### VIRGINIA VOTERS GO TO POLLS NEXT TUESDAY AS DEMOCRATIC CANDIDATES CLOSE CAMPAIGN

Political firecrackers burst in all directions during the past week as Democratic candidates for the Senate and the House of Representatives prepared to wind up their campaigns for next Tuesday's Democratic primary elections.

Interest in the Northern Virginia section centered on the race between Senator Harry F. Byrd and Martin A. Hutchinson, seeking the Senatorial nomination, and the contest between Representative Howard W. Smith, who has three opponents trying to unseat him.

Indications were that the vote over the State as a whole might be heavy, but a disturbing lack of interest was being shown locally as the election date neared.

Both Senator Byrd and Mr. Hutchinson and their workers waged an aggressive speech-making campaign during the past week with Senator Byrd lashing out repeatedly at the CIO Political Action Committee.

In a last-minute speech before The Journal went to press, Senator Byrd commented on the fact that the executive council of the Committee for Virginia is publishing advertising to the effect that he has worked against the farmers.

Senator Byrd charged that Mrs. Clifford Durr, head of the council, was seeking his defeat because he once voted against her brother, Justice Hugo Black, of the Supreme Court.

While the Democratic campaign was going ahead full blast, the Republicans met at Roanoke last Saturday and nominated Robert H. Woods, Pearisburg business man, as party candidate for the unexpired term of the late Senator Carter Glass.

A turmoil was stirred up in the Eighth District when Frank L. Ball, Jr., of Arlington, proposed that Arlington's votes for a successor to Senator Glass be cast for State Senator William D. Medley, of Arlington.

Mr. Medley announced the next day that he would not consider it.

The only really active campaign in the Eighth District for the House seat now held by Representative Smith has been waged by Mrs. Elizabeth Chilton Murray. Other candidates are Major James C. Tate and Frank Hurst.

### Brenda Carol Watson Is Killed By Truck At Dumfries Thursday

Brenda Carol Watson, five-year-old daughter of Mr. and Mrs. Stanley Watson, of Dumfries, was instantly killed Thursday morning when she was struck by a truck in front of her home.

The little girl was returning to her home from Cato's store when she was struck on U. S. Route No. 1, according to State Trooper Phil P. Herndon, who investigated with Trooper Clark and Commonwealth Attorney Stanley A. Owens.

According to the officers, the little girl ran in front of the truck, which skidded to the side of the road to miss her. While this was going on, the girl ran underneath the truck and was crushed beneath the rear wheels.

The driver of the truck was booked on a charge of involuntary manslaughter. He will face trial in Trial Justice Court next Monday morning.

Funeral services by Hall Funeral Home were conducted at Dumfries Methodist Church on Saturday afternoon at 2 o'clock by Rev. S. H. Caviness, pastor of Woodbine Baptist Church, where Brenda had attended Sunday school. Interment was in Dumfries cemetery.

In addition to her mother and father, she is survived by one brother, Jackie, three years old.

enjoyed bowling at Colonial Village in Arlington last Friday night. Only three weeks remain for the bowling season. Let's all get out and make these the three biggest weeks.

Two more trips are in the making for the children of the community, one is to Mt. Vernon and the other will probably be to Glen Echo since it will afford an opportunity to swim. These are the last two trips to be made. Parents are asked to cooperate in this matter by permitting their children to go. These trips are well supervised and planned so as to offer the children the most enjoyment.

As director of community recreation I would like to clarify a few rules in regard to the Women's Croquet League. The purpose of the league was to afford an opportunity to get out and have some fun and it should stay that way. In the future if one player is loaned to another team for that evening's matches the results of these matches will remain the same and shall count as wins or losses. Two players must be present to start matches or the team not having two players must forfeit the said matches to the other team. Team captains are asked to put forth more effort in getting their players out for scheduled matches. The team with the most wins and the least number of bosses at the end of the regular season shall be declared the winner. In the event of a tie a two out of three game series shall be held to determine the winner.

Children are asked to sign up for the table tennis and badminton tournaments that are to be held the third week in August at the high school gym. All entries will be placed in classes according to their age. Prizes will be awarded all winners of classes. Umpires are needed to finish out the softball schedule. Any help in this matter by anyone in the community will be highly appreciated.

The Manassas Grill nine will play host to the Stanley, Va., team on Sunday at Swavely Field, the game beginning at 3 o'clock. The Manassas Macs will travel to Falls Church to play a doubleheader there.

### MASS MEETING SET AUGUST 17

Six Delegates To Be Chosen To Convention To Name Glass Successor

The setting of Saturday, August 17, as the date for a meeting to choose delegates to the State convention to nominate a Democratic successor to the late Senator Carter Glass was the highlight of last Saturday's meeting of the County Democratic Committee at the court house.

A county wide mass meeting will be held in Manassas at 2:30 p. m. on August 17 to select six delegates to the September 5 convention in Richmond. Those delegates will cast the county's entire vote in the convention.

All persons wishing to be named as delegates must file with the chairman of the committee on or before Monday, August 12, to be eligible for the election. There will be no nominations on the night of the meeting.

All county Democratic voters are eligible to attend the mass meeting and help elect the delegates.

Other major business of Saturday's meeting will deal with getting the greatest number of eligible voters to the polls. After considerable discussion, it was decided to leave this task up to the committee members in the individual districts and precincts.

The Democratic primary will be held next Tuesday, August 6, and only those voters who registered prior to July 6 will be eligible to vote. The only exceptions are men still in service and ex-servicemen who have been discharged since July 6.

### MANASSAS NINES SPLIT TWIN BILL

Grill Bows To Catharpin; Macs Troupe Stephens City Behind Pysniak

The Manassas Macs and the Manassas Grill split a doubleheader on Sunday at Swavely Field as the Macs trounced Stephens City, 7-2, after the Grill had taken a 7-5 beating from Catharpin.

Lefty Jim Pysniak, on the mound for the Macs in the nightcap, completely stole the show as he allowed only two hits, struck out 16 men and lashed out a run-producing double.

It was sweet revenge for the Macs, who dropped a game earlier in the season at Stephens City, and they had an easy time behind Pysniak's superb twirling.

The Macs started off with two runs in the first inning on a walk to Bob Wilt, a single by Buddy Merchant, another single by Shorty Vetter and Merchant's steal of home.

Three more runs crossed in the fourth on a single by Monk Crabbill, doubles by Kite Roseberry and Pysniak and another single by Wilt.

The Macs got rid of the first Stephens City pitcher in the fifth when Dallas Posey singled, stole second and romped home on a single by Dee Vetter.

Wilt's single, an error and Merchant's single accounted for the final Mac tally in the sixth.

Stephens City scored once in the fifth when Faucett reached first after striking out on a wild pitch, took second.

### NEW TELEPHONE BOARD CUT OVER

Old Familiar Query, "Are You Waiting?" To Be Thing Of The Past.

"Are You Waiting?" It won't be long now before all users of the Central Mutual Telephone Company system around Manassas will cease to hear that familiar phrase. And, believe it or not, the telephone operators in Manassas will be just as glad to stop using it as you will be to stop hearing it.

The reason, of course, is the new telephone switchboard which was cut over last week at the telephone office.

There wasn't any big blowout about the job; there was just a simple transition from the old board to the new last Friday at the telephone office, and the transfer of old phones from the old board to the new was started that night.

An "open house" was held at the office beginning at 4:30 last Friday afternoon, and there were many visitors to the office who were welcomed by officers and employees of the Central Mutual Telephone Co.

You really have to see and understand the new and the old switchboards before you realize just what the transition will mean to you, however. From now on it will be possible for those persons having private lines to have telephones which merely need to be picked up to get the operator.

The telephone operators in Manassas have caught the worst end of all kinds of criticism for many years and have continued to serve faithfully during that time. If any of you really take the time to look at the old and new switchboards, however, you will actually come away feeling sorry for those operators.

The new board is something to see. When a person rings the phone, a little light goes on on the board and the operator immediately can plug in that line. After the two parties have gotten together and then have ceased talking, the light goes again and the line is clear. It's as simple as that.

All of which explains the now classic phrase, "Are you waiting?" On the old switchboard the operators had no way at all except listening in of knowing when a party had completed his call.

Suppose you and your friend talked for a while and then hung up. Unless the operator happened to listen in at the same time that you finished talking, the line might have remained out of action for several minutes before she had time to check on that line. There were no little lights to tell her anything.

Don't get the idea, however, that your phone service is going to be perfect from now on. All the operators we talked to last Friday were just beginning to learn the intricacies of the new switchboard. You don't learn things like that overnight—but you do in the long run.

As far as we're concerned, we now understand what happened to a lot of our phone calls. And instead of saying nasty things about the operators, we want to give them a big pat on the back for a job well done.

The operators, all of whom deserve the greatest credit, are Mrs. Helen Fox, Miss Mary Kendrick, Mrs. Minnie Conner, Mrs. Jean Whetzel, Miss Mary Jones, Mrs. Vera Albrite, Mrs.

### PLANS FINISHED FOR HORSE SHOW

Outstanding Horses Entered In Sunday's Events At Portner Estate

Members of the Bull Run Hunt Club, under the chairmanship of William Wheeler, have been busy this week making final preparations for the horse show to be held at the Portner Estate here on Sunday afternoon at 1 o'clock.

Final touches are being put on the jumps and grounds, which are in excellent condition, according to Conway Seelye, general chairman.

Sponsored by Prince William Post and Auxiliary, American Legion, the show has been widely publicized and outstanding hunters and jumpers of northern Virginia, as well as local horses will be entered in the fourteen classes.

Trophies for the winners of the warm-up class and the class for Bull Run Hunt Club horses only have been donated by Mrs. Jane Burhen and J. Carl Kincheloe, respectively.

As an added attraction for spectators a valuable saddle horse will be offered as a prize by the American Legion committee of which District Commander E. G. Parrish is co-ordinating chairman. Detailed arrangements have been in the hands of Herb Saunders and various Legion sub-committees.

The Auxiliary committee, under the chairmanship of Mrs. Benjamin Jacobson, has had charge of advertising and publicity and will assist Legionnaires in providing refreshments for visitors on the day of the show.

### BRISTERSBURG BOWS TO GRILL

Andy Andrus Turns In Five-Hit Pitching Job To Pace 8-3 Triumph

Rallying behind the five-hit pitching of Andy Andrus, the Manassas Grill nine came from behind to defeat Bristersburg, 8-3, on Saturday afternoon at Swavely Field.

Bristersburg took a quick 2-0 lead in the first inning on a single by Clarke, an error and a double by Hunsberg, but Andrus shut the visitors out from then until the ninth when they tallied their final run on two Grill errors.

The Grill got two runs back in the second inning on a walk to Harry Parrish, a single by Potent, a fielder's choice, Busby's single and an error. Another Grill tally scored in the fourth on a Bristersburg error and two long flies.

The Grill broke loose with four runs in the sixth to lock up the game. Potent led off with a walk, which was followed by doubles by Busby and Stewart Vetter and singles by Parsons and Howard Atkinson.

The final run for the Grill scored in the seventh on another walk to Potent and doubles by Andrus and Busby.

Bessie Akers, Mrs. Esther Randall, Mrs. Clara Holmes, Mrs. Janie Curtis and Mrs. Doris Tallent.

Every one of them is wishing, just as you are, that there will be a sudden cessation of:

### ROUTINE MEETING OF TOWN COUNCIL HELD ON MONDAY

Several Matters Are Discussed; Airport May Be Sold In Near Future.

A routine meeting of the Manassas Town Council, at which several relatively unimportant matters were discussed and some acted on, was held in the Town Hall on Monday night.

Of major interest was a letter to the Council from W. Hill Brown, Jr., on behalf of two clients who were willing to purchase the Manassas Airport from the town for \$8,000.

There was considerable discussion, and the Council instructed that a letter be written expressing its sentiment in favor of selling if the field would be continued as an airport, but Councilmen agreed that it would not be sold for \$8,000.

A report from Town Manager Hutton Tiffany was heard that he had not been clear on the town attorney's decision on whether or not the town was responsible if there was a dangerous condition in the foundation of the Prince William Hotel.

Councilman E. G. Parrish had his motion passed that Mr. Tiffany be given a definite decision by the town attorney on the responsibility of the town.

A request by Marvin Crabbill, who lives outside town, to hook on to the town sewer system was deferred until he has received permission in writing from the Methodist Church, which put in the sewer he wishes to hook on to.

Mr. Parrish requested that the Southern Railway be contacted regarding moving their standpipe so that engines taking water would not block the crossing on South Main street.

An ordinance was requested by Mr. Tiffany to prohibit crossing against the red lights on the crossings, but Councilman J. A. Vetter and Mayor Harry P. Davis said the ordinance should not be passed until the railway has made a better arrangement about blocking crossings when there is no actual danger.

It was requested that all citizens report instances of unnecessary blocks of the crossing so that the railroad might work out a better system.

It was voted to favor B. C. Cornwell's request for a taxi stand between his filling station and the railroad.

The Council passed an ordinance prohibiting U-turns on Center street. Violators may be fined from \$1 to \$5 and or be sentenced to not more than five days in jail.

Councilman W. E. Trusler observed that traffic lights soon were going to be needed on Center street at Main and Grant avenue, and the town manager was asked to look into the matter.

A motion by Mr. Parrish was passed that the mushroom street dividers be removed from all streets.

Mr. Tiffany read a letter from the State Highway Department asking for \$2,000 to surface the town's streets. The town must furnish the stone and the work probably will be done in August.

It was reported by Mr. Tiffany that over \$7,000 now has been received for the perpetual care fund for the cemetery, but the town manager said he still had not received plans for overhauling the sewage system.

Mr. Vetter recommended that the old curb on South Main street between the railroad and South street be removed, and a motion was passed to that effect.

A letter was read from Miss Eugenia H. Osborn thanking the town for its contribution to the high school library, and Clerk R. L. Byrd read the 1945 delinquent tax list, which was ordered posted on the bulletin board for 30 days.

Membership of the zoning appeal board, as finally settled on, is D. J. Arrington, Claude Hixson, Sedrick Saunders, J. L. Moser and Mrs. L. L. Lonas.

Mr. Parrish revealed that he had written the Southern Railway regarding the naming of straddling cars after Manassas and Prince William County, and said he had been informed that his request had been referred to the proper authorities.

Mr. Tiffany revealed that another policeman would start work in two weeks. He is Gerald Peters, from South Fauquier county.

## LUTHERANS HONOR 50TH ANNIVERSARY

Special Services To Be Held Sunday At Bethel Evangelical Church.

Members and friends of Bethel Evangelical Lutheran congregation will celebrate the 50th anniversary of the building of the church on Sunday. Festival services will be held at 11 a. m. and 3 p. m.

The Holy Communion will be celebrated at the morning service when Dr. Edgar Z. Pence, of Greenville, S. C., will be the preacher. Dr. Pence, who served the Manassas Evangelical Lutheran Church as pastor for eight years, later became the president of the Evangelical Lutheran Synod of South Carolina.

A homecoming fellowship dinner will be served on the church grounds at noon.

Beginnings of the local congregation go back to 1885 when services were held here for Lutheran and Reformed families who had come in from Berks County, Pa., and from the Valley of Virginia. Early pastors preached all along the line of the Southern Railway between Manassas and Culpeper.

On Sunday, July 28, 1889, in Medford Hall, later Blossom Hall, Dr. J. P. Stirewalt organized the Bethel Church with 19 members. Founding families were the Whitmers, Mays, Youngs, Printz, Hettingers and Wenrichs.

During the pastorate of Rev. J. K. Efrd a "well located lot was purchased from George Round and wife for \$200 December 21, 1895." The church was under roof in 1896. One son of the congregation entered the gospel ministry, Rev. J. H. Young, now deceased.

During the past year under the leadership of the present pastor, Rev. Rudolf Ludwig, the congregation has become self-supporting, painted; the church and parsonage, exceeded its quota for world relief and gathered over 500 pounds of clothing for European relief.

New members will be received into the church at the Sunday morning service. A new set of red chancel hangings will also be dedicated, at

PEACHES! Now's the time to can 'em!  
Buy yours this week at... **SAFeway**

Some of the finest peaches you've ever seen are arriving right now at Safeway. They're ripe, juicy, sweet and fine-flavored... perfect for eating fresh or for canning. Our buyers tell us it's the peak of the peach season, so now's the time to can for winter eating. Get your canning peaches, and your canning supplies, at Safeway's low prices. Quality is guaranteed right—or your money back!

## Carol Drake tells how to can peaches

**PREPARATION**—Wash peaches, sort according to size and ripeness. To peel, dip a few peaches at a time in boiling water until skins loosen, dip in cold water and slip off skins. Cut in halves, pit, or slice if desired.

**HOT PACK METHOD**—Cover peaches with boiling syrup (1 cup sugar to 3 to 4 cups water) or boiling water, boil 3 to 5 minutes. Fill hot jars to within 1/4 inch from top with hot fruit and liquid. Work out all air bubbles by running a table knife down inside of the jar, wipe rim and shoulder with clean, damp cloth (no soap, please). Put on scalded lid. If self-seal type, tighten completely. If screw-top with rubber ring, screw tight, then unscrew one-quarter turn. Lower hot, filled jars onto rack in deep kettle filled with hot water, placing jars so they won't bump during processing. Add boiling water until lids are covered by at least 1 inch of water. Cover kettle, heat to boiling. When water boils, begin timing and allow 10 minutes for Freestones, 20 minutes for Clingstones.

**COLD PACK METHOD**—Fill jars with peeled, raw halves, cover to 1/4 inch with boiling water or syrup. Finish as directed above allowing 20 minutes for Freestones, 35 minutes for Clingstones.

**FINAL STEPS**—Remove jars from water with jar lifter, finish sealing rubber-ring jars. Do not touch self-seal lids. Set jars right side up away from drafts to cool. Leave for 24 hours before storing.

THURSDAY, AUGUST 1, 1946

Senator Byrd And  
Congressman Smith

Senator Byrd is certain of reelection by the largest vote he ever received. The same is true of Congressman Smith of this district. Both are opposed by the Political Action Committee of the Communist CIO. Opposition of the Political Action Committee guarantees re-election. This has just been proved, as shown by recent election returns where 30 of the 32 Congressional candidates, opposed by the Political Action Committee, were victorious. There is nothing in the career of Senator Byrd or of Congressman Smith that justifies the charge they are enemies to organized labor. Both believe in collective bargaining which is the right preservative for all the rights of labor. They do not oppose the right to strike, or the right to picket, or any basic principle of justice to the wage earners. Both are farmers. Both came up in the world the hard way, for neither inherited any wealth. Smith is a dirt farmer, and toiled in the field in the playtime of other boys. Byrd was a farmer and fruit grower before he became of age. Their lives are a greatness of our country where toil and patient sacrifice always have their reward. William Green of the American Federation of Labor is trying to mislead organized labor in Virginia because he could not mislead Senator Byrd. The labor record of Senator Byrd was written when he was the leader of the Virginia State Senate, when he was Governor of Virginia, and when he was first and last a candidate for the office of U. S. Senator. A record always of friendship for organized labor, and he has far more influence and a much larger following among the wage earners than William Green ever had or ever will have.

Both Senator Byrd and Congressman Howard W. Smith are known throughout this land as statesmen of high rank, and are leaders in the Congress, looked up to and respected by their colleagues, and have great power and influence in both Houses. That is a great asset to the people of Virginia, and the voters of the State know it, and will reelect both.—The Arlington Chronicle.

## It's Up To You

The death of little five-year-old Brenda Carol Watson was a tragic way of bringing home to the citizens of the Dumfries-Triangle area a need which has existed for a long time, but it sometimes takes tragic accidents to bring home needs to everyone.

There is a definite need for a 25 mile speed limit through Dumfries and through Triangle, and the time to get it is now—before any more little girls or boys are killed by passing cars and trucks.

According to officers who investigated the death of Brenda last Thursday, there was no evidence that the truck which killed her was violating the existing speed limit of 50 miles per hour. But 50 miles per hour is too fast to be driving through a residential area anywhere.

We have been told that the State Highway Department was approached a few years ago on the subject of restricting the speed through Dumfries and Triangle to 25 miles per hour and that the request was refused. If there ever was a talking point for a slower speed, however, the time is now—before anyone else is killed or injured.

It's up to you, ladies and gen-

tlemen of the Dumfries-Triangle area. With enough backing from your section, the proper authorities probably can swing a slower speed limit now. Perhaps the Quantico Chamber of Commerce would be the proper point for the origin of such a move. Regardless, the time has come. Let's slow down traffic through our towns and save some of our citizen's lives.

## WHEN COLD IN THE EARTH

When cold in the earth lies the friend thou hast loved,  
Be his faults and his follies forgot by thee then;  
Or, if from their slumber the veil be removed,  
Weep o'er them in silence and close again.

And if it is pain to remember how far  
From the pathway of light he was tempted to roam,  
Be it bliss to remember that thou wert the star  
That arose on his darkness and guided him home.

From thee and thy innocent beauty first came  
The revelations that taught him true love to adore,  
To feel the bright presence and turn him with shame  
From the idols he blindly had knelt to before.

O'er the waves of a life long benighted and wild,  
Thou camest like a soft golden calm o'er the sea,  
And if happiness purely and glowingly smiled,  
On his evening horizon the light was from thee.

And though sometimes the shades of past folly might rise,

And though falsehood again, might lure him to stray,  
He but turned to the glory that dwelt in thine eyes,  
And the folly and falsehood vanished away.

As the priests of the sun when their star grew dim,  
And the day-beam alone could its lustre repair,  
So if virtue a moment grew languid in him,  
He but flew to that smile and re-kindled it there.

## THE MONKEY'S VIEWPOINT.

Three monkeys sat in a cocoanut tree,  
Discussing things, and they said to me,  
Said one to the others, "Now, listen, you,  
There's a certain rumor that's said to be true,  
That man descended from our race,  
The very idea! It's a disgrace!  
"No monkey ever deserted his wife,  
Starved her baby, and ruined her life,  
And you've never known a mother monk  
To leave her babies with others to bunk;  
Or pass them on from one to another  
Till they scarcely know who's their mother."

Local Kiwanis Seeks  
Lieutenant Governor

Spurred on by the urging of Frank G. Sigman, the Manassas Kiwanis Club last Friday night endorsed the candidacy of R. C. Haydon for lieutenant-governor of the Capital District of Kiwanis International.

The endorsement was given at a meeting of the board of directors after Mr. Sigman urged the action dur-

ing the regular meeting of the club, which was held at the Lake Jackson Tavern.

Frank Lee Brown was in charge of the program and conducted an interesting quiz program with the Blue side outpointing the red by a narrow margin of 70 to 68.

One of the amusing incidents of the meeting was C. W. Alpaugh's offer to give a new hat to the person who could answer in two minutes a question he expounded before the club.

According to Mr. Alpaugh's calculations, no one earned the hat, but Kiwanians were of the opinion that Mr. Alpaugh owes at least 42 hats and 126 apples, the apples being derived from the question.

On the serious side, Mr. Browne said that he had received several complaints from citizens who have just moved here that the community does not seem cordial, and Kiwanians were urged to make strangers and guests feel at home.

## The Eyes of the Nation are on Virginia

EYES EXAMINED  
PUTTED

For the first time since Reconstruction Days, sinister outside influences are attempting to invade Virginia to bring about the defeat of a United States Senator who refused to bow to the dictates of John L. Lewis, James Caesar Petrillo and Philip Murray. It was at Atlantic City on May 10, 1946, that Thomas Burns of Akron, Ohio, Assistant Director of the CIO-Political Action Committee, proclaimed that his group would mobilize to defeat Senator Byrd, placing him number one on the "purge" list.

## Why?

- (1) Because Senator Byrd opposes special privileges for union leaders just as when Governor he opposed special privileges for corporations.
- (2) Because Senator Byrd introduced legislation requiring labor unions to file reports of their receipts and disbursements.
- (3) Because Senator Byrd forcefully brought to the attention of the country that a few labor leaders have become so powerful that one man can shut down all the coal mines, another can discontinue all train service, another can close all the steel mills, while a fourth can tell 130,000,000 people what they can and cannot listen to on the radio.
- (4) Because Senator Byrd believes that it is not in the interests of the nation that campaign expenditures of the Political Action Committee be exempt from the Corrupt Practices Act.
- (5) Because Senator Byrd believes that ruthless, dictatorial tactics of unscrupulous labor leaders are doing much to injure the interests of the working man.
- (6) Because Senator Byrd has fought with determination all efforts of these ruthless leaders to put their own selfish interests above the welfare of 130,000,000 Americans.

Tuesday, August 6, 1946, is an important day in U. S. history. Senator Byrd's defeat would signal a new wave of radicalism which might sweep away the liberties now enjoyed by this democratic nation.

## Vote Tuesday.

Strike a blow against sinister outside interference in the political affairs of Virginia. Vote for the re-election of United States Senator Harry F. Byrd on Tuesday, August 6th.

## Conrad L. Snavelly Describes Europe

(By Graham R. Hodges)

New Windsor, Md.—Conrad L. Snavelly, of Manassas, sailed from Newport News June 8 on the "Queens Victory" which was carrying 785 horses to Czechoslovakia. Since his recent return he has reported some of his observations to us. He saw very little food. Everything was rationed. There was little clothing seen anywhere to buy.

Most of Bremen is utterly destroyed. This includes a large part of the residential district. Conrad saw only two church buildings that were fit to worship in. The others were totally destroyed. Life has no future for these people. Their only outlook on the whole is merely to exist from day to day. They have nothing; there is nothing to believe in—not even God.

Mr. Snavelly was recruited by the Brethren Service Committee which has its headquarters at the Church World Service Center, New Windsor, Md. The center here is one of the largest church relief depots in the United States.

Not only are clothing, bedding, canned foods and money received here, but also soap, candles, shoes, kitchen utensils, tableware, dolls, carpenter tools, cotton feed bags, and a number of other items needed abroad in war-stricken lands. Goods sent here are usually packed and shipped within 48 hours after their receipt.

Over 700 pairs of shoes are reconditioned each week in the shoe repair shop here before shipment abroad. People are urged to send any usable articles mentioned above to this center. They can be assured of prompt and safe distribution across the seas. Recently over a thousand letters have come from grateful persons overseas, thanking Americans for their donations of clothing and bedding.

Regarding the need for relief, Mr. Snavelly says:

"Relief must come immediately or else they will die and the church in Germany will also die."

## Two Ex-Servicemen Register Discharges

There were two ex-servicemen who registered their discharges at the county clerk's office during the week ending at noon on Monday, July 29. The men, their overseas service and decorations (where this information is obtainable) are as follows: **James R. Young**, Gainesville, became one month, 19 days. **William R. Young**, Manassas, Navy. American Theatre Ribbon, Victory Medal.

**William R. Young**, Manassas, Navy. American Theatre Ribbon, Victory Medal.

## Trial Justice Court Has 7 Liquor Cases

Recent extensive activity by A. B. C. officers was in evidence on Monday morning in Trial Justice Court as seven defendants pleaded guilty to bootlegging before Judge C. Lacey Compton.

All the defendants were arrested in recent raids in the lower end of the county by A. B. C. Officers Bryant and Arrington, Deputy Sheriff T. D. Wheeling, and Special Officer W. F. Welch.

Four of the defendants were fined \$50 and costs and given six-month suspended jail sentences, one defendant was fined \$50 and costs and given a 12-month suspended jail sentence, while two defendants were ordered to pay \$100 fines and costs and were sentenced to three months in jail. The latter two were arrested on two charges.

One speeder forfeited bond of \$10 and costs, another forfeited \$5 bond and costs, and a driver forfeited \$5 and costs for failure to comply with a highway sign.

## FALSE STATEMENTS AND SENATOR BYRD'S TRUE STAND FOR FARMERS

At the eleventh hour in the Democratic Primary Campaign an advertisement is being published in Virginia signed by HENRY FOWLER and MRS. HENRY DURR (sister of Justice Hugo Black, of Alabama).

THIS ADVERTISEMENT TOTALLY MISREPRESENTS THE ATTITUDE OF SENATOR BYRD WITH RESPECT TO FARMERS AND AGRICULTURAL LEGISLATION.

The statement that Senator Byrd opposed legislation beneficial to farmers IS TOTALLY UNTRUE.

On the contrary, SENATOR BYRD SUPPORTED THE TRIPLE A, THE RURAL ELECTRIFICATION PROGRAM, the SOIL CONSERVATION PROGRAM, voted FOR INCLUSION OF LABOR COSTS IN AGRICULTURAL PARITY PAYMENTS, ETC.

In addition HE RECOMMENDED THE REDUCTION IN FARM TAXES THROUGH REPEAL OF STATE TAXES ON LAND AND THE BYRD ROAD LAW, by which the State took over county road maintenance. Together these recommendations resulted in SAVING SIX MILLION DOLLARS A YEAR FOR FARMERS, and made THE VIRGINIA TAX ON REAL ESTATE THE SECOND LOWEST IN THE COUNTRY.

We urge you NOT TO BELIEVE THE STATEMENTS IN THIS ADVERTISEMENT which are MADE BY PEOPLE WHO ARE NOT EVEN RESIDENTS OF VIRGINIA.

Senator Byrd has ALWAYS BEEN WITH AND FOR FARMERS and the BEST INTEREST OF AGRICULTURE.

## A STATEMENT FROM SAFEWAY REGARDING THE NEW OPA BILL

We have tried to keep you informed on what Safeway would do about food prices if there were no OPA price controls. Now that OPA has been revived, we want you to know about our position under the new bill.

Few consumers realized the enormous task required of the merchant in complying with the hundreds of technical details of OPA regulations.

There are many provisions in the new OPA bill which make it even more complicated than the old law and which may result in a lot of confusion among producers, consumers, merchants and OPA administrators.

Safeway is proud of its 4½-year record in living up to the letter and spirit of price control from January, 1942 to June, 1946, and Safeway will make every effort to comply with the new law. However, if we make some mistakes, we believe you will understand that they are not intentional and that all Safeway people are doing their utmost to comply and at the same time procure and deliver to our customers the maximum amount of food at the lowest possible prices.

Meat, poultry, butter, eggs and other dairy products are the principal items in our stores which continue without price control, but subject to possible reconrol after August 21st. We believe Congress made a wise decision in providing for a continued free market for these commodities. From our knowledge and experience with meat and dairy products, we believe that consumers and producers alike will be benefited in the long run if meat and dairy products are not reconrolled. A free market is the only way to assure a continuation of adequate non-black market supplies at non-black market prices.

and on a sacrifice and scored on a single by Singhass. The visitors' last run came in the eighth on two errors and a hit.

In the opening game "Squeezer" Polen spaced nine hits effectively to register his third straight win of the season over the Grill as Catharpin came up with four runs in a last-ditch rally in the ninth inning.

Warner Stutler twirled for the Grill and allowed only six hits, retiring the side in order for six of the first seven innings. The lone exception to that point was the fourth when Catharpin scored two runs on singles by Huffman, Tyson and Lynn Alvey, combined with two Grill errors.

Catharpin got one more in the eighth on a walk to Pierce and a single by D. Smith, but the roof fell in the ninth.

Pettie walked and stole two bases. L. Alvey doubled, H. Alvey was safe

on a fielder's choice, Pierce was safe on two Grill errors and Robertson laced out a single to chase across four runs for the ball game.

The Grill tallied once in the first on singles by Caton Merchant and Parsons and a fly by Poteat, and counted again in the third on a fielder's choice, a stolen base and an error.

Two runs scored in the sixth on a single by Parsons, a sacrifice, an error and a fielder's choice and a single by Jim Robinson.

The Grill got its final run in the eighth on singles by Howard Atkisson, Andy Andrus and Robinson.

## PROTECT YOUR CHILD AGAINST WHOOPING COUGH

★ World-wide in its distribution, whooping cough is endemic in large cities, becoming epidemic on a large scale every two to four years. The seriousness of pertussis, especially in young children, is evidenced by the mortality rate—about 26 percent in infants less than one year old.

Children should be vaccinated during the first year of life. Do not wait for an epidemic. It takes several weeks after vaccination for the body to produce antibodies. Ask your physician now about protection from whooping cough for your baby.

We carry fresh stocks of vaccine under refrigeration at all times.
