## Trial Justice Assumes 2 New Duties July 1

Two new functions will be added July 1 to the duties of the Trial Justice court here, C. Lucy Compton, Trial Justice, said this week. The functions were authorized by the recent session of the state legislature.

The activities are:  
1—Sole right to act as a lunacy commissioner, the Trial Justice sitting with two doctors in cases of this nature.

2—Establishment of a Domestic Relations court.  
Heretofore there has been no domestic relations court as such in the county. Lunacy commissions have previously been presided over either by the Trial Justice or justices of the peace, and the new law removes the functions of the peace and Trial Justice, in discussing the new regulations covering lunacy commissions, said he will institute a new requirement designed to prevent collusion on the part of persons bringing lunacy actions. He will be said, refuse to issue warrants for lunacy commission actions unless and until the complainant in each action furnishes a certificate from the family physician to the effect that there is reason to believe a lunacy commission should be convened.

Judge Compton said there have been many cases where lunacy commissions were convened as a result of malicious efforts on the part of a relative to have a person committed to an insane. Greed for money and other assets owned by the individual, and a desire to have a wife committed so the husband could remarry or otherwise free himself of domestic duties, are examples cited by Judge Compton.  
Judge Compton said he has not received full information on the nature of the Domestic Relations court, but indicated that it will handle such matters as disputes within families, neglect of children, and juvenile delinquency. Divorce will remain a matter for the chancery side of circuit court, he said.

Two resolutions, one directed to the Federal Housing Administration, and the other to the Housing Division of the Veterans' Administration, requesting that Manassas be put under the Washington area for FHA and GI financing, rather than to remain under Richmond and Roanoke, respectively were adopted at the meeting Tuesday of the Chamber of Commerce.

The resolutions were identical and the one sent to the Federal Housing Administration follows:  
"Whereas, Prince William County, Virginia, is developing largely as an area suburban to Washington, D. C., and is being settled by families with business and personal interests associated with Washington, and

"Whereas, the construction industry in Prince William County is served largely by Washington, D. C. building supply dealers at Washington prices, and

"Whereas, the rates of pay for labor in Prince William County are those paid in the Washington, D. C. area, and

"Whereas, Washington, D. C. is only 28 to 30 miles from the settled areas of Prince William County while the equivalent distance to Richmond, Virginia, is 95 to 105 miles, now therefore

"Be It Resolved: That the Prince William County Chamber of Commerce respectfully petitions the Federal Housing Administration that this County should be removed from the area served by the Richmond, Virginia, regional office of the F. H. A. and added to the area served by the Washington, D. C. regional office."

C. L. Wheat, owner of Wheat Chevrolet, of Manassas, successor to Hynson and Bradford, was the distinguished guest of the Chamber of Commerce at its Tuesday luncheon. He was introduced to the group by R. Jackson Ratcliffe, president.

Colonel Ben Moss, of the Manassas Messenger, brought with him to the meeting several photographs which he had taken showing roadside dumps in violation of the law prohibiting the dumping of refuse along rights of way. The pictures are to be published as part of a campaign to force the Board of Supervisors to set aside areas in each magisterial district that may be used for dumping grounds.

Commonwealth Attorney Stanley Owens, back from his vacation to his former home in Georgia, presented a letter he had received from the state highway department expressing its opinion that there is not sufficient road block of traffic by the Southern Railway trains over Route 284 to justify giving priority to the construction of either an overpass or underpass on that route. The letter stated that a survey had been made and that only on five occasions was traffic blocked for as much as 3 minutes and only for five minutes on one occasion. There was considerable discussion about the need for burial grounds in Prince William County and that some consideration should be given to fostering the establishment of a cemetery company that would provide perpetual care. The question was raised as to whether persons buying burial lots would pay a price sufficient to enable the cemetery company to set aside as much as 50 percent of the purchase price so as to provide a fund from which the interest would provide the perpetual care.

"Appointments to major offices, in addition to the moderators were: Dr. William M. Beahn, Chicago, appointed as conference secretary; Dr. Edward K. Ziegler of Bridge-water, Va., conference reader. Schwalm, president of Manchester College, North Manchester, Ind., returned to Board after a year's interval; Rev. Harry K. Zeller, Jr., pastor, McPherson, Kansas new appointee; and Dr. Vernon Kinzie, physician of Tonasket, Wash., new appointee.

"The four new foreign missionaries consecrated were Wilma Schraef of Pioneer, Ohio, to go to Africa; Thelma G. Haldeman of Mt. Joy, Pa., to go to India; and Rev. and Mrs. George Mason of Portland, Ore., to go to China."

## Mr. and Mrs. O. R. Hersch Send Church of Brethren Report of Convention

The following account of the 164th Annual Conference of the Church of the Brethren, held at Grand Rapids, Mich., has been sent to The Journal by Mr. and Mrs. O. R. and Laura Hersch who attended the conference as representatives of Eastern Virginia and the Manassas Church.

"The 164th Annual Conference of the Brethren adjourned after holding its traditional missionary convocation and lifting an offering which was expected to exceed \$100,000.

"During its six-day session a new hymnal, the first in twenty-five years was accepted; million dollar annual budget for its national and international program of missions, adopted and decision was made to affiliate with the new National Council of Churches of Christ in America next November; commissioned four new foreign missionaries; adopted a statement pledging the church to equal treatment of all races; and called on its members, as well as the government, to share food supplies with the needy millions of the world.

"The Conference reached a peak attendance of more than 5,000. Voting privileges, however, were restricted to a smaller group of 836 official delegates, 87 of which represented church districts and constituted the 'upper house' or Standing Committee of the Conference while the other voting delegates represented local congregations.

"To advertise the publication in a few months of a new denominational hymnal, a Music and Worship Conference was held for four days preceding the general conference. Three hundred church musicians attended.

"A statement on the church's position on race problems which had originated with the Brethren Service Commission was adopted after being recommended by the General Brotherhood Board, the body which governs the denomination's national and international program. The statement called for removal of all racial barriers to church membership, free interracial fellowship in pews and at meals, more home mission work to people of other races, cooperation with other bodies, religious and secular, to combat race prejudice.

## Pine Seed Tree Act Has Been Amended; Will Be Enforced

District Forester D. G. Wilfong this week issued notice that the Pine Seed Tree Act passed by Prince William County Board of Supervisors and adopted October 8, 1942 in the county was amended by the last General Assembly to be effective July 1, 1944, and will continue to remain a law in Prince William County and some of the adjoining counties and will be enforced.

Briefly, the new amended act makes the following changes: (1) Shortleaf or loblolly pine seed trees must be left on any area where these species are present. Four seed trees 14 inches in diameter must be left, or if 14 inch trees are not present, 8 trees of the next largest diameter must be left.

The act before amended stated that 50 per cent or greater of the trees on any one acre had to be shortleaf or loblolly pine.

(2) The forfeiture for violation of this law before amended was a penalty of \$2.50 for each tree not left. The amended act calls for a penalty of \$10.00 for each tree not left.

## SKY GARDENER

Cultivating flowers on the roof garden of Chicago's YMCA Hotel, some 20 stories above the city's famed lakefront, is the summer long pastime of Claude Connert. Turning the hotel's roof into a veritable flower paradise for the enjoyment of the many young men and women living in or visiting this YMCA during summer months, is a well worthwhile hobby according to Connert, a veteran railroad man of 38 years and longtime resident of the hotel.

## -CLUBS-

Elizabeth McIntosh Hammill Chapter, D.A.R., met at the home of Mrs. Everett Rice on Tuesday afternoon with Mrs. J. E. Rice as co-hostess. In the absence of the regent, Mrs. C. C. Lynn, Mrs. R. L. Byrd, Sr. presided at the business meeting. Mrs. Byrd as historian gave a short sketch of the life of Henry Lee, the Virginia Revolutionary hero, who first described General Washington as "First in war, first in peace, and first in the hearts of his countrymen." Suggestions were made as to the marking of graves of two Revolutionary soldiers buried in the lower part of the county. These graves are near Occoquan Creek and are those of Hugh Davis, Sr. and a Mr. Hodges.

The chapter felt quite honored when they heard of the appointment of Mrs. Byrd as Virginia State Chairman of the D.A.R. Student Loan Fund by the State Regent, Mrs. Robert V. H. Duncan. Mrs. Byrd was the organizing regent of the chapter and served as regent for four years.

Letters were read acknowledging receipt of contributions to the Kenmore Fund in Fredericksburg and the Woodlawn Fund.

Mrs. A. A. Hoot, Mrs. E. L. Rice, Mrs. E. A. Service, Jr. were appointed a committee to revise the By-Laws of the chapter and present them at the next meeting.

After the business meeting, the chapter was interested in hearing the entertaining letters written by the girls chosen as good citizens from their schools; Priscilla Wake-man from Osbourn, Frances Ann Sanford from Occoquan District High School, and Christobelle Tolson of Brentsville District High School. Mrs. Hoot read the letters.

## Following The Red Sox

By Buddy Merchant  
The Manassas Red Sox baseball team this week signed up three new players and also had another return from the disabled list. Manager Dallas Fossey announced that Star Monroe, Dick Christian, and Del Haislip have signed Red Sox contracts and Harry Martin, hard-hitting catcher, has returned to active duty.

Martin saw action at first base Sunday as Balleston defeated the Sox 6-0 to end the first half of Northern Virginia League scheduled games. He collected a double and a single but still favored his bad leg. Fossey is planning on a practically new team for the second half. Haislip will probably get the first base job and big Dick Christian is expected to be installed in right field. Harry Martin and Buddy Wilt will do the catching.

These changes should greatly improve the Red Sox and the boys expect to be plenty tough during the second half, which opens this Sunday.

The Red Sox mound staff now consists of Star Monroe, "Squizzer" Polen, and Barton Scrivener. "Bobo" Sutler "jumped" the Red Sox last week and is now wearing a Manassas Mac uniform.

Sunday at 3 p. m. at Swavely Field the Red Sox are host to the Balleston Indians and will probably start Polen or Monroe.

If the Red Sox should come back to win the second half, they will be eligible for the play-off in September.

During the social hour delicious refreshments were served by the hostesses. The July meeting will be held at the home of Mrs. Nicholas Webster in Brentsville when Mrs. Gill will be hostess.

June is  
Dairy Month

IT WOULD be difficult to estimate how greatly America's high standard of health is directly due to our dairy farmers and milk distributors.

For milk is more lavishly available to more families in America, and at lower cost, than in any other country.

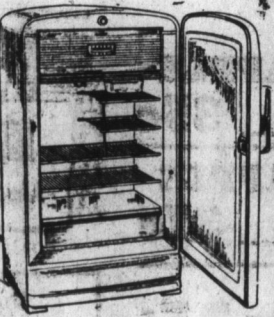

It is the best milk in the world, and abundant supply plus our system of low-cost distribution, create a standard which is a model for the world. One out of every 15 U. S. families is dependent on milk for a livelihood, and 1949 cash farm income from milk, in Virginia, West Virginia and North Carolina alone, totalled \$122,162,000.

A situation so mutually favorable to producer, distributor and consumer could exist only under our free enterprise system.

And electricity, supplied by business-managed, tax-paying utilities such as VEPCO, helps make the modern dairy farm a land of milk—and money!

Thanks to cheap Electricity—this tremendous dairy investment and the health of the families in VEPCOland are both protected by electric refrigeration and hot-water-by-wire.

★ Recently, a study was made to determine the present state of health and well-being of 78 diabetics who had been placed on a diet and insulin twenty years before. Previous to Dr. Banting's discovery of insulin in 1922, their chance of survival for more than two or three years would have been slight.

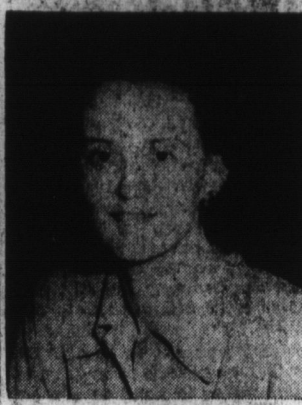

It was found that 77 of the 78, or 98 percent, were alive and living active, useful lives.

Diabetes cannot be cured, but scientific management under the direction of a physician gives comfort and happiness to otherwise hopeless people. Do not be misled by claims for so-called diabetic cures. There is but one safe treatment, and it is thoroughly understood by your physician.

One Breckley Crummitt children have been ill. The little boy has had the whooping cough so very

badly.

Mrs. L. J. Bowman arrived in Santa Ana, California on Friday evening. She had spent Thursday night with Mrs. Ada Hedrick, in Midland, Texas. Mrs. Hedrick had recently lost her husband. She was so very glad to see someone from "Home." Mother says her trip so far has been "far beyond anything she ever dreamed of." By going by bus she has seen so much of the country and her letters sound as if she must of had a special tourist guide all along the way for she gives in detail all about so many interesting places.

The young ladies will sell ice cream, cake and punch so that they will have money to donate to the building fund for Sunday School rooms.

Mrs. Grover Brown is teacher of the class. In case of rain the social will be held at the Fire Hall.

It was so good to see Mr. and Mrs. Ernest W. Hale and Mrs. Clara Hale in Nokesville on Monday. We still just can't get used to the Hales not living in Nokesville.

One question asked frequently at any Social Security Field Office is: "Does everyone who has a social security card get benefits?" Simply owning a social security record number card does not in itself guarantee that you will get retirement benefits at 65 or later or that your family will receive benefits if you die, whatever your age. Any benefits paid to you or to your survivors depend on how long you have worked on jobs covered by the Social Security Act. To receive monthly old-age insurance payments when you are 65, you must be "fully insured" and you must file an application.

To be "fully insured," you must work about one-half the time under social security. Actually it's figured this way:

For example, the number of calendar quarters from January 1, 1951, to January 1, 1952, is 4. If you reach age 65 in the fourth quarter in which you reach age 65, you must have one quarter of coverage for each two quarters age in during this time. A "quarter of coverage" is simply a calendar quarter in which you are paid at least \$10 wages under social security. If you were born after January 1, 1892, you will need 40 quarters of coverage in order to be fully insured and to get a payment at age 65. Once a worker has acquired 40 quarters of coverage he is fully insured for life even though he does not acquire any more.

For information, contact your Social Security Office, 815 King Street in Alexandria, or consult the representative comes to the Courthouse in Manassas the third Thursday of each month at 9:30 a. m.

Dear Mr. Hines,

I want to thank you for sending me a copy of your editorial entitled "No Copyright on Chicanery," and to congratulate you on its excellence. A great many editorials have been written on the anti-trust suit against our Company, but this one ranks with the best of them in my judgment. It is heartening to us in A&P to know that we have so many friends who are willing to stand up and be counted on our side in this crisis. We have always tried to run a decent and honest business and we cannot understand the government's attempt to destroy us. Needless to say, we intend to fight this all down the line.

Thank you again for your fine support.

The Antioch Baptist Church of Waterfall, Va. was the setting on Saturday, June 3, for the marriage of Miss Peggy Ann Pickett, daughter of Mr. Herman Smith, of Waterfall, to Charles Virgil Gardner, son of Mr. and Mrs. Charles W. Gardner of Gainesville.

The ceremony was performed by Rev. Barnett Groomsley, assisted by Rev. James L. Duley, and was followed by a reception at the home of Mr. and Mrs. G. A. Gosson of Waterfall, grandparents of the bride.

Given in marriage by her stepfather, Mr. Herman Smith, the bride wore a gown of white marquisette and lace, trimmed with seed pearls. Her fingertip veil covered a crown of seed pearls, and she carried a prayerbook, an orchid, and a cascade of lilies of the valley.

Miss Beverly Ann Gillebreath was maid of honor and wore a pale green gown with bouffant skirt and carried a bouquet of tallisman roses. Bridesmaids were Miss Eleanor Bryant who wore a gown of pale blue and Miss Judy Barnes who wore a gown of yellow. Miss Janice Gosson, cousin of the bride, was flower girl. She wore a dress of pale blue. Master Kenneth Gosson was ring bearer.

Mr. Carl W. Gardner was best man for his son. Ushers were Charles Sinclair Jr. Hugh Haynes, and C. Mason Gardner.

Preceding the ceremony Mrs. Robert H. Rust, accompanied by Mrs. Irvin Gosson, at the organ, sang the "Lord's Prayer" and "The Sweetest Story Ever Told."

Mrs. Herman Smith, mother of the bride, wore a gown of light blue crepe with white accessories and a corsage of yellow roses. Mrs. Carl W. Gardner, mother of the groom, was attired in a gown of rose crepe with black accessories, and wore a corsage of white roses.

Following the wedding Mr. Gardner and his bride left for a wedding trip to the Virginia beaches and a trip through South Carolina.

Out of town guests at the wedding included: Mr. and Mrs. E. J. Mrs. S. R. Clark of Baltimore, Mr. V. A. Gardner of Shelby, N. C. Mrs. Herman A. Beam and Miss Rebecca Beam of Fallston, N. C. Mrs. J. Kropke and Mrs. E. S. Groves and daughter, Carol Anne, of Oakland, Md.

Guests from Washington, D. C.

were: Mr. and Mrs. George P. Fish, Mr. and Mrs. Earl Gillebreath, Mrs. E. E. Pickett, Mr. Leslie Pickett, Mr. and Mrs. Jack Pickett, Mrs. Glen B. Dewick, Mr. and Mrs. Frank Rysevy, and son Melba, Mr. and Mrs. Barton Padgett, Mrs. Reba Feowicz, Mr. and Mrs. Irvin Gosson, Mrs. A. L. Pumphrey, Sr. and daughters, Jean and Louise, Mr. and Mrs. R. **Base Bag Limit Is 8 Per Day This Year**

Prince William Fishermen began checking over their collection of favorite bass, huns and plugs last weekend in readiness for Virginia's top game fish, the black bass, which became legal sport again with the opening of the season last Tuesday.

This year the bag limit is 8 per day, 160 a season with a size limit of 10 inches. The season runs until December 31 west of the Blue Ridge and until March 15 of 1951 east of the Blue Ridge.

Fishermen expect a good season. Streams have been stocked heavily since last season with 54,350 small-mouth bass and 83,000 largemouth. Lake Jackson is the favorite fishing area for Manassas.

While announcement of the fishing season was made public a special plea was issued to hunters and fishermen regarding dogs.

Dog owners are asked to cooperate with the local warden by restraining the animals and preventing them from running free through the country. At this time of year free running dogs take a tremendous toll of wildlife, destroying young rabbits and deer and other game animals and birds. One free running dog can wipe out entire coveys of quail and ruin the bird hunting in a large area.

The law enforcement chief asked all the sports fishermen of the state to help and aid the wardens in carrying out their duties.

**Let's stop calling it an "Agricultural Implement"**

Plain talk is urgently needed today on a matter that affects the pocketbooks of all taxpayers... subsidies to commercial intercity transportation agencies that long ago outgrew the infant industry stage.

The yearly expenditures of the Federal Government alone... for aid to forms of transportation other than the railroads... now approach \$1 1/2 billion. These are your tax dollars—and ours. They help provide the highways used by huge commercial trucks, the airports and other facilities used by commercial airlines, and the waterways used by waterway carriers.

In contrast, the railroads do not receive, and do not want, one single penny of subsidy. They are self-supporting. They pay more than \$1 billion a year in taxes. And their charges reflect their true costs of doing business.

We think it's time to call a spade a spade... time to point out that these subsidized carriers can destroy but not supplant the self-reliant railroads... time to urge that simple justice be done for the good of all America and all taxpayers.
