Pfc. David P. Walters, 19, son of Mr. and Mrs. Charles Walters of Canova, died October 10 of wounds received in Korea, according to Defense Department announcement to his parents. Pfc. Walters, a former Osborn High School student, enlisted in the Army at the age of 17.

Manassas' National Guard Unit stood inspection last night for Col. Henry C. McLaughlin, of the Adjutant General's office, Richmond. The men heard reports that uniforms and vehicles are expected for them before the end of the month, and also that their headquarters, a \$5,000 annex to Osborn gym, will be constructed before the first of the year.

Travel figures released this week by the State Highway Department hold the answer to congested road conditions throughout Virginia. During the fiscal year which ended June 30, daily travel on the 9,000-mile primary highway system totaled 14,027,576 vehicle miles, an increase of 11.64 over the previous year. On primary roads of Prince William County, a total of 266,452 vehicle miles were rolled up daily.

Orville R. Hersch, Manassas, and Mark S. Kerlin, Nokesville, will represent Southern States from this area at the 27th Annual Meeting of Southern States Cooperative in Richmond, November 9 and 10.

Sheriff John P. Kerlin announced this week that three of his deputies, Roy A. Wright, R. F. Hoskins, and Robert Alvey, have been attending the F.B.I. Zone School for law enforcement officers at Orange County Court House, Orange, Va., since October 23. Town police are also attending the classes.

Mrs. R. Worth Peters, clerk of the Prince William County Board of Selective Service, announced this week that the following men are slated to report for induction into the armed forces on Friday, November 5, at Richmond: Sydney Bryan Bryant, Manassas; Joseph Ashby Yoder, Manassas; Rene McCorn, Haymarket; George Howard Dawson, Haymarket; Archie Daniel Arnold, Woodbridge, and Thomas Herbert Robinson, Broad Run.

The Fine Arts Section of the Woman's Club of Manassas is sponsoring an art exhibit again this year. The exhibit will be held in the basement of the Methodist Church on November 9, from 2:30 to 5 p.m., and from 7 to 9 p.m. The public is invited. Anyone wishing to exhibit paintings, ceramics, trays, or textile painting, please take them to the Methodist Church before 11 a.m. on Thursday, November 9.

The State Highway Department will receive bids on November 28 for 24 miles of hard surfacing on Secondary Route 538 between Bethel and U. S. Route 1.

Three steers belonging to E. R. Conner of Manassas were found drowned last Saturday. Veterinarian Dr. John Waters performed a post-mortem and sent stomach contents to a laboratory. Source of the unidentified poison has not been determined, but Waters suggested that it might have come from paint cans (white lead) or fertilizer, which is a gastric irritant. The steers were valued by Conner at \$250 - \$300 each.

County Agent Frank Cox recommended this week that hogs be butchered when they weigh about 200 pounds, rather than attempting to fatten them further. Cost of feed of producing 100 pounds of pork increases almost 100 per cent as the hog grows to the 300 pound class.

Judge and Mrs. Howard W. Smith were guests of honor at a reception sponsored by the Women's Executive Committee of Fairfax, Sunday, October 29, at McLean, Va. The Ladies Aid Society of Manassas and the Baptist Church will meet at the home of Mrs. I. E. Cannon, Tuesday, November 7, at 8 p.m.

Fairfax County Police will sponsor a hillbilly and western chicken fry and barbecue Sunday, November 5, from noon until 10 p.m. at the Hybla Valley airport hangar. Proceeds will be used for the Police Safety Education Program.

E. D. Hanback, Manassas, recently purchased a registered Ayrshire, according to the Ayrshire Breeder's Association.

## CWA ORGANIZES CENTRAL MUTUAL EMPLOYEES

### Few Vandals Mar Halloween Festivities Here

Halloween vandalism was kept to a remarkable low Tuesday night, as hundreds of children and teenagers romped and scampered, and certain of immunity, on one night of the year, gaily soaped shop windows while harassed proprietors could only look down their noses and force a grin, for fear of much worse doings when their backs were turned.

A gala parade, sponsored by the Kiwanis Club, replete with small goblins and half-pint spooks, was momentarily disrupted when parading firemen and their engines had to answer a fire call. Somebody had tossed a firecracker under the hood of a truck parked on Church Street. Mrs. George B. Cocke heard noises and, coming out of her house to investigate, saw several kids fleeing the scene. Noticing flames leaping from the truck, she called firemen who brushed scores of children off their trucks and answered the call. The fire extinguished, the firemen returned to Center Street, scores of children again climbed aboard the engines, and the parade was resumed.

About 500 people jammed Osborn High School auditorium for the crowning of a king and queen and then adjourned to Osborn gym where Kiwanians served cider and donuts.

The Rev. E. Guthrie Brown, upon returning from Osborn where he had been judge in the costume contest, discovered his front porch loaded with trash. An accusative finger points at Durwood Grebb, the Rev. Brown says, since a laundry ticket bearing Grebb's name was found in the trash.

Not all was horseplay, however, as a carload of boys drove around town, tossing lighted firecrackers out of the windows. One firecracker exploded against the cheek of a small boy standing on the corner of Center and Grant Ave. The boy's father ran out to help his son, and the boys in the car stopped, got out, and one struck the father in the eye. Town police later rounded up the seven and issued summons for them to appear in Mayor's Court on November 8.

Police reported the names as Robert M. Schaeffer, Harold Lester, Billy Fletcher, E. C. Shortridge, Billy Gavin, Eligha L. Hensley, and Earl Leach. Ages were not available, but all but one were believed to be teenagers.

With the exception of this incident, nothing serious happened, although police working overtime, answered about 20 calls. Destruction of property by pranksters was reported as light and a knifing reported to police was unsubstantiated.

Pranks included: Attempted forceful entry into the Episcopal Church belfry. The trapdoor was found sprung, but entrance had not been effected.

Water pipe was placed across Quarry Street and saw horses were strung across Battle Street behind Cocke's Pharmacy.

Town Manager James Ritter reported that six signposts were torn up and scattered around town.

One Manassas resident reported that her porch rug was thrown atop her house.

A bicycle was thrust half way through the window of an auto parked on Main Street.

Several mailboxes were reported missing.

And, strangest of all, no damage was reported at any of Manassas' schools.

### Committeemen Nominations Announced

Nominations were made this week for the election of community Production Marketing Administration committeemen. November 16 is election day.

Three committeemen will be selected from each of three communities, and delegates will be selected to the County PMA convention, to be held in Manassas November 17.

Nominees for committeemen are as follows:

Brentsville Community: B. James Moss, P. E. Rollins, W. F. Hale, Raymond Ellis, A. O. Mauck, Kemp Clemens, Ed Michael, L. R. Cowne, T. Gally Wood, and Harry O. Swan.

### PERFORMANCE, NOT PROMISES

The Manassas Journal heartily advocates the reelection of Howard W. Smith to Congress from the 8th Congressional District. Congressman Smith is one of America's greatest statesmen, and the people of Prince William County should be proud to cast their vote for him. Judge Smith is well known in this County where he presided as a Circuit Judge for many years. He was born and reared in the neighboring County of Fauquier. His distinguished record in Congress has spread upon the columns of weekly and daily newspapers, not only in this District but throughout the land, for many years. The people of Prince William County will show their appreciation of Congressman Smith's long and valuable service by giving him an overwhelming vote on November 7.

### "A CHILD WENT FORTH ONE DAY"

Next Tuesday the voters of Prince William County go to the polls to vote on the proposed \$2,400,000 bond issue for schools construction in this County. This is a matter of vital importance to every eligible voter, for the method of financing a building program will determine how soon money will be available to meet the incontrovertible need for new schools. Will the voters of Prince William allow their children to attend schools which are presently distinguished by grossly inadequate buildings and facilities? The Journal thinks they will not!

There is no sound basis for argument over the immediate need for additional school construction, as proposed in the School Board's revised building program of August. The need is urgent, and voters must act to remedy a situation which, if uncorrected, can be expected to exert a crippling influence on the lives of our children. Clearly, there is but one known way to acquire necessary funds for school construction, and this lies in the passage of the bond issue.

During the last five years, enrollment in Prince William public schools has increased by 800 pupils, or about 25 per cent. Further, it is predicted that this rate of increase will not only continue, but will be accelerated. This prediction is substantiated by figures compiled in a recent survey of pre-school age children who will be storming the doors of our schools within the next five years. At present there are 383 six-year old children in the County, 447 five-year-olds, 450 four-year-olds, 618 three-year-olds, 587 two-year-olds, and 594 one-year-olds. In other words, facilities for first grade students are already over-crowded and yet a 68 per cent increase within five years is a certainty. This is based only on the present population of the County, and an even greater increase reasonably can be expected with the influx of new residents.

The population of Prince William has practically doubled during the last 20 years, while there has been proportionately little capital outlay for schools during this time. Older residents of the County hardly could have foreseen this increase. But, the people are here and they are still coming. New residents are building their homes among us and they are sending their children off to our schools. They are demanding more adequate schools and they do not oppose a bond issue because of a melancholy awareness that even the proposed new schools will eventually become inadequate also. Indeed, one of the most pertinent questions a new resident of any community might ask is, "How good are your schools?" If the answer is unconvincing, the prospective taxpayer has a compelling reason

The Selmer Women's H. D. Club will have their regular meeting one week later than usual because of election day being on their regular meeting day. There will be an all-day meeting at the Fire House on Tuesday, November 14, when the women will be making chairs of all sizes.

Are you planning to eat your supper at the Nokesville Church of the Brethren on Friday evening, November 10? We hope so! Suppers for adults will be just \$1.00, children, 50c. Mrs. A. D. Sines, Mrs. S. D. Somers and Mrs. J. B. Fearneyhough are making the plans for a sales table which will provide a wide variety of articles for sale. There will be plenty of home made wovens rugs, applebutter (they are boiling again Wednesday at Garmans'), pies, cakes, fancy work of all kinds, aprons, dressed chickens, canned foods of all kinds, apples and plenty of unusually lovely Christmas cards.

### Miss Lloyd New Secretary For State SCA

Miss Elizabeth V. Lloyd, of Manassas, has been elected the Student Co-operative Association Executive Secretary of the State of Virginia. It was learned this week Miss Lloyd will begin her new job in Richmond on November 8. Her duties will include supervising and co-ordinating the SCA, a system of student government, in schools throughout the State.

Miss Lloyd is a native of Prince William County, having been born near Greenwich. She attended elementary and high school in Manassas, graduating from Osborn High School in 1937. Her collegiate training was received at Randolph-Macon Woman's College, from which she graduated in 1941 with a Bachelor of Science degree.

Since her graduation Miss Lloyd has been teaching at Occoquan District High School. Her primary interest has been in the field of health and physical education for boys and girls. She has participated in workshops at both the College of William and Mary and Emory and Henry College. During the war years she was Director of Physical Education for both boys and girls for Occoquan District High School. More recently she was Girls' Physical Education Director at Occoquan and a member of the State Advisory Committee on Girls' Physical Education.

Miss Lloyd sponsored the Prince William County Federation of SCA's, and for the past two years she has been faculty sponsor for the Occoquan SCA. She served for two years as President of the Prince William County Teachers Association. She is a member of Trinity Episcopal Church.

Miss Lloyd is the daughter of Mr. and Mrs. William L. Lloyd, of Manassas.

### Air Defense Command Reorganizes

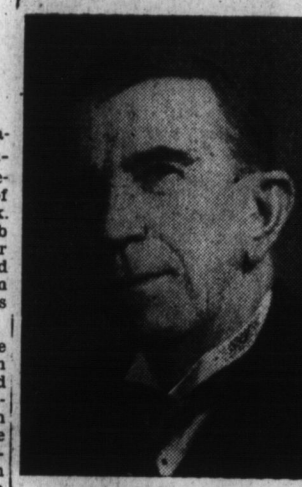

Manassas Air Defense Command will meet Friday night in Town Hall to plan for tests to be conducted Saturday and Sunday.

William A. Barbee is head of the newly formed air observation system and Edgar Parrish is chief spotter. About 70 men have volunteered to serve as watchers from the observation post being installed atop the firehouse.

The Manassas unit is a part of the Ground Observers System of the Eastern Air Defense Command, which is being reorganized. The Command was discontinued following the end of World War II.

Two Greenwich men are recovering from injuries received in recent accidents. Mr. Newman Hopkins fell from a load of hay October 26, resulting in a broken leg and a cut on the head. Mr. Henry Spittle fell from an out-building on October 31. He was treated at Warrenton Hospital for a broken hip.

### "Only Hard Work"

Howard W. Smith

Speaking last Saturday to a packed courtroom in Manassas, Congressman Smith told Prince William democrats that 20 years ago he had promised nothing but hard work, and that he promised nothing now but hard work.

### A PROCLAMATION

Whereas, free education is a fundamental concept of free men; and  
Whereas, our public schools are the mainstay of free government; and  
Whereas, we are now engaged in a struggle to preserve this and other free governments from the force of totalitarianism; and  
Whereas, our schools are making a special effort to emphasize to our young people the responsibilities and obligations of citizenship, now,  
Therefore, I, Harry P. Davis, Mayor of the Town of Manassas, do hereby proclaim November 5th through November 11th, 1950, as American Education Week in Manassas, and do urge that all of our citizens join with teachers in ceremonies designed to impress firmly in our minds and in the minds of our children the true meaning of "Government Of, By, And For The People."

Signed—  
HARRY P. DAVIS,  
Mayor of Manassas, Va.

### Rice Resigns; Successor Not Named

Manassas Councilman James E. Rice resigned last Monday night in a letter to Council in which he expressed gratitude for member's kindness and cooperation. The resignation was accepted "with regrets."

Rice's term was due to expire in June and the three remaining Councilmen will now elect a member to fill out the unexpired term. Council attempted to have Mayor Harry P. Davis appoint a successor to Rice, but found that this was prohibited by the Town constitution, which requires Council to vote on a new member in such a case.

It is believed that Rice resigned for reasons of health which situate a hardship for him to sit out the long, sometimes argumentative sessions of Council.

No possible successors have yet been considered.

The boys' team, which finished third in the annual American Legion

Gold Medal Tournament last year, is expected to show much improvement over last year's squad. The same members of last year's team will be back in addition to several new players, who will, it is believed, give the team the needed power to

win a game, a number of which were lost last season only by small margins. Gene Worley will coach the boys' team.

The Hawksites will also add several new players to their roster for the forthcoming season. No coach has been announced for the girls' team.

Mrs. Beulah Mayhugh, of S.rah Rebekah Lodge No. 58, Manassas, who was elevated to the chair of president, appointed Mrs. M.ry DeYoung as her co-conductor. Mt. Vision is very proud to have two of its members hold office in District No. 8.

A lovely banquet was enjoyed by everyone after the afternoon session.

The evening session convened at 7:30 p. m., at which time Laurel No. 44 conducted a Model Lodge, and Mayflower No. 35 exemplified the Rebekah Degree. Both of these were accomplished in top fashion, were accompanied in top fashion, and after which the meeting was adjourned.

Ocoquan's Mt. Vision Rebekah Lodge No. 1 was well-represented at the twenty-ninth annual meeting of Rebekah Lodges in District No. 8 which met with Laurel Lodge No. 44 at Falls Church on Saturday, October 21. Those members attending from Ocoquan were: Mesdames Gladys Nelson, Vernelle Steele, Mary DeYoung, Mabel Petellat, Sophia Adams, Clara Johns, Mildred Harton, Minnie Reno, and Mary Wolfe. Also present were Messrs. Allen Reno and Howard Petellat.

Mrs. Katherine Martin, of Falls Church, President of District No. 8, presided over a most impressive afternoon session, which was well-attended by members from 12 lodges. Each lodge representative at the meeting gave very interesting accounts of the accomplishments of her lodge during the past year.

Mt. Vision No. 1 participated in the meeting by draping the charter in memory of all members who had died during the past year. This was very impressively done under the direction of Mrs. DeYoung; those assisting her were Mesdames Harton, Reno, Steele, Wolfe, and Mr. Petellat.

Mrs. Mabel Petellat was unanim-

to move on to a community where schools are good.  
Methods of financing the building program have been frequently discussed during recent weeks, but no proposed plan, other than a bond issue, offers to provide immediately the needed funds. Some opposition to the bond issue has been based on the notion that if it passes, then the School Board will be authorized to spend not only the amount of the bond issue, but \$1,965,000 authorized in the Literary Loan application as well. While the bond issue resolution is to be submitted to voters in the referendum does not provide for the nullification of the approved Literary Loan application, members of the School Board have publicly stated that if the bond issue passes, they will consider the application as dead.

Other opponents of the bond issue have questioned the need for it, since the Board of Supervisors this year approved the Literary Loan application. But Literary Loan funds would not be available to this County for several years, and the need for schools is immediate. The State Board of Education informed the Journal yesterday that there are outstanding applications for Literary Loans in excess of \$13,000,000 while there is only \$1,000,000 on hand to meet these applications. The State Board advised further that it would probably be six or seven years before Prince William could expect to obtain the entire sum of its application.

In addition to obtaining money immediately from a bond issue, the money could be gotten at a lower rate of interest. R. C. Powell, cashier of People's Bank, thinks it probable that the bonds might be sold at 1.75 per cent interest, while State law requires a rate of 2 per cent on Literary Loans.

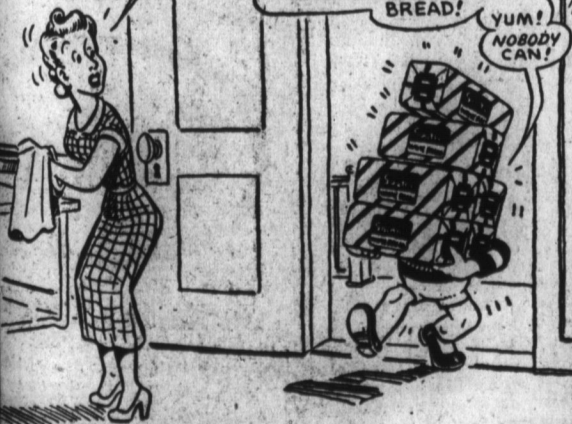

The County can ill afford to dally with the education of children now in school by waiting some 6 or 7 years in the hope of obtaining money from the Literary Fund for facilities needed now. We believe that there is a solemn obligation of the people of Prince William County to give our children now in school the buildings they need now. Each building 6 or 7 years hence will be of little comfort and value to those of our children who will long since have left our schools.

Also, any Literary Loan would be a direct obligation of the County, and the methods of enforcing payment of that obligation would be just as stringent as those used in enforcing payment of outstanding bonds of the County.

Just as it is squarely up to each parent to assure his child of affection and understanding, it is the solemn responsibility of each voter in Prince William County to support this bond issue and assure not only his own child, but every child, of adequate schools that will afford opportunities of learning and training necessary for successful living in a competitive, democratic society.

### County Agent's Notebook

BY CHARLES HALL, JR.  
Assistant County Agent  
Although it is too late to seed ladino clover this fall many of us would like to start planning for new seedings next spring. More ladino clover pastures have been seeded in the county this year than during the past two or three years combined. It is my guess that we

will seed more and more of this plant since it is becoming recognized as a plant which will produce more high protein, and succulent grazing per acre than any other combination of grasses and clovers now used in Virginia. It contains about 20 to 25% protein, and is high in minerals. It enables the farmer to grow a larger part of his home grown crops and minerals which is becoming more and more important in lowering production costs.

Just what is ladino clover? Ladino clover is a giant type of common white clover. It is a perennial plant which sends up large leaves on long stems, originating from heavy, fleshy runners which root at the nodes or joints. Its culture and soil requirements are more exacting than those of common white clover, but there are stands of ladino clover in orchards grass in Virginia that are over 10 years old and still provide grazing for 2 or more units per acre.

Ladino Clover is adapted to all parts of the state and on most soils even though they may be thin or of sandy nature. It is adapted to all of the soils found in Prince William County where heavy applications of fertilizer are used. It is a plant which is very draught resistant and yet it will grow in soils of a wet nature.

In planting ladino clover it is important that the seed-bed be well prepared and compact. In general thorough discing and the use of a cultipacker before and after seeding will be sufficient.

Because ladino clover is highly productive, heavy applications of plant food are necessary on most soils for best results. A PH of about 6.0 is required for ladino clover which means that we should apply approximately two tons of lime per acre unless our fields have been recently limed. In addition we should apply at least 900 lbs. of a 2-12-12 fertilizer per acre and for best results should apply up to 1000 lbs. per acre. Our pastures should then be top-dressed annually with 600-800 lbs. of 0-14-

For additional information concerning the seeding of ladino clover pasture contact the local Extension service office and we will be glad to assist you with your spring seeding plans.

### Helps prevent stalling\* in your car!

NOW, FOR THE FIRST TIME IN MOTORING HISTORY—a revolutionary new fall-grade gasoline that resists stalling... annoying conk-outs at traffic lights or parking, and that sputter-and-stall trouble during the first few minutes of driving on damp, chilly days.

It's especially good in cars with AUTOMATIC TRANSMISSIONS—where restarting after stalling is more troublesome.

IT'S ANOTHER BIG EXTRA FOR YOUR MONEY IN ESSO EXTRA—the high-test gasoline long famous for quick starting, fast warm-up, high anti-knock power and long mileage! And ESO Extra is the ONLY premium gasoline with patented ESO Solvent Oil that fights harmful engine deposits.

Don't stall another day...  
try a tankful right away!

And when you're in, there's no better time to let your ESO Dealer give your car a complete check-up for the winter driving you'll be doing!

### \*Don't let this happen to you!

Stalling that occurs on cool, humid days (30° to 55° temperature, humidity above 65%) is generally caused by carburetor "icing." Evaporation of the highly volatile gasolines required for modern cars has a refrigerating effect which freezes moisture out of the air, accumulating icy frost in the carburetor. New Fall-Grade Anti-Stalling ESO Extra Gasoline helps eliminate this cause of stalling, which is experienced with most cars on the road today. It will not, of course, prevent stalling caused by faulty carburetor adjustment or electrical failure.

## SOCIAL SECURITY NEWS

**YOUR NEW SOCIAL SECURITY**  
By Ruth G. Duffy, Manager  
Alexandria Social Security Office

Today, something about the kinds of agricultural labor that can count toward social security. In most kinds of farm work the employee has to meet the regularity tests, which are: work continuously through a calendar quarter to establish a service relationship; be continuously employed by the same operator; and earn not less than \$50 cash wages for 50 or more days of work in each consecutive calendar quarter.

The work subject of these regularity tests is any work in connection with the cultivation or harvesting of crops or the raising and caring for livestock on a farm in the ordinary meaning of a farm. The same kinds of work on specialized farms as poultry, truck, nurseries, greenhouses, or orchards can also count toward social security. Also preparing livestock or harvesting crops for market in an unmanufactured state or delivering them to market comes under social security. If the farmer for whom the employee is working produced it. In case farm operators jointly more than one-half of the commodity prepare and deliver their crops to market or storage, the work can count toward social security if the cooperating farmers produced all of the commodities on which the work is done.

In most other work with agricultural products, usually done off the farm, all of the work counts toward social security regardless of the amount of time worked or the wages earned. In other words employees are not subject to the regularity tests. It includes work for commercial handlers in preparing fruits and vegetables for market and for farmers' cooperatives. These types of agricultural labor will also be covered beginning January 1.

There are two kinds of agricultural work that will not come under social security as of January 1. They are the ginning of cotton and the production of gum resin, turpentine, and other naval stores by the original producer of the crude gum.

## DON'T TAKE HIS ELECTION FOR GRANTED

Howard W. Smith

**EXPERIENCE**  
Not Experiments

**PERFORMANCE**  
Not Promises

The situation in the world is too serious this year for us to take any chances about the election of a man of wisdom and experience to Congress.

We have that kind of a man in our old friend, Howard W. Smith.

"Judge Smith" as we home folks know him, has been a helpful friend in time of need. He has been a tireless champion of the interests of his district.

HE IS ALSO RECOGNIZED AS ONE OF THE TEN ABLEST MEMBERS OF THE HOUSE OF REPRESENTATIVES.

Author of the Smith Anti-Communist Act, Judge Smith is a No. 1 enemy of Communists both within and without the United States.

Judge Smith has been a bulwark of sound policy in domestic affairs, equally a bulwark of the nation's effort to achieve stability and peace in a strife-torn world.

His defeat would be a major loss to both our district and the nation. But we are not thinking in terms of defeat. This is the time to crown Judge Smith's long years of service with the biggest majority he has ever received.

We need him, the nation needs him.

Go to the polls next Tuesday, take your neighbors and friends, and-

## Nokesville

On Sunday morning at the 11:00 service a presentation of all monetary gifts for the building funds will be made from the various organizations of the church and a special dedication service will follow.

On Sunday evening, November 17, the Motette from the Washington City Church of the Brethren, with David Welmer, conducting, will sing at 8 p.m. They are coming again this year, as they did last, to give this service for the benefit of our building fund.

The District Roundtable of the local Brethren Churches will be held at the Valley Church on Sunday afternoon and night. The afternoon service will be at 3 p.m. The young folks are asked to bring a box supper. The evening service will begin at 7:30 with the devotional service with Miss Joyce Moyer in charge. Dr. Warren D. Bowman will be the guest speaker throughout the Roundtables. Everyone is cordially invited to the evening meeting.

The Valley young folks entertained a very large crowd of young people in their church basement on Saturday evening, at a Halloween party, complete with games of all kinds and plenty of refreshments in keeping with the season. Ernest Hooker attended Homecoming Activities at Bridgewater College over the week-end. He took along with him Mr. and Mrs. O. D. Landes, who spent the week-end with Mrs. Landes' relatives.

Mr. and Mrs. Joseph Bender, they are our Amish friends living in the Hale tenant house, have a new baby girl born on Monday night. Mrs. Harry Miller, Mrs. Warren Hale, Mrs. R. S. Bowman, Mrs.

Willard Wilkins, Mrs. N. N. Free, Mrs. W. R. Free, Mrs. S. D. Somers, Mrs. G. J. Slothuber, Mrs. Ellen Prew and Mrs. J. F. Hale attended the county H. D. meeting at the Dumfries Methodist Church Church last Thursday. Mrs. Hale presided over the business of the day. She is the retiring president. All the ladies who attended enjoyed so much the interesting account of her trip to Copenhagen, Denmark made by Mrs. Ernest Keller. She had returned on Sunday and this was her first talk about the trip.

Mrs. Clara Hale spent several days-away with her homefolks here from her nursing duties at the Arlington Hospital. Mr. and Mrs. Warren Hale took her home on Monday evening.

Mrs. Carey Crismond and the little twins have been enjoying Nokesville's sunshine the past few weeks. Those little girls certainly love to be pulled in their little red wagon.

Mr. and Mrs. Ren Petet wrote the Rigleys that they have named their little boy, Arthur Carl.

Mr. and Mrs. Howard Payne and Dixie, and Mrs. Warren Hale and Bobby enjoyed a drive over to their camp in the mountains on Sunday. They even had the thrill of seeing several deer and some wild turkeys. The "hunting bug" is beginning to bite a few of our men these days.

Mr. Billy Kirschmer of Washington, D. C. spent Sunday with his sister, Miss Kitty Kirschmer in her

apartment at the McMichaels'. Mr. and Mrs. Harry Hoffacker and Mr. and Mrs. Ralph McCartney and son, Ronnie, of Greenville, Pennsylvania spent the week-end with the Whetzel, Shepherd, Bowman families. They visited the Mark Kerlins, also former neighbors of theirs, on Saturday morning.

Mrs. Pearl Miller, of Oakton, spent last week with Mrs. Mary Miller.

Mrs. Harry Smith and her daughter and son-in-law, of Bergton, spent the week-end with the David Yankeys and John Randalls.

Mrs. J. P. Hale's arm seems to be healing satisfactorily. She expressed her thanks to all her many friends who have been so nice to remember her with cards, flowers, food and other things while she has been feeling so bad.

The Max Shepherds were Sunday dinner guests of the Ted Shepherds. In the afternoon they all and the Wilkins family had a wonderful time walnut picking in the Shepherds' woods.

Mr. and Mrs. Cleveland Flory and Brenda, Mr. and Mrs. Eugene Flory and Leland, Miss Francis Owens and Mr. John Bear were Sunday dinner guests of Mr. and Mrs. Clifford Bear. The dinner was a surprise for Clifford on his birthday.

The Fifth Sunday night Community Service was well-attended at the school on Sunday night. Forty-four dollars was realized from the offering, which will go to religious education work of our district. Rev. P. D. Martin, from the Warrenton Methodist Church delivered a very inspirational sermon.

The folks at the Aden E. U.B. church were very well pleased with the wonderful co-operation their neighbors gave them by attending the Halloween party they planned for last Wednesday night. The Nokesville band gave a wonderful performance and everyone enjoyed the refreshments, cake, walks, etc.

The young folks of the Nokesville Church of the Brethren were equally well pleased with their Halloween party to which a very large crowd of folks came for an evening of games, cats, and all that goes with a Halloween party. The young folks and worked hard for this was their first venture in entertainment for quite a while, and they were well rewarded for their efforts.

# DO YOU KNOW THE FACTS?

IN support of the proposed bond issue, a plea has been made that the County is already obligated to borrow the money from the State literary fund anyway, so we might as well pass the bond issue and get the money more quickly.

## What Are The FACTS?

In November 1949, the Prince William County Board of Supervisors approved applications to the State Board of Education for literary loans in the total amount of \$1,965,500 and this action was further confirmed by action of the Board in March, 1950. This was done on the advice of the Superintendent of Schools that it was necessary to get all the applications in early, as the money would be distributed according to date of application. All of these loans have been approved by the State Board of Education subject to release when funds are available.

In addition, there has been available since July 1, 1950, \$172,836.28 — a cash grant under the Battle plan for Prince Wil-

liam County whenever plans for school buildings are approved by the State Department of Education — and \$25,000 of this has been allocated to the Washington Reid School. There will be available July 1, 1951 about \$85,000 under this plan.

Thus, Prince William County can probably get in the next few years about \$2,198,000 for school buildings.

The present valuation of all school buildings in Prince William County (except the Technical School and the Regional High School) is less than \$1,000,000.

But by this method, a loan is made for a specific building project and the funds must be spent on that project.

At the present time, the State Board of Education is releasing literary fund money whenever the plans for a school building are ready, regardless of when the application was approved.

But despite the fact that they have had the authority since April 1950, the Prince William County School Board HAS NOT submitted any plans for any building in order to start its building program.

## Now What Is the Obligation Under the Bond Issue?

In September 1950, the School Superintendent asked the Board of Supervisors to request the Circuit Judge to order a referendum on a \$2,400,000 bond issue for building school houses, acquiring and improving sites, etc. He explained that the resolution had been carefully prepared by attorneys for a New York bond firm.

However, whether by error or design, the resolution did not state that the previous applications for literary loans would

be withdrawn if the bond issue was approved.

So the net result is that if the bond issue is approved, the Prince William County School Board, subject only to the proviso that plans for buildings must be approved by the State Department of Education, has full authority to borrow on the credit of Prince William County, to be repaid out of tax revenue, the sum of \$4,365,500; until \$2,400,000

of this may be spent anywhere they see fit.

Two things are facts. The need of more school buildings and that they must be paid for by taxes.

Let's build them as quickly and as economically as possible but let's keep control of our finances in the hands of the elected representatives of the people.

## CLUBS

### GARDEN CLUB

On Tuesday, October 24, Mrs. Wm. Flory entertained the monthly meeting of Manassas Garden Club at her residence, the historic home of the Ewells of old "Bel Air" in lower Prince William. As the cars came down the long driveway, guests were met in Virginia manner. Assisting in the honors of the occasion were Mrs. Flory's mother-in-law, Mrs. Flory Sr., of Ohio. This ancient mansion, that has stood the storm and stress of more than two centuries, is not only being architecturally and authentically "restored," but knows again the charm of former days when our country's history was in the making by Washington, Jefferson, Mason, Fairfaxes, Harrisons, Ewells, Weems, and many other notables.

In the spacious and elegant "parlour," the president, Mrs. John Watson Cox, directed a brief business session of the Club with the following announcements: Third Annual Show of the Nat'l Orchard Society on the 28 and 29 inst.; invitation to Garfinkle's luncheon and fashion show at the Shoreham on Nov. 8; Club's local window flower display under the appointment of Mrs. V. E. Dillike chairmen of judges on Christmas decorations by Manassas homes and business houses; acceptance of Mrs. Nicholas Webster's invitation for Nov. meeting, with dried flower arrangement program.

By request of the president, Miss Isabelle Hutchinson gave a resume of the life of Mason Locke Weems (originally "Parson" Weems), who was born 187 years ago this month of October. It was here that the Parson courted and married the beautiful Fannie Ewell (niece-in-law) of Dr. Jas. Craik of Revolutionary fame and intimate friend of the "Immortal George." It was here the parson lived and it was near the old mansion that his remains were placed (1826) "neath the cedars in the Ewell family burying ground."

The sketch closed with a tribute by a descendant of the Parson: He had a kind heart, he was an ardent American, an exemplary neighbor, a loyal, devoted husband, a loving father. What more could be asked of any man. It seems that every Virginitian should be proud of the achievements of a citizen whose literary output had wielded such wide influence for good in the nation—May the good Parson rest in peace at "Bel Air" in his beloved Virginia, and may every

American carry his memory in grateful appreciation." Then these lines (slightly altered) by the late Alice Maude Ewell of "Dunblane", upper Prince William.

America, 'tis of thee,  
Cradle of Liberty,  
Of thee we sing.  
Land where our fathers died

Home of their joy and pride,  
Round thee on every side  
Let praises ring!  
America, high and fair,  
Mother of heroes rare,  
Our thanks to thee!  
Thanks for each noble son,  
For Weems and Washington,  
And others many-a-one,  
Most grateful we.

Our fathers' God to thee,  
Author of Liberty,  
On thee we wait.  
Here by Thy grace we stand,  
Joined in heart and hand.  
Bless Though our native land—  
Thy own dear State.

Mrs. Flory was then presented with plantings for the graves of the Parson and his wife that would memorialize in greenery and color the significance of a varied life. Members present besides the hostess: Mrs. J. W. Cox, Mrs. R. C. Powell, Mrs. E. H. Marsteller, Mrs. R. Weir, Mrs. C. B. Compton, Mrs. N. Webster, Mrs. J. Y. Buffington,

primrose and ivy, old blue garden "frag," mini "Bible Leaf," Boxwood, Topping all the Stars and Stripes. A talk by Mrs. Flory concerning the old and a little tour of rooms and grounds ended at the tea table in the big central hall, with reluctant good-bys and "A wonderful time. We didn't know we had so much history."

Mrs. Harry Davis, Mrs. G. G. Allen, Mrs. J. Ross, Mrs. T. E. Dillike, Mrs. R. A. Hutchinson, Mrs. Paul Cooksey, Mrs. Victor Haydon, Mrs. V. V. Gillum, Mrs. L. L. Long, Mrs. Fred Hynson, Miss I. Hutchinson. Guests: Mrs. Gilbert Aling of Los Angeles, Mrs. Christiana Bullock, Mrs. G. C. Rogers, Mrs. Schmitz-Mancy.

what is a drug store?

THE DRUG STORE is but one unit in a complex pattern of businesses and professions, all of which serve the needs of the community. But it is unique in that pharmacy is both a business and a profession.

A business built on service to the sick cannot be restricted to usual "business hours." The need for medicine and sickroom supplies is usually immediate and urgent. In times of widespread illness, the twenty-four-hour day seems all too short. We are ready, day or night, to serve the pharmaceutical needs of the community.

### Legion and Legionette Basketball Teams Meet, Plan Season

The American Legion basketball teams held a well-attended meeting October 26 at the Legion Hall. The ladies auxiliary is this year running the girls' team, and Margie Fortuna, chairman of the Auxiliary Athletic Committee, will be the manager. Victor Pisegna will act as coach. The boys' team will be coached by Ralph Hesse and Wallace Lynn. Kite Roseberry, chairman of the Legion Athletic Committee, will manage the team. At a previous meeting, the Athletic Committee decided that admission prices to the games this season would be reduced from 50c to 35c; it was decided also to abandon the sale of season tickets. The Athletic Committee stated that the local Post athletic policy is primarily to provide recreation for the players and the community, and that they felt that expenses could be met even with a reduced admission charge.

# Got any money-making ideas?

**B**EEN THINKING of a new gadget or way to make work easier and life more enjoyable?

Well, go ahead and work it out. Maybe you'll strike it rich with such an idea—if it's really good. And more power to you.

But at the same time—just in case—shouldn't you do this?

Start buying U.S. Savings Bonds—through the Payroll Savings Plan.

They pay you \$4 for every \$3 invested, within ten

short years—and no work, no trouble. The whole thing's completely automatic.

All you do is tell the cashier where you work to tuck away so much money for you each payday. You just keep getting the Bonds—the Bonds keep getting worth more, day by day.

Pretty soon, you're well on the way to financial security. And if, in the meantime, you *should* strike it rich—well, would having some extra money do you any harm?

## Automatic saving is sure saving— U.S. SAVINGS BONDS
