## Catlett Entry Wins Contest At Nokesville

A Ford tractor driven by Clifford Andes of Catlett for the Wilson Motor Company of that town, scored a clean victory Wednesday in the often-postponed Nokesville FFA plowing contest on the V. W. Zirkle land near Nokesville. Hanging up perfect scores for furrow straightness, trash coverage, land ends and closing furrows, the Wilson entry tallied 94 points out of a possible 100 to nose out a Ferguson driven by Paul Irvin and sponsored by the Nokesville Motor Company. Irvin's tractor was given 93 points.

Third place went to Manassas Hardware's John Deere entry, driven by Ted Shepherd of Nokesville, with 82 points; fourth place to Lewis Supply's Allis Chalmers driven by Buddy Lynn of Manassas, with 67; fifth place to a Case sponsored by Herring Supply and Jockeyed by Eugene Herring of Nokesville, with 61. Other contestants were an Oliver, entered by Nokesville Supply and piloted by Ralph Burke of Nokesville, with 80 points; Farmall H, sponsored by McMichael's Service Center and driven by Harold Hopkins, 73; Farmall C, entered by R. J. Wayland, 64; Allis Chalmers G, entered by Lewis Supply, 64; and a Farmall A entered by Wayland, 63. Barr-Orchard Supply of Winchester had originally entered a Sheppard Diesel but dropped their entry from the contest.

Each contestant turned approximately two acres. Judging, by C. G. Hoffman and A. G. Adams, assistant district supervisors of vocational agriculture in Northern Virginia and F. E. Hall, Voc-Ag instructor at Marshall High school, was based on eight criteria: opening furrow (15 points); furrow straightness (10); furrow conformation and uniformity (15); quality at tillage surface (10); trash coverage (10); land ends (15); closing furrows (10); and amount of land plowed (15). Timekeeper was Harry O. Swan of Nokesville.

## Hesse Takes Over Management Of Brown and Hooff

Ralph C. Hesse this week assumed management of Brown and Hooff Lumber Company. The 39-year-old former Washingtonian will move to Soneville Acres, Manassas, with his family next week.

His association with the local lumber firm, Hesse says, culminates a long-standing desire to settle in a small town. Most of his adult life has been spent in Washington, where he was associated with various lumber and allied concerns.

The tall lumberman graduated in 1932 from the Wharton School of Finance, University of Pennsylvania, and later pursued a night-school course in law. Although he has never been admitted to the bar, Hesse finds his knowledge of business law valuable.

With his long experience in what he calls the "highly competitive" lumber business, Hesse has brought to Manassas a new merchandising wrinkle. He is opening a "bargain shed" in the lumber yard, where various types of building materials can be had at a fraction of their normal cost.

A veteran of the Pacific war, Hesse served for three and a half years as an officer on the staff of Admiral Marc Mitscher. Much of his Navy time was spent aboard the historic carriers Lexington and Yorktown.

Hesse says he is looking forward to life in Manassas, and that his wife and two children, Kathryn, 13, and Ralph, 7, share his pleasurable anticipation.

He will be assisted at Brown & Hooff by Maury Wells.

Mrs. J. M. Hanson, chairman of the county Red Cross campaign, reports that the Red Cross collected \$170 more in the last week, bringing the total for the county to \$2,750—only \$250 short of the goal of \$3,000 set for the campaign last month. Contributions can still be sent to Mrs. Hanson at P. O. Box 128, Manassas.

Mrs. Ann Burchard is back in Washington after having spent the Easter week end with her parents, Mr. and Mrs. M. S. Burchard, in Manassas.

## 12 Officials Tell Kiwanis Their Duties

(See Editorial Page)

Twelve Prince William County officials outlined their duties in addresses before the Kiwanis Club last Friday evening at the Stone-wall Jackson Hotel.

The dozen who appeared in a program arranged by Kiwanian (and County Supervisor) J. Carl Kincheloe were County Treasurer C. A. Sinclair, Revenue Commissioner Charlton E. Gnad, Supervisors Chairman J. Murray Taylor, Sheriff John P. Kerlin, Commonwealth Attorney Stanley Owens, Trial Justice C. Lacey Compton, School Superintendent R. Worth Peters, Health Officer W. R. Johnson, Welfare Superintendent Elizabeth Painter, Coroner E. H. Marshall, PMA Secretary Eula Bourne and County Agent Frank Cox.

Fifty-six persons attended the meeting, which was opened by the singing of "America," led by Stanley Owens, and an invocation by the Rev. Taylor. Kiwanis President, E. D. Gothwaite turned the meeting over to Kincheloe, program chairman, after urging all Kiwanians to get an early start on ticket sales for the Kiwanis Kapers scheduled for this Friday night.

The speakers traced the origin of their duties, and gave an accounting of how those jobs are now being performed. Although the addresses had been set for a maximum of five minutes each, many of the speakers continued overtime with the result that the program, scheduled for one hour, lasted approximately twice that long.

Those who attended the dinner were: Kiwanians: Russ Powell, R. Jackson Ratcliffe, Edgar Parrish, Robert Schroers, Ken Aldrich, Russ Cullen, Stanley Owens, Ralph Spear, Percy Lewis, Howard Luck, Ray Gibson, Bud Lynn, Leslie Bourne, Connie Kincheloe, Deb Gothwaite, Lacey Compton, Harry Parrish, Arthur Sinclair, Harry Parks, Walter Peters, Conway Seelye, Paul Espenshade, Dan Kelo, Walter Sadd, Carlton Cannon, Frank Sigman;

## News from Prince William Communities

### Nokesville

By Mrs. Fred T. Shepherd

All who came to the Sunrise Service on Easter morning at the Bowman home here in Nokesville voiced the opinion that they were glad they had made the effort to come. Certainly no better Easter story was told anywhere else than the story Rev. Albert Winn told when he put himself in the place of Peter and related the eyewitness account of the story of Easter. Approximately 100 people heard the following young folks take their part in presenting the story of the resurrection just as the sun came up: Mary Hooker, Mary Flory, Peggy Wilkins, Peter Wayne and Frances Herring, Connie and Peggy Shepherd, Sara Lee Gay, Frances Owens, Louise Jones, Shirley Thelmer, Betty Plickenger, Elizabeth Fitzwater, Edith Melvin, Lowen Marshall, Marie Kellin, Melva Fleishman, Rosa Lee Beham, Dillon Wood, Alice Wright. Folks came from every church in the District.

Following the service everyone enjoyed a fellowship breakfast at the Bowman home.

## Tax Day Nears; 7,000 Blanks Are in Mail

Nearly 7,000 tax return blanks have been mailed to Prince William Countians by Charlton E. Gnad, county revenue commissioner. They are returnable, fully and accurately made out, on or before May 1, after which time penalties are assessed for failure to file tax returns.

The tax bill, which is derived from the returns filed this spring, is payable on or before December 5, 1950.

There is little difference between the current year's blanks and those in effect in previous years. Tangible personal property, intangible personal property, capitation tax data, and income tax information all are to be listed on the form. As in previous years, the controversial "tax-on-a-tax" provision is still on the Virginia statute books, having failed of repeal in the recent session of the assembly. It is this income tax law which requires Virginians to declare income before federal taxes when computing their state income levies.

Prince William residents who, for one reason or another, have not been mailed their tax return forms are still not excused from filing. If, single, they earned over \$1,000 or, married, over \$2,000. The responsibility, tax officials say, is on the individual to get the necessary blanks, fill them out and file them. Copies of tax blanks are available at Gnad's office in the court house at Manassas.

## More Brevities

—From Mary Davis, at Lorton, comes word that a benefit square dance, sponsored by the Axacan Business and Professional Women's Club of Occoquan, will be held at Lorton School April 21 (a week from Friday) as part of the Fairfax County cancer drive.

—And another square dance for the same worthy cause is scheduled for this Friday evening at Fairview School, Fairfax Station, according to Mrs. James S. Write of Fairfax.

—Mrs. Paul Espenshade's final report on the 1949 Christmas Seal sale in Prince William County shows a total of \$2,272.40 raised by the county tuberculosis association. The amount was about 923 short of the goal. District chairman reported to Mrs. Espenshade as follows: Quantico, Mrs. John T. Young, \$834; Manassas, Mrs. A. E. Jussanne, \$578.05; Brentsville, Mrs. Grover Brown, \$225.80; Gainesville, Mrs. Robert Alvey, \$192.65; Colored auxiliary, Mrs. Dorothy Hall, \$149.28; Occoquan, Mrs. E. K. Garner, \$154.50; Coles, Mrs. Paul Cornwell, \$83.30; Schools, Miss Sue Ayres, \$55.62.

## Hearings Set April 27 On County Budget

Hearings will be held at the Court House April 27 on the \$502,734.95 budget tentatively adopted last week by the Board of Supervisors.

The budget is based on a levy of \$2.25 plus a district levy of five cents (the latter applicable to all magisterial districts except Coles). This basis is twenty cents lower than last year's level of \$2.40 plus 10 cents. A sharp reduction in the merchants' capital tax, from \$2.40 to \$1.25, was also approved last week.

Elsewhere in The Manassas Journal an official table, showing the budget for 1950-51, is printed. Highlights of the budget: Revenue: county and district levy, \$382,500; A.B.C. profits, \$51,000; merchants' capital, \$12,500. Expenditures: county schools, \$324,682.36; public welfare, \$43,639.90; debt service, \$31,300; capital outlay, \$25,000; public health, \$16,550; fire prevention and extinction, \$11,000.

## School Budget Asks \$568,372

Prince William County's schools will operate on a \$568,372 budget this year, if final approval is obtained on the estimates made last week.

The complete text of the budget is printed elsewhere in The Manassas Journal. It shows principal outlays of \$335,135 for instruction; \$87,075 for transportation; \$46,820 for "other instructional costs" (not salaries); \$28,915 for operation of plants, and \$25,300 for capital outlay.

The county school debt and building fund supplement indicates an income of \$1,965,500, of which \$1,600,000 will be from the literary fund and \$165,500 from state grants, and expenditures featuring a \$1,666,000 building program.

## Census Going Satisfactorily

The census in Prince William County is going on apace, and urban enumeration, in such places as Manassas and Quantico, probably will be completed by the end of this week, area census officials reported Wednesday night.

The rural count probably will not be finished before the end of the month, it was pointed out. Both town and country enumerations are going on about as scheduled.

An informal poll, conducted by The Journal earlier this week, indicated that slightly more than half the people in the Manassas area had been questioned by the census taker.

## District Chief Of Lions Here

Chet Holbrook of Winchster, district governor of the Lions Club in this area, paid his official visit to the Manassas Lions Wednesday evening, and charted the growth of the world-wide service organization in the 22 years since he had been affiliated with the Lions.

In 1927, Holbrook told the Lions, there were 1,810 clubs with 61,000 members, while today 403,000 Lions belong to 7,750 clubs.

Holbrook, who is required to make one official visit to each club during his term as governor, inducted Louis First into the club. James Payne sponsored First.

Plans for the state convention at Roanoke in June were discussed at the meeting.

## Teen Dances To Continue

Teen-age dances in Osbourn High School gymnasium will be a weekly affair hereafter, according to Police Sergeant C. S. Sims. The first dance, held in the gym Saturday evening, attracted more than 50 boys and girls despite the fact that the dance had been advertised for only about 30 hours in advance.

The second in the series of dances will be held Friday, April 14, at the gym, beginning shortly after 7 o'clock and continuing until 11.

Refreshments will be available. The dances, virtually the only entertainment in Manassas since the burning last month of Pitts Theatre, are being conducted under the auspices of the town police.

To admission charge is made, and music is furnished by a juke box provided by the police and a band which donates its services.

Last Saturday a three-guitar hill-billy band, the Melody Rangers, played for the dance, and will play again this Saturday. Thomas Whetzel is manager of the band. Junior Lawler, Wayne Yates and Gill Maecher provided the music. Bucky Golladay sang.

Chaperons were Town Manager and Mrs. James Ritter and Mr. and Mrs. William M. Hnes, Jr. Sergeant Sims also was in attendance throughout the dance.

The idea of free, Saturday evening boys' club. After the destruction of Pitts Theatre, and with plans for a club still in abeyance, Sgt. Sims and officer J. A. Colbert of the town police asked The Journal's assistance in arranging for and publicizing a series of dances.

Negotiation with School Superintendent Worth Peters and High School Principal Dan Kelo, Sims said, Thursday evening received a go-ahead signal for dances in the gym. Signs announcing the dance were posted in strategic spots—including the trunk cover on the town police car—on Friday.

The idea of teen-age dances had the approval of at least two Manassas clergymen, the Rev. E. Guthrie Brown and the Rev. Leon Testa, both of whom expressed the opinion that carefully supervised dances would be a healthy recreational feature for the town youth.

## Time Decision Will Be Made On April 24

The Manassas town council will make a decision on daylight saving time at its monthly meeting April 24. Mayor Harry Davis told The Journal this week.

The Journal is conducting a poll, at the request of Mayor Davis and Vice-Mayor G. Wallace Hook, to determine public sentiment regarding daylight saving time for Manassas this year. About 2,000 ballots were printed and distributed last week end to offices and mercantile establishments in Manassas, and an even greater number was made available to the public in the news columns of The Journal last week.

Few issues, according to Manassas merchants, have stirred up such public interest as the question of daylight saving time. Within 12 hours after ballots were placed in one Manassas store, The Journal was notified that that store's supply had been exhausted.

An agreement reached between The Journal and the town government requires this newspaper to make ballots available to all Manassas residents and out-of-towners alike—who wish to express an opinion, and to deliver these ballots to the Town Council at the appropriate time. The Journal will pick up ballots from Manassas stores on the afternoon of April 24. Votes mailed in to the newspaper should be posted to arrive not later than the afternoon mail delivery of that same date.

Expressions of sentiment within Manassas indicate that public opinion on daylight saving time is about evenly divided, with possibly a slight majority in favor of the fast time. Outside the town, and especially among farmers, there is quite opposition to daylight saving time.

Adoption of the fast time is consistent on what is done in Washington. Davis said this week that if daylight saving time is discussed at the time of the council meeting, and if public opinion here shows fast time to be favored, the council probably will authorize daylight time on a contingent basis—provided Washington adopts it.

Establishments in Manassas which have supplies of ballots are The Manassas Journal, People Barber Shop, Coker's Pharmacy, Prince William Pharmacy, the Martha Shop Manassas Hardware, W. N. Wenrich's Jewelry store, R. L. Wayland & Co., the Firestone store, Hynson Electric and Supply Co., Margaret Lynch Specialty shop, the Bouquet Mart, Hibbs & Gibbins, the Gregory Co., Peoples Bank, National Bank, Hibbles, Prince William Motors Service station, The Town Hall, Brown & Hooff Lumber Co., the Jo-De Grill, and Manassas Ice & Fuel Co.

## Last Chance For Auto Tags

Saturday afternoon will mark the last chance for Prince William Countians to buy 1950 state tags for their automobiles, Mrs. Kennie Hottle, tag salesman in this area, warned today.

About 1,700 passenger car tags have been sold by Mrs. Hottle at her place, 266 Fairview avenue, and sale will continue until 4:30 Saturday afternoon. Mrs. Hottle notes that the sale this year appears to be going a little more slowly than usual—"people are lagging a bit," she observes.

Trooper P. P. Herndon of the Virginia State Police here, cautioned drivers that a fine of not less than \$5 and not more than \$100 awaits persons operating cars after midnight Saturday with obsolete tags. Special instructions have come out from Richmond to enforce the law, Herndon said.

Town Treasurer R. L. Byrd, Sr. of Manassas, also warned that Manassas town tags must be carried by cars registered under Manassas ownership. However, the deadline for Manassas tags is May 1 instead of April 15. Only about 165 persons have yet bought the local plates, Byrd said, estimating that about 500 should purchase them before the deadline.

Now's the time for that extra "fresh up" you like to give your home in the spring. This year it needn't be such a big job if you enlist the help of modern cleaning aids from Safeway. There are cleaners that swish away dirt like magic, polishes that practically flow a soft lustre onto furniture and floors, preparations for making windows and woodwork sparkle. Many others, too. Start your spring cleaning with a visit to Safeway. You'll save both time and money.

## Quantico Triangle Dumfries

By LEE ROY PETERS

It was a beautiful day in the lower county Saturday as we greeted our friends and visited the stores. Although clouds threatened, spirits were not dampened because Easter and Springtime were in the air.  
I'm breathless with excitement over the Ethelinda Shop in Dumfries. Here in the quaint surroundings of the village that once was considered as the site for the capital of the Nation I have found a shop that is incomparable. Amid an atmosphere that lends itself to lingering and looking here is an attractive display of everything that makes a gift shop a joy to visit. You can see so many things that are appropriate to give to friends and relatives for almost every occasion, — hand painted ceramics, hand painted plates, hand made jewelry, wishing wells for potted plants that are unusual as well as useful. — And I found hand knitted things for the baby that are so difficult to describe but which I

## Sports Briefs

By Lee Roy Peters

The Quantico Marines ran into unexpected opposition in two games this last week. The Marines ran their winning streak up to seven games before going down before Washington and Lee, 7 to 3. The next day they came back to defeat W&L by 13 to 4.

Then came the big blow, at the hands of Lehigh College. Lehigh scored 21 runs in the second inning when 29 men went to bat. The game was called at the end of the third inning so actually it was no contest.

The Lions team went through a tight workout on Sunday at the Lions Memorial Recreation Center. There were about 25 men on hand for practice. They will open on April 30.

The Quantico Indians are still holding their practices at Brown Field. If the team that is working out now can be held intact it will be a winner. It is rumored that the Indians will play their games at the Stafford diamond since Stafford will not field a team this season.

Ocoquan District High School continues to work out daily for their opening game with Nokesville on April 25 of this month. A few of the last year's players have been beaten out of their positions by some of the newcomers this season. I understand that the team could use a new catcher's mask and I am wondering if there isn't some good sports-minded citizens in the community who would donate one.

## Gainesville Skeds Exhibition Game

Gainesville opens its baseball season Sunday with an exhibition game against The Plains Athletic Club at the Gainesville home field. Sports enthusiasts along U. S. 29-211 assert that the addition of many new players has breathed a new spark into the Gainesville club.

## Surrender House Will Be Dedicated

The McLean House, where the Civil War drew to a close, will be dedicated April 16 at Appomattox, Va., in impressive ceremonies featuring an address by Dr. Douglas Southall Freeman, noted biographer of Gen Robert E. Lee.

The surrender of the Confederate armies was arranged on the porch of the famed house, which has recently been restored as a shrine in the 970-acre Appomattox Court House National Historical Monument.

## A HEALTHY EARNEST OF DEMOCRACY

Last Friday evening the Kiwanis Club of Manassas held a meeting that, by rights, should have been attended by every man, woman and civics-studying child in Prince William County. The featured speakers—twelve of them—were county officers, and the subject of their talks was their public duties and how those duties are being discharged.

Seldom can one expect a public official to give himself the worse of the bargain in a discussion of what he does and how he does it. Hence it is fairly obvious that each of our county officers, speaking before a group of business leaders and representatives of the press, made reasonably sure that his best foot was forward. The point is not so much what each one said, as that each one said something.

One of the guests at the Kiwanis meeting commented that an annual affair the like of last Friday's would be a good thing because "it would get the county officers to thinking at least once a year about what they were in the court house for."

This comment may possibly be overly cruel and cynical. It might have been phrased better had the guest said, "It would give the county officers an annual opportunity to render an accounting of their stewardship in language the public can understand." Basically the two statements have about the same meaning.

At any rate, it is regrettable that there is in this county no hall, no amphitheater, no glade big enough to accommodate all the voters, all the taxpayers, all the school children of the county. Were there such a place, where speeches could be made and questions posed from the floor, the county court house might be—to the average Prince William citizen—less a place of mystery and more a place of public services.

Such meetings as the Kiwanians held Friday are an earnest of democracy. There should be more such meetings, more discussion of county government, more searching questions asked. Democracy grows and prospers from the give-and-take between officeholder and public.

situation; and in our dealings with others, we have not attained enough maturity of thought or of sympathetic feeling to understand their problems. The present unrest and unhappiness of the modern world arise largely from the fact that modern man has not yet reached the maturity of thought and character that would enable him to use with wisdom and right feeling the immense and recent increase of his scientific knowledge; therefore the future of civilization depends on how soon we may grow up.

One cannot read the third of these great books, Schweitzer's *Out of My Life and Thought*, without the feeling of having breathed the air of a better world. This book is the autobiography of Dr. Albert Schweitzer, the Alsatian whose reputation as a theologian, musician, and philosopher and whose work as a missionary doctor in French Equatorial Africa have made him one of the world's great men. As a young man, he became obsessed with the idea of the misery and unhappiness in so much of the world as contrasted with his own fortunate life. Finally he made a vow that when he was thirty he would give up his brilliant career in the centers of European civilization and devote the rest of his life to the alleviation of human suffering. He chose for the scene of his labors the slave-trading African Congo as one of the worst exploited regions of the world, and he has worked there ever since with occasional concert and speaking trips to Europe to raise funds for the 300-bed hospital he had built in the wilderness.

He came to America last summer to be chief speaker at the Goethe Anniversary Celebration at Aspen, Colorado, and Schweitzer is perhaps the two greatest fellows in the modern world of "the social religion that runs like a golden thread through the works of the Hebrew prophets and the teachings of Jesus."

Another fine book recently acquired by the library is Vincent Sheean's *Lead Kind Light*, an account of the author's visit to Gandhi, the great Hindu leader, shortly before his assassination, and of how this whole experience brought him peace of mind and renewed belief in God.

OCOQUAN — The Woodbridge Kiwanis Club, co-sponsor of the Mount Vernon High School Key Club, will send four Mt. More than 2,500 outstanding high school boys from all sections of the country will attend the convention.

The Woodbridge Club also sponsors a Key Club at Occoquan District High School, but plans to send four boys to Columbus from that school were shelved when the convention date was found to conflict with the date of the school prom.

M. A. Gardner of the Woodbridge Club will accompany the Mt. Vernon boys, who are Stuart Van Scoyoc, Howell Crim, Wallace Steucke and Donald Irvin. The boys will be eligible for participation in an oratorical contest, winner of which will be awarded a trip to the 35th annual convention of Kiwanis International at Miami.

## Weekly Guest Sermon

By the Rev. H. E. Hudgins,  
Pastor, Grace Methodist Church.  
John 1:12—"To them gave he power to become Sons of God."

E. Stanley Jones forgot his watch, leaving it on the table at a speaking engagement; I was returning it to him. We met in the study of Washington's old New York Avenue Presbyterian Church. "You don't know how glad I am to see you, and to get my watch back!" Placing the timepiece on a table, he touched a hair-like lever on the side of the watch and said, "Listen!" The watch started striking in a soft muffled tone: 12 times, for 12 noon; and then, after a brief pause, it struck once, "for 12:15." He said; it struck another time, "for 12:30," indicating the time to be somewhere past 12:30 but not yet 12:45. I can wake up at any hour of the night and, without turning on a light, tell the approximate

time within a few minutes of exact time. This marvelous watch was given to me by a friend in Europe. The watch had been in my possession for two hours, but I did not know its real value until the owner revealed its possibilities. All of us have unrealized possibilities within us. By the power which God can put at our disposal we can even become sons of God, heirs of God, fellow-heirs with Christ.

There is a spark of divinity in every man.

PRAYER: O God, thou canst see within me the person I ought to be; the person I can be with thy help. Help me to lay aside every weight, and the sins which cling so closely, and press on toward the goal which thou hast revealed to me in Christ Jesus, my Lord. Amen.

## New Books At OHS Library Are Discussed

By Eugenia H. Osbourn

Library Note: The Ruffner-Carnegie Library is for public use as well as for the High School, though some suppose it is for the latter only. Since it is housed in the Osbourn High School and the School Board provides a trained librarian, it is as far back as 1900 when Mr. George C. Round, a trustee of the Manassas schools, Mr. W. Moran, Editor of the *Manassas Journal*, and Mr. Charles Ruffner, Principal of the Ruffner School, planned to start a public library by subscription, to be housed in the then new addition to Ruffner School.

Mr. Round obtained a subscription from Mr. Andrew Carnegie of \$1,000 towards the new library with the provision by Mr. Carnegie that while the library should be housed by the School Board, it should always be used by the public.

The County School Board voted for this arrangement, and the consent of the State Superintendent of Public Instruction, Dr. William Ruffner, was also obtained.

In 1938 the Town Council began an annual contribution for the public side of the library. The library is open to the public during school hours and also for a short daily period after school.

The following article is a brief review of some famous books recently acquired by the library. Besides, *Their Finest Hour*, the second volume of Churchill's great history of World War II, there are several other books of outstanding importance—three especially that should be widely read: *Modern Arms and Free Men* by Dr. Vann-ear Bush; *The Mature Mind* by H. A. Overstreet; and Albert Schweitzer's *Out of My Life and Thought*. *Modern Arms and Free Men* is undoubtedly one of the most important books written in many years. Dr. Bush, the author, was head of the Wartime United States Commission which produced the atomic bomb, and probably knows more about modern weapons of war than any other man in the world. "His book explains clearly just what we need fear and what need not fear from the atomic bomb, manufactured disease, jet planes, guided missiles, and other scientific weapons. His book, on the whole, is one of great encouragement and will influence profoundly American policy for years to come." Dr. Overstreet, one of the most outstanding psychologists of our time, gives us in his book, *The Mature Mind*, a vivid picture of what maturity of mind means and how, if we attain it, it leads us into greater fullness and richness of life. The shortcomings of many of us, he says, arise not so much from innate depravity as from the fact that we have never grown up; we have more or less a child's mind in an adult body. If decisions come up for us to make, we do not think clearly enough to realize what is important or unimportant in the

## Junior Legion Team Is Ready

The Buck Keyes Quantico American Legion turned its attention to Junior American Legion activities in earnest the last week. Right now the Legion is interested in getting the local merchants to back one uniform each, and a substantial number of the merchants have already come through with contributions. At the present time the Legion has 15 uniforms but their goal is 20. After the drive on uniforms is over there will be started a "I Am a Junior Legion Booster" campaign.

To enlighten those of you who do not know what American Junior Legion Baseball means there is a brief rundown. First of all, it is the purpose of the American Legion in general to give boys up to 17 years of age something to do with themselves during their summer vacation and keep them off the streets, thereby cutting down juvenile delinquency.

All boys who wish to play Junior Legion ball must have the signature of their High School principals or coaches to be eligible. They must also have their birth certificates.

Most of all, boys are taught to work as a team, show respect to the coaches and abide by the rules

of baseball. The American Legion, in cooperation with the big leagues set up this program back in 1930's, since its beginning the big leagues have found an awful lot of talent in the Junior program. Almost 40 percent of the ball players in the big leagues today started in American Legion baseball.

As for the prospects of the Quantico Post No. 23 in this year's play, a championship season looks like a real possibility. The boys that compose the team come from as far as Manassas, Woodbridge, and Stafford, with the local areas—Quantico, Marine Base, Triangle and Dumfries providing the nucleus of the team. The sad part of the

whole set up is that only 16 boys are showed on the team. Ancient Pompeii was destroyed in the year 70 A.D. by eruption of Mt. Vesuvius plainly visible today to sailors visiting the Naples area of the Mediterranean.

From where I sit... by Joe Marsh

Gabby Enjoys Going to The Dentist

One of my molars was giving me a bad time Tuesday afternoon, so I slipped over to Doc Jones, hoping to catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to Gabby and he nodded.

Doc comes out and says I'm next. "Wait a minute," I says. (My tooth seemed to have stopped aching.) "How about Gabby—doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got the finest teeth in the county. He just comes up here and reads the magazines whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come up and read magazines... they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is he to stand in their way?

From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

# How soon will you be WELL HEELED?

**Do you have any idea** of when you'll be well off and secure... well heeled?

Are you—in other words—among the many thousands of wise Americans who have *done* something about their financial future? Or are you one who still does his banking out of his hip pocket and sits back to await the "breaks"?

If you are at all concerned about money matters (and you know how much money *really* matters) you will be interested in

the most systematic, hardly-feel-it way ever devised for *having* money in the future.

That, of course, is by buying U.S. Savings Bonds *regularly*, either on the Payroll Savings Plan or the Bond-A-Month Plan.

The Payroll Savings Plan is the wonderful way wherein you ask your employer to set aside a certain portion of your weekly wage. There never is another moment's bother for you.

The Bond-A-Month Plan is for you who have your own busi-

ness or no regular employer. You arrange with your bank to automatically buy you a Bond a month from your checking account. You don't touch that part of your money so you're not tempted to spend it.

In what seems like no time, it mounts and grows, and when the Bonds mature in 10 years you make \$4 for every \$3 you put in.

Four for three... not bad eh?

of the Brethren were very successful with their Bake sale in Manassas on Saturday. They realized over \$40.00 for their work.

The young folk of the Valley Church of the Brethren are planning a box supper for all the young people of the community on Saturday evening, May 6.

In the absence of the president, Mrs. Floyd Lanier had charge of the business meeting when the ladies of the Senior Women's H. D. club met in the Harpine home on Tuesday for their regular monthly meeting. Assisting Mrs. Harpine as hostesses were Mrs. Olive Hooker and Mrs. Paul Theimer. Mrs. J. F. Hale discussed the changing of the canneries so that glass cans may be used and asked that all who could would attend the meeting at the school the following night. (At that meeting it was decided to make the changes). The trip to Fairfax to the District meeting on May 2 was discussed. Since this is the regular meeting day, it was decided to let the hostesses make the decision as to when the club would meet in May. Although ten lunch tickets for the District meeting were authorized to be bought, it is hoped that more ladies than that will plan to attend.

Mrs. Hale gave an account of the trip the ladies took on Monday to the new electric building in Manassas. The ladies then enjoyed a very worthwhile demonstration by Miss Leona Kline on the arranging of bedroom furniture, using Mrs. Harpine's rooms as illustrations.

Mrs. Paul Irvin was taken to Alexandria Hospital last week where her condition is said to be improving.

proving satisfactorily.

Mrs. Mary Miller arrived home from Sebring, Florida, on Tuesday morning. She had spent several months with her sister and brother-in-law, the J. W. Filders.

Easter day dinner guests of Mr. and Mrs. A. W. Newland and Danny were Mr. and Mrs. Earl Seese and Mr. and Mrs. GERALD Herring of Falls Church and Mr. and Mrs. Avery Carter and Terry of Manassas.

Mr. A. K. Graybill is very ill at his home here. Mr. and Mrs. A. R. Coney and Verna Rose of Parkersburg, West Virginia, spent the Easter holidays with him.

Mr. and Mrs. Charles Beahm of near Roanoke spent the Easter holidays with the George Beahm family. Also, spending the weekend with their parents were Misses Elm Beahm of Washington, D. C. and Rosa Lee from Bridgewater College.

Mr. Clifford Dove injured his leg while at work last week and is still unable to go back to his job.

Mrs. Cale Gibson is still confined to her home. She has had quite a severe illness and all who know her hope she will soon be able to be out again.

Mr. and Mrs. Robert Godfrey and Miss Rachel McWhirt spent Easter Day with the David Yankey family. Lee is still confined to his bed with the mumps.

Dr. Grover Brown left the first of last week for a business trip to California. Needless to say his family missed him very much when he was absent from home at Easter time.

Mr. and Mrs. Nunzio Barbera and the children spent Easter with her folks at Bayard, West Virginia.

### Railroad Is Fined For Brush Hazard

The Southern Railway was fined \$250 and \$4.25 costs in trial justice court Monday for failing to keep its right-of-way north of Manassas cleared of brush. B. R. Bill of the State Forest Service in Charlottesville, was the complaining witness.

The forester told Trial Justice Compton that he had paced off about 1,000 feet on the east side and 3,000 feet on the west side of the right-of-way between mileposts 29 and 31, near Bull Run, and had combustible brush alongside the tracks.

Compton suspended the fine on condition that the right-of-way be made to comply with the law in ten days.
