## County's Per Capita Income 4th Highest, State Survey Shows

Prince William County is one of the four richest counties in the State of Virginia from a standpoint of per capita income, a study just completed by the University of Virginia indicates.

Only Henrico, Elizabeth City and Arlington—each a heavily urbanized area with large numbers of high-salaried residents—had higher per capita incomes in 1947, the latest year for which county figures are available. Eleven of the state's 24 independent cities showed average incomes smaller than Prince William's.

This county's 1947 per capita income is reported to have been \$1,169, seven dollars per inhabitant per year greater than that of Fairfax and \$48 higher than that of neighboring Fauquier. Arlington County, with its heavy population of government workers, reported average incomes of \$1,684 per person—more than \$200 higher than the per capita figure for Richmond.

Unlike Fairfax County, the high per capita income of which is attributable to an increase in the number of government workers, and unlike Fauquier, which has recently attracted a substantial number of wealthy residents from outside, Prince William's prosperity apparently is a stable, long-time proposition. Figures for 1940, parallel to those of 1947, show this county's pre-war per capita income to have been \$836, against \$584 for Fairfax and only \$216 for Fauquier.

While Prince William was one of the outstanding bright spots in the Virginia picture, the entire state shows up well in increased living standards, according to the university's figures. Per capita income in Virginia is up 158 per cent over 1940 against a nation-wide increase of 145 per cent.

## Further Steps For Recreation Area Taken

A further step has been taken toward the development of a recreational center for Manassas with the recording of a giving the Manassas Recreation Corporation clear title to two lots upon which it is planned to construct a swimming pool and recreational building.

An option on an additional 6-acre tract adjoining the two lots has also been obtained. The price for the additional land will be \$10,000.

The idea for a recreational center was first advanced by the Lions Club of Manassas. A charter was obtained from the State Corporation Commission, but broader the recreational project it was subsequently decided to expand the activities and organize the Manassas Recreation Corporation, in order they get the citizens at large as well as other civic minded groups behind the project.

The land involved in the project lies east of the Manassas water tower. The area has been scraped and leveled, a substantial area cleared of underbrush, two stone fire places built, benches and tables constructed, horse-shoe pitching courts set out, and a wire back-stop erected and a soft-ball diamond laid out.

These things were all completed before the winter set in and outdoor recreational activities halted by weather.

It is now contemplated to develop the recreational center to its fullest potential with the following three objectives announced by the civic-minded group forming the Manassas Recreation Association:

- 1-To provide a comprehensive recreation program for the benefit of the citizens of Manassas and vicinity.
- 2-To provide for the supervision, operation and maintenance of any recreation facilities placed under the control of the association.
- 3-To foster good fellowship and promote social relations among its members.

## Gas Rate Down; New Schedule In Effect Feb. 7

The Virginia Gas Distribution Corporation announced a reduction Thursday in natural gas rates effective on bills mailed on and after Feb. 7, 1950. An average saving of \$4.35 per year to each customer will result.

Increased sale of natural gas has increased the company's earnings, the company stated, and made possible the lower rates.

The following is a schedule of the new rates for gas through each meter each month: First 500 cu. ft., \$1.00 (minimum); next 3,500, 75 cents per thousand; next 3,500, 75 cents per thousand; next 3,500, 65 cents per thousand; next 150,000, 60 cents per thousand; over 250,000, 55 cents per thousand.

The old rate started at 400 cubic feet instead of 500, the first jump was to 3600 cubic feet instead of 3500, and the second jump was to 96,000 cubic feet instead of 16,000 cubic feet.

## Manassas Seen as Auxiliary to Crowded Capital Air Terminal

### Triangle Votes For Bond Issue For Sewage

By a heavy majority the voters of Triangle Tuesday expressed approval of a \$110,000 bond issue for the construction of a disposal plant and sewage system covering the greater part of the Triangle area.

With the election out of the way the officials of the district started at once to work out the construction plans and it is anticipated these will be ready in time to get the work under way in the late Spring.

### Local Grain Prices

The following prices were reported for the week ending February 2, in the Manassas Grain Market.

From Southern States Cooperative	
Corn	\$1.30 per bu.
Barley	\$1.00 per bu.
From Herbert Bryant, Inc.	
Barley	\$1.00 per bu.
Corn	\$1.30 per bu.
Milling wheat	\$1.95 per bu.

### Town Queries CAA Pending Fair Decision

Use of the Manassas Airport as the site for a Prince William County fair in late August will depend, on whether the Civil Aeronautics Authority has plans to develop the area as a secondary field to the National Airport in Washington.

Town manager James Ritter was instructed at Council meeting Monday night to contact the CAA and determine if Federal funds for airport development would be withheld should the airport be used as the site of a fairground. Application for Federal funds for the improvement of the Manassas Airport was made about a year and a half ago and is still pending.

Harry O. Swan, of Nokesville, representing the Veterans' Farm Club of Prince William County, reopened the question of using the airport as a fairgrounds. Swan told the Council that the airport was ideal as a possible site for the county fair, and that he was prepared to offer four or five hundred dollars annual rent for the tract of land. Any buildings the fair constructed would be of a semi-permanent type, Swan later told the Journal, so that the land could be quickly reconverted to an airport, should the need arise.

Swan asked the Council whether he should await further developments, or seek another location for the fair, proposed for Aug. 31, Sept. 1 and 2. Council moved to contact CAA before giving a final answer to Swan.

In the meantime, Harry Parrish told the Council after a visit to CAA that the Manassas Airport is being considered by CAA officials as a possible site for a large Federal-built airport to serve the Washington area and accommodate some of the heavy air traffic which has recently been partly responsible for several crashes at crowded Washington National Airport.

The CAA has definitely decided to build an additional field to serve Washington and there are only two general locations being seriously considered. One location is the Baltimore Friendship Airport. Maryland authorities would like to have the Federal government take it over and assume the operating expenses. It was reported that Governor Lane, of Maryland, has asked CAA to recommend the Baltimore airport. The other possible site the CAA is said to be considering is the Manassas area. Whatever area is selected will be determined by ground and road access to Washington and National Airport. Of the two, Manassas is closer to National Airport since Washington with its heavy auto traffic lies between Maryland and National Airport.

Another factor favorable to Manassas, Parrish said, is the mileage from National Airport. The present Manassas airport is 25 radio miles from National, and that reportedly is the exact proximity which CAA seeks for the new field.

### Spider in Paper Mark Twain Knew Answer

Many years ago Mark Twain was editor of a small town newspaper. A reader wrote in saying that he has found a spider in his paper and wanted to know if that was an omen of good luck or bad luck.

Mark Twain answered: Finding a spider in your newspaper is neither good nor bad luck. The spider was merely looking over our paper to see which merchant was not advertising so he could go to that store, spin his web across the door and lead a life of undisturbed peace thereafterward.

Few merchants of Prince William County are letting spiders hang around as will be observed by today's issue of The Journal. Look these advertisers' messages over. You will find many attractive offers.

Start with Page two and notice the new feature, "Saturday's Bargain Counter," with eight specials. Here you will find Brumback and Durst, Liberty Motors, Manassas Market, Coker's and Prince William Pharmacy, Hynson's Electric and Supply Company, The Firestone Store, The Young Men's Shop, and Western Auto Associate Store.

Notice the Haymarket-Gainesville area sponsored on page three. Also the food specials of A & P and Safeway on pages two and three; on page four you'll find Arrington Cleaners, Southern States Co-OP, R. E. Barrett, Virginia Gas Distribution Corp., The Livestock Sales and Auction Corp., The Livestock Sales and Auction, and the largest classified section in Manassas, and Russ Cullen's with the first sign of Spring.

On page five is Hynson's and also Arthur Carter with Hibbles, Incorporated. Page 6 has Wayland Auto Company with a message, the Surplus Store and Harry's place.

Our friends down in Triangle, Cioe Motors, take up page seven; Carl D. Silver, Brown and Hooff, A. F. Rees, and a friend in Occoquan, Harry V. Winfree, Jr., are on page eight.

Page nine has lots of ads; Pitts Theatre, Page Milling, Southern Bread, Lynchburg Rendering, E. A. Sonafank, Kenneth E. Henry, Fauquier Laundry, Wenrich's and Grassy Knoll Hatchery, with several others.

And then we come to the last page, with Jo-Del Grill, Coker's Pharmacy, Hibbs and Gidding, People's National Bank, Prince William Motors, M. J. Grove, Emory Cornwell, and Rucker Lumber Company.

That's a group of friends to be proud of. No spiders on them, or flies either.

### 2 Old Members Rejoin Kiwanis

The return to active membership of two Kiwanians was the highlight of last Friday's meeting of the Kiwanis Club of Manassas. J. Dennis Baker and Robert B. Davis, were welcomed back by the club and its president, E. D. Gonthwaite.

"Law Observance and Public Safety" was discussed by Arthur Sinclair, who noted that "if some of the millions of dollars spent on law enforcement were spent on law observance, perhaps there would be less need for law enforcement."

The Feb. 2 meeting with "Boy Scouts" as the theme will be under the direction of James Myers.

### New Judges?

Several names are being suggested as possible candidates for Junior Judge to the circuit court covering the counties of Prince William, Fairfax and Alexandria City. Names prominently mentioned are Harry L. Carrio and Robert McCandlish, of Fairfax, W. Hill Brown, Jr., and G. Lacey Compton, of Prince William. A bill has been introduced in the General Assembly authorizing the appointment of an additional judge. It has not been passed.

### Apple Festival Set For April 27-28

WINCHESTER — Twenty-Third Annual Shenandoah Apple Blossom Festival will be held in Winchester, April 27 and 28.

No prediction about the quantity or quality of blossoms was forthcoming from the festival officials who announced the dates.

Anyway, they say, the 1950 celebration will be "the most spectacular springtime extravaganza" of the festival's history.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Herman Smith, of Arlington, announce the engagement of Mrs. Smith's daughter, Miss Peggy Anne Pickett to Mr. Charles V. Gardner, son of Mr. and Mrs. Charles W. Gardner, of Gainesville.

## Warning On Plowing Near Roads Is Given

An earlier than usual caution about plowing too close to State highways in Prince William County came this week from the State Highway Department.

Highway Resident Engineer J. E. Johnson said that the mild winter has started many farmers preparing for spring planting well ahead of schedule, and that much of this is being done too close to the edges of the State's roads.

The engineer said that where the roadway is used as a turning point for horses, ditch lines and even the highway shoulders are often plowed up along with the fields. This results in blocked drainage and extensive damage.

He pointed out that proper drainage is the most important factor in getting and preserving wider roads and smoother surfaces.

The right-of-way width of secondary highways is a minimum of 30 feet—15 feet each side of the center of the highway. Right-of-way on primary highways is much wider and in most cases is marked by small stone monuments.

## Ocoquan Fire House Will Be Dedicated

A dedication banquet will be held Saturday night in the new \$20,000 Ocoquan Woodbridge - Lorton fire house.

R. S. Hall, president of the fire company said they now have about \$15,000 worth of equipment, including three fire trucks, and one stationary engine. All funds have come from the citizens of the community.

We started in 1938," said Mr. Hall, "when there was only one other fire company in Prince William County. At first we had no money, no equipment, and no house. Now we have all, as well as 40 members in the company."

A Turkey dinner will be served by the Fire Ladies Auxiliary, and a Forestry Service movie on Fire Fighting will be shown.

### 50th Anniversary Party For Mr. & Mrs. Jas. Luck

A surprise reception in honor of Mr. and Mrs. James Luck's 50th wedding anniversary was given at their home Sunday. Mr. and Mrs. Luck were married in Old Belle Haven Church, Prince William County, Jan. 24, 1900.

More than 100 friends and relatives attended the reception. Hosts and hostesses for the occasion were the Luck's sons and daughters: Miss Bertha Luck, Mrs. Catherine Ritter, Mrs. Rae Domazet, Mrs. Ruth Breeden, Ralph Howard, and Harvey Luck. Twin grand-daughters, Jane and Jean Breeden, served at the punch bowl.

## Clarke on Poll Tax, Schools And Cemeteries

Andrew W. Clarke, State Senator representing Prince William County, said last week that he will support in the General Assembly, a limited constitutional convention to abolish the poll tax.

He said he believes the poll tax question is the only matter which should be considered by such a convention. A special session of the legislature would have to follow passage of such a law, he added.

Major legislation foreseen by Sen. Clarke was state bonds for school construction either through loans or grants. "I favor loans at two and one-half per cent because grants tend to centralize government when the localities can handle their own problems."

Sen. Clarke said he would also reintroduce a law requiring graveyard owners to set up funds for perpetual care of graves; a law forbidding trucks to pass each other on inclines, and would oppose allowing trucks weighing more than 50,000 pounds to use state highways.

### Osborn Teacher

Joseph I. Puente, a teacher of languages at Osborn high school, has been suspended by Superintendent of Schools Worth Peters pending a hearing next Wednesday before the County School Board. The suspension is based upon his reported failure to be certified properly for teaching in an accredited high school. He has been employed since September during which time the school qualifications had to be met. Superintendent Peters will recommend action to the school board on Feb. 8.

## Nokesville Boy Honored For 4-H Club Work

Thirteen year old Charles E. Michael, of Nokesville, has received a medal and certificate of merit from the Holstein-Friesian Association of America and granted junior membership in the association for his 4-H Club work in raising registered calves of that breed.

The son of Mr. and Mrs. Charles Michael, who lives on the Nokesville-Valley road between Nokesville and Aden, is in the 7th grade at the Brentsville district school and his mother says that his work with his calves and those of his father has not interfered with his studies at school.

### U.D.C. to Distribute Pamphlet in Schools

The Manassas chapter of UDC will distribute in all Prince William County schools a pamphlet entitled "Some Things for Which the South Did Not Fight." Permission has been obtained from Superintendent of Schools Peters and the pamphlets are being prepared, it was announced at Wednesday's meeting.

Eighteen members present for the meeting at the home of Mrs. Louis J. Carper voted contributions for the Red Cross and the Osborn High School band heard a program honoring Sidney Lanier and General Richard S. Ewell presented by Mrs. W. A. Newman, club historian.

President, Miss Isabel Hutchison, presided and George Helms sang the selection "Tenting Tonight."

### Grace Methodist Class Sets Annual Banquet

The Men's Bible class of Grace Methodist Church, in Manassas, will have its annual banquet on Wednesday, Feb. 8, at 7 p.m., in the church social room.

The speaker will be the Rev. G. Balthis, pastor of Arlington Forest Methodist Church. He is a graduate of Randolph-Macon College and Yale University, a popular pastor and radio speaker. A leader in camping, the Rev. Mr. Balthis has for several summers directed family camps for his own congregation, and was an important factor in establishing the Alexandria District camp, a 126-acre model church camp in Loudoun County.

The presiding officer for the banquet will be Warren E. Coleman, president of the class which now numbers 60 men. The men will bring guests, wives, and friends. A turkey dinner will be served by members of the church's Woman's Society of Christian Service.

### Catharpin

By Mrs. Wallace Rion

Awakened by a horn blowing continuously about 4 a. m. last Thursday, Mrs. Betty Pickett discovered her car in flames.

Another car standing in the same garage was backed to safety and the Haymarket Volunteer Fire Department summoned.

The Pickett's car was completely ruined by the fire, and the interior of the two-car stone garage was gutted and the metal roof buckled. Members of the family cannot account for the fire, but think it may have been started by a short.

The Rev. Herbert E. Hudgins of Grace Methodist Church, Manassas, assisted the Rev. James L. Duley of Sudley Methodist when Sudley members met last week for the second in a series of study groups. Subject of study was "Our Faith in Christ."

Mrs. Sam Poland last week visited her sister, Mrs. W. C. Hall, near Warrenton and helped to celebrate the birthday of her mother, Mrs. Ethel Lion.

### Haymarket

By Mrs. A. H. Meyer

The Winter Carnival sponsored by the Gainesville District Volunteer Fire Department which was held Saturday night at the Fire Hall was very successful. In spite of the bad weather a large crowd turned out to take part in the various games and to witness the crowning of Miss Joan Gosson as queen, and the Misses Nancy Thomas and Linda Kruse as her attendants. Mr. Edgar Heflin served as Master of Ceremonies. Col. Benjamin Mueh had the privilege of crowning her Majesty. Master Eddy Melton served as Crown Bearer. Speeches were made by Robert Terrill, secretary for the Fire Department, and Mrs. B. B. Tulloss who spoke for the Ladies Auxiliary. After Miss Gosson christened the new fire engine, prayer was said for the continued success of the Fire Department.

It has been decided by the members of the Fire Department that the Winter Carnival will be held annually. We extend our thanks

Mrs. George Waters entertained after choir practice Wednesday night at her home. Those present were: Mr. and Mrs. Roy Ennis, Mrs. Beulah Brawner, Mrs. Elsie Hall, Mrs. Ethel Jacobs, Miss Jean Ennis, Miss Judy Cable, Misses Elinor, Gladys, Linda, Jacelyn, and Elizabeth Brawner, Mrs. D. J. Davis, Walter Baker, Carl Ennis, Harry Morrison, Francis Waters, Deal Waters, and George Waters.

Mrs. James Williams entertained the Chit-Chat Club at an extra club day at her home on Wednesday. The ladies were members of the Sr. Women's club who came to spend the day textile painting. Quite a few of the ladies present made two or more articles and most of the work done was very pretty. At noon everyone enjoyed a very tasty luncheon around two large tables. After the unusual success of this "extra" club day, the ladies decided to "do this more often."

The next regular club meeting will be another all-day affair next Tuesday, February 7, at the Firehall with Mrs. W. R. Thornton in Hillside, Md.

Mr. and Mrs. Arthur Leith, Alexandria, visited Mr. and Mrs. Randolph Brawner on Wednesday.

## News from Prince William Communities

### L. J. Pattie Appointed Chairman of PMA

L. J. Pattie, of Catharpin, has been named chairman of the Prince William County PMA Committee to replace P. A. Lewis, who was recently named to the state committee.

Mr. Pattie has been a member of the county committee for several years and was elected vice-chairman in the 1949 elections. Mr. Pattie operates a large farm near Catharpin. His appointment is considered advantageous to the farming interests of the county.

### Manassas May Lose Ritter As Town Manager

There is a possibility that Manassas may lose Town Manager James Ritter.

A committee of citizens of Norton, Va., headed by B. E. Ball, was in Manassas last week interviewing businessmen and members of the town council concerning the capabilities of Mr. Ritter and stated they were considering Ritter among several others as a town manager of Norton.

Mr. Ball said that Mr. Ritter had filed an application with the town of Norton for the position of man-hay crops. W. W. Lewis, Associate Agronomist, discussed pastures and Extension Agronomist, discussed long ago that application was made, recommended crop varieties.

### AGRONOMY MEETING

About 100 Prince William County farmers attended the agronomy school at the Courthouse on Thursday and Friday.

P. H. DeHart, VPI Extension Agronomist, discussed pastures and Extension Agronomist, discussed long ago that application was made, recommended crop varieties.

## Class to Hear Chaplain Scott

The Rev. H. Lee Scott, Chaplain at the Baker Veterans Hospital, Martinsburg, W. Va., will be guest speaker at the Men's Bible Class of the Manassas Baptist Church at 10 a.m. Sunday.

Mr. Scott was at one time assistant pastor at the First Baptist Church in Richmond, and later was pastor of the First Baptist Church in Waynesboro and the Baptist church in Farmville, which he left to serve as army chaplain during World War II. He entered the Veterans Administration service as a chaplain in May, 1946.

## ops Discuss ter Supply The Town

utilization of power on the development of the supply and disposal of sewage the subject of a two-day conference in Manassas beginning Monday held by some 40 representatives of Virginia's REA Cooperative. R. B. Hicks, of Prince William County Electric Cooperative, presided.

work were held in class rooms of the Technical School. Most of the program, which was promoted by a manufacturing firm, dealt with water utilization, types of pumps for different wells, motors for pumps of water under pressure.

ed for farm water systems location of the well in relation to disposal was the subject of J. L. Calhoun and B. Tolcott, of VEP and State Health Department, respectively.

pointed out that increased use and the nearness of restoring the purity of the water supply a more and more problem. Representatives from North Carolina and said they were no better off in this regard.

the three states 19 co-ops were presented. Those from Virginia were E. T. Chase City; C. E. Mid-Holm; Harry Bowman, New-Russell Melson, Parkley; R. W. Gouldin, Warsaw; P. Martin, Bowling Green.

## Co-ops "PRO"

Mrs. Margaret Marchand Brown

Mrs. Margaret Marchand Brown has been named educational advisor for Prince William Electric Cooperative it has been announced by Reuben B. Hicks, manager. She will be what is generally known as public relations counsel.

A native of Pennsylvania, Mrs. Brown purchased half interest in Winevan Farm, near Buckhall, a year ago. She and Mrs. Winifred P. Trapnell, the other partner, have restored the old Victorian house, doing their own carpentry, painting, and papering, plus concrete work for porches and steps.

Mrs. Brown was educated at Colorado State Agricultural College and the Universities of Colorado and Chicago. As the wife of Dr. Thad C. Brown, a physician of Fort Collins, Colorado, she was his office assistant for years.

## Market - Gainesville Area

This week we introduce Mr. and Mrs. Boris H. Rapp, owners and operators of Oak Park Tourist Court and restaurant, located one mile North of Gainesville on Highway 211. The Rapps were formerly associated with the Ritz-Carlton Hotel, New York City and have experience in the operation of a restaurant and auto.

Last October they purchased the Oak Park court which was built in 1947 from Chester J. Toonhill. Since they have been constantly improving the buildings, and food. The owners are proud of their 16-oz. Steaks and hamburger sandwiches, which they serve in.

They say they are glad and proud to be a part of the Gainesville area and like the people very much.

## Faculty Too Old For Boys, Girls

The boy All-Stars slipped by the faculty All-Stars 72 to 70 in a thriller last Saturday night at Ocoquan high gym for the benefit of the March of Dimes. Two overtime games were needed to break up the fast, close game, finally won by the boys in spite of Jim Leo's phenomenal 46 point scoring spree. Sixteen of Leo's points came in the two overtime periods.

The boys had an even time of the scoring in this March of Dimes Benefit game with five players getting 10 or more points. J. Bishop and J. Saylor had 16 each, W. Waldrop canned 15, W. Lockett 13, T. Peters had 10, D. Rawlings two, and R. McCun got one.

Other faculty scorers were L. Bishop with 13, H. Saunders with six, W. Bolding and R. Schneider had two each, and J. Fortuna one.

In the girls' game the students trounced the faculty by a 65 to 21 margin. Louise Thimer showed the way for the students with 17 points, followed by Brunell with 10 and G. Paller with 14. Faculty players L. Lloyd with nine and A. Watts with seven kept their team in the game for awhile.

## Middleburg Keeps Lead By Beating Ocoquan

Middleburg boys kept the league lead Thursday by defeating Ocoquan 55 to 42, and the Middleburg girls maintained third-place by beating Ocoquan girls 58 to 31.

Ocoquan scorers were Thompson with 21 points, Sanford 10, Beahm 4, Haislep 3, and Lohr with 2. Ocoquan girls were led by Haislep with 21 points, followed by Canton with 6, and Shiflet and Sanford with 2 each.

## Manassas Legionnaires Lose to Leesburg

The Manassas Legion teams lost a twin-bill to Leesburg there Monday night. The Legion girls were clipped by one point, 35 to 34, and the boys were routed by an 84 to 48 score as Leesburg's Birch rattled in 29 points. Legionettes Johnson with 16 points, Harmes with 11, and Merchant with 7 accounted for the scoring, but came up two points short of a win. For the Legion boys Stutler led the way with 21 points, followed by Bigelow with 15.

## Thompson Promoted

Ewell M. Thompson, son of Mr. and Mrs. George E. Morrison, Jr., Lake Jackson, has been promoted to the grade of Sergeant in the U. S. Air Force.  
Sgt. Thompson is assigned to the Adjutant General's Section of the Tactical Air Force as a Classification Specialist. He has been in the U. S. A. F. for the past 26 months. Sgt. Thompson is at Pope AFB, North Carolina.

## Nokesville Downed By Herndon Boys, Girls

Herndon High School left Nokesville Friday, a double-warmer over the Brentsville High basketball teams. Herndon girls won the opener 36 to 16 and the boys followed with a 43 to 30 defeat of Nokesville. Nokesville scorers were: Cowne with 12 points, Garman 7, Reedy 4, Mayhugh 3, Wood 2, and Yankey 2. For the girls Thelmer and Free set the pace with 6 each. And Carrio and Fitzgerald had 2 apiece.

While the March of Dimes campaign in Prince William County is officially closed the drive for funds will continue due to the fact that the workers got a late start on collections and he quota assigned to the county was double that of last year.

## Manassas Near Water Crisis, Says Ritter

Warning that Manassas must look for additional water supply through the development of an additional well was sounded by Town Manager Ritter at the town council meeting Monday night. The city is now pumping about five and a half million gallons a month which is about 80 percent of capacity.

Ritter advocated a water development program looking forward for 20 years. He said, however, that an immediate adequate increase in supply would cost approximately \$8,000 for well drilling, pump, housing and mains.

It was pointed out that if the Birmingham Dairy, following the recent increase in water rates to consumers outside the city, should develop its own water supply and cut off from the city's mains, that action would decrease the load on the city lines by only 10 percent.

On motion of Councilman Hook the town manager was authorized to investigate and determine costs for the additional supply required.

## Journal Prints Menu Specialties for Jo-Del

E. Barron, of Culpeper, and Mrs. Julia Richey, of Fairfax, have recently become the new management of Jo-Del Grill, which has reopened. Both are widely known in the restaurant business and have already put into effect many attractive features for their dining room.

Home-made pastries in addition to the most attractive entrees are features of the new menus. Mr. Barron recently had The Journal print several signs for display of the specialties of the Jo-Del Grill.

VEPCO salutes the Boy Scouts of America on their 40th Anniversary which occurs next week. These men of tomorrow have chosen a particularly timely theme about which to build their 1950 program—"Strengthen the Arm of Liberty."

This theme should remind all Americans that Liberty is not a static thing which, once created, endures forever. The stones of its foundation must be constantly repaired and replaced lest they crumble under the erosion of complacency and disregard of fundamental rights.

The VEPCOVIANS who live and work in Your Town, like its other good, substantial citizens, are proud of and share your interest in your local Boy Scout troops. VEPCO is proud to number among its employees many who are Boy Scout leaders—and many more who are former Boy Scouts.

## 35 Dairymen In Artificial Breeding Plan

Thirty-five Prince William Co. dairy farmers are making herd replacements through artificial insemination according to the best information available.

In the two months in which this method has been under development in Prince William County about 150 cows have been serviced, according to Edward A. Smith, an artificial insemination technician, who reports that the rate of conception is about 60 percent. During November the rate was as high as 80 percent, he said.

The high cost of feed is said to make the keeping of bulls too expensive and dairy farmers, looking for reduction of expenses, are giving more and more consideration to this new method of replacing their herds. Additionally the dangers of keeping a bull in a barn lot are eliminated.

Economy is especially desirable for farmers and dairymen with only a few cows. According to Smith, a farmer who keeps 3 or 4 cows loses money by trying to keep a bull. The bull will eat up, perhaps, \$200 worth of food in a year.

Artificial breeding is reported to be highly sanitary. The small amount of equipment necessary is either destroyed or sterilized after each use.

## Propose Septic Tank Ordinance For Fairfax

A revision of the Sanitation Ordinance for Fairfax County is proposed to clarify state and local Health Department specification for the installation of private sewage disposal facilities, according to Dr. H. C. Bradford, Director of Public Health in Fairfax County.

The revision would establish adequate and uniform standards for new construction of septic tanks, uniform inspection services, and permit adequate supervision of maintenance and cleaning procedures.

A steady climb in enrollment in Virginia's 4-H clubs—from 40,133 in 1946 to 49,068—is reported by State club officials at V. P. I. Prince William County had 500 members in 1949. The enrollment for 1950 is expected to show an increase, according to County Agent Frank Cox.

## Codify Town Ordinances

Councilmen Rice, Saunders and Doggett were in session Friday night, January 27, listening to a reading of all the ordinances of the Town of Manassas by Town Manager Ritter preparatory to a proposal to codify the ordinances for ready reference. The meeting was informal and Mayor Davis and Vice-Mayor Hook were not present.

As each of the provisions were read, comments were made by the councilmen as to the unfamiliarity of most citizens, as well as the police with many of their provisions. It is the intention of the council to index the ordinances so the police may readily check activities which may appear to be offenses.

It was the opinion of the councilmen that most people are unfamiliar with the ordinance that prohibits anyone under 16 years of age being on the streets after 11 o'clock at night except in the presence of a parent or guardian.

Reading of the ordinances disclosed also that it is unlawful to wash automobiles in the streets.

Other business at Monday's Council meeting: Approved American Legion Post 114 request to buy from the Town a lot 50x150 feet facing on South St. as the site for a proposed two-story headquarters and recreational building.

Heard J. C. Kincheloe, representing Birmingham Dairy, ask that the dairy's water rates not be increased. Appointed Town Manager Ritter secretary of the Planning Committee. The vacancy occurred through resignation of Hunton Tiffany.

Deferred decision on work on a 100 foot smoke stack at the power plant. Ritter said chimney experts had stated the top 30 feet should be removed. Estimated cost—from \$600 to \$800.

### PASTOR'S STUDY

A pastor's study for the Manassas Baptist Church, of which Rev. John B. Edens, is minister, will be dedicated Sunday, February 5, at the morning service. The study has been given to the church as a memorial but the name of the donor will not be announced until the dedication ceremony. The Baptist Church is the only one in Manassas having a study for the pastor attached to the church. The addition was completed at a cost of \$1000.

## Accent is on Style Wherever You Go But it is More So With 1950 Chrysler

### Completely New, Distinctive In Features

By R. J. WAYLAND

Completely new and distinctive styling, producing added beauty inside and out, features the 1950 Chrysler line. Among the important improvements are a new grille, longer rear fenders carried to their full height almost to the rear of the car; a new and artistic grouping of tail light, spotlight and turn signal flush mounted in each rear fender, giving sleek, graceful rear end lines; a new rear window with 27 per cent more glass area; changes in the instrument panel; and larger brakes on the six-cylinder models. Nineteen body styles are offered in the Royal, Windsor, New Yorker, Saratoga and Crown Imperial series.

### Newport Model Is New

There is a slight increase in exterior width, length and height. Interior dimensions remain unchanged, retaining the generous head room, leg room, chair-height seats and ease of entrance and exit that have proved so popular in the 1949 models.

One entirely new model, the Newport, has been introduced. This is known as a special club coupe, but in effect it is a hard top convertible available on both six and eight-cylinder chassis. It offers the sleek lines of a standard convertible, with the added safety provided by a fixed steel top. Chrysler's new self-energizing disk brakes are standard equipment on the Town and Country Newport, as well as on the Crown Imperial models.

Appearance improvements begin at the front bumper, which is wider and more massive, and are carried through to the rear bumper.

The Chrysler 1950 New Yorker four-door sedan, with restyled longer rear fenders, more massive bumpers, new radiator grille, better visibility from the larger rear window and powered by the 135-hp. Spitfire engine.

Rear view of the Chrysler Windsor series Newport, a new steel top "convertible" with distinctive styling around the rear window and no window or door posts to obstruct the view when windows are down.

Interior of the 1950 Chrysler New Yorker four-door sedan, showing the new arm rest on the doors, a waffle pattern in the door panel upholstery and the center arm rest in the rear seat.

Different styling features have been incorporated in the sixes and in the eights, so that one is readily distinguished from the other at first glance. Among the points of difference between the two lines are the parking lights, the length of the molding on the front fender, the nameplate on the front of the radiator and the wheel cover. Upholstery options have been increased and finer fabrics are offered. Fifteen standard body colors and four special colors are available, nine of them entirely new.

ENTHUSIASTIC CROWDS SAY—*"Nothing could be finer!"*

**FINE-CAR OWNERS WHO SEE THEM.  
AGREE THAT NOTHING COULD BE FINER...

PERFORMANCE THAN THESE  
MAGNIFICENT NEW LINCOLNS!**

IT WAS frankly astounding, the enthusiastic reception given the new 1950 Lincolns and new 1950 Lincoln Cosmopolitans at their introduction a few days ago.

People little given to superlatives showered them freely on these magnificent new automobiles. For what they saw convinced them that *nothing could be finer* than Lincoln today.

They saw brilliant new distinction in new Lincoln styling. They saw new smartness in

Lincoln's rich new appointments and upholsteries. They saw new elegance in Lincoln's new "Salon Styled" interiors—interiors which are, we believe, the most beautiful in the world.

Those fortunate enough to experience demonstrations discovered new ease and comfort with new Lincoln silken-smooth steering . . . restful springing . . . relaxing "Weather Control" ventilation system . . . whisper-quiet new Fiberglas soundproofing.

\*White side-wall tires, HYDRA-MATIC transmission optional at extra cost

And with the thrilling high compression of Lincoln's great new "INVINCIBLE 8" engine now combined with HYDRA-MATIC\*, they enjoyed performance unlike anything they had ever known!

In short, for craftsmanship and quality, as well as for excellence of engineering, these new Lincolns were frankly a revelation to everyone.

If you have not seen or driven a new 1950 Lincoln yet, why not do so soon? You, too, will be convinced that "nothing could be finer."

## Everybody Loves a County Fair

For about a month now there has been considerable talk about an agricultural fair for Prince William County. A group of veterans out Nokesville way are spark-plugging the idea of such a show to be held during the three-day span when August turns into September.

To The Journal's surprise the plan has received only a lukewarm reception. True, no one has expressed himself as "agin" the idea of a fair, but neither has anyone jumped at the chance to declare himself "fer" it.

The veterans of Nokesville want to use the Manassas airport as a fair site, maybe this is possible, maybe not; nevertheless, a county fair belongs in the county seat. If a group of Nokesville people had the original idea, what's the difference? Someone had to think of it; let the whole county help put the idea across.

Everybody loves a county fair. Prince William is an agrarian county, and its farmers rate the chance to show their skill to all who will come to see. Its housewives—each justly proud of her culinary and dressmaking accomplishments—deserve the chance to compete in the friendly rivalry of a county fair. Its youngsters, 4-H'ers and the like, merit an opportunity to stand up and be counted. A six-year-old young lady of our acquaintance thinks she had the finest cat in the county; she deserves the chance to learn whether she is right or wrong. Other kids have the God-given right to get violently ill on soda pop and cotton candy—and they can't unless there is a county fair.

A county fair, properly organized and promoted, and located in an easily accessible, central place, would draw thousands of visitors from the Washington area to Prince William County. The nickels, dimes and quarters in their pockets would be enough to make the fair a financial success; taking the longer view, it is entirely possible that some of the visitors might decide to join the growing throng who are working in the city and living in the country.

For whatever it is worth, The Journal is on record as favoring a county fair, not just this year but every year. It is on record, too, as favoring Manassas as its site. If there is some great, overweighing reason why the airport cannot be used, let us look for another suitable place within whistling distance of the Prince William Court House.

Someone has had a good idea. Let us not let the idea wither on the vine because of inertia on the part of the "pros" and trivial objection on the part of the "cons."

We'll see you at the county fair in August.

## From the Pastor's Study

By The Rev. James L. Duley, Sudley Charge

"You judge according to the flesh, I judge no one. Yet even if I do judge, my judgment is true, for it is not I alone that judge, but I and he who sent me."—John 8:15-17.

If we of the world today are without sin, then let us judge our fellows, but who can judge? Can any earthly man pass judgment when Jesus himself did not judge? He was not a magistrate, he was a teacher, a preacher of Righteousness. He was teaching when his enemies called upon him to judge the adulterous woman. Jesus neither condemned nor pardoned her. He preached unto her Righteousness. "Go and sin no more," was his message to her and to us today. In the story found in John we hear Christ inferring that no man can judge, only God has that power.

The balances of our world are even and right, God set them into motion. An ounce of scorn brings an ounce of anger, a pound of meanness an equal amount of contempt. Build a pair of scales for the world and be sure of one thing—men will weigh you in your own scales.

"A baker living in a village not far from Quebec bought the butter

he sued from a neighboring farmer. One day he became suspicious that the butter was not of the right weight, and for several days he weighed the butter and found that the rolls were gradually diminishing in weight, and had the farmer arrested for fraudulent dealing. At the trial the judge said to the farmer: 'I presume you have scales? Yes, of course, your honor. And weighs, too, I presume? NO, sir. Then how do you manage to weigh the butter which you sell? That's easily explained, your honor, said the farmer. When the baker commenced buying his butter of me I thought I would get my bread of him, and it is the one-pound loaves I've been using as a weight for the butter I sell. If the weight of the butter is wrong he is to blame himself.' How seldom we weigh our neighbor in the same balance with ourselves—Thomas A. Kempis.

We all may profit by an old Indian prayer: "Grant that I may not criticize my brother until I have walked many moons in his moccasins."

And in closing, these words from the Master, "Judge not lest ye also be judged." Blessed are they who watch themselves more closely than they watch others for they shall never be unemployed.

the editors and publishers because of conviction refuse to accept such advertising. The Manassas Journal has chosen the better way.

No good has ever come from drinking, but much harm has come. If people must drink let them do so of their own volition without the smooth talk of advertising. Pictures of men of distinction, of good taste, of peace and happiness, of a congenial family circle, who drink give false impressions. For every one whose picture is brighter because of drink there are scores whose spirits are dulled and whose lives are unhappy. Such advertising has camouflaged the real effects of drinking and ought not to be allowed. So, Mr. Editor, I am for you, and may God bless your efforts.

Sincerely,  
JOHN D. EDENS

# Ground Hog Day

February 2 is the day that Mr. Ground Hog comes out of his hole and decides whether spring is days away or not.

The important thing is that Mr. Ground Hog is making his decision.

It has been well said that if winter comes cannot be far behind.

We think that Mr. Ground Hog is a wise animal doesn't wait until the last minute to turn thoughts toward the problems that will be him when the weather is just right.

## IT WOULD BE SMART START PLANNING NOW FOR SPRING

We are talking about what you have been intending to do all winter. Haven't you said many times, "Well, I'll have to paint the house in spring can't hold off any longer." Of course you have. So whatever Mr. Ground Hog decides about the weather this week you must begin to make plans now for that spring painting job. What will need is

## Catharpin

George Nelson, son of Mr. and Mrs. C. L. Nelson was ill with pneumonia last week.

The Ramsey Light's last week received delivery of a new cat. Miss Wheat Thomas was away from her Catharpin teaching duties last week because of illness. Her brother, Pittsburgh Thomas, is still under the doctor's care as the result of an injury he received last December when working with timber.

Janet Young is at home this week for between-semester holidays at Mary Washington College, Fredericksburg.

Working under Mrs. Audrey Kerr of Haymarket, chairman of Gainesville district, Mrs. Curtis Latham, Mrs. Robert Casey, Mrs. Neville Ellison, and Mrs. Wallace Riem are accepting contributions from Catharpin residents for the March of Dimes drive.

A contribution to March of Dimes has already been made by the Catharpin Home Demonstration club, which gave a benefit luncheon for the Drive. Individuals who wish to contribute to the organization which finances polio research and aids polio victims are asked to give or mail their contributions to one of the committee for this area.

Mrs. Kerr points out that six Prince William County polio victims are currently receiving treatments through the March of Dimes.

## NOKESVILLE NEWS

Free, Mrs. Blake Fleming and Mrs. C. W. Brittingham acting as hostesses. The ladies will spend the day making electric lamps.

The Nokesville Volunteer Fire Department was called to the Davis Nolley home on Saturday afternoon to put out a fire which came from the flue. Also helping out local boys were the men of the Manassas V. F. Warrenton P. D. came, but the blaze had already been put out. Most of the furniture was removed from the house which was damaged quite a bit. In the house at the time of the fire were "Grandma" Shaeffer and Alice Flory who stays at the Nolley home each Saturday while Mr. and Mrs. Nolley go to market in Washington.

The Aden Home Demonstration Club met last Wednesday afternoon at the home of Mrs. Everett Marshall. Miss Kline gave the demonstration on Recreation. The next meeting will be an all-day meeting at the home of Mrs. I. W. Liskey. Each lady is to bring whatever she wishes to work on during the day.

Most of the college students are spending their mid-term vacation with homefolks. Among those at home sometime during this week past have been Mary Elizabeth Hooker, Ernest Hooker, Dillon Wood, Helen House, Lowen Marshall, Ross Lee Beahm, Anna Hooker and George Craushorn.

Mr. and Mrs. Stuart McMichael left last Tuesday for a business trip to Detroit, Michigan. They went by train but drove back in a new Kaiser.

Mr. and Mrs. Carey Crismond and the twins from Spotsylvania spent Wednesday afternoon saying "hello" to Nokesville friends. Everywhere they went, needless to say, the little ladies were the center of attraction.

Mrs. John Ranall and Betty spent the weekend with Mrs. Randall's sister and family, Mr. and Mrs. Ira Dove at Hyattsville, Maryland.

Mrs. Bobby Britton has been quite ill the past week and unable to go to work in Manassas.

Sunday dinner guests of the Ted Shephards were Mr. and Mrs. Earl Seese and Mr. and Mrs. Gerald Herring of Falls Church, Mr. and Mrs. Max Shepherd, and Mr. and Mrs. Avery Carter and Terry of

For nearly 15 years, your writer has known Grandma. It has been a pleasure to do little things for her from time to time. Last year nearly all of her "East Virginia" grandchildren and their families helped her celebrate her 86th birthday at the German home the first Sunday in February.

Grandma Shephard has lived a wonderful and full life. She leaves behind a multitude of relatives who will do well to pattern their lives after hers.

Let's pretend, just for fun, that we are in Sebring, Florida and this week are writing a column from there. Here goes:

Messrs. Saylor Diehl and S. S. Statz and Miss Ruth Diehl arrived here on Wednesday evening from Nokesville for a vacation. Ruth expects to stay a week.

Mr. and Mrs. P. L. Trenis, who are spending the winter at the Shepherd Trailer Park here, recently spent the day in Tampa. Mrs. Trenis says she would really enjoy hearing from all her friends up in Nokesville, Va. She also says those twin grandchildren, Carey and Jane, up in Spotsylvania, Va., are really doing fine now.

Mr. and Mrs. Isaac West and daughters from Chosen, spent the weekend here and attended the dedication services at the newly built Church of the Brethren on Sunday, January 22.

Five hundred and seventy-three folks were present for the above mentioned service. The new church was dedicated the J. H. Moore Memorial Church of the Brethren. Rev. Herman B. Helsey is now pastor of the church. Speaker for the occasion was Elder D. H. Zigler of Broadway, Va. The start of the work for the new church occurred July 5, 1948, with a ground-breaking service, at which time, the elder, Brother Edgar Stauffer turned the first shovel of earth. The cornerstone laying took place in a ceremonial service, led by the pastor, H. B. Helsey, November 27, 1948. The first Sunday service to be held in the new sanctuary was February 27, 1949, months before the new

Mrs. Margaret Pittman and Miss S. Catharine Heberle of Washington, were the dinner guests at the home of Mr. and Mrs. A. H. Meyer on Sunday.

Mr. and Mrs. M. Fewell Melton and sons Bobby and Eddy spent Sunday in Washington, where they had dinner and attended a show to celebrate Bobby's 8th Birthday.

Mrs. W. A. Jordan is quite ill at her home here.

Miss Betty Meyer with a group of friends attended the Ice Capades in Washington on Tuesday evening.

Mrs. Viola Gray of Haymarket, Mr. and Mrs. Hunley and Mr. and Mrs. Billy Tyson of Manassas, spent Sunday visiting in Urbana, Va., on the Tappahannock river.

Mr. and Mrs. A. H. Meyer and daughter, Helen Louise, attended the Ice Capades in Washington on Wednesday night.
