairman, Mrs. Cash Keys, and Mrs. Bailey were present.

It was decided that the next meeting would center around folk dances and would be led by Margaret Simpson.

COUNTY CIVILIAN DEFENSE RALLY

VARIOUS SERVICES GATHER AT HISTORIC OLD COURTHOUSE

In the cool of the evening, June 23, 1943, a civilian defense rally was held in the old Brentsville Court House.

The meeting was called to order by Hunton Tiffany, director, coordinator and master of ceremonies. The call of assembly was blown by Roswell Round on the Court House green, followed by colors, which was very pretty and impressive. The pledge of allegiance to the flag with the national anthem sung by the assembly was led by Mrs. M. S. Burchard with Mrs. J. P. Royer at the piano.

The invocation was given by Rev. J. A. G. Shipley, pastor of the Methodist-Episcopal Church, Nokesville, after which the Rev. Shipley gave a brief but interesting talk on China. The Aircraft Warning System was ably represented by Lieut. Sterling Speakes, ground observation officer, Baltimore area, who gave a most interesting talk on the warning system.

Next came the girls from Manassas presenting The Gay Nineties Revue, and what laughs they gave us, lots of fun.

Senator G. M. Heller, State Liaison Officer of the Aircraft Warning System, whom so many of us know, talked about our civilian defense duties in the present emergency, explaining that in spotting planes we are not only defending our country from the enemy but are helping to protect our own boys' lives in case of an accident by getting help to them as quickly as possible through the Aircraft Warning System. Senator Heller called on all those who possibly can to give two to four hours a week. (Who can't? You know the more that serve the less any one has to serve.) Then he asked the question, "What will you tell your boy when he comes home and asks you what you did besides buy bonds to help your country?"

Mr. M. S. Burchard, assistant chief air raid warden of Prince William County, gave a brief but interesting talk on the duties of an air raid warden.

So come out and help. You are needed and wanted.

Then Mrs. J. Vincent Davis, director of the Speakers Bureau, Prince William County Civilian Defense Council, gave a short talk on stamps and bonds.

The benediction was given by Rev. S. I. Griffith, pastor of the Brentsville Baptist Church. America was sung by the assembly, and Roswell Round blew taps.

We had a very interesting evening, though it was the evening of the surprise blackout. Mr. Tiffany and Mr. M. S. Burchard, assistant chief air raid warden, had to leave, and of course we had no lights, but the folks seemed to enjoy themselves, singing all the songs that could be thought of, old and new alike, and it was enjoyed by all.

The newly organized Girl Scout Troop here in Brentsville under the leadership of Mrs. John Cox has reason to be proud of their stand which they decorated and sold refreshments. This, by the way, is their first public appearance, though most of them are air spotters. We are very proud of them.

There was for this occasion a very beautiful mural hung in the Court House, painted and given by Mr. John Cox, depicting the historical events of Prince William County in the past and the seal of the State of Virginia. Although it is not by any means completed it is a very beautiful piece of work, as everyone who has had the opportunity of seeing it will agree. Mr. Cox is very anxious to get it completed, but it may have to wait until after the war for the required material, etc.

Those taking important parts in the above affair were Mr. Edgar Parrish, aircraft warning director; Mr. Hunton Tiffany, director-coordinator of civilian defense; Mrs. Helen E. Keys, chairman of program; Mrs. John Cox, leader of Girl Scout Troop; Mrs. Stanley Homes, assistant director of training in the metropolitan area, Washington, D. C., for exhibition of gas masks, gases, etc.

Also the committee wishes to take this opportunity to thank all those who so generously contributed both their time and money toward making this meeting a success.

THE JONES-WALLACE DISPUTE

The Vice-President of the United States, Henry A. Wallace, and the Secretary of Commerce, Jesse A. Jones, have had a fight, which represents more than a personal disagreement. Their differences do not arise over discharge of their respective duties as Vice-President and Secretary of Commerce, but by virtue of their ex-officio activities.

Wallace, as head of the Board of Economic Warfare, is wasting the taxpayers' money in ill-planned and hysterical post-war planning, says Mr. Jones.

Jesse Jones, according to Wallace, failed miserably to build up the Government stockpiles authorized by Congress eighteen months before Pearl Harbor.

There is probably a great deal of truth in what each says, but we think the revelations of Jesse Jones more directly affect the safety of the nation than do those of Henry Wallace. There is no doubt that a gigantic international scheme is being fomented by high government officials to utilize the war emergency as a vehicle for the accomplishment of a vast socialistic program. Jesse Jones reveals this fearful situation in a way that cannot be ignored by the masses who place the war effort first.

We doubt if all of the charges made by each are literally true, but if everything Wallace charges about Jones is true, and everything Jones says about Wallace is also correct, then the man who is endangering perpetuation of free enterprise and democratic living in America is not Jesse Jones, and the nation should be grateful to the head of the R. F. C. for his revelations.

there is afforded opportunity in the teacher's profession, not given in the North where the races are thrown directly into competition, and where the Negro is not privileged, as here, to occupy positions of distinction among his race.

An announcement by Governor Darden a few days ago opens another field for professional advancement of the Negro. The Governor has recommended that the Piedmont Tuberculosis Sanatorium for Negroes at Burkeville be placed under a Negro staff and that it become a center of education and training for men and women in combating the disease, as well as a treatment center.

Thus, by removing the white staff at this important institution, further professional opportunity is afforded in Virginia for the Negro, giving additional proof that it is in the South, rather than the North, that the greatest field for personal accomplishment and remuneration is extended to our colored citizens who comprise such a valued and estimable segment of our population.

Candidates Cards

TO THE VOTERS OF PRINCE WILLIAM, FAIRFAX AND THE CITY OF ALEXANDRIA:

At the request of many of my friends in this Senatorial District, I have announced my candidacy for nomination to the office of State Senator, subject to the Democratic Primary, August 3, 1943.

The district, composed of Alexandria City, Fairfax and Prince William Counties has a complex situation that needs the services of the most experienced man whom the voters can secure. My service in the General Assembly which extends over three sessions has fitted me to represent the best interest of all the peoples in this District.

As a life long farmer, I am fully acquainted with many rural problems which face the farmers of this District. Having served as a member of the Board of Supervisors of Stafford county and as clerk of the court of that county, I am in a position to assist in problems of county government which may arise.

Owing to war restrictions it will not be possible for me to see many of the voters of the District. I am taking this means to solicit your support and consideration of my candidacy, with the pledge that if elected I shall certainly devote my whole hearted efforts in the interest of all of you.

GEORGE W. HERRING,
Woodbridge, Virginia

TO THE VOTERS OF PRINCE WILLIAM AND STAFFORD COUNTIES:

I announce my candidacy for re-election to the House of Delegates of the General Assembly of Virginia for the Counties of Prince William and Stafford, subject to the Democratic Primary Election, August 3, 1943.

Having served the good people of these two counties for the past two terms, and having been placed on two major committees—Roads and Finance—I feel that I can be of even greater service in the future.

There is no knowledge of the agreement, referred to by my opponent, by which a representative from each county should serve only two terms. I feel certain that the gentleman from Stafford never stood aside for me when first I became a candidate, and I see no reason why I am not entitled to run again.

I appreciate the support which I have had from the people of Stafford and Prince William Counties and if elected, I will endeavor to serve to the best interest of both counties.

Sincerely,
E. R. CONNER,
Manassas, Virginia

TO THE VOTERS OF PRINCE WILLIAM COUNTY

I hereby announce my candidacy for the office of Attorney for the Commonwealth, Prince William County, Virginia, subject to the Democratic Primary to be held on August 3, 1943.

I wish to express my thanks to the people of Prince William County for their support and cooperation during my present term of office. You know my record, and I feel, that with my past experience, I can successfully render a service to the people of my county. Due to the gasoline shortage it will be impossible for me to see each and every person in the county and so I take this opportunity of soliciting your continued support. You know what I have done in the past, both in private life (as I was born in your midst), and in public life.

If my efforts have met with your approval, I will greatly appreciate your help in the coming election.

Sincerely,

W. Hill Brown, Jr.

I hereby announce my candidacy for re-nomination as Justice of The Peace for Gainesville District. I will appreciate your support.

JOHN R. CLARKE

TO THE VOTERS OF THE 27TH SENATORIAL DISTRICT

I hereby announce myself a Candidate for re-election to the State Senate for the 27th Senatorial District of Virginia, subject to the Democratic Primary to be held on August 3, 1943. I deeply appreciate the high honor you have bestowed upon me by electing me your State Senator.

I have on all occasions voted for what I believed to be for the best interest of my District and State, and if nominated and re-elected pledge a continuance of my best efforts in your behalf.

Respectfully,
H. H. Walton,
Pentleton, Virginia

Having Trouble Getting Help?

So are we. Like you, we're faced with the biggest production job in our history. And, like you, we've lost many of the men who used to help us.

Yet that's only part of the story. Every day, on farm and factory, there's something new to test the skill of those running the business. Not only getting help, but—to mention a few others—rising costs, making a fair profit, and setting aside reserves for a rainy day. Essentially, those problems are the same for farm and factory, though they may at times differ in size.

But it is that thing called "management," that peculiarly American ability to think through problems no matter how tough, that is helping to see us through today.

It is this skill in management that farmers and businessmen have most in common, a skill which insures the realization of our determination to produce all that's needed for our country today, and, tomorrow, to make a fair living through greater service to our fellow Americans. **Summertime baking—
an economy measure**

Kitchen pretty warm these days? Let the oven do most of your cooking work this summer! It's easier—and by the way, summertime baking is really an economy measure. Just think of the ways meat can be stretched with the aid of the oven: shortcakes, meat pies, and oh, so many other ways! As for shortening, just use those drippings from bacon, other meat and chicken.

BISCUITS—Let those meat drippings get firm in the refrigerator, then use them for making biscuits for meat shortcakes. Creamed hamburger is a grand topping. Or cut link sausages into small slices, fry them and make a gravy from the drippings and serve them over the biscuits.

MEAT PIES—Use the same kind of biscuit dough made with drippings for a covering for meat pie. Use leftover meat or small pieces of precooked meat, vegetables of your choice and enough thickened juice from the meat or vegetables to give moisture to the pie filling. Cover with biscuit dough and bake in a hot oven (450° F.) until the crust is rich, golden brown. Serve.

ECONOMY CAKE—Sift 2 cups all-purpose flour with 2½ tps. baking powder, 1 tsp. cinnamon and ¼ tsp. cloves. Cream together 3 tps. shortening and 3 tps. meat drippings and add 1 cup of sugar gradually, creaming until smooth. Add 1 egg and beat well, then add flour mixture alternately with ¾ cup milk. Then add 1 tsp. vanilla or other flavoring. Bake in greased layer cake pans or muffin tins in moderate oven (375° F.) for about 25 minutes or until done.

VICTORY CANNING AND DRYING are current topics of conversation. Julia Lee Wright's article in this week's Family Circle tells you how to go about it. Helpful hints on sun and oven drying and jelly and jam making will make summer canning a pleasure.

Then going to a joint;

Because he has to work
Gets very tired when evening comes
But doesn't ever shirk.

Five weeks in lovely Warrenton
He had a busy time:
Made many pianos sound so grand
With music so sublime.
He knows his onions does this man
Repairs the pianos too;
