## Red Sox, White Oak Play Second Series Game Here Sunday

Game Time Is 3;  
Allen and Stutler  
Plated to Pitch

The Manassas Red Sox will again  
play with the White Oak. Oak-  
man this Sunday for a game  
scheduled at 3:00.

Will be the second game of  
series, the first of which Man-  
assas lost by a narrow margin  
Sunday when Oakman hurled  
win his own game in the  
with a single, after Shelton  
tripled with two out and  
one on base.

Manassas Scores Early  
Manassas set up its first run in  
first inning when Oda Taylor's  
hit was batted in by R. Love-  
after Buddy Merchant sacri-

home team scored again in  
third. Merchant was walked.  
D. Posey sacrificed. Mer-  
reached third base on a  
by Atkinson and scored on an

White Oak set up its first score  
two-base error in the sixth  
ing by Billy Tyson, after Rose  
single. Rose scored from third  
ground ball.

Tied in Eighth  
Spring again in the eighth to  
p the game, it was not until  
last of the ninth that the  
was decided by Allen.

Allen and Stutler who both did  
brilliant work out on the  
field will probably pitch against  
other again this Sunday in a  
which may decide the league  
championship. A close game is ex-  
and if Manassas wins, an-  
game will be played to de-  
the league championship.

driving through Manassas two  
ago, Dr. Vernon M. Bugg,  
minent and well-known Ameri-  
inventor, decided that this was  
kind of town he would like  
live in.

people were not in such a rush  
they were in New Jersey. There  
many fine churches, good  
schools and nice store. All were  
in a community where there  
a "good morning" to everyone.

Bugs Home  
Dr. Bugg bought a small place  
needed a great deal of repair.  
It was just what he needed,  
it gives him an outlet for the  
which he loves. By rebuild-  
his home, little by little, Dr.  
is able to soothe his mind  
from the complicated ma-  
chines which he works on and  
unlike when he was living  
his 20-room home at Little Sil-  
N. J., where he has two acres  
lawn and where there is little  
him to do.

Dr. Bugg, who can trace his lin-  
back to the fourth oldest  
city of Virginia, has had some  
t in the development of many  
the machines produced by In-  
ternational Business Machines, the  
Stark Corporation, the Com-  
puter Corporation, the Inter-  
national Banking Machine and  
many other companies and cor-  
porations.

Bugs Voting Machine  
He is the inventor and builder of  
the first American voting ma-  
chine, the copy-type machine, the  
automatic telephone switchboard,  
the ribbon bow-tieing machine, the  
stage electric galvanometer  
cutter, the power  
brush, the power  
diverse inventions which in-  
clude an automatic stock recorder,  
stock exchange announcement sys-  
tem, and a ground wave detector.  
Altogether, Dr. Bugg has more  
patents listed in the United  
States Patent Office than any  
other man with the exception of  
Edison, and he is familiarly known  
that office.

Recently, Dr. Bugg, moved his  
laboratories to Washington. He  
brought with him one of his latest  
machines which has been in the  
process of development for three  
years—It is the automatic search-  
ing machine, designed for large  
governmental departments and  
large businesses, which will in-  
stantly select any one sheet out  
of 160,000 by the use of a dial. Dr.  
Bugg also brought a banking ma-  
chine suitable for postal money  
order work.

Dr. Bugg, who received an hon-  
orary doctorate degree from the

University of Virginia, is president  
of the World Scientific Council,  
the International Automatic Ma-  
chine Corporation, and is founder  
of the proposed Helen M. Marsh  
laboratories, an institution to be  
set up for the development of  
devices to be used in medical di-  
agnoses and service so that physi-  
cians may take patients with  
known illnesses and had the use  
of instruments and devices never  
heard of before by the physician.

Must Work Together  
Dr. Bugg says that the modern  
medical doctor has at hand every  
known device in his art but that

if the physician could work along  
side of the creator and scientist,  
there would be new things that  
could be worked out from actual  
exchanges of information and that  
these devices could be used and  
study of the condition in which  
improved.

Although Dr. Bugg is a very  
busy man with all his activities,  
it is possible to see him at his  
home, located at 406 Main St.,  
busily improving it "little by little"  
and relaxing from the strain which  
he has constantly been under for  
30 years and which he "can't quit  
now."

## Former Head Of School Dies In New York

NEW YORK — Oswald Garrison  
Villard, 77, noted newspaper and  
magazine editor and writer, is  
dead.

In ill health for months, Mr.  
Villard died at his home Sunday,  
after suffering a stroke last  
Thursday.

Helped Manassas School  
For 22 years Chairman of the  
Manassas Industrial School Board,  
now the Regional High School of  
Northern Virginia, it was largely  
through his national philanthropic  
influence that the school was pro-  
vided with sufficient funds to keep  
it going and growing.

In his years of connection with  
the Industrial School, Mr. Villard  
came in contact with many of the  
leading citizens of Prince William  
County and surrounding counties.

Started At \$10-a-Week  
Son of the famous war correspond-  
ent, Henry Villard, Mr. Villard  
started his career as a \$10-a-week  
reporter.

Turning his pen to the defense  
of the oppressed, Mr. Villard ex-  
pressed belief in free trade, wom-  
an suffrage, and pacifism. He was  
one of the founders of the Ameri-  
can Association for the Advance-  
ment of Colored People, and in his  
editorials preached equal rights for  
the Negro.

Funeral services were held Tues-  
day in the Unitarian Church of  
All Souls, New York. Burial was  
in Sleepy Hollow Cemetery on the  
Hudson River.

In 'Operation Miki'  
Jack R. Chadwell, seaman, USN,  
of Haymarket, is serving as a crew  
member aboard the attack trans-  
port USS Randall, which is par-  
ticipating this fall in "Operation  
Miki," a large-scale amphibious ex-  
ercise in the Pacific.

## Osborn High School Defeats Falls Church

FAIRFAX—Sparked by Saylor's  
touchdown in the second quarter,  
Osborn High School continued to  
keep a perfect record of no losses  
in defeating Falls Church High  
School last Friday at Fairfax by a  
score of 6-0.

The team now has two wins to  
its credit and will be trying to  
keep its winning streak when it  
plays Charles Town, W. Va., in a  
game there this Friday at 3:15  
p. m.

Seven Games Remain  
Besides this Friday's game, the  
team will play six other games.  
The remaining schedule is: Occo-  
quan in a game there October  
14th; James Monroe High School  
at Warrenton on October 28th.  
After October 28th only home  
games remain. Home games will  
start on November 4th, when Os-  
bourn will play Marshall High  
School. On November 11th they  
will play Falmouth and on No-  
vember 18th, Strasburg.

Except for this Friday's game,  
all games are scheduled for 2:30  
p. m.

Broadus, Jr., son of Mr. and  
Mrs. John T. Broadus, 311 Port-  
ner Avenue, Manassas, is serv-  
ing on the athletic activities coun-  
cil of Lynchburg College. This  
council is one of the student-  
faculty committees designed so that  
the students might have an active  
part in the planning of campus  
affairs and policies.

Mr. Broadus, a senior, is maj-  
oring in physical education and  
has also attended the University  
of Virginia.

Pleads Guilty  
John V. Roseberry, former man-  
ager of the Prince William Elec-  
tric Cooperative, pleaded guilty this  
week to Circuit Court Judge, Paul  
E. Brown, in chambers, to the  
charge of taking funds from the  
Prince William Electric Coopera-  
tive while engaged as manager of  
that organization.

Present were the counsel for  
the defense and the Common-

the case to the probationary of-  
ficer who will report back De-  
cember 5th.

Sgt. C. S. Simms  
Cited For Work  
On Herndon Case  
Sgt. C. S. Simms, of the Ma-  
nassas police force, was cited for  
commendable work in a letter from  
Carl R. McIntosh, chief of police  
of Fairfax County, which was read  
at Monday's meeting of the Town  
Council.

In his letter, Mr. McIntosh stated  
that "it not been for the  
splendid and intelligent work of  
Sgt. C. S. Simms," a case at Her-  
ndon involving 9 felony crimes would  
remain unsolved.

Mr. McIntosh also expressed his  
appreciation to the town of Ma-  
nassas for the fine work done on  
the case.

Other members of the police  
force include J. T. Twyman, G. J.  
Peters, and J. A. Cobert.

## Town Manager Ritter Says Sewer Revision Not Feasible In Report to Town Council

### Chamber of Com. Disfavors Ordinance

After a discussion in which Wil-  
liam W. May, Jr., compared the  
present sewer ordinance with the  
proposed ordinance, the Manassas  
Chamber of Commerce voted to  
recommend to the County super-  
visors that the present ordinance  
be kept in effect. Only two votes  
were cast in favor of the proposed  
ordinance. Twenty-seven voted a-  
gainst, while four were for the new  
ordinance with some reservations.

Changes Objectionable  
Earlier, Mr. May pointed out that  
there were only three sections  
which he thought would be chang-  
ed by the proposed ordinance and  
that these three changes would be  
objectionable.

President E. D. Gothwaite ap-  
pointed Mr. May to inform the  
County Supervisors of the Cham-  
ber's decision at the next meeting  
of the County Supervisors to be  
held October 8th.

J. C. Kincheloe was congratulated  
on his appointment as a member  
of the Board of County Supervisors  
by Judge Paul E. Brown of Circuit  
Court.

Roller Skating Friday  
A roller skating party will be  
sponsored this Friday night at the  
Safeway Parking Area by the Ma-  
nassas Recreation Association.

Persons must bring their own  
skates. There will be no charge  
and everyone is invited. A P.A.  
system will furnish martial music.  
Skating will begin at 7:30 and  
continue until 9:30.

Mayors Proclamation  
NATIONAL EMPLOY THE PHYSICALLY  
HANDICAPPED WEEK, 1949  
WHEREAS this Nation has an unused reservoir of  
skills and strength in those of our fellow citizens who  
by reason of physical handicaps are denied opportu-  
nities for employment, and  
WHEREAS the people of this City are profoundly  
conscious of the limitless debt they owe to their fellow  
citizens who count the costs of wars in terms of phys-  
ical handicaps; and  
WHEREAS each year the toll of industrial and  
other accidents increases the number of handicapped  
persons seeking work, and  
WHEREAS thousands of handicapped workers  
have demonstrated that physical handicaps are no in-  
surmountable bar to efficient and productive labor, and  
WHEREAS this City needs the full measure of  
faith and participation in our democratic life which can  
only come in full measure to the handicapped when  
they become self-supporting and independent citizens, and  
WHEREAS the employers of this City have a  
unique opportunity to assist in this national effort to  
rehabilitate otherwise qualified but physically handi-  
capped workers by employing their services.

NOW, THEREFORE, I, HARRY DAVIS, Mayor,  
Town of Manassas, State of Virginia, do hereby call  
upon the people of the City to observe the week of  
October 2-8, 1949, as National Employ the Physically  
Handicapped Week. I also call upon heads of other  
agencies of City Government and other public officials,  
as well as leaders of industry, labor, and civic groups  
to make every effort to enlist public support for a  
sustained program aimed at the employment and full  
use of the capacities of physically handicapped workers.

### County Man Sets Record

HAYMARKET — Prince William  
County Aberdeen-Angus cattle  
breeders are helping the State to  
live up to its slogan, "The Tops  
Are in Virginia."

Milton Westcott owner of Eyle-  
sian Farms, Haymarket, started  
off his buying this fall by topping  
the Aberdeen-Angus Futurity Sale  
at Lexington, Kentucky, paying  
\$5,800 for the Woodlawn heifer  
that headed the summer yearling  
class there.

He also brought home the sec-  
ond top summer yearling heifer,  
Pridemore T. 119th, for \$2,800. Next  
he topped the Shadow Isle Farm  
Sale at Red Bank, New Jersey by  
paying \$6,000 for a Blackcap  
Bessie.

Other foundation females at  
Shadow Isle were purchased by  
Mr. Westcott for \$2,200, \$2,500 and  
\$2,100 respectively. He also bought  
several top ones in the Dutchess  
County, N. Y. Sale. Then he took  
a trip west, stopping in Iowa long  
enough to top the Bellevue Sale  
for another Blackcap Bessie. Then  
on to A-Bar-A Ranch in Colorado  
where he bought the two top fe-  
males in that Sale, one at \$8,200,  
a Maid of Bumpers, and an Eri-  
anna at \$6,500.

According to Dave Canning,  
Feldman for the American Aber-  
deen-Angus Association, this sets  
a new top for females this year.

F. E. Westenberg, Haymarket,  
purchased three Aberdeen-Angus  
heifers at the Shadow Isle Farm  
Sale for \$2,450, \$1,500 and \$1,150  
respectively. Other additions from  
the leading herds of the country  
have been made to the Westcott  
and Westenberg herds this fall.

Letters Read  
Several letters were read at the  
meeting. A letter from Carl R.  
McIntosh, chief of police of Fair-  
fax County, expressed appreciation  
to the town for the fine work  
done on a case for splendid and  
intelligent work on the case.

A letter from R. J. Wayland was  
read by the Town Manager. Mr.  
Wayland expressed his appreciation  
to the town for the use of the  
town lot for storing equipment and  
said that he would move his equip-  
ment from the lot within 30 days.

\$500 For Airport  
The Director of the Division  
Aeronautics, State Corporation  
Commission, informed the Council  
in a letter that \$500 would be  
available for the maintenance of  
the Town Airport. A letter from  
the Manassas Garden Club re-  
quested to the Manager that the  
town consider the purchase of ad-  
ditional Christmas decorations. The  
matter was referred to the Man-  
ager for further consideration with  
the Garden Club.

Portner Park Discussed  
The matter of the streets in  
Portner Park was brought up and  
a lengthy discussion ensued. Mr.  
Ritter requested to find out from  
Jack Breedon his intentions as to  
performing his part of the contract  
with the town which called for 16  
ft. of gravel to be put on six  
inches thick.

The Town Manager informed the  
Council that extensive work has  
been done on the Town Cemetery  
the past three weeks and was con-  
gratulated by the Council for the  
fine work performed.

The town truck, authorized by  
the Council September 26th, has  
been purchased.

All members of the Town Coun-  
cil were present at the meeting  
Monday which was carried over  
from last week. The Council de-  
cided to hold its next meeting  
October 24th, instead of October  
31st, in order to avoid Halloween.

### Will Find Practice Of Other Towns In Like Situation

At the Town Council meeting  
continued Monday, Town Manager  
James W. Ritter, Jr., reported to  
the Council that the sewer amend-  
ment which he was authorized to  
draw up was not feasible. The  
amendment would restrict the build-  
ing of new sewer lines and elimi-  
nate the \$150 gift which the Coun-  
cil has been making towards the  
construction of septic tanks in  
lieu of sewer lines.

Needs More Consideration  
Mr. Ritter made this announce-  
ment, after considering the matter  
with Arthur Sinclair, city attorney.  
Both said that the matter should  
have thorough discussion before ac-  
tion. Mr. Ritter said that he will  
attend the meeting October 9-11th  
of the League of Virginia Munici-  
palities and that he would find  
out the practice of other towns in  
similar situations.

Subdivision Approved  
R. J. Ratcliffe, together with the  
Town planning committee, pre-  
sented a map of the Robnel sub-  
division for the Council's consid-  
eration. The subdivision was ap-  
proved with the stipulation by the  
Council that the town would not  
obligate itself as to the installation  
of utilities and streets.

R. V. Hicks, manager of the  
Prince William Electric Co-OP,  
presented a proposition to the  
Council for the installation of  
four inch cast-iron water main to  
serve the new REA plant under  
construction and which would also  
serve four other buildings in the  
area of the plant. The matter was  
referred to the utility committee  
for further consideration.

Several letters were read at the  
meeting. A letter from Carl R.  
McIntosh, chief of police of Fair-  
fax County, expressed appreciation  
to the town for the fine work  
done on a case for splendid and  
intelligent work on the case.

A letter from R. J. Wayland was  
read by the Town Manager. Mr.  
Wayland expressed his appreciation  
to the town for the use of the  
town lot for storing equipment and  
said that he would move his equip-  
ment from the lot within 30 days.

\$500 For Airport  
The Director of the Division  
Aeronautics, State Corporation  
Commission, informed the Council  
in a letter that \$500 would be  
available for the maintenance of  
the Town Airport. A letter from  
the Manassas Garden Club re-  
quested to the Manager that the  
town consider the purchase of ad-  
ditional Christmas decorations. The  
matter was referred to the Man-  
ager for further consideration with  
the Garden Club.

## Prominent Inventor Makes Home Here

driving through Manassas two  
ago, Dr. Vernon M. Bugg,  
minent and well-known Ameri-  
inventor, decided that this was  
kind of town he would like  
live in.

people were not in such a rush  
they were in New Jersey. There  
many fine churches, good  
schools and nice store. All were  
in a community where there  
a "good morning" to everyone.

Bugs Home  
Dr. Bugg bought a small place  
needed a great deal of repair.  
It was just what he needed,  
it gives him an outlet for the  
which he loves. By rebuild-  
his home, little by little, Dr.  
is able to soothe his mind  
from the complicated ma-  
chines which he works on and  
unlike when he was living  
his 20-room home at Little Sil-  
N. J., where he has two acres  
lawn and where there is little  
him to do.

Dr. Bugg, who can trace his lin-  
back to the fourth oldest  
city of Virginia, has had some  
t in the development of many  
the machines produced by In-  
ternational Business Machines, the  
Stark Corporation, the Com-  
puter Corporation, the Inter-  
national Banking Machine and  
many other companies and cor-  
porations.

He is the inventor and builder of  
the first American voting ma-  
chine, the copy-type machine, the  
automatic telephone switchboard,  
the ribbon bow-tieing machine, the  
stage electric galvanometer  
cutter, the power  
brush, the power  
diverse inventions which in-  
clude an automatic stock recorder,  
stock exchange announcement sys-  
tem, and a ground wave detector.  
Altogether, Dr. Bugg has more  
patents listed in the United  
States Patent Office than any  
other man with the exception of  
Edison, and he is familiarly known  
that office.

Recently, Dr. Bugg, moved his  
laboratories to Washington. He  
brought with him one of his latest  
machines which has been in the  
process of development for three  
years—It is the automatic search-  
ing machine, designed for large  
governmental departments and  
large businesses, which will in-  
stantly select any one sheet out  
of 160,000 by the use of a dial. Dr.  
Bugg also brought a banking ma-  
chine suitable for postal money  
order work.

Dr. Bugg, who received an hon-  
orary doctorate degree from the

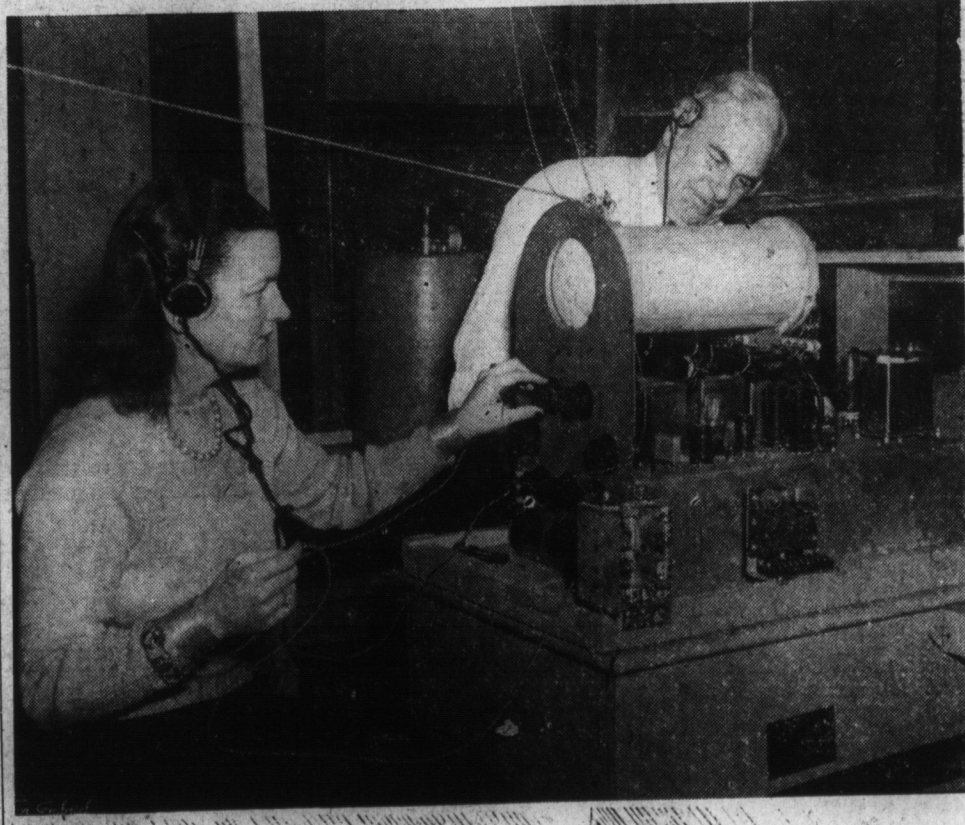

University of Virginia, is president  
of the World Scientific Council,  
the International Automatic Ma-  
chine Corporation, and is founder  
of the proposed Helen M. Marsh  
laboratories, an institution to be  
set up for the development of  
devices to be used in medical di-  
agnoses and service so that physi-  
cians may take patients with  
known illnesses and had the use  
of instruments and devices never  
heard of before by the physician.

Must Work Together  
Dr. Bugg says that the modern  
medical doctor has at hand every  
known device in his art but that

if the physician could work along  
side of the creator and scientist,  
there would be new things that  
could be worked out from actual  
exchanges of information and that  
these devices could be used and  
study of the condition in which  
improved.

Although Dr. Bugg is a very  
busy man with all his activities,  
it is possible to see him at his  
home, located at 406 Main St.,  
busily improving it "little by little"  
and relaxing from the strain which  
he has constantly been under for  
30 years and which he "can't quit  
now."

## Fire Prevention Week To Be October 9-15th

"It's much easier to prevent fires than to put them out," says P. A. Lewis, chairman of the Prince William County Agricultural Conservation Committee, in directing attention to National Fire Prevention Week, proclaimed by President Truman as the week of October 9-15th.

"Carelessness in one way or another is a major factor in most farm fires," Mr. Lewis says, in discussing some common farm fire hazards. He noted that increased use of gasoline, kerosene, and oil on farms rates a most serious fire hazard, especially if containers are improperly stored away from buildings.

It is wise to inspect electrical wiring and insulators often for broken or frayed wires and worn installation.

Chimneys and flues should be kept in repair and holes that may permit escape of sparks should be eliminated. Rusted or burned out stove pipe should be replaced and chimneys cleaned regularly.

Hurricane forecaster put Florida damage at \$40,000,000.

The Time to Insulate is NOW!

NOW when genuine "J-M" Rock Wool is still available at present low prices.

NOW when increased taxes and increased living costs make fuel savings more important than ever.

Technically I don't think we could list your wife as a liability.

PHARMACY is one of the oldest of all the learned professions. It had its beginning more than four thousand years ago and has been practiced in one form or another ever since. The modern drug store bears little resemblance to the apothecary shop of old, but today's pharmacist is inspired by the same honorable principles that governed the conduct of his forebears. The pharmacist's chief interests, now as then, are the relief of suffering and the prolongation of life. Prescriptions come first in our store. Your doctor may not like to recommend any particular pharmacy, but he will never complain if you bring his prescriptions to us.
