T. B. Association Plans Testing Clinic

First of Its Kind Held in County

The Rev. Stanley A. Knapp, newly appointed chairman of the Prince William County Tuberculosis Association, presided at a meeting of the organization held on Thursday afternoon, February 24, at the local Health Office. Plans were completed for conducting a mass tuberculin patch testing clinic, the first of its kind to be undertaken in the county, beginning March 13.

The tests will include all high school students of the county, all elementary school students, and elementary white pupils in schools associated with the high schools.

The schedule to date is as follows: Manassas High School and Bennett Graded School, educational talk, March 13; tuberculin patch tests, March 14, and readings of tests, March 21; Occoquan High School and graded school, educational talk, March 20; patch tests, March 23, and readings, March 28; Brentsville District High and Graded School, educational talk, March 27; patch tests, March 30, and readings, April 4; Regional High School, educational talk, April 3; patch tests, April 7; readings, April 11. Other clinics will be scheduled at a later date.

The clinics will be conducted with the cooperation of the County Health Department and Dr. Nelson Podolnick, local Health Officer, will have charge of the tests and readings. Motion pictures will be shown in connection with the talks.

A tentative budget outlined by the Association provided for expenditures of approximately \$975 during the current year. The items listed included the following: Health education, \$32; expenses for delegates, \$30; X-rays in schools, \$330; X-ray clinics, \$300; seal sale, \$100; miscellaneous, \$100; administration and postage, \$30; cod liver oil, \$130.

A report of the 1943 seal sale showed that a total of \$1,575 was raised through the annual campaign for funds to carry on the work of the association. The quota of \$1,375 was exceeded by \$200. Around 80 per cent of the amount will be retained in the county, while five per cent goes to the National Association and the remainder to the State Association.

Those present at the meeting were: The Rev. Mr. Knapp, Mr. Marshall Hayden, secretary; Mrs. Frank Cox, seal sale chairman; Dr. Podolnick, Mrs. L. J. Bowman, Mrs. Wade Whetzel, Mrs. Maurice Smith, Mr. Whetzel Johnson, Mrs. J. Carl Kinchele, treasurer, and Mrs. Dorothy Hall. The next meeting will be held the third week in March when Miss Eleanor Curran, field supervisor, will be present.

K. A. HUTCHINSON TALKS TO KIWANIS

The Kiwanis Club was entertained by a reading from an anonymous author by Kiwanian Hutchinson. Accompanied by occasional pointed comments by the reader, the selection was a comparison of ancient Roman history, especially of the Empire and particularly of the Emperor Diocletian, with present day America and its leaders. He showed that practically everything that has been done by the New Deal had been done centuries ago in Rome. It was very well received by applauding Kiwanians.

Mrs. Vincent Davis, introduced by the Finance committee, showed that plans are well under way for the production of the proposed minstrel show. To enlist the interest of the members, she showed that she had a long list of young ladies whom she had already asked or proposed to ask to aid in the show. The first rehearsal was held Tuesday, February 29, at the High School. The show will be given April 14.

Mr. R. R. Fishpaw was received into membership. The reception speech by R. Worth Peters was pronounced by a competent authority to be the best of its kind.

KEEP ON... Backing the Attack! WITH WAR BONDS

Under the sponsorship of the Prince William County Civilian Defense Council, a Pre-Induction Meeting will be held in the Town Hall, Manassas, Virginia, at 8:00 o'clock P. M. on Friday, March 10, 1944. The purpose of the meeting is to answer such questions as may be of interest to those who are about to enter the armed forces. Members of the families of Selectees, as well as the Selectees, are cordially invited to attend this meeting.

Sale Nets \$7,000; One Hen, \$625

Victory Sale a Success

The Victory Sale held at the Manassas Livestock Market Tuesday brought Prince William County \$4,500 nearer to its goal in the Fourth Victory Loan campaign.

Farmers exchanging hogs, cattle and eggs for a total of \$4,325 in bonds included G. C. Russell, M. G. Garber, D. W. Garber, Mrs. Holmes Robertson, T. Powell Davis, W. M. Johnson, L. J. Pattie, J. H. Egle and G. W. Spinks.

A purchased Duroc Jersey gilt, donated by Garber Brothers and G. C. Russell, after being sold successfully to Carl Kinchele, G. W. Spinks and H. S. Speakes, resulted in the sale of \$1,450 in bonds. A Leghorn hen contributed by Archie Emsie, after being bid in and turned back by George Lewis, Jack Broeden, H. E. Squires, Galen Garber and Frank Cox and finally purchased by George Lewis, added a total of \$625 toward the goal. Three pigs offered by G. W. Spinks were purchased by Randolph Eagle and donated to bond purchasers including G. Raymond Ratcliffe and Harvey Young.

Full market value was received for the livestock and commission and insurance charges were waived by the Manassas Livestock Market.

Gratification was expressed with the results of the sale by G. Raymond Ratcliffe, County War Loan Chairman, who stated that the sale had been arranged upon short notice by the agricultural committee.

Beamer to Speak

A meeting which all people interested in vegetable gardening are invited to attend will be held at the Manassas Post Office Assembly Room at 1:30 p. m. on Wednesday, March 10.

L. C. Beamer, V. P. I. Vegetable Garden Specialist, will be present to lead a discussion on recommended vegetable varieties, fertilization, culture and insect and disease control. This meeting is being arranged by the County Home and Farm Agents in response to requests from gardeners of the county.

It is anticipated that there will be less canned vegetables and fruit from commercial sources available in 1944 than in 1943 and that the point values of canned foods will be raised rather than lowered during the coming year. This prospect makes it more desirable than ever to raise all the food possible at home and to save all that is raised.

SURPRISE SHOWER

U. S. Marine Corps Staff Sergeant and Mrs. Dennis W. Scott of Washington took a trip to Louisville, Ky. to visit his parents. When they returned a surprise shower was given them by Mr. and Mrs. William E. Smith of Washington. They received a number of nice and useful gifts.

Along with the shower, a birthday party was given to Miss Williams and Miss Martie Ritenour. Miss Williams was 21 on February 13, and Miss Ritenour was 20 on February 10. They also received a number of nice gifts.

Among the guests were Mr. and Mrs. Elmer Ritenour, the bride's parents, Mr. and Mrs. Martin Ritenour, all of Catlett, Va., Mr. and Mrs. Raymond Tourney of Arlington, Va., Mr. and Mrs. A. P. Lane of Maryland, Mr. and Mrs. John Lunsford and Miss Marjorie Bowling, Mr. Pete Mangelas, all of Washington, and Lt. Commander Lee McKenney of Boston. A nice time was enjoyed by all.

Foot Marks in War-time

Black marks on waxed floors made by wartime rubber heels and soles may be removed with liquid wax, turpentine or cleaning fluid, home economists of the U. S. Department of Agriculture suggest. Rubbing with a cloth moistened in cleaning fluid like carbon tetrachloride or in turpentine is one way of taking off such marks. The grease solvent removes the wax along with the black, so wax should be applied to the floor after removal. Rubbing with liquid wax has also been found suc-

LIEUT. JOHN T. DEBELL

My dear Mrs. DeBell:

With great regret I have learned of the untimely death of your son, Second Lieutenant John Thomas DeBell, Jr., which occurred on January 16, 1944, in Italy, as a result of injuries received while he was flying in the service of his country.

Information has reached me that Lieutenant DeBell attained a praiseworthy cadet record in the Navigation School at Hondo Army Air Field. He was considered to be a capable, trustworthy officer and an able aerial navigator who inspired confidence by his efficient performance of duty, and he was in all respects a credit to the Army Air Forces.

Your son upheld the best of military traditions and died for our cause. I hope the memory of this will help to alleviate your grief, and I extend my deepest sympathy to you and other members of the family.

Very sincerely,
H. H. ARNOLD,
General, U. S. Army,
Commanding General, Army Air Forces.

Mrs. John T. DeBell,
Clifton, Virginia.

(Ed. Note: Lieut. DeBell was a relative of Gen. Robert Edward Lee and a young man of whom Fairfax County may justly feel proud.)

WILSON REELECTED

Lloyd E. Wilson was reelected president of the Chesapeake and Potomac Telephone Company of Virginia by the Board of Directors at the regular monthly meeting held February 25.

Other officers reelected were Robert C. McCann and John A. Remon, vice presidents; Philip O. Coffin, vice president, secretary and treasurer; Ralph A. Van Orsdel, vice president and general counsel; Franklin H. Kenworthy, vice president and general auditor; Arthur L. Lambdin, vice president and general manager; R. W. Michie, auditor; G. I. Berkeley, assistant general manager; A. P. Gompf, chief engineer; A. W. Harrison, general commercial manager; V. B. Fitzpatrick, general plant manager; and W. H. Trapnell, general traffic manager.

cessful. Marks should be removed at least once a week, for if the black is allowed to remain too long on the floor, it becomes difficult to remove.

The carbon black in the rubber, which causes the marks, has the virtue of making rubber more durable and has always been used in tires and other rubber prepared for long wear, according to the War Production Board. In the present rubber shortage more carbon black than usual is being used to make enough rubber soles to go around, as well as to make the soles last longer. The inconvenience caused by marking is necessary if civilians are to have the footwear they need.

KIWANIS PLAN TO GIVE MINSTREL FOR BENEFIT OF UNDERPRIVILEGED CHILDREN

The Manassas Kiwanis Club is planning a home talent minstrel and variety show to be given in the Osbourne High School auditorium on the evening of Friday, April 14, for the benefit of the club's underprivileged children's fund.

Mrs. J. Vincent Davis will direct the show and Town Manager Hunton Tiffany will serve as general chairman. Committee chairmen have been named as follows: R. R. Fishpaw, property; R. Worth Peters, talent; J. Carl Kinchele, program; G. R. Ratcliffe, ticket sales; C. C. Lynn, transportation; Frank D. Cox, publicity; J. P. Royer, make-up; Mrs. Edgar G. School Board Will Take Over March 15

C. of C. Succeeds in Retaining Training School Facilities

The Prince William County Chamber of Commerce at a meeting this week approved the resolutions offered by the United States Chamber of Commerce Committee appointed to make an intensive study of Government legislation and expenditures. The resolutions drawn up by the National Committee were read to the local organization by Mr. C. W. Alpaugh and following consideration were sent in to headquarters.

Dr. George B. Cocke, member of a committee named to investigate the possibilities of retaining the facilities of the former Manassas State Vocational School in the community, reported that the Procurement Division of the Treasury Department will turn over to the Prince William County School Board on March 15th, the buildings and equipment formerly used by the Vocational School, to be utilized as a vocational training project during the summer months for Northern Virginia Counties.

The State Department of Education will operate the school, employ teachers, carry out a program of instruction and pay transportation of students while the County School Board will have charge of enrolling the student body.

All men and women over sixteen years of age are eligible to take the free course which will begin June 15th and continue through August. Those interested are advised to notify the Superintendent of Schools in the area in which they reside.

Classes will be offered in welding, radio, entry and woodwork, electricity, sheet metal, and machine shop. Counties participating in the project include Prince William, Arlington, Fairfax, Loudoun, Fauquier, Culpeper, and Fredericksburg City.

Plans for conducting the course were outlined at a meeting called by the State Superintendent of Public Instruction last week. Superintendents of all the above counties were present.

Much credit for securing the facilities of the training school for local use is due to the Chamber of Commerce Committee which worked faithfully to have the buildings and equipment placed in the custody of the County School Board. The committee members include Dr. Cocke, Superintendent of School, R. C. Hayden, E. R. Conner and C. W. Alpaugh.

A GOOD BILL

The McCandlish bill which would require a new resident in any locality in the State, after January 1, 1945, to file a declaration of intention to become a citizen one year before he is eligible to vote in elections, was passed by the House last Friday by a vote of 56 to 31.

The measure which was strongly contested by Delegates Whitehead of Nelson and Quisenberry of Augusta, would not effect anyone coming into the State before January 1, 1945, and is similar to a Maryland law and declared by its proponents to be needed in congested areas with large floating populations.

Hit Hitler With Bonds

THIS is what we've been working for all along. This is the year to hit and hurt the enemy. This is the time when everything you do counts double. If we all get together and do all we can, we'll be over this hurdle and well on our way to complete and crushing victory.

No question about the men in uniform—they'll go "all out." But can we count on you to back them all the way? Your quota is where you work—you've got to buy your War Bonds and then buy more, until every last loose

cent you have is fighting. Tough? Of course, it's tough—unless it is a sacrifice you're simply not doing your share!

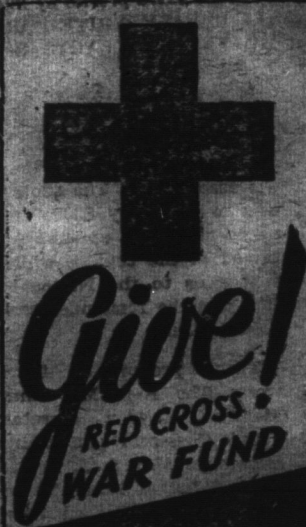

Make the sacrifice now—buy more than the extra \$100 Bond your country counts on you for—winning the war is worth any sacrifice you make. Besides, you aren't giving, you're lending to America! You'll get back every dollar you invest in War Bonds, with interest.

An extra \$100 War Bond now is the minimum for everybody—can't we count on you for more?

This sticker in your window means you have bought 4th War Loan securities.

Signs of Spring

THE days are still short; half the nation shivers under a blanket of snow—but there are signs of spring everywhere if you know where to look for them.

They are little things—such as new seed catalogs, ads clipped from magazines, reminders, scribbled on backs of envelopes, of things to be done.

Thousands of men, all over the country, are making such notes, looking ahead—farmers, manufacturers, storekeepers, bankers. They represent what is called "management," and they know that to make the most of any season requires pretty careful figuring.

There's a skill in this management. It's a skill that men who run things have in common—that men who run things successfully have got to have. Management's problems are a good deal alike, no matter what the business—getting help, meeting payrolls and tax payments, making ends meet and having a little left over for new projects, planning for the future without letting the planning interfere with the job in hand.

And when you talk with these men, you find they have the same objectives, too. Right now they want to get the war won at the lowest possible cost in lives and suffering. After that's done, they'll be back on their never-ending job of turning out the material things needed to make a better peacetime world. General Electric Co., Schenectady, N. Y.

Women enlisting in the WAC can now specify the Service of their choice with the Army Ground Forces, Army Service Forces, or Army Air Forces.

RED CROSS UNDER ORDERS

The American Red Cross opens a drive this week for \$200,000,000 to carry on its work in a war more widespread than the world has ever before known.

In a host of little ways the Red Cross has brought comfort and succor to millions of the world's little people. It has delivered food packages to otherwise inaccessible prison camps. It has made possible communication between prisoners of war and their families. It has clothed shipwrecked sailors on every coast of the United States. It helps build morale at the front and aids fighters' families at home. And while doing all this—besides its big job of helping to care for the wounded—it has maintained its work at home of aiding victims of disaster, flood, and fire.

Its war work has become so valued by the military authorities that it is under military orders to keep it up.

This means that civilians are under the military necessity to supply the funds for all this humane work. And what civilian could refuse?—Christian Science Monitor.

SEA CONTROL STILL VITAL

The world has come to recognize the importance of air power in modern warfare. Yet it is well to bear in mind that air power has not detracted from the importance of sea power. The most that can be said is that the two are coordinate forces in modern warfare, along with land force. They must all three work together in order to achieve modern military objectives. The last war was won mainly by sea power. And this one, also, is likely to be

How well do you know your War Bonds?

Q Why does Uncle Sam want you to put money into War Bonds—
.... to pay for equipping our fighting forces?
.... to help keep prices down?
.... to give you extra money after the war?

A Check all three! The money you lend in War Bonds works hard—for the government and you! It helps pay for victory, helps keep prices down. And it comes back with interest!

Q If you put \$5 into War Bonds, how much do you get back—
.... \$3.00? \$3.50? \$4.00?

A For every \$5 you put into War Bonds you get \$4 back when the bonds mature! And how those extra dollars mount up! Look at this: You buy a War Bond today at \$18.75. In 10 years you get \$25.00. You buy a War Bond today at \$37.50. In 10 years you get \$50.00. You buy a War Bond today at \$75.00. In 10 years you get \$100.00.

Q How much money should you put into War Bonds—
.... 10 percent of your pay? 12 percent? 15 percent?

A Every loyal American ought to be putting at least 10 percent of his pay into War Bonds. And more if he can possibly do it. War Bonds make good sense—for selfish reasons as well as patriotic ones! Put every cent you can into War Bonds—and both you and your country will benefit!

HERE'S WHAT YOU SHOULD DO

If you are—
Already setting aside 10 percent of your pay for War Bonds through the Pay-Roll Savings Plan—boost that 10 percent if you can.

Working in a plant where the plan is installed but haven't signed up yet—sign up tomorrow. Working in a plant where the Pay-Roll Savings Plan hasn't been installed, talk to your union head, foreman, or plant manager—and see if it can't be installed right away.

IMPORTANT INFORMATION FOR WAR STAMP HOLDERS

"When you buy me—whether I'm a 10¢ War Savings Stamp, or one worth 25¢, 50¢, \$1, or \$5—you do a patriotic service. And your money goes to work for Uncle Sam immediately."

"BUT—I can't give you any interest on your money until you convert me into a War Bond!"

"So be sure your money goes to work for Uncle Sam and you—too. Get \$4 for every \$5 you put in—a 83% percent increase on your investment when the Bond matures. The safest investment in the world!"

"Do it by filling up your War Stamp Book quickly—and then converting them into interest-paying War Bonds!"

'EDGE OF DARKNESS' AT PITTS' MOST INSPIRING WAR FILM

Superlatively mounted, magnificently acted and eloquently written, the finest and most inspiring story that has come out of this war was presented in Warner Bros. "Edge Of Darkness," which is at the Pitts' Theatre.

It is the story of the "people's war" against the predatory beasts of Nazism; the story of bitter, unyielding resistance against a brutal, depraved mentality that knows only force as its weapon and domination as its creed. The drama of the film rises, through the poignancy and tragedy of struggle to the transcendent beauty of a just triumph. "Edge Of Darkness" is the shining promise of eternal light.

Errol Flynn and Ann Sheridan make straight-forward, dramatically intense recordings in their leading roles. As Gunnar Brogge, leader of the underground, a grimly serious Flynn seems utterly worthy of the confidence reposed in him by the folk of the little town of Trollness. He more than rises to the requirements of an exacting role, and gains a new power and greater stature as an actor.

Ann Sheridan, who was given the chance to show her capability as a dramatic actress in "Kings Row," has an even greater opportunity here, and uses it to full and gratifying advantage. Thus, the two of them become part and parcel of the simple, peace-loving folk of a Norwegian village.

Their village is occupied by the Nazis, under Kommandant Koenig (Helmut Dantine), the rabid and ruthless disciple of his power-mad Fuehrer. Dr. Martin Stensgaard (Walter Huston) wants to remain out of the struggle in which his daughter Karen (Ann Sheridan) has, with Gunnar, a leading part.

Nazi brutalities increase as the villagers fight back with persistent acts of sabotage. Open rebellion is impossible until the villagers are secretly armed by the British. Climax of the story comes when the aged village schoolmaster (Morris Carnovsky) is beaten and his belongings turned in to a flaming pyre by the brutal Nazis. Fully armed, the villagers are ready to strike, and when a Nazi soldier is murdered and the Nazis, in retaliation, plan the execution of all the ring-leaders among the villagers, the rebellion is touched off, and, in one of the most memorable sequences ever filmed, we witness the villagers rise up, and it is a fight to the death.

Be Quick To Treat
Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

MILK Cuts Food Costs

"Milk does more for the body than any other food and does it more cheaply." That statement by the Bureau of Home Economics of the U. S. Department of Agriculture is forcefully illustrated in this National Dairy Council chart showing the high percentage of each of the daily food elements which are provided by a quart of milk and the other foods necessary to complete daily dietary requirements.

The average cost of a quart of milk delivered to the home in the United States is 15 1/4 cents. The average cost of other foods needed to complete an economical diet and provide the balance of the nutrients needed daily is

about 44 cents. Rising food costs together with the necessity of maintaining the best possible wartime diets are now giving added emphasis to the economy of milk.

The foods making up the meals used as a basis for this chart are as follows: Breakfast: fruit, whole-grain cereal with milk and sugar, whole-wheat toast with butter, milk, and coffee with cream and sugar. Lunch: macaroni with tomato sauce, whole-wheat bread with butter, fresh apple, oatmeal cookies and milk. Dinner: meat stew with vegetables, cole slaw, whole-wheat bread with butter and jam, coffee with cream and sugar, junket and milk.

State Farm Mutual Pays Claims Totaling \$50,000,000

During its twenty-one years of operation the State Farm Mutual Automobile Insurance Company has paid out over \$50,000,000 in claims, and today it has the lowest ratio of claims in litigation of any of the leading automobile insurance companies.

This record bears out State Farm's slogan of "Service, Satisfaction, Safety, Savings."

One of the main reasons for the successful settlement of so many claims is the company's unique system of handling claims. State Farm has not only a staff of trained specialists to take care of service requests of policyholders, but in addition every State Farm agent is a claim adjuster. Under this system

the State Farm agent maintains constant contact with the policyholder he sold and whenever the policyholder makes a request for service the agent responds. When the service required by the policyholder demands a skilled claim adjuster the agent turns over the request to the claim staff. In this way every State Farm policyholder receives the most personalized service.

With every agent acting as a service man State Farm has over 6,000 representatives in the United States and Canada to serve its policyholders. It is a comprehensive nationwide service, and State Farm aid in time of need is as close as the nearest telephone.

Report to the Nation:

When the 4th War Loan Ended— Our Fighting Men Kept Firing!

News that the 4th War Loan goal of \$14,000,000,000 has been reached and passed will cheer American boys from Italy to the Marshalls. But they will hear the news not only over sputtering radios but over the din of battle.

For the war still goes on with ever mounting fury. And that means that our War Bond buying must go on unabated, too.

To the millions who bought extra War Bonds in this drive, all America gives thanks.

To the 5,000,000 and more volunteer workers who contributed their time and abilities to help make the drive a success, your Government and your fighting men give thanks.

To the thousands of patriotic newspapers, magazines, radio stations and networks, members of the motion picture industry, the outdoor industry, advertisers and agencies, retail stores, banks, post offices, credit unions, building and loan associations, labor unions, fraternal organizations and farm credit associations, the Nation gives thanks.

Once again Americans have proved their determination to "back the attack" to the full.

But the attack goes on

Look at Italy. When the 4th War Loan drive ended at midnight February 15, the drive on Rome was still going on. American boys were still crouching in water-filled foxholes—clinging with bitter and bloody tenacity to a beachhead the Germans were equally determined to take back.

Thus on the same midnight that witnessed the end of the 4th War Loan drive, the hands of the clock met like shears to

snip the lives of scores of American boys engaged in the March on Rome. *And the fight goes on.*

Look at Japan. At the same hour that saw the end of the 4th War Loan, the "March of Death" that shocked all America to a realization of Jap brutality to American prisoners of war—that march was still going on.

To liberate those heroes of Bataan and Corregidor before it is "too late," other American boys stormed and took the Marshalls on the road to Tokyo.

But that March to Tokyo—still 2,000 miles away—that march goes on.

And we on the home front

—can we afford to stop now that the 4th War Loan is history, while our all-important job of supplying and financing this costliest war of all time still goes on? We have won a home front battle here, yes. But just as our boys continue even more vigorously once they have established a beachhead, so we must continue to build on the success we have already achieved.

The Bonds we bought last week and the week before are today's exploding bombs and shells, and spent bullets can never be used again. We must provide for tomorrow,

too. The need for new guns, planes, ships and tanks goes on.

For the war still goes on with ever mounting fury. So while all of those on the home front who have bought Bonds and have worked hard to make the 4th War Loan drive a success have earned the Nation's thanks, none of us can afford to forget that our home front job, including Bond buying, *also still goes on!*
