Propaganda of Villification

It is rapidly becoming an accepted method of American propaganda to magnify trivial matters and to denounce individuals and measures upon the theory that if enough noise is made, the public will be convinced that something is wrong.

This seems to be the tactics of many pressure groups and some individuals. It cannot be successfully rebutted except by those in a position to know the true facts, and, then, if these individuals have intelligence to present the facts and the courage to defend the individual or measure unjustly assailed.

In a government, like that of the United States, in which the people are represented by those elected by them, there is a need, it seems to me, for the people to have some faith in their elected representatives.

Certainly, it would be dangerous to one man, whether in Congress or out of it, could, by persistent attacks upon the integrity, loyalty and intelligence of a public official, create a situation in which the individual would be sacrificed, regardless of the conviction of the majority that he is a good official.

Undoubtedly, many officials have been put on the rack of public opinion and crucified by the insistent propaganda of a few vociferous individuals. Finally, even the friends of the individual, and the individual himself, came to the conclusion that the good of the operation requires the elimination for the individual.

We do not agree with this theory, which is based solely upon the possible adverse political effect of false propaganda, the fact is that integrity in public affairs requires that a just, loyal and efficient public service be supported and that the responsible authorities stand by any man unjustly accused. In the long run, the propaganda makers will learn that their tactics are not successful. If they are allowed to win, regardless of the merits of the individual or measure involved, the nation will be run by a minority, which, through the years, will become smaller and smaller.

Generosity to Friend and Foe

As of the end of June, foreign governments had received credits from the United States Government in an aggregate total of \$26,700,000,000 in the last four years.

Accustomed as the American people are to the spending of billions, instead of millions, the significance of the generosity of the United States, to other countries, is apt to be overlooked.

Certainly, the assistance that this country has extended to other friendly nations in an effort to help them overcome the losses resulting from the recent war is without parallel in the history of the world. It is evidence that the United States wants peace in the world and is willing to spend some money in an attempt to get it.

'No History, Logic or Reason'

Since 1886, the United States Supreme Court has held that a corporation is a "person" and, therefore, entitled to the equal protection clause of the Fourteenth Amendment.

The absurdity of such a conclusion is patent to anyone who considers the question involved. The Fourteenth Amendment was passed to protect the rights of a special class of human beings in this country but astute lawyers for corporations quickly seized upon its value in connection with regulation of corporate affairs.

The decision of the high court was referred to recently by Justice William O. Douglas, in a dissenting opinion, when he declared that there was "no history, logic or reason" behind the judicial decision. He considers it "starined" construction to call corporations "persons" and expressed the view that the 1886 opinion constituted "a substantial revision of the famous amendment."

The Printing Press

I am the printing-press, born of the mother earth. My heart is of steel, my limbs are of iron, and my fingers are of brass.

I sing the songs of the world, the oratories of history, the symphonies of all time.

I am the voice of to-day, the herald of to-morrow, I weave into the warp of the past the woof of the future. I tell the stories of peace and war alike.

I make the human heart beat with passion or tenderness. I stir the pulse of nations, and make brave men do better deeds, and soldiers die.

I am the laughter and tears of the world, and I shall never die until all things return to the immutable dust. I am the PRINTING PRESS!

VIEWS AND REVIEWS

(What They Say Whether Right or Wrong)

Cyril Forster Garbett, British Archbishop:

"Communism flourishes most of all in the countries where poverty is greatest."

Paul Bestor, New Jersey banker:

"Only when agriculture prospers can industry be successful."

Carlo Sforza, Italian Foreign Minister:

"We have succeeded in creating intimate relations with France, as a contribution to the unity of Europe."

Ernest Bevin, British Foreign Secretary:

"One step to confidence would be Soviet non-interference with the internal affairs of independent states."

Jacob L. Devers, General, U. S. A., retired:

"The ability to strike first, and swiftly, may mean the difference between a country which lives and a country paralyzed and destroyed."

William C. De Vane, dean of Yale University:

"The veterans have brought maturity and seriousness of purpose to the campus."

J. D. Crump, president, National Wholesale Druggist Association:

"The sovereignty of the state is being destroyed by the subtle and surest process I know in the tax programs of the Federal government."

Paul Robeson, Negro singer:

"Today, nobody dare speak out

for anybody, or they will lose their jobs."

Anthony Eden, former British Foreign Secretary:

"Although Communism has superseded Czarism, certain objectives of Russian policy remain basically the same."

Harry H. Vaughan, U. S. General, Presidential military aide:

"There are only two people I have to please, President Truman and Mrs. Vaughan."

Eugene Tatom, Commander, U. S. Navy:

"Contrary to popular opinion, the effect of the atom bomb is rather limited in its area of destruction."

Frederick Clark, director, Regional Plan Association:

"Increasing mobility of persons and goods has tended to disperse residential, manufacturing and trade activities into the environs of metropolitan cities."

W. W. Butterworth, Assistant-Secretary of State:

"Men are convinced by what they have seen or heard that sickness, drudgery and want are no longer the inevitable lot of humanity."

Herbert Hoover, former President:

"No bureaucracy can create or sustain a system of morals or the inspirations of spiritual life."

GOLDEN GLEAMS

On earth there is nothing great but man; in man there is nothing great but mind. —William Hamilton.

Little minds are interested in the extra-ordinary; great minds in the commonplace. —Elbert Hubbard.

There is no fundamental difference between man and the higher animals in their mental facilities. —Charles Darwin.

The mind can weave itself warmly in the cocoon of its own thoughts, and dwell a hermit anywhere. —J. B. Lowell.

'Tis the mind that makes the body rich. —Shakespeare.

Measure your mind's height by the shade it casts. —Robert Browning.

WISE AND OTHERWISE

In Their Turn

It was inevitable, of course, that the fashion people turned out that list of "best-tailored" women. What we're awaiting are their nominees for the ten "best-trimmed" husbands. —St. Louis Post-Dispatch.

The Real Need

Announcement is made of an electrically operated window for standard installation in houses. Now what is really needed is one that will close automatically when a rain threatens to spatter the sills and curtains. —Elgin Courier News.

Pastures

Horse cavalry may be obsolete, but according to Representative Horan, of Washington, the Army still has three million acres of grazing lands. The Navy holds a hundred thousand acres. (Retiring battleships to pasture?) —Tax Outlook.

Like—

Like coffee, canasta is a South American import that keeps you up —and Carmen Miranda wasn't exactly a sedative. —Washington Evening Star.

The Reader's Forum

Letters to this column are encouraged, subject matter is not limited, but contributors are urged to be as brief as possible and to sign all letters (Names will not be printed if so specified).

The Editor.

The Editor,
Manassas Journal.

Dear Sir:

I have seen several eggs with three yolks but must agree that an egg with three "yokes" must really be something to write about! Did Miss Cornwall say whether they were oxen yoke?

A READER.

WHO KNOWS

1. Who is the "Father" of the Reciprocal Trade Agreements Act?
2. How many "all-dry" states are there in this country?
3. When did the U. S. get possession of Guam?
4. What particular atomic development occurred on July 16, 1945?
5. Identify the rupee; krona; guilder; drachma; dinar.
6. Which are our three leading coal-producing states?
7. How many women are holding Federal jobs?
8. Who is president of the 1949 session of the U. N. General Assembly?
9. Which United Kingdom export to the U. S. has been bringing Britain the most dollars?
10. What five nations make up the "Soviet bloc" in the U. N. General Assembly?

The Answers

1. Cordell Hull, Secretary of State from 1933 to 1944.
2. Czechoslovakia, R. Ukraine, S. S. R., Poland and

Washington Notes

U. N. CORNERSTONE LAYING

President Truman has accepted an invitation to deliver the main address at a cornerstone ceremony on the Manhattan site of the United Nations' skyscraper headquarters to be held on October 24. To mark the occasion the 59-nation General Assembly will hold a special outdoor session at 42nd Street and the East River, the foot of the six-block international tract.

GOVERNMENTAL PAYROLLS

Government payrolls — Federal, state and local — totaled \$1,210,000,000 for the month of July, according to the Census Bureau. This was equivalent to about \$7 for each person in the population. Average monthly earnings of the 5,418,000 governmental employees were \$223 last July, compared with \$214 in July, 1948.

PENSION INCREASE

President Truman has signed a bill increasing disability and dependency payments to World War I veterans by an estimated \$112,000,000 yearly.

IMPORTS RISE

United States imports increased from \$455,000,000 in July to \$490,000,000 in August, a gain of \$35,000,000 according to the Commerce Bureau. The rise in imports of copper, lead and tin bars was chiefly responsible for lifting receipts of metals and manufacturers.

1. Cordell Hull, Secretary of State from 1933 to 1944.
2. Two—Oklahoma and Missouri.
3. In 1898, by the Treaty of Paris, after the Spanish-American War.
4. First atomic bomb was exploded at Alamogordo, N. M.
5. Currencies of Burma, Denmark, the Netherlands, Greece, and Iraq, respectively.
6. West Virginia, Pennsylvania and Kentucky.
7. Approximately 480,000.
8. Mrs. Gen. Carlos P. Romulo of the Philippines.
9. Whiskey.

PEOPLES BARBER SHOP
Manassas, Virginia

TRAVELERS

A total of 1,956,424 persons traveled between the United States and foreign countries by sea and air transport in the period of July 1, 1948, to June 3, 1949, according to the fiscal-year report of the Immigration and Naturalization Service. This total does not include the number who left the country by way of its land borders. It represents an increase of 158,363 travelers over the 1947-48 total of 1,310,061 persons.

GI INSURANCE

Payment of the \$2,800,000,000 GI insurance dividend will not start until the first of 1950, according to Harold W. Breining, VA official. Reports that the checks might start coming out before Christmas are "absolutely without foundation," according to Mr. Breining.

Several Insecticides Are Dangerous

The honeybee stands in some danger, along with other less desirable inhabitants of the insect

world, of a few of the new potent insect killers.

Dr. J. M. Grayson, associate research entomologist at V. P. I., says, however, that chemicals such as toxaphene, DDT, and DDD, can be efficiently used for pest control without seriously affecting honeybees. It is "likely" that the phosphate insecticides, such as parathion, HETP and TEPP can be used in the concentrations necessary for pest control without serious injury to bees, if they are applied when bees are not visiting the treated plants. Dr. Grayson explains that very small amounts of the phosphates are needed and that they lose much of their toxicity in a relatively short time.

Damage to bees from the use of BHC at recommended rates probably will not be serious unless treatments are applied when plants are in bloom.

Dr. Grayson warns against using chloradane carelessly around bees. The chloradane is highly toxic to honeybees, and its residual action extends over a period of three or more weeks.

A V-8 FOR LESS THAN MANY OTHER "SIXES"

ONLY FORD in its field offers you a V-type 8-cylinder engine—the type of engine used in America's costliest cars. And you get this "Eight"—the famous Ford V-8—for hundreds less than "Sixes" of 10 other makes.

There are more than 5,000,000 Ford V-8's on the road today! When you think of "V-8," you think of Ford V-8, and rightly so, because Ford, alone in its field, offers you this smoother, extra power. And Ford alone offers you a choice of this 100-h.p. V-8 or 95-h.p. Six.

This extra Ford power is part of the new Ford "Feel." With it comes Ford's new "Wild Ship" Ride... new 35% easier-acting "Magic Action" Brakes... the new 59% more rigid "Life-guard" Body and frame. And to top all this, Ford has the New York Fashion Academy's medal for the "Fashion Car of the Year."

Take the wheel... try the new FORD "FEEL"

LOUISA'S LETTER

Dear Louisa:

I am a young man and I have been married three months. My parents objected to my marriage because I was making a very small salary and they also disliked my wife's family. However, Bess and I thought we could get along on what I made so we went ahead.

We find now that there are things to pay for that we never thought about before, such as lights, telephone, ice, etc. In other words, when we get through paying rent and food bills we have nothing left for clothes, recreation or doctors' bills!

Now, our problem is this: Shall I give up my job which pays little at the present but has good prospects for advancement in the future and take another job I am offered which pays enough to live on but has no future?

I am so confused with bills and worrying about this situation that I need advice.

YOUNG HUSBAND.

Answer:

You were very foolish to get married before you were financially able to support a wife. If you had just waited a little while, you might have had a raise and saved yourself much worry.

However, the milk is spilt so we will have to make the best of things as they are. If your wife is prepared to do any particular kind of work, the best solution seems to be for her to get a job and help out until you are at least making enough to live on.

Of course, the ideal way for a man and woman to live is for her to take care of the home and children and let him earn the living, but when bills pile up, we have to do the best we can and the lesser of the evils in your case seems to be for your wife to get a job. At least, that seems much better than for you to take a job that promises nothing for the future and just means walking a treadmill the rest of your life.

Keep up your hopes and spirits and try to hold onto your job which promises you advancement.

So many unhappy marriages are the result of hasty marriages. The boy is so in love that he feels that any sacrifice is small for them to live together. He gives up his chances for a good education, perhaps, or better business opportunities in order to make enough money for two to live on.

And then as the years go by, and he feels himself a failure, he begins to blame the girl for his predicament. He feels that he has been caught in a trap and he forgets that he was just as anxious to get married as his wife was. But, as I said before, in your case what has been done is beyond recall and you must do your best to save yourself from disaster.

Keep your chin up and plan as wisely as possible.

Good luck.

LOUISA.

Beekkeepers Plan Spring Requeening

An interesting discussion, led by George H. Ray, nationally recognized bee specialist, at the county agent's office on Wednesday, October 5, was participated in by beekkeepers of the county.

The importance of building up the strength, disease resistance, honey quality and lessened hostility in bee colonies through the introduction of Italian queens was emphasized.

For Accurate Prescriptions See Us . . .

death. She is survived by her devoted husband, George W. Wheaton; seven daughters, Mrs. Gertrude Godbold, Mrs. Ohlie Smith, Mrs. Margaret Creel, Mrs. Estelle Baker-Smith, Mrs. Madge Mubolland, Mrs. Madeline Beavers and Mrs. Eleanor Hedges; one son, George, Jr.; and several grandchildren.

Funeral services will be held at 2 p. m. Sunday at the residence of Mrs. Wheaton, 1428 Clifton St. N.W., Washington, D. C. Burial will be in Woodbine Cemetery.

Greenwich

Another apple tree phenomenon—Mr. and Mrs. Dillon Wood have on their farm an apple tree which is bearing fruit the second time this year—June apples, and now October apples—of a good size and ripe.

The Rev. Dr. Carl Pritchett will conduct the revival services at the Presbyterian Church during the coming week. The Rev. Albert Winn will preach the opening sermon on Sunday evening. Everyone is invited to attend these series of sermons. There will be special music on the Hammond organ and special singing.

Mr. and Mrs. G. L. Mayhugh and Mr. and Mrs. Shirley Reid visited Mr. and Mrs. W. B. Jenkins of Richmond last Sunday.

Mr. and Mrs. Tom Foley spent the week-end with Mr. and Mrs. Lewis Mayhugh and visited other church members in the community on Sunday afternoon.

Mr. and Mrs. James House visited relatives in Greenwich on Sunday. Mrs. Frederick Hoffman is keeping her little niece for a while—her sister, Mrs. Elva Gard has another little baby girl.

Folks around Greenwich will miss Mr. Harry Mayhugh. He has bought a home in Centerville, and since his marriage to Miss Audrey Corder of Front Royal, is now living there.

Mr. and Mrs. M. G. Burgess of Middleburg visited Mr. and Mrs. G. L. Mayhugh on Sunday.

Mrs. G. L. Mayhugh and Mrs. M. B. Leach spent the day in Washington on Wednesday.

Mr. Herbert Wood returned to his home on Saturday evening from a trip to Kansas City, Mo., where he was one of the FFA boys who attended the National Convention there.

F. J. Robst, Forester To Lecture Here

F. J. Robst, of Charlottesville, district forester of the State Department of Conservation and Development and head of the Forestry Service will give a lecture at 8 p. m. October 25, at the Parish Hall.

The Manassas Garden Club is sponsoring the event and is anxious to have the garden sections of the Woman's Clubs, the Isaac Walton League, and the public generally, who are interested in beautifying their homes, to attend the lecture.

Now let's see; do you remember the name of the man who was the hero of the World Series?

CLIFTON

Miss Violet Ford, of Washington, was a week end guest of the Elgin family.

Mrs. Jennie Shore, of Los Angeles, was a recent visitor of Mrs. Bessie Buckley. Mrs. Shore will be remembered as the former Miss Jennie Buckley.

Mrs. Nell Bradley, of Radburn, N. J., is the guest of Mrs. Inez Kincheloe.

Mrs. Jessie Scott, of Ft. Smith, Ark., is visiting her daughter, Mrs. Lewis Marsh.

Mrs. Nan Johnson, Miss Ruth Johnson, Mr. Wickliffe Johnson and Mrs. Inez Kincheloe visited Mr. and Mrs. Clarence Kincheloe in Arlington last Sunday.

A turkey dinner will be given the evening of November 5th by the ladies of Clifton Baptist Church. All come and get a good dinner. Price of the dinner for adults is \$1.25.

The infant son of Mr. and Mrs. Ralph Thompson is still ill in the Children's Hospital in Washington.

SELECTION: "I will not be afraid; for even the Lord is my strength and song." Isaiah 12:2-7; 38:1, 2, 15-17

Learned in our lesson for Sunday, Isaiah was speaking at a time of international crisis, when the world and decadent empires were looking desperately for a way of protecting itself. He was speaking of the Assyrian empire, which was then the most powerful in the world. He was speaking of the king of Assyria, who was then the most powerful ruler in the world. He was speaking of the king of Assyria, who was then the most powerful ruler in the world.

Isaiah was speaking at a time of international crisis, when the world and decadent empires were looking desperately for a way of protecting itself. He was speaking of the Assyrian empire, which was then the most powerful in the world. He was speaking of the king of Assyria, who was then the most powerful ruler in the world. Every pound Johnny Weissmuller weighs over 200 will cost him \$1,000 according to his new contract for his Jungle Jim pictures. He weighed in for "Mark the Gorilla" at a shaky 199 and one-half.

Robert Mitchum's career has certainly taken an upward turn. He has eight pictures on his immediate schedule. With all of that he wants to do "Legal Brille," a comedy that RK owns about a movie cowboy who falls for a lady lawyer.

Remember the Mack Sennett comedies of the silent days? TV is bidding for 52 of them for reissue. Hollywoodites are getting a little worried over the fact that nearly a fifth of the United States film production is now being made in Europe, with a consequent loss of jobs there. A solution of the problem is yet to be discovered.

It is said that Barbara Stanwyck's earliest ambition was to be a missionary to China. After watching a championship tennis match, John Garfield decided he could play too. Result: He's in the hospital and his picture, "The Big Fall," had to be shut down for three weeks.

Janet Blair, who didn't fare so well in Hollywood, is turning down movie offers tossed her way. She should worry—she's making \$5,000 a week in night clubs. "Punchy" Congress in drive to adjourn; issues still remain. Eden holds Western nations must become more powerful.

A new process for making color films is being introduced into Hollywood by Cinecolor Company, which promises to greatly reduce the cost of such films. "Sunken Treasure," which Eagle Lion will release, will be the first three-color feature-length commercial printing job done in Hollywood by any laboratory other than Technicolor.

Virginia Chamber of Commerce Leads All Other Like Groups

RICHMOND.—Leadership by the Virginia State Chamber of Commerce in tourist and travel promotion among similar organizations throughout the nation was revealed by the Council of State Chambers of Commerce today.

A survey of travel efforts was made public at the Council's annual conference in Columbus, Ohio. The data showed that the Virginia Chamber has a more far-reaching and diversified program of travel promotion than any of 24 state chambers surveyed. Virginia is exceeded only by the District of Columbia in actual funds spent for travel promotion, the survey showed.

The Virginia Chamber was the only organization of its kind with a full-scale photographic department. Its 25-year-old program of publicity and improvement of travel attractions gives Virginia seniority among other state chambers in this field.

Details of the Virginia Chamber's role in the Old Dominion's travel development were given by Vernon E. Kemp, executive director and a past president of the Council of State Chambers, who led a forum discussion on "The Travel Trade" at the opening session of the annual conference at Columbus today.

Five Employees Used
"The Virginia Chamber pioneered travel promotion in its State," Lowell Thomas says. Tibet fears invasion by China's Reds.

Cowne Herd Leads In Association No. One

The herd of L. R. Cowne, Nokesville, led the Prince William County No. 1 Dairy Herd Improvement Association in September with an average production of 43.1 pounds butterfat and 1,206 pounds milk per cow.

The Wilmer M. Kline herd, Ma-pounds butterfat and 867 pounds milk per cow. Third was the herd of Gray and Swartz, Nokesville, with 32.7 pounds butterfat and 761 pounds milk. The herd of A. Blake Fleming, Nokesville, with an average production of 32.6 pounds butterfat and 844 pounds milk was fourth.

In fifth place was the herd of Mrs. Economes, Haymarket, with a production of 32.0 pounds butterfat and 778 pounds milk per cow for the month.

Richard M. Smith Receives Promotion

WITH THE EIGHTH ARMY IN TOKYO.—Pvt. Richard M. Smith, 95th Engineer Base Reproduction Company, 64th Engineer Base Topographic Battalion, was recently promoted from private to private first class. Pfc. Smith has worked in press and photolab sections of the 95th since his arrival in Japan April 5, 1949.

Prior to coming to Japan Pfc. Smith attended the Engineer School at Fort Belvoir. This section was just a few miles from his home in Lorton.

Pfc. Smith is a graduate of Mr. Vernon High School. His parents, Mr. and Mrs. Richard E. Smith, reside at Lorton.

Prior to joining the Army Pfc. Smith was a photographer.

There is no way to economize without doing without something.

Your all-round coat for year-round wear!

Beautiful full flowing lines!
Wear it with or without the belt!
Warm all-wool inner-liner with full 84-inch fast-action zipper!

It's the ideal casual coat for budget-minded buyers. Wear it with the belt for everyday wear, without the belt for dress. Zip the inner-liner in for cold weather, zip it out for milder days! Marcel-liner is expertly tailored of soft-to-the-touch covert and handsomely finished with a satin lining. And the inner-liner has full sleeves with knitted wristlets to keep you extra snug and warm! In all wanted colors and sizes for both Juniors and Misses. Some styles in Women's sizes, too!

Other MARCEL-LINERS in Suede, Tweed, Fleece, Covertheen and Blended Gabardine.
Also with fur and leather linings.

IN MEMORIAM
Emmitt Adkins
The month of October once more is here
The end of two of the saddest years
For two long years ago today
October 21, 1947, my husband passed away.
Sunshine passes, shadows fall
Love's remembrance outlasts all
And though the years be many or few
They are filled with remembrance, dear, of you.
His loving wife,
MRS. SOPHIA ADKINS.

AT A REGULAR MEETING OF the Board of Supervisors of Prince William County, held at the Courthouse thereof in Manassas, Virginia, on Thursday, the sixth day of October, nineteen hundred and forty-nine, there were present: Messrs. J. F. Fick, John W. Ellis, J. Carl Kincheloe, R. B. Gossom, R. S. Hall, Stanley Owens, Commonwealth Attorney, and J. P. Kerlin, Sheriff.

RE: BUILDING PERMITS.
Be it ordained by the Board of County Supervisors of Prince William County, Virginia, that an ordinance requiring permits for building, adopted by this Board on February 4, 1937, be and the same here is repealed, amended and reenacted as follows, to-wit:

Be it ordained by the Board of County Supervisors of Prince William County, Virginia, that every person, firm or corporation shall, before commencing the construction, repair or improvement of any building or structure located within such county and permanently annexed to the freehold, if the cost of such construction, repair or improvement shall exceed the sum of five hundred dollars (\$500.00), obtain from the commissioner of revenue of the said county a permit in writing, signed by the commissioner of revenue, shall issue such permits, when the same are required, to every person who shall apply therefor and describe, with reasonable certainty, the kind and character of the work to be done and the estimated cost thereof; and each such permit shall state the matter so described.

Each person, firm or corporation violating the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined not exceeding twenty-five dollars (\$25.00) for any such offense.

LEGAL NOTICES

In order to be published once a week for four successive weeks in The Manassas Journal, a newspaper published in the County of Prince William, State of Virginia. And it is further ordered that a copy of this order be posted at the front door of the Court House of the Circuit Court of Prince William County, Virginia, on or before the next succeeding rule day.

Safety Contest
Now Open
To Students
Students in schools of the metropolitan area, Greater Washington, especially those with art ability, have a new opportunity to help safeguard thousands of other school children from traffic dangers and win a substantial cash prize to boot by participating in the 6th National A. A. A. Traffic Safety Poster Contest, Washington, D. C., Division A. A. A., announced today.

In order to develop forceful and appealing school traffic safety posters for use in thousands of classrooms throughout the country, the American Automobile Association and affiliated automobile clubs offer \$2,275 in 62 prizes for the best traffic safety posters submitted by April 15, 1950. Mr. Cleveland said.

It is hoped that some art-inclined boy or girl in our schools in Maryland, Virginia or Washington will be the winner of the grand prize of \$350, which is intended as a one-year scholarship to an art school selected by the winner. It will be awarded in addition to the first prize to the contestant submitting the best poster.

To Be Reproduced
"A new 'open classification' has been added to the assigned safety rules this year. After submitting a poster illustrating the rule assigned, a contestant may use his uninhibited imagination and produce any kind of safety poster he wishes to submit in competition for a special prize of \$75.

Those of the first prize-winning posters deemed appropriate for safety educational use will be reproduced and distributed monthly to more than 150,000 elementary schools during the 1949-50 school year. Each poster distributed will carry the name of the boy or girl.

10 MILES ON BUMPER
BLACKSHEAR, Ga.—W. A. McCarthey took off in his car for a hurry-up trip to Waycross, unaware that his grandson, Eugene, 8, was playing on the back bumper. One of Eugene's playmates notified a neighbor, Kenneth Graham, who gave chase and finally caught up—just in time to see Eugene climb down from the bumper, safe in Waycross.

MUM ABOUT TITLE
LONDON.—For 26 years, Robert Vernon, a 57-year-old lawyer's clerk did not disclose the fact that he's

the fourth Baron Lyveden and had been since he inherited the title from his actor father in 1923. He would not have disclosed the fact then had it not been for the fact that he is getting married and thought it better to wed under his true title.

LEGAL NOTICES

REGULAR MEETING OF
Board of Supervisors of Prince
William County, held at the court-
house in Manassas, Vir-
ginia, on Thursday, the sixth day
of October, nineteen hundred and
forty-nine, there were present:
J. Murray Taylor, chair-
man; J. F. Pick, John W. Ellis, J.
Kincheol, R. B. Gosson,
S. Hall, Stanley A. Owens,
Commonwealth Attorney, and J.
Kerlin, Sheriff.

SEWER DISPOSAL HEARING
Prince William County
Department having ap-
pointed before this Board and re-
quested that the proposed hearing
be postponed until two
P. M. in the Court room of
County Courthouse, on No-
vember 10, 1949, to give said Health
Department further opportunity
to make further efforts to
obtain some of the objectionable
provisions of the proposed new ordi-
nance, and this Board being in ac-
cord with the objective of securing
approval of all ordinances,
it is accordingly ordered
that the hearing on the subjoined
ordinance be postponed to and set
for public hearing in the court
of the county courthouse at
two P. M. on November 10,
and the clerk of this Board
be directed to publish the
ordinance which is sub-
joined hereto in The Manassas Mes-
senger and Manassas Journal, news-
papers printed and circulated in
County for two successive
days before November 10, 1949.

**RECOMMENDED SEWAGE DIS-
POSAL ORDINANCE.**
Ordinance regulating the dis-
posal of human waste and excre-
ta and to prevent pollution of
the County of Prince William,
Virginia, prescribing certain types
of septic tanks and septic tank
systems, the design, location and cap-
acity of same; requiring any person,
firm or corporation to first obtain
approval from the Health Depart-
ment to conduct such business; re-
quiring the owner, and/or user of
flush toilet system to connect
the same to a public or private sewer,
if available; requiring per-
son, firm or corporation to install
or repair septic tank systems
and providing punish-
ment for failure to comply with
ordinance.

SECTION I. It shall be unlaw-
ful for the owner of any house used
for human habitation, any ware-
house, public building, or other
structure where human beings con-
gregate or are employed in the
conduct of business, to use or
rent, or to lease, or to occupy the
same for use or occupancy by any
person, firm or corporation, or for
person, firm or corporation to oc-
cupy the same unless and until
the said house or building
has been supplied or equip-
ped with an approved method of dis-
posal of human excrement of such
nature as will comply with the
provisions hereinafter designa-

SECTION II. That for the pur-
pose of this ordinance "An ap-
proved method of disposal of hu-
man excrement" shall be deemed to
be: a) A properly installed
flush toilet connected to an ap-
proved public or private sewer. If a
public or private sewer is available
the property owner, the owner

public or private sewer if the owner
of the latter permits such connec-
tion; (b) A properly connected flush
toilet connected to an approved,
properly installed septic tank sys-
tem or an approved sand filter or
other types of approved secondary
sewage disposal and/or treatment;
(c) A standard pit privy of concrete,
or double wood construction.

The terms "properly installed,"
"approved," and "standard" as used
in this ordinance shall be construed
to mean "in accordance with the
specifications set forth in the cur-
rent septic tank or pit privy bulle-
tin of the State Health Depart-
ment." The term Health Depart-
ment shall mean County Health
Department or its duly authorized rep-
resentative.

SECTION III. (a) It shall be
unlawful for any person, firm, or
corporation to install or repair
septic tank or pit privy; allow to be
installed or repaired; or contract
to install or repair a septic tank for
another person, firm, or corporation,
before the owner of the property on
which the septic tank is to be in-
stalled or repaired, obtains a permit
from the Health Officer of the
County Health Department, or his agent.

(b) The permit shall specify the
minimum capacity and amount of
drain tile, and designate the ap-
proximate location of the septic
tank.

SECTION IV. No part of any
septic tank system shall be cov-
ered or put into use until com-
pleted, inspected and approved by
the Health Officer of the County
Health Department, or his
authorized agent.

SECTION V. If upon any inspec-
tion, the Health Officer or his au-
thorized agent shall find any viola-
tion of this ordinance and/or the
provisions of the permit issued un-
der it, he shall direct the person,
firm or corporation to whom the per-
mit was issued, by written notice,
to make the necessary corrections,
within such reasonable time as
shall be specified therein.

SECTION VI. It shall be un-
lawful for any owner or any tenant
or lessee of any premises properly
supplied with a sanitary privy or
flush toilet or other approved device
for the disposal of human excrement
to neglect or cause it to cease to be
sanitary.

SECTION VII. It shall be un-
lawful for any person, firm, or cor-
poration to start construction work
in any new sub-division, or
housing development before furn-
ishing in triplicate plans and speci-
fications of the sewer system or
sewage disposal system to be used
together with plans for the antici-
pated water system to be used in
the structure or structures. These
plans and specifications shall con-
form to the requirements of Section
II of this ordinance and must be
approved by the Health Officer, or
his agent, of the County Health
Department before construction is
started.

SECTION VIII. Any person,
firm, or corporation contracting to
install, repair or clean septic tanks

in County for an-
other person, firm, or corporation
shall first obtain a permit to do
such work. To obtain a permit the
person, firm, or corporation shall
apply to the Health Department of
..... County. The per-
mit will be issued at no cost to the
applicant, if the applicant appears
to be qualified and equipped to do
such work.

Permits shall be renewed annu-
ally and a permit may be revoked
for failure to comply satisfactorily
with this ordinance.

SECTION IX. Any person, firm
or corporation that cleans any sep-
tic tank shall dispose of the sludge
and material removed from any
septic tank by depositing such
sludge and material into a sewage
treatment plant or a sewage system
that leads to same; or, by deposit-
ing under the surface of the
ground in a manner that does not
endanger any source of drinking
water and is not accessible to flies.

SECTION X. Any person, firm,
or corporation who shall neglect,
fail or refuse to comply with the
provisions of this ordinance; the
permit issued under it as provided
in Section III; or the written notice
within the time specified in such
notice as provided in Section V,
shall be guilty of a misdemeanor;
and, shall be fined not less than
\$10 nor more than \$25.00; and, each
day's continuance to so violate this
ordinance or any of its provisions
shall constitute a separate of-
fense.

SECTION XI. All ordinances, or
parts of ordinances, in conflict
with provisions of this ordinance
are hereby repealed.

SECTION XII. Should any sec-
tion, paragraph, sentence, clause,
or phrase of this ordinance be de-
clared unconstitutional or invalid
for any reason, the remainder of
said ordinance shall not be affected
thereby.

THE incandescent lamp is only
one of Edison's contributions to
the great good of the American
people. More than all, Edison's
work kindled the spirit of research
which he left us as a priceless
heritage.

This spirit could flourish no-
where save in a land of free
enterprise, where men have in-
centive to invent, invest, and
enjoy the just rewards of initia-
tive and ability.

Reduced to factual terms of
today's usage, under VEPCO's
business-managed, tax-paying
operation, the average VEPCO
domestic customer used more
than four times as much elec-
tricity in 1948 than in 1928; at
a cost per kilowatt hour of about
1/2 less in 1948 than in 1928.

Only through the American
Free Enterprise System could the
myriad benefits of electricity be
brought to so many for so little!

AND POWER COMPANY

Blight, Mildew Damage Beans

Blacksburg. — Some advice on
control of bacterial blights and
powdery mildew—probably the most
serious diseases of fall snap beans
in the Tidewater area—has been
given by plant disease specialists at
V. P. I.

The specialists say that since
blight-causing bacteria are carried
in seed, buying disease-free seed is
an important factor in control.

It is not always possible to de-
tect infected seed, they say, and
growers therefore should buy only
seed that have been produced in
areas that are free or relatively
free, of blight. Usually, seed grown
in the semi-arid sections of western
states are blight free.

Bacterial blights sometimes live
over to another season in the soil,
so it is advisable to follow at least
a two-year rotation, and also to
avoid planting a late crop near an
earlier crop which has had trouble
with blight, they say.

Use of a good grade of dusting
sulphur, or of the DDT-roteneone-
sulphur dust mixture used for in-
sects, two or three times during
the season will control powdery
mildew, and also help check bean
rust.

About eight members of the
Youth Fellowship attended the
Methodist Conference at Richmond
Saturday.

The next meeting of the W.S.C.S.
will be at the home of Mrs. Mollie
Sheppard on Braddock Rd. The an-
nual bazaar will be in the Church
School building at 7:30 December
3rd. Several of the ladies of the
W.S.C.S. met at the home of Mrs.
Willard Mohler Thursday to sew for
the bazaar.

The Lions entertained the base-
ball team at the Social Circle
Thursday. After dinner there was
dancing.

Mr. and Mrs. George Koehler, of
Washington, visited Mr. and Mrs.
Harvey Nichols Tuesday.

The Boones have moved into the
apartment over Payne's store.
Mrs. Helen Saunders, Mrs. Mar-
garet Doan and Mrs. Minnie Sau-
nders attended the W.S.C.S. zone

meeting at Warrenton Tuesday.
Mrs. Woodruff has returned from
Tennessee where she spent several
days on school business. Mrs. Lil-
lan Maley taught the seventh
grade in her absence.
Mr. and Mrs. Paul Allison, and
Johnny, were Sunday night visi-
tors of Mr. and Mrs. Good. Mary
Ellen Good was confined to her
room over the week end with ton-
sillitis.

Dulles calls for "intelligent econ-
omy" in the Government.

Col. Matt J. Winn, promoter of
the Kentucky Derby, is dead.

the birth
of the
incandescent
lamp

On October 21, 1879, Edison created
a cotton thread, bent it into a horseshoe
loop, sealed it in a vacuum within a
glass globe, turned on the electric
current—and the incandescent light
was born.

Happenings in Nokesville

SUCCESS — That's the way we feel about the band supper sponsored by the Brentsville District PTA on Friday night. The cooperation of the folks of the district was splendid.

At first we thought a list of all "outside" contributors would be printed, but so many, many folks just really "jumped in and helped" that the list would be literally endless. Everyone we've heard talking about this supper says it was just "sumptuous."

"Think how much a dinner like that would cost in town—complete with the wonderful music of the Charles Miller Music Co. folks and our own band," folks remarked. One of the visiting musicians said he had not had such a good time since he was seven years old.

Netts Over \$400

Those in charge are so grateful for all who helped to make it possible to realize a net profit of \$416.06.

Since a Nokesville-served public promises always to be a treat for all who come, keep these future supper dates in mind: The Ladies Auxiliary will serve a turkey-oyster supper on Saturday evening, November 5th. The Ladies of the Church of the Brethren will serve a turkey-oyster supper in the basement on November 18th, as part of the Harvest Home Festival which the Brethren folks are planning for that weekend.

Mr. and Mrs. Carl Miller spent last weekend with Mr. and Mrs. Bascom Williams and Marilyn at State College, Pa.

When the Valley Church of the Brethren ladies met with Mrs. Clifford Bear, Jr., recently, they decided to hold a sale of baked goods, fancy work, etc., at Dowell's Drug Store on November 12. Mrs. Ed Michael is president of the aid.

Several dates of importance are set on Saturday when the children's department workers met at the Church of the Brethren on Saturday afternoon, with Mrs. Clifford Dave presiding.

The teachers voted to plan a Halloween party for all the children on the Friday evening before Halloween. Plans were initiated for an old-time Christmas program to be held in the church basement on December 23rd. There will be a Christmas and a "treat" for all children present, following a program consisting mostly of familiar Christmas hymns which are used all too few times.

At Thanksgiving, the children will bring gifts of food or clothing which will be taken to a worthy family of the community.

The ladies aid of the Church of the Brethren are serving supper to all the men of this Brethren district in the church basement on October 21st. Mrs. David Kerlin is in charge of the supper which is scheduled for 6:30.

Mrs. John Harpine and Mrs. Alice Spittler spent the week end with Mr. and Mrs. Ernest Spittler, Jr., and Mr. and Mrs. J. W. Harpine, Jr., in Richmond.

Mrs. Mattie Renner and Mrs. Jean Renner and Dr. Wrigley, all of Silver Hill, Md., spent Sunday with the Bowmans.

Mr. and Mrs. Charles Beahm, of near Roanoke, spent the week end with his folks. Many of Charles' friends became acquainted with the new "Mrs." Beahm at the band supper.

Mr. and Mrs. J. F. Hale spent Sunday with Mr. and Mrs. Conway Owens, Jr., and Frankie, near Falls Church.

There will be a special call-meeting of all patrons of Brentsville District, at 7 Friday evening. Since there is no president of the PTA the main purpose is to elect one. Stuart McMichael, vice president, is anxious to have a good representation at the meeting. Certainly the school and community needs an

organized and working PTA. Come out Friday night!

Mr. and Mrs. A. D. Sines took Mr. and Mrs. H. G. Straeder to Clarksburg, W. Va., after the Straeders had visited here several weeks. While in Clarksburg, they also visited Mr. Sines' brother, William, who is ill.

Mr. and Mrs. R. T. Gay spent Wednesday and Thursday in Atlantic City.

Mr. and Mrs. A. D. Sines spent Sunday in Washington with all their family.

Mrs. D. D. Fleishman will be in charge of the annual missionary services planned by the Brethren woman. It will be at 11 on October 30th.

Mr. and Mrs. Harry Miller drove to Hagerstown, Md., Sunday to meet Mrs. Mary Miller who came home with them. The Millers, with whom Mrs. Miller has been visiting, brought her that far. It will be good to see her again.

November 3rd, has been set for a box supper at the church basement, sponsored by the C.B.Y.F. The young folks have recently organized for next year's work. Harry Miller, Jr., is president; Connie Hooker, vice president; Connie Shepherd, secretary; Eloise Sonafank, program director, and Jay Gärham, recreational director. David Kerlin was selected adult adviser.

The mothers of the primary class of the E.U.B. Church at Aden are planning a Halloween party in the church basement for October 31st. Mrs. John Hively is chairman. All members and friends are invited.

The film, "Daybreak," which is being sponsored by the District Brethren women, with Mrs. A. R. Hersch, president, will be shown at the Nokesville church at 7:30 Sunday. The offering will go for relief and anyone having something else suitable for relief is asked to bring it on Sunday.

Any new fad, with a sophisticated jargon, catches the fancy and cash of the simple-minded.

Traffic Death Toll Is Greater for 1949

Virginia passed the three-quarter mark of 1949, with 41 more traffic deaths than for the same period of 1948, according to the latest figures released by Col. C. W. Woodson, Jr., superintendent of state police and executive chairman of the Governor's Highway Safety Committee.

He pointed out that the first nine of 1948 saw 517 deaths while 1949, aggravated by a 12 per cent rise in traffic volume, went into October with 556 deaths. Unfortunately, he said, the 556 figure will show increase when the inevitable late reports and deaths from injuries received in earlier accidents are tabulated. He added that one bright spot was the reduction of pedestrian deaths from 41 to 128.

REFUSES \$22,400

TEDDINGTON, England—Although Harold Greenwood has inherited about \$22,400 from his reclusive brother, Ernest, he doesn't want it. "I'm too old to do anything with it," said Greenwood, who is 73. He lives contentedly on a derelict boat in the River Thames.
