The organization after the calendar quarter in which the certificate is filed would have this protection.
Even if a nonprofit organization meets these conditions, certain kinds of work are excluded from social security, for instance, work done by members of the clergy in the exercise of their ministry, or by members of religious orders in the exercise of the duties by such orders.
The agreements are not necessary for certain other nonprofit organizations whose employees are covered by the social security law if they earn \$50 or more in a calendar quarter. Among these are many agricultural and labor groups and voluntary employees beneficiary organizations, both private and Federal. Building and loan associations, mutual savings and cooperative banks are included, also fraternal beneficiary societies, business and civic leagues, chambers of commerce, real estate boards, and boards of trade, social clubs, civic and recreational associations.
The Alexandria office is located at 815 King Street in the Rully Building, Room 500. Office hours are from 9:00 a. m. to 5:00 p. m. on Monday through Friday.

SOCIAL SECURITY

By RUTH G. DUFFY, Manager
Alexandria Social Security Office
Employees of nonprofit organizations may become entitled to Federal old-age and survivors insurance protection under the 1950 amendments to the Social Security Act. The definition of "nonprofit organizations" for social security purposes is taken from the Federal Income tax laws, which describe one group of such organizations as: "Corporations, and any community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting to influence legislation."
The organization must agree to assume the employer's share of the social security tax on its employees' wages. It does this by filing a certificate of waiver from tax exemption with the Bureau of Internal Revenue. Another condition is that at least two-thirds of the employees of the organization eligible for coverage indicate in writing their desire to participate in social security. If these two conditions are met, those workers who signed would come under social security, but not the employees who did not sign. However, any employees hired by

The Readers' Forum

Dear Editor:
Just a few lines to your paper which we appreciate each week. We know so many people in Prince William that we would like to write but our time is scarce, for we are always busy with our trailer park and our citrus grove.
It is cooler than usual for this time of year in Florida because of the cold waves up North, but the

We have been through one of those "blows" that you read so much about, but it wasn't as severe as the newspaper accounts implied.
There has been no damage to the citrus crop by frost, but vegetables have been frosted in the "muck" lands.
We are having plenty of sunshine and rain and there will be scarcely any rain from now until April. Thousands of boxes of citrus fruits will have to be picked between now and June. Flowers are blooming everywhere.
We get most of the news through the Journal, but are always glad to hear from anyone.
Yours truly,
