## Clifton

By Ines Kincheloe  
The town and whole community was shocked by the sudden death of James Buckley, which occurred on Friday last, in an automobile accident near Richmond, Va. Mr. Buckley was a most estimable young man, and will be greatly missed; none knew him but to love him, none knew him but to praise him. The sympathy of everyone goes out to the young wife, to his mother, and to the entire family.  
Miss Helen Quigg and Miss Virginia Harris, of Vienna, Va., visited friends here on Saturday.  
Guests of Mr. and Mrs. Edgar Davis on Sunday were Mrs. Ella English, Mrs. Davis's sister, and her niece, Mrs. Pearl Bloomer, and their daughter, Mrs. Harold Moore and grandson, Billy; and Miss Lula Kendrick of Washington and Falls Church.

SWEET POTATOES

Now that sweet potatoes are on the market in greater volume, we have an opportunity to include in our diet a food rich in Vitamin A and supplying some of all the other important food nutrients.  
The sweet potato, oddly enough, has no relation to the Irish potato but is a first cousin to the morning glory. As a matter of fact, it was at one time probably a common Indians discovered it had edible roots and cultivated it, thus helping to give to us a nutritious, colorful, and tasty food.  
Here is an interesting suggestion for a sweet potato dish and one that would bring out the flavor of roast pork or baked ham.  
**Sweet Potatoes and Apples**  
6 sweet potatoes, cooked  
1½ cups thinly sliced apples, cooked  
¼ cup apple water or water  
½ cup or more brown sugar  
4 tablespoons butter  
Peel and cut potatoes into one-fourth inch slices. Place alternate layers of sweet potatoes and apples

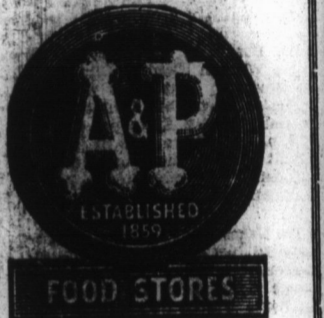

in a greased baking dish. Sprinkle the layers with brown sugar and dot with butter. Pour the apple water over them. Bake in a moderate oven 350 deg. for 1 hour. If the apples are not tart, sprinkle them with lemon juice.  
**Sweet Potato Pie**  
4 tablespoons butter  
¼ cup of sugar  
3 tablespoons lemon juice  
1 tablespoon grated lemon rind  
3 eggs, separated  
¼ teaspoon cinnamon  
2 cups mashed sweet potatoes

1 cup top milk  
1 unbaked pastry shell  
Cream butter until soft, add sugar gradually, and continue to cream until sugar is blended. Add lemon juice and rind. Add beaten egg yolks, cinnamon, potatoes and milk. Mix thoroughly and fold in stiffly beaten egg whites. Pour into pastry-lined pie plate. Bake in hot oven (425 deg. F.) 10 minutes, then reduce temperature to 350 deg. F. And bake about 40 minutes longer or until a knife inserted in the center comes out clean.

## -CLUBS-

### KIWANIS CLUB

The Manassas Kiwanis Club celebrated the 26th anniversary of its founding last Friday night with a dinner at the Stonewall Jackson Hotel.

The guest of honor for the evening was John Whitmore, lieutenant governor of the Annapolis Club. Mr. Whitmore has been a guest of the local club six times this year, and, he said, regards Manassas as one of his favorite clubs and announced that the standards adopted by the Capital District put the Manassas Kiwanis Club at the head of Division One, he insisted, is the most important one in the District.

Russ Cullen, in charge of the anniversary program, had as his personal guests the following past presidents: Messrs. Fred Hynson, William Lloyd, E. C. Truider, and Edgar Comer. Each of the past presidents spoke briefly about his experiences while in office. Mr. Cullen read a list of the charter members in 1926. A moment of silence was observed in honor of the past presidents now deceased, whom he mentioned by name.

Superintendent of Schools R. Worth Peters, chairman of the election committee, reported that the following have been elected for the year beginning January 1, 1950: president, C. Lacy Compton; vice-president, James Myers, curator of the Manassas Battlefield Park; treasurer, Leslie Bourne.

The following, including the immediate past president Deb Gotha, were chosen for the board of directors: Russell C. Powell, J. Carl Kincheloe, Edgar Parrish, George Coker, Harry Parrish, Ken Aldrich, and Harry Parks. The secretary will be chosen by the new board.

Out-of-town guests at the meeting were George Crum, of Woodbridge, and Clarence Weingartner, of the recently-formed Suburban Club.

The Kiwanis Club is slated to meet at Nokesville the first Friday in November.

## 44 Per Cent Of Housewives Shop Fridays Survey Shows

Homemakers may not realize it, but their shopping habits have changed radically, especially within the last ten years.

According to a recently completed survey of housewives conducted by university research experts, most women now shop for groceries only once a week, and their favorite day is Friday. This is due largely to two factors: the prevalence in both small and large communities of the supermarket, which stocks all foods in one location, making it unnecessary to shop from store to store, and the influence of foods advertising in papers toward the end of the week.

But the Friday preference is still mostly habit, and store managers are willing to change all that. They

have been urging for years that women avoid the crush of weekend shopping and market at the beginning of the week instead. Any day now is a good day on which to buy food, since the automatic refrigerator became standard equipment in more than 33,000,000 homes.

In the old days, before refrigeration engineering caught up with the homemaker's requirements, it was almost mandatory that she load up on food for the crowded weekend meal schedule, because her inefficient icebox could not be relied upon to preserve foods over a longer period.

Now that the modern refrigerator has replaced the fast-melting ice cake, and the newest models come equipped with special compartments for frozen foods, the lady of the house can save herself wear and tear of crowds on a day when customers are fewer in the stores. Monday, Tuesday and Wednesday are excellent days, the survey shows. Although 44 per cent of women shop on Fridays, only about three per cent avail themselves of the first three days of the week.

Corn yields have been on the upward trend for several years and these larger yields are contributed primarily to better fertilization, better land use, and the use of adapted hybrid varieties of corn.

In a few weeks, the results of the 100 bushel per acre Corn Club here in Prince William County will be announced. I believe that we will be able to see the results of these improved methods here in Prince William County when the information is available. Although great strides have been made in corn production during the past few years, we yet have a long way to go before we reach our potential production.

Other factors in favor of selling at light weights are consumer discrimination against large fatty cuts, and the fact that less lard is used by the average housewife today.

Here's a typical example cited by Lassiter:

A 210 pound hog yielded 6 percent less of its carcass weight in the four lean cuts than a 210 pound hog. The heavier hog also yielded 7.7 percent more fat which will go into lard.

Lassiter also points out that after a hog reaches about 240 pounds, the amount of feed needed to produce a pound of gain usually becomes appreciably larger.

Virginia ranks among the top 9 states in average corn production per acre in 1950, according to U. S. D. A. reports.

U. S. D. A. gives the average corn yields in Virginia as being 37 bushels as compared with the average yield between 1939 and 1948 which was 30.8 bushels per acre.

## Nokesville

Completed, lovely Christmas decorations of all kinds, aprons of all and descriptions of all (two and three) plenty more apple butter. The more than thirty gallons of the recently made has been and the women are planning to take this correspondent to take of the publicity of the supper, please, right now, put in your November 10, and say "I'm coming that evening in Nokesville."

Dr. P. D. Martin, pastor of the Methodist Church, will be the speaker of the fifth Sunday Community Service to be held at the school on Sunday night. Nokesville Ruritan Club has asked to attend in a group. Services at the Nokesville Church are being held each Sunday at 7:30 p. m. Dr. Paul Bowman as the pastor, and will close on Sunday with the Love Feast.

The Young People of the Nokesville Church of the Brethren were graciously entertained at the Wilkins home on Saturday. Mrs. Raleigh Nelson led the devotional thinking. The folks are making their final plans for the Halloween party to be held in the church basement on Monday night. The party is planned for everyone and are hoping you will plan to be there. The young folks had a wonderful time in the Wilkins basement and enjoyed a weiner and a small roast at the fireplace. Mr. and Mrs. L. W. Griggs, who are here from Remington, will be new Methodist minister for the Nokesville charge. The appointment was made at the Annual Conference held at Richmond beginning last Thursday and ending on Monday. T. Clay Wood, Nokesville's delegate to the conference, also attending was Nokesville's oldest minister, retired Rev. Mark who attended the whole conference. Rev. and Mrs. Griggs have two children, a daughter who is a junior at our high school, a son who is at William and Mary College. We all will be very glad to meet these new folks.

Misses Fae Hoover of Arlington and Pauline Cleaver who is a teacher in an Arlington County school, at the weekend with their former college mates, Miss Rosa Lee and her home here and with Joyce Moyers at the Bowman home. Miss Ella Beahm and Mrs. Beahm took the girls home Sunday afternoon and also visited the newest Beahm arrival, Mr. and Mrs. Walter Bucher of Washington have a new little son, Robert, born on Friday. The mother, the former Miss Hazel Beahm, and her new son, Thomas Miller, and he will be called Tommy.

Mrs. Wells and little Tommy came home on Sunday, as did also little Ronnie and Effie Jean who had spent last week with their grandparents, Mr. and Mrs. S. D. Somers. Mrs. Elizabeth Russell and daughter Helen spent the weekend with the Roscoe Croushorns and George Sonafrank. They are from Flemington, N. J.

Miss Bernice Hooker, who spent last week in Washington attending the meeting of the ADA, spent the weekend with homefolks.

Mr. and Mrs. Milford Smith of Washington visited the Miller family on Thursday and took Mrs. Mary Miller back with them for a couple days' visit.

Quite a number of the members of the Bible Class of the Washington City Church of the Brethren attended services here at Nokesville on Sunday when their teacher, Rev. J. H. Hollinger was the guest minister. Among those attending were Mr. and Mrs. C. M. Gibbels and Mr. Ira Welmer who then spent the rest of the day with Mr. and Mrs. Carl Miller.

Mr. and Mrs. Floyd Lanier spent Saturday visiting the Carl Millers. Mrs. David Yankey entered the University of Virginia hospital on Monday morning for a major operation.

Nokesville folks are so very grieved to hear of the sudden illness of Mrs. Eva Godfrey following a stroke in front of the Charles Dove home on Thursday afternoon. They hope to be able to move her to a hospital this week. Mr. and Mrs. Allen Herring spent the weekend with her. We all hope her condition will soon improve.

Mr. and Mrs. Curtis Miller and family of near Herndon spent Sunday afternoon with the Willard Wilkins family. Mr. Miller is a cousin of Mrs. Wilkins.

Mrs. J. F. Hale had an operation on her arm on Friday. It was a very painful operation and we surely hope her arm, which she has suffered from most of the summer, will now get better.

Mr. and Mrs. J. W. Miller and their youngest son, Mr. and Mrs. J. W. Miller, Jr. and little son, Carol of Waynesboro, Pa., spent Saturday night with Mr. and Mrs. A. D. Sines. They then went to Washington on Sunday to spend the day with Mr. Miller's other sisters, Misses Ella and Stella Miller.

We Fred T. Shepherds were Saturday night dinner guests of the Ted J. Shepherds, honoring our fifteenth wedding anniversary. We are getting old fast!

The American Legion has ap-

pointed George Sonafrank to be in charge in this county of the National H. S. Oratorical contest which is being sponsored by the Legion and will be held sometime next Spring. The subject for all the orations will be "The Constitution." This subject and contest, I'm sure, will bring back many memories of our readers for during the first several years of the 1930's there was quite keen competition in our county in these same oratorical contests. We hope our young people will take as much interest in this year's contest as we used to.

Our Fire House has been chosen the site for the new Aircraft Observation post for the Nokesville vicinity, which is being sponsored by our local Fire Department. George Sonafrank has been appointed supervisor, O. J. Fitzwater, chief observer and John P. Hyde, assistant observer. These men are now getting together a list of volunteer observers. They are making plans for a test practice which will be on November 4 and 5.

PERFORMANCE

Howard W. Smith

The times are pretty serious just now. It is no time to take the matter of the election of a Representative in the Congress of the United States lightly. Certainly it is no time to consider inexperienced candidates for that office.

The peace and security of the United States, your welfare and safety, depend upon our having in Congress men of wisdom and experience and ability to deal with the great problems of the hour.

We have elected Representative Howard W. Smith almost as a matter of course for ten terms. We must reelect him this time with a new earnestness and a new pride—and we must make 100 per cent sure of his election.

Ask any Washington observer; ask any other Member of Congress—

HOWARD W. SMITH IS RECOGNIZED AS ONE OF THE TEN ABLEST MEMBERS OF THE HOUSE OF REPRESENTATIVES.

He is looked up to. His advice is sought. HE IS KEPT BUSY—so busy this year that he has not had time to make the visits which he likes to make to his constituents.

Judge Smith is a big man, but not too big to be our friend.

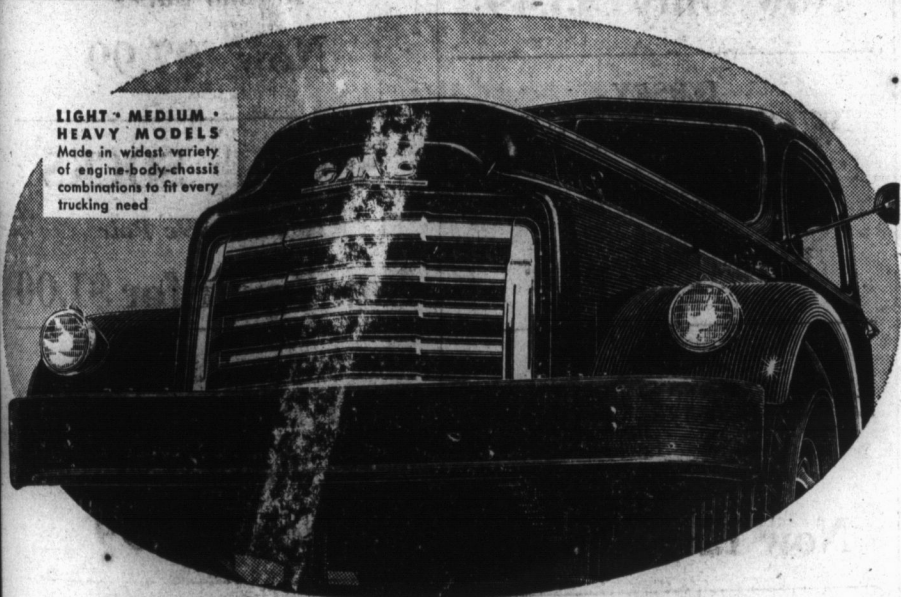

Make a date with yourself to go to the polls November 7, take your neighbors with you, and

LET'S GIVE HIM A ROUSING VOTE OF CONFIDENCE!

## SOCIAL SECURITY NEWS

By Ruth G. Duffy, Manager  
Alexandria Social Security Office

Some farm people will come under social security on January 1, 1951 but not farm operators. Hired farm workers will come under if they earn \$50 or more cash wages in a calendar quarter and are regularly employed by one farm operator for five or more months. A calendar quarter is a three-month period beginning January 1, April 1, July 1 and October 1.

A regularly employed farm worker is a person employed by one farm operator on a full-time basis for a period of several months. For example, Ed Smith, a farm worker, is employed by Howard Jones, a farm operator. Smith will work continuously for Jones during the calendar quarter beginning this October. During that time he will establish what is known as a "service relationship" with Mr. Jones. It will show that he wants to work regularly for one farm operator and that Jones wants him as a regular employee.

Now let's look forward to January first—the date when regular farm work begins to count toward social security insurance. Ed will be qualified. However, he must work for Jones on a full-time basis for at least 60 days in the calendar quarter beginning on January first, and he must earn not less than \$50 in cash wages for his work on those 60 or more days. As long as he continues to do this much work for Jones in each calendar quarter, and earns \$50 or more in cash wages for his work in the quarter, his earnings will be credited toward old-age and survivors insurance.

But suppose in the calendar quarter beginning April 1, Ed doesn't work as much as 60 days for Jones, but is paid \$50 or more cash wages for that quarter but not for the one beginning July 1, regardless of days of work and amount of cash wages. That less-than-60-days of work broke his continuous employment relationship with Mr. Jones. Ed must start all over again.

What this all means is that a farm worker, to have his cash wages count toward old-age and survivors insurance, must—first, work continuously through a calendar quarter to establish a service relationship, then be continuously employed by the same farm operator, and earn not less than \$50 cash wages for 60 or more days of work in each consecutive quarter.

Trinity Episcopal Holds  
Congregational Meeting

At the annual congregational meeting of Trinity Episcopal Church on October 18th, a budget of \$8,257.00 was adopted for the ensuing year. The Rev. E. Guthrie Brown reported 216 Communicants and 64 Sunday School pupils. The Every Member Canvass will begin on October 20th and extend through Sunday. Canvassers were urged to bring to the attention of Parishioners the acute need for additional Sunday School classrooms, and to make every effort to obtain sufficient pledges so that construction may be begun immediately on an addition to the Parish Hall, at an estimated cost of \$15,000.00. Elected to the Vestry, for a 3-year term, were Messrs. G. G. Allen, Paul J. Arrington, H. T. Davies, Jr., Otto B. Griffin, and John Galleher, to fill an unexpired term of 1 year.

## Use Schools

ent buildings could in some instances be air-conditioned. Better salaries could be paid teachers, thus inducing more adequately-trained persons to enter the profession of teaching. A sufficient number of substitute teachers could be engaged to permit the regular teachers to have time out for summer-school work and a vacation. All of this and more could be done at less cost and greatly to the advantage of the education of our children if we were to keep the schools going throughout the year with intensified instruction of half of the enrolled pupils attending schools for two alternate periods of three months each year, the other half similarly following the intensified instruction program.

"Can this proposal be made to work? Of course it can. We changed over from the one-room schools to a centralized consolidated school, transporting the pupils from considerable distances by bus. It is generally recognized this change is an improvement. To make full-time use of the present school buildings instead of continuing to allow them to be closed one-fourth of time would be another big step in the right direction, making for better instruction and saving the taxpayers no telling how many millions of dollars that thousands of big new school buildings will cost them if the present school building crusade is continued instead of changing over to the proposed full-time use of our school buildings and facilities."

•A Fifth Sunday Evening Service will be held at United Church of the Brethren next Sunday at 7:30 p. m. The Rev. Fred Edge will officiate.

## Credit Terms "Unjustified" Wheat Says

"The drastic and unjustified automobile credit terms, which were imposed on the American public on October 16, will not only make it impossible for many local wage-earners to purchase transportation, but it will also have a grave effect on our national economy," C. L. Wheat, of Wheat Chevrolet, Inc., warned this week. Wheat is area chairman of the National Automobile Dealer's Association.

"In reducing the time limit on payments for all new and used cars from 21 months to 15 months," Wheat continued, "the Federal Reserve Board has discriminated against essential occupations. Many Prince William workers will be unable to purchase needed cars until monthly payments are again reduced to the sensible levels at which they were formerly purchased."

"Moreover, the new harsh terms will force a serious slow-down of the vast automobile industry and a drastic curtailment in employment affecting almost every community. One out of every seven workers in the country is employed in some branch of the automotive industry and, if cars cannot be sold, factories will have to slow down production and every segment of the industry and its suppliers will be forced to cut pay-rolls."

"The new terms by creating havoc with essential transportation and crippling one of the nation's greatest industries will obviously have a grave effect on our entire economy that will affect everyone, not just those directly connected with the automotive industry."

## WOMAN'S CLUB

Members of the Woman's Club of Manassas were happy to welcome back Mr. and Mrs. Richard Haydon of Richmond, for their meeting Monday night at the V. W. Home. Mr. Haydon who was former Superintendent of Schools in the county and is now assistant state

superintendent of schools, was the guest speaker. He discussed education today which stresses action and development as an integral part of the learning process, and compared our present ideas on education with those of a few decades ago. He said children cannot be prepared for citizenship unless they live and practice citizenship in school. His plea was for women to become more interested in their schools.

In honor of United Nations Day, the club sang the United Nations song and displayed the United Nations flag.

In the business session Mrs. Elenora Henry reported on the Fourth district meeting which she attended in Arlington this month. Members were reminded of the coming election and urged to vote by the civic chairman, Mrs. Edgar Parrish.

One new member, Mrs. J. F. Harrell was voted in, making the present membership of the club 104. Luella Futsler.

Another drill was given, spelling out the state councilor's name. Miss Ira Breeden gave a reading of the state councilor's life history.

Mrs. Lick was presented two lovely colonial plates by Goldie Mathias. Delicious refreshments were served at the close of the meeting.

Mrs. Charles S. Kirby of Greensboro, N. C., Mrs. J. H. Heritage, and Mrs. Edward Murray, both of Burlington, N. C., spent the weekend with Mrs. Thomas C. Price in Manassas.

## You Can't Build A Better Mousetrap!

"They're not the best-looking boarders a man ever had," Hack Turner said one day, "and they've got awful tempers. But I've found it pays to have 'em around."

Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a

month. Farmers that kill barn owls are throwing away the best mousetraps known to man!" From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!

## Greenwich

By Reba Hopkins

Twelve people from the Greenwich Presbyterian church attended the Parish meeting at Catlett on Saturday evening. After supper and a bit of fun, Rev. Albert Winn led the Devotional; this was followed by a business meeting, with reports from the committees of the Potomac Rural Parish.

It was indeed a privilege to hear Dr. Winn and his sister, Miss Emily Winn, at the Rally Day meeting at Bealeton on Sunday. All churches in the Parish were represented at this annual all-day meeting. Dr. Winn and his sister have been missionaries to Korea for over thirty years; they were forced to come back home because of the present war there. They spoke of the Korean Christians as being very dear friends and were very much concerned over the safety of many of them.

Best wishes go to Mr. and Mrs. Worth Jackson who were married last Monday. She was the former Miss Frances Garner of this community. They are making their home in Manassas.

Mrs. J. M. Spittle, Mr. and Mrs. James Boley, and Mr. and Mrs.

Stuart Kline visited Mr. and Mrs. Henry Boley in Washington on Sunday.

Mrs. Harry Cargile and children expect to move to Camp Pickett where her husband is stationed, within a few weeks. They have purchased a nice three-room trailer house. Sgt. and Mrs. Emmitt Goodnight expect to move into their vacated home.

The community is sorry to hear that John Spittle, who has been stationed at Camp Campbell, Ky is being sent to an unknown (to him) destination.

Rev. Albert Winn will conduct services at the Presbyterian Church here on Sunday. The student minister, Mr. Joe Flora will conduct services on the first Sunday in November.

A chapter of the National Beta Club, a service-leadership club for high school students was formed at Occoquan High School, last Thursday. Barbara Persons was elected president; Norma West, vice-president; Mildred Russell, secretary; and Becky Lynn, treasurer.

Crippled Children's Hospital in Richmond is making an appeal for contributions on their Donations Day, Nov. 21. The Hospital again is being operated at a deficit. It is \$56,700 short of its \$200,000 budget.

## LUSH PROMISES OF SUDDEN HEALTH

• Much of the advertising on subjects pertaining to health which we see and hear these days is misleading. Investigation will prove that many advertisers of medicinal products have no training in either medicine, pharmacy, or chemistry. Thousands of dol-

lars are wasted every year on asthma cures; oral treatments for diabetes; cancer remedies; and countless other nostrums. Please remember that there are no secrets in clinical medicine. As soon as the value of a remedy is satisfactorily proved it becomes the common knowledge of all physicians. Don't be misled. When you need medical care consult your own physician. When he writes a prescription bring it to us to be filled.

# Got any money-making ideas?

**B**EEN THINKING of a new gadget or way to make work easier and life more enjoyable?

Well, go ahead and work it out. Maybe you'll strike it rich with such an idea—if it's really good. And more power to you.

But at the same time—just in case—shouldn't you do this?

Start buying U.S. Savings Bonds—through the Payroll Savings Plan.

They pay you \$4 for every \$3 invested, within ten

short years—and no work, no trouble. The whole thing's completely automatic.

All you do is tell the cashier where you work to tuck away so much money for you each payday. You just keep getting the Bonds—the Bonds keep getting worth more, day by day.

Pretty soon, you're well on the way to financial security. And if, in the meantime, you *should* strike it rich—well, would having some extra money do you any harm?
