## CALL ISSUED FOR HEAVY VOTE NEXT TUESDAY

### Pitts Theater Opening Once More Delayed

Damage to a railroad freight car in the railroad yards in Chicago on which the seats for the Pitts Theater are being shipped to Manassas has caused a second delay in the opening of the Manassas playhouse now remodeled since the incendiary fire last March.

### Where To Vote Next Tuesday

The following is a list of voting precincts in Prince William County, published for the convenience of voters. Be sure you vote next Tuesday. Polls open at 6:30 a.m. and close at 6:30 p.m. EST.

### We Have a 38th. Parallel at Home; Our Duty Is To Protect it With Ballots

The office dictionary defines apathy as "lack of feeling, want of passion or emotion; indifference." Apathy toward public issues is a sign of disintegration. Apathy, also, is the hand-maiden of corruption.

### SAMPLE BALLOT

### Democratic Primary

August 1, 1950

For U. S. House of Representatives

(Vote For One)

**X Howard W. Smith**

HERMAN K. KOPP, JR.

ARTHUR F. SOUTHER

Judge Howard W. Smith is a candidate for the Democratic nomination to Congress at the primary election to be held next Tuesday, August 1. Mainly because he authored the Smith Law he is being opposed by all forces which the Communists, their fellow travelers, pinkos and pseudo liberals can muster.

We are at the cross-roads. We must uphold Judge Smith, and in confident appreciation of the Smith Law, vote for him, or by failing to vote give the nomination to a man who has the support of Communists and fellow travelers.

Let there be no mistake about the issue. It is that the Reds and subversive elements want Judge Smith out of office. It is not that they love his opponents more but that they love Judge Smith less.

Every loyal voter of Prince William County should go to the polls next Tuesday and request a Democratic ballot and vote for Howard W. Smith.

We are not alarmists, but we do get around and we do observe. As, openly the Reds have made war in Korea, covertly they are making war upon us at home.

The ballot box is our 38th parallel. We must stop the subverts there with ballots or we may have to regain it later with bullets and blood and treasure.

### Eastman Keys Jury Fails To Reach Verdict

The jury trying Eastman Keys for murder of his 44 year old sister-in-law, Mrs. Emily Charles on March 6, 1948 at his home in Dumfries failed to reach a verdict last Tuesday and was discharged by Judge Arthur Sinclair in the Circuit Court in Manassas.

Commonwealth Attorney Stanley Owens immediately announced he would bring Keys to trial at the October term of the court.

The inability of the jury to reach a verdict was on the point of Keys' sanity. The defense had contended that he was temporarily insane when he shot Mrs. Charles while the prosecution endeavored to establish that the shooting was the result of jealousy over the attentions of a Marine Sergeant.

Psychiatrists appearing as expert witnesses for both sides held that he was mentally irresponsible at the time and conversely that he was sane.

Keys was defended by H. Thornton Davies, of Manassas, and Frank Moncreur of Stafford, while the prosecution was conducted by Stanley A. Owens, Commonwealth Attorney for Prince William County, assisted by Charles Stone, Commonwealth attorney for Fauquier County.

The jury was selected entirely from the northern end of Prince William County at the direction of the court because of the wide acquaintance of the defendant in the Dumfries, Triangle and Occoquan areas. As finally selected the jury consisted of G. Keith Lyons, Manassas florist, Elmer H. Payne, Manassas farmer, Emory Mayhugh, Manassas workman, William Farquhar, Bristol school teacher, J. Nelson Thomas, Manassas welder, Hunton Tiffany, Manassas insurance broker, Z. T. Flinn, Haymarket farmer, Kite Roseberry, of Manassas, Robert B. Davis, Manassas merchant, S. B. O'Meara, Manassas farmer, R. L. Ellis, Greenwich farmer, and M. B. Leach, Nokesville farmer.

Expert testimony that the gun used to kill Mrs. Charles and the gun introduced in court as evidence were one and the same was given by Marion S. Williams, a special agent for the FBI.

Mrs. Margaret Smith, of Dumfries, daughter of Keys, told how she lived about 75 feet from her father's house and since her mother's death had watched over her father's physical and mental condition. She said he complained continually about pains in his head and was depressed.

On the day of the murder she had seen him and had previously talked with Mrs. Charles, her aunt, who had told her she was going to Richmond to visit with a daughter.

It was Mrs. Smith's intention, she said, to prepare meals for her father and her grand-father, who was 91 and feeble, and who lived with Keys and Mrs. Charles in the Keys house. It was late in the afternoon of March 6, 1948 when she went over to the Keys house to prepare their evening meal.

She testified that she discovered both Mrs. Charles and her father lying on the floor, wounded, in Mrs. Charles' bedroom. She testified that she immediately called Dr. A. H. Perazzo, of Quantico, who arrived quickly, she said, but upon examination found that Mrs. Charles was dead and her father had been wounded and was lying across the gun that had been used in the shooting.

She testified that Dr. Perazzo sent him to a hospital in Quantico. In speaking of her father's depression, Mrs. Smith testified that he had once attempted suicide by hanging in the garage of his home.

Another daughter, Mrs. Catherine Keys Rains, of Washington, gave further testimony about her father's depression. She said that she visited the home in Dumfries after her mother's death in 1946, at least once a week and frequently more often and she noticed a progressive disturbance of his condition.

The defense introduced a witness Dr. John R. Saunders, a psychiatrist, who testified that he had examined Mrs. Charles and her father in Richmond, Va., in 1948.

### Airport Site Options

It was reliably reported on Thursday that the government is taking options on acreage in the area around Centerville as a price of \$300 as a site for the auxiliary airport for Washington. The extent of the area over which these options are being taken could not be ascertained but it is known that some of the options come in as far as Bull Run on Route 28.

For a time interest in this location seemed to die down and several hearings were held in Washington which led to the belief that the airport according to one report, would be located closer to Washington and according to another report it would be established near Chantilly.

It is generally conceded that Manassas would materially benefit in growth and in business when the new airport brings thousands of new employees into the area.

There was a further report Thursday of Army activity on this side of the Potomac. It was stated that the former United States Army Remount Station at Front Royal is to be converted into headquarters for the Army General Staff.

It was reported that the Army's plan for decentralization of activities likely to come with the existence of an emergency that the Front Royal station would be turned into a headquarters for the General Staff which probably would abandon the Pentagon for higher level operations, perhaps the combined activities of Secretary of Defense Johnson.

It was impossible to confirm this later report.

**POLIO SOLICITORS?**  
Three young men who have been selling magazine subscriptions in Manassas during the past week are reported to have been telling prospective customers that a stay at Warm Springs, Ga., noted health center for polio victims. All the men were orphaned.

Dr. George B. Cooke, chairman of the Prince William committee of the National Polio Foundation, pointed out Thursday that the men are in no way connected with the Polio Foundation, and that though the men may actually be afflicted with the disease, their solicitation is not sanctioned by the Foundation.

### \$23,700 Loss To Dairymen In Milk Strike

The Prince William County dairymen got only \$2.55 per hundred weight for his milk during the nine day strike of the Washington milkmen. He usually gets \$4.98 plus 43 cents premium. Therefore the loss to the dairymen here was \$2.38 cents on each 100 pounds of milk shipped.

Obviously it is impossible to determine the actual loss in revenue to all the dairy farmers of the county but sitting in Prince William Pharmacy the other afternoon with one of the most widely known dairymen of the county we figured it out something like the following.

There are in round figures about 101 dairy farmers in this area who ship an average of 100 gallons of milk daily to the creameries. With a loss of 23 and three quarters cents per gallon each dairy farmer's loss during the nine day strike was approximately \$237, with the loss for the total of 100 shippers estimated at \$23,700.

### We Hear That...

Paul Van Doren, grandson of the president of the Prince William Electric Cooperative is seriously ill. Mrs. Emily Speaks of Manassas is confined to her home with a severe cold.

W. T. Merchant of Manassas, has been quite seriously ill. Otis Thomasson of Buckhall has suffered a heart attack and his condition has been right critical.

William Hutchison of Catharpin is a patient in the Prince William Electric Cooperative Hospital. Elizabeth Pooley has just returned home to Centerville from Garfield Hospital where she had been for several days.

Mrs. Charles Miller and daughter, Donna Lee, have been on the sick list since their recent return from a visit in Texas City, Texas. Mr. Billy Reid of Triangle entered Mt. Alto Hospital Saturday, and had an eye operation Monday.

Mr. James Randall of Triangle underwent surgery Tuesday at Mary Washington Hospital in Fredericksburg.

Mr. I. W. Liskey who has been quite ill is now out and around Nokesville again. Ray Ridgley, small son of Mr. and Mrs. Ira Ridgley of Nokesville, has been ill.

Mrs. Jasper Wheelzel of Manassas has returned home after a major operation in Doctor's Hospital, Washington.

Henry G. Weineke of Manassas expects to remain in Alexandria Hospital for two weeks, during which time he will undergo a major operation.

Jack Garrison of Triangle is in Alexandria Hospital and under the care of physicians of Triangle has been on the sick list the past week. Mrs. Edward Pattie, of Triangle is improving slowly following a recent accident.

E. M. McCuin of Gainesville, recently a patient at Doctor's Hospital, Washington, is now at home and improving. R. A. Pearson of Gainesville has been in the University of Virginia Hospital for a check-up. Arnold Brown has recovered from his recent illness and has returned to work.

Not many weeks ago ten men were tried and, by due process of law, convicted and sentenced in a New York Federal Court for failing to register as agents of a foreign power, and for conspiring to overthrow the Government of the United States by force and violence.

The Communist, the fellow traveller, the pinko and the pseudo liberal, unlike the rest of us, never show apathy about their candidates. On the contrary, he embodies the antithesis of apathy in his enthusiasm to tear down the security upon which plain folk place a value.

It is simple fact that such insecurity as we feel in our national affairs is due to the apathy which we have shown in protecting those advantages and benefits of citizenship which we have always believed never could be stolen from us.

Apathy toward the Communist is why we are shedding blood in Korea and why our Army is retreating there.

These things we have not forgotten. But what have we forgotten? Is it not that the FBI, the United States District Attorney and Judge Medina, could not have done the things they are praised for had there been no Smith Law?

The Smith Law is a Federal statute. It required vision and an early awareness of the dangers we have all now come to recognize, to conceive and draft it at a time when there was apathy toward Communism.

Only a thoughtful student of the dangers which confront America could have had the foresight to arm the Department of Justice with a law under which men of the stripe of the convicted ten could be prosecuted.

As Americans we must preserve that law but we must uphold the man who recognized its need and wrote it. On these points we must show no apathy.

Smith is a most common name in America. So when we speak of the Smith Law it is well to identify the Smith who authored it. It was not Smith of New York, or Smith of Arkansas, or Smith of California. It was Judge Howard W. Smith, of Virginia, specifically of Virginia's Eighth Congressional District, of which Prince William County is a part.

To him each American owes a debt that the ten agents of Moscow are not at liberty gnawing at the security of his home, his farm, his business and his government.

# A Pledge to the American People by The Great Atlantic & Pacific Tea Company

- We will resist all unwarranted price rises with all our might.
- We will make every effort to hold our inventories at the lowest point consistent with good service to our customers, because hoarding, whether by wholesalers, retailers or consumers, will cause higher prices.
- We will continue to maintain the lowest profit rate generally prevailing in the entire retail industry. Our net profit now is less than one cent on each dollar of sales.
- We will continue to strive for more efficient distribution.
- We will fight waste of food, or time, or money all along the line so as to narrow the spread between wholesale and retail prices.
- We will devote all our energies to giving you the most good food for your money every day of the week.
- We will strive always to do what is honest, fair, sincere and in the best interest of our country and our customers.

As most of you know, this company and the low cost, low profit policies that built it are under attack.

We are defending ourselves against a suit brought by the anti-trust lawyers to put A&P out of business.

But the greater conflict in which our country is now engaged takes precedence over all else.

Today, with our boys fighting in Korea, we believe that all citizens and all businesses, big and little, should devote themselves wholeheartedly to the public interest.

We promise the American people that we will cooperate unhesitatingly with our national government in the present crisis.

We promise you that we will continue to do everything in our power to put more buying power in your food dollar and more good food on your dinner table.

Town Manager Ritter is still looking for a power linesman, but has no prospects. Manassas' only linesman quit about two weeks ago and although no emergency has arisen during this time, new street lights are needed in Portner Park and on Mosby Street.

Mrs. Blake Slusher and daughter Setty Ann and Mr. Roy F. McDaniel made a week-end trip to Norfolk.

The tall, healthy, fast-growing grass at the Manassas Cemetery which has long been a headache to Town officials was declared little improved by Town Manager Ritter this week. "Part of the cemetery is in good shape, part in poor, and part in bad," he said. The ragged look of Cemetery is attributed to recent rains and no full-time employee to tend the grounds.

The next concrete job to be undertaken by the Town Hall will be the laying of a sidewalk on Church Street, between Zebede and East Streets. Recently completed at a cost of \$750 was 370 feet of gutter and curb on Battle St.

The Board of Supervisors is considering the adoption of a stray dog ordinance similar to that of Fairfax County.

Five gallons of kerosene were recently sprayed on a pool of stagnant water at the Town dump after complaints by residents of Northeast Manassas that mosquitoes were becoming unbearable.

A new policeman for Manassas has yet to be found. Officer James Colbert's resignation becomes effective Monday and Town Manager Ritter has had no applications for the job.

### Sports Briefs

The Manassas Red Sox allowed Falls Church four runs in the last of the ninth before shutting off the rally and taking a close 8-7 win Falls Church Sunday.

"Squeezer" Polen gave up 12 hits to Falls Church and Falls Church hurler Olson likewise was touched for 12 hits.

The Red Sox, sparked by left-fielder Bob Alvey's homed with one man on, took an early lead and were on top 8-3 going into the ninth inning when Falls Church nearly took the game out of their hands.

Next Sunday the Red Sox meet Vienna there.

The Manassas Recreation Association has announced plans for an athletic field day to be held at Swayely Field on August 10 beginning at 6:30 p.m.

Clifton beat the Yorkshire Braves 8-4 last Sunday, despite two homers by Braves Jones and Floyd. The Brentsville Wildcats downed Caslett 3-1 on the Brentsville diamond Sunday.

With four runs in the first inning, The Plains paved their way for a 5-4 win over Gainesville on the winner's diamond last Sunday.

League-Leading White Oak stayed that way as they whipped Nokesville 7-3 at Fredericksburg Sunday in Northern Virginia League, A Division, baseball game.

Bristersburg came from behind to wallop Triangle-Dumfries 8-2 at Memorial Field in Triangle last

Sunday. The girls' softball team captained by Kitty Jean Blakemore defeated that of Lib Lloyd 9-8 at the high school Monday evening. Wet weather postponement of a game scheduled for Wednesday between Shirley Saylor's team and Lib Lloyd's.

Regular swimming trips to the Middleburg Community pool are being planned by recreation director James Leo. Accommodations will be made for ten boys and ten girls to take the trip each Thursday. Interested swimmers should contact Leo.

Results of Monday night softball were: Surplus Store 13, VFW 7; Manassas Ice and Fuel 7, American Legion 2 (This game was protested because no official umpire was present); BBA 9, Methodist Church 8 (eight innings).

The Police Boys Club midweek baseball team defeated the Quantico DeMolay boys by a score of 13-11 in seven innings, at Osbourn High School last Friday.

An all-day outing to Glen Echo Park in Washington is being planned by the Manassas recreation association. Boys and girls who are interested in visiting there for swimming, lunch, and amusements are asked to register as soon as possible with James Leo.

Results of Friday's games in the women's croquet league were: Eastern Star 2, American Legion Auxiliary 0; WSCS 2, Episcopal Church 0; Woman's Club 2, Junior Woman's Club 2. League standings are now as follows: Eastern Star, won 10 and lost 1; Woman's Club, 8 and 2; Junior Woman's Club, 4 and 6; Legion Auxiliary, 4 and 7; Episcopal Church 1 and 8.

### Keys' Trial

reated Keys at the Westbrook Sanitarium, upon his release there immediately after Keys had been dismissed from the hospital in Quantico. Dr. Saunders testified that in his opinion Keys on the day of the shooting was not of sound mind.

For the prosecution Dr. Joseph R. Blalock, also a physician and psychiatrist, and who is superintendent of the Southwestern Hospital at Marion, said in his opinion Keys is now sane. He reached this conclusion, he testified, as the result of his own and his staff's observations over a period of more than a year and a half.

Keys is widely known throughout Prince William County. He lived all his life in the Dumfries area and for 21 years drove a school bus. He was in the employ of the Prince William County School Board at the time of the tragedy. At one time he owned his own school bus, and when he was not engaged in hauling school children it was used for sight seeing trips to Washington and for other ex-

ursions. Keys testified that he did not remember what happened on the day of the crime or for sometime afterward. In fact, he testified, his first memory since the shooting of Mrs. Charles begins when he regained consciousness in the hospital at Quantico. He does not recall the shooting, he says, and has no recollection of the loss of his left arm, through amputation in the hospital. Keys testified that his relationship with his sister-in-law was only friendly. He said she was ill much of the time while she lived at his home, but that she was able to do the housework for him and his aged father after his wife died. She had come to attend his wife's funeral and had stayed on to assist. He said there had never been any words between them over any subject. There was no emotion in his feelings toward her, he said.

### Artificial Breeding Association Buys "Midnight Hero"

Edward A. Smith of Manassas, local Technician for the Southeastern Artificial Breeding Association, of Ashville, has announced the purchase of Midnight Hero of the Glen, Registered Guernsey bull, by his organization for service to the local dairymen.

"Midnight" is a definitely larger than average size Guernsey. He is long and deep bodied with exceptional spring of rib, his back and rump are straight and strong—a splendid individual. He is just short of being seven years old. H. J. Haga of Abingdon, Virginia, owned him and "Midnight" was proved by his daughters in the Haga herd near Bristol.

The records of "Midnight's" daughters show that he is proved to be an outstanding transmitter of production and acceptable type, and give him an American Index on pairs daughter-dam comparisons of 14,584 lbs. of milk, 4.75% test, and 691 lbs. of butterfat, based on 2X milking, 305 day, mature equivalent. "Midnight's" daughters are a fine group of dairy animals—the kind that fill the farmers' pails with generous quantities of milk with high butterfat content.

Smith believes that "Midnight" will raise the already fine average of the proved bulls in the Stud of the Southeastern Artificial Breeding Association, an American Breeders Service, which furnishes semen to 147 cooperatives, and breeding associations in 11 States in cooperation with the Indiana Artificial Breeding Association at Carmel, Indiana, another American Breeders Service organization, using only desirable proved sires.

YOU'RE a happier hostess if food is ready before guests arrive. Prepare this flavorful variation of Pineapple Ham Mousse hours ahead for a company meal and serve as an entree. Soften 2 envelopes unflavored gelatine in 1/2 cup cold water. Heat 1 can (1 1/2 cups) condensed milk over low flame to boiling point. Add gelatine, stir until dissolved. Combine 1/2 cup catsup, 1/4 tsp. Worcestershire sauce, 1 can prepared mustard, 1/2 tsp. scraped onion, 3/4 cup celery and 1/2 cup green pepper, both chopped fine, 1 1/2 lbs. (4 cups) ground boiled or baked ham. Add gelatine-soup mixture. Stir to blend well. Fold in 1/2 cup mayonnaise. Add salt, pepper to taste. Cut 1 1/2 slices pineapple into wedges. Arrange around sides of loaf pan (8 1/2" x 4 1/2" x 4"). Spoon meat mixture into pan. Chill in gas refrigerator until firm. Turn into serving dish, garnish with 1 1/2 slices pineapple and parsley. 8 to 10 servings.

For customer protection, more than 350 individual tests for safety, durability and performance are made on automatic gas water heaters by the American Gas Association's Testing Laboratories.

Dip scissors in hot water before cutting marshmallows to keep them from sticking.

It's easy to keep your gas refrigerator clean with soda and water—3 tbsps. to a quart of warm water for washing down walls, shelves and fittings.

When recipes require any mixing over top burners, put all ingredients and utensils on a tray, set it on the work surface of the gas range to save steps.

## Primary Election for Congress -- TUESDAY AUGUST 1

Your Congressman, HOWARD W. SMITH, is candidate for reelection and has opposition in the coming primary election.

Congressman Smith is one of the most influential leaders in the House of Representatives and occupies a valuable position of seniority due to his long service at the Capital.

No one can predict what lies ahead in world affairs.

It would be tragic for our County to lose the stability and the wise judgment of this experienced legislator in the crisis it now faces.

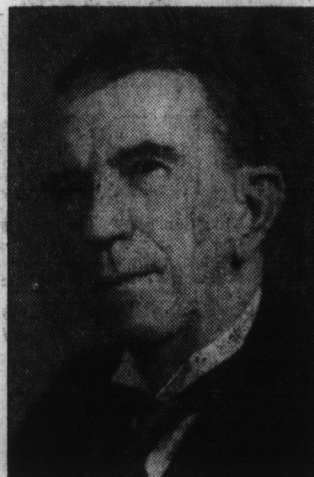

The County needs your vote to reelect Congressman HOWARD W. SMITH.

Go to the polls TUESDAY, AUGUST 1ST

# How soon will you be WELL HEELED?

Do you have any idea of when you'll be well off and secure... well heeled?

Are you—in other words—among the many thousands of wise Americans who have *done* something about their financial future? Or are you one who still does his banking out of his hip pocket and sits back to await the "breaks"?

If you are at all concerned about money matters (and you know how much money *really* matters) you will be interested in

the most systematic, hardly-feel-it way ever devised for *having* money in the future.

That, of course, is by buying U.S. Savings Bonds *regularly*, either on the Payroll Savings Plan or the Bond-A-Month Plan.

The Payroll Savings Plan is the wonderful way wherein you ask your employer to set aside a certain portion of your weekly wage. There never is another moment's bother for you.

The Bond-A-Month Plan is for you who have your own busi-

ness or no regular employer. You arrange with your bank to automatically buy you a Bond a month from your checking account. You don't touch that part of your money so you're not tempted to spend it.

In what seems like no time, it mounts and grows, and when the Bonds mature in 10 years you make \$4 for every \$3 you put in.

Four for three... not bad eh?

**Fascinating Fashions** By Judy Seaton

Mid-summertime is playtime for almost everyone — warm weather and sunshine conspire to call us out to the beaches and countryside. About now, our clothes closets may seem to lack the gay and versatile fashion touches that do so much to spark summer ensembles. To remedy these style doldrums, we suggest some light-hearted "fashion fillers," our own name for these spirited and all-around items.

Peggy Lobbin

Lovely Peggy Lobbin, who plays the role of "Fatti" on the popular CBS daytime story, "Rosemary," models a real jewel of a summer "filler," which can go gaily right into fall. The little shrug shoulder sweater by Lass O' Scotland can be worn with or without its matching or contrasting ribbed tube sweater (which has drawstrings to be tied halter-style). This colorful tub fills a multitude of uses, from formal occasions to beach festivities. "I plan to wear the little cut-away bolero with all my summer cottons," says Peggy, whose fair good looks are emphasized by the vivid aqua and canary sweater colors. "And the strapless tube sweater will be my summer standby to top everything from shorts to evening skirts!"

A fresh flower at the top of her tubular sweater — or a colorful costume necklace above it are two interesting ways in which Peggy intends to dress up her outfit.

For a final note of flexibility, it isn't too hard to imagine the dolman-sleeved bolero sweater put to use as a snug, feminine bed-jacket.

**Coffee Treats for Television Fans**

Photo by Nescalf

When your favorite television programs are over, good coffee should always be on tap for family and friends to serve with something "special" as a fitting finale to a perfect evening. Any one of the coffee-flavored desserts featured will be just right for late evening refreshments. Easy to prepare and impressive for any occasion are these desserts that combine modern cooking with old-fashioned goodness.

You can serve one or many with fresh, flavorful coffee in a flash. Just measure one teaspoon of soluble coffee (more or less rounded according to strength desired) in a cup, and add freshly boiling water and stir. To make six cups of good coffee, just pour one quart of boiling water on 6 teaspoons of soluble coffee and stir to assure a brew of even strength.

Coffee and Cream Cake is a delicious accompaniment for coffee-flavored ice cream, made simply and quickly by blending 1 tablespoon of soluble coffee with one package of ice cream mix. This is a neat trick that wins compliments every time. For an extra special evening, surprise your guests with Marshmallow Supreme, a simple dessert with a sophisticated flavor of fresh coffee.

**COFFEE AND CREAM CAKE**

Make your favorite plain cake mix recipe and then use:

**COFFEE CREAM FILLING**

- 6 tablespoons sugar
- 2 teaspoons soluble coffee
- 3 tablespoons flour
- 1 egg yolk
- 1/4 teaspoon salt
- 1 egg yolk
- 1 teaspoon butter

Combine first 4 ingredients in a small pan. Stir in milk. Cook until thickened. Place over hot water, cook about 15 minutes.

**COFFEE ICING**

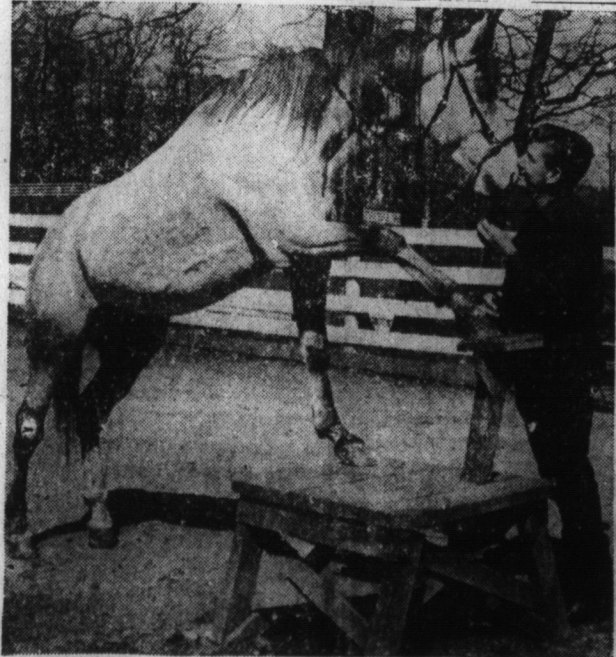

- 1/4 cup sifted confectioners' sugar
- 1/2 cup sifted confectioners' sugar
- 1/2 cup milk
- 1/2 cup hot water
- 1/2 cup cold water
- 1 tablespoon sliced almonds

Mix butter and egg yolk. Add sifted confectioners' sugar which has been mixed with soluble coffee. Gradually add milk, beating all the while, until a smooth, creamy consistency is reached.

**MARSHMALLOW SUPREME**

- 1/2 lb. marshmallows
- 1/2 cup sherry
- 1 envelope unflavored gelatin
- 1/4 cup cold water
- 1/2 cup sugar
- 1 1/2 cups undiluted evaporated milk
- 2 teaspoons soluble coffee
- 1/2 cup hot water
- 1/2 cup cold water
- 1 tablespoon sliced almonds

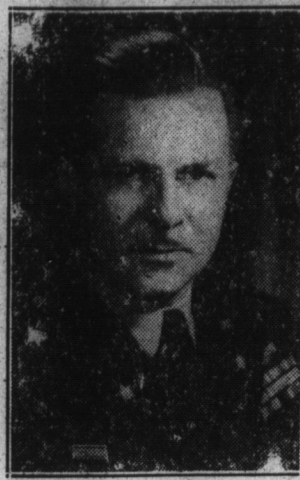

Cut marshmallows in quarters and let them stand overnight in sherry. In top of a double-boiler, dissolve gelatin in cold water. Cook for 10 minutes, stirring constantly. Dissolve soluble coffee in hot water. Add to the milk mixture. Fold in marshmallows. Pour into one quart mold rinsed with cold water and chill. Unmold, garnish with whipped cream, cherries and almonds. Yield: 6-8 servings.

**U. S. ARMY CAPTAIN BRINGS JAPANESE MUSIC TO AMERICA**

CAPT. STEWART

When Captain Kermit G. Stewart, an infantry officer, returned from years of combat duty in the Southwest Pacific and the Orient he brought a briefcase full of contemporary Japanese piano music, and is playing it in non-professional recitals for the benefit of American audiences. Much of this music has never before been heard in America.

Among the first to land in Japan in September 1945, Captain Stewart began the study of Japanese music

and the Japanese language. In his more than three years of duty in Japan he devoted his spare time to presenting programs of American music to Japanese audiences.

At the invitation of the president of the Ueno Academy of Music, Japan's outstanding conservatoire, he lectured to the faculty of American public school music methods. In the spring of 1947 he conducted the Toho Symphony Orchestra in a series of four Gershwin Memorial concerts at the Imperial Theater in Tokyo, thus becoming the first American to conduct a major Japanese symphonic organization since the war—and one of the few foreign conductors to conduct recitals in the Japanese language. He also participated in numerous joint recitals of American music with the well-known Japanese soprano, Miss Akiko Asakura.

One of Japan's foremost music critics, Mr. Takatoshi Kyogoku, recently wrote to Captain Stewart, "I believe your recitals including Japanese works have progressed cultural relations between Japan and America and have helped toward an understanding of Japan by the American people."

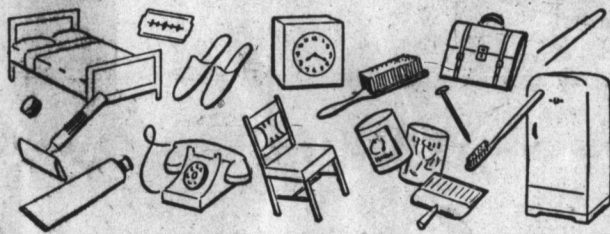

Captain Stewart, now on duty with the Office of Military History in Washington, served in New Guinea and the Philippines early in the war and earned the Silver and Bronze Stars for conduct under fire. Prior to the war he had been a public school supervisor of music in Nebraska (his native state), New York and New Jersey.

**THE 'FINISH' IN YOUR LIFE**

From Early Morning Till Night, Finishes Affect Our Daily Lives

In sports events, it's the finish that counts.

The same may be said for the "finishes" in your own home, according to General Joseph F. Battley, President of the National Paint, Varnish and Lacquer Association. "The quality finishes, which are on almost everything you use during your sleeping and waking hours, do the double job of beautifying and prolonging the life of your most cherished possessions," he points out.

"Let's go through the routine of your ordinary working day. The bedsprings on which you wake have a lacquer coating. The bed itself has a gleaming finish on the wood, of course. Your bedroom slippers, if they are leather, have a protective coating—as does anything in leather you use in your day. Feminine bedroom slippers in gay prints are produced with finishing material. Prints on your robes and pajamas are, too. The shower curtain has its finish. So does the necessary early morning razor and its blade. The tops on the bottles of toilet preparations, toothbrushes, hairbrushes, and clothesbrushes are also coated with material especially formulated to suit the purpose of the article."

Electric light fixtures have them, so do your gleaming stove, refrigerator, and kitchen cabinets. If you open a can of anything, you are getting the benefit from one of the finest product finishes ever developed—the inside of the can will be coated with a finish suited to the particular food in the can."

Fine finishes and protective coatings play a vital part in the beauty and life of the possessions we cherish most, points out General Battley. On your home, furniture, clothes, costume jewelry, shoes, and wall-to-wall telephones, radios and all forms of transportation are modern quality finishes that are made available to us by the latest scientific discoveries.

General Battley cites breakfast as another good example. "Try to get breakfast without touching a product finish at every turn in your kitchen," he challenges.

The wise advice: "The better the finish, the better the buy" can be applied to everything we use during the day and wish to value throughout our lifetime.

### More Brevities

The Bethlehem Good Housekeeping Club was delightfully entertained on July 19th by Mr. Percy Dawson at the Dawson College on the Potomac. Lunch was served at one o'clock, after which an informal business meeting was held, the president, Mrs. D. J. Martin presiding. The afternoon was pleasantly passed by swimming, wading and boating. Mr. and Mrs. Paul Athey of New York were guests of the Dawsons.

Alcoholics Anonymous will meet Monday night at the Legion Hall at 8:30 p.m. Anyone desiring information about the AA's is asked to write box 462, Manassas. All correspondence will be kept confidential.

Services at the Woodbine Baptist Church this Sunday will be as follows: 10 a.m., Sunday School; 11 a.m., Morning Worship, Pastor C. W. Dick will speak on Crab Grass; 7 p.m., Baptist Training Union; 7 p.m., Evening Worship, The Rev. Will speak on Corde of the cross. On Thursday at 7 p.m. there will be a service of prayer, praise, and bible study.

There will probably be no VFW football team next Fall, according to Eugene Worley, football manager of the Veterans group. The team has lost about \$300 during its two seasons, Worley says, and there are no prospects of making money the coming season. The VFW still has \$1200 invested in uniforms. Members of the VFW will vote at their next meeting on August 7 whether to support a team next season.

## POLIO PRECAUTIONS

RECOMMENDED BY THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed contact the National Foundation Chapter in your area.

to bring a large amount of one thing. The ladies of the Junior clubs are bringing all of the salads while the Senior Women are bringing the rest of the supper. Prizes will be awarded by the Senior club for the following: oldest present; youngest present; oldest couple (ages added together); youngest couple; and largest family present. The Nokesville clubs will have the first opportunity of hearing the Band under its new director, Miss Dawn Arey. Sounds like a good evening and its hoped every member is planning to attend.

The young folks of the Nokesville Church of the Brethren are invited to the Bowman home on Sunday night for an evening of worship planned by the Eugene Nolleys, supper served by the Bowmans and the Fred Shepherds and recreation. The evening activities will start at 8:00.

The O. E. Melner of Washington, D. C. has been visiting the George Cowne family the past week. Mrs. Melner owns Glendale, a farm near Catlett, and has been a good friend of the Cownes for a number of years.

Miss Joyce Moyer spent the weekend with her homefolks near Broadway. Her sister and brother-in-law, Mr. and Mrs. Carl Yoder of Warsaw, Indiana, also are visiting at the Moyer home.

The Mark Kerlins are rapidly building another very nice house in the lot next to their home.

Rev. Eugene Nolley went to Bridgewater on Monday and from there went to Roanoke where he and Mrs. Nolley will attend her family reunion on Wednesday before returning home here.

Those who enjoyed a very lovely day at the Paul Cooksey cottage near Annapolis, Maryland on Thursday were Mrs. W. E. Free and Jeanne, Mrs. Walton Albrite and Sandra, Mrs. Ray Smith, Mrs. N. N. Free, Mrs. Mary Nelson, Robert Nelson, Mrs. Roberta Nelson, Mrs. John Fearneyough, Mrs. M. H. Shepherd, Mrs. G. J. Stothuber, Mrs. Walter Hooker, Mrs. Harry Miller, Mrs. L. J. Bowman, Mrs. Wade Whetzel, and Wade, Jr., Willard Wilkins, Peggy and Arty Collier, Dixie Payne and all of the Fred Shepherds.

Mr. and Mrs. Philip Reading and the family have returned home from V.P.I. where Philip has been in school the past six weeks and Marie and the children have been vacationing for a while.

Arthur Collier, who has visited the Willard Wilkins family for over a month has returned home along with his brother and sister.

Mrs. Ruth McMichael is spending this week at the Women's Work camp of the Presbyterian churches at Massanetta. Ruth is the president of the women of the Greenwich Presbyterian church.

The Gale Gibsons of Leesburg spent Wednesday evening visiting folks around Nokesville.

Mrs. John Randall and Betty and Lee and Leonard Yankey returned home Thursday night after a very nice visit with their relatives around Bergton. The B. L. Smelkers are to arrive this week from their home at St. Petersburg, Florida to visit friends in Nokesville and then will go to Binghamton, New York to visit Mrs. Smelkers' mother, Mrs. Viola Clarke, whom many of us still remember very well when they all lived here and made many Nokesville friends.

Dr. and Mrs. Odis W. Snyder, Harvey and Snookie, and Mrs. Eliza Snyder spent Thursday night with relatives here. They were on their way to Washington and Maryland to visit all their relatives, then to Massachusetts to visit their family here, then on to Denver, Colorado, via Niagara Falls and Canada, where Dr. Snyder will begin practicing medicine at Fitzsimmons General Hospital. Dr. Snyder, as plans are now, will retire from Army service in nine years and wants to set up practice in Maryland, where they plan to build a home. The Snyders have been in Norfolk the past four months where Otis has been in school.

Mr. and Mrs. Wade Whetzel and Wade, Jr. and Miss Ila Breeden were Friday dinner guests of Mr. and Mrs. Everett Kline near Manassas.

Mr. and Mrs. Carl Miller spent the weekend with their daughter, and family, the Bascom Williams of State College, Pa. The Williams family will soon leave for North Dakota where Bascom will work this year.

Miss Dawn Arey spent the weekend with her homefolks at Hinton. Mr. and Mrs. A. Grammitt, Mr. and Mrs. Earl McMichael and Mr. and Mrs. M. J. Shepherd along with many friends and relatives from around Washington spent an enjoyable Sunday afternoon at the Earl Fitzgerald home. The lovely afternoon dinner was in honor of Mr. Fitzgerald's birthday.

Mr. and Mrs. Conway Owens, Jr. and Frankie of Falls Church spent most of last week with homefolks here. On Thursday they went to Colonial Beach while Frankie stayed with Grandma and Grandpa Owens. On Friday evening they were supper guests of the W. E. Hales.

Mrs. Alice Spiller entertained all of her family at dinner on Sunday evening. Those who came were Mr. and Mrs. Bell and family of Norfolk (she's Mrs. Spiller's sister, Elizabeth), Mr. and Mrs. Alvin Compton of Manassas, Mr. and Mrs. Everett Kline and sons of Manassas, the Hagathys of Silver Springs, Maryland, (she's the former Sarah Margaret Senessey) and, of course, Alan and the Ernest Jr's

who are all home now. On Monday the Bells spent the day with Sarah Margaret and her family.

Mrs. Jeff Stevens of Southwest spent several days the past week with her sister and family, the Wilcox Hoosiers. Weekend guests of the Hoosiers were the Bob Fredericks of near Manassas.

Little Jackie Herndon is making his home with the George Jones, near Brentsville. Jackie is the son of Cecil Herndon.

### Greenwich

The Brentsville District Sunday School Convention will meet here this Sunday, July 30th beginning at 10:30 followed by lunch on the grounds at 12:30 after which the business session will be held. An interesting day's program has been planned so let's all make every effort to be there!

The Evangelistic Meeting will begin here next Sunday, July 30th with the opening service at 8:00 p.m. Sunday Evening and continuing each evening through Friday, Aug. 4th. Rev. W. L. Foley will conduct this meeting.

To prepare for this meeting: Cottage Prayer Meetings will be held Thursday evening at 8:00 p.m. at the following places: Warrenton, at the home of George Wood; Greenwich home of Raymond Ellis; Nokesville, at home of Ewing McMichael; Haymarket, at home of Albert Rust. In addition to this, Friday evening at 8:00 p.m. there will be

a general prayer meeting at the church for all those who wish to attend. The young adult group met Wednesday night for their monthly meeting at the S. S. building. Mrs. Ewing McMichael and Mrs. Blake Fleming were hostesses.

Mrs. Ruth McMichael, President of the Women of The Church, is spending this week at Massanetta.

The softball team was defeated Monday night at Bealton where they played under the lights.

The Parish Council met Tuesday night, July 25th at Brentsville with approximately fifty present. A delicious supper was served by the Brentsville people. A Fellowship song service followed after the meal.

The meeting was called to order by President Charles Croushorn. Bealton Church led the devotions. A joint picnic is to be held Aug. 17th at the Charles Croushorn farm with several softball games to be played in the afternoon. The various committees met and discussed their activities.

The next meeting is to be held at Catlett in October.

Garbage service customers of the Town of Manassas have increased 37 over a year ago and now number 295.

An additional 23 picnic tables are to be installed this summer along primary highways in the Culpeper construction district, the State Highway department reports.

### From where I sit... by Joe Marsh

#### Take Your Choice

Slitting around last Friday evening, the talk turned to the best way of getting to sleep when it seems you just can't. "The way I always do," says Sandy Johnson, "is to breathe deep and make believe I weigh a ton."

"Just throw away the pillow—it works every time," says Buzz Ellis. When counting sheep came up, right away was the question: What kind of sheep?

From where I sit, you could argue all Doomsday and never get complete agreement on a lot of things. Now, take me. I'm all for

having a glass of beer or ale on occasion. Your "social beverage" may be a "Coke"—or buttermilk or maybe a cup of hot coffee.

But enjoying your preferences is a right in this country and each of us is entitled to his own. The important thing is to respect that right in the true democratic spirit of understanding! As a matter of fact, what a firesome old world this would be if we all did have the same likes and dislikes!

**Jordan, V F W Under, Joins Marines Again**

Jordan this week re-assigned as commander of the Veterans of Foreign Wars Post 1000 to active duty with the Corps next Monday. Jordan, who has lived in Manassas for 25 years and been in the VFW for 15, is a six-year member of the Corps and is to duty with a rating of sergeant, which he held during his first tour of duty. He has been employed in Alexandria as a warehouse foreman and is now being transferred to a moving and storage company to take his wife and child to Camp Pendleton, Calif. with him when he returns to duty Monday. He has a garden and tractor and will be home by Sunday at the latest.

**Warrior's Carnival for Next Week**

The annual carnival of the Manassas Fire Department will start Monday through Saturday on the Osbourn High School grounds. It will be held on the athletic field. It will be a day of fun and proceeds are for the maintenance of the Department's equipment. Admission will be charged and there will be amusements, as well as soft drinks are provided. There will be a merry-go-round for the kiddies. The carnival is 7:00 a.m. to 11 p.m. and will end on Saturday. The first firemen's carnival was held in four years, but one had been held each year since 1930 when the company was organized.

It's SMART to own a freezer! It's like having a super-market right in your kitchen... a storage locker for commercially frozen foods... a store that never closes.

You can save extra portions and "left overs" that your family can enjoy next month instead of next day.

You'll save money too... easily 3% to 5% on food budgets and on seasonal foods such as fruits, vegetables, fowl, you can save as much as 20% to 60% by buying in quantity when supply is plentiful and prices are low.

You'll save 38c to \$1.50 every week by making fewer trips to market.

And—you can save 2 to 5 hours a week in shopping, cooking and baking time. You can be a cook for a day—a queen for a week!

There are styles and sizes to fit every family's needs.

## Fascinating Fashions

By Judy Seaton

Mid-summertime is playtime for almost everyone—warm weather and sunshine conspire to call us out to the beaches and countryside. About now, our clothes closets may seem to lack the gay and versatile fashion touches that do so much to spark summer ensembles. To remedy these style doldrums, we suggest some light-hearted "fashion fillers," our own name for these spirited and all-around items.

Peggy Lobbin

Lovely Peggy Lobbin, who plays the role of "Patti" on the popular CBS daytime story, "Rosemary," models a real jewel of a summer "filler," which can go gaily right into fall. The little shrug shoulder sweater by Lass O' Scotland can be worn with or without its matching or contrasting ribbed tube sweater (which has drawstrings to be tied halter-style). This colorful duo fulfills a multitude of uses, from formal occasions to beach festivities. "I plan to wear the little cut-away bolero with all my summer cottons," says Peggy, whose fair good looks are emphasized by the vivid aqua and canary sweater colors. "And the strapless tube sweater will be my summer standby to top everything from shorts to evening skirts!"

A fresh flower at the top of her tubular sweater—or a colorful costume necklace above it are two interesting ways in which Peggy intends to dress up her outfit. For a final note of flexibility, it isn't too hard to imagine the dog-man-sleeved bolero sweater put to use as a snug, feminine bed-jacket.

### Coffee Treats for Television Fans

Photo by Nescif

When your favorite television programs are over, good coffee should always be on tap for family and friends to serve with something "special" as a fitting finale to a perfect evening. Any one of the coffee-flavored desserts featured will be just right for late evening refreshments. Easy to prepare and impressive for any occasion are these desserts that combine modern cooking with old-fashioned goodness.

You can serve one or many with fresh, flavorful coffee in a flash. Just measure one teaspoon of soluble coffee (more or less rounded according to strength desired) in a cup, and add freshly boiling water and stir. To make six cups of good coffee, just pour one quart of boiling water on 6 teaspoons of soluble coffee and stir to assure a brew of even strength.

Coffee and Cream Cake is a delicious accompaniment for coffee-flavored ice cream, made simply and quickly by blending 1 tablespoon of soluble coffee with one package of ice cream mix. This is a neat trick that wins compliments every time. For an extra special evening, surprise your guests with Marshmallow Supreme, a simple dessert with a sophisticated flavor of fresh coffee.

#### COFFEE AND CREAM CAKE

Make your favorite plain cake mix recipe and then use:

##### COFFEE CREAM FILLING

- 6 tablespoons sugar
- 1 tablespoon flour
- 1/4 teaspoon salt
- 2 teaspoons soluble coffee
- 1 cup strained milk
- 1 egg yolk
- 1 teaspoon butter

Combine first 4 ingredients in a small pan. Stir in milk. Cook until thickened. Place over hot water, cook about 15 minutes.

##### COFFEE ICING

- 1 tablespoon butter
- 1 egg yolk
- 1 1/4 cups sifted confectioners' sugar
- 2 teaspoons soluble coffee
- 1 tablespoon milk

Mix butter and egg yolk. Add sifted confectioners' sugar which has been mixed with soluble coffee. Gradually add milk, beating all the while, until a smooth, creamy consistency is reached.

#### MARSHMALLOW SUPREME

- 1/2 lb. marshmallows
- 1/2 cup sherry
- 1 envelope unflavored gelatin
- 1/4 cup cold water
- 1/2 cup sugar
- 1 1/2 cups undiluted evaporated milk
- 2 teaspoons soluble coffee
- 1/2 cup hot water
- 1 tablespoon sliced, toasted almonds

Cut marshmallows in quarters and let them stand overnight in sherry. In top of a double-boiler, dissolve gelatin in cold water. Cook for 10 minutes, stirring constantly. Dissolve soluble coffee in hot water. Add to the milk mixture. Fold in marshmallows. Pour into one quart mold rinsed with cold water and chill. Unmold, garnish with whipped cream, cherries and almonds. Yield: 6-8 servings.

## U. S. ARMY CAPTAIN BRINGS JAPANESE MUSIC TO AMERICA

CAPT. STEWART

When Captain Kermit G. Stewart, an infantry officer, returned from years of combat duty in the Southwest Pacific and the Orient he brought a briefcase full of contemporary Japanese piano music, and is playing it in non-professional recitals for the benefit of American audiences. Much of this music has never before been heard in America. Among the first to land in Japan in September 1945, Captain Stewart began the study of Japanese music

and the Japanese language. In his more than three years of duty in Japan he devoted his spare time to presenting programs of American music to Japanese audiences.

At the invitation of the president of the Ueno Academy of Music, Japan's outstanding conservatoire, he lectured to the faculty on American public school music methods. In the spring of 1947 he conducted the Toho Symphony Orchestra in a series of four Gershwin Memorial concerts at the Imperial Theater in Tokyo, thus becoming the first American to conduct a major Japanese symphonic organization since the war—and one of the few foreign conductors to conduct rehearsals in the Japanese language. He also participated in numerous joint recitals of American music with the well-known Japanese soprano, Miss Akiko Asakura.

One of Japan's foremost music critics, Mr. Takatoshi Kyogoku, recently wrote to Captain Stewart, "I believe your recitals including Japanese works have progressed cultural relations between Japan and America and have helped toward an understanding of Japan by the American people."

Captain Stewart, now on duty with the Office of Military History in Washington, served in New Guinea and the Philippines early in the war and earned the Silver and Bronze Stars for conduct under fire. Prior to the war he had been a public school supervisor of music in Nebraska (his native state), New York and New Jersey.

## THE 'FINISH' IN YOUR LIFE

From Early Morning Till Night, Finishes Affect Our Daily Lives

In sports events, it's the finish that counts.

The same may be said for the "finishes" in your own home, according to General Joseph F. Battley, President of the National Paint, Varnish and Lacquer Association. "The quality finishes, which are on almost everything you use during your sleeping and waking hours, do the double job of beautifying and prolonging the life of your most cherished possessions," he points out.

"Let's go through the routine of your ordinary working day. The bedsprings on which you wake have a lacquer coating. The bed itself has a gleaming finish on the wood, of course. Your bedroom slippers, if they are leather, have a protective coating—as does any thing in leather you use in your day. Feminine bedroom slippers in gay prints are produced with finishing material. Prints on your robes and pajamas are, too. The shower curtain has its finish. So does the necessary early morning razor and its blade. The tops on the bottles of toilet preparations, toothbrushes, hairbrushes, and clothesbrushes are also coated with material especially formulated to suit the purpose of the article."

Electric light fixtures have them, so do your gleaming stove, refrigerator, and kitchen cabinets. If you open a can of anything, you are getting the benefit from one of the finest product finishes ever developed—the inside of the can will be coated with a finish suited to the particular food in the can. Fine finishes and protective coatings play a vital part in the beauty and life of the possessions we cherish most, points out General Battley. On your home, furniture, clothes, costume jewelry, shoes and vells, wallets, telephones, radios and all forms of transportation are modern quality finishes that are made available to us by the latest scientific discoveries.

General Battley cites breakfast as another good example. "Try to get breakfast without touching a product finish at every turn in your kitchen," he challenges. "The wise advice: 'The better the finish, the better the buy' can be applied to everything we use during the day and wish to value throughout our lifetime."

# How soon will you be WELL HEELED?

Do you have any idea of when you'll be well off and secure... well heeled?

Are you—in other words—among the many thousands of wise Americans who have *done* something about their financial future? Or are you one who still does his banking out of his hip pocket and sits back to await the “breaks”?

If you are at all concerned about money matters (and you know how much money *really* matters) you will be interested in

the most systematic, hardly-feel-it way ever devised for *having* money in the future.

That, of course, is by buying U.S. Savings Bonds *regularly*, either on the Payroll Savings Plan or the Bond-A-Month Plan.

The Payroll Savings Plan is the wonderful way wherein you ask your employer to set aside a certain portion of your weekly wage. There never is another moment's bother for you.

The Bond-A-Month Plan is for you who have your own busi-

ness or no regular employer. You arrange with your bank to automatically buy you a Bond a month from your checking account. You don't touch that part of your money so you're not tempted to spend it.

In what seems like no time, it mounts and grows, and when the Bonds mature in 10 years you make \$4 for every \$3 you put in.

Four for three... not bad eh?

### 7TH INFANTRY DIVISION

SOLDIERS OF THE 7TH INFANTRY DIVISION in the defense of Korea are now stationed in Japan. After their campaigns in the Aleutians, Kwajalein, Eniwetok, the Philippines and Okinawa they served as occupation troops until their withdrawal to Japan upon the establishment of the Southern Korean government. The 7th was organized in December, 1917, its personnel being drafted from Illinois, Iowa, Michigan, Missouri and Pennsylvania. It served on the line in France in October, 1918, and was demobilized in 1921.

MAJ. GEN. BARR

The division was reactivated in July, 1940, and departed for duty in Alaska in April, 1943. It entered combat the following month in the assault on Attu. The bitter fighting for the recapture of this first American soil from the Japanese lasted 19 days. The division then proceeded to Kiska where it was found that the Japs had departed in haste only a few days before.

With the Aleutians now secure the 7th embarked for Hawaii for further intensive training in amphibious landing technique and jungle fighting. The first test of this training was in January, 1944, when the division with the 4th Marine division spearheaded the assault on Kwajalein atoll. Following the bloody fighting here the 7th again teamed up with the Marines and the 27th Infantry division in the attack on Eniwetok.

After another brief rest at Hawaii they participated in the campaigns in the Philippines, landing on Leyte in October, 1944. For six months elements of the 7th battled with the Japanese and struggled slowly forward, through swamps, jungles and rugged mountains. During the operations on Leyte the division killed a total of more than 16,500 Japs and captured 230 prisoners. Easter Sunday, 1945, saw the 7th beginning its fourth major campaign in the drive against Okinawa, fighting Japs armed with every weapon from spears to tanks. The battles on Okinawa were costly and savage, but again it was the Japanese who went down in defeat.

Distinguished unit citations were awarded to nine components of the 7th division. The Congressional Medal of Honor to three enlisted men.

Commander of the 7th is Major General David G. Barr, of Nantua, Alabama, who served in World War I in the 18th Infantry Regiment, 1st Division, and was commissioned in the Regular Army in 1920. In 1944 he was named chief of staff of the North Africa theater of operations, later serving as chief of staff of the Sixth Army group in France. He took command of the 7th division in May, 1949.

The shoulder patch is a red circle bearing an hour glass which is formed by an inverted "7" and a superimposed "I."

### FIRST CAVALRY (INFANTRY) DIVISION

THIS DIVISION, organized at Fort Bliss, Texas, in 1921 as a cavalry unit, was dehorred in 1942 and since has served as infantry.

MAJ. GEN. GAY

However, its soldiers still prefer to be known as "Cavalry Troopers." Among its components the oldest regiment is the 5th, organized as the 2nd Cavalry Regiment in 1855 commanded then by Lieut. Col. Robert E. Lee, who resigned when the Civil War began. The 7th regiment in this division was commanded by General George A. Custer and fought at the battle of the Little Big Horn at "Custer's Last Stand." The 8th regiment saw service against the Indians under Sitting Bull and in Pershing's punitive expedition against Pancho Villa in Mexico. Youngest regiment is the 12th, formed in 1901, which served in the Philippines and on the Mexican border.

In World War II the division landed in the Admiralty Islands in February, 1944 and in defending Momote airstrip fought one of the wildest battles in the Pacific. Japanese marines in overwhelming numbers attacked with bayonets attached to long poles, trying to spear troopers in their foxholes and drive them into the sea. Against great odds the men of the 1st held the strip until the bulk of the division arrived. Approximately 4,500 Japs were killed in the battle for the Admiralties.

This 7th was one of the spearhead units invading Leyte in October, 1944, and for this action the division won a citation, with subordinate units also cited. It was the first American to enter Manila in the dash upon the Philippines' capital in January, 1945. Inside Manila the units split, one capturing Malacana Palace and the other crashing the walls of Santo Tomas University, liberating more than 3,700 Allied civilian prisoners. The 1st remained on Luzon mopping up Japanese elements until Japan capitulated. On September 10 it was the first American division to enter Tokyo. It remained there as an occupation force. Its Medal of Honor winners are Sgt. Troy A. McGill, of Ada, Oklahoma, and Pfc. William J. Grabarz, of Buffalo, New York.

The commanding general of the 1st Cavalry is Major General Hobart R. Gay, a native of Rockport, Illinois, who was commissioned a second lieutenant in the Regular Army in October, 1917. He participated in the amphibious landing in Africa in 1942. He was chief of staff of the 3rd Army in European operation in 1944. In September, 1949, he assumed command of the 1st Cavalry in Japan.

25th INFANTRY DIVISION

### 24TH INFANTRY DIVISION

THE 24TH INFANTRY DIVISION, a hard fighting outfit of the Regular Army, has the distinction of having never served in the United States as a unit, although some of its components, like the 19th and 21st regiments, have battle records back to the days of the Civil War.

MAJ. GEN. DEAN

Captain A. S. Rowan, who carried the message to Garcia in '98, at one time was a company commander in the 19th. The 24th division stems from the old Hawaiian division which was organized in Hawaii shortly after the World War I and garrisoned the islands until redesignated. It suffered in the Pearl Harbor attack and early in the war was charged with the defense of Oahu. It moved to Australia in August, 1943, and in January, 1944, to stage the Tanamerah Bay-Hollandia operations.

In April, 1944, the 24th landed in Dutch New Guinea for a perfect tactical operation. In five days the division smashed through an important airfield and by June 6 had killed 1,771 Japs and taken 502 prisoners. Action continued through the summer and in October the 19th and 24th Infantry regiments landed at Leyte and spearheaded the advance to Pinamopan. At Breakneck Ridge the 21st Infantry regiment relieved the 34th and subsequently took the ridge. On Leyte the division suffered 2,340 casualties. It was awarded numerous unit citations.

In the Philippines elements of the division were in the earliest landings. The 3rd battalion of the 34th regiment made an amphibious assault on Corregidor in support of paratroopers, and the 2nd and 3rd battalions of the 19th regiment were sent to Mindoro in driving on Mindano from the south. In April, 1945, the division hit at Parang on Mindano and ultimately stormed into Davao. Upon completion of mopping up operations the division went to Japan where it remained on occupation duty.

Major General William F. Dean has commanded the 24th since October, 1949, having previously served as military governor of Southern Korea. He is a native of Carlyle, Clinton county, Illinois, and began his career in the Regular Army as a second lieutenant of infantry. In operations in France he commanded the 44th Infantry division.

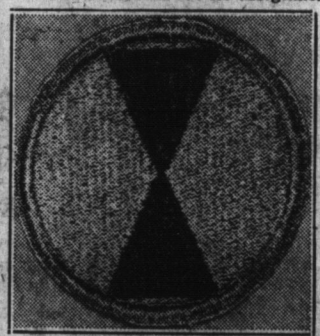

The shoulder patch of the 24th is a green taro leaf bordered in yellow superimposed on a red circle which is bordered in black. This was the symbol of the old Hawaiian division. The taro is a native plant of Hawaii and from it is extracted certain food concoctions and a drink called poi.

### 25TH INFANTRY DIVISION

JAPANESE BOMBS at Pearl Harbor on December 7, 1941, opened hostilities for the 25th Infantry division which occupied defensive beach positions and was charged with defending naval installations on Oahu island. The division has been activated only two months previously from the old Hawaiian division, two of its infantry regiments—the 27th and the 28th—having been assigned to the 101st Infantry division at the time of the Pearl Harbor attack, was stopped at Oahu and joined the 25th. For a year garrisoned the Hawaiian islands and trained in jungle warfare and amphibious tactics.

MAJ. GEN. KEANE

General J. Lawton Collins, Chief of Staff of the Army, commanded the division in training and led it into its initial action at Guadalcanal in January, 1942. Heroic action on Guadalcanal started a combat record for the 25th which saw that unit triumph over the Japs on New Georgia, during the bitter fighting on Vella La Vela and on Luzon. When Guadalcanal was conquered the division spent five months in garrison duty, and in July, 1943, arrived on New Georgia island where the 161st Infantry regiment went into the line for Munda air field. Later the division took part in the 19-day march through jungle mud to secure the important beachhead of Bairoko. Units of the 25th helped to take Arundel island and other elements secured Vella La Vella island despite intense Jap raids.

In February, 1944, the division moved to New Caledonia where experience in fighting the enemy in the open furnished valuable training for the eventual campaign for the liberation of the Philippines. In January, 1945, it arrived on Luzon and soon was engaged in taking the gateway to the Cagayan valley and three months of almost continual fighting followed. After the capitulation of the Japanese the division moved to Japan for occupation duty.

The Distinguished Unit Citation was awarded to six components of the division and five of its personnel were presented with the Congressional Medal of Honor.

The 25th is commanded by Major General William E. Keane who was born in Buffalo, New York, and graduated from the U. S. Military Academy, and was commissioned a second lieutenant of infantry in 1918. He was chief of staff of the II Corps in the Tunisian and Sicilian campaigns in 1943 and served as chief of staff of the 1st Army from the Normandy landing throughout the European campaign.

The shoulder patch of the 25th is in the form of a taro leaf on which is superimposed a flash of lightning in gold. Use of the taro leaf signifies that the division stems from the old Hawaiian division. The lightning flash represents the speed with which the division carries out its assignments.
