COUNCIL DELAYS ANNEXATION DECISION; HOPES FOR GOVERNMENT AGENCY HERE

Mayor Davis' Annual Financial Report

Below are figures from the Mayor's Annual Report, on Manassas finances for the year ended August 31. It reflects a financial condition for Manassas of from poor to fair: Although budget operations were "satisfactory," operating deficits were created in several departments as shown below. The Cemetery Perpetual Care Fund was depleted from a cash balance on Aug. 31, 1949 of \$13,700.00 to a cash balance on Aug. 31, 1950 of \$360.00. This was done by transference, a procedure which Mayor Davis described as "robbing Peter to pay Paul."

Actual expenditures during the year exceeded budget estimates by \$6,228.81, but actual accruals exceeded estimated revenue by \$16,834.15, resulting in a net increased revenue over increased expenses of \$10,605.34.

A summary of cash operations shows that cash funds on hand Aug. 31, 1949 were \$99,627.47 and cash receipts and transfers during the year were \$184,558.12, or a total of \$284,185.59. Cash disbursements and transfers during the year amounted to \$244,498.78, leaving a cash balance on hand Aug. 31, 1950 of \$39,686.81. This cash balance together with utility revenue during the coming five months will be barely enough to run the Town until tax revenue begins to pour in after March 1.

The Town still has to retire about \$124,000.00 on a 1948 bond issue of \$140,000.00. It now appears that another bond issue will be necessary, particularly in the event Manassas annexes outlying areas. However, it is expected that annexed areas would provide enough additional revenue to retire the contemplated bond issue.

Councilmen Will Attend Regional Planning Meeting In Fairfax County Tonight

Protection On Savings Funds Increased Here

The Piedmont Federal Savings and Loan Association of Manassas announced yesterday that, effective immediately, federal insurance coverage will be provided on all savings accounts up to \$10,000. The previous maximum coverage was \$5,000.

C. C. Cloe, president of the Association, said the increased coverage follows the signing into law by President Truman of legislation boosting insurance protection for associations with savings accounts insured by the Federal Savings and Loan Insurance Corporation.

"Our association will bear all the cost of protection for our customers," he said, "and the new law affords us the opportunity of securing a further safeguard for the funds of our savers."

He pointed out that the increased insurance coverage applies equally to all accounts held by an individual, two persons with right of survivorship, trusteeships, partnerships and corporations.

Under the new legislation, it was explained, savings associations will increase their premium payments to the Federal Savings and Loan Insurance Corporation in return for the increased insurance coverage.

Cloe said that last year his institution paid \$1,145.02 to the insurance corporation for this protection for savers. Across the country as a whole, nearly \$11,000,000 was paid by savings associations in premiums to the FSLIC.

As of June 30, 1950, there were insured savings associations all over the country with total savings of the public of \$10,754,000,000. This amount represents about 80 per cent of all savings held by these institutions, both insured and uninsured.

At present, approximately 93 per cent of all savings held by insured institutions are included in accounts under \$5,000 and are already covered. With the increased coverage, this total will rise immediately to 98 per cent.

It is expected that the number of persons with savings accounts over \$5,000 will rise steadily as the public becomes more and more familiar with provisions of the new law.

The Garden Section of the Woman's Club of Manassas will meet on Monday, October 2, at 2:30 p. m. at the home of Mrs. C. C. Lynn, Paradise Farm. Mrs. V. V. Gilliam is in charge of the program on Fall planting of perennials.

October Draft Quota Is 7

Seven men from Prince William County will be called on October 5 for induction into the armed forces. Names of the men to be drafted are not yet available, but all are in the 24 year age group.

Mrs. R. Worth Peters, draft board chairman, reports that her office has eight eligible men listed, but two of these will probably be deferred because they are in their last year of college, and a third may be rejected for a physical ailment which went unnoticed at preliminary physicals.

In the event seven inductees cannot be obtained from these eight, Mrs. Peters said, then the quota will have to be met by drafting some of the 27 men who have been ordered to report next Monday in Richmond for preliminary physicals. These 27 men are 22-year-olds.

Students and faculty members at Brentsville district high school for a long time have been seeking a way to publish their school paper. The Buzzer, which is carrying the expense of printing.

After consulting with the Journal, a solution was found which the Journal and Brentsville students hope will be satisfactory to everyone. The Buzzer will appear semi-monthly in the pages of the Journal; readers will find this week on page 5. Believing that public schools are an integral part of any community, the Journal staff is happy to give space to school news in this community newspaper.

Local Army Wife Writes From Kabul

The following interesting account of a social function given by the Russian Embassy for diplomats in Kabul, Afghanistan, was contained in a letter to Mrs. M. Bruce Whitmore from her daughter, Mrs. Alan McKenzie. Mrs. McKenzie is the former Anna Bruce Whitmore of Manassas. Lt. Col. McKenzie recently was assigned as an attaché to the American Embassy in Kabul.

Because the Journal thought the letter would be of interest to its readers, Mrs. Whitmore consented to publication of excerpts.

"The party the Russian M. A. gave was a howling success and the first one in Kabul that Alan has attended where everybody let down their hair. The food was pitifully meager, but the vodka flowed freely, which may explain the gaiety. Before the evening was over the Saudi Arabian minister (in cape and toga), the Egyptian charge of d'affaires, a young man we like a lot, a representative of Pakistan, and also an Iranian, all had given solo native dances to Russian music. Mr. Gardner, the British Ambassador, started off by doing a so-called Highland Fling. He is a most genial person and we are having lunch with him today. . . . The Russians, from the Ambassador down the line, danced with all the women. I danced many times with a 'pump handle' who reminded me of some of the characters we used to dance with at the gym. All Russian music is very fast and they do much twirling and circling. 'Pump handle' wouldn't stop and didn't speak a word of English, so when I'd get dizzy I'd just stop in the middle of the floor. Russian men and women have very hard faces and look as if they have been to Hell and back again. The women wear very poor American clothes and have an expression of utter defeat and naughtiness. They rarely smile, but try to be hospitable, mainly by dancing and by passing the vodka and caviar. There were pictures of Stalin in every possible pose, and pictures of all past and present American leaders, everywhere. Russian propaganda magazines were everywhere. . . ."

Fleet Home Town News Center reports Boyd J. Coverston, personnel man, third class, USN, of Manassas, Va., is a crew member aboard an aircraft carrier of the Essex class participating in the Korean campaign.

Maurice H. Martyn, seaman, USN, son of Mr. and Mrs. Clarence R. Martyn of Herndon is now serving aboard the heavy cruiser USS Columbus in Mediterranean waters, according to the Navy.

Mr. and Mrs. George McNeef, Mr. and Mrs. Harry Griffith, Mr. and Mrs. sian propaganda magazines were everywhere. . . ."

Notice Is Given Bonders Of Sewage Plant

Town Attorney W. Hill Brown, Jr. this week gave notice to a Washington bonding firm, bonders of the E. L. Daniels Construction Co., that the leak in the main digester tank of Manassas' new sewage disposal plant must be repaired. The Daniels Co., contractors for the \$100,000 disposal plant, has refused to comply with specifications by repairing the leak.

The leak allows untreated sewage to escape into an adjacent stream. It would be difficult to estimate the cost of the necessary repair job, Town Manager Ritter says, because most of the digester tank is underground and whereabouts of the leak is not known. If the bonding company does not see that the job is done, the Town is prepared to resort to a lawsuit, Ritter said.

The bride wore a traditional gown of white satin and lace, a finger-ring veil with a wreath of orange blossoms, and carried a prayer book and a white orchid with lilies of the valley.

A reception at the Stonewall Jackson Hotel followed the ceremony. Cake and punch were served to about seventy-five guests.

New Use For Old Windmills

I drove past Larson's farm last week and saw him perched on top of his 75-year-old windmill. "Still planning on tearing it down?" I shouted up to him.

"Not on your life," says Curly as he climbs down. "I'm getting myself a television set from Buzz Ellis' and he says this windmill is going to come in mighty handy."

"You see," Curly went on, "I'm going to put my TV antenna right on top of it. Since the windmill is higher than the house, I'll get the best reception around here—but

if it wasn't for Buzz and his advice, I'd have scrapped it!"

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

SIX Leading Men For "Happy Days" Chariot

Twelve-year-old Mary Eleanor Donahue is way ahead of the screen's established glamour girls. She has not one but SIX leading men.

As the shy Connie Brown, embryo belle of M-G-M's new technicolor

picture, "The Happy Years," now at the Pitts Theater, Mary Eleanor has Dean Stockwell, Darryl Hickman, Scotty Beckett, Alan Dinehart III, Charlie Smith and Donna Gift stammering and stumbling for her favors, despite their avowals that they "hate girls."

Mary Eleanor will be remembered as the youngster who scored in the

role of Jeanette MacDonald's youngest daughter in "Three Daring Daughters." Now the blue-eyed, brown-haired beauty takes her place among the screen's sub-deb glamours.

William A. Wellman directed "The Happy Years," his first picture since the sensationally successful "Battleground."

How to Solve Baking Problems

More than likely, your oven many times has wanted to turn the tables on you when, after removing a cake from its racks only to find it a miserable failure, you have given the oven a thorough tongue lashing. Probably, your oven wanted to tell you that with modern ranges equipped with accurate thermostatic controls, it isn't often his fault that you aren't able to turn out delicious baked products.

Here are some of the ways your oven might carry out a defense about cake baking:

1. If your cakes seem to brown too much on bottom, it may be that you used a dark pan which will absorb heat and brown foods more on the bottom than the top. A light-colored pan will give more uniform browning.

2. If browning or rising is uneven, your pans may be warped or the range uneven. Check also in place

ing pans in the oven that they don't touch each other or the sides of the oven.

3. An overmixed cake will often appear normal when removed from the oven but will shrink considerably as it cools. Then you find a tough, heavy doughy cake. Remember that dry ingredients should be blended rather than beaten.

4. If your cake fails to brown satisfactorily on top, it may be due to using a pan too large or one with sides too high.

5. A cake that is cracked on top or one that is too brown may be the result of using an eight-inch pan for a nine-inch recipe.

Your oven would probably also add that if you use a tested recipe if you measure your ingredients accurately and use standard measuring utensils, and if you mix the cake according to your instructions, you can't help but turn out the most delicious cakes in your community.

500,000 DAY IN VEPCOLAND!

**499,999 Customers—plus the Murray Family—
makes HALF A MILLION customers
who now enjoy VEPCO'S low-cost electric service!**

SEPTEMBER 1950 marks a milestone in the service history of VEPCO, and in the personal lives of one of Virginia's farm families. With the connection of electricity to the home of Mr. and Mrs. Adrian Murray, in Halifax County, about half way between South Boston and Danville, the number of VEPCO customers becomes 500,000—and another American farm family begins to enjoy the benefits of low-cost electric service.

The occasion was marked by a celebration at the hospitable Murray farm, at which time it was VEPCO's pleasure to present an electric range, refrigerator and radio to its half-millionth customer. Among the more than 200 guests, including friends and neighbors of the Murrys and officials of the power company, were the former Governor of Virginia, William M. Tuck, and Jack G. Holtzclaw, President of the Virginia Electric and Power Company.

For many years VEPCO has pioneered electric service to the rural areas of VEPCOLAND... and since January 1, 1946, VEPCO has added 140,000 customers to its system... 14 new customers every working hour, 1 new customer nearly every four minutes. This includes 67,000 new rural customers and has involved the construction of 9,300 miles of new rural lines—enough to extend from Norfolk to San

Mr. and Mrs. Adrian Murray receive congratulations from Jack G. Holtzclaw, President of VEPCO. At the microphone is George Passage, news analyst of WRVA, who was emcee at the celebration.

Francisco and back—and back again to San Francisco!

The significance of making our 500,000th service connection is not that of adding just one more customer. The significance is that a business-managed, tax-paying company, owned by 27,000 stockholders, is ready, willing and able to provide such a great service for so many people at so little cost to them. That's our American pattern... free enterprise... and because of it, our plans for the future can soundly anticipate the next 500,000 customers who will enjoy low-cost electrical living in VEPCOLAND!

Mrs. Murray prepares her first meal on her electric range, a gift from VEPCO. The Murray family also received an Electric Refrigerator and a Radio as VEPCO's 500,000th electric customer.

William M. Tuck, former Governor of Virginia, congratulates his Halifax County neighbors, Mr. and Mrs. Adrian Murray, at their farm home near South Boston, Virginia.

The Buzzer

September 28, 1950 Vol. 1—No. 1
Published by the students of Brentsville District High School, by agreement with The Manassas Journal.

STAFF

Editor: Jewell Dickenson
Assistant Editor: Shirley Bradshaw
Business Manager: Robert Wood
Assistant Business Manager: Jimmy Flickinger
Faculty Advisor: Miss Joyce Moyers

EDITORIAL

By Jewell Dickenson
We, the Staff of the "B. D. Buzzer," would like to express our appreciation to The Manassas Journal for agreeing to publish our paper this year. I feel that this will be a great help to our school, and we expect our paper will prove an asset to the Journal.

Our objectives for the current year are:
1. To publish our paper semi-monthly.
2. To make it an interesting paper to all the readers of the Journal.
3. To stimulate the interest of the Community in school activities.
Our faculty advisor, Miss Moyers, is very enthusiastic about the "Buzzer." She hopes to make this the most successful year the paper has ever had.
The success of any paper depends upon the reporters. The reporters on our paper have been very carefully selected and I feel they will do a good job.
I would like to thank Mr. Link, principal, and Miss Partlow for their efforts in helping us make publication arrangements.
A good newspaper shows the school spirit as much as a good ball team and should be supported by students.

To The Manassas Journal
One of the finest examples of community spirit and interest in the schools of the county is being exhibited this week by the Manassas "Journal." Increased circulation and added interest from advertisers of the Nokesville community can scarcely repay the Journal for its efforts in making it possible for the "B. D. Buzzer" to appear as a part of this county paper. We trust that the "Journal" readers may become better informed about the Brentsville District High School and that a healthy school-community relationship may result. Members of the "Journal" Staff, we thank you.

To The Brethren Church

The faculty of the Brentsville District High School feels the members of the Church of the Brethren took a very important step toward school and community understanding when they entertained the faculty and their families at dinner on Friday evening, September 22.

The parents had the opportunity to meet or become better acquainted with the teachers of their children, and the teachers in turn came to understand the child and his interests by meeting the child's family. Everyone left this gathering feeling not only filled to capacity with delicious food but satisfied that Nokesville is indeed a community with unusual interest in its children and their welfare. We thank you, members of the Church of the Brethren.

F.F.A. Wins Again!

By L. R. Cowne Jr.
After competing in three fairs this year, the Brentsville District High School F.F.A. boys have won \$400, four pure-bred calves and three trophies. The fairs attended were Prince William County Fair, the Northern Virginia 4-H and F.F.A. Dairy Show and the Fredericksburg Fair.

Five high winners in these fairs are as follows: L. R. Cowne Jr., \$100, calf and trophy; Charles Caton, \$80 and calf; Harry Miller, \$62 and calf; William White, \$48; Lloyd Green, \$36.50.
We are now planning to leave the 29th of September to attend the Atlantic Rural Exposition where we shall show our dairy animals and represent the Virginia F.F.A. on the judging team.

429 Enrolled at B.D.H.S.

By Mary Stephens
There are now 429 students enrolled at the Brentsville District

High School. This is less than the September enrollment for the past two years.

In the high school department there are 115 students. The eighth grade of 34 has the largest enrollment. Then comes the ninth and tenth grades with each having an enrollment of 31. There are 49 seniors.

The elementary division has an enrollment of 310. The beginners this year number more than any previous year, and for the first time there are two classes. The enrollments for the respective rooms follow: Grade 1—51; Grade 2—33; Grade 3—23; Grade 4—38; Grade 5—36; Grade 6—35; Grade 7—25; Grade 8—33.

In previous years the enrollment has been higher than at present. In the spring of 1949, there were 439 students and in June of '50, 435.

Seniors Organize

The Senior Class of the B.D.H.S., numbering twelve boys and seven girls have made definite plans for a busy year. Their class officers are as follows:

President, Eric Mauck; Vice-president, Clarence Tompkins; Secretary, Nancy Burris; Treasurer, Willard Chastain.

A representative of the Myers Publishing Co. of Topeka, Kansas visited the school. A contract has been signed employing them to print the 1950 edition of the "Flash." Mr. Howard Churchill of Manassas has promised to be on hand Oct. 9 to begin taking pictures for the annual. The staff follows:

Editor, Willard Chastain; Asst. Editor, Clarence Tompkins; Business Manager, Junior Cowne; Asst. Business Manager, Norman Chastain; Senior Editor, G. L. Reading; Class Editor, Lois Flory; Photographer, Helga Schmitz-Mancy; Asst. Photographer, Harold Wright; Club Editor, Francis Fitzgerald; Faculty Editor, Gladys Wright; Sports Editor, Eric Mauck and Doris Carrico; Feature Editor, Nancy Burris; Art Editor, Willard Chastain.

The class has also chosen blue and white for their colors. White violets will be the class flower.

For the past week the Seniors have spent much time in reading plays. "That Crazy Smith Family" will probably be produced about Nov. 17. This play has a cast of 6 boys and 8 girls. The Seniors feel they have hit upon "a howling success."

In spite of their busy schedule the class has found time to collect their S.C.A. dues, 100¢. They beat

the Juniors by 30 minutes.

The boys and girls were pleasantly surprised to find a new member in their group. Helga Schmitz-Mancy is a transfer from Temple High School, Temple, Texas. Prior to that time she studied in Germany and Switzerland.

If these few weeks in September are an example of the life of a senior, there won't be any dull moments this year.

The Juniors Talk

By Edith Melvin

The Junior class is honored to have the responsibility of editing our school paper. To make the paper successful we must have the co-operation of the student body. We hope each of you will support the paper and its work.

The Junior Class has elected their officers for the 50-51 school year. They are as follows:

President, William White; Vice-president, Robert Wood; Secretary, Shirley Bradshaw; Treasurer, Mary Stephens; B. D. Buzzer, Reporter, Edith Melvin.

We're Freshmen Now!

By Wayne Vance

The following class officers were elected at the Freshman Class meeting on September 20, 1950:

President, Walter Carter; Vice-president, Paul Croushorn; Secretary, Laura Bowman; Treasurer, Sherwood Vance.

We have all settled down once more to begin another year of work after becoming acquainted with the many new teachers and renewing acquaintances with old ones.

Mrs. Marang is our home room teacher and everyone likes her very much.

There are 31 pupils in the Freshman class, including 2 new ones; Morris Coburn and Shirley Bean.

Eighth Grade News

By Edgar Wolfrey

Our home room teacher is Mr. DeBuck, and we have elected the following officers:

President, Leonard Wright; Vice-president, Mary Newland; Secretary, Nelson Bradshaw; Treasurer, Betty Croushorn; Reporter, Edgar Wolfrey. Our class colors are maroon and gold, the class flower is the yellow rose and our motto is "Do unto others as you would have them do unto you."

Katie At the Keyhole

Katie wants to welcome all the new teachers and students this year.

and will try to find some gossip about them.

What's the big secret Mr. DeBuck has to tell one of the Junior girls that's the \$64 question.

If you see Frances Fitzgerald going around with big dreamy eyes, it's because her man is in Korea. Let's hope he gets back soon. She says since he is so far away, she'll take Lester because he's right here.

Jewell and Willard really have a case this year which, I suspect, is carried over from last year.

Since we are talking about the Chastains, it looks as if Shirley Bradshaw has hooked herself one too.

Junior and Joyce are still keeping the love light burning. He calls her "Butterball."

Can anyone guess who has Eric Mauck (the woman-hater) hooked? Since you can't, I'll tell you. Good luck, Flory.

Charles Caton says he doesn't feel bad because Morris Fitzgerald took Lois Mauck away from him. Maybe it's because he has Joanne now and in case some of you have been wondering why he has been missing chemistry class, he says he takes her to school.

Shifty Charles Jones has finally caught Helga! Boy, was she excited? Well, who wouldn't be?

Clarence, what happened to you and Nancy Lee? Won't the "Fly-mouth" run for you anymore?

Barbara Carrio was out to get Johnny Sinclair even if it took a "Blue Convertible."

Who's the "62" guy Gladys is running around talking about? Bring him around and introduce him to me sometime, Gladys.

Elsie Smith really is going places this year. First she dated Wilbur Soper and now Paul Wood. She said he wasn't bashful as he looked!

Who's the "Blonde" June Myers goes home every evening and dreams about?

Orril Skillman tells me he can hardly wait for that date this weekend with Edna Johnson.

Does Donald Hopkins still write letters to Margaret Bradley? They look French together, you know.

Mary Stephens says she's through with men for life. Could be! Someone told me Jane Jackson was saying she had so many dates she couldn't get her lessons. Mr. DeBuck, give her a little more time to get her homework in!

Betty Flickinger still gets all the Oh's and Ah's she wants when she walks in the room.

How come all the girls are so crazy to take math and geometry this year? Mr. Davis might have something to do with it.

SOCIAL SECURITY NEWS

By RUTH G. DUFFY
Manager, Alexandria Social Security Office

A dependent husband, as well as a dependent wife, is eligible for old-age and survivors insurance payments under the amended social security law.

Beginning this September, the dependent husband of a woman worker who, through her own work in a social security job became entitled to old-age benefit payments at any time after 1939, is also entitled to insurance payments.

This gives to the dependent husband the same old-age and survivors benefits that the dependent wife has always had under social security. To qualify as a dependent husband, he must have the status of husband of the insured woman worker under State law and be the father of her son or daughter, or have been married to her for not less than three years immediately preceding the day on which his application is filed.

The dependent husband must be 65 or over, be living with his wife at the time he files his application for insurance payments, and have been receiving at least one-half of his support from his wife at the time she became entitled to old-age insurance benefits. The

dependent husband's insurance benefit payments will be one-half the amount payable to his wife on whom he is dependent.

The insurance benefits to the dependent husband will stop if his marriage is ended absolutely and finally, or if he becomes entitled to benefits equal to his benefits as a dependent, or if he or his wife dies.

My next article will deal with

Mothers' Insurance Benefits under the amended social security law. The Alexandria office is located in the Ruple Building, 615 King Street. A representative of our office is in Manassas the third Thursday of each month in the Jury Room in the Courthouse at 9:30 a. m. The representative will be there on September 21 and again on October 19.

Mrs. Pyllis Goff, 1902 Park Ave., Indianapolis, Indiana, is now able to go about her housework in less time than it takes to talk about it. That is, of course, since Mrs. Goff has been taking wonderful HADACOL. Mrs. Goff had been suffering from a deficiency of Vitamins B, B₁₂, Niacin, and Iron, which HADACOL contains.

Now full of pep and energy, Mrs. Goff is able to give this fine statement: "It's pretty bad when you are in a run-down condition when you are only 32. That includes headaches, loss of sleep. I was also terribly nervous all the time. Then I heard about the wonderful results other folks were getting from HADACOL. After taking a few bottles my nerves were calmed, I got a good night's sleep, and I gained five pounds. I think HADACOL is wonderful. I recommend it to all my friends."

This is another one of the statements the fine folks who have been taking HADACOL gave us. Yes, there are thousands and thousands of people all over the country who are getting blessed relief from wonderful HADACOL when they needed Vitamins B, B₁₂, Iron, and Niacin.

Let HADACOL Help You... if you are suffering from stomach distress, nervousness, insomnia, constipation, aches and pains of neuritis, or a general run-down condition, caused by such deficiencies. Remember, it will cost you nothing if HADACOL doesn't help you. Buy either the trial size for \$1.25 or the large family or hospital size for \$3.50 and if you are not completely satisfied—return the bottle and your money will be refunded.

INSURANCE

They'll sell you an insurance policy on most anything these days... life, accident, or theft. You can be insured against loss of your voice, if you are an opera singer, or your hand if you are a baseball player.

But not even Lloyds of London will give you the kind of insurance you'll find right here at our locker plant. It's not written up in policy form, but it's there just the same, right in the locker key. For your locker gives you insurance of your family's health, insurance of good eating, insurance of economy and lower food bills.

Insurance of good eating... Imagine being able to have choice beef, good lean pork, the best in fruits, vegetables, seafood and game meat right at your fingertips the whole year round. There's no "shopping around" from store to store, for when you bring us the finest animal from your farm, or buy choice side from us, you know you're storing away good eating for many months to come. Fruits and vegetables, picked and frozen just when they are juicy and ripe will make many a winter meal into a banquet.

Economy? That's our business. The money you save by freezing foods you yourself raise, or by buying them through us at wholesale prices, will more than pay for your locker rent. Many families have found that they can save as much as \$5.00 a week on their food bills, and that's enough for a new dress or perhaps an extra-special vacation next summer.

Another important point of this insurance policy... Insurance of more leisure time to spend as you like. Freezing is by far the simplest method of preserving foods, and you can freeze whole meals in advance, ready for a quick thawing, heating, and wonderful eating.

Come in and let us tell you more about this wonderful mealtime "insurance." If you'd like a little information or help, you'll find us always ready to be of assistance.

servants and some young male rela-
tives and taken to living rooms
where Monsieur, Madame, and some
more male relatives were assembled.
M. Tarzer has visited us frequently,
but the women, of course, have not.
All in the room spoke passable
English. "Sparky" (the McKenzies'
five-year-old son) was with us, at
their request, but seemed a little
awed and not in the least responsive
to their many attentions. Shortly
one very pretty daughter in beauti-
ful American clothes and her hus-
band came in. She had gone in the
gate just before us, covered from
head to foot in her native burka.
We recognized her now by her hus-
band. Pretty soon two more daugh-
ters, two nieces, three nephews, and
several adult in-laws arrived. A
real family gathering to meet us.
All the Tarzer girls spoke excellent
English and were dressed as any
American college girl. They soon
were telling us how they hated the
burkas and living behind veils in
Kabul. All have lived in other parts
of the world while their father was
in diplomatic service. One of them
brought in a portable victrola and
played the hottest jazz records I
have heard for many a day and
if Papa hadn't been there I think
they would have danced. Finally,
when I thought they had forgotten
about tea, we were asked to the
dining room and to a long table
filled with Afghan delicacies—the
last thing on earth we wanted. I
was already feeling ill, but there
was no way to escape and we made
our dinner on the tea. We felt
somewhat more at ease about eat-
ing since a 10-foot Philco electric
icebox had the most prominent
place in the dining room. Like all
Afghan houses, regardless of who
lives in them, this one was a curi-
ous combination of the beautiful
and the primitive. They had beau-
tiful linen and china, but the silver
was dime store. We stayed
and they did everything to make
us ourselves, even presented me
with a huge bunch of roses. We,
of course, asked them to see us, but
M. Tarzer explained that the cus-
toms of the country wouldn't allow
them to come. He insisted that
"Sparky" and I would be welcome
to run in anytime, but I didn't feel
it was should. However, he is now
on a pilgrimage to Mecca (a
plane came and took the whole load
of wealthy Afghans) so I am going
while he is away. Al. n. of course,
could never go without special in-
formation from the man of the house,
and its quite unusual for the women
to appear for any foreigner."
